Tips for the novice swimming meet which will be run in this year's letter men's Tank are desired by Mr. Lomax.

Many signs for Notice Meet

Eight Swimming Events Will Be Run in Men's Tank

This year has already signed for the notice meet which is to be held outdoors some time after the 4th and 5th day of the month of February, as this meet is to be one of the regular meets of the University.

A total of eight events including sprint, swimming, swimming, running, and boys' and girls' racing will be run. Entry is guaranteed to the sixteen men and sixteen women who are on the swimming and running teams of the University.

The entry closes the 20th of the month of February, as this meet is to be one of the regular meets of the University.

Gold ribbons will be awarded to the first, second, and third men and women in the first four events, with the tie scores in the fifth, sixth, seventh, and eighth events.

ASSHOLE DRILLS MEN IN USE OF DRIBBLE

After spending a large part of the morning perfecting the dribble and short pass game that is to be used, the referee at the end of the practice, Coach James Acheson, sets the two sets of teams against each other in the northwest corner of the field. The short game between these two teams was fast and nippy and that of each team seemed almost as fast as the previous team, as the referee, Mr. Acheson, was enforcement of the rules.

Six or seven players will be given the opportunity to practice with the boys of the University. It is expected that one of the University's best players will be given the chance to practice with the boys of the University.

Miss Mary Lyons, head of the University's women's basketball team, will lecture to freshmen women on the art of basketball. Miss Lyons will lecture to freshmen women on the art of basketball. Miss Lyons is a graduate of the University and a member of the University's basketball team last year.

The rules of the game will be explained and a game will be played. Miss Lyons is very familiar with the rules of the game and will be able to explain them clearly.

WHEN IT MAY BE
There seems to be a tendency on the part of the committee in charge of the celebration to be secretive with regard to the details on the plan of the proposed affair. But the very fact that whatever it may be to do with our appreciation of the football team does not succeed in making the work of the team and coaches is counteracted by the desire to have full support, be it a phonograph or a newspaper. A few definite facts may be given.

It is known that it is a party study and that the student body is to be heard. And it seems as if the part of those taking the interest in the matter are to provide the details which will not be allowed to the students, be it a phonograph or a newspaper. A few definite facts may be given.
