IOWA CITY, IOWA, SUNDAY, DECEMBER 4, 1921

Number 62.

PLANS COMPLETED FOR CELEBRATION

BIG TEN CONFERENCE FORBIDS GAME WITH CALIFORNIA AT TOURNAMENT OF ROSES

(Special to the Iowan)

Chicago, December 3.
The Big Ten Conference ruled that Iowa's playing California at the Tournament of Roses in Pasadena January 3 would be against the Conference rules regarding post season games.

CONFERENCE TRACK MEET HERE JUNE 3

(Special to the Iowan)
The Big Ten Conference outdoor track meet will be held on Iowa Field, June 3. This will be the first time that the Conference meet has ever been held in Iowa City.

IOWA TO PLAY OHIO AND YALE

Indiana and Notre Dame Not on Next Year's Schedule

1922 Football Schedule
October 7—Knox at Iowa City.
October 14—Yale at New Haven.
October 21—Illinois at Urbana.
October 28—Purdue at Iowa City.
November 11—Minnesota at Iowa City.

November 18—Ohio State at Columbus.
November 25—Northwestern at Iowa City.

Ohio State and Yale have been scheduled to meet Iowa's football team in 1922. Ohio State, runner-up in the Conference championship race this year and Conference Champions in 1920, will meet the Hawkeyes November 18, at Columbus, Ohio. Yale, one of the strongest teams in the East this year, is scheduled to play Iowa at New Haven, Conn., October 14.

Indiana and Notre Dame were the only teams to be dropped from next year's schedule. The other five games scheduled at the western conference of coaches and athletic directors yesterday are with Knox, Purdue, Northwestern, Illinois and Minnesota.

Four games will be played at Iowa City. The one with Minnesota or Armistice day will probably be Iowa's Homecoming game. The advantage of an early Homecoming date because of more clement weather was proved by the large crowd which the Illinois game drew this year.

Only seven games were arranged for the 1922 season. It was expected by some that the Conference would permit an eight game schedule. This would have enabled Iowa to meet Wisconsin, Michigan or Chicago, as a number of the Hawkeye followers wished.

Iowa was under contract to meet Purdue and Minnesota at Iowa City next year. The game with Yale was practically agreed upon last year by Coach Jones and his brother "Tad" if a suitable date could be arranged. With the exception of Ohio State and a possible game with Wisconsin or Chicago, the 1922 schedule is the same as was expected.

ENGINEERS PLAN BIG BALL FOR MECCA DAY

"The Mecca Day dance this year will be the best one that the engineers have ever given at the University," said Harold E. Neville S3 of DeWitt recently. The dance will be different from any other University parties, in that it will be a costume ball. No other organization on the campus as large as the A. S. of A. S. has attempted a party such as this one in the last few years.

Plans of the committee at the present time are to make the dance a 1 o'clock affair, as the class parties of the University are.

WINNER OF THE RHODES PRIZE NOT ANNOUNCED

Committee Elects One Man But Does Not Make Choice Public

BOWIE HAS A CHANCE

Election Based on Qualities of the Students Applying

The representative of the state of Iowa to attend Oxford university, England during the next year was selected by the committee yesterday morning. However, due to a special ruling, the announcement of the successful candidate cannot be made until this afternoon.

Thirteen applicants from Iowa colleges and universities appeared before the board yesterday morning in the final selection of the representative from this state. Five of the thirteen men were from the University. These were Robert L. Block A4 of Davenport, Charles C. Bowie '21 of San Benito, now attending Harvard university, Alan C. Rockwood S4 of Iowa City, Chester H. Kirby A4 of Sioux City, and Frank K. Shuttleworth A4 of Sibley.

Four Get Second Hearing
Four of the thirteen candidates were given a second hearing before the committee and of these four, Charles C. Bowie, who came to Iowa City from Harvard university to appear before the committee, was interviewed for fourteen minutes. He was also the last of the four applicants to appear before the committee, and indications are that he was the successful candidate even though definite word could not be obtained to that effect.

The other applicants to receive a second hearing were Cecil H. Mahood of Morningside college, Carl W. Strom of Luther college, and Milton C. Towner of Coe college. These three men were not before the committee as long as Bowie, however.

Varied Questions
The men who appeared before the board were asked a variety of questions dealing with various phases of their interests and activities.

Among the questions asked were in regard to the candidate's attitude toward England, his nationality, church affiliation, and whether or not he smoked or danced.

All of the candidates had their past history thoroughly investigated by the committee, and among the information which each one furnished to the board was his birth certificate, eight recommendations for the appointment, a record of his University grades, and a statement as to his activities in the University.

Financial Stipulation
The Rhodes' scholarship consists of financial aid to the amount of 350 pounds, to be given for three years for study at Oxford university England. Candidates are judged upon their scholastic ability, personality, literary ability, moral character, athletic ability and general leadership in all activities connected with the college or university which they represent.

Two scholarships are awarded in each state every three years which makes the selection of a candidate very hard for the committee.

JESSUP WILL SPEAK TO QUADRANGLE MEN

President Walter A. Jessup will speak this afternoon at 1:30 o'clock in the south tower of the Quadrangle. This is the first of a series of lectures to be given at the Quadrangle as their lyceum course.

WEATHER REPORT

For Iowa—Fair today, with rising temperature in west portion of the state.

ECKERSALL'S ALL-WESTERN ELEVENS

POSITION	FIRST ELEVEN	SECOND ELEVEN	THIRD ELEVEN
RIGHT END	Crisler, Chicago	Swanson, Nebraska	Belding, Iowa
RIGHT TACKLE	Ellis, Detroit	McGuire, Chicago	Brader, Wisconsin

March 11—Illinois at Urbana.

STOVER WINS NOVICE MEET

Dark Horse Springs One of Many Surprises in Contest

Winning a first place in the 20 and 40 yard dashes and the 100 yard swim, Roy L. Stover A2 of Watertown, S. D., upset the dope and captured high individual honors in the novice swimming meet held yesterday in the men's tank.

Irving B. Weber A4 of Iowa City was the second highest point getter, with a total of eight points, won by placing first in the 100 yard back stroke, and second in the 20 yard dash.

John T. Goltman A2 of Clinton was third high man with a total of six points won by placing second in the 40 yard dash and 220 yard swim.

Stover Was Dark Horse

Stover's showing came as somewhat of a surprise as Goltman had been doped to take first in every event he entered. Instead Goltman dropped out of one of the events he had previously entered, and then won only second place in the two remaining events he entered.

The times made in the races yesterday afternoon were, for the most part, average. However, when it is considered that the swimmers competing had never won a first place in any standard meet, their time can be looked upon as creditable.

Bane pulled a surprise in the plunge when he dove the tank in 32.2 on his second attempt.

ECKERSALL PUTS LOCKE, A. DEVINE AND SLATER ON ALL-WESTERN ELEVEN

Iowa and Notre Dame are Only Teams to Have More Than One Player on First Eleven—Notre Dame Has Two

PLACES BELDING OF IOWA ON HIS THIRD TEAM

A. Devine Captains Team—Eckersall Discusses the Difficulties of Selecting Team and Reasons for His Choice

Walter Eckersall, recognized as one of the best sports dopsters in the West, placed three Iowa men, Gordon Locke, Aubrey Devine, and Fred Slater, on his All-Western football team. Iowa leads with three on the first team, with Notre Dame second with two, and no other college has more than one man on it. The same three Iowa men were placed on Eckersall's Big Ten team last week.

By WALTER ECKERSALL
(Copyright: 1921: by The Chicago Tribune)

Although the general impression has existed that the best football players in the middle west are developed at western conference institutions and that Yale, Harvard, Princeton, Pennsylvania, and Cornell produce the more polished warriors in the east, this is by no means the rule, especially this year.

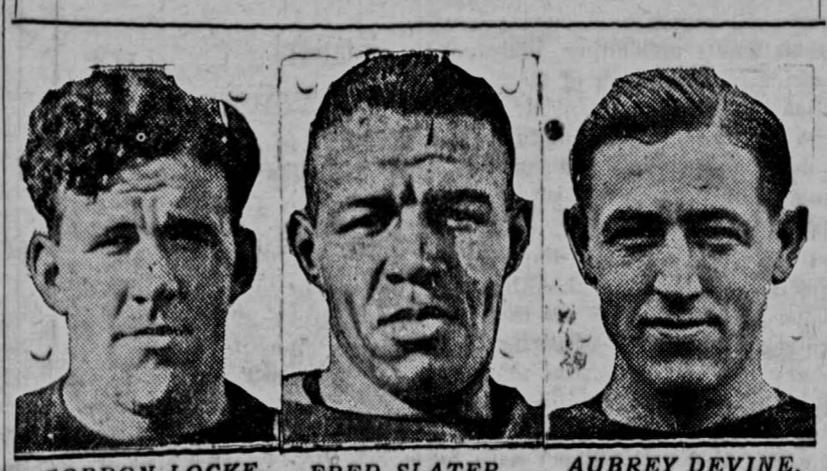

Impressions given gridiron fans of the ability of players on prominent elevens is due to the publicity given such teams. The average football enthusiast seldom has an opportunity to see some of the smaller institutions' elevens in action and for this reason players who possess everything which goes to make great performers quite frequently are overlooked.

No Monopoly of Stars
There were times when players had to be members of the more prominent elevens to gain recognition upon honorary or mythical elevens. Little attention was paid to the game in minor colleges or universities, which were not looked upon as leaders in the gridiron game.

Football has advanced in recent years in such proportions that it is now a common occurrence to have one of the supposedly stronger teams beaten by a minor college eleven. In the old days the hope of the little team was to score upon its opponent. The results of such battles could be foretold, and the

MASS MEETING WILL HONOR IOWA'S HEROES

Nichols, First Football Captain, Will Talk

JONES RETURNS AT 1:20
Music and Halls for the Dances are All Donated

Plans are now practically complete for the big celebration tomorrow afternoon and the armory and the dance halls will be the scene of unbounded, overflowing spirit from the time Coach Howard H. Jones pulls in on the 1:20 car until the dances close at 6 o'clock.

The torch of celebration will be touched off shortly after 1 o'clock, when the crowd gathers at the corner of Clinton and Washington streets, and on Clinton street to the interurban station to await the car carrying Coach Jones at about 1:20. The band will be out on the street and will prove the center of attraction until the car comes.

Mass Meeting at 1:45

The band and the crowd will then go down to the armory, where the mass meeting will begin promptly at 1:45 o'clock, and last until 3 o'clock. At the mass meeting, the main speaker will be Elmer C. Nichols, liberal arts '88 and law '90, of Muscatine, Iowa, who was captain of the University of Iowa's first football team. He will tell the crowd about the style of football that they played when he was an undergraduate as compared to the present day highly developed form of play. He will probably tell the students how the first football team was organized, who it played and what games it lost.

Jones to Speak

Coach Jones will be asked to speak during the mass meeting and the members of the team have been notified that they will be expected to speak, according to John J. Dondore A3 of Iowa City, president of the Howling 300, and in charge of the mass meeting arrangements. The members of the team will be awarded "I" blankets, probably at the close of the meeting.

The chairman of the mass meeting has not been definitely decided upon as yet, according to Dondore, but it may either be a member of the student body or the faculty. The Associated Students of Applied Science will have charge of the decorations and signs at the gymnasium.

Many Dances

Promptly at 3 o'clock the mass meeting will adjourn and the crowd will indulge in pursuing the art of terpsichore which will more than likely resemble the far-famed barn dance, at the dance halls for the rest of the afternoon. The celebration dances will be held in the women's gym, men's gym, Varsity hall and Criterion hall.

The dance at the women's gymnasium will be sponsored by the Y. W. C. A. and Cahill's orchestra will donate the music. The Y. M. C. A. will sponsor the dance at the

ALL IOWA

Tomorrow is the day of our Victory Celebration. It is the day for us to demonstrate our appreciation of a successful season on the football field.

It is a time when committee members will display the proper characteristics of faultless committeemen; the fighting spirit that carried the grid season will pervade the campus atmosphere; students, faculty members, townspeople, and passers-by will lay aside studies and business to measure their loyalty and pride for Old Gold.

Professors will not make long assignments for Tuesday, and students will remind the professor if he seems likely to forget; business houses will close their doors for a few hours in the afternoon; "I" sweaters will be taken from the bottommost tills of trunks; sorority and fraternit

y presidents will remind their members of tomorrow's festivities and the members will remind the presi

dents.

The man with the strongest lungs and the greatest pep will be the most popular; students will dance together in every hall; orchestras will play their hottest tunes; women will lose a part of their prudishness and the men will neglect their dignity; all Iowa will celebrate.

These are the hopes of the Daily Iowan.

FIND YOUR FIELD

Mrs. Maggie Maloney is \$25,000 richer today because of her "Poems in Hash." Mrs. Maloney is credited with the invention of the proper and much-maligned dish, and is on record as having served President McKinley and other notables who were enraptured with her gastronomic feat. So great was her skill in preparing hash for Senator Mark Hanna and Mrs. Hanna that the latter, in her will, remembered Mrs. Maloney to the tune of 25,000 iron men.

The moral of which is not to go out and sling hash to inherit a fortune, but to do something that no one else has thought of doing, or to do something that has been done better than it has ever been done before, even if it be only making hash.

Originality and superior skill are recognized in all fields. Some men make excellent statesmen who would not know how to boil water while others who would not get a look-in on a congressional floor take naturally to cooking dainty morsels that win for them the plaudits of a hungry world. The important thing is to find one's field and to develop it to the utmost.—Daily Ilini.

**SCHROEDER HONORED
AT CHICAGO MEETING
OF ATHLETIC COACHES****Intercollegiate Association Changes
Wrestling Rules**

Earnest G. Schroeder, director of the physical education for men, was elected president of the Western Intercollegiate Gymnastic, Wrestling, and Fencing Association held in Chicago Friday afternoon. F. E. Schletter of Wisconsin was re-elected secretary and treasurer.

It was voted by the association to hold the gymnastic, wrestling and fencing championship at Wisconsin on March 17 and 18.

Change Rules

A change was made in the rules by the association. It was agreed that the championship mat team be determined upon a percentage basis of meets won and lost. A minimum of four and a maximum of six meets was set by the association as the

**NICHOLS COMPARES ANCIENT TO MORE
MODERN WAYS OF PLAYING FOOTBALL**

E. C. Nichols of Muscatine, Iowa, who will feature the program of the big celebration tomorrow, which will be held in honor of the Hawkeyes winning the Big Ten and Western championships, was the captain of Iowa's first football team.

In an interview yesterday Mr. Nichols stated that in the old college days sports were frowned on by the University authorities. They never made any objections to the team going away to play, provided they turned out for dress parade Friday afternoon, and were back for roll call Monday morning, but this rule was strictly enforced and made it possible for only short trips to be taken.

Formerly No Schedules

Iowa men played football years before, but it was not until 1886 that the first University team was organized, and a schedule, even though haphazard, was attempted, Mr. Nichols stated. He was chosen as the first captain on account of his drop kicking ability and piloted the team to victories over Cornell, Grinnell, and the majority of Iowa teams of those days. The team was never defeated during his three years as captain.

Rented Own Field

The players had to pay their own railroad fare, furnish their own equipment, and stand all other expenses in those days, according to Mr. Nichols.

Playing Field

"We also had to rent our own playing field then, and it was generally in some nearby pasture. I remember distinctly the time I went to the athletic board of regents and suggested the purchase of about half of the present Iowa playing field, which then could have been secured for \$600. They turned the proposition down flat but later bought the same site, although all of it cost the University about \$6,000," he said.

Iowa football teams did not boast a coach in the eighties, but the stu

**PHILOMATHENS WIN
FIRST DEBATE FROM
IRVING INSTITUTES**

Philomathean literary society came out victorious by an unanimous decision over the Irving Institute team in the first intersociety debate of the year held before a capacity crowd in Zettagathian hall Friday evening. The Philos upheld the question, "Resolved: That a University cooperative supply house should be established at Iowa." The judges were Professors Herbert F. Goodrich and Edwin W. Patterson of the college of law, and Prof. John E. Briggs of the political science department.

Eligibility Requirements

To be eligible for the champion

ship the wrestler must have taken part in four meets. The rule was changed from a two-out-of-three fall match to a one fall with a time limit of twelve minutes. If the referee is unable to give a decision at the end of the twelve minute period, two three minute periods will be allowed.

A toss of a coin will determine the one that shall go to the mat for the first three minutes, the loser will assume the upper position at the end of the first three minutes. If at the end of the extra time the referee cannot give a decision the bout will be stopped and called a draw, dividing the points equally between the contestants.

Charles Mayer of Ames and Dr. R. G. Clapp of Nebraska were the only representatives of institutions not members of the Big Ten who attended the meeting.

SOCIAL COMMITTEE MEETS

The proposition of holding evening dancing classes from 7 until 9 o'clock on certain mid-week nights for students put forth by Mr. Ryan of Ryan's school of dancing was voted down by the social committee at a special meeting of the committee held in the office of the dean of women at 11 o'clock yesterday morning for the purpose of considering the question.

"The proposal is in direct conflict with the existing social regulations of the university," Dean Wilbur J. Teeters, chairman of the social committee, stated, "and if we let the bars down for one, we would have to let them down for everybody else. If that was done there would no longer be any use of having any regulations prohibiting mid-week dancing." As a result of his proposition being turned down, Mr. Ryan will hold classes from four to six on mid-week afternoons and probably from one till three on Saturday afternoons.

During this meeting the social committee also decided that the provision that fifty cents of the receipts from the sale of each ticket to any of the class parties must be spent on refreshments did not apply to the freshman party, therefore the freshmen will not have to spend one-third of their total receipts on refreshments.

gram put on by either of the societies, but activities of men's literary societies during the last ten years or so have been seemingly lacking in interest for the women.

Will Debate January 13

The Philomathean team, composed of Robert Birchard A2 of Davenport, Clement F. Mullen L2 of Waterloo, and James M. Stewart A2 of Runnels, with Charles Sellers A2 of Columbus Junction, alternate, will deny the same question in a debate with a team representing Zettagathian literary society on January 13. The Zettagathian team will be composed of Leslie P. Towle L1 of Littleport, Kenneth M. Dunlap A3 of Jefferson, and Buel G. Beems A2 of Anamosa.

The members of the Irving team

which was defeated in Friday night's debate were William J. Jackson A3 of Cedar Rapids, Harold D. Read A3 of Des Moines, and Willis Mc-

Martin A2 of Bridgewater, S. D.

Baby Given Away

A real live baby—a baby who grunted contentedly and squealed happily at times; a baby who whimpered, fidgeted, twisted in a series of protestations when its rest was disturbed; a sure nuff' baby—was given away free last night at the Cotillion hall dance. The sweet little thing wiggled and squealed its way into the hearts of everyone at the dance. In its dainty, lacy, ribboned bassinet it did look cute, according to one effusive co-ed present.

Each couple held one vote, the lucky member drawing the baby with its soft white skin, its blinking eyes, and its fascinating gurgle. A big pink bow around its neck added to the general pink and white color scheme carried out in the bassinet equipment.

What was it? A little white baby pig, of course.

Who won it? That's telling.

Iota Xi Epsilon

Iota Xi Epsilon sorority entertained at a dance at the house yesterday afternoon from 4 to 7 o'clock.

ANNOUNCEMENT

On account of the lecture by Professor Altrocchi, Tuesday evening the regular meeting of the Philosophical club will be postponed one week and will meet at the Child Welfare Research station, December 13. Dr. Lawson Lowrey of the University psychopathic hospital will speak on "What is dementia praecox?"

**STAFF AND CIRCLE
APPEALS TO ALUMNI
TO BUY SONG BOOKS**

To increase the sale of University song books so that the amount necessary to secure the copyright for "On Iowa", may be obtained, the members of Staff and Circle are appealing to the alumni of the University. Cards are being sent out which explains the contents of the song book, the desirability of possessing one, and the need for money to carry out the special desire of the students and others interested in the University who wish to have "On Iowa" incorporated in the book.

Communications have been sent only to the members of the classes of 1920 and 1921. Staff and Circle will meet this week to discuss the question of how far they should extend this campaign. It is probable, however, that if a very large sale is not realized from the call already made, inquiries as to desires to obtain books will be sent to some of the older alumni, according to Josephine Thielen A3 of Grundy Center.

**UNIVERSITY SECURES
SPECIMEN OF MAGPIE
CAUGHT IN THIS STATE**

An excellent specimen of the magpie, a large black and white bird similar to a crow or jay, has been received by Prof. Dayton Stoner of the department of zoology. The bird was caught in a trap by Mr. Arthur Coshorn, editor of the Winterset News, near Winterset, in Madison country.

This typically western species has not been recorded from Iowa for many years and the present specimen, which Professor Stoner has prepared for the reserve collection in the University Museum, makes a valuable addition to the study series of bird skins.

**JANUARY 21 SET AS
DEADLINE FOR GROUP
PICTURES IN HAWKEYE**

"Group pictures of the clubs, organizations, sororities, and fraternities of the University may be arranged for now at the three photographers, Townsend's, Newbergs, and Luscombes," said Raymond Peterson A3 of Council Bluffs. "The deadline for group pictures is set for January 21. Appointments for pictures should be made before the Christmas holidays, since the photographers will begin taking pictures immediately after. Make your appointments for settings now and avoid that last rush before the deadline."

All the individual junior pictures are now in and are ready for mounting. These pictures will be mounted soon and sent to the engraver before Christmas. There will be a larger Junior section this year than ever before in the history of the Hawkeye," declared the editor-in-chief.

Lester V. Peterman A4 of Iowa City, who has charge of the track department of the Hawkeye, has started work in securing pictures of the track men of the 1921 season. There will be several pictures of the men in action, and interesting snapshots of the several men of the 1921 track season.

**BAND WILL GIVE A
CONCERT NEXT SUNDAY**

The University band will present the first of a series of winter concerts at 4 o'clock Sunday, December 11, in the natural science auditorium, according to Dr. O. E. Van Doren, director of the band.

"The concert is not going to be held this afternoon," Dr. Van Doren stated, "the rumor that the first concert would be held December 4 was started because somebody saw that I had reserved the natural science auditorium for the 4th, and concluded that the concert would be held on that date." The auditorium will be used for practice this afternoon in preparation for the concert next Sunday.

The first concert will be free to the public, the band desiring to show its appreciation, in this way, of the support it received from the student body and friends of the University in raising the money to send it to Minnesota.

The program for the concert will be announced later, and it is anticipated that the band will live up to the reputation it has established during previous years for rendering classical selections in a masterly way. The winter concerts proved so popular last year that the auditorium was more than filled before the hour appointed and music lovers are cautioned that they will have to be there on time in order to get a good seat, or any seat at all.

**ANNOUNCE THE LEADS FOR
'MUCH ADO ABOUT NOTHING'**

The leads for Shakespeare's "Much Ado About Nothing", which will be produced by the dramatic production class in January, have been chosen by Prof. Edward C. Mabie of the department of speech, who will coach the play.

Henry E. Ruwe A4 of Marathon will take the role of Benedict, with Lucile Everett A4 of Iowa Falls, playing opposite as Beatrice, the niece of Leonato, the governor of Messena. Ray F. Smith A4 of Lakota is cast for Claudio, a young Florentine Lord, who is in love with Hero, the daughter of Leonato, Mary Persis Carney A2 of Greene.

For some of the roles, men who are interested in dramatics in Iowa City will be cast for parts. These are not yet ready for announcement. A few men who were to be cast for parts find that their University work is too heavy to allow them to carry this extra curriculum, so later announcement will be made of the entire cast.

**GLEE CLUB WILL SING
AFTER THE HOLIDAYS**

The annual women's glee club concert will be presented soon after the Christmas vacation, according to Prof. Walter R. Leon, director of the glee club. Members of the club are working hard to prepare a varied program which will appeal to everybody, said Mr. Leon. Some of the numbers will be entirely classical. Other numbers will be of a truly comic nature, involving stunts

that will be introduced in interpreting the humorous aspect of the song.

Some of the songs have been chosen from prominent operas. There are a few operatic numbers that will be worked out by the best talent in the club.

The annual concert has formerly been given in the spring, but the date has been set earlier this year

in the hope that another program can be arranged. "If the mid-year concert proves successful," said Prof. Leon, "the club will begin at once practicing an operetta to be produced in the spring. The members of the women's glee club are very enthusiastic about the prospects of presenting an operetta, as almost every club of this size undertakes a performance of this sort."

Fellow Students:

Our football team deserves our commendation for the work they have done this year.

Therefore, let's make Monday the biggest holiday we have ever had—bigger even than Homecoming. Let's make a noise that will be heard in every school in the Conference.

And then with that same spirit of loyalty to Old Gold—loyalty to the team that represents Old Gold—let's turn out en-masse for the team that meets Illinois in debate, on Friday, December 9th, at 8:00 P. M.

WORK PROGRESSES ON
"IT PAYS TO ADVERTISE"

The lines for the first two acts of "It Pays To Advertise" are already committed, and the work is advancing nicely. The play which is being coached by Marjorie McQuillin A4 of Fort Dodge is to be given by the University students of the Presbyterian church on December 13. Miss McQuillin stated the plan is to repeat the play just before the Christmas holidays for the patients in the tuberculosis hospital at Oakdale.

TRI CITY ALUMNI
WILL CELEBRATE

The Tri city alumni association is to hold a University get-together dinner at the Blackhawk hotel in Davenport on December 6 at 6:30 p.m. to celebrate Iowa's great football victory. President Walter A. Jessup, Coach Howard H. Jones, and Captain Aubrey Devine, Gordon Locke Lester Belding and all the other players that care to go will attend.

James R. Houghton A3 of Davenport of the University quartette will be there to lead the Iowa songs, while John J. Dondore A3 of Iowa City, cheer leader will lead the yell, and a large number of the alumni are expected to be present.

Jessup to Speak

President Jessup will be the main speaker of the evening, followed by Coach Howard H. Jones, Ralph G. Grassfield, director of the Iowa Memorial Union, and the three players, A. Devine, Locke and Belding, who have promised to be there, will give talks and no doubt some of the alumni will express themselves.

FOREIGN STUDENTS FIND THAT THE
UNIVERSITY OF IOWA IS DEMOCRATIC

By VEDASTO J. SAMONTE

"Why did you come to this University?" A curious American student frequently puts up the question to a foreign student classmate of his in a matter-of-fact manner. Of course the foreign student may probably just answer him politely that he likes the University.

But after asking the same question to most of the foreign students of the University, some interesting stories are revealed in their quest of education which finally landed them in Iowa City.

Hindus Hear Strange Tales

Most of them in fact have heard on or two things about the University in their own countries. Not long ago a report in this paper told of a student in India who wrote to the registrar's office expressing his intention of coming to study here, and asking the confirmation of some reports to the effect that people here are starving. This Hindu student just got the wrong University that time, as the University of Iowa has better reports in other parts of the world.

Armenians Held Back

According to J. K. Sarkisian A1 of Kilis, Aleppo, Syria, there were certain American missionaries and teachers in his country who told him to come and complete his education in this country. He, being an Armenian under the control of the Turks, was able only to acquire his education in missionary schools. He followed the suggestion of his American teachers and came to Iowa City. Another student, Liang Y. Ho G of Hankow, China, also came to the University at the suggestion of an American missionary, named O. J. Deems of Ohio.

Ideal for Foreigners

American teachers in the Philippine service and American missionaries, some of whom are from Des Moines, told about the University of Iowa to some of the Filipino students who are now here. There are only two or three foreign students

WRESTLING SQUAD IS
PREPARING FOR FIRST
TRYOUTS OF THE YEAR

The varsity wrestling squad is rapidly rounding into form for the first tryouts to be held after the Christmas vacation. Thirty men are working for places on the team and some lively competition will be shown for the places.

Barnes, Albers and Pfeffer are in the 115 pound class. Barnes and Albers have had one year of training on the squad and Pfeffer was a member of last year's freshman team.

The largest number of entries is in the 125 pound section. Vana with two years of University wrestling is being pushed by McCollister, Warden, Scott, Langland, Weber, and Prince. This makes the second season for Prince and he promises to make a strong bid for a place.

Captain Sweeney who is champion of the western intercollegiate conference is back for his place in the 135 pound class. Other men of this weight are Sheets from last year's freshman team, Trickey and Jacobsen.

In the 145 pound class is Smith, who finishes his three years of competition with this season. Other men out are Marson, Corkle and Wells.

The 155 pound class has Scott, James, and Rute. James is from last year's freshman squad and will be a strong man on the squad.

The two heavy classes have few entries as compared with the lighter weights. Experienced men out are Hunter and Heldt, Belding and Miller.

Coch Howard expresses himself as well pleased with the work so far but regrets the lack of more contenders in the heavier weights. According to Howard the men will be ready for the first meet which will probably be held at the first of the second semester.

Coach Howard reports over 100 freshmen out for work and is finding some very good material. "I enjoy working with the new men," said Coach Howard, "as they do not have a lot of foolish notions as some experienced men have."

If possible arrangements will be made for meets for the freshmen with other institutions. With the material being developed this year the team of next year should be a good one according to Coach Howard.

STUDENTS WIN FREE
TICKETS TO "IT PAYS
TO ADVERTISE" COMEDY

The prize of two complimentary tickets for the best placard to advertise "It Pays to Advertise" was awarded unanimously and jointly to two amateur artists, Winifred E. Dunham A4 of Marshalltown, and Lucia Pratt A4 of Roseville, Ill.

The placards were drawn by members of the class in the psychology of advertising, under the direction of Donald A. Laird. The winners were determined by a vote of the class. They were judged by their attention value, their illustrative value, and their originality. The fact that the placards had to have a dignified tone, appropriate for use in advertising a church benefit was also taken into consideration.

Feature "13" Soap

The winning poster features the pink-castile soap used in the play, with the mysterious number "13" played up as the center of attraction. It contains a minimum of reading matter and what is there is compelling and to the point. The poster is hand-drawn and hand-printed, and if engraved would make a very attractive card, according to Donald A. Laird, instructor of the class.

As it is, however, the printing will have to be set up in ordinary printer's type. This winning poster will be ready for public appearance Saturday, December 3.

Show Originality

Some of the other placards also contained original ideas. Some were based on sheriff sale advertisements, others on the "Over the Hill" ads, which appeared frequently last week. One card was based on the idea that the play "It Pays to Advertise" is a play dealing with the famous "13" soap, "unlucky for dirt" and that the play is to be given in Iowa City on December 13, by 13 University students.

RIFLE TEAM FORMED SOON

Letters Offered to Those Who Show Skill in Shooting

The rifle gallery of the men's gymnasium will be open during certain hours each day from now on for rifle instruction for members of the R. O. T. C. who are interested in making the rifle team this year, according to Lieut. Thomas E. Martin, in charge of the rifle practice.

"An 'I' with the letters 'R.T.' on either side will be awarded to members of the rifle team," said Lieutenant Martin, "under a regulation of the board in control of athletics made several years ago, but only stiff competition right at the start will make a team worthy of winning the letter."

Demoralized by War

The break in the activities of the cadet regiment during and following the S. A. T. C. rather demoralized the rifle shooting interest in the University temporarily, but it is hoped that a team of championship calibre may be developed this year and thus get the sport back on the same basis that it was prior to the time of the S. A. T. C. The University of Iowa team won the western indoor championship in 1911-12 and the national indoor championship in 1917-18, the preceding the S. A. T. C., and in the years intervening the team shot well up among the leaders in the different matches.

Instruction Daily

The hours during which members of the cadet regiment may come down to the men's gymnasium and receive instruction are as follows: Monday, 8 to 9 a. m., 1 to 2 and 3 to 4 p. m.; Tuesday, 8 to 9 a. m., 1 to 2 and 4 to 5 p. m.; Wednesday, 8 to 9 a. m., 1 to 3 and 4 to 5 p. m.; Thursday, 8 to 9 a. m. and 1 to 2 p. m.; Friday, 8 to 12 a. m., 1 to 2 and 4 to 5 p. m.; Saturday 8 to 12 a. m., and 1 to 5 p. m.

All targets above 90 per cent will be used as a basis in forming the rifle team squad and the ten best targets shot during each week will be posted on a bulletin board provided for that purpose.

ADVANCED STUDENTS NOT REQUIRED TO WEAR UNIFORMS

Uniforms may be worn by the advanced course students at lecture classes in military science if the student so desires, but are not required, according to a statement issued by the military department yesterday. They are still required at classes in which any formation is used, that is, any sort of drill instruction given.

"I have noticed in several instances that the students do not seem to understand how to wear the uniform properly," Col. Morton C. Mumma, head of the military department stated. "If the uniform is worn at all, the entire uniform should be worn, and worn correctly. The blouse must be kept buttoned, including the collar, and the wearing of civilian caps, coats or sweaters with the shirt, breeches, and leggings is not authorized. It presents a 'sloppy' appearance and any student from now on who persists in wearing the uniform or parts of it not according to regulation will be corrected and censored if he keeps up the practice."

PLANS COMPLETE FOR BIG CELEBRATION

(Continued From Page 1)

men's gymnasium, the music being furnished by Jonny Wright's orchestra, while Varsity orchestra will furnish the music and A. F. I. will sponsor the dance at Varsity hall, and Eddie Rich's orchestra will furnish the music for the dance at the Criterion, sponsored by Staff and Circle.

Music and Halls Donated

The committee in charge of the arrangements for the dances is composed of Glenn C. Anderson D4 of Iowa City, chairman, Lue Prentiss A4 of Iowa City, and Maude Adams A4 of Des Moines. The committee wishes it to be understood that the music for the different dances is being furnished out of the kindness of the hearts of the four orchestras, likewise the donation of the two downtown halls which are ordinarily used for commercial dance purposes.

The orchestras and managers of the dance halls are to be congratulated on their true loyalty to Old Gold and this fact should be recognized by the student body, especially when there is a tendency occurring to bring in out-of-town dance orchestras for our own dances.

All Co-operate

The spirit of the celebration will

be entered into by the student body as a whole, of that there isn't the slightest doubt. Presidents of the student associations in the professional colleges report that the sentiment expressed is unanimous to the effect that everybody will be there "with bells on".

The dance committee urges that the crowd transient during the latter half of the afternoon and move around from one dance to another as the afternoon wears on. In this way the spirit of the affair will remain alive until the last strain of music dies out, and everybody will be having a change of scenery, meet more people and have a better all-around good time.

Over by 6 O'clock

The celebration for the student body as a whole will be over by 6 o'clock, while members of the football team, coaching staff and the board in control of athletics will adjourn to the President's home, where they will be entertained at a dinner by President and Mrs. Walter A. Jessup, and thus the long-to-be-remembered football season of 1921 will be brought to a close and pass into the land of the "has been."

STOVER WINS THE NOVICE AQUATIC MEET

(Continued From Page 1)

Fancy Diving Good

The fancy diving was closely contested and was well executed. McCullough, as was expected, took first place easily but the other places were hotly contested.

Somewhat of a surprise was registered in the 100 yard breast stroke when E. Fisher outdistanced P. Mills by an arm's length and won first place.

This meet was the first of a series of intermural swimming contests. The next will be the interfraternity meet which will be held next Saturday.

Summary

A summary of the finals in each event follows:

20 yard dash: first, Roy Stover; second, Irving Weber; third, Edward Sheakley; fourth A. M. Kubo. Time 9 1-5 seconds.

40 yard dash: first, Roy Stover, second, John Goltman; third, Irving Weber; fourth, Joseph Barrett. Time 21 1-5 seconds.

100 yard swim: first, Roy Stover; second, Robert Wilton; third, Louis Kramer; fourth, Jerome Ferrell. Time 1:04 2-5.

220 yard swim: first, William Goodell; second, John Goltman; third, S. Marquardt (only three men swam). Time 3:00 2-5.

100 yard breast stroke: first, E. Fisher; second, P. Mills; third, L. D. Eilers; fourth, C. G. Drummond. Time 1:40.

100 yard back stroke: first, I. Weber; second, W. C. Roach; third, Ted Swenson; fourth, N. Ashton. Time 1:27 3-5.

Fancy diving: first, William McCullough; second, Joseph Barrett; third, C. Nelson; fourth, Leonard Trager.

Plunge for distance: first, Loren Bane; second, Warren Hickox; third, Edward Halbach. Time 32 2-5 seconds.
