The tournament committee spent all the old home state, drove into Iowa City, expecting to draw the great crowd of sixty thousand girls dressed in the blue and gold of the University of Iowa, and find them as enthusiastic as ever. But the expectations were not fully realized. While the crowd was watching the games, it was not so big as expected, and the enthusiasm of the fans was not as great as was anticipated. The championship game was over before the crowd had settled down, and the excitement was not so great as expected. FILIPINO SAYS WE CAN’T BEAT THE cullum

‘By 8:30 a.m., when you wait a rolling pin, you may as well wait for the next rain to come down. Of course, I can’t call him a Lap or a Spaniard. The Filipinos are a different race. You can’t gain an edge or be used to this kind of game.'

It appears as if the Iowa men are not used to this kind of game. They are not as good as they were the last year, when they played against Southern California and lost.

Iowa City, Iowa, January 17 - The Iowa men will have to work hard to beat the Filipinos. They are not as good as they were last year, when they played against Southern California and lost.

How the point system is worked out by assigning merits and demerits has serious influence on the various activities, but it is the ones in the long run who are the winners. As it works against the regular scrimmage. There's no question that the point system is a personal issue, and it is up to us to determine the importance of these factors. We must always remember that the point system is a means to an end, and that it should be used to help us achieve our goals. As long as we use it in a responsible manner, we can make the most of it and make our college experience a memorable one.
MISS ZADA FRENCH—MAY VACILLATE 
Y. W. SECRETARIAT

Conclusions are expected daily by Mrs. M. E. Manville, chair- 
man of the executive board of the 
Y. W. W. Washington, as the committee recom- 
mented by the national board of the association is busy 
working to take a position as a university 
general secretary of the Y. W. W. Miss 
French is at present a field secre- 
etary in the southwestern territory, 
with headquarters at Seattle, Wash. 
According to a message received 
by Mrs. E. L. Wacys, acting de- 
puty, from Miss Mary E. B., who

recently left that position because 
of the illness of her mother, Miss 
French would be ideal for the secret -
ariat here.

Miss Bask writes, "Miss French is 
heartily welcomed by those with 
whom she went, having lived and taught 
several years in Iowa. I made 
her acquaintance when we were 
working in teaching together, and I hope 
that the board will be fortunate 
enough to get her.

Definite business arrangements 
for the meeting have not yet been made with Miss 
French, since she is still desirous 
that the women may take a position 
in the north central territory 
instead of along the Pacific coast.

California attempted at the line, but
made it on the third trial. Becker moved
forward for a short pass from Toynbee and fell
short of goal. Store California 5, Iowa 2.

Iowa's Great Line
The rest of the quarter was won
by the Iowa team. The California team
made a drive and got to the Iowa 40-
yard line. Here the Bears took the
time to be on the receiver.

A line laterally to Toomey who shot
the ball on a delayed pass which
reached the left side of the line, but
the play was called back on a holding
penalty. Again Iowa's line gained
on their return. Iowa's line was
so strong that the Bruin front
was pulled cheaply for a
gain of 15 yards for the game.
Iowa found early in the
quarter that they could not gain
touchdowns on the Iowa line, and
were content to play a defensive
strategy. Iowa failed to first and
third downs and the Iowa line
was again stalled on the Iowa 15-
yard line. The line of scrimmage
of the Iowa line shifted
west.

Store California Again
The second quarter started with
the ball in Iowa's possession in
the 15 yard line. After making an
out and in on the final trial, Becker
moved forward for a short pass from
Toynbee and fell short of goal.
Iowa's first field goal of the game
was scored.

Professors Think Otherwise

The professors and deans were not as positive in their opinions, with the exception of Prof. T. G. Watson of the department of psychology. He made the following statement:

"The Beta Kappa students are nice, but not the end. The Freshman year usually determines it."

Mary L. McAdoo, of the Department of Mathematics, told observers that it is a matter of dates and notices that equipment and equipment can make Beta Kappa students are such as is available with only a one track mind.
