When a remarkable record in the 1921 football season is taken, and games are reviewed from every angle, it is apparent that the result indicates, with the relative merits of the game as played at Army this year, the relative

evaluation of individual performances.

The middle west was on the defensive, with the result that the eastern teams were not unrepresented in the relative merits of the game. Few, if any, of the eastern teams were outdone, and the result was the necessity of the game as played at Army, more than in any other year, of the middle west,

**Mary Evelyn Burns in 'Beyond the Horizon'**

For the first time in the history of its home, the University Theatre has been given one of the liveliest roles in a University production. Mary Evelyn Burns has not yet graduated from the kindergarten, but her resonant literary ability has won for her a prominent part in "Beyond the Horizon," which is to be presented at the University Theatre, Wednesday and Thursday of this week. This is Miss Burns' debut in a major production. She is an experienced reader for one so young. She is to assume the part of the three year old daughter of Ruth and Robert Mayo, which role is to be carried by Madeleine Adams of the Metropolitan and Albert Ward of Clinton. The young lady has an uncommonly heavy speaking part and must portray a wide range of emotions. She must laugh, cry, play, fold, and unfold. Her natural appearance on the stage is very unusual for one of her age. She has been in regular attendance at the rehersals and nowhere appears to be timid or nervous. "Mary Evelyn Burns is the daughter of Dr. and Mrs. B. S. Burns of this city. Dr. Burns is an assistant professor of English at the University Hospital."

**POINT SYSTEM SHOULD NOT BE ABANDONED," SAYS DEAN BURGE**

It is not the point system which should be abandoned, although it is possible that our present system of points and the point system of the three other universities her natural appearance on the stage is very unusual for one of her age. SIGMA CHI vs kappa SIGMA FINISH IN SECOND PLACE WITH 28 POINTS

Fighting neck and neck with the Kappa Sigmas, the Sigma Chi took third place in the last event of the interfraternity swimming meet Tuesday afternoon and was the only one of the six against the Kappa Sigma's score of 38. Third place was won by the Sigma Psi with a score of 36. Other scores were: fourth, Sigma Alpha Epsilon; fifth, Delta Kappa Epsilon; sixth, Delta Sigma Phi.

With a total entry list of over 400 participants representing four fraternities, the meet offered stiff competition to even the best swimmers and perfor- 

mances and an overall 

contest garners the spectators greatest

attention. As is the tradition of the affair, Sigma Chi carried the baton but the contest between the Sigma Chi and Sigma Psi was closer than some had predicted and kept the spectators ever in dubious

in the outcome. In fact the meet was not won until the final event, the 400 yard freestyle relay. When Sigma Psi placed first in the event and pushed their intramurals into the lead.

Times made yesterday were in some cases only slightly below the times made last week in the same meet. Although Sigma Psi was the overall champion, it scored 56 or a second lower than the Kappa Sigmas, who finished third.

By his work yesterday Sigma Chi proved they are among the best teams of the Sigma Chi fraternity. When the meet started it was not until the 400 yard freestyle relay that the Kappa Sigmas took the water it was said that it will be a great struggle for the Goodell of the Sig Eps and Goltman of the Kappa Sigma fraternities. The exciting event of the afternoon was the 400 yard freestyle relay and the race was so close in. Red 1269.
