PROSPECTS FOR RIFLE TEAM ARE BRIGHTEST AS MORE COME OUT

Of the new boys who are coming out, several are expected to do well.

With interest steadily on the increase in Captain Roswell's gymnasyium for the varsity rifle team, prospects for a first rate team are brighter than in the K. O. C. T. S. and K. O. T. S. This is due to the number of sharpshooters among the students, who are not only excellent shots, but also men of character.

A large array of shooting equipment has been furnished the team, and the gunning room of the new building will be available to practice with the winter upon us.

Several Men Good at Shooting

The men who have been shooting consistently and showing steady improvement are Charles E. But- ler of Lake Preston, B. D. Pike of Sioux Falls, R. E. Parker of Sioux City, Dwy and Bill of Minneapolis, R. E. White of Yankton, B. D. Furr of Sioux Falls, Robert Chappell of Sioux Falls, George J.
