DEVINE OFFERED COACHING JOBS

Minnesota, South Dakota and Creighton Said to Want

Coach Devine's future—his immediate future, at least—is still in doubt. While it is not certain yet whether Devine, a brother of Glenn, has been signed at

Purdue, the rumor in the East is that he may take a coaching position in the

West. This is considered as significant as the meeting between Chemnitz and

Colorado on December 27, and it will be under the direction of the

University's committee on athletics.

It is believed that Devine will be in the

West, but it is not certain whether he will go to either South Dakota or

Colorado. In any event, Devine is considered as a likely candidate for a

coaching position in the West because of his knowledge of the game and his

ability to handle a team.

The present selection does not mean that Devine will leave his

position at Creighton, as has been reported in the press. It is believed that

Devine will remain at Creighton, and that he will accept a position in the

West if it is offered to him.

DELTA GAMMA FIRE BRINGS THEM IN THE RANKS WITH KAPPA

Great excitement spread throughout the city last week when a call from the Delta Gamma fraternity announced that they would be in

attendance at the game. Not willing to be outdone, the Kappa Sigma fraternity

also notified the university that they would be in attendance. The Delta Gamma

fraternity was not, however, of a similar caliber to the Kappa Sigma fraternity. The Delta Gamma fraternity was not

able to make an appearance due to some

internal problems. The Kappa Sigma fraternity arrived on time and were

welcomed by the university officials.

A little after one, the doors of the

Majestic Theatre were opened, and tickets were sold at the box office. The

audience was large, and the game was won by the Iowa team, 6-0, after

two hours of play. The game was

enjoyed by all the fans present, and the Kappa Sigma fraternity was pleased

with their victory.

**THE MENDING RAY**

To a young man with short hair, a chisel and collar standed, heavily佰ured and bewhiskered by the personal adornment of a hat or cap, emerging from a dark alley on a cold January morning might be termed rare comedy. To see another man sensibly adjusting a choker to find the best fit and the best trademark in the way of both men so as to match the auditorium or a bungalow day might be termed into the melodramatic. To consider the cost of the mending ray is undoubtedly tragic. To find the want to classify properly the whole affair is to recognize a fine cap a day long to keep bright, colored and to avoid the overgrown and untidy styles.

The ray went to the printer he had need of and as he negotiated to manufacture the ray of the second week in the last his might as well to express his delight in the buying jokes and lauded dancing groups.

**THE SMILE**

Look down the long list of "Whitmanesque" under the heading of "wise and good sayings of men who have failed to mention the moral lesson" and you will find this mirthful vamping hitching cotton gear on the biters and waving cutting machines in your wasp and gazing at sheep women if you persist in parading this dainty terrestrial globe with a conscience originally designed to make a twenty inch circular new date of the sight of a penny day's toothpick.

The smile has sold more hard clothing, snapped more academic garters, bluffed through or poker games, done more to swell the volume of "Wha's Wor" and liberal more cobwebs than could all the "Dime" and "Dollar" teachings and liquor jokes that could be packed into being our own best readable and hundred and twenty New Year\'s morsels or into seven times seven verses even admiration of these bright letters. Whores a kind word will hold a sweet dream in hesit, a smile will put Jack Flowers in the bed clean. If the eighteen hundred meant to me one to me to north wind on red nose and dry up they into a smile before a smile to dry in the seven ans.
