Wisconsin Has Experienced Team Which Will Be Strong Opponent

PLATY SATURDAY
First Conference Game of the Season Will Be Held in New Armory

When Wisconsin and Iowa step up to play the first conference game in Iowa history tonight, it will be interesting upon a season of training which has been anything but easy. After big ten teams, will probably have to engage with the boys from the north, when all the games have been played.

Wisconsin is reputed to have one of the strongest teams in the country. They have a strong line, made up of 22 lettermen and, besides having the necessary experience, will have the added incentive of having to make a trip to face any. Considerable doubt is cast upon the outcome of this game, and it seems probable that Wisconsin will probably have the best of the play. The game will give the opportunity to watch the teams with the West, and the outcome will decide the championship.

Even of the Iowa players worketh upon the strength of their armory. We will win by a score of 10 to 0. No team has been more accustomed to the work and the nature of the conditions of a very low armory.
