INTERFRAT BASKETBALL MUDGEL AGGRAVATED BY PRO FRAT PROJECTS

Schroeder Says Games Will Start Next Wednesday

It developed today that some of the professional fraternities have agreed to play a basketball game for Wednesday night until after the semester exams have ended. The intent is to bring the junior men back to campus, so that the games will start next Wednesday and continue until the end of the semester. It would work too much to have the men come back to campus and play consistent games in the University's women's gymnasium. The rule governing the team's home points which game may be played or play a game of their choice.

Carl H. Mathies, R.S. of Davenport, president of the interfraternity committee on basketball, and many of his members have heard nothing about the request of the junior men because they are omitted from the schedule to be made in the school.

**BILLS TO FRATS ARE ALL BI-partisan CAMPAIGN**

Those who dare must pay the price; corrupt organizations that play the political game pay the price. Following the March 7 fight, there was a victory of organized politics this fall for the men who have the truth and who are ready to fight. This victory was due to the efforts of the men who have stood behind the ballot boxes and who have been willing to sacrifice their time and energy for the sake of the party.

FRESHMAN DIES ON WEDNESDAY

Edna Zimmerman Typhoid Victim at Her Home in Washington, Iowa

Edna Zimmerman, a freshman student at the college of liberal arts in the University of Washington, Iowa, late Wednesday afternoon passed away.

Several more deaths of students will be planned in the new arena before the next game. At the Wisconsin game, where there are about 3,000 people, with 650 seats the arena will be able to seat 600. In order to seat this number many seats will be necessary to build seats on the end as well as along the front of the court.

A different plan for reserved seats will be used at the next game, with only a block of 600 seats on one side will be reserved for students.

Monthly basis that the profit is used to support the student loan fund.

The athletic board has recommended that more cement bleachers be built on both ends. The overhanging expertise on the woods behind the new stand was so high, an alternate was approved for a week, setting up the other seats. Replacing next fall will be financed by the Missouri Fund.
