INTERFRAT BASKETBALL MUDDLE AGGRAVATED BY PROFRAT EXAMS

Schroeder Says Games Will Start Next Wednesday as Scheduled

It developed today that some of the professional fraternities have asked that their games be postponed until after the semester exams are over. As the schedule now stands, the games will start next Monday and according to these fraternities, it would work too much hardship on them to prepare for exams and play consistent games in the tournament. The rules governing the series state that games may be postponed for reasons effecting places of play or some important University function.

Carl H. Matthey M2 of Davenport, chairman of the interfraternity committee on basketball, said yesterday afternoon that as yet he had heard nothing about the requests of the professional fraternities to postpone their first games, and so could not state whether or not any changes would be made in the schedule on that account.

Schedule to Go On

E. G. Schroeder, director of physical education for men, said that as far as he knew the tournament would continue according to the present schedule and that if any changes in dates becomenecessary at a later time they will be made then and not now.

"No Antagonism"—Egan

Frederick E. Egan L3 of Missouri Valley, a member of Kappa Sigma and president of pan-Hellenic, stated the views of the council in regard to the schedule yesterday afternoon, when he said,

"The members of the pan-Hellenic council desire only the best feeling between fraternities at Iowa. At no time have we taken an antagonistic attitude toward the interfraternity conference, because we ourselves are members of the conference. We do desire, however, that the members of the pan-Hellenic be allowed to play off our own tournament as we have done for many years. The scheme as proposed by pan-Hellenic whereby such an arrangement could be made, was fostered with the two-fold idea of com-

FIRST WOMEN'S SING IS MONDAY

Staff and Circle Backs It; Jenkins to Lead Songs

Plans have been made for the first all-University women's sing and pep meeting to be held next Wednesday evening from 7 to 8 o'clock in the women's gymnasium, according to members of Staff and Circle, which is in charge.

A program consisting of chorus singing and of short pep speeches will feature the meeting. Mr. Walter R. Jenkins, who according to Dean Adelaide Burge, is a distinguished community song leader, will direct the singing. Mr. Jenkins lives in Portland, Oregon, but is at Cedar Rapids this month where he is song leader for George Wood Anderson. He will come to Iowa City for the meeting Monday night.

The meeting is the first of a series which is to be held to bring the women of the various colleges and departments of the University into closer union.

"We want every girl in the University to take part in the meeting Monday night," declared Helen Hayes A4 of Iowa City of the committee in charge, "for we feel that it is the best chance that we have had to get together by classes to meet each other and to have a good time."

All sorority meetings will be dismissed Monday evening so that every woman on the campus will be able to attend the pep meeting. All faculty women and wives of members of the faculty are also invited to attend the meeting, according to Miss Hayes.

THE ARGUED POINTS

The inter-fraternity basketball situation to date is briefly as follows:

1. According to pan-Hellenic members, there was originally an agreement that they were to be allowed to compose one division of the interfraternity tournament if it could possibly be arranged. This agreement was made with the committee of the interfraternity conference in charge of basketball.

2. The interfraternity committee says that there was such a tentative agreement, and that the committee did consider the question of pan-Hellenic composing one division, but had deemed it inadvisable to have such an arrangement. For that reason, the schedule was planned so that pan-Hellenic teams are to play in all three divisions instead of having a separate tournament of their own.

3. There have arisen various conflicts as to dates when several games among professional fraternities shall be played, and it may be necessary to revise the schedule to overcome these difficulties.

4. Pan-Hellenic is now asking the committee, if the schedule is revised to prevent the conflict in dates of the games of the professional fraternities, that the new schedule be arranged to allow pan-Hellenic to form one division of the tournament.

5. According to E. G. Schroeder, director of physical education for men, the tournament will continue in accordance with the present schedule, and if any changes become necessary, they will be made later in the series.

GOODRICH AND HORACK DELEGATES TO BIG LAW ASSOCIATION CONFERENCE

Prof. Herbert F. Goodrich, acting dean of the college of law, and Prof. H. C. Horack have been selected as delegates and Prof. Percy Bordwell has been named as an alternate to the conference of Bar Association delegates at Washington, D. C. on Thursday and Friday, February 23 and 24, to consider problems with respect to legal education and admission to the bar.

Elihu Root is chairman of the committee on the conference and Chief Justice Taft and Secretary Hughes will each preside at a session of the conference.

EXAM SCHEDULE OUT NEXT WEEK

Dorcas Has Date List, But Changes Delay Its Publication

The completed schedule of the dates for examination week will be given out and published early next week, according to H. C. Dorcas, the University registrar. A tentative schedule was completed and passed by the action of the faculty at a meeting Wednesday evening.

"We have the schedule for the final examinations nearly completed," said Mr. Dorcas yesterday, "but slight changes must be made in it before it can be officially published. We are going to combine several classes in English and probably a few more classes before the examination schedule is really completed."

According to Mr. Dorcas, examinations will begin on Friday, January 20, instead of January 23, as was originally planned. Although a few of the instructors have already announced the dates of the examinations in their courses, the new schedule will in all probability change these.

FOUR ADVANCED SPEECH PUPILS GIVE PROGRAM

Miss Alma G. Madden, instructor in the department of speech, presented four of her pupils in advanced public speaking in a public recital last night at 8 p. m. in the Little Theater in the elementary school building. Lennadore S. Berg A2 of Webster City assisted the readers with musical selections.

The following program was given: "Mio Carlotta" and "Guiseppe, the Barber," Helen Langworthy A4 of Messena; "Michael Strogoff, Courier to the Czar," Leona I. White A3 of Council Bluffs; the vocal solo "The Roses Cup," Miss Berg; "A Chip Off the Old Block," Maurine Wallace A4 of Des Moines; vocal solo, "Would You Forget Me?" Miss Berg; "The Rural Telephone," Malvina Kenna A4 of Cedar Rapids; "The Minute Dance," Miss Langworthy.

SENIORS HOP MARCH THIRD

Shimek's Committee List Awaits Dean Rienow's Approval

Wishing to get the plans for his class party off to a flying start, Frank J. Shimek A4 of Iowa City, president of the senior class, yesterday presented his tentative party chairman and committee to Dean Rienow for approval and announced Friday, March 3, as the date for the Senior Hop.

As soon as the committee is approved a meeting will be called and the various sub-committees named in order that they may get to work early and thus round out complete plans for the holding of the last big social event of the senior's college life.

The party will in accordance with custom, be held in the men's gymnasium and will be formal. The price of the party will be the same as for the Sophomore Cotillion, namely \$2.50, and the ticket sale will be limited. The definite limit has not yet been fixed but President Shimek announces that it will be low enough to insure freedom from crowding.

OLD SNAP OF FACULTY SHOWS 43; 600 NOW

Last Sunday's Register contained a photograph of Iowa's faculty in 1896, composed of forty men and two women, besides Jimmy Barry, "former terror of the kids," and caretaker of Iowa field. The faculty today contains about 600 members. Professors Nutting, Shambaugh, Shimek, and Wilson appear in the old cut.

"V. V.'S EYES" WAS WRITTEN FOR THIS MEDIC; IT STANDS FOR VICE VERSA, AND THAT'S CULBERTSON THROUGH AND THROUGH

The old expression, "His heart's in the right place, but the wrong side", is literally true in the case of one of our medical students, Robert A. Culbertson M2 of Chariton. He's a good-hearted young fellow, but he's just not there.

Dr. McClintock placed a stethoscope to Culbertson's left side the other day, and not hearing a single flutter, ran around behind him to see what was holding him up.

"Fall over, you're dead!" the junior dean's expression read.

"If at first you don't succeed, try try again," Culbertson reminded the doctor. And just as if New York were at the Golden Gate, and San

SECOND ALL-UNIVERSITY DANCE COMES AFTER EXAMS

The second of the all-University dances may be held at the close of examination week, according to Edmund J. Harrington D4 of Sioux City, chairman of the student council committee for the all-University dances. Up to this time the committee has been unable to secure an orchestra, but plans are being made to hold one every week after the next dance.

A. DEVINE TO COACH AT IOWA

All-American Quarterback to Handle Frosh Gridmen

At a meeting of the athletic board this week, Aubrey Devine was elected to the coaching staff of the University, assuming the title of freshman football coach and assistant basketball coach. The board made the appointment after the report that Devine had received offers from several other schools and universities.

Aubrey will assume his duties on the staff the first of July and will be in Iowa City for the summer session as an assistant to coaches Jones and Ashmore. He will still continue his studies in the law college next year, coaching after class hours.

Coaches Kelley and Jenkins were elected for next year as assistant coaches on the condition that they wish to remain on the staff.

Devine refused to talk on the subject of his election to the coaching staff, but did state that he had not answered any of the letters received from other universities in regard to coaching.

Next Loan Fund Dance, with Better Floor and Music, to Be Well Attended, Say All

Sentiment on the campus has changed regarding the student loan fund dances as evidenced by the remarks of the first seven students questioned upon the matter who were chosen by the reporter because they looked as if they might indulge in the terpsichorean art once in awhile.

"I think it is a good enterprise," said Eloise Smith A4 of Sioux Rapids. "However, I would prefer dancing upon another floor than in the armory. As the armory is not to be used again for these dances, there is no cause left for complaint, of course."

Good Orchestra, Good Dance

Arnold J. Hand A3 of Lyons, was the next student tackled, said "surely I think the dance should be a success. 'If a good orchestra is hired, I see no reason why the student loan fund dance should not compete with Varsity on a more than an even basis.'"

Old Dogs Won't Learn

Vivian Conrad A1 of Burlington declared the older students are victims of habit. In fact she rather intimated the veteran devotees of the dance are not quite up to attending

FROSH FROGS DIVE SATURDAY AGAINST VARSITY VETERANS

Freshmen and varsity swimming candidates will clash in an intersquad swimming meet in the men's pool Saturday afternoon. It will be the first meet of its kind for the University swimmers and is expected to bring forth some keen competition. The affair is scheduled to start at 2 o'clock.

The regular schedule of standard swimming events will be run through. This will take in the fancy dives, plunge, relay, 220 yard swim, 100 yard swim 40 yard dash, 200 yard breast stroke, and 150 yard back stroke.

Tryouts for the personnel of both the varsity and freshman teams were held Wednesday and Thursday; consequently only the final races will be run in all events Saturday afternoon.

MADAME STEINDLER WILL TAKE EXAMS WITH REST

Madame Steindler, mother of Dr. Arthur Steindler, is the oldest student at the University. She is seventy-five years old, and is specializing in French. Madame Steindler will take the coming examinations with the rest in her class.

Next Loan Fund Dance, with Better Floor and Music, to Be Well Attended, Say All

a new dance. "It will be the young students that take up such a movement," she remarked. "They have the needed enthusiasm."

Women Must Use Influence

"Student Council dances can only be a success when the women of the University prevail upon their escorts of the evening to patronize the dance," declared Harold Ofelt L2 of Burlington. "Only in this way can the prevailing sentiment against these dances be eliminated, as some women seem to have the idea that Student Council dances aren't quite the thing. 'I shall certainly support it.'"

Opal Stevenson A3 of Shannon City was rather diffident about having her opinion printed. However, she expressed her interest in the project. "It should be attended in preference to the other public dances, as it is strictly a student affair and can be worked up into a popular as well as a worthy cause."

Men Will, If Women Go

"The fellows are interested in supporting the dance if the women are willing to go," said Elliot Davis A3 of Marion. "There is no reason why it should be considered any different than any other uptown dance except

(Continued on Page 5)

FOUR MEDICS ARE HONORED

Alpha Omega Alpha Elects L. Block, Weidlein, King and Collins

Alpha Omega Alpha, honorary medical fraternity, elected four members of the senior class to membership at their meeting recently. The men elected are Lawrence A. Block of Davenport, Ivan F. Weidlein of Wellman, John J. Collins of Williamsburg and Harold G. King of Boise, Idaho.

Alpha Omega Alpha to the medical student corresponds to Phi Beta Kappa for the liberal arts student, but the method of election of members is different. Members of Alpha Omega Alpha are elected by the entire senior class after the faculty has given its choice of men, rating them on a scholastic basis. In this manner the men with the highest grades do not make the fraternity by means of their grades alone, but by election of the members of the class. But one-fifth of the members of the class are elected, part being elected during their junior year and the remainder of the one-fifth of the class during their senior year.

SCALPERS MISS BIG CHANCE IN SOLDIERS' HOP

Tickets Sold Days Ahead; Onlookers to Gaze at Lucky 400

OFFICERS WEAR KHAKI

Elaborate Decorations and Ten-Piece Orchestra Feature Ball

The highest bid during the last few days for a ticket for the "best decorated party of the year" has been ten dollars, according to Lovell Jahnke S4 of Muscatine, chairman of the Military Ball committee. Members of the committee have been offered all the way from six dollars to ten dollars, but have "stood pat" and refused to sell tickets to anybody for any price.

It is estimated that considerably over fifty couples have been disappointed because the stags refused to heed the warnings of the committee and buy their tickets early.

Huge Flag Covers Ceiling

The committee will make good on its boast early in December that the party would be the best in decorations, and when the final festoon is in place, no suggestion of the men's gymnasium will remain. Nearly three-fourths of a mile of bunting has been used in the decorations, and it took three machine operations two days to sew the immense American flag, 66x112 feet in size, which covers the entire ceiling.

Brass Programs a Novelty

The brass programs, which were manufactured in Pittsburgh, Pa., have met with universal approval on the part of the patrons of the ball and it is believed that the other features of the party will meet with unanimous approval.

The checking room for the women will be placed on the second floor in the small gymnasium room adjacent to the swimming pool. The one for the men will be in the main locker

(Continued on page 5)

QUINTET TREKS NORTH TONIGHT

Gophers May Provide First Conference Win; Varsity Scores in Practice

Preparing for the first conference basketball game away from home, the varsity went through its final hard practice last night. A period of drill on offense was followed by a ten minute scrimmage in which the varsity made several baskets. The defense of the first string was not quite as good as it has been, for the scrubs scored one field basket and had opportunities to score others.

Nine men will make the trip to Minneapolis with Coach James Ashmore and Dr. Walter Fieseler. They are: Lohman, Devine, McGovney, Barton, Burgitt, Frohwein, Shimek, Hicks, and Voltmer. These men will leave tonight at 7:55 p. m., and will arrive in Minneapolis tomorrow. The game will probably start at 8 p. m.

Gophers Trimmed the Purple

Minnesota startled the conference last week by beating Northwestern by a comfortable margin, showing that Coach Cook has developed some new men to take the place of those lost last year. Only two men of last year's five are playing this year. Kearny, running guard on last year's team, is captain of the 1922 team, while Hulkrantz, who played center last year, is playing forward. He was one of the stars of their victory over Northwestern, since he made four or five baskets.

Iowa Doped to Win

Iowa should win from Minnesota despite the fact that the game is being played on their floor, but the game should be a close one. Results of the game will be received at the Iowan office and posted on Whetstone's window.

STAYING BY THE SHIP

"Well, only a couple weeks more and I say goodbye to the old campus." This expression is one that is apt to float about the University at this time and may indicate a variety of reasons. It may mean that the student is "flunking out", that sickness has interfered with his plans, that Cupid has warred against the University enrollment, or that the student just plainly feels that he has had enough. But, perhaps, the most vital factor that is going to swell the sale of one-way tickets for home is of pecuniary nature. The root of all evils, that hard, cold, dirty thing called money, seems to be disposed to throw its sabot into the gears of educational institutions.

There is no question but that economic conditions of today are not the best; it is only natural that many students feel themselves forced to remain out of college next semester—which too often means that it is hard to find the way back to the campus again—because they do not have the money to support them for the rest of the academic year. In addition to the fact that there are always students "financially low" who are earning their way through college, the only argument to meet that of the dollar sign is that the chances for obtaining remunerative occupation by quitting the classroom are poor to a degree that corresponds to the lamentable lack of funds. The student, therefore, who is tempted to leave college at the close of the current semester, will do well to speculate on the possibility of profitable employment at a time when every position supports a waiting line of the unemployed. Idleness is a very undesirable thing for a college man, whereas, in most cases, by stripping and stretching, the leather of his pocketbook may be made to reach over the four and a half months that will complete his college year.

DEVINE AS COACH

With the announcement that Aubrey Devine has been selected as freshman football coach comes the thought to many of the students that he was not given a very important position by the athletic board of the University. That he has received offers from other colleges and universities which would place him in a more responsible position and probably pay him more is a known fact, and his acceptance of a position which will not give him a chance to work with the varsity and help turn out men like himself has caused considerable campus talk.

Both the board in control of athletics and Aubrey himself are wise in arranging the proposition as it is. Although he is a wonderful player, he is inexperienced as a coach, and taking charge of the freshmen will give him a chance to learn to handle men and to gain confidence in himself. Then, too, freshmen who are well versed in fundamental football and acquainted with what they will face from the varsity coach are much easier to handle during their varsity days. Devine, in his new position, should be an invaluable aid to Coach Howard Jones besides fitting himself to be a more efficient varsity coach.

That Aubrey will "deliver" next fall is unquestioned, and that he has the best wishes for success as a coach from the football loving people of the Middle West, is undeniable.

CHEAPER BOOKS

That the faculty has authorized the appointment of a committee to investigate the feasibility of establishing a University bookstore to be conducted entirely by the University is a happy announcement. It

recognizes a need, one that means dollars and service to the none too "flush" student.

Students have long complained of the high and often unreasonable cost of books under the present system; accommodation and service have frequently been discussed. This committee will be doing a valuable service to the students if it learns the true status of affairs and succeeds in instigating action that will accord with conditions as they are found to exist.

CONTRIBUTORS COLUMN

To the Editor: With the coming of the new year everyone hoped that there would come a big reduction in prices. In a great many cases the student has no control over the things it has to pay for. A few things that one buys in Iowa City are controlled by some of the students. One of these is the price of dances that are being promoted for the benefit of students in need of money.

The group of students promoting the dance last Saturday night set a good example by reducing the price to \$1, but now the student council takes a hand in the matter and decides that it is necessary to charge more than that for the admission to the Loan fund dance.

It may turn out to be a success but at the same time it appears to be a trend in the wrong direction, and one that might bear considerable consideration before it is carried too far. A trend in the wrong direction.

B. J. M.

NEXT WAR WILL KILL MEN BY WHOLESALE, DECLARES WILL IRWIN

Although Will Irwin, who will deliver the University lecture here Wednesday evening, January 18, is known as "The ace of correspondents," he still calls himself a reporter. He recently wrote, "Take it on the word of a reporter who saw the war from soup to nuts."

The subject of Irwin's lecture is not known. It is not the policy of the lecture committee this year to restrict the lectures by subjects, according to Prof. Benjamin F. Shambaugh, head of the political science department and chairman of the committee. Mr. Irwin has been lecturing recently on "The Next War," which is his hobby at the present time.

He does not believe the world can stand another war. "We killed by retail in the last one,—the next we will kill by the wholesale," he says. His new book, "The Next War," was declared by Dr. Frank Crane in the Chicago Daily News to be the greatest book in the country, and Dr. Crane urged that it be placed in every school, church and home in America.

Irwin's newspaper training began twenty years ago when he was a cub reporter on the San Francisco "Chronicle". Later he was a feature writer on the New York "Sun", then became managing editor of McClure's and afterwards was feature writer for "Colliers" and the "Saturday Evening Post" and special correspondent during the war. He is said to be one of the best equipped men for the study and observation of the big problems of today.

IS SMOKING DYING OUT? PROFS OFFEND MOST; COB PIPES "GAS" UNDERGRADS

Though signs prohibit, "no smoking" is NOT done in our buildings of the University. The janitors of the various buildings confess that many surreptitious "butts" are found in odd nooks and corners of the halls of learning. These consist mainly of "snipes", though occasionally a lordly cigar end reposes behind a statue of Demosthenes with its humbler kinsmen (including its cousins, the pepsin quids).

The good old Horseshoe or Star cud has almost gone out, while Copenhagen "snob" is entirely passe among our University-bred men.

The worst offenders of the anti-nicotine regulations, declares Colonel Ed Hebl (who commands a regiment of undergraduate hallroom boys in the liberal arts building), are the faculty members. Once they get their feet well planted on their office desks and the old Jimmy corn-cobs drawing well, they puff out more noxious fumes than a squadron of Boche flame-fingers.

BILLS TO FRATS ARE AFTERMATH OF BIG POLITICAL CAMPAIGN

Those who dance must pay the piper; campus organizations that play the political game pay the "machine". Following the sweeping victory of organized politics this fall, the expenses of printing varicolored handbills that littered the walks and halls as well as for other incidentals weighed heavily on the ringleaders. A system, rivaling in efficiency the election methods of the "machine" is in progress for collecting from the dozen or more fraternities and sororities their allotment for the campaign expenses.

Regular bills have been sent out to the members of the involved organizations in varying amounts. Rumors state that the number of candidates rather than the number of successful candidates control the division of expense, which in some cases exceed the month's dues of members of the fraternity.

The political machine carried fifteen out of the sixteen offices for which it promoted candidates in the regular election of officers of the classes in the college of liberal arts last fall. An unusual profusion of handbills marked the campaign.

A little civil war was staged in the streets of Iowa City and about the campus the night before the election, and many posters and bills were torn down by the rival factions.

W. A. A. PLANS VAUDEVILLE; TRYOUTS ARE NEXT WEEK

"W. A. A. is making plans for the best vaudeville they have ever presented," declared Pauline Spencer A3 of Des Moines, president of the organization, yesterday. Last year's vaudeville was a great success, but lots of life, color, music and dancing will make this year's even better. Every member will be used in some part of the production. Tryouts for stunts will be held in the mirror room of the women's gymnasium on Wednesday and Friday at 5 o'clock.

Audrey Koiner A4 of Pasadena, Cal., is chairman of the entertainment committee; Lorna Ludwick A4 of Belleville, Kan., of publicity; Francis Hungerford A4 of Iowa City is ticket manager, and Helen Hayes A4 of Iowa City is costumes manager. Ruth Wilson A4 of Seymour and Gladys Taggart A3 of Spencer will have charge of the stage management.

GLEE CLUB SINGS AT SHARON MASONIC TEMPLE

The men's glee club sang at the Masonic temple at Sharon Center last night. Fourteen men took the trip, the same who made the tour

at Christmas. Prof. Walter Leon went with them as accompanist.

The remuneration for last night's concert was fifteen dollars in addition to transportation expenses. All concerts will be given on practically the same basis and the proceeds used for organization expenses.

Y. W. C. A. GROUPS DISCUSS CAMPUS PROBLEMS; LAST MEETING IS NEXT WEEK

The point system is to be the subject of the next discussion to be carried on by the eight active discussion groups of the Y. W. C. A. These groups are made up of girls who are interested in discussing the different systems and government on the campus. The groups were organized in November; and with the discussion for next week the series will end.

In discussing the point system the various opinions of the girls will be expressed. The point system was first introduced here at the University of Iowa to aid in the division of honors so that all of the activities on the campus will not be run by a "chosen few". When one girl is given too many outside activities and has to carry her regular schedule of school work, she is apt to overdo and to break down physically. The groups will discuss whether or not the point system really affects these two evils.

At the last meetings the student government and the honor system were discussed. Questions were raised as to our present system and

as to how much more power might be given advisedly to the student government. One of the groups decided that more government would be a good thing.

After each of the groups has met a notation is made of their "findings", and filed in the office of the Y. W. C. A.

SIMPSON TO HEAR MERRY

Prof. Glenn N. Merry, head of the department of speech, will lecture at Simpson college, Indianola, Iowa, on January 17. He will talk in the interest of graduate study at Simpson on the subject of "Speech, its science and art."

Vespers Speaker to Address Women Voters Sunday Evening

Jane Adams of Hull House, famous social worker, will be here Sunday, January 15 to give the address at the vesper services at 4 p. m. in the natural science auditorium. She will also speak before the League of Women Voters at 7:30 p. m. in the Commercial club rooms. In the afternoon her subject will be "Europe in 1921", and in the evening it will be "The opportunities and duties of the woman voter."

For more than twenty years Miss Adams has been prominent in social welfare work and political reform. After establishing Hull House in 1889 she spent years doing settlement work in the vicinity. She has been president of the National conference of social workers, and chairmen of the women's peace party and of the national committee of women for permanent peace. In 1919 she was chairman of the international congress of women. She took prominent part in the formation of the national Progressive party in 1912.

Miss Adams is an author and lecturer on social and political reform. She has published a long list of articles and books of this nature. Her executive ability, pleasing personality and common sense along with her interest in practical good have been the great factors contributing to her success.

ANSLEY EDITS "NEW STATE"

Former English Department Head
Now Located at Lincoln, Nebraska

Clark F. Ansley, head of the department of English at this University from 1899 until 1917, has lately taken a position as editor of The New State, an independent political paper published at Lincoln, Nebraska.

Mr. Ansley is well known, especially in Nebraska university circles. He graduated from the University of Nebraska in 1890. He was connected for a time with the Lincoln Herald under the management of J. D. Calhoun. He then studied abroad and returned as instructor in English literature at Nebraska university. He later became professor of English and remained in this position until 1899, when he came to Iowa. Since leaving the University, he has been living on a farm in Michigan.

The University of Nebraska conferred upon Mr. Ansley in 1917 the degree of doctor of letters.

ANNOUNCEMENTS

Xi Psi Phi fraternity will give a Ogle's orchestra will play. dancing party at the chapter house Saturday evening, January 14. Dr. and Mrs. J. V. Blackman and Dr. and Mrs. E. Thoen will chaperon. Johnnie Wright's orchestra will play.

Visits Medical Faculty

Dr. Murphy, head of the department of anatomy of the State College at Ames visited the faculty of the college of medicine Thursday, January 12.

Josephine Daus A3 of Aitkin and Dolores Cusack A4 of Iowa City, members of the Kappa Omega sorority, are in Chicago attending the convention of the L'alliance Francaise. Miss Daus, president of Le Circle Francais, is the representative from that organization to the national convention.

The faculty in the department of

speech will entertain those who are majoring in the department at tea Sunday afternoon after vesper services, at the home of Prof. Glen N. Merry.

Omega Beta Pi announce the pledging of James Cooney A1 of Parnell and Norman Ross A1 of Orange City.

FOUR LITERARY SOCIETIES GIVE PROGRAMS

Hesperia and Erodolphian literary societies gave programs Tuesday evening, Hamlin-Garland gave theirs last evening and Irving Institute will give a debate this evening. Erodolphian gave a program on Scotland. It consisted of Scotch dances by Geneva B. Pillars A3 of Iowa City; Highland Fling by Harriet J. Gregg A3 of Marshalltown; music by Rosamond Von Shrader A3 of Maquoketa; Scotch poetry by Louise Bowe A3 of Bronson and Scotch ballads by Dorothy A. Shove A3 of Marshalltown.

Hesperia's program consisted of a one act play given by Helen Langworthy A4 of Massena, solo by Winson K. Cray A3 of Grundy Center, folk dancing by Gladys Taggart A3 of Spencer and Almeda E. Cutting A3 of Decorah, reading by Eloise B. Smith A4 of Fairfield and a piano solo by Melba Carpenter A2 of Iowa City.

The program given by Hamlin-Garland was composed of a flute solo by Gladys L. Watkins A2 of Woodbine; "Life of Arnold Bennett" by Helen L. Nelson A2 of Cherokee; reading by Helen M. Douglass A3 of West Branch and review of "Old Wives' Tale" by Lois R. Beemer A4 of Marengo.

The question for the Irving Institute will be Resolved, that France should be permitted to retain the land forces she proposed at the Washington Conference.

DATES FOR LITERARY SOCIETY PREFERRED PARTIES ARE NAMED

The rushing season for women's literary societies begins January 30 and lasts until 6 o'clock February 13. During this period each society will have programs open to all women interested in literary activity.

According to a ruling of the Forensic League, made up of representatives from the women's literary societies on the campus, each society is allowed one rushing party to be held on a preferred date. These dates as drawn by the forensic delegates are: January 31, Hamlin Garland; February 1, Erodolphian; February 2, Athena; February 7, Hesperian; February 8, Octave Thanet; February 9, Whitby.

The bids will be sent out on February 13 at 6 p. m. enclosing the societies official ribbons. The colors of the respective societies are: Athens, green and white; Erodolphian, pink and green; Hamlin Garland, maize and brown; Hesperia, wine and corn; Octave Thanet, lavender and white; Whitby, yellow and white.

TRACKMEN MAY TOUR SOUTH NEXT SPRING; TO MEET VANDERBILT

The athletic board is planning a trip south for the track team during the spring vacation. On this trip Iowa will meet Vanderbilt university of Nashville, the last year southern champions and University of the South, which was the runner up for the southern championship. Coach Bresnahan is at present negotiating with the coaches of the two universities as to further particulars regarding the meets.

BOYS AT PERKIN'S HOSPITAL ARE QUARANTINED FOR POX

The quarantine for chickenpox which was put on the boys' ward of the Children's Hospital over a month ago has not yet been lifted, according to Supt. J. A. Lomas of the University hospital. Nearly all of the thirty boys in the ward have now had the chicken pox, and only a few are sick at present.

YEAR AT GIRL'S PREP SCHOOL RIPENS WOMEN TO ENTER UNIVERSITY

Did you ever stop to wonder why so many University girls have attended a girl's school before coming here? In recent years a "fad" has come in for girls to spend a year or more in some girl's school before entering college. Perhaps this is due in part to the fact that on the average girls are graduating from high school much younger than they used to, and for this reason like to have a taste of life at a girl's boarding school prior to entering a big university.

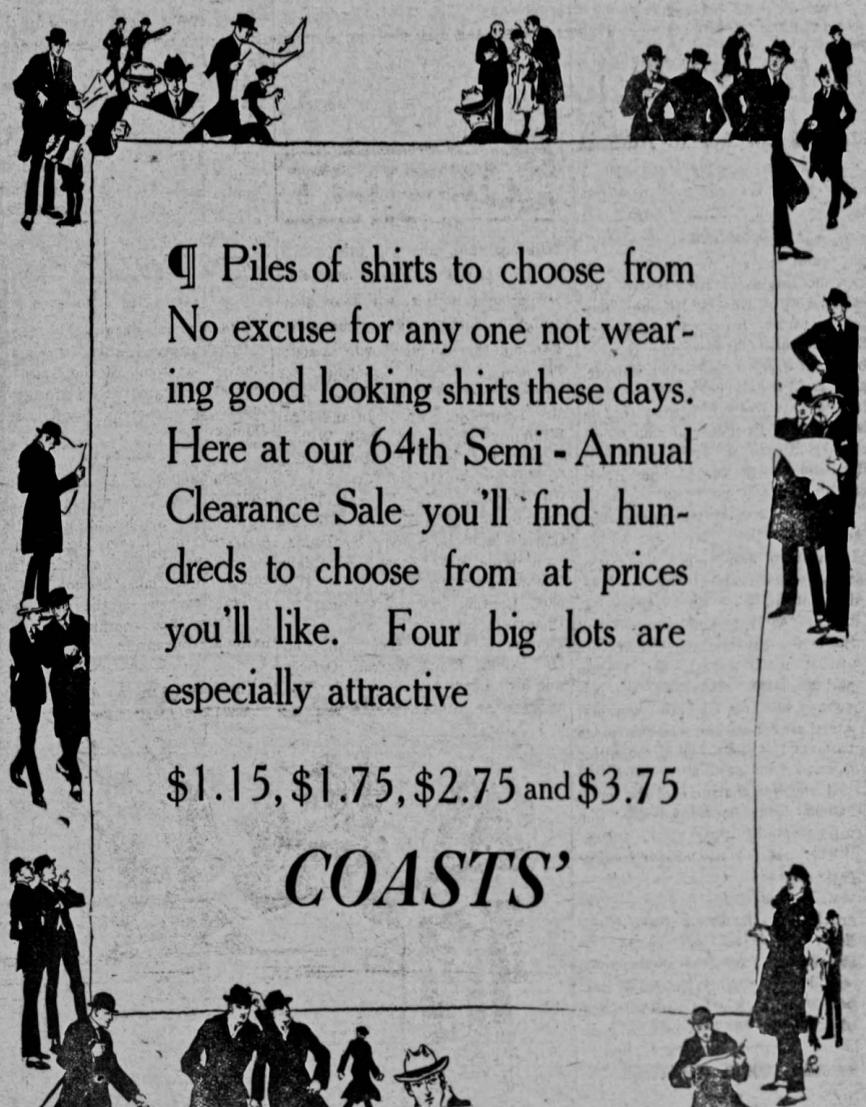

Many girls perhaps simply out of curiosity want to try to verify the statements they have read of the life in a girl's boarding school. The thought of a year or two away from home, often far away in a different climate and where the dialect is different, appeals to many girls. It seems strange, perhaps, that girls should choose to acquire some of the southern or eastern "culture" of a girl's finishing school before starting their careers in universities or colleges.

Many of these "cultured" women entered the University this fall, coming from Randolph-Macon, National Park seminary, Ward-Belmont and Ferry Hall.

Whatever may be the motive, the fact remains that the popular thing for Iowa young women these days is to acquire this "culture" before entering the University.

EXAMS DELAY PLAY

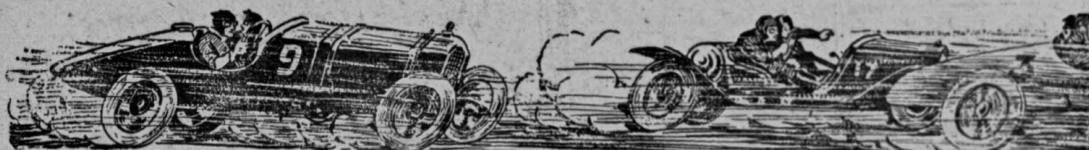

"It Pays to Advertise," the play that was given by the University students of the Presbyterian church on December 13 and was to have been given at Oakdale, Wednesday night, has been postponed until after the semester examinations.

FRESHMAN DIES ON WEDNESDAY

Edna Timmerman Typhoid Victim at Her Home in Washington, Iowa

Edna Timmerman, a freshman student in the college of liberal arts, died at the home of her parents in Washington, Iowa, late Wednesday evening of typhoid fever. She has been ill since December 21, when she was taken ill suddenly at the home of Mrs. Caleb Lemley, 328 South Capitol street, where she had been rooming. She was taken immediately to her home in Washington, and although her illness has been at all times serious, it was expected as late as Wednesday morning that she would recover soon.

Miss Timmerman was pledged to Kappa Omega sorority on the day she was taken ill.

UNIVERSITY ORATORICAL DRAWS 2 CANDIDATES; MANY MORE EXPECTED

Only two persons have handed in their names as candidates for the Iowa debating team to be sent to the Northern Oratorical League contest, but about fifteen or sixteen are intending to do so, according to Prof. Glenn N. Merry, head of the department of speech.

A preliminary contest and the University Oratorical contest will be held during the week of February 10 to 17. The winner of the University oratorical and the Jessup prize of \$25 will as in past years represent Iowa in the N. O. L. contest, which will be held May 5 at the University of Illinois.

The Universities now included in the league are Minnesota, Michigan, Northwestern, Illinois, Wisconsin and Iowa. Oberlin college, which has been in the league for twenty years, withdrew last year. Two applications for places in the league are Ohio and Indiana.

NEXT LOAN FUND DANCE TO BE BETTER ATTENDED

that the profit is used for the student loan fund.

Clifford H. Anderson A2 of West Branch emphatically said he was in sympathy with the student fund dances. "I shall attend always," he declared.

Party on Par With Others The Student Council committee report that they are doing everything in their power to make the dance as attractive as the other popular dances. An uptown hall has been hired and they are expecting to secure the best orchestra available. In order to do this it would be impossible to put on the dance for one dollar. The hall will probably not accommodate more than eighty couples and at the former price they would just break even. By raising the admission charge to \$1.25, there will be a small profit. After the project is well under way, the committee will endeavor to charge one dollar and still make a profit, which will go entirely to benefit needy undergraduates who would have to leave the University without this aid.

MORE SEATS ARE PLANNED IN NEW ARMORY; ONE SIDE ONLY IS TO BE RESERVED

Several more tiers of seats will be placed in the new armory before the next game. At the Wisconsin contest Saturday every seat was taken. The crowd at the Wisconsin game numbered 3800 people. With the new seats the armory will be able to seat 5500. In order to seat this number it will be necessary to build seats on the end as well as along the sides of the court.

A different plan for reserved seats will be used at the next games, as only a block of 700 seats on one side will be reserved after this.

The athletic board has recommended that more cement bleachers be built on Iowa field. The overhead expense on the wooden bleachers used for the Homecoming game was very high, as several men were employed for a week setting up the circus seats. Homecoming next fall will be featured by the Minnesota game.

SCALPERS MISS BIG CHANCE IN SOLDIER HOP

room on the ground floor in the rear of the armory.

Gallery Gods Are Critics Arrangements are being made in anticipation of a capacity crowd of "gallery gods" who will want to get the dope on whether tuxedos or regulation full dress suits will be in the majority, and others who will try to discover how many of last year's party dresses have been made over for the occasion. Probably everybody will watch with interest how many come on the floor with uniforms and Sam Brownes. It is interesting to note here that all members of the Officers' club which is sponsoring the ball, have voted to come in the service uniform.

A program of fifteen dances has been prepared by Mr. Guy Ogle of Iowa City who heads the Varsity ten-piece orchestra which will play for the occasion.

The couples attending the ball will enter the doors on the east side of the armory, which are near the checkrooms, and the south entrance will be used only for spectators looking on from the balcony.

MACLEAN IN "TIMES"

Former University President Is Photographed At London Ball.

A photograph of former president George Edwin MacLean appeared in the rotogravure section of the New York Times for January 8. The group in which Dr. MacLean appeared was composed of Lady Astor and American Oxford students at a ball in Pall Mall, London.

RIENOW URGES STUDENTS TO BACK THE LOAN FUND

Dean Robert E. Rienow enthusiastically supports the student loan fund. "It is most worthy, necessary and urgent. It is particularly urgent right now, because if we do not get some money in the fund immediately, before the end of the semester, we are going to lose students. The students should do something definite about it. They could

do nothing better than get busy and take every opportunity to support it."

IOWA MEDICAL COLLEGE NAMED AMONG BEST 15

Selected as District Seat of National Board of Examiners

Iowa City has been designated the seat of one of the districts of the National Board of Medical Examiners. There are fifteen districts, with headquarters located at the leading medical colleges in the United States. Dr. Walter L. Bierring of Des Moines, father of Florence Bierring A4, is chief examiner for the district of Iowa City.

The men selected for the council for the Iowa City district are as follows: Dr. John T. McClintock, physiology; Dr. E. W. Rockwood, physiological chemistry; Dr. O. H. Plant, materia medica and pharmacology; Dr. E. M. Medlar, general pathology and bacteriology; Dr. C. P. Howard, Iowa City, and Dr. Leroy Crummer, University of Nebraska medical college, medicine; Dr. C. J. Rowan and Dr. Oliver J. Fay, surgery; Dr. L. W. Dean, eye, ear, nose and throat; Dr. F. H. Falls, Iowa City, and Dr. Palmer Findley, Omaha, obstetrics and gynecology; Dr. D. M. Griswold, public health; and Dr. H. J. Prentiss, chief associate examiner.

Board Examines Doctors

The National Board of Medical Examiners was organized in 1915 by Dr. W. L. Rodman, then president of the American Medical association. It began operation in 1916 with the purpose of establishing in this country a standard qualifying examination which could be safely accepted by all state boards of medical licensure as an adequate qualification for the practice of medicine.

Board Replaces State Examiners

During the past five years the board has made such progress that it is now quite generally recognized not only throughout this country, but also in Europe. At the present time its certificate is accepted by the United States army, navy, and public health services, as a qualification for admission to the medical corps of each of these services, the state boards of medical examiners of twenty states are accepting its findings in lieu of their own examinations and the conjoint examining board of Scotland admits licentiates of the National Board to their final or clinical examinations. In eleven other states the Board's certificate will be accepted as soon as certain legal technicalities can be removed.

BOYNTON WORKING UP NEW FORM OF STUDENT COUNCIL

Plans for a new form of student council are under way and are rapidly being developed, according to Douglas F. Boynton A4 of Cedar Rapids, the head of the movement. The new council will be an association of the students for the purpose of better carrying on the affairs that concern the undergraduates.

This idea is not a new or novel one, for it has been tried with encouraging success at several other colleges and universities. Whether the plans for the new student council will follow precisely those of the other universities is not known, for the program is not to be definitely announced until the whole of the movement is completed.

The plan now under construction will be a form of student council that will be broad enough to give some satisfactory basis for a better student organization.

CLARENCE GREEN IS KILLED

Dr. Clarence E. Green, who graduated from the college of dentistry in 1919, was instantly killed by an accidental discharge of his shotgun happened near Rock Valley, Ia., on December 26, 1921.

Dr. Green lived at Doon, Iowa, for one year and then located at Rock Valley.

FRAT BASKETBALL TANGLE AGGRAVATED

(Continued from page 1)

peting in the interfraternity conference series and at the same time of maintaining the pan-Hellenic tournament besides."

Charlton is Silent

Clyde B. Charlton L2 of Rolfe, when questioned yesterday about the basketball situation, said that he had nothing to give out for publication.

Edmund J. Harrington D4 of Sioux City, member of Psi Omega and president of the interfraternity conference declared that the request of

the pan-Hellenic to be allowed to compose one of the divisions in the tournament was a matter for the basketball committee alone to decide. The next meeting of the conference would be the first of next week, he said, probably Tuesday.

No Separation was Made

Matthey said that early in the year, when the committee had talked with pan-Hellenic representatives about the matter of a separate tournament, the agreement which was reached was that the committee would arrange the schedule as the council desired, if possible and if they thought it advisable. However, the committee had considered the question and had decided that better feeling among all fraternities would be maintained if the pan-Hellenics were not made a separate section in the tournament. For that reason the schedule was made out as announced.

The members of the interfraternity basketball committee who made the arrangements for the tournament are Matthey, Phi Kappa Psi, chairman; Robert L. Hunter A4 of Mapleton, Phi Kappa Sigma; Robert L. Block L1 of Davenport, Sigma Nu; and Mr. Schroeder.
