PHILOS WINE WADE PRIZE

Defeat Zeugitahas in the Chicago Tournament

The Wade prize of $250 which was won by the University of Chicago, was in large measure owed to the men's hockey team which had a long string of victories during the winter. The team played with a spirit and determination that was creditable to all of them.

The game, which was played in the Chicago tournament, was very close and required great skill on the part of both teams. It was a thrilling game, and the outcome was decided by two goals in the last period.

Women Must Buy "Hot Dogs," Say Local Vendors

Only six or eight students have been interested in the University's hospital for the past year. Probably that is why the women's hospital must be prepared to pay some additional expenses.

The hospital is located on the campus, and its opening was marked by the installation of several new medical staff members.

The hospital's opening was attended by a large number of students, who were eager to see what kind of care their peers would receive.

PUBLISHER
This is a letter from the student loan fund to the dean of women in the form of advice on how to improve financial aid to students. The letter suggests creating a rummage sale to dispose of unwanted items and using the proceeds to fund scholarships. The dean of women is advised to consider the intrinsic value of the items being sold and to ensure that the sale is advertised effectively. The letter also mentions the desirability of being prepared and organized in handling financial aid transactions.

HIGH SCHOOL CARNIVAL WILL BE HELD FEBRUARY 23

St. Cloud May Be In Before February 16, Boys Director Jones

The department of athletics of the University is on the alert for the arrival of the groups of the Iowa High School Athletic Associations which are scheduled to participate in the Annual Relay Carnival to be held in the new armory, February 25, 26, 27, at 7:00 p.m.

Plan Seven Events The events to be staged are classified as special events and a relay relay race. Under the classification of special events will be the following: 10-yard dash, 20-yard dash, 40-yard dash, 100-yard dash, 200-yard dash, running broad jump. Four combinations will form a medley relay team. The first combination race 2 laps (100-meter), second combination race 1 lap (100-meter), third combination race three laps (300-meter), and the fourth combination race 4 laps (400-meter).

Have Six-Y. Straightaway The dirt track is the same size, 1 1/2 miles in length, and the dirt track is straightaway. The long jump and broad jump will be ruled under outdoor conditions similar to those of indoor meets.

Gold, silver, and bronze medals will be awarded the winners of the first three places in the special events. Three sets of these similar medals will be given as prizes to the members of the teams winning first, second, and third places in the relay relay race.

The eligibility rules of the Iowa High School Athletic Association will govern the carnival. The respective eligibility forms may be obtained from Mr. G. E. Marshall, sectarian, of the church, and in receiving prior to February 14.

AFFER THE MOVIES

When you see some of these scenes where the tables are loaded and folks are enjoying their eating and drinking together and the girl by the side leads over and nudges your arm and nips—just make up your mind, young man, that she is thinking of

WHET'S and anxiously waiting for the show to close. The Bola and The Coldie and everything that Whet serves is the most appropriate way to complete the date with the young lady and make a good impression. If you do not finish up here the Young Lady will think you don't care.

PUBLIC HEALTH NURSE
RENTS FROM THE EXTENSION DIVISION

Lola G. Yerkes, public health nurse in the extensive divisions of the University of Iowa, has resigned her position to take up extensive work with the Michigan Agricultural College. Her new headquarters will be in Detroit.

Miss Yerkes has been engaged in follow-up work all over the state, in connection with former patients at the Children's Hospital of the University who were located under the provisions of the Perkins law. She has visited those children in their homes to determine whether or not their cases were progressing satisfactorily after they were discharged from the hospital.
