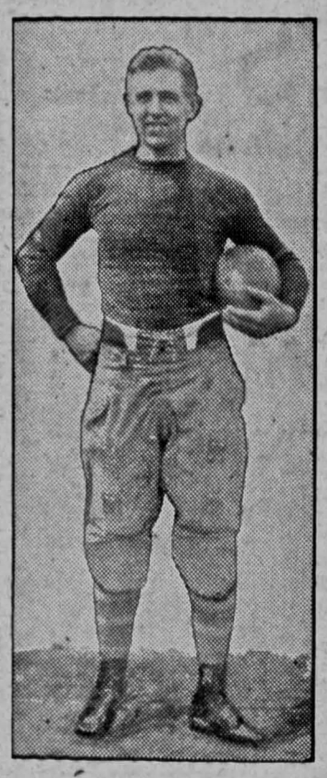
ALL-AMERICAN BACK WHO ASSERTS HE HAS NEVER RECEIVED PAY



AUBREY DEVINE

TO MEET WEST VIRGINIA FEB. 8

First Intersectional Match Is With Undefeated Southern Wrestlers

For the first time in the history of the University, eastern and western wrestling teams will clash in the University gymnasium, when the grapplers from the University of West Virginia meet the local matmen Wednesday night.

Negotiations have been carried on in regard to this match for several weeks, but it was not until late last night that the meeting was made certain by an acceptance of the match by the visitors. West Virginia wrestlers are making a tour through the middle west, and so far have been successful in their matches. They are said to have a very capable team, and are sure to give the Iowa men a tough time.

STATE SWIMMING MEET TO BE HELD APRIL 27

At a special business meeting held Thursday the Seals Club fixed the date for the State Swimming Meet as April 27, providing that replies to the invitations now being sent out indicate that this date is generally favorable to the participants.

"We really have very little definite information concerning schools likely to be interested, and would appreciate being told of potential entrants before our invitation list is completed," said Miss Gladys Taggert, member of the Seals.

The rules governing the meet this year will be the same as last year, according to Miss Helen Hayes, president of the club. Each school or college will be allowed only four contestants and each person will be allowed to enter only four events

Plunges and Diving in H. S. Events

The high school events will be as follows: 20 yard side stroke, 20 yard breast stroke, 20 yard dash, plunge for distance, and plain and fancy diving.

The college events will be a 40 yard side stroke, 20 yard breast stroke, 40 yard dash, 100 yard race, plain and fancy diving, and a 20 yard race under water.

Cups and Medals Given

To the high school and college winning the most points in the contest a silver loving cup will be given. Individual participants winning first place in the college events will be given silver medals, and those winning in the high school events will receive bronze medals.

At this meeting the Seal club pins, bronze barpins with raised Seal emblems in the center, were chosen and ordered.

BOSSEN HEADS HOP COMMITTEE

President Shimek Selects All Men to Arrange March 3 Party

Andrew W. Bossen of Battle Creek was named chairman of the Senior Hop committee, when the list of approved committeemen was returned last last night from Dean Rienow's office.

The other members, all men, who were named by the senior president Frank Shimek of Iowa City, are as follows: Marcel L. Holm of Alton, college of dentistry; Joseph Cooper of Marshalltown, college of law; Robert Hunter of Mapleton, college of liberal arts; Alfred Synhorst of Pella, college of medicine; Lloyd Knolk of Cedar Rapids, college of applied science; Hubert L. Barnes of Rolfe, college of liberal arts; and Alois J. Weber of Keokuk college of liberal arts. Chairman Bossen is of the liberal arts college.

President Shimek said last night, "I tried to use fairness in selecting the committee, and I believe I have picked representative men from each college. All the senior presidents have approved my action, as the requirement of choosing one senior from each college has been lived up to."

The committee will meet for the first time tomorrow to make its plans for the Senior Hop, which is to occur March 3 at the men's gymnasium.

WISCONSIN RIFLE MATCH DELAYED

Iowa Marksmen Are Hitting the Target in Great Form This Week

Negotiations have been under way for a rifle match with Wisconsin this weekend, but a definite acceptance of the Iowa conditions has not been received from Wisconsin yet.

It is hoped that Wisconsin will accept, as the Iowa team has literally been running away from itself in practice this week and a score several points better than the score shot against Kansas Aggies is anticipated if word is received in time to shoot the match tomorrow. The team has commenced shooting its targets for the Seventh Corps Area match, which will be completed by the end of the month.

FRENCH STUDENTS TO STAGE MOLIERE DRAMA IN MARCH

Students of French in the University will present one of Moliere's dramas as a commemoration of the three-hundredth anniversiary of this great French playwright. The performance will be given in the University theater the latter part of March and will be coached by Miss Olive K. Martin, instructor of Romance languages.

Universities and colleges throughout the country are paying special attention to the anniversary of this noted Frenchman. Jean Baptiste Poquelin, later called Moliere, was born in Paris in 1622. After a period of study and travel he began writing plays, which he directed and in which he took the leading roles. His success soon became permanent, and today he is recognized as one of the leading dramatists of the seventeenth century.

Tryouts for the play were held Tuesday. The following students appeared: Kathleen E. Hagler A3 of Des Moines, Lois L. McAdow A2 of Webster City, Josephine M. Daus A3 of Aitkin, Minn., Dorothy M. Blackman A2 of Davenport, Margaret M. Wagner A2 of Alton, Elmer L. Andermann A4 of Aurora, and Clide E. Aldrich A4 of Corning.

Another tryout will take place today from 4 to 5:30 in the liberal arts drawing room.

CAPTAIN OF 1922 ELEVEN, ACCUSED IN HERALD STORY

GORDON LOCKE

BOARD ISSUES $100,000 BONDS

Iowa Field to be Built Up; U-Shaped Stadium is Plan

Bonds to the ampunt of $100,000 have been issued by the board in control of athletics for the first time in the history of the University. The money realized will be used in making permanent improvements on Iowa field. The bonds are ten-year six per cents. Each member of the board has subscribed for a bond ranging from $100 to $1000.

If the present plans are carried out steel bleachers twenty rows high will be constructed back of the present west bleachers this summer. The addition will increase the seating capacity by eight thousand. If necessary, a similar set of bleachers can be constructed on the east side. The final step will be the circling of the south end of the field with new stands.

Tracks May Be Moved

In order to make these improvements several changes will be necessary, the interurban tracks will have to be moved twenty feet east of their present position and the rest of the large trees behind the west bleachers will have to be cut down.

Stadium to be U-Shaped

From time to time the athletic boards has constructed additional bleachers on Iowa field which have been wholly inadequate to accommodate those desiring to attend such athletic contests and events that are held. Therefore, the board has deemed it advisable to make permanent improvents in the line of seats. The circus seats used for the Notre Dame and Illinois games were expensive and uncomfortable. The board has deemed it advisable and expedient to immediately improve Iowa field by completing the "U" which is to be the shape of the field when it is finished.

SILVER STAR MEN JOIN NATIONAL ASSOCIATION

The Silver Star club of the University became affiliated with the national organization of the Disabled American Veterans of the World War by adopting a resolution to that effect at their regular meeting last night. The club will adopt its charter in its next meeting, February 15. All vocational students of the University and Iowa City are eligible to join this new organization, which will be called the Old Gold chapter.

DEAN BURGE STILL ILL

Dean Adelaide L .Burge, who has been ill for several days, is still unable to attend her duties During her absence the office has been in charge of Violet Blakely, social assistant.

DEVINE AND LOCKE, ACCUSED OF PROFESSIONALISM, DENY CHARGE

CITY FILLED WITH FLURRY OF COMMENT

"Disqualification of Players Must Follow if Story is Proved"—Jessup

GLENN BACKS BROTHER

All Agree in Condemning Yellow Journalistic Type of Story

Many and varied were the opinions expressed by students, members of the athletic board, coaches, and even the indicted men themselves over the professionalism charges made against Gordon Locke and Aubrey Devine in yesterday's Chicago Herald and Examiner. Some of the more violently inclined were almost in favor of lynching the author of the stories, while some of the calmer-minded refused to take the report as true and final because there were no facts given to prove the charges.

President Walter A. Jessup took a few minutes from his busy day to tell a reporter that if the charge was sustained "the rules should be enforced and the men disqualified."

Locke Amateur Says Mayor

Mayor Ingalls Swisher, '12, '14L, declared to a reporter that he believed that the present cloud on amateur athletics would soon blow over. "I was in Kanawha last summer and saw Locke play baseball," he said, "and I had a talk with the manager of the Kanawha team. He told me that Gordon had never received a cent of money for playing ball."

One of the other men around the mayor's office was outspoken in his condemnation of a law that would not let college men play baseball in the summer time. "Why, it's the national game," he said, "and any law that won't let them play is as bad as and will be broken as often as the prohibition law."

Kuever Condemns the Newspaper

Prof. R. E. Kuever, secretary of the athletic board, said that the board believed Locke and Devine and that no action would be taken unless proof was presented that these men were guilty as charged. He said, "If yellow newspapers wish to ruin amateur athletics, they

(Continued on Page 2)

CLOUDY, GROUNDHOG HID YESTERDAY MORNING; BUT HE SHUFFLED OUT AT NOON

A student from the west side informs us that he passes by a woodchuck's den near the interurban cut every day. Yesterday morning there were no signs of activity about his summer resort; but yesterday evening there were tracks with heels pointsing both towards and away from the hole. Looks like bad weather for the boys who have to plug the furnaces; six more weeks of galoshes, too.

EDUCATIONAL SORORITY INITIATES FIVE WOMEN

Pi Lambda Theta, honorary educational sorority initiated the following women Wednesday evening at 5:30 in the liberal arts drawing room: Jennie K. Allen, assistant principal of Perkan's school, Josephine Thielen A4 of Grundy Center, Elsie H. Knapp A4 of Clear Lake, Frances A. Hungerford A4 of Iowa City, and Alma B. Hovey G of Victor.

After the meeting the chapter had dinner at the Mad Hatter's tea room at which Lillian Lawler G of Pittsburgh, Pa., discussed methods of teaching the blind.

ATHLETIC BOARD BACKS STATEMENT OF BOTH ATHLETES

The following statement was made by the board in control of athletics late yesterday concerning the Devine-Locke case:

"Sworn statements by both Aubrey Devine and Gordon Locke denying the charges of professionalism made against them in one of yesterday's Chicago papers are in the possession of the board in control of athletics. The board believes the truth of the statements made by these men, and investigations, started as soon as the reports were published, have verified the belief of the board in the innocence of these men.

Locke Played Amateur Ball

"Locke, with permission from the athletic department, played ball at Kanawha, where he was working during the past summer. Mr. O. E. Johnson, who had charge of this team, said yesterday that it was composed of home town players, and that Locke never received any pay for playing.

Devine Never Played Outside

"There was never any doubt in the mind of the board about the charges against Devine. Investigations have proven that he has never participated in any professional athletic contests.

"The board has confidence that these rumors are unfounded, but if convincing proof against either man is furnished, it will take steps to disqualify them."

WOMEN GOBBLE UP DOUBLE QUANTITY OF FUDGE IN CLUB SALE

The sale of white fudge, chocolate fudge, taffy, butterscotch, chocolate covered marshmallows and popcorn balls which the Home Economics club held at the Iowa Supply company yesterday netted them $12, seven of which was profit, according to E. Ensign A3 of Iowa City, who had charge of the sale. The club had intended to hold the sale during the entire day. They took their supply of candy over at 8:45 just in time to catch the students after their morning mail, and at 10 o'clock it was all gone. A second supply taken over in the afternoon was exhausted in fifteen minutes.

The proceeds of the sale will be used by the club to pay the expenses of their cut in the Hawkeye and for various other expenses. They plan to hold other sales in the future.

CHRISTIAN ASSOCIATIONS AND LOCAL PASTORS TO MEET BISHOP McCONNELL

Members of the Y. W. C. A. and Y. M. C. A. cabinets, and pastors of the various churches with representatives from the Bible classes will meet Monday at 5 p. m. in the liberal arts drawing room to make plans for a meeting in which they can informally meet Bishop Francis J McConnell, the next vesper speaker.

Bishop McConnell of the Methodist Episcopal church will, besides his vespers address, also speak before various meetings under the auspices of the Y. W. C. A. and Y. M. C. A. February 17, 18, and 19. His subject at these meetings will be "Christian Fundamentals."

FRENCH CLUB ELECTS 4 FACULTY MEMBERS

At its regular meeting last night the Cercle Francais elected to honorary membership the following faculty members: Professor Charles E. Young, Miss Olive K. Martin, Miss Celine F. Szumalanska and Miss Lucienne Froubert.

HOOVER WIRES RETRACTION OF HERALD STORY

Was Quoted as Saying Iowa Stars Played Baseball For Pay

DEVINE MAY SUE PAPER

Locke Declares He Never Was in Town Named as Hiring Him

Sensational charges of professionalism against Aubrey Devine and Gordon Locke, members of last fall's championship eleven, published in yesterday's Chicago Herald and Examiner have been declared to be fabrications made up in the mind of some reporter. Grover Hoover, coach of the Taylorsville football team, who was quoted as the authority for the charges that these two men were professionals, has denied, in a telegram to the sports editor of the Decatur Review, that he ever made such statements to any reporter. Investigations made by the board in control of athletics at Iowa have born out the sworn statements made by both men that they have never participated in professional contests.

When the news of the story in the Chicago paper circulated throughout the campus, there was a great amount of worry on the part of the Iowa rooters. Every Herald and Examiner was quickly purchased, and proprietors of the news stands say that they could have sold many more copies.

Men Swear Innocence

A conference of the members of the board in control of athletics was immediately held in the armory, and both of the accused athletes were called before the board. After being questioned by Prof. Byron J. Lambert, chairman of the board, each signed a statement swearing to his innocence of the charges made against him.

Devine Never Played Ball

In his signed statement Aubrey Devine said, "I have never played in a semi-professional baseball game or professional contest of any kind in all my career. I never played baseball because I was never good enough at that game. I never played an outside game since I entered college. When I was a kid, I won fifty cents in a race on a 4th of July celebration. That is the worse thing I ever did and I was only ten years old then."

Never Saw Garden City

Locke was equally emphatic in denying the charge of professionalism made against him. Next year's football captain said, "I have re-

(Continued on Page 2)

BACONIANS TO HEAR WARNER ON MEMORY

The methods used by memory experts in preforming seemingly impossible feats of memory will be explained by Prof. Warner Brown, of the department of philosophy and psychology, at the monthly meeting of the Baconian club tonight. The meeting will be held in room 301 physics building.

Professor Brown is taking Dean Carl E. Seashore's place in the department of psychology during Dean Seashore's leave of absence.

UNIVERSITY CLUB TO LUNCH

Regular Sunday Evening Supper is Called off This Week

The University club will lunch tomorrow noon. The usual Sunday evening supper, scheduled for February 5, has been postponed.

A CLEANING-UP

It is questionable whether Will Irwin "took the lid off hell" or Coach Hoover "took the lid off professionalism" in a more effective manner. Certain it is, however, that in his long list of classified and carefully tabulated questions Coach Hoover instilled the spirit of uneasiness in several conference camps.

Whether he did so maliciously or with good intentions the strong intimations attributed to the Taylorville coach have struck at an evil that has shadowed Big Ten athletics for years. Professionalism has existed, rightly or wrongly, in spite of rule thirteen of the conference code; none deny its existence. But the important thing in the whole situation is that the recent accusations will call for a much needed accounting. As long as the ruling remains on the books of the conference and professionalism is engaged in by college athletes, there is bound to be an unhealthy atmosphere. It is a case similar to that of the Blue Laws; we must either clean the books or clean the practice. For this reason it does not seem to be altogether unfortunate that Coach Hoover has ripped open athletic affairs. It will call for an adjustment and a resultant of better understanding among the various colleges and universities.

The greatest criticism that can be offered is that Coach Hoover has used so little discretion, if the accusations are truthfully ascribed to him in pointing his indiscriminating finger at Aubrey Devine and Gordon Locke who, as investigations have shown, are not guilty of the charges made. It was enough to point out the evil and to generate a cleaning-up, but it was too much for him to attempt to put his fingers on the various culpable individuals unless he did so justly and with evidence to prove the charge. The whole unfortunate mess may be attributed to the dirty and filthy money of a few unscrupulous gamblers, but now that it has been stirred and the stench must be tolerated, we may well have a house-cleaning that will leave conference athletics in a healthy state.

WHICH IS BETTER?

It has been deemed fitting and expedient by certain people at Princeton to pass out a questionnaire among men of the University of Princeton to determine, among other things, which is the most desirable, a varsity letter or the Phi Keta Kappa key.

Such a move points to one of the amusing things of human nature. Which is the better? Is this man better than that? Shall I buy this necktie or that? Is it better to do this or that? It is a question often asked, day after day. Certainly it is desirable always to have and to do the desirable things, but in a great many cases the question si amusing. People invariably seem to be of the opinion that of two things, one must be the better; they can not seem to realize that two things may both have their values and that in many instances these values are equal. The preference for one tends to discredit the other, whereas rightly in the scheme of things a definite value is assibned to each and should suffer no disparagement.

Is a paring knife better than a pocket knife? Is meat better than vegetables? Is love greater than wealth or power? Is a fence post better than an automobile tire? Who will say?

The sun shone on Groundhog Day; which means that a hundred less pins will be hung this year.

Judging from the present rate of uncoverings and disclosures, each college and university will soon be forced to maintain professional teams if they expect to maintain competition.

ORATORICAL CONTEST WILL BE HELD FEB. 9

The University oratorical contest, for the purpose of selecting a delegate to the northern Oratorical League's contest at the University of Illinois, on February 21, will be held on the evening of Thursday, February 9 at a place to be announced later. The contest is open only to undergraduates of the University.

A manuscript of each oration must be in the hands of the department of speech by six p. m. Monday, February 6. The oration must be at least 2000 words in length. In the tryout six minutes of time is allowed. In the contest to be held at Illinois there will be no restriction on the length of time taken to deliver the oration.

Mr. A. J. Jackson has been selected as advertising manager for both the oratorical contest and for the Iowa-Nebraska debate. He expects to have a large group of students out to hear both of these events.

HOOVER OF TAYLORVILLE WIRES RETRACTION OF HIS MISQUOTED STATEMENTS

(Continued from page 1)

ceived numerous offers to play semi-professional baseball, but have consistently refused to accept the same. I am innocent of all the charges made aginst me. I never have been in Garden City."

Devine May Sue

Aubrey Devine was accused of an offense that if proved true would bar him from future competition, without any specific details being given. The paper simply said that he was a professional without giving him a chance to refute the statements. Locke was accused of playing professional baseball in a town he had never heard of. He may bring suit for libel against both the newspaper and Mr. Hoover of Taylorsville.

Locke an Amateur

Investigation made by the board in control of athletics have proven that the charges are without foundation. Aubrey Devine has never participated in any contests that were professional, while Locke easily cleared himself, because he had never been in Garden City. Moreover, the summer ball which he played last year was played with the permission of the athletic department and he received no pay for what he did.

Both Are Great Athletes

Iowa supporters will be glad to know that the two men are not guilty of the charges made against them, since Aubrey is one of the regulars on the basketball team, and is a sure point winner in the pole vault, being state record holder in that event. Locke is captain of last year's football team. He was placed on Eckersall's all-American team, and is expected to make trouble for Yale and the other teams on Iowa's schedule for the 1922 football season.

IOWA CITY IS FILLED WITH FLURRY OF COMMENT OVER HERALD'S "PRO" CHARGES

(Continued from page 1)

can do so by continuing to print such stories without furnishing any proof that the charges are true."

Glenn Backs Aubrey

E. J. Goodrich L3 of Anoka, Minn., president of A. F. I., was one of the cooler heads that refused to believe that a thing is true before it is proven. "The present conference rules are not always just, but they should be enforced until they are changed. We should not be ready to believe these men guilty, however, until the charges against them have been proven," he said.

Glenn Devine A4 of Des Moines said, "I know Aubrey as well as anyone does, and I know he never played in any profesional contests."

Aubrey May Sue For Libel

"As soon as my attorney returns to Iowa City, steps will be taken to start libel proceedings against the person or persons responsible for the starting of the statement that I am a professional," declared Aubrey Devine last night.

"I would like to meet this man Hoover,' 'said Gordon Locke, before he found out that Hoover denied making the remarks credited to him, "and find out where Garden City is."

WEST SIDE HOSPITALS MAY BE LANDSCAPE GARDENED

A plan for landscape gardening the ground surrounding the Children's hospital and the psychopathic hospital is on display at the President's office. The plans were drawn by Lewis E. Pricer, a landscape gardener of Charles City.

The plans are very elaborate. All kinds of shrubs and flowers from Eleagnus Longpipes to Spirea Thunbergee may be found. The proposal includes two bird fountains with lily ponds surrounding them. Croquet and tennis courts are also to be included. If the proposal were carried out the grounds would have more the appearance of a biological garden than a university campus.

Yetter's THE BIG STORE
Charming indeed are the New Spring
Dresses, Coats, Suits, Blouses, etc.

Mr. Chris Yetter writes us from New York that never before has he had the good fortune to see such captivating modes.

In making selections he has adhered strictly to those fundamental principles by which this store is well known.

Exclusiveness, Style and Quality

This applies not only to wearing apparel but everything in dress sundries you will need for spring.

The writer of this ad was thinking this morning as we were opening package after package and box after box of the lovely things for spring, what pleasure it will bring to our friends to see them. See window displays.

Much surpise will be manifested over the lowness of their prices.

Our Prices Are Lower
On All Remaining Winter Goods, Too

Mr. Yetter tells us that he spent some time visiting the retail stores of Chicago and New York, comparing prices, and that he finds our prices are as low and in most instances lower on the remaining stocks of winter goods, than he found there.

Members of "Le Cercle Francais" will please report at Townsend's today at 12 o'clock for Hawkeye picture.
President.

JAZZ AND SONG MAKE LIFE FOR FOLKS OF OHIO MEMORIAL UNION

Columbus, Ohio, Feb. 2—"If I Had My Way," "In the Gloaming," and "Say It With Music", produced by the combined efforts of a male quartet, a glee club, and a jazz orchestra, results in a musical effect that is nigh unto undescribable.

Add to this medley a nerve-racking interpretation of "Kitten on the Keyes" by a would-be Paderewski, being played on the floor below the aforementioned artists, and the result is even more enchanting.

Add to this the impatient and frenzied yelling of someone who is trying to convey an idea or perchance a message to someone who is at the other end of the telephone connection.

Add to this the well-meant, but misplaced efforts of a phonograph and the rattling battery of typewriters and a beautiful background is given to the weird effect.

Then, add to this weird concoction, five or six men trying heroically but vainly to concentrate on a new Stadium campaign, another on the alumni monthly, some on Makio copy, and still another on a letter from Boost Ohio to a prospect, and you have a hazy idea of what life is like at Ohio Union.

However, despite all these above additions of glamor and sound, Ohio Union is the home of many of the important campus organizations, and 400 meetings that are held during the course of the semester. In view of the fact that work is continually being turned out in proper shape from within the walls of the building, it's not as noisy as it might seem— Ohio State Lantern.

CANDIDATES FOR PLAYS WILL HEAR FATE TODAY

The first partial results of the tryouts for the Piper masque, "The Land of Aiouwas" the one-act play and "Pillars of Society" will be announced today. Over seventy appeared to try out for at least one of the three plays.

WOMEN PLAN STUNTS FOR BEST FANCY DRESS PARTY

A public opening of the new studios of the department of graphic and plastic arts on Iowa avenue between Clinton and Dubuque streets is planned by the faculty of the department. A date has not yet been fixed, but it was intimated at a meeting of the faculty Wednesday evening, January 25, that it would in all probability be a month before adequate preparation could be made.

At present the studio annex, the official name of the new building, is being painted, and completion of interior finishing together with arrival of some of the furniture which is still in shipment, will be necessary before the rooms are ready for classes.

This building has one floor, a saw-tooth roof with north sky lights, and is essentially temporary in character. It consists of five rooms in a row connected by a hall. These studios will be used for classes in special courses in the department given over exclusively to students in home economics and pre-dentistry. Regular classes in graphic and plastic arts will continue in the rooms they now occupy on the third floor of the physics building.

WOMEN'S SPEAKING CONTEST DATE IS CHANGED TO FEB. 8

The date for the women's extemporaneous speaking contest announced as Tuesday, February 7, has been changed to Wednesday, February 8, at 7:30. The liberal arts auditorium, where the contest will be held will be used on Tuesday by Prof. Philip G. Clapp for a piano concert.

The topics for the speaking contest based on campus problems, will be announced in the Tuesday's Iowan. One representative from each of the women's literary societies will be chosen to compete. There is no limit to the number of non-society women who may enter.

100 issues of The Daily Iowan for $1.75. A dandy paper to send to your home or high school.

From the Great Story by Fannie Hurst

THE romance of the sidewalks of New York. And some of the places where they lead.

Fashioned out of the thing called love—and what it did for a mother, a maid, a man.

Written by the woman who wrote "Humoresque." Rising, like it, above the roar and clatter into the best that human hearts can know.

Cast Includes Sigrid Holmquist and Lewis Sargent

Starting Saturday **ENGLERT** Sat. Sun. and Monday

B. S. DEGREE GIVEN FOR FIRST TIME BY COLLEGE OF EDUCATION

The first degree of bachelor of science in school supervision granted by the college of education was presented to Ethel Mary Hale of Hardy, Nebr., at the mid-year Convocation exercises on January 31, 1922. Miss Hale is with the University Elementary school where she has been teaching for a number of years. The power to issue degrees was granted to the college of education last year. Previous to that time the liberal arts college presented the graduates of the college of education with degrees.

At the same exercise on January 31, the following people received certificates from the college of education:

Leona Myrl Brown of Iowa City, Edna White Ernst of Mount Pleasant, Ia., Leland Martin Henry of Griswold, Myrtle Madsen of Newell, Eva Marie Schillig of Iowa City, Dorothea Elizabeth Jacobs of Randolph, Florence Adelaide Zara of Iowa City.

Two Had Already Received B. A's.

Of these people all but two received their bachelor of arts degrees at the same time. The two exceptions were Leland Martin Henry and Dorothea Elizabeth Jacobs who were not present at the convocation exercises and who had received their bachelor of arts degrees at a previous date.

Teachers Plentiful

According to Prof. Forrest C. Ensign who is chairman of the committee on recommendations there are an unusual number of college people applying for teacher's positions. There will therefore, not be the scarcity of teachers in the rural school at least for the next few years, that has worried country people since the beginning of the late war. So far, however, there has not been any noticeable slump in salaries, and Professor Ensign thinks that the present standard of teacher's salaries will remain in force.

WOMEN'S INCREASE OF POWER IS SHOWN IN CLUB ELECTIONS

All men were ousted and members of the fairer sex installed as rulers at the election of officers for the Spanish club held Wednesday evening—another evidence of the growing tendency for woman to usurp the powers of man here.

Those placed in power for the rest of this year and the first semester of next year are Margaret E. McPherson A2 of Toledo, president, Mildred A. Keller A3 of Iowa City, vice-president, and Carol I. Carter A4 of Spearfish, S. Dak., secretary and treasurer.

The retiring men are ex-president Ralph E. McIntosh A1 of Davenport, and former secretary-treasurer Leslie P. Moyer A3 of Fulton, Ill.

LANGUAGE ASSOCIATION THANKS IOWA FACULTY

In appreciation of their reception here at the convention held December 28 to 30, the Modern Language association of America, passed a resolution praising the local members of the committee on arrangements and thanking the president and faculty of Iowa. The resolution reads as follows:

Resolved, That we express our sincere appreciation of the hospitality extended to us, as members of the Central Division of the Modern Language Association, by the State University of Iowa; that we thank the president and faculty of this University and the members of the local committee (Professors S. H. Bush, Hardin Craig, T. A. Knott, Henning Larsen, E. H. Lauer, E. N. S. Thompson, C. B. Wilson, C. E. Young) for the generous welcome and gracious courtesy accorded us at the twenty-sixth meeting of the Central Division.

GRADUATE DIES IN KENTUCKY

Professor Sies Conceived Idea of Teachers' Pension System

Prof. Raymond W. Sies, B. A., '07, M. A., '08, died from pneumonia at the University of Kentucky several days ago. Mrs. Sies and her six year old son accompanied the body to Oxford, Iowa, where Dr. Sies was born in 1878.

For several years he was professor of educational administration at the University of Pittsburgh. He was author of the teachers' pension system in Great Britian and the United States.

SECONDARY SCHOOLS MAY HAVE BASKET TOURNEY HERE SOON

A basketball tournament for academies and prep schools, distinct from the annual high school tournament, is to be arranged by the athletic board for these institutions in the state. About forty-six secondary schools will be represented. Coaches Jones, Ashmore and Bresnahan have been appointed as the committee to arrange for the tournament which will possibly be held in the spring. Several state schools have asked that something of this sort be arranged and the athletic board is working up plans.

TWO IOWA WOMEN WILL ATTEND SELF GOVERNMENT MEETING

Iowa women will send two representatives to the Midwest Intercollegiate Association for Women's Self Government which convenes at Ithaca, N. Y., during the latter part of the academic year. Those who will go are Lue Prentiss, present president of the Women's Association, and the new president who will be elected in the spring.
