A Metropolii Production

The first degree of bachelor of science in school super­

vision granted by the college was presented to Ethel Mary Hall of

Hardy, Nc, at the mid-year Con­

vocation exercises on January 31,

1922. Miss Hall is with the Uni­

versity Elementary school where she has been teaching for a number

of years. The power to issue de­

grees was granted to the college by

the legislature last year. Privileges to

issue them through the usual cer­

tainly represent the graduates of

the college of education with degree.

At the same exercise as January 31,

the following people received

certificates from the college of edu­

cation:

Leona Myrl Brown of Iowa City.

Reta White Ernst of Mount Plain­

st, La., Leland Martin Henry of

Griswold, Myrla Maden of

Dallas, Eva Maze Ellis of Iowa City.

Dorthea Elizabeth Jacobs of Edin­

boro, Florence Adelaide Durs of

Iowa City.

Two Will Already Received B, A's.

Of these people all but two re­

ceived their bachelor of arts degree at

the same time. The two exceptions

were Leona Martin Henry and

Dorothy Elizabeth Jacobs who were

not present at the convocation exer­

cises and who had received their

bachelor of arts degrees at a pre­

vious date.

Teachers Plentiful.

According to Prof. Forrest C. El­

kins, chairman of the department

on reconstruc­tion there are

enormous number of college people

applying for teaching positions.

These will therefore, not be the

scarcity of teachers in the rural

district. At least for the next five

years, that has worried country

teachers more than anything else.

So far, however, there has not been any noticeable drop in salaries, and Professor Sturges thinks that the present standard of

teacher's salaries will remain in form.
