TO PLAY THREE FRAT GAMES IN TOURNEY TODAY

Next Wednesday's Games to be Played Tuesday Night

ATTENDANCE INCREASES

No Games Were Played Last Night—Two Were Thursday

This afternoon at 1:30 the Phi Kappa Sigma and Sigma Phi Epsilon teams clash at the men's gymnasium in the interfraternity tournament. At 2:15 the Delta Tau Delta and Nu Sigma Nu teams are scheduled and at 3:00 the Phi Kappa Psi's and Sigma Nu's send in their basket tossers.

These are the first games since Thursday night, when Phi Delta Theta defeated Theta Xi 27 to 6, and Sigma Alpha Epsilon lost to Phi Gamma Delta 21 to 5. Campus interest is being stimulated as the tourney advances by the attendance particularly at the games Thursday.

Medics to Appear

Today's games should also be drawing cards for sport fans, as all the teams except Nu Sigma Nu have previously shown evidence of basketball ability, today being the first appearance of the medical aggregation.

While several teams have played two or more games, the contest has not sufficiently advanced to warrant a statement as to the standing of the teams, or the possible dope on the winner, although Kappa Sigma came to the front with a brilliant game against Beta Theta Pi Monday.

Wednesday's games on next week's schedule have been changed to Tuesday, on account of the West Virginia-Iowa wrestling match, according to an announcement made yesterday by Ernest G. Schroeder who is directing the tournament.

Sixteen Games Played

The following are the scores made by various teams: Dela Chi 15, Acacia 8; Delta Kappa Gamma 18, Alpha Tau Omega 16; Beta Theta Pi 20, Delta Sigma Delta 4; Delta Theta Pi 6, Delta Tau Delta 16; Phi Kappa Sigma 7, Phi Gamma Delta 14; Phi Kappa Psi 23, Phi Delta Theta 10; Sigma Alpha Epsilon 12, Sigma Phi Epsilon 5; Sigma Nu 11, Psi Omega 4; Phi Delta Chi 8, Phi Kappa 6; Kappa Sigma 29, Beta Theta Pi 12; Kappa Beta Psi 4, Alpha Tau Omega 14; Delta Sigma Delta 12, Phi Beta Pi 22; Delta Theta Phi 9, Acacia 5; Phi Alpha Delta 4, Delta Kappa Gamma 8; Theta Xi 6, Phi Delta Theta 27; Phi Gamma Delta 21, Sigma Alpha Epsilon 5.

ALL OF STUDENT LOAN FUND IS NOW LOANED OUT TO NEEDY STUDENTS

The Student Loan Fund is now completely exhausted, according to Secty. W. H. Bates. The last of the available funds was given out Thursday. Calls for student loans are coming in daily, but cannot be supplied at the present time.

The exact number of students who have taken advantage of the fund is not yet available, but it is certain that at least sixty will have been benefited by it. Nearly all of these would have left the University had not these funds been available. Most of the loans to the students were immediately turned over to the University for registration fees.

Secretary Bates states that there will be in the neighborhood of fifty or sixty dollars available when the profit from the last Student Loan Fund Dance is turned over to him. He expects to give out those funds as soon as they can be checked over. With two other loan dances scheduled for the near future, it seems very probable that small amounts will be available for those whose need is very urgent.

Short Skirts, Silk Hose, Paint, and Powder, Bring Much Criticism on the Women; Are Men Guiltless?

TRYOUTS FOR DEBATE WITH NEBRASKA, FEB. 14

The tryouts for the Iowa-Nebraska debate will be held at a place designated later by the department of speech on the afternoon and evening of Tuesday, February 14. The question will be, "Resolved, that the United States should cancel the Allied debts."

Any one enrolled at the University will be eligible to compete. Formerly only undergraduates were allowed to enter. Four men will be chosen, three for the team and one alternate.

The final debate will be held at Iowa City, Friday, March 17. Further details will be announced later, according to Jap Johnson A4 of Belmont, who is president of the Men's Forensic Council.

SELECT RELAY TEAM CAPTAINS

Keen Competition Shown for Peterman and Ristine for Captains

After many hurried and exciting "house" discussions as to whether Jim can run any better because of his handsome hair or whether Harry is likely to beat him out with his sparkling eyes or whether Tom with the long Roman nose stands a good chance of winning by a mere nostril protrusion, sixteen sororities on the campus have picked the captains for their teams in the inter-sorority relay race of the second annual relay carnival to be held at the new armory February 22.

Ristine to Run for Delta Gammas
The race will be a feature of the carnival and is already attracting much attention over the campus. The Kappa Kappa Gammas, present holders of the traveling trophy cup have selected L. V. Peterman as their captain. He will choose three other men to run with him in the race. Captain L. P. Ristine of the cross country team has been selected by the Delta Gammas. Ristine and his team won the cup last year for the Kappa Kappa Gammas and the cross country captain hopes to take it away this year.

Thirteen Good Men and True
Other sorority captains selected are: Achoth, R. R. Foster; Alpha Chi Omega, H. C. Morrow; Alpha Delta Pi, H. F. Noble; Alpha Omicron, L. A. Saylor; Alpha Tau Beta, J. F. Jarnagan; Alpha Xi Delta, F. D. Gibson; Chi Omega, A. L. Pertl; Currier Hall, R. D. Robinson; Delta-Delta Delta, B. E. Goodrich; Delta Zeta, D. H. Smith; Gamma Phi Beta, H. R. Phelps; Iota Xi Epsilon, G. B. Noll; Kappa Omega, H. H. Murray; Pi Beta Phi, G. C. Ashton.

Selection of other members of the teams will not be made for some time as it is desired that all captains be rated in the order of their abilities and the one with the lowest rating be allowed to have first choice in picking his team. It is believed that in this way no team will have an unfair advantage and competition will be close among all the contestants.

GET BUST OF SHAW

A bronze bust of Leslie M. Shaw, twice governor of Iowa, and for six years secretary of the treasury, was presented to the state of Iowa recently by the Iowa Society of New York. Presentation was made in Des Moines by Ambrose O'Connell, president of the society.

FINAL GLEE CLUB REHEARSAL MONDAY

Final dress rehearsal for the women's glee club concert will be held Monday evening, at 7:30 in the natural science auditorium. This will conclude the full rehearsals, except for a few finishing touches on some of the special acts, according to Prof. Walter Leon, professor of vocal training, in charge of the concert work.

Criticism of the fashions, fads and fancies of women at the University of Iowa, has proven one of the most fascinating indoor and outdoor recreations for men since time immemorial. Why not a little revue of the counterments of the male of the species at the University?

He has raved for three years about the coed's headress, about the length of her skirt and for decades, regarding the profuse use of cosmetics. He criticized the "igloos for the ears", and now that the auditory organ is to be occasionally seen again with the almost universal advent of bobbed hair, he is overcome with jealousy because she insists on having her hair cut after the same fashion that he does.

18 Inches May Be High, But—
Granted that eighteen inches is a little high for the lower boundary of a skirt, what about the corduroy slaves whose inseam measurement is twenty-eight inches, who pilots a six pound hulk of trousers with an inseam of thirty-eight, a knee of thirty, and a press that is eminently conspicuous for its absence.

Then there is the other extreme, the enigma who wears his trousers so short that neither the press nor the public can decide whether their optics rest upon an escaped grammar school boy with rather tight knickerbockers, or whether it is really a University student piloting

(Continued to page 4)

CLAPP, LEON, KENDRIE, WILL GIVE CONCERT

Tuesday, February 8, Set as Date for Public Program

AT UNIVERSITY THEATER

Other Concerts and Lectures to be Given by Music Faculty

The University theater presents Phillip Greeley Clapp, director of the school of music, Frank E. Kendrie, professor of stringed instruments, and Walter R. Leon, professor of vocal training, in a public concert Tuesday, February 7 at 8 o'clock.

This is the first of a series of concerts and lectures which will be given by faculty members in the University theater, the purpose of them being to give the students and people of Iowa City an opportunity to hear the worth while things the University faculty is capable of displaying, according to Prof. Edward C. Mabie, director of the theater.

Mabie Lauds Concert

"Probably this will be the best artistic concert of Iowa City this year, with the exception of the Harold Bauer concert," Professor Mabie said yesterday.

Professor Clapp is a graduate of Harvard and a two year Sheldon Fellow of Harvard university. At one time he was the pupil in com-

(Continued on page 2)

COMMITTEE PLANS MANY NOVELTIES FOR COTILLION

"We expect the Sophomore Cotillion to be the prettiest and most successful social event of the year," said the chairman, Francis J. Halford A2 of Cherokee, yesterday. Novelty is the keyword in all the arrangements, and from the time the dancers enter the transformed gymnasium through the cleverly-constructed ice tunnel, until the last strains of "Old Gold" issue from the frozen cave at the most remote side of the room, they will be greeted by a constant succession of surprises.

Only two of the 200 tickets placed on sale remain, according to Everett A. Kelloway A2 of Anita, chairman of the ticket committee. The programs, which are of black leather, with gold "I's" on the covers, may be procured at Whetstone's Wednesday morning, or Wednesday noon at the latest.

The chaperones are Dr. and Mrs. Charles F. Ward and Dr. and Mrs. Chapman Reynolds.

"PRO" CHARGES ARE RETRACTED

Iowa Athletic Board Drops Investigation of Claims

Following the denials by Aubrey Devine and Gordon Locke, of the sensational charges of professionalism printed in Thursday's Chicago Herald and Examiner, the board in control of athletics has dropped the question, and the campus is beginning to get back to normal after the agitation of the past two days.

Board Believes in Men

The athletic board is still firmly of the opinion that both Devine and Locke are innocent of the charges made against them, although they will take steps to disqualify any man against whom convincing proof can be furnished.

Since the athletic board's investigation of the matter and the denial by Grover Hoover, coach of the Taylorville, Ill., football team, who was quoted as authority for the charges that the two men were professionals, there are still rumors afloat concerning the standings of the men, but no one has offered to produce any information of authentic or truthful nature that either of the men is really guilty of the charges made against him.

Team Manager Aids Locke

The newspaper charges accused Locke of playing professional baseball last summer at Garden City, with the Kanawha town team. Locke admits that he played with the team, but denies that he ever received any compensation for his playing. The statement of O. E. Johnson, manager of the team, verifies Locke's assertion.

No definite accusations were made against Devine, the writer of the charges not mentioning any time when Devine had taken part in an athletic contest as a professional, but merely stated that Hoover had made the charge that he was a professional. Hoover has since denied that he ever made charges against either man.

S. A. T. C. DAYS NOW COMMEMORATED BY FRAMED CERTIFICATE

President Walter A. Jessup has received a certificate from war department of the part played by the University of Iowa in the World War. The certificate is signed by P. C. Harris, Adjutant General, and by J. W. Wainwright, Assistant Secretary of War.

It reads as follows: "This is to certify that the University of Iowa in a spirit of patriotism and of devotion to country, rendered efficient and loyal service in connection with the World War through the establishment and operation at the institution of a unit of the Student Army Training Corps."

This document is all the University has to recall those trying days during the fall of 1918. President Jessup has framed the certificates and it now rests on the mantel in his office.

AQUATIC MEET WITH GOPHERS TO BE TONIGHT

Hawkeyes are Determined to Win in Spite of Handicaps

MEET STARTS AT 7:30

Many Novelties are Planned to Make Program Continuous

Primed to the limit, Coach Neils Thorpe's Minnesota swimming squad will invade Iowa City today to clash with the Old Gold aquatic artists in the gymnasium natorium. It will be the first "Big Ten" aquatic meet of the year and will attract considerable attention throughout the conference.

That Minnesota will find ready foes in Coach Ashmore's men is assured from the fact that they have put in a diligent training period which ended only last night, when the men went through final light workouts.

Iowa Determined to Win

The question of a victor in the meet is a question that can be solved only in the tank tonight, for, while Minnesota has some star performers in her ranks, the Iowa men are a determined lot and will put up a stiff fight against the invaders.

The most sensational swimming of the meet will no doubt be done in the 200 yard breast stroke, where Faricy of Minnesota is expected to shine. Since the beginning of the season Faricy has been heralded as a valuable man in this event, and he recently proved his worth by breaking the world's record in this swim. L. C. Smith and P. Mills will be Iowa's extrants in this race.

Hickox Ineligible

In the plunge Iowa will lose a valuable man, due to the ineligibility of Hickox, one of the joint holders of the University record in this event. The other holder, Bane, and also Forney, will be on hand, however.

Some very good work is expected in the dives, where Captain Cliff Shephard and J. A. McCullough of Iowa will compete against D. G. Brunner and J. Prins of Minnesota. Iowa has a good chance to win in this event.

Dash Will be Popular

The 40 yard dash, always one of the headline events in any meet, will be hotly contested. Clarke and Stover will probably be Iowa's representatives in this contest.

In the 220 yard swim, J. T. Goltman, last year's freshman flash, and Captain Shepherd will represent Iowa, and will compete against M. N. Lampher and B. Jones.

Coach Armbruster wishing to assure the spectators that the lively continuous program includes a number of novelties to be run in during the periods when the swimmers are resting. The first will be a blindfold 40 yard dash in which Sheakley, Weber, Rockefeller, Farrell, and Wilton of the yearling squad will compete. This event furnished much laughter when it was put on last year.

Fresh Meet Scrubs

Another novelty will be a relay race between the freshman and second varsity teams, and a third will be a 100 yard breast stroke exhibition by Griffin, Eilers, and Wilton of the freshman squad.

A water basketball game is also scheduled for the evening, but it may not be held due to Minnesota's failure to send in entries for the event.

A. Y. "Scotty" Russell, swimming coach in the Des Moines public schools, will act as referee and starter. The meet will start at 7:30 p. m., and admission will be fifty cents. Tickets are for sale at Whetstones.

WEATHER REPORT

For Iowa—Generally fair except in extreme northeast. Slightly colder throughout entire state.

FROSH QUINTET SPRINGS BIG SURPRISE OF SEASON WHEN THEY DEFEAT THE VARSITY

Five happy, smiling freshmen shook hands with each other, threw their arms around one another, and trotted off the floor at the end of their scrimmage with the varsity last night, because they were winners by a score of 16 to 12. In the dressing room they laughed, sang, talked of the future, and of the other games in which they were going to beat the varsity.

Jenkins Pleased

Assistant Coach Albert Jenkins paraded up and down, just as proud as if his freshmen were the champions of the country. His smile was the "kind that will not come off," as he told his boys about the great game that they had played, and spoke of particular instances when particularly good playing had been done.

Already, the freshmen were figuring out ways to stop plays which the varsity had used to good effect. They argued among themselves, in a good natured, happy way, about the best means which they could use to keep Shimek from getting the ball. "Stop Shimek," one of them said, "and we have the varsity stopped."

But the Future is Dark

Coach Jenkins broke into their discourse, and warned them that the varsity would be out for revenge the next time the two teams met, and that the freshmen would have to play better basketball to win again. This did not discourage them and they, perhaps, will never get over winning. "I never felt better in my life," said one, "although I can't raise my left arm. We've beaten the varsity, even if we never do it again."

"We are going to get better all the time," said one of the guards, whose aggressive playing kept the varsity from getting many shots, "and the varsity can't improve much more. We ought to beat them two or three times a week."

Look For Rough Work

"No," said another, "I'll be satisfied if we beat them once a week. They will rough us all over the floor next Monday."

The game last night between the freshmen and the varsity was full

of pep, fight, and surprises from the start of the ten minute periods to the final gun. Starting off with a basket by the freshmen, the game seasawed back and forth. Shimek's basket tied the score, then the freshmen made another counter, only to have Shimek tie the score again.

Shimek Stars

During the first half of the game, Shimek was the one man who always spoiled the party for the freshmen. No sooner would the preps score than "Shim" would come dribbling down the floor, hair flying, face red with sweat, back bent, and sailing from his hand, before a freshmen could get near him, the ball would drop through the ring. Three times in the first half he sent the ball through the basket, and the varsity ended the half on the long end of a 8 to 6 score.

A long basket soon after the start of the second period, tied the game, but A. Devine broke the tie with a pretty basket from beyond the foul line. Shimek then put the varsity ahead with a long basket from the side of the court. From then on the freshmen began to speed up, breaking through the varsity with bursts of speed that often sent two men down with only Hicks between them and the basket. Charging varsity men would hit some freshmen and send him hurling to the ground, but frequently only after he had sent the ball through the ring.

WILL GIVE PROGRAM AT OAKDALE SANITARIUM

Members Will Be Under The Direction of the Y. W. C. A.

Soldiers and other patients at the Oakdale sanitarium will be entertained by a program, given under the auspices of the social service department of the Y. W. C. A. Sunday, February 5.

The following numbers will be presented: banjo solos, Rosamond Vop Schrader A3 of Maquoketa, reading, Eloise Smith A4 of Fairfield, piano selection, Isabelle McDonald A1 of Cherokee, vocal solo, Gladys Steele A3 of Sioux City.

THE RIGHT SPIRIT

It is inevitable that at a time when the balance sheet is closed on University records for the semester, it shall be the signal for a packing of trunks and suitcases and a series of goodbyes. The student who has failed in his work, "flunked out", feels the urge to a brighter clime or a fit of nostalgia that draws him home. Poor health, lack of funds, sickness at home,—these may be offered as the excuse for several one-way tickets that will read to the old home town.

But what is the spirit that these men carry away with them? Are they "down-on" their instructors or do they sullenly harbor any ill feelings? Examination will show that in a majority of cases the man who is forced to leave school today promises to come back tomorrow. His goodbyes and farewells only punctuate his expression of intentions to come back again next year, to get another start, to make good after all, to rest up a while and then come back with the fighting spirit. This is the Iowa spirit, the fighting spirit; never to quit, always to come back. It indicates a sportsmanship that is rare and the man who lays aside his books only with the intention to take them up again at a more opportune time has the right spirit.

ACCUSATIONS

Among the various things brought out by the exposure of the professionalism of university and college athletes is the hinted accusation made that two athletes of this University had been, in the past, engaged in professional competition. Denial of these accusations was prompt.

Indictments made without thorough knowledge of the facts are of poor ethical background. Not only might they destroy the good name of the accused, but they might even cause various legal difficulties. Even though the idea of stamping out professionalism is a good one, it is hoped that in the future there will be no wild, unauthorized accusation of the innocent.

COMPLACENCY

Students look with a beautifully satisfied show of complacency upon rows of posts and wire lining the sidewalks of our campus. They take it as a matter of course that such are ordinary ornaments of a college campus that we must not be without. But what do these supposedly "student-tight" fences signify? They tell more than everything else of students who must still be tethered; they must not be allowed to go at will. They have not yet learned the are of preservation of the beautiful. They suffer no compunction to maintain a pleasing campus but are inclined to wear paths this way and that where in only a few weeks there should be an unbroken carpet of green.

POST-EXAM READING

"We who write don't get much time to read" said a student journalist the other day, "but I'm going to catch up during the mid-semester period."

Then he gave a list of modern

novels of the better class that he has on his mid-semester program. Students spent so much time on their text-books that they have little opportunity to read any other kind, until a vacation period. And when that vacation does come, they find so many other things to occupy their time that they let their reading go.

The student who goes home seldom finds time for anything but parties and shows, while many of the stayovers are so fed up on books that they are glad to get away from them.

But for the stay-over who does not care for roller skating and is tired of the sameness of the movies, there is always available the library with its vast resources of enjoyment for all classes.—Daily Illini.

CLASSICAL CLUB WILL SEND FUNDS TO SCHOOL OF CLASSICAL STUDIES

The Classical club at a meeting Thursday night decided to help raise \$250 annually for the support of the American School of Classical Studies at Rome. The plans for raising the money are not yet definitely made, but the presentation of a Latin or Greek play in English is being considered by the club.

MEMORIAL CAMPAIGN IN IOWA CITY WILL CLOSE FEBRUARY 9

The memorial union campaign among the business men of Iowa City will close February 9 so that a report can be made at the Keuhle-Finkbine dinner, according to Ralph G. Grassfield, director of the union. Following the close of this campaign, plans are being made to further a student campaign similar to the one last year, in which each student was canvassed for a life membership in the Union.

Pledge \$90,000

The business men of Iowa City have pledged \$90,000 to date and director Grassfield expressed himself as confident that the \$100,000 mark will be reached after several big concerns have been heard from. That would bring the amount pledged toward the Union up to approximately \$400,000.

However, Iowa is very backward as compared to other states and institutions who have fostered similar projects, according to Director Grassfield. Illinois, for example, raised \$700,000 among the students at the first stroke. Mr. Grassfield intends to get together a group of representative students to discuss the possibilities for student organization of the movement, his wish being to make the affair a matter of live student concern. The question of how best to approach the student body must still be solved.

Depression Slows Plans

Among the reasons why the project has not proceeded more rapidly Mr. Grassfield cited the financial depression from which the country especially Iowa, has been suffering. Lack of an inclination to follow a leader is also a factor in the difficulty of the situation.

CLAPP, LEON, KENDRIE TO GIVE CONCERT

(Continued from page 1)

position and piano of John R. Marshall of Boston. He was also a pupil of Walter R. Paulding, and of Max Schillings.

Among the positions Professor Clapp held before coming to the University, was that of director of music at Dartmouth college, and for ten years he was special music correspondent of the Boston Evening Transcript. He has composed and conducted several symphonies.

Many Compositions

Included in his compositions are: Tone poem for pianoforte, and orchestra, "Norge", symphonic poem "A Song of Youth", Symphony in E. minor. All of these compositions have been played by The Boston Symphony Orchestra.

Besides being an artist Professor

Jessup and Kay Co-operate

In taking this action, the Classical club has been assured of the cooperation of President Walter A. Jessup and Dean George F. Kay. Iowa, as a University, cannot contribute, since state funds cannot be used for purposes that have no direct bearing on students, outside the state.

SIX AND ONE HALF HOLIDAYS LEFT THIS YEAR FOR STUDENTS

Exams are past; registration is over; when do we have a vacation? While you are negligently turning the pages and trying to find pipe courses for next year, hunt the calendar, and note the holidays left for this semester. For once, none come on Sunday.

Washington's birthday is on Wednesday, and classes will be suspended all day. On Foundation Day, Saturday, February 25, those having 8 o'clocks will wind their alarms as usual, as they will be excused from 10 till 12 only.

The spring vacation commencing Thursday, April 13, grants everyone four days leave of absence. Classes begin again on Tuesday 18. Memorial Day, May 30, is again a holiday. So you weary and work worn students, cheer up, you have six and a half holidays before June 6, when the semester ends.

Leon Is Experienced

Prof. Walter Leon is a graduate of Stern conservatory in Berlin. He was a voice pupil of Jean de Reske, Paris, David Bispham, Oscar Seagle, and others.

In his operatic experience, Professor Leon sang in Milan and Italy and with Moody-Manners opera company in the leading tenor roles of such operas as "Faust", "Carmen", "Rigoletto", and "Lochia".

For three years he was professor of vocal training at the conservatory of music, Regina college.

WRESTLING TRYOUTS DETERMINE THE TEAM TO MEET W. VIRGINIA

The final tryouts for the Hawkeye wrestling team were held last night in the men's gymnasium to decide the team that will compete against West Virginia Wednesday night. The West Virginia grapplers are making a tour of the middle west, meeting Ames and Indiana before Iowa.

Coach Mike Howard is well satisfied with the outcome of the tryouts. He said "every man is in the best of condition, everyone of them has been showing good form and is able to keep his head when he is in a tight pinch. The men have had considerable road work to harden them for the big battle."

In the tryouts the 125 pound class furnished the greatest amount of competition. Coach Howard had the class thinned down to three candidates, all of whom were tireless and gritty workers. Vana had a little the edge on the other two, having taken part last year in the conference meet. He was given a good tussle for the position by Linge-land, a lanky fellow, but quicker in

slipping out of tight places than his opponent.

Coach Howard intends to use Captain Sweeney in both the 135 and 145 pound class, providing his first match isn't too hard. If necessary, he can use Jacobson, a steady fighter, and a clever wrestler, in place of Sweeney. Jacobson won his match in the tryouts by straight falls.

The following is the team that will meet West Virginia Wednesday, February 8:

- 115 pound class—Pfeffer. 125 pound class—Vana. 135 pound class — Captain Sweeney. 145 pound class—Captain Sweeney or Jacobson. 158 pound class—Jones. 175 pound class—Hunter. Heavy Weight class—Heldt.

WOMEN'S BASKETBALL TEAMS TO MEET IN INTER-CLASS TOURNEY

Keen competition is expected in the women's basketball tournament to be held within a month, in which the freshmen, sophomores, junior and senior teams will play. Much interest has been shown in the basketball practices which have been held so far, according to Miriam W. Taylor, instructor in the department of physical education.

Seniors Slow to Start

The freshmen, sophomores and juniors have been practicing at least once a week during the indoor season which commenced in November. The seniors had their first practice Thursday night, and will practice each Thursday night at 5 o'clock until the tournament. Any senior woman in the University may come out for the practice.

In the tournament each class will play every other class. The two teams having the highest score will compete in three games, and the one winning two games will be the champion. Instructors from the department will act as referees.

Win Points Toward W. A. A.

The teams will be chosen just before the tournament, from the classes in basketball which have been practicing. Each woman who makes a first team will receive 100 points in W. A. A., toward the 1000 which are necessary to gain an "I". Each woman who is placed on the second team will receive 60 points.

P. E. O.'s. FROM ALL CHAPTERS JOIN FOR SOCIAL ACTIVITIES

Members of P. E. O., a women's secret organization, are endeavoring to form a social organization which will be composed of all the women students and women faculty members of the University, who belong to the organization.

P. E. O. was founded at Iowa Wesleyan in 1847 in order to compete with Phi Beta Phi which was founded about the same time. It is now a national organization with chapters in almost every state. The purpose of the organization is to further education and all forms of learning. A large educational fund is maintained by the organization and this is loaned to women of limited means who are desirous of obtaining a college education.

Members of the organization who are attending the University or who are members of the faculty are Beulah Crawford, an instructor in the school of nursing, Majorie N.

Hitch Your Wagon to an Eagle

WHEN you're buying a shirt, make sure it is an Eagle. Look at the label. Notice the individual fabric name. When you wear it enjoy the full cut, the long skirt that stays where it's tucked, the six-button center plait that stays closed. When you next buy a shirt, you'll be sure it's an Eagle. Just received a new shipment of collar attached shirts—They are beauties.

The Broad Jump

Any track man who has trained for the broad jump knows what it means to "keep his feet up" when he leaves the take-off.

And after the broad jumper has won his letter, received his sheepskin and gone his way into the world, what he learned about business and banking by maintaining an account at this bank during his school years, will still continue to help him "watch his step."

"MAN WHO KNOWS ABOUT WOMEN" WILL SPEAK FEBRUARY 13

"The man who knows about women", W. L. George, the British feminist, will lecture here Monday evening, February 13, on the "Intelligence of Women". The lecture will be given in the natural science auditorium under the auspices of the University lecture committee.

Mr. George hesitated before calling his lecture "The Intelligence of Women." He said he wanted to call it "Have Women Brains?" but thought that would be too venturesome. He believes that women have intelligence, in the main, just like that of man, although he fears that some of the women might disagree with him. He has collected samples of women's logic. He admits that women will think of things to get out of trouble which would never occur to a man.

"Woman is the natural law breaker," he said, "as man is the natural law maker. Woman is a law ignorer, and has a constant tendency to go in at the door marked 'this way out'."

MEN'S STYLES DESERVE A LITTLE CRITICISM, TOO
 (Continued from page 1)

a high water edition of the regulation "long trousers."

Are They Togas or Breeches?

Those not embraced in the above category, deposit themselves merrily about the town in what they suppose to be an army breeches. Whether the R. O. T. C. members fall off in weight after the issue of the quartermaster, or whether they received a poor fit in the first place, is a debatable question. Suffice to say that few who wear the khaki breeches about the campus impress observers with the fact that they are wearing a part of the uniform. The average effect is of the nature

of a Roman toga draped about a pump handle.

Speaking of garb for the pedal extremities, which is at once sensible and yet easy to look at, there is no such type of footwear among the men at Iowa. A pancake is a thing of beauty when placed aside of the Munson Last shoe. To watch the feet of a few men returning from the armory is to see the sea of traveling bags which litter the floor of the Hotel Jefferson on Homecoming day.

All Wear Flannels

The flannel shirt brigade, which was confined to the college of applied science, now claims several platoons in every college in the campus. A few years ago a farmer could not wear a leather jerkin without concealing it beneath a jacket or a coat. Today the leather skins invade even the ball room.

Women are not the only ones who encourage the druggist to continue in business. An inspection of an Iowa man's dresser array of cosmetics and drugs reveals just as many as the woman's, but of an inferior variety. What is used as a talc may be Marvis, but the chances are that it either shaving powder or Woolworths. Hair oils and tonics vary, but they are all cheap. Some advocate the use of petrolatum (liquid glue), while the more conservative shout for Hermo Hair Lustre. Not a great deal of collateral is required to procure this variety, and not much effect is gained.

Boy, Page the Soap and Water!

However, those who use these are not accompanied by the fragrant aroma of the radicals who inundate the upper deck with Brillantine, particularly that variety prepared by Mr. Colgate, known as Wild Rose.

There are plenty of other discrepancies in the fashions of men, misplaced eyebrows, shaggy locks, chestnuts on the coats for buttons, greasy caps, elastic bands around the neck for collars, but no use to enlarge further!
