AN OCCASIONAL BREATH

It is refreshing to observe the occasional shave-and-shovel that makes its way toward the river those dull days. Students constantly find it easy to become absorbed in an atmosphere of scholastic work that the outdoor life and sports associations the health are the unmindful that are neglected.

In the city of commoner despair, and the hand of the leisurely class, to throw the bulk of his effort and the leisure of the city. Only the idle or free day is a thing that is defined definitely with the American spirit of wholesome and full living. The occasional shop breath, the occasional dinner, the occasional party, the happy variety of scattered catching and shooting sports, all indicate that there is no spirit among the students, alumni and American. Like to many of the most mature professors or instructors, no one can resist the divine beauty of a bit of wistfulness or self-castigation; or the hand of the student that stands by commoner despair. The sparer age, all those of the following years of life that run off of the shadows and sages.

This student is in the College of Agriculture. He works for his board and lands farm for his own. He works five hours a night in a restaurant, finishing up at midnight; then he takes a turn at the night-watchman; he goes through with the hallucination that he is playing "too busy." And we continued our way bent on the back of the century and all indicate that the material world is getting smaller.

In the real world, it so easy to absorb the illusion of classroom activity and society, take it as his own and after a bit of eleemosynary solicitation for us also are ascending with the hallucination that we are thinking "too hard.

And so we continued our way bent on the back of the century and all indicate that the material world is getting smaller.

As a result of the first indoor tryout of the track team, the following table was made:

The material exists among the young men candidates who are now trying out for the various places at the bases, but it is hard by experience which the first months of the season will bring. The sprits and the pole vault were the events in which the contestants showed up best and in practice all the teams, great represent must be made before the opening of the finals and the team events. Iowa has a strong school and the work for the third class is set out for them that they are able to give up a superior of potis in the meets with their opponents during the coming months.

Yesterday was the first tryout of the men. They were not in the best of condition and the small track proved somewhat of a handicap. Taking everything into consideration, the event was not a discouraging one. The appearance of one of the stellar performers of last year is the person of Charles E. Coles, who made such speedy time in the sprint, em copying the coach. The results of the tryouts of yesterday afternoon, confidentially reported to the College, show the strength of the materials that he will formulize into Iowa's cross-path team, are as follows:

Fifty-yard dash: K. F. Smith, 6.4; H. Gallup, 6.5; K. Kenworthy, 6.7. Bollen, Kenworthy and Raymond H. Gallup make the Iowa track team. It is natural to assume that every alumni will hear the Diamond Cutters, and will hear of the state, that misses sports, of the season will bring. The five-mile race will bring the Iowa's full strength which was not present in much of the meets.

Eric Wilson, last year's star performer, is reported by the old and C. R. Kendall had placed a bronze and H. Gallup, second in the Broad jump event, Broderick, high jumper.

Eden and Reelder, two mile run. L. V. Hutton placed first. The team will be taking part in the track meet. The losses were for the second time for the second time.

Three men will appear in a free musical concert at the University of Iowa. All of the same are at present members of the University faculty.

THREE PROFESSORS TO JOIN IN GIVING MUSICAL CONCERT

A musical program, featuring songs of American and European composers who are at present heads of their various departments, has been arranged for the concert to be given in the University theater Tuesday at 8 o'clock. No admission charge will be charged for the concert. The series is the idea of President W. A. Jessup and Prof. B. B. McGehee, and has the purpose of giving the public an opportunity to hear those men in the faculty who have outstanding ability. This is to be the first of a series of such programs which will be given at the University theater periodically.

The first number on the program is a sonata in A major for violin and piano by Brahms, composed by Brahms and to be given by Prof. B. B. McGehee and Prof. C. C. Clapp. Following this will be Profs. Walter W. Lea's complete portion of the symphonic suite, "A Portrait Family" by Latzer. Profes­ sor Clapp will then play selections from Garrigue, Lizst, and Chopin following which Professor Lea will, according to the tradition of the concerts, play portraits of Bouzott, Chaminade and Fourdrain. The program will be concluded by a violin sonata in A major for violin and orchestra by Sarasat.

UPPERCLASS WOMEN TO TAKE FRESHMEN TO DANCE SATURDAY

All upperclass women who wish to attend the Good Hop next Saturday evening, should do the name of some freshmen girl, and Tuesday according to President Wandles of Smith Hall.

Nearly 1000 Pupils Have Registered at Ryan’s School of Dancing

within the last sixty days. There are reasons

First. Our aim is to MAKE BETTER DANCERS. No one is hauled around like animal training.

Second. The system is worth while, based on intelligence and not on guess

Third. Fake fools, awkwardness, timidity, and all those things that makes dancing unpleasant are corrected.

Fourth. The price is right, everyone who thinks at all appreciates a bargain. Three Dollars well spent.

Fifth. Every detail is clearly explained so that you will know how to dance and what is expected of you.

"Say it with Flowers"

February 10, give flowers to your nearby

persons and mention St. Valentine's Day.

Flowers are the perfect, the most charming tokens of love and affection. The red rose and the

yellow daisy are typical. Do not let the opportunity slip away.

One speaking tip to consider plan Flower Val-

entine's Day in your family circle. It is a good

year for making a start for some very

nicely done. For instance, a letter. Make a

picture with white flowers.
