ANNOUNCE MEN ELIGIBLE FOR ANNUAL DINNER

Keuhle-Finkbine Banquet to Entertain Leaders in University

ENSIGN TO BE IN CHARGE Each Campus Organization to Be Represented by An Officer

The list of men invited to the Keuhle-Finkbine dinner, which is to be given February 9, was announced yesterday afternoon by Prof. Forest C. Ensign, secretary of the University of Iowa association, who has charge of the arrangements for the dinner. The guests at the dinner are expected to represent the element of leadership among the men in the University. It is for this reason that the heads of the various men's organizations have been selected.

Those invited are: Gleen Anderson, president of Xi Psi Phi and of Associated Students of Dentistry; Lloyd Anderson, president of Aero club; Fidel Arquerro, president of Filipino club; Robert Aurner, president of Delta Sigma Rho; Chester H. Barger, president of Phi Gamma Delta; Norman Bickel, president of Silver Star club; Robert L. Block, president of University Players; Andrew Bossen, president of Kappa Beta Psi; Frank C. Boyd, president of Delta Tau Delta; Douglas F. Boynton, president of University Students' Council; William C. Brandes, president of General Engineering society; Frank T. Breene, dean of the college of dentistry; Harry D. Brockman, president of the freshman class in the college of applied science; Harold Buck, president of senior class of the college of dentistry and of Delta Sigma Delta.

Marcus Carlson, president of senior class of the college of applied science and of Phi Kappa Sigma; Clyde Charlton, president of Sigma Nu; Shirley A. Clark, president of Alpha Tau Omega; A. Devine Clem, of the Glee club quartette; Gilbert Cooper, president of Sigma Chi; Charles Cornwell, president of the Classical club; Frank H. Coy, president of Acadia; John Cumberland, president of the Associated Students of Applied Science; Glenn Cutter, president of Nu Sigma Nu; L. W. Dean, dean of the college of medicine; Aubrey Devine, president of the freshman class of the college of law; Edward Doerr, president of Beta Theta Pi; John J. Dondore, president of the junior class in the college of liberal arts and of the Howling Three Hundred.

Fred Egan, president of Pan-Hellenic council; Albert Eisenhart of the Glee club quartette; Dwight Ensign, president of the sophomore class in the college of medicine; Forest C. Ensign, secretary of the University of Iowa association; Edward E. Erickson, president of Tau Beta Pi; Martin Flentje, president of Alpha Chi Sigma; Roy K. Forney, president of Eels' club; Sidney Foster of Des Moines; Ray Fuller, president of Chi Kappa Pi.

William Goodell, president of Y. M. C. A.; Edward Goodrich, president of A. F. L.; Herbert F. Goodrich, dean of the college of law; Bruce Gould, president of Sigma Delta Chi; H. A. Grant, president of Sigma Alpha Epsilon; Ralph Grassfield, director of Iowa Memorial Union; Francis Halford, president of the sophomore class in the college of liberal arts; Arnold Hand, president of Newman club; E. J. Harrington, president of Psi Omega and of Interfraternity conference; Frank Harvey, president of Clinton club; Donald Hoedogel, president of Sigma Phi Epsilon; Victor Hoersch, president of Graduate club; Edgar Hoffman, captain of track team; Charles B. Hoeven, president of Phi Alpha Delta; John S. Holbrook, president of the junior class in the college of applied science; Roscoe Holm, president of freshman class in the

LAST SONG SALE ON THIS WEEK

Dean of Women is Swamped by Orders for Books Says Jean Spiers

The last public sale of the University song book is to be put on tomorrow and Tuesday, according to an announcement made by Jean Spiers yesterday. Staff and Circle will have tables in the liberal arts and natural science buildings from 9 a. m. until 5 p. m. and in the professional colleges before and after noon. Members of the faculty and town people will be given an opportunity of buying the books these days.

Jean Spiers A4 of Reinbeck, president of Staff and Circle, said, "We are putting the song books on public sale again, because of the increased demand for the books since the opening of the semester. Students are calling at the office of the dean of women, who is unable to supply them with books."

According to Josephine Thielen A4 of Grundy Center, business manager of the books, a number of orders have been sent in by alumni, but not enough books have been sold to secure yet the publication of "On Iowa".

"We hope that this sale will be the means of including the song in future issues of the book," said Miss Thielen.

The University Song Book was compiled by the last year members of Staff and Circle, and it is being sold by the members this year. The book contains not only Iowa songs, but those of other universities as well. The price is still \$1.25 a book.

NEXT CONVENTION OF IOWA COLLEGE PRESS WILL BE HELD HERE

Iowa City was selected as the next meeting place of the Iowa College Press Association to be held sometime during the latter part of April by the executive committee of the association which met yesterday in Ames.

Robert T. Kenworthy A4 of Earlham, president of the Iowa College Press association attended a meeting of the executive committee of the association yesterday in Ames. The committee is composed of representatives of the university and college newspapers of Iowa.

The committee met to select the location and date for the annual meeting of the association which is held sometime the latter part of April or in May. Last year the convention met at Ames for a two day session, and was attended by about fifteen students from the journalism department of the University. A total of about 200 from the various colleges and universities of Iowa attended the convention last spring.

NEWMAN PARTY POSTPONED

At a meeting of the Newman club last Wednesday evening, Chas. M. Toynbee, S4 of Davenport, chairman of the play committee, reported that a play had been selected, but on account of the large number of plays now being developed, the committee was unable to secure the services of a competent coach until later in the season. Toynbee advised the postponement of the play until after Easter, and the club, acting upon his suggestion, postponed it.

The following membership committee was appointed: Jos. L. Wyoske A4 of Brighton, chairman, Ed. C. Halbach A4 of Pringhar, Francis L. Foley A4 of Iowa City, Hugh Wade L1 of Iowa City, Margaret Wagner A2 of Alton, and Evelyn M. Byrne A1 of Dubuque.

ACTORS PICKED TO APPEAR IN IBSEN DRAMA

"Pillars of Society" To Be Staged March 23 in New Theater

FOLEY IN LEADING ROLE Seventeen Chosen for Parts in University Players' Production

The cast for "The Pillars of Society", the Henrick Ibsen play to be presented by the University Players at the University theater March 23, was announced yesterday afternoon. The cast includes several players who have made successful appearances in public performances during this and other years. Several were chosen for whom this will be the first appearance.

The cast of the play includes: Consul Bernick, Gregory Foley A3 of Rock Rapids; Mrs. Bernick, his wife, Marjorie Gailey A4 of Iowa City; Olaf, their son, a boy of thirteen; Walter Dehner A3 of Iowa City; Miss Bernick (Martha), the Consul's sister, Maurine Shaw A4 of Des Moines; Johan Tonnesen, Mrs. Bernick's younger brother, Albert Ward A3 of Clinton; Miss Hessel, her elder step-sister, Lucile Everett A4 of Iowa Falls; Hilmar Tonnesen, Mrs. Bernick's cousin, Otto Laing A3 of Corydon.

Vigeland, merchant, Clifford Anderson A2 of West Branch; Rector Rorlund, Lawrence Shumaker A4 of Iowa City; Dina Dorf, a young girl living in the Consul's house, Helen Langworthy A4 of Massena; Krap, the Consul's clerk, James Barton A3 of Ottumwa; Shipbuilder Aune, Leslie Boatman A4 of Barnes City; Mrs. Rummel, Eloise Smith A4 of Sioux Rapids; Mrs. Postmaster Holt, Maude Adams A4 of Des Moines; Mrs. Doctor Lyngge, Bess Simoth A4 of Randalia; Miss Rummel, Lucile Hoffman A3 of Iowa City; Miss Holt, Helen Wylie A4 of Keokuk.

Although the play was written in 1877, "It has its message for today," says Mr. Walter Eaton. It took a Hughes and a Roosevelt to prepare us for Ibsen. It is ringing with a bitter scorn of mere commercial success at the expense of the human soul.

"Pillars of Society" is an Ibsen play which had a striking and immediate theatrical success. It is the story of a shipbuilder who ignored the fact that the spirits of truth and freedom are the pillars of society. "The plot is extremely effective from a theatrical point of view," says William Archer, noted English dramatic critic, and, "In many individual touches we recognize the incomparable master hand."

The plot concerns itself with the machinations of Consul Bernick, who strives to obtain wealth and standing in the community at the sacrifice of honor and the happiness of others, and with the success of Lona Hessel, who stands firmly for truth and freedom, and the love of Johan and Dina.

LAW PROFESSORS OBTAIN POSITIONS FOR SUMMER

Announcements of the summer session schedules of some of the faculty of the college of law have been made recently. Acting Dean Herbert F. Goodrich will conduct the courses on Constitutional law and sales at the University of Wisconsin. Prof. H. C. Horack will give equity and agency at the University of Michigan.

At Columbia university, Prof. D. O. McGovney will conduct the course on Corporations, and Prof. Edwin W. Patterson will give personal property and insurance courses.

KATHERINE LA SCHECK TO APPEAR IN VOCAL RECITAL

Katherine La Scheck, soprano, assisted by Walter R. Jenkenson, baritone, will give a recital at the Presbyterian church, Monday, February 13, at 8 o'clock. Tickets at the price of one dollar are on sale at Weinekes Book Store.

Ruth St. Dennis, Famous California Dancer, to Appear Here February 20

Limitation of the number of seats to be sold for the performance by Ruth St. Dennis, world famous classic dancer, to be given in the University theater Monday, February 20, is set at 800. This announcement was made by the committee having charge of the arrangements.

The possibility of booking this dancer for an engagement at Iowa City came about through a series of communications from the executive committee of the University club. At first she refused to make the trip for a single performance, but later, because of an engagement in New York, February 24, agreed to appear here on the twentieth.

Members of the executive committee responsible for bringing Miss St. Dennis are: Miss Ethyl Martin, president; Miss Catherine Macartney, vice-president; Miss Nell Harris, secretary; Miss Ruth Gallaher, treasurer; Mrs. Fred Holmes, Mrs. Nellie S. Aurner, and Miss Helen Donovan.

Concerning the nature of her program a letter from Mrs. June Rhodes, former business manager of the dancer, says, "She will give a twelve minute talk on the dance, its related arts, and their relation to life. She speaks characteristically, and with the same vital charm that all her work has. Ruth St. Dennis

is in spirit a great artist. She handles color like a painter, mans her groups or individual poses like a sculptor, moves with the rythm of poetry, and under all her work is the form and beauty of architecture. The dance happens to be her medium of expression."

Miss St Dennis is popularly called an interpretative dancer. The late Professor William Dallam Armes of the department of English of the University of California, speaks of her work in this way:

"Her special sphere is the dance as a synthetic art and it is in connection with the universality of the dance and its still untouched spiritual possibilities that she prophesies."

Her first fame came through a cycle of East Indian dances, "Rhada", "The Incense Dance, or Pura", and others. Then she was notable for her Egyptian productions, introducing the first ancient Egyptian dances done in this age. A Japanese dance play was created, a Hindoo love-tale, and numerous other single dance numbers.

Tickets for the production will be on sale Monday, February 6, at the book stores. The price of a ticket is \$1.50. A reservation of seats will be made Saturday and Monday, February 18 and 20.

ILLINOIS TRACK MEN EXPECT TO WIPE OUT HAWKEYE CINDER TEAM

Reports concerning the strength of the Illinois University track team which will furnish opposition for the Hawkeyes on the evening of Wednesday, February 18, are to the effect that the prospects for them are the brightest in some time past. The dropping of the three athletes on the charge of professionalism did not effect the strength of the track team and they are looking forward to the meet with the Iowa track aggregation in the hope of an easy victory.

However Coach George T. Bresnahan, director of track activities in Iowa promises that his team will be primed for the visitors and expects that his proteges will outpoint their adversaries. Little is known of the relative strength of the Illinois team. However, most of the old men that represented that university on the track last year are back for another fling and that fact alone is an assurance of the formidability of the opposition that they will furnish for the Old Gold representatives.

The final tryout that will practically decide the men who are to perform for Iowa will be held next Saturday afternoon.

RIFLE EXPERTS RIVAL IVORY SOAP RECORD

Walter J. Dehner and Dillard Bray of the infantry unit, made scores of 199 out of possible 200 in rifle team tryouts last week, it was announced last night by Lieut. Thomas Martin, coach. Several other men are following closely on the heels of Dehner and Bray, and the whole team has shown great improvement during the past week, said Lieutenant Martin. The scores were made in the sitting and prone position.

Announcement was also made that two rifle teams of fifteen men each would shoot in the seventh corps area matches, instead of one fifteen man team, and tryouts for places on these teams will be held all this week as it is wanted to give every man on the squad an opportunity to try out. The matches will start as soon as the galleries are moved to the new armory.

The rifle match which was scheduled with Wisconsin has been postponed until the week ending February 25, and at that time the Iowa men should be in condition to win without difficulty. A match with Ohio State has also been scheduled for April 8, besides several other matches which are being considered at the present time.

WEATHER REPORT

Clear and colder in southeast.

IOWA DEFEATED BY MINNESOTA; SCORE 51 TO 17

Shepherd Wins Only First Place for Iowa in Dives

BEAT CONFERENCE TIME

Crowd of 300 Attends First Big Ten Swimming Meet of Year

Robbed of all but one first place, Iowa fell before the onslaught of the Minnesota swimming team last night and lost by a score of 51 to 17 the first conference swimming event of the season. Featuring the meet was the lowering of the "Big Ten" conference record in the 160 yard relay, Minnesota swimming the number in 1:21 1-5, thus bettering by one-fifth of a second the former mark. This time will not, however, go down as a new conference record, since it was not made at the all-conference meet.

Individual points in the meet were well distributed, seven men tying for first place with five points each. Captain Cliff Shepherd was the only Iowa man to cop a first place. He won his first place when he scored a total of 104.7 in the fancy diving contest. The Minnesota men who won first places were: Holmes, Dinsmore, Lanpher, Grose and Gow.

Farcy Slows Up

Farcy of Minnesota, who was expected to do some sensational swimming in the 200 yard breast stroke, due to the fact that he recently broke the world's record in this event, took matters easily last night, and, after holding the lead for 160 yards, let his teammate, Dinsmore pull up ahead of him and finish in first place by an arm's length. The time in this event, 2:54, was slow, especially when the ability of the men swimming the race is considered.

The most gruelling yet sensational race of the evening came in the 220 yard swim, which was won by Lanpher of Minnesota by a small margin.

Klingman Wins Point

Klingaman of Iowa took the lead in this event and held it until the first 100 yards had been paddled off, when he dropped back and, though he fought hard to regain the lead, was unable to do so throughout the race. Goltman of Iowa, who relegated himself to fourth place early in the event, made a sensational spurt on the last length and a half and came in with one point for Iowa.

For speed and excitement the 160 yard relay took the prize. Foley, swimming against Stover in the first lap of the event, gave the Gophers an arm's length lead which they maintained throughout the race. The time of 1:21 1-5 seconds for this event was the fastest time of the evening.

The 40 yard dash was a pretty event and was featured by the quick getaway of Clarke, who led the swimmers by almost a body length on the jump. A slow turn at the end of the tank pulled him back, however, so that he was unable to do better than win a third place, Holmes of Minnesota taking first and Brown of Iowa second.

Grose Beats Day

Another Minnesota upset occurred in the 150 yard back stroke in which event Captain Day, booked to win by an easy margin, held back and let his running mate, Grose, come in with first place. The time was slow, being seven seconds slower than the University record.

The water basketball game was won by Iowa on a count of 2 to 0 by reason of Minnesota's failure to put a team in the water, thus forfeiting to Iowa. The victory in the basketball game did not apply on the score of the meet, but does give Iowa a lead in the conference standings in this sport. As a sub-

AN OCCASIONAL BREATH

It is refreshing to observe the occasional skate-over-shoulder that makes its way toward the river these days. Students commonly find it so easy to become absorbed in an atmosphere of scholastic work that the outdoor life and sports essential to the health are too easily neglected.

To break away for a time from the I've-got-to-rush-this-through-before-class spirit and the hunched-over-a-desk type of breathing, to throw the skate or hiking kit over the shoulder, and taste of the outdoor life during an idle hour or a free half day is a thing that is definitely consistent with the American spirit of wholesome and full living. The occasional deep breath, the exercise of a few unused muscles, the happy variety of sporting clothes, the free laughing and calling comrades, the spicy air, all speak of the fullest enjoyment of life which we, as college students and Americans, like to example. The most severe professor or taskmaster can say no word against the diversion of a bit of skating or hiking or gaming; they are things that stand by themselves no better than does exclusive application to the pursuit of studies, but they go hand in hand to constitute the ideal training.

Take an occasional breath, straighten the spine, laugh a hearty laugh, and build a worthy house for that learning which we hope to find here.

COMING CLOSER

It is natural to assume that every bit of progress in the way of communication must be heralded by the announcement of invitations and discoveries in steam appliances, radio-activity, and the press. This is to a large extent true, but it should not be allowed to dim our perceptions so that we can not see the steady growth between the periodic innovations that startle the world. We forget that the wheels revolve sometimes when the piston rod is still.

We read casually in the press that old alumni will hear the Diamond Jubilee celebration by wire, that West Virginia and Iowa wrestlers will meet on the mat, that musical concerts are passed about in the air, that students may pursue their studies under University direction in any part of the state, that minor sports have entered into intercollegiate contests, that foreign study is becoming more and more common, and the mile is shrinking into insignificance. These are trifling observations and we are apt to regard them with indifference, but they all indicate that the world is getting smaller.

HONESTY IS BEST

Eddy two and one half Sun. When it was first learned that Aubrey Devine and Gordon Locke, star Hawkeye athletes, had been mentioned in connection with the professionalism scandal which has been the most talked of topic in the sports world for several days, stu-

dents, alumni and townspeople refused to believe the statements and all showed their willingness to cooperate in refuting the charges.

The fact that they are so respected by their friends and followers, and that their honesty is unquestioned here, should mean a great deal to these two men, more than any money they might have made in professional competition.

TOO BUSY

When the average student refuses to do some friend a favor, or when he foregoes a picture show or cuts a class or misses a dance, he sighs or moans or snaps: "Too busy." We, who also have our minor obligations of classroom activity and society, take him at his word and offer him a bit of brotherly sympathy; for we also are wrestling with the hallucination that we are likewise "too busy."

And so we continued our way of bending beneath the burdens of a fast and furious college life, until we heard of one student whose business was exceeded only by his ambition and his physical endurance.

This student is in the College of Agriculture. He waits table for his board and tends furnace for his room. He works five hours a night in a restaurant, finishing up at midnight; then he takes a turn as night-watchman for a manufacturing company until 4 a. m., when he goes to bed for his less than six hours daily sleep. When he studies no one can tell, and yet he is carrying an average schedule, making good grades, keeping physically fit, paying his expenses, and saving up money for a rainy day.

This man is determined to get a college education, and it looks as though he were going to succeed. And we have learned that we, after all, are possibly not so busy as we thought.—Daily Illini.

COACH CHARACTERIZES WORK OF TRACK TEAM AS GENERALLY POOR

As a result of the first indoor track tryout of the season, which was held on the new track at the armory yesterday afternoon, Coach George T. Bresnahan announces that mediocre is the most suitable word to describe the performance of the athletes in the various events, with only one or two exceptions.

The material exists among the various candidates who are now trying out for the various places on the team, but it must be developed by experience which the first meets of the season will bring. The

sprints and the pole vault were the events in which the contestants showed up the best and in practically all the others, great improvement must be made before the opening of the official Big Ten track season. Iowa has a strong schedule and the work for the thinly clads is set out for them if they are to pile up a superior number of points in the meets with their opponents during the coming months.

Yesterday was the first tryout of the year. The men were not in the best of condition and the small track proved somewhat of a handicap. Taking everything into consideration, the event of yesterday is not a discouraging one. The appearance of one of the stellar performers of last year in the person of Charles C. Colby, who made speedy time in the sprints, encouraged the coach. The results of the tryouts of yesterday afternoon, conducted primarily to give Coach Bresnahan an idea of the material that he will formulate into Iowa's cinder-path team, are as follows:

Fifty yard dash: R. F. Smith, L. C. Hoyt, J. P. Lambert; high jump: tie between Conn and Hoffman; quarter mile: Meir, Read

and Kepler; two mile run: L. V. Peterman; one mile run: Ashton; one half mile: Noll; broad jump: Jaqua; pole vault: tie between Meder and Smythe, Jaqua second; low hurdles: Brookins; high hurdles: Shope.

Iowa's full strength was not present in many of the events, for Eric Wilson, last year's star sprinter, was sick in bed, and C. R. Brookins had pulled a tendon and saved himself for the low hurdles. Colby, Iowa's leading sprinter of

two years ago, had only been out for practice for a few days and was not in condition. In the 440 yard run, neither Beck nor Grelek, who was Iowa's best quarter mile last year, was entered.

WEAVER OUT FOR SENATE

The candidacy of H. O. Weaver '92 and LL.B. '93, of Wapello, for the office of United States senator to succeed W. S. Kenyon, is being actively pushed by the Burlington Hawkeye.

Mr. Weaver is president of the

alumni association of this University. He has had much political experience in the state, serving in two different legislatures, as well as on a code revision committee. He is at present chairman of the Agricultural Society and State Fair Committee.

1000 TEACHERS INVITED HERE

History Conference for High School Instructors Interests Many

More than 100 invitations have been sent out to all the teachers of history of the secondary schools of Iowa by the history department of the University, for the second annual conference of Iowa history teachers of the state, which will be held on February 17 and 18 at Iowa City.

Numerous letters have been received by Prof. A. M. Schlesinger, head of the department of history, from history teachers over the state, signifying their intention of attending the convention.

The program for the convention has already been announced by the history department. It will consist of five sessions. The first half day session of the conference will be held in the little theater, observational schools building. Other sessions will be held in the liberal arts assembly hall.

The first session of the program will open at 10 o'clock, Friday morning. Professor Schlesinger will act as the presiding officer, and the program will be opened by an address of welcome by President Walter A. Jessup. The subject to be discussed for the morning will be "Geography and History". Prof. Lewis Pelzer and Prof. Clara M. Daley of the University and Miss Ellen C. Semple of Louisville, Ky., will present papers on the subject.

The afternoon session will be presided over by Prof. Benjamin of the history department at 1:30. "The Use of Sources in History Teaching" will be the general subject, and its different phases will be discussed by Prof. Fred M. Fling of the University of Nebraska, Walter I. Brant of the University of Iowa, and Prof. Sara M. Riggs of Iowa State Teachers College.

At a dinner session, which will be held at the Pagoda tea shop at 6:15 Prof. H. G. Plum will preside. The question boxes, which are to be provided in order to insure the consideration of questions and difficulties that have no place in the formal program, will be opened and discussed.

Prof. O. E. Klingaman, director of the extension division, will preside over the evening session. The subject, "The Teaching of Americanism in the Social Sciences" will be discussed by Prof. D. C. Knowlton of the Teachers' College of New York City and Miss Ellen C. Semple.

The last session which will be held on Saturday morning at 9 o'clock will be presided over by Prof. J. C. Parish, lecturer in Iowa history. "The What and How of Social Science Instruction" will be the general subject. Dr. Knowlton, Prof. D. L. McMurry and Prof. Fling of Nebraska will be the speakers.

EMPLOYMENT BUREAU TO HUNT JOBS FOR COMMERCE STUDENTS

The employment bureau of the college of commerce, working under student control, is a new departure in business education and promises gratifying results, according to Prof. Chester A. Phillips, dean of the college of commerce. So far as is known it is the only bureau of its kind and it is expected to become an important factor in the development of that college.

Each applicant for a position is required to pay a registration fee of one dollar which goes toward the payment of the expenses of the organization. While the bureau does not guarantee to place every applicant it does agree to put him in touch with employers and will arrange for personal interviews if necessary. Several representatives of various financial and industrial concerns will be brought to Iowa City for personal interviews with students this spring. All commerce students interested are requested to call at room 205 of the liberal arts building on any day between the hours of 11 and 12 a. m. or between 3 and 4 p. m.

The board of control of W. A. A. will have its Hawkeye picture taken at the Townsend studio at 12:30 o'clock Thursday.

Pauline Spencer, president.

SOCIAL COMMITTEE MAKES NEW RULING ON DANCE CHAPERONS

A combination of circumstances which made it impossible for a chaperon to attend a Delta Tau Delta dance has resulted in the formation of a new social regulation by the University social committee. The rule specifies that in case the chaperon finds it impossible to attend a dance, the condition must be immediately reported to the dean of women, who will provide a chaperon.

The regulations previously stated, "All parties for both men and women must be chaperoned, the official chaperons are to be selected from the approved list, and reported to the dean of women at least two days before the date of the party. Fraternities and simi-

lar organizations may not entertain young women at their houses without a chaperon reported at the office of the dean of women. In case of impromptu parties duly caperoned the chaperon may be reported at the office of the dean of women later than the time at which the party is given."

The Delta Tau Delta fraternity reported its chaperons two days before the dance. The morning before the dance it was found that the chaperons could not attend. Reports of the circumstance did not reach the social committee for three days. An investigation was immediately made and the new rule added to the regulations.

CLASSICAL CLUB SPONSORS HISTORICAL MOVIE AT STRAND

The Classical club, in its endeavor to raise \$250 for the American school of classical studies at Rome, is sponsoring "Theodora", which is to be shown at the Strand the week commencing February 12. Tickets are being sold by members of the club and in room 108 L. A. Last year the club presented "Julius Caesar."

Sardou wrote "Theodora" and Sarah Bernhardt created the title role.

ENLARGEMENTS

THE pleasure of possessing a good negative can be materially increased by having an artistic enlargement made for framing.

The excellent facilities in our photographic work rooms insure the very best results. Enlargements are made in black-and-white, brown-sepia tones, or tinted, ready for framing, or framed, at a very moderate cost.

PHOTOGRAPHERS BUSY ON PICTURES FOR HAWKEYE

Group pictures of the various University organizations are being taken almost daily at some of the studios in Iowa City. According to officers of the various clubs, fraternities and sororities, the attendance of the organizations that have already had their photos taken for the Hawkeye has been al-

most perfect. In very few cases have the members failed when the call was issued for their club to respond. Pictures will probably be taken for the next two weeks and during that interval it is hoped that every organization will have had the opportunity of appearing before the camera.

Today at 11 a. m. a picture will be taken of the Phi Psi fraternity at Luscombe's studio and at 11:30 the Phi Beta Pi group picture will be taken, also at Luscombe's.

LIMIT ENTRIES IN TOURNAMENT

Seventy Teams to Take Part In Annual Meeting of High School Men

With the announcement that the third annual high school basketball tournament which will be held here March 16 and 17, will be limited to fifty high school teams other than tournament winners, and that the number of tournament winners will be limited probably to less than twenty, preparations are going forward for the arrangements of the tournament.

Although the athletic department has the new armory to use as a floor, it has decided to limit the number of entries this year because of the impossibility of absolutely guaranteeing rooms for all the men. Following the same plan used last year, Howard H. Jones, director of athletics, entered into negotiations with hotel men for rooms for the visiting players, and after a great deal of work deemed it advisable to hold the number of men down so that those who did come would be sure of accommodations.

Those high school teams which win tournaments in other parts of the state will be asked to enter competition here, and the first fifty non tournament winners who apply for a place in the tournament will be accepted.

Following this plan, the tournament will be divided into two groups, one representing the tournament winners and the other representing the other teams. Each division will have a schedule of its own, and the two division winners will meet in the last game to decide the winner of the tournament. Davenport high school, which captured the tournament the first two years is doped to place rather low this year. They won the championship only after a hard fight both last year and the year before when they defeated Springville. Last year they captured the game from Anamosa, largely through the work of Krauski, center, who was so much larger than other men that he dominated the whole floor.

ALUMINUS TO FEATURE DIAMOND JUBILEE IN LARGE SPECIAL ISSUE

The February number of the Iowa Alumnus will celebrate the seventy-fifth birthday of the University with a special Diamond Ju-

bilee number. This issue will be the largest in the history of the Alumnus and will contain from 60 to 80 pages.

One of the most interesting features of the number will be a survey of one hundred years, from the time of the University's beginning in 1874 to the present and into the future twenty-five years, rounding out the century to 1947.

Dr. John C. Parish will tell the story of "Iowa's Presidents" in an article illustrated with half tones of the various administrators. Another interesting article has been contributed by Cyrenus Cole, author of "A History of the People of Iowa," and representative from the fifth Iowa district in congress, entitled, "The Spirit of Education in Pioneer Days." Various articles of a historical nature will be included and a series of the dates including cardinal events in University history which will help to visualize changes at Iowa.

Two lyrics from Professor Edwin Ford Piper's "In the Land of the Aiuuwas," the masque to be produced as a part of the Foundation Day exercises, will be included in this number.

"Fifty Years of Athletics" will give a tabloid history of athletics at Iowa. Contrasts, between then and now will be noted and a score of other articles will feature matters of interest pertaining to the founding of the University.

A dozen or more full page cuts will be included in this number. Besides the pictures of Iowa's thirteen presidents, the text will be further fully illustrated. Among these pictures, no doubt the one of greatest interest will be a map of Iowa City, published in 1839. A new drawing of Iowa's proposed stadium has been made especially for this number.

The price for a single number is twenty-five cents. One dollar will include the Jubilee number and the four succeeding numbers, of Volume XIX.

PHI KAPPA SIGMA AND PHI KAPPA PSI WIN FRATERNITY GAMES

Two fast games were played in the fraternity series yesterday afternoon at the men's gymnasium when the Phi Kappa Sigmas defeated the Sigma Phi Epsilons for a 18 to 7 count and the Phi Kappa Psis in an overtime session nosed the Sigma Nus out on a 19 to 14 victory. Both contests were exceptionally good, all four teams giving exhibitions that were appreciated by the interested crowd which witnessed the games.

In the first game Hansen and Irish for the Phi Kappa Sigmas deserve mention for their work, Hansen for his long shots through the hoop and Irish for fast floor work. The Sigma Phi Epsilons also showed ability in the game.

The tilt between the Phi Kappa Psis and the Sigma Nus was a hot battle especially during the last period and the two five minute overtime periods. Both teams had the necessary fight and their ability to put the ball through the ring was responsible for the big scores of each side. Janse for the Phi Kappa Psis and Hancock for the Sigma Nus did creditable work and, with the help of their team-mates, offered good entertainment for the campus cage followers.

By virtue of their victory the Phi Kappa Psis added another victory to their count and will demand recognition when the dope on the winner of the series is figured.

The game which was scheduled between the Delta Tau Deltas and the Nu Sigma Nus at 2:15 was called off because of the withdrawal of the medical aggregation from the series.

NEW QUAD COUNCIL NOW GOVERNS DORM

At a recent meeting of the Quad-rangle council, sixteen members were chose to form the governing body of the dormitory for the present semester. The men who comprise the new council are: J. L. Swanson A1 of Creston, Andrew Scott A3 of Paulina, Lester Prewitt A3 of Forrest City, Lloyd Hurlburt L1 of Calmar, Clement Mullins L2 of Waterloo, Kenneth Beim A3 of Des Moines, Karl Jasper A3 of Newton, Herbert Bixby L1 of Davenport, Edgar Mead S3 of West Liberty, Albert Swale L2 of West Union, John Braums S2 of Wapello, W. E. Coultas of Emmetsburg, John Nill S3 of Muscatine, Kelse Saemish A3 of Atlantic.

There will be a meeting of this body Monday evening, at which officers will be chosen from the group of councilmen.

THREE PROFESSORS TO JOIN IN GIVING MUSICAL CONCERT

A musical program, featuring men of American and European experience who are at present heads of their various departments, has been arranged for the concert to be given at the University theater Tuesday at 8 o'clock. No admission charge will be called for since it is the idea of President W. A. Jessup and Professor E. C. Mabie to give the public an opportunity to hear those men on the faculty who have outstanding ability. This is to be the first of a series of such programs which will be given at the University Theater this year.

The first number on the program is a sonata in A major for violin and pianoforte, composed by Brhms and to be given by Professor F. E. Kendrie and Professor Phillip G. Clapp. Following this will be Professor Walter R. Leon's recital of portions of the song-cycle, "A Persian Garden" by Lehmann. Professor Clapp will then play selections from Grainger, Debussy, Litz, and Chopin following which Professor Leon will give recitations from Chaminade and Fourdrain. The program will be concluded by a violin composition from Van Goens, Dvorak-Kreisler and Sarasate.

SMITH OUT OF VIRGINIA MATCH

Iowa and Ames Not Likely to Meet on Mat This Year

Bob Smith, who represented the University on the mat in the 145 pound class this year, will not wrestle against West Virginia here Wednesday evening, according to physical education for men, because of the fact that he will be unable to get down to his proper weight in time for this match.

Smith, who because of his experience and ability is regarded as one of the best men on the team, will be missed against the eastern invaders. Those who saw him work here last year in the meets with Minnesota and Nebraska know his ability and his absence will undoubtedly cause a weakening of the team. Coach Mike Howard, however, has a remedy which he thinks will patch up the weak spots in fairly good shape.

If Sweeney, captain of the team, and conference champion in his weight, the 135 pound class, wins his match in that division without a great deal of competition, he will be sent against the West Virginian who wrestles in the 145 pound class. Although he will be wrestling out of his weight, his ability, experience and speed will probably win over anything West Virginia has to offer, unless they boast of a man of Sweeney's calibre in either weight.

If Sweeney's competitor in the first match proves good enough to give the captain a tough tussle for the match, then probably Jacobsen will be used in the 145 division. However, if Coach Howard decides that the 135 pound man does not look like a champion, he will probably send Jacobsen against West Virginia in the 135 pound class and let Captain Sweeney take on the 145 pounder.

The arrangement, however made, will not be as good as having Smith in his old weight, but Jacobsen is a clever man and can probably hold his own with any man in the conference of his experience. Those who would like to see

Ames and Iowa meet on the wrestling mat will probably be disappointed, said Mr. Shroeder recently, but a comparison of the two teams can be easily made the latter part of this week, as West Virginia has scheduled meets with both teams.

UPPERCLASS WOMEN TO TAKE FRESHMEN TO DANCE SATURDAY

All upperclass women who expect to attend the Co-ed Hop next Saturday afternoon, should draw the name of some freshman girl, on Tuesday, according to Bernadine Wendel A2 of Smithland.

The Peak of the Week

SATURDAY NIGHT!

Drawings will continue from eight in the morning until five in the afternoon, at the table in front of the Liberal Arts drawing room. Programs are ready and will be given out Tuesday, when the drawings are made.

Miss Wendel said, "The purpose of the Hop is to form better acquaintances between the freshmen girls and the upperclass women, and among the freshmen themselves." The Co-ed Hop is an annual event under the auspices of the Women's association and the Y. W. C. A. Varsity orchestra will furnish the music and dancing will be from 3 to 5 p. m. in the

women's gymnasium. There will be no Women's association dance at Varsity hall Saturday afternoon February 11.

The freshmen girls will be escorted to the dance by the senior, junior or sophomore woman who has drawn their names. The committee in charge with members from both Women's association and the Y. W. C. A. is as follows: Mildred Freburg A4 of Pomeroy, and Bernadine Wendel A2 of Smithland, general committee; Jane Coventry A3 of Des Moines and Jean Forbes A3 of Pine River, decorating committee; Emily Withrow A2 of Mount Pleasant is in

charge of refreshments, and Gladys James A3 of Williamsburg of programs.

PROFESSOR WASSAM GIVES ADDRESS AT CEDAR RAPIDS

Prof. Clarence W. Wassam, of the commerce department, attended the district meeting of the Guarantee Life Company of Davenport, which was held at Cedar Rapids yesterday afternoon. He delivered an address to the meeting on the subject of "The Economic Value of Life Insurance."

This is the same address which Professor Wassam gave at the annual banquet of Life Underwriters of Davenport recently. Dr. Wassam has made a thorough study of all branches of insurance and is considered an authority on the subject.

ler, University editor; A. J. Weber, president of Sigma Pi; John Wormley, president of the freshman class in the college of dentistry; A. W. Lauw Zecha, president of the Cosmopolitan club.

IOWA DEFEATED BY MINNESOTA; 51-17

(Continued from page 1)

stitute for the scheduled game the varsity clashed with the "frosh" in an exhibition which ended in a 4 to 4 tie.

Iowa Runs Close

While it is true that Minnesota made almost three times as many points as Iowa, the defeat of the Old Gold was far from as bad as it sounds, the reason being that Iowa lost by only inches in every event save the back stroke, where the Gophers' lead was more extensive. One of the interesting features of the meet was the work of Klingaman, who won a second place in the 220 yard swim and a third in the 100 yard dash. Klingaman is considered a "find" for the Iowa squad this year, having done practically no swimming until a few weeks ago. He was first drilled in the breast stroke, but did not show up quite satisfactorily and was shifted to the crawl, where he made rapid advances. Iowa backers are counting on him to come through with some even better work before the season closes.

The next meet of the season will be with Northwestern in the Evanston tank this coming Friday.

The summary of last night's meet follows:

160 yard relay: Won by Minnesota (Foley, Johnson, Hill and Holmes). Time 1:21 1-5.

Fancy diving: Shepherd (Iowa) first; Brunner (Minnesota) second; Prins (Minnesota) third. Score 104.7.

40 yard dash: Day (Minnesota) first; Brown (Iowa) second; Clarke (Iowa) third. Time 20 4-5 seconds.

200 yard breast stroke: Dinsmore (Minnesota) first; Faricy (Minnesota) second; Smith (Iowa) third. Time 2:54.

220 yard swim: Lanpher (Minnesota) first; Klingaman (Iowa) second; Goltman (Iowa) third. Time 2:39 4-5.

Plunge for distance (60 feet): Jordon (Minnesota) first; Atwood (Minnesota) second; Bane (Iowa) third. Time 25 4-5.

150 yard back stroke: Grose (Minnesota) first; Day (Minnesota) second; Webber (Iowa) third. Time 2:09 3-5.

100 yard swim: Gow (Minnesota) first; Hill (Minnesota) second; Klingaman (Iowa) third. Time 1:00 4-5.

MABIE IS HONORED

Prof. Edward C. Mabie of the department of speech has been elected to serve on the national advisory committee for little theater circuits, of the National Drama league. The committee will meet at Chicago, April 19, to plan a program to recommend before the national convention, April 20.

ADMISSION TO THE RELAY MEET TO BE TWENTY-FIVE CENTS

Twenty-five cents admission will be charged to the inter-sorority and interfraternity relay, members of the athletic board announced yesterday. "I" tickets will not be accepted for admission. The date of the relay meet, February 22, is also the evening selected for the first indoor meet this year, in which many high schools will be entered. The first event will start promptly at 7:30 o'clock.

100 issues of The Daily Iowan for \$1.75. A dandy paper to send to your home or high school.
