BLIZZARD TO BE STAGED FRIDAY AT COTILLION

Walls and Ceiling Will Be Draped With White Bunting

BOOTHES TO FEATURE

Programs Are Old Gold And Black; Ready Tomorrow

With the gymnasium transformed into a huge ice cave by the use of snow, icicles, and white bunting, next Friday night, the Sophomore Cotillion will be the prettiest and the most elaborately decorated formal of the year," according to Everett A. Kelloway A2 of Anita, chairman of the dance committee.

Enter Through Tunnel

Both the walls and ceiling of the gym will be entirely concealed with white bunting, except for a small space in the front of the balcony, through which the spectators may see the dance. An ice tunnel will be constructed through which the dancers may enter the hall.

A mammoth lamp in esquimo design, covered with blue and silver glistening fringe, will hang from the center of the ceiling. The smaller lights will hang by huge icicles and frozen foliage sprays, and will be covered with blue shades.

Orchestra in Ice Cave

Johnnie Wright's orchestra will play in a large ice cave at the north end of the hall. Punch and north pole favors will be served from elaborate esquimo booths at the south end of the hall.

The novel snow scene dance will form the feature of the evening's entertainment. Preceding the snow-storm paper caps will be distributed to the dancers from a small booth as a warning for the dancers to prepare for the coming "blizzard". At first the room will become dim and shadowy; then the storm of artificial snow will follow until the "northern midnight sun" shines through the clouds in all the northern light colors. Golden light will flood the atmosphere and silver, glittering snow will alight upon black coat sleeves and marcelled locks.

The chaperons will be Prof. and Mrs. Charles F. Ward and Mr. and Mrs. Chapman Reynolds.

Programs at Whetstone's

The entire color scheme and plan of design of the decorations has been worked out by the New Idea Decorating Service, who also decorated for the freshman party.

The programs for the Cotillion are of black leather and have gold "I's" on the covers. They may be obtained at Whetstone's Wednesday morning or noon.

ROXBURG PRESS WILL RELEASE POEMS FROM IOWA GRADUATE SOON

"The Wooing of Quimby's Daughters and Other Poems", written by Louis C. Marolf B. A. '08 and M. A. '09, now an instructor in English in the Wilton Junction high school will be released soon from the Boston Roxburg press.

Iowans are especially interested in the "Wooing of Quimby's Daughters" because it is a story of Iowa pioneer courtship days with setting in the old "Lime Kilns", the part of the campus where the Perkins Children's Hospital now stands.

The author is receiving many requests for copies from his friends and from those interested in the pioneer days of Iowa

DEVINE MAY NOT SUE

"I am not sure as to the course that I will follow or the action that I will resort to against the Chicago Herald-Examiner," declared Aubrey Devine last evening when questioned on the subject. He was somewhat reluctant about advancing any information but intimated that there may be no drastic action taken in retaliation for the unfounded charges of professionalism that were filed against himself and Gordon Locke in the Herald-Examiner.

TICKET RESERVATIONS FOR CONCERT MAY BE MADE WEDNESDAY

Tickets for women's Glee club concert may be reserved at the University book store Wednesday and Thursday. This is the first time that reservations have been used for the annual glee club concert. Not more than 800 seats will be sold in order to insure everyone a seat that will enable them to hear well and see the acting in the songs that are to be dramatized.

Interesting lighting effects combined with the costumes of the girls will make this concert very different from any previously given by the glee club.

The ticket sale is going fairly well as every member for the club is selling tickets, according to Marion Smith G of Iowa City, ticket manager.

Professor Walter R. Leon, director of the glee club has been working very hard to have the women put on an artistic performance.

Tickets may be secured from any member of the Glee club for fifty cents.

FIRST CONCERT STAGED TONIGHT

Clapp, Kendrie and Leon Appear Together in Program

Three members of the Iowa school of music faculty, Philip G. Clapp, head of the department, Frank E. Kendrie, leader of the University orchestra, and Walter R. Leon, director of the men's glee club, will appear in a program together for the first time tonight, in their concert in the University theater. Professor Clapp will play the piano, Professor Kendrie will play the violin, and Professor Leon will sing.

"There will be nothing better this year," declares Prof. Edward C. Mabie, director of the University theater, "unless the University secures some outstanding musician like Kriesler. The series of concerts and lectures by faculty members is not to be run on a commercial basis at all, but if we did attempt to charge admission and to pay these men, we would have the salary of a Harold Bauer to pay."

"Professor Leon will certainly have the enthusiastic support of his glee club men in the concert," says Hubert H. Matt, president of the men's glee club.

EIGHT STUDENTS SUBMIT ORATIONS FOR CONTEST

Eight orations were submitted yesterday for the University Oratorical contest which is to be held at the University theater, Tuesday, February 21, under the auspices of the forensic council and department of speech. According to Jasper Johnson A4 of Belmont, president of the forensic council, preliminaries will be held Tuesday, February 14 at which time contestants will give six minutes of any portion of their oration and from the list of contenders six will be chosen to appear in the finals. The forensic council and department of speech will choose the winner whom they will coach to represent Iowa in the Northern Oratorical League contest.

The Northern Oratorical league, which is composed of six states: Illinois, Iowa, Michigan, Minnesota, Northwestern and Wisconsin, will hold its Annual contest at Champaign, Ill. some time in May.

The following orations were submitted yesterday to Professor Merry:

"American Principals Unflinching," Vernon L. Sharp of Rolfe; "Problems of Future Peace," Carl B. Tucker S3 of Iowa City; "Where the Law Ends," Glenn J. McLaughlin L1 of Anamosa; "Lest We Forget," Walter C. Overbeck A2 of Guttenberg; "A Word Constitution in Writing," Byrl A. Whitney A3 of Cherokee; "A Plea for the Negro," Oral Swift of North English; "A Child Labor Amendment," Robert E. Birchard A2 of Davenport; "Preservation of Ideals for World Peace," William M. Todd L1 of Boone.

MID-YEAR ISSUE OF FRIVOL TO SHOW CHANGES

Dramatic Criticisms and Book Reviews To Feature

PRICE IS INCREASED

Full Page Articles Will Take Place of Jokes and Dialogues

Commencing with the mid-year number, Frivol, the University humorous magazine, will show a radical departure in its editorial policies. The "he and she" dialogue, the risqué joke, and the doggeral which usually characterizes undergraduate poetical attempts will give way to full page articles, dramatic criticisms, and book reviews.

Criticism Will Feature

The feature of the mid-year number will be a full length criticism of "Much Ado About Nothing" the Shakespearean play given by the University players. Among the other articles which the editors promise will be well worth reading, are "Round by Round" and "Poinards For Two."

"Round by Round" is a story of an imaginary prize-fight between Grove Bergdoll, the Philadelphia slacker, whose exploits at draft-dodging got front page notice in Metropolitan newspapers for weeks; and Jack Dempsey, heavy weight champion of the world, whose fame as a slacker is not far behind that of Bergdoll.

"Poinards For Two" is an epigrammatic word duel between H. Achleromy and C. B. Sooplesniffer both of whom are regular contributors to Frivol. These gentlemen are unsparring satirists and will lampon each other without stint or mercy, according to Harold Andrews.

Change in Art Department

The change of policy will be followed out also in the art department where half tones will replace the zinc cuts of previous numbers. In connection with this it is worth noting that the mid-year number of Frivol will contain also half-tone illustrations of the "Much Ado About Nothing" cast in costume.

Two full pages of drawings by Miss Winsome Abbott, Staff Artist, entitled "Frivol Sets the Styles" will be the leading feature of the art department.

Price Increased

Owing to the fact that Frivol will henceforth use half tone cuts in stead of the cheaper zinc cuts, the business department has decided to raise the price to thirty-five cents per copy.

The mid-year Frivol will be sold by members of the Theta Sigma Phi women's journalistic sorority, in the hallways of the various colleges.

The rules for the elaborate beauty contest, which Frivol will conduct will be announced in the Iowan soon.

TWO UNIVERSITY WOMEN ESCAPE DROWNING SUNDAY

Two University women, Adna Woodward A4 of Burlington and Florence Sitz A3 of Davenport, narrowly escaped drowning late Sunday afternoon while skating on the Iowa river. They had skated to a point close to the island above the park bridge and were just turning around when the glided into one of the treacherous air holes.

The water at this point is quite deep and had it not been for the fact that they were clinging together one of the women who had gone under the ice, might not have been able to regain the surface. Chester I. Meade S3 of Calumet and St. Andrew Lambert, an Iowa City high school boy, came to their rescue and pulled them out of the icy water. They were placed in the ice boat and rushed to the Fitzgerald boat house and then to a near-by home where they were given dry clothing. Later they were taken to the Alpha Tau Beta house at 424 E. Jefferson.

SUMMER BALL PLAYING TO BE SOLVED IN JUNE

Question Will Be Brought Before Authorities At Meeting

RULE 12 GIVES TROUBLE

Coach Ashmore Is in Favor of Abolishing Present Regulations

Opinions as to the present rules on eligibility in the Big Ten conference differ to some extent, especially in regard to the rule concerning summer baseball. At present there is considerable comment upon the conference rules regarding the question of eligibility and professionalism as applied to college athletics. The next meeting of the conference will be held in Iowa City June 2, 3 at the same time as the conference track meet.

At the time the matter of eligibility will be decided, according to Prof. Byron J. Lambert, chairman of the athletic board of the University and of the intercollegiate conference athletic association.

Big Ten Action a Puzzle

Just what the conference will decide about the present rules regarding eligibility, no one seems to have a very definite idea. There are many opinions, which may indicate in some measure what the trend will be when the conference considers the matter.

Coach Howard A. Jones said yesterday afternoon, "I can't see why some plan cannot be worked out satisfactory to all. I have not attempted to find a solution, because a solution hasn't been asked for. We

(Continued on page 2)

DATE SET FOR HAWKEYE DRIVE

Sales Campaign Launched Tomorrow; Put On By Sororities

The business campaign for the 1923 Hawkeye which will be under the supervision of the captains selected by the chapter members of the pan-Hellenic sororities on the campus will start tomorrow morning, according to Stuart W. Short A3 of Council Bluffs. "Subscription books and final instructions were given to the sorority captains in the scheduled meeting last evening at 4 o'clock.

Sorority Captains

The captains selected by the sororities who will conduct the business campaign are as follows: Alpha Xi Delta, Lois J. Jackson A2 of Mechanicsville; Delta Delta Delta, Helen G. Lawrence A3 of Enid, Okla.; Gamma Phi Beta, Florence M. Zentzer A2 of Bellevue; Achote, Ione L. Fitting A3 of Dexter; Alpha Chi Omega, Gladys L. James A3 of Williamsburg; Alpha Delta Pi, Gladys L. James A3 of Williamsburg; Alpha Delta Pi, Gledys E. Steele A3 of Sioux City; Chi Omega, Ferne H. Wolford A4 of Lone Tree; Delta Gamma, Helen Goodrich A2 of Anoka, Minn.; Delta zeta, Madelene M. Donnelly A2 of Mason City; Kappa Kappa Gamma, Aletha McGrath A4 of Des Moines; Pi Beta Phi, Dorothy Norton A3 of Keokuk; and Iota Xi Epsilon, Katherine Miles A3 of Clarion.

Many Novel Features

The 1923 Hawkeye will present many new and novel features in order to make this issue of the Hawkeye memorable along with the sections that cover athletics, according to Raymond Peterson A3 of Council Bluffs. Last year's track team which won third in the national track meet, and this year's football record as the Western champions will be featured.

"All group pictures are to be taken by February 10," said Raymond Peterson. Students are not to sell any copies until the sale opens, according to Peterson.

LESS THAN 50 BOOKS SOLD BY STAFF AND CIRCLE YESTERDAY

General sale of the remaining 475 copies of the University song book prepared by Staff and Circle, will be concluded today. Yesterday's sale disposed of less than fifty copies, sold principally in the hall of the liberal arts building. Professional colleges were also canvassed.

"If we can sell 200 of the song books at this sale and by extra work for the members of Staff and Circle from now on until June, we can meet the expenses of putting out the edition," stated Josephine Thielen A4 of Grundy Center, business manager of the sale of song books.

A canvass by solicitors at the beginning of the song book campaign reached the majority of the students and enough books were sold then to pay over \$700 of the \$1000 cost. A few of the partial payments, made as an order before the opening sale of the books, remain unclaimed.

FIESELER SIGNS FOR 3 YEARS

New Contract Calls for a Substantial Increase in Salary

Dr. Walter R. Fieseler will again direct the training of Iowa's athletic teams as medical director. He has just signed a new contract for a term of three years at a substantial increase in salary.

Doctor Fieseler was secured as medical supervisor, when Jack Watson left to take up his new work at Dartmouth. He took charge of last year's basketball team, and was instrumental in keeping the track team of 1921 in condition.

Successful Football Trainer

Iowa's championship football team came through last season with practically no substitutions. A great deal of the credit for this unusual feat was due to the careful training prescribed by the medical supervisor.

Dr. Fieseler's formula for securing the best results from athletes is a simple one, but its value has been proven during the past year. He believes in preparing men before contests so that they will not be injured, rather than fixing them up after they have been hurt. A player in any of the sports, who needs bandages, always gets them before Dr. Fieseler will allow him to start any game.

Believes in Work

He is not of the type of trainers who let their men go through a season with the least possible exercise for the second part of his rule is to give them plenty of hard work. After their scrimmages are over he cautions the men to get as much sleep as they possibly can. Finally, he advises them to eat carefully, and only of foods which are easily digested.

SUBJECTS ANNOUNCED BY WOMEN'S FORENSIC COUNCIL FOR CONTEST

Contestants in the extemporaneous reading contest which is to be held next Wednesday in the liberal arts auditorium at 7:30 will be given one topic from four general subjects. Each contestant will speak for five minutes. The general subjects are "International Student Friendship", "Organization on the Campus", "Religious Attitude of the Students", and "Student Responses to Appeals for Money". A phase of any of these subjects will be given each contestant and she will be given ten minutes to prepare her five minute speech.

Each women's literary society will be represented but the contest is not limited as to society women. The judges will be from the department of speech.

The contest is under the auspices of the Women's Forensic council, which is composed of three members from each of the women's literary societies.

WEATHER REPORT

Rising temperature today, colder in west portion.

WEST VIRGINIA CANCELS MATCH WITH HAWKEYES

Telegram Received Gives No Reasons; Letter Is Expected Today

ACTION IS SURPRISE

Fans Lose Chance to Dope Iowa and Ames Teams This Year

Saying that they had decided to cancel their meet with the University wrestling team, and that a letter of explanation would follow, a telegram from the West Virginia wrestling team which was to have the Iowa mat men here Wednesday evening put a sudden stop to the plans for the first eastern-western wrestling meet in the history of the University. The letter had not been received late last night.

Comes as Surprise

This action on the part of West Virginia comes as a surprise to those who had made arrangements for the match. With the expectation that the Hawkeye wrestlers would gain their first experience of the year, Coach Mike Howard has spent the past week putting on the finishing touches and getting the men in shape. Had the Iowa men met West Virginia, it would have given the Iowa coach a chance to look over his team and pick out defects which might be remedied before the opening of the conference season with Purdue.

Did Not Cancel Ames Match

West Virginia, which also had a meet scheduled with Ames this week did not cancel there, it was learned yesterday. The reason for this seems to be that had the Hawkeyes defeated the visitors, they would have failed to draw a large crowd, and it is known that Ames posted a guarantee.

Fans will be disappointed in the news that Iowa will not meet the easterners, for the opportunity to compare Ames and Iowa teams this year is probably lost. A comparison made from the size of the scores with a third team is not at all valuable unless the two matches are wrestled within a short time

First Meet With Purdue

The cancellation of the meet with West Virginia means that the first wrestling meet of the year will be here with Purdue on February 11, and meanwhile the Hawkeyes will continue with their training for that match.

LAWS LOSE AND MEDICS WIN IN GAMES YESTERDAY

Basketball fans saw two more games in the campus league last night at the men's gymnasium when the Alpha Tau Omega five handed the Phi Alpha Delta quintet a 15 to 5 decision and the Phi Beta Pi squad put the Beta Theta Pi cagers out on a 12 to 8 count.

The standing of the teams is as follows:

Team	Won	Lost	Pct.
Section A			
Delta Chi	1	0	1.000
Delta Tau Delta	1	0	1.000
Phi Delta Chi	1	0	1.000
Sigma Chi	1	0	1.000
De'ta Theta Phi	1	1	.500
Phi Kappa	0	1	.000

TAKING ADVANTAGE

One of the valuable assets of any character is the ability to recognize a good thing when it comes along. It is rare, too, that such a good thing as the concert to be given in the University theatre tonight. The head of the department of music the instructor of voice, and the instructor of violin will combine their talent in a musical presentation that should rival any that has been given at Iowa.

We listen to the lecture in the engineering classroom, but we would consider it a rare privilege if we were to be allowed to watch the instructor bend his abilities toward the building of a great structure; we hear the lecture in finance and listen passively, whereas we would be alert if we might observe the lecturer in an attempt at the manipulation of the stockmarket; we receive our coaching in athletics at the hands of well known men whom we would enjoy seeing in the midst of a game demonstrating their prowess. We will, then, come to realize the opportunity we have tonight to listen to the best efforts of the leaders in our department of music.

LAST CALL

The University song book will be placed on public sale today for the last time in the campaign which has recently been carried on by Staff and Circle to put the book in student hands and to make possible the purchase of Iowa's most popular song, "On Iowa." It should be enough to mention that students have allowed the sale to drag, that they have been slow to respond, that the first edition is not nearly exhausted, and that the book has drawn meager response. But this is not all—the success or failure of this campaign will determine whether or not "On Iowa" shall be included in future song books. It will decide whether this favorite song shall be commercialized by a business firm or whether it shall come into full possession of the students.

With special regard for today's sale we may mention the ordinary selling points, that it contains the best and most popular of our and other college songs, that it is well-bound, that it is a choice collection, that we should be loyal in supporting its distribution by Staff and Circle, but we may not have sold the book. Remind our prospect that the present campaign will determine the possession of "On Iowa" and the sale should be closed. Iowa students want their favorite song to be at their own disposal.

SATISFIED

"I'm satisfied; I got a D." A large number of students on the campus, after receiving their markings for the past semester have been heard to make similar remarks. The fact that they are satisfied with a grade which literally classes them as below the average of those in the class implies a most deplorable condition in the student body.

The University of Iowa can boast of few millionaires. Most of the students come from homes where at least some sacrifice is necessary in order to keep them in the University. Why, then, should any student show so little appreciation for the efforts the home folks are making to give him an education as to be satisfied with merely "getting by," with a D or E grade?

Being satisfied with what is being dealt out to you, when you know it is less than you are capable of earning, is an earmark of degeneration. It indicates a cowardly willingness to be classed with the inferior.

Business may be dull for commercial houses, but newspapers go out and make trade. Witness that grand source of space filler accusing college athletes.

Announcements that presidents of campus groups are invited to the annual Kuehne-Finkbine dinner should be sufficient reason for starting at least five new organizations during the coming year.

The special sphere of Ruth St. Denis, according to Prof. William Arnes, is the dance as a synthetic art and it is in connection with the university of the dance and its still untouched spiritual possibilities that she prophesies.

Our problem is to decide where Professor Arnes would place the common tea-hound.

COMMITTEE MEMBERS FOR SENIOR HOP ARE READY FOR BIDS

Bids for the Senior Hop on orchestra, decorations, punch and programs will be received by sub-committees appointed by Andrew W. Bossen A4 of Battle Creek, chairman of the Senior Hop committees, within a few days.

The list of subcommittees is as follows: Music, Andrew W. Bossen A4 of Battle Creek and Lloyd W. Knolk S4 of Cedar Rapids; decorations, Alois J. Weber A4 of Keokuk and Joseph G. Cooper L3 of Marshalltown; punch and programs, Robert L. Hunter A4 of Mapleton and Alfred P. Synhorst M4 of Pella; advertising and tickets, Hubert L. Barnes A4 of Rolfe and Marcel L. Holm D4 of Alton.

SEVEN PITCHERS AND TWO CATCHERS COME OUT FOR BASEBALL

Seven pitchers and two catchers tossed the baseball about last evening in the first practice of the year at the new armory. Speed was a minus quantity in the practice as the men were warned that should they throw them fast before the proper time arrives, the chances are that it would leave a permanent kink in their arm. Track and basketball athletes also occupied their respective parts of the building and the practice of the baseball men was somewhat hampered.

This trouble will be of short duration as nets will be put up that will partition the diamond aspirants from the other men and hinder the chance of any of the other athletes getting in the way of a wild pitch. The men that reported last evening are as follows: catchers; Barret and Michaelson; pitchers, Becker, Dyke, Travis, Nichols, Fabricus, Houg and Smith.

40 FRESHMEN WOMEN COME OUT FOR INTER-CLASS BASKETBALL

The women's inter-class basketball tournament will be held during the next two weeks. No definite schedule has been made out yet but every team will play every other team and the two teams with the highest standing will play three games in order to determine the championship.

Forty freshmen women, twenty-eight sophomore women and twenty-two junior women have reported for practice. The senior turn-out has been very small. All of the women on last year's freshman team, with the exception of two who did not return to the University this year, have reported for practice. The freshmen team won the class championship last year.

Teams will be chosen a few days before the tournament. Each woman who makes the first team will earn 100 W. A. A. points and each woman who makes second team will be given fifty points.

100 issues of The Daily Iowan for \$1.75. A dandy paper to send to your home or high school.

STUDENTS' FUND IS TOO SMALL

Financial Aid Has To Be Refused Daily To Those in Need

Students are being refused aid every day because of the lack of money in the student loan fund. Six students are on the waiting list and less than \$100 in payment of notes has been added to the fund.

Many Need Aid

Striking cases where students must have aid are being reported. One student who has been living in a shed and cooking scant meals for himself was reported to Secretary W. H. Bates' office and has been given aid.

A number of students can be helped with the seventy dollars made at the last loan fund dance which will be turned in to Bates' office soon, and another dance for the loan fund is being planned for next Saturday evening at the Cotillion hall.

Students Not Appointed

Some plans for making it a carnival ball are under consideration according to Edmund J. Harrington D4 of Sioux City who is in charge. The two students who are to act on the committee with Robert E. Rienow, dean of men, Mrs. Adelaide L. Burge, acting dean of women and Secretary Bates to dispose of the funds have not been appointed yet by President Walter A. Jessup.

FRATERNITY GAMES TO BE PLAYED ACCORDING TO FORMER SCHEDULE

Inter-fraternity games for this week will be carried out as previously arranged when the schedule was first made as the Iowa-West Virginia wrestling match has been cancelled.

The games for this week are: Wednesday February 8, Delta Sigma Delta vs Phi Kappa Sigma 6:15; Phi Kappa vs Sigma Chi at 7; Delta Kappa Gamma vs Phi Kappa Psi at 8. Thursday February 9, Acacia vs Delta Tau Delta at 6:15; Kappa Beta Psi vs Theta Xi at 7; Kappa Sigma vs Xi Psi Phi at 8. Saturday February 11, Phi Delta Theta vs Psi Omegas at 11; Phi Beta Phi vs Sigma Alpha Epsilon at 2:15. The Delta Chi Nu Sigma Nu game will be forfeited as the Nu Sigma Nu fraternity does not have a team.

STUDENTS MAY START TRAINING FOR TRACK FAME NEXT MONDAY

Those who aspire to become experts on the track and beat Charlie Paddock or some of the others in their records, can have the opportunity to start in training on next Monday. A course that deals with track and field events, which may be substituted for the various gymnasium classes will start on next Monday at the new armory under

the direction of Coach George T. Bresnahan. Besides giving the students an opportunity to secure a diversion in athletic training it will also present the coach with an excellent chance to get a line on the track material that may exist in the freshman and sophomore classes.

All indications point to a large enrollment in the track classes, as last year the first time that the plan was tried out in the University, it proved successful from the start. In many cases, track men whose talents, would have otherwise remained unknown, were discovered and played a prominent

The regular meeting of the Erodolphian literary society will be held at 7 o'clock Tuesday evening instead of 7:30 so that the members may attend the concert.
 Elenore Williams, President

RULES FOR SUMMER BALL WILL BE CHANGED
 (Continued from page 1)

are only enforcing the rule as it now stands.
 Coach James N. Ashmore is in favor of abolishing the rule in regard to summer baseball. "The rule is seldom enforced at present and rarely has it ever been," he

GREAT 5c TREAT!

and any rule which is not enforced should not be kept in the code." He says that there are too many home town influences on the college man during the summer time to make it easy for him to live up to the conference rule. "In fact it is hardly possible to keep out of the summer baseball on some occasions," he said. Ashmore pointed out that he thought there was a great deal of rivalry between many towns just as between the two towns in Illinois which recently featured in the sensational exposing of professionalism among prominent athletes of Notre Dame and the University of Illinois. The rival town baseball team often goes outside and brings in some paid pitcher or other player and the home team has to meet this in the same way and it is at such times that the college man home for the summer is called on to save the team from defeat. "It is hardly possible for the young fellow to keep out under such conditions," says Ashmore, and then if the conference rule is enforced he is out of luck when he returns to school.

Rule Enforced Where Possible
 The rule is weaker than it might be because players from different colleges were formerly afraid of playing on the same team. Now there is usually a tacit agreement in such cases between the players and nothing is said, according to Ashmore. Occasionally one of these men is picked out when many other conference men are just as guilty. This man suffers and the others all go free. "If there is to be a rule at all, it should be lived up to and enforced by every university in the conference, not just by the few to which charges are presented against some of the men."

The rule is being enforced wherever possible, but there are so many ways for players to get around the rule that very seldom is it possible for charges to be proved against a man even when he might be guilty. The thing the conference should do is either to abolish the rule altogether or make some definite means for enforcing it properly.

George A. Huff, athletic director of the University of Illinois, says that "summer baseball rule doesn't make amateurs but does make liars out of players."

Rule 12 Causes Trouble
 The rule which has caused all the comment is rule 12 of the conference rules which reads as follows: "No person shall be eligible to represent his institution in any intercollegiate contest who has engaged in any athletic contest in term time or vacation as a representative of any athletic organization not connected with his institution."

The exception to this rule, which has allowed men to engage in summer baseball to some extent and the

one which save Gordon Locke in the recent attempt by a Chicago newspaper to find him guilty of professionalism reads: A student may engage in occasional games during vacation on a team which has no permanent organization; provided, such team is not a professional or semi-professional team, that written permission has been secured from the proper athletic authority, and that such permission is for only on such team any one vacation."

TOMORROW
"SILENT YEARS"
 Directed by Gasnier
 A unique setting—the romantic St. Lawrence River country; tense, thrilling drama; a brilliant cast—Rose Dione, Tully Marshall, Pauline Starke and others—these make this picture a big production all will want to see.

"Theodora" is the Greatest Motion Picture the World Has Ever Known.

It is difficult to recall an attraction which has created such a stir on Broadway

Theodora is an outstanding marvel among the motion pictures of all time. An entire empire in the hour of its greatest strife is laid before you. Revolt, a city in flames, a clash of armies—in all the bigness of the real panorama—are pictured with a cast of twenty-five thousand.

It is the relations of one or two people that have set the torch to the great conflagrations of the world. So the love affair of the Empress Theodora, the most beautiful woman of the ages, turned a kingdom to the agony of rout. To see this picture is an event in your life, a story that will thrill you, capture you, enthrall you and a page from history that you will never forget.

ADMISSION 20c-40c

100 ENGINEERS TRY FOR PLAY

Thirty Students Will Get Parts in Mysterious Performance

One hundred engineers are trying out for the annual Mecca play which will be given March 15 and 16. Out of this number all but the thirty which will comprise the final cast will be eliminated before the play is presented. Meanwhile practice and final preparations are progressing very satisfactorily under the direction of the women's gymnasium instructors, Mr. Ryan, the dancing instructor, and Lloyd W. Anderson, author and director of the play.

Three Types of Dancing There will be three types of dancing in the show this year. These are two social dances, chorus work, and take off. Roller skating exhibitions will also be an added feature this year. Lloyd Anderson reports that the big mystic stone from the Orient is now on the way and will certainly be here in time for the opening of the show.

The Associated Students of Applied Science will meet Thursday at 4 p. m. to discuss the progress of preparations for the show and perfect the final plans for its public presentation.

No Admission The engineers wish to make it known that as usual no admission fee will be charged. Each student of the engineers' college will receive five tickets to distribute among his friends.

The play to be given this year has a mysterious mathematical nameh which translated in plain English means, "Summation of the Engineers from Syncopation to Tragedy."

STUDENTS MAY ENTER TRACK CLASSES MONDAY (Continued From Page 2)

part in the victories of the Hawkeye track team last year.

Freshman and sophomores who are now enrolled in the various physical training classes may transfer to the track course if they desire. Registration must be made during the coming week at the office of the athletic director. Classes will begin on next Monday.
