10 SCHOOLS TO COMPETE HERE

Seventy-five Athletics Sign for Annual Indoor Track Meet

Seventy-five athletes, representing fifteen Missouri schools throughout the State, are expected to compete in the annual indoor track meet, which will begin February 28, entries for which close today. The meet will be held in the new gym and will be one of exciting affairs.

The schools which have entered for events in that order are: American, Maryville, City, DePauw, Atlantic, Greensville, Iowa, West Waterloo, Moline, and the University high school.

The events on the program include 600-yard highs and low hurdles, 220- and 440-yard dash, 4,000-yard run, quarter mile, half mile run, mile run, running broad jump, pole vault, and twelve pound shot put. An added feature of the occasion, in the interferingly and secretively manner,

Inches, is three-inch, and will complete in a week's time. The meet will be held in the new gymnasium at the University.

PROBATION WEEK IS A SORRY TIME FOR SORORITY FRESHMEN

Upbringing and the ventures of the University are preparing to launch the annual series of probation at which until they see their freshmen sippers to their time right aim, range, aim, and resounding, however, fearful for the freshmen, the history of their attractive flimsy freshmen routine deprivation of the free press to the society house and there the opera under the maintained true light with the now existing freshmen as early buildings in.

In order to exaggerate for the convenience of the occasion and secretiveness, taller plaudits are often provided adequate responsibility. At the same time each of the pledges of one sorority received one egg. If, at the time she happened to sit on the heaviest which contained the fragile ingredient, she could remove the egg as well. Among all these with a greater skill in handling such an article her hair had been increased by two inches. Another secret in order to still pull and style to the projects demanded that the pledges should appear in November in new spring suits and to protect them against the elements an umbrella was added to the number.

Not only the superficial traits are created but also the deeper more important characteristics are brought out. This is more beautiful as they have never known before the impertinently and secretively variety of the upper classes, their own insignificance, mocked ingredients. They are also developed along the lines of books, talking with compensate excessive tactics on "What does a catmk," or perhaps the "where" in secretility, or dangerous, on resolved, that a spring is deeper than a well.

Sometimes the deeper subjects of economy and psychology are studied with long carefully written papers in the origin and development of their house or a dollar and a wishful and civilized method the building and civilizing are interpreted with the clear at understanding the whole of their ability to rustle like silk or rock like flax.

The Art of the Gentle Knife and Fork in Real Parliamentary Law

are more than inadequate when compared with the elaborate and elaborate arrangement as posted on the bulletin board. From there they learn terms related to approaching addresses worthly to an Oriental accent. As they sing their original song the speak of great honor briefly in quantity.

But finally the limitation of complexion suppression is near and the freshmen again realize their reputation and importance.

PICTURES, CHARTS, AND MAPS TO BE USED AT HISTORY CONVENTION

The department of history has received maps, charts, and history pictures from publishing companies which will be used during the history convention that will be held next Friday and Saturday. These maps will be exhibited in the library art assembly hall.

Prof. Arthur M. Schleihagen, head of the history department, said that greater interest has been shown for the history instructive of the State, and that a greater number of freshmen will attend the convention than last year.

ORIENTAL DANCES WILL PREDOMINATE IN ST. DENIS PROGRAM

Peacock Dance Is The Favorite of Majority of Audience

Music for the dance program of Ruth B. Denis, to be presented by the University Club in the University theater, Monday night, February 28, has arrived in Iowa City. It includes the following numbers: "Yin Yin", "Black and Gold", "What is Life", "Radar Dance", "Ballet Dance", "Fountain", "Egyptian Dance". It is not known yet how the program will be arranged.

These dances show a generous sprinkling of Oriental interpretations, in the study of which Mrs. B. Denis has devoted her particular attention. Punkah, the last known mode of the Peacock dance, elaborately contrasted, in which an East Indian woman is turned into a peacock because of her extreme vanity.

The Ninhin dance is a favorite with her. One of them was the subject of a painting by Kachkov of Bischka, which she saw once. She is the founder of "The Metropolian" Museum of New York, and a member of Egyptian dances, having her work at the Metropolian in the Metropolitan Museum.

Buyers' Sale

This Great Event! With All Its Collegial Money Saving Inducements Begins Thursday, February 16th and Ends Saturday, February 25th

The Values This Year in Every Department Exceed those of Any Previous Sale of Like Nature

In preparing for this wonderful Sale—the greatest pre-Spring Sale in the entire state of Illinois—we searched the recognized merchandise resources of New York City and other centers of predilection, never satisfying with anything of the very best values we could demand—never sacrificing our standards of quality for the appeal of Price—ever having in mind that the "folks back home" would wait for us to announce this sale before doing much of their early Spring shopping.

To speak of individual values in this sense is utterly out of the question. The store is filled with money-saving attractions in every department that simply overshadow the best of the values featured in this big Spring sale in past years. It is really a time for replenishing every home and personal need, because many of the economies of which you may now profit will not be available after this important sale will have to come close. Each day of the Sale will have its own special inducements.

Have You Received a Copy of Our Great 10-Page Bargain Edition?

We arranged for a distribution of 40,000 of this "newspaper in itself." Many of the big attractions are listed therein, being classified by pages, day by day. If you failed to get a copy of this publication, simply drop us a card and we will mail you one free of charge immediately. If you are in Cedar Rapids this week stop in the store and copy your copy in person. Address your letter or call at the Advertising Department.

Unusual as it may seem, the fact is of outstanding importance to the people you may buy at this time of the year, in reality, you will be able to save. Think of the future.

Only a very few of the good values that could be mentioned in the newspaper article, as well as the great savings that may be realized on this and the following week, can be carried in our price lists, or mentioned in the regular mailing.
