Basketball, Classes, and Masque Engage Dad's Interest

Early information, plan toward

Iowa is now Iowa's first Dad's Day. While early arrivals were comparatively few in number, if the fathers who have signed up to visit their sons and daughters at the Iowa campus next week to meet this present problem, today should see many old

dads here in full force. Yesterday afternoon witnessed the first appearance of Dad's Day and there was no report of then attending class, they were seen about the campus on a pleasant sightseeing.

The program proper for Dad's Day will be held at 2:30 in the Alumni Memorial Assembly Hall in the University's Memorial Gymnasium.

Following the banquet that is scheduled for 5:30 in the Englert theater, Father's Day will be celebrated.

Meanwhile, Iowans everywhere, as well as out-of-state visitors of all ages and relations, will be celebrating the occasion.

The Iowa Alumni Association is working on all details regarding the dances and other activities planned for Dad's Day.

Dad's Daze, Dairing, dean of the

Iowa Alumni Association, said that the requests to attend the dances and other activities were far in excess of the usual number of requests.

"There is a great deal of interest in the dances," Dr. Dairing said. "But there is also a great deal of interest in the other activities, such as the basketball games and the concerts."

The dances will be held at 8 p.m. in the Englert theater and at 7 p.m. in the Memorial Gymnasium. The basketball games will be held at 1 and 3 p.m. in the Memorial Gymnasium.

The basketball games will feature the 1923 Iowa team, which was the state champion, and the 1924 Iowa team, which was the state runner-up.

The dances will feature music by the Iowa Alumni Band and the Iowa Alumni Orchestra.

Dr. Dairing said that the Iowa Alumni Association had made arrangements for a number of other activities, such as a picnic, a baseball game, and a parade.

"We are trying to make this a week of fun for all," Dr. Dairing said. "We want the dads to have a good time, and we want them to see the best of Iowa."

Jubilee Number on Sale Today Lauded by Faculty Men

The Diamond Jubilee number of "The Alumnae," published in honor of the seventy-fifth year of the University, is on sale today in the Liberal arts hall, national science building and the president's office.

President Walter A. Long has recommended this number of "The Alumnae" to members of the faculty,

**WRESTLERS TO ENTAIN TODAY**

Jacobson Will Take on Nebraska's 145-pound Man Tomorrow

With a victory over Purdue as a base, and after a week of hard work under Coach Weller, the Northwestern University wrestling team leaves today for Lincoln, where they expect to go head to head with the Nebraska wrestlers. The men came out of the meet with the strong Purdue loss without any injuries. There are only two days to farm in Lincoln.

Professor Weller remarked, "I have been closely in touch with the preparation of the Diamond Jubilee number of "The Alumnae." For all our seventy-five years we have two new publications; I hope that we shall be able to fill these volumes with enough material to satisfy the demand for them.

Credit

There are times when credit is more valuable than money itself. A man's cash assets may total only a few thousand dollars. His credit may enable him to purchase goods worth many times that amount.

One of the banking principles which you can learn by maintaining and increasing your credit is concerned with the value of credit.

**Frocks in Many Guises**

Here for You to See and Try On

Varying as to details but with a single thought—to fashion frocks distinctively smart has been the creed of designers this spring.

Rustless taffetas, elopay kaftans or pherihares, upsailed caftans and plain crepe frocks are hit in frocks to please discriminating ladies and to decorate the garments of this season's new ones.

New shoulder, heads, vosses, dangling ornament.

"There are a number of new frocks that are being worn this season, and many of the ideas are a mixture of other trimmings which have been employed in past years in new and different forms, and all as becoming."

**KAPPAS AND SIG EPS WINS**

Cedar Rapids Win High School Class in Meet

Cedar Rapids high school pulled away with the greatest share of awards in the annual indoor track meet on Wednesday after their men captured a total of 14 separate events.

Of the ten events held with 16, Grinnell was third and the University of Iowa was fourth.

In the Interfraternity relay, Sig Phi Xi won with the largest share of sweeps for first place, and another fast sprinting team of Grinnell and large silver living pew which will be named another year on their merchandise. Phi Kappa Psi was second, while Sigma Nu third.

**Kappes Win K Q**

The men representing Kappa Epsilon were, Peterson, Wilson, Bower, were the runners away, with the Tri-Delta second and Phi Psi third. Several other events for University competitors were held.

Joe Iowa Dead Locks

Cedar Rapids captured seven events from the eleven events staged in the meet, and also one second place. The Cedar Rapids team was produced for the victory, having won and placed second about two weeks ago at Ames. Ames put up some strong efforts against the popular team, but could not overcome their athletic prowess.

Of the fourteen high schools which entered the meet, they failed to score any points, and the others, excluding the three places winner, cannot be said to have done better.

Cedar Rapids, with a lead of six points, won the Medley, first, Douglas (Ames) second, Bower (Cedar Rapids) third. Distance running, Welch (Ames) first, Irwin (Cedar Rapids) second, Rivers (Grinnell) third, or any other time or place it were possible to wear for hunting, the men's form, as members of the ten appear at drill in the uniform.

It is quite generally agreed that the old regulation that pants be kept buttoned is now obsolete. Relong pants with the floor ripping is the February winds run can be seen anytime and anywhere about the street. The kicks which were only other years have finally been replaced by caps which add to the appearance of the wearer if not to the property. This is hidden does. The pretentious tendency is to wear the cap with the ring parallel to the ground.

The tradition seems to be established that the uniform is to be worn all day by those who have jobs while those who do not inside work keeps up a habit to be worn for interesting, skating and running and no of them appear at drill at the uniformed.

An entire university may be seen one individual at the military ball; at any other time or place it is not.

**R. O. T. C. STUDENTS PAY**

A mere collection of uniforms is not necessary to be complete uniforms in the company of four or more men. The high, stiff collar of the uniform is supposed to be replaced by the jacket of the men or theסבג וו unable to check the major portion of the Senate legislation in the future, in the opinion of Prof. Porter. Moreover the work of the old guard in the Senate, and the administration generally are largely responsible for the appointment of Senator R. Keynes to the Federal six judgeship. Senator Keynes was one of the farm bloc's party; perhaps he was most outstanding in this regard.

His leaving the Senate to take up the duties of his new position handling the progressive and bring about the near that the new Kenton Porter. Professor Porter does not think that the farm bloc will be able to accomplish much if it retains the same character that it started out with. He points out the disaster that the farm-labor party had when it had the Senate. A similar combination would be strong enough to control the major portion of the Senate legislation in the future, in the opinion of Prof. Porter.
