Wrecking the old record by 4.6 of a second. In the preliminaries of the 200-yard dash the Illinois racer showed the world a time of 20.2, and a second. Smaller and Cook were two other Iowans from whom there were high hopes for the Iowas. Their best times will be kept under Coach Brown's tutelage and should be dangerous opponents of the best in the west. The athletic department retains an average of from three to five varsity boys at each day, exclusive of Carrier boys.

What Color?
Some are going to say gray; others tan. It is simply a matter of personal preference. Both the new gray and tan are shades that might be useful. You are not only getting color in Hotten and Soriano, but also getting superb quality that may even make the coloring too attractive.
