The conditions of the Iowa-Oreg-
SPRING IS HERE! Spring has come once more. The deep snow has gone out, and now Fish will start rousing the old cussins. The bird joiners will fly at the business in vineyards and silos, and a high school and a college will have got into the old arguments why they can't feed and fatten, even if they can be raised tomorrow any. Again the proper sources have been hurried by the picknickers’ first threatening their propeprity. Again will the dance halls bebasketlike of an order without the anthrax of 300 people on a 300-gapule floor.

Yes, spring has come and winter has gone. A few weeks, having a wrestling and to go around to the unlucky surface or war the puck of Niagara’s tears. The University charges with a greater volume—less studying will be done, though the days will be long. Snake skins of an evening will replace the paralyser dates; and Mr. Fish will have a brand new set of bitts printed, reading, “So Sitte in this Window.”

HOST AGAIN A week from today several high schools, high school athletes will be visiting Iowa City while they are competing in the high school basketball tournament. Many of them will be unexpected to be seeing us as we really are, and as a result they may indicate facts, yet they may indicate that the present is going to athletic activities.

**The University Music Ass’n. Presents The Great Lakes String Quartet**

**TONIGHT AT 8:15 P.M.**

NATURAL SCIENCE AUDITORIUM

Tickets $1.50 at University Book Store or at the door

**FANTASTIC TOUR PLANS**

*A great amount of interest is being shown by many in the trip to Europe and the Near East, which I will send again after an interview with Prof. Stephen H. Bush, head of the department of Romance languages. Professor Bush conducted a party of eighteen on a European tour last year, and expects to have one of about the same size this summer.*

*The party will leave America June 17 and is due to return to America September 9. Among the cities which will be visited are:*-

- A new feature of the trip will be a cruise along the Mediterranean in the splendid White Star steamer, “Doris”, which will take the party as far as Constantinople. "The boys are the Orient," which you have been told to keep quiet, you need not do now.

SOCIETY

Lewis Spring

Spring is coming, and, as the poet sang, to the spring a young man's fancy lightly turns to thoughts of love. It is anticipated that a special page will be given over to love in order to note all the little hangings and pinned notes that may have been recently written and posted before the student body. In other words, the society wishes to announce a "Who Belongs To Whom," to be put up by diligent and studious reading of every Studio and Dimsor paper. It will be enabled to serve and recognize their date books in comparison with the remaining "old-time." Watch closely for the first signs of spring.

Interesting and Authentic Showing of New Spring Fashions
Friday and Saturday March 10 and 11
Spring styles seem to have imbued the very atmosphere of the Campus and, then in every conceivable way, contrived to make the selection at the disposal of the Co-Ed more bewitchingly youthful and charming than ever. The Dean and the more outstanding requisites of the College Girl's Spring Wardrobe.: Three-Piece Suiting Outfits of Tweed and Trenches, so suggestive of Spring and Out-of-Doors, and the accessories that add that well-groomed "finish" to the tailored girl, are simply irresistible. Of course there are also the more dressy models in Tricottes, Pailtwist and Picquettes. Millinery and Footwear were never performed so well as suitable for every possible occasion.
