TRACK SQUAD TO PREPARE FOR RELAYS

Work in Preparation for
Drake Classic Begins
Tomorrow

FIVE RELAYS SCHEDULED

Iowa Does Not Plan on
Sending Men to Penn
Events

After approximately ten days of nothing to do, the Hawkeye track team will begin work on Wednesday, in preparation for the Drake relays which will be held at Des Moines on April 28 and 29. That Coach George T. Bresnahan has a wealth of material for the relays was made evident yesterday when he announced the prospective candidates for the events.

Will Include Five Relays

The Drake relays this year will include five relays, the quarter, half and one mile, and the two and four mile relays. Other events will be the javelin, discus, pole vault, high jump and broad jump, the 100 yard dash, 120 yard high hurdles, and the 440 yard low hurdles. The latter event is new in the west, although it has been prominent in the Penn relays for many years, and it will be tried for the first time at Drake this year. Incidentally it was announced at Iowa will make no plans for sending a relay team to the Penn relays.

Good Men for Events

In the half and quarter mile relays, the Iowa representatives will be chosen from Seiling, lead off man on the relay team which took first at the relays last year, Colby, who was famous all over the Middle West as a dash man two years ago, Wilson, who astonished the conference with his speed last year, Brookins, who, in his first year of conference competition, is setting the pace in most of the shorter events, Keppler, who is running a fast race after being off the track for one season, Hoyt, Smith, Brandmill and Lambert, and Miller.

In the mile relay, Beck, Greck, Read, Buchanan, Keppler, Morrow, Brookins, Wilson, Cotton, Lambert, Meyer Miller and Seiling will be ready. Most of these men are experienced and it is certain that the fight for places on the team will be close. In the two mile relay, Coach Bresnahan has Jarnigan, Bower, Beck, Greck, Morrow, Noll, Patten, Nash, Buchanan, and Lindahl; and in the four mile relay Goodrich, Ashton, Peterman, Ristone, Foster, Murray, Nohle, D. H. Smith, R. R. Foster, Badger, Zacher, Mulroney, Mullins, Sandy and Perte will be after places.

Aubrey in Pole Vault

Coach Bresnahan will take Meder, Jaqua and Aubrey Devine in the pole vault, Jaqua, Brandmill and C. E. Smith in the broad jump, C. E. Smith, Harding and Humphreys in the javelin, Harding, Frye and Zell in the shot put, and Rich, Belding and G. Devine in the discus.

In the new event, the 410 yard low hurdles, Brookins, Shope and Belding will probably run while Belting and Shope will run in the 120 yard low hurdles.

Men Expected to Report

This proves that there is an abundance of material at hand, and with nearly a month in which to prepare for the relays, Coach Bresnahan will probably evolve more than one set of winners. The training for the relays will start Wednesday, however, and every one who expects to try out must be there the first day, according to the coach, as it is imperative that they all take the right amount of training.

FAVILLE TO LECTURE

Judge F. F. Faville will lecture to the senior law students next Thursday night on the subject of "The Lawyer and His Client." This is the third of a series of lectures on legal ethics which Judge Faville is giving to the senior law students.

DONALD A. LAIRD HAS ARTICLE PUBLISHED IN LAST YALE REVIEW

The Yale Review published in its last number an article on "Educating the Superior Child," by Donald A. Laird M. A. '21. Mr. Laird points out the fact that thought there are as many children of superior intelligence as of inferior mentality, our efforts in the past have been in the direction of aiding the inferior child while the superior child was left to shift for himself.

He compares this situation to the Rolls Royce phaeton in good working order which sweeps along unnoticed while a rattling, wobbling Ford demands and receives the prompt attention of the public.

Mr. Laird emphasises the necessity of close parental supervision of children of pre-school age in order that desirable traits may become ingrained not merely "veneered." He admits that both the school and the home are taking a new interest in the superior child but points out the fact that there is a demand for a more active interest in the matter on the part of educators and parents.

IOWA AND OHIO ARE SHOOTING

Score of South Dakota Team
in Recent Match Has Not
Been Received

The last stage of the N. R. A. intercollegiate rifle match was fired last week by the first and second Iowa R. O. T. C. teams entered and targets have been forwarded to Washington, D. C.

Match With Ohio

When the officials scoring of targets from all institutions has been completed the result of the shoot will be announced by the N. R. A. office in Washington.

A dual match is being fired this week with Ohio State university teams composed of fifteen men, scores of the ten highest to count, each man shooting ten shots for record in both prone and sitting positions.

To Start Next Week

Nothing has been heard from South Dakota concerning their score in the dual match that was shot off between Iowa and South Dakota nearly two weeks ago. Further inquiry will be sent to South Dakota concerning the result of the match this week.

Shooting on the first stage of the national intercollegiate match will begin next week.

LATE LEAVE JUDGES PUT "BAT" ON APPROVED LIST

The sub-committee of the social committee designated to handle late leave permissions has acted on only one request since the adoption of the new rule limiting all general late leave permissions to Friday and Saturday night dances and requiring special sanction of the social committee for all other late leaves.

"The Bat" has been so sanctioned by the social committee upon the request of the manager of the Englert theater. No plays put on under the auspices of University organizations, however, have been submitted to the social committee for approval.

Dean Wilbur J. Teeters, chairman of the social committee states that the social committee does not definitely stamp the play worth its approval, but does not prohibit attendance at it by students.

The manager of the Englert will request late leave permission for only one more play this season.

PRELIMINARIES IN BOXING TOURNAMENT POSTPONED

Preliminaries in the University boxing tournament which were to have begun last night have been postponed until Thursday at 4:30 according to a statement given out by Ernest G. Schroeder, director of physical education for men.

WITH SERIOUS BUSINESS OF LIFE FACING THEM, MANY OF OUR DEPARTING SENIORS HAVE ALREADY SELECTED THEIR PATHS

Dentists, Pharmacists, Engineers, and Medics Have Their Ways Picked; Liberal Arts Men and Women Will Be Teachers, Drummers, Reporters, Clerks, and Even Loafers

With the return of the bluebird, the appearance of last year's herringbone coats with trousers matching them as well as is possible, with grumbling on every hand over desperate financial straits and countless other infallible harbingers of the perfect days which June is purported to bring with it, the age-old query of "What do we do this summer?" again puzzles the University student.

The question which interests the majority of men and women when a job for the summer is up for discussion is "How does it pay?" Many lay up an appreciable sum during the summer to help carry them through the coming year or to square away complications of the past year. A large proportion of students live on the farm and seek its solace during the three months summer interim dividing their attention between corn plowing, haying and harvesting.

Many Tasks Tried

Although the past season proved a trial for students carrying the role of agent during the summer, this season again finds plenty of gullible ones ready to argue with housewives and pet canines. Surveying claims many of the engineers. Commerce students find work in offices and with business organizations of every caliber. The lounge reptiles are reputed to beguile the hours of summer with the family Cadillac. The student officers repair to summer training

camps in Minnesota, Illinois, and Maryland for further fortification in drill regulations. Summer school also claims an appreciable number of students.

How About It, Girls?

A prominent University coed yesterday declared that the average University woman is free from financial worries during the summer. "Money is no object with them," she declared. "For the majority the summer vacation is approximately twelve weeks home with time spent around the kitchen constructing pies, with the afternoon given over to strolls, car rides, garden parties and calls; and with the evenings given over to more car rides, dances and other social pastimes."

No Jest to Seniors

But to the senior, June closes his college career and his battle with the rough, the cold world, commences. Many admit having formulated no definite plans of what they will do after they get out of the University this spring, but some few have already partially evolved schemes which will ultimately bring them success.

Murray to the Bar

Tom Murray L3 of Little Sioux, president of the association of senior presidents, will spend the coming summer in getting special work in law preparatory to starting in to practice next fall with his brother a graduate of the law class of 1910.

(Continued on Page 3)

MABIE SELLECTS TWO PLAYS FOR PRODUCTION IN MAY AND JUNE

Two plays that have been recently chosen by Prof. Edward C. Mabie for production in May and June which have not been previously announced on the regular season's production are George Bernard Shaw's "Arms and the Man," and Thomas Buchanan's, "A Woman's Way."

The date for the May production has not yet been decided upon. Monday of commencement week, June 5, "A Woman's Way," will be presented. All seniors who are interested in dramatics and play work will have an opportunity to try for parts in this play. This plan will not exclude other students from trying out, but preference will be given to seniors.

Seniors who are interested in dramatics and play production are requested to meet with Professor Mabie in the University theater today at 5 p. m. to discuss tryouts for the play, "A Woman's Way," which will be produced in June.

WOMEN TO TRYOUT FOR SWIMMING TEAMS THIS AFTERNOON AT 4

The first tryouts for woman's class swimming teams will take place today at 4:30 at the woman's gymnasium. Those who try out will be judged not in comparison with the other contestants but on a basis of 100 per cent. on the following points: plunge for distance, form, front, side, underarm, crawl, and back strokes, and three required and two optional dives.

There will be six on each first team and four on the second teams. These four class teams will have an inter-class swimming meet soon. Those interested in winning a place on the teams should sign at the gymnasium immediately, work systematically on the various points upon which they will be judged and keep the training rules posted at the gymnasium.

Mrs. B. Baker of the physical training department, Julia Darrow A3 of Columbus Junction, and Mary Freeman A4 of Nocatee, Florida, are in charge of the tryouts. If all who are interested do not have an opportunity to appear today, other tryouts will be arranged.

RIBBONS WHICH IOWA WON AT WISCONSIN HAVE BEEN RECEIVED

The ribbons which were won by Iowa men during the Wisconsin meet were received recently by Coach George T. Bresnahan. Coach Bresnahan also has the two batons used during the indoor season by the Iowa mile relay team.

The one used by the team when they won the mile relay at Illinois and set a new record for that meet, is orange and black, the Illinois colors. The baton used at the indoor conference meet when the team finished second, is a plain stick but will probably be placed with the other trophies won in the past.

The gold watches which were won by the men on the mile relay team which won at Illinois, have been engraved. The names of all four of the runners were placed on each watch, so that each man will always have a list of the other men on that record breaking team.

FROSH WOMEN HAVE DINNER WEDNESDAY

The freshman women's dinner is to be held at the Pagoda Wednesday at 6:30. The ticket sale is in charge of the freshman commission and tickets are seventy-five cents.

"The Freshman Girl" will be the subject of the toast program, and Eleanor Wade of Iowa City president of the freshman class, will be toastmistress. Mrs. Adelaide Burge, acting dean of women, will give a toast, "The University Welcomes Her." "Her First Impressions," will be the subject of the toast given by Alice Timmerman of Masons; Miss Clara M. Daley, assistant professor in the department of history will speak on "Her Value to the University," and Verne Shaw of Watertown, S. Dak., on "Her Hopes for the Future."

IOWA CITY WINS

The Iowa City high school women's volleyball team defeated the University volleyball team in a close game last night with a score of 21 to 20. At the end of the first half the score stood 11 to 4 in favor of the University team, but through the excellent work of Helen Rose the Iowa City team was victorious.

"TELL US ABOUT IT" SAY FROSH BEFORE THEY WRITE THEMES

Classes in freshman English are asking for speakers to inform them concerning the Iowa Memorial Union before they write their themes on "What the Iowa Memorial Union will mean to the University" to be entered in the prize contest conducted by the Daily Iowan.

Arrangements have been made with the Memorial Union council for the four-minute speakers to meet with the freshman English classes today and tomorrow in order to explain the Union and to answer any questions which the members of the classes may wish to ask. Material is also available at the reserve shelf in the general library and the Memorial Union office in Old Capitol.

A few manuscripts were left at the Daily Iowan office yesterday. Any articles to be entered in the contest other than those submitted through the department of English are to be left in the Iowa Memorial Union contest box in the Daily Iowan office, room 14 in the liberal arts building.

SPEAKERS WILL TALK ON UNION

Presidents of Campus Groups To Have Dinner Next Thursday

The Memorial Union council will have luncheons at the Pagoda every noon for the next week in order that the council will have an opportunity to discuss the latest developments of the Memorial Union project from every angle.

Every Student A Subscriber

It is the goal of the Union council to have every student in the University a subscriber to "Put 'er Through in '22". To do this members of the speakers bureau will appear before every fraternity, sorority and other campus organization within the next week.

Pagoda plans were formulated for the "Opening Gun Dinner," on Thursday night, at the Commercial club rooms. The president of every campus organization will be present as well as faculty members, campus leaders and others who are interested in the Memorial Union project.

Those Who Will Attend

The following list of names supplements those announced in Saturday's Iowan which included only those from men's organizations. Included below are sororities, women's literary societies and other groups.

Achota, Mamie G. Turnipseed A4 of Iowa City; Alpha Chi Omega, Agnesla Gunn A3 of Sioux City; Alpha Delta Pi, Wilma W. Walker A4 of Corydon; Alpha Omicron, Dallis D. Dulgar A4 of Muscatine; Alpha Xi Delta, Opal Stevenson A3 of Shannon City; Alpha Tau Beta, Gladys L. Fye G. of George; Chi Omega, Florence Landon A4 of Des Moines; Delta Delta Delta, Helen Ebersole Au of Des Moines; Delta Gamma, Margaret Moore A3 of Harlan; Delta Zeta, Florence Huber A3 of Tipton; Gamma Epsilon Pi, Ruth M. Powell A4 of Traer.

Gamma Phi Beta, Lucile E. Everett A4 of Iowa Falls; Iota Xi Epsilon, Marga J. Bruning A4 of Galva; Kappa Omega, Josephine M. Daus A3 of Aitkin, Minn.; Kappa Alpha Gamma, Eileen Concanon A3 of Davenport; Kappa Epsilon, Imogene M. Shepherd P2 of Volga City; Kappa Epsilon, Iva M. Baker L3 of Boone; Nu Sigma Pi, Mary A. Ross M4 of Rockwell City; Pi Beta Phi, Grace L. Gilmore A3 of Iowa City; Sigma Rho, Ruth E. Rowland A4 of Iowa City; Pi Lambda Delta, Ethel M. Hale G of Hardy, Neb.

Clubs and Societies

Currier, Josephine Thielen A4 of Grundy Center; Theta Sigma Pi, Margaret A. Brady A4 of Fort Dodge; Kappa Phi, Anna M. Singer A3 of Sheldon; Bethany, Kathleen Klinker A2 of New Sharon; Athena, Frances A. Hungerford A4 of Iowa City; Erodophilian, Eleanor M. Williams A4 of Clear Lake; Octave Thanet, Margaret E. Clark A4 of Waterloo; Maitre Tailleur, Arley E. Brown G of Merton; Garcon, Elmer G. Peterson A4 of Algona; Deux Laynais, Fred Murdoch A1 of Webster City and Glenn Blome of Madrid; dancer; Regina Des Jardins A4 of Denver, Colo.; soloists, Alice Ingham A3 of Iowa City, and C. C. Thomas M1 of Iowa City.

The University orchestra and Paul C. Shuart A3 of Council Bluffs furnished the music during the evening.

Prof. Stephen H. Bush, head of the Romance language department, spoke to the audience before the play about the life of Moliere and the history and production of the "Bourgeois Gentilhomme."

TWO WRESTLING MATCHES STILL ON SCHEDULE

Finals in 135 and 175 Pound
Divisions to Take Place
This Evening

MATERIAL DEVELOPED

Gugisburg, Thom and Daine
Are Best Developed
This Year

Two matches remain in the freshman tournament for wrestling honors. Finals in the 135 and 175 divisions to be held tonight will complete the battles for numerals among the first year men.

Excellent Material Out

Some excellent material has been developed by Coach Mike Howard for next year's varsity team and some of the matches in the tournament have been equal in interest to the matches seen in University meets.

Gugisburg in the featherweight class, Thom in the 158 class and Roberts and Daine in the 175 class are some of the best men developed this year.

More Training Will Help

Some of those not winning this year will be contenders next year with a little more training.

Finals results are:

GO AND GET IT

A written assignment has been made to all the freshman classes in English in connection with the Iowa Memorial Union prize contest conducted by the Daily Iowan which is expected to bring to light three prize winning articles on "What the Iowa Memorial Union will mean to the University."

If the freshman receives this assignment with the same vague and hazy complacency with which the average assignment inevitably meets, we need not expect any shining examples in the way of literary work nor do we need expect any material boosts for the Memorial Union. The Union is not a lazy and sleepy proposition; it merits wide-awake attention.

That freshmen are indifferent to the Union—although they have not yet had the opportunity to show their interest—is largely because they do not know about it is evident from the fact that they are now asking for speakers to tell them about it before they write their themes. They do not know its ideals, its plans, its purpose—and these are the things which they must know before they can answer a subscription campaign.

We do not believe the freshmen will fail to become acquainted with the Union; we believe they will ask about it and read about it and talk about it in such a way as to evolve a more complete understanding than have most of the upperclassmen at the present time. Material is available at the general library and at Director Grassfield's office begging for thumb marks and superfluous foldings as indicators of Iowa enthusiasm for the Union.

RECOGNITION

Davenport high school boasts of a giant athlete by the name of Krasuski who for the past three years has played a prominent part in athletics at that institution. During that time, he has been a member of the winning team of the University's high school basketball tournament twice, mainly because of his own work at center on the team. His size, compared to the largest of other high school athletes, is monstrous and he dominates the whole game by his own size.

For this reason, Krasuski has come in for a large share of criticism by the fans. Because it is human nature to desire equally balanced competition, basketball fans especially had been inclined to cheer when Krasuski was bested, which was very seldom. It goes without saying that this was not the best sportsmanship, yet the fans were not altogether blameless because they desired to see the smaller man victorious.

In other words, they did not recognize ability. Krasuski is really a good athlete. He is fast, very fast for his size, a fair basket shooter, and a clean player. He is the kind of men who should be playing on an Iowa basketball team two years from now.

Krasuski is built on the lines of an athlete, and with a little training should be able to go far in the conference. As it is, he is an exceptional athlete. If we follow our instincts in the way of Iowa sportsmanship we will give any athlete credit for the work he does.

THE POPULAR SIN

(Syracuse Daily Orange)

A great man was asked this question the other day, "What is the most popular sin in the world?" In answer he said that the lack of thankfulness on the part of most

people was the greatest sin in the world. However, true that may be, the answer to the query carries weight.

It is significant that every year thousands of letters are received at the dead letter office in Washington, D. C., addressed to Santa Claus by the children of the land. But it is said that hardly more than one letter follows the next month giving thanks for the gifts which have been received. But it is not only children who forget to be thankful at times. Every one of us is prone to forget the thankfulness which should attend many undertakings.

The Los Angeles Examiner prints each day at the head of the paper an original prayer as a proper introduction to the day's work. This is a suggestive prayer as printed each day: "Dear Lord, keep me from the littleness and meanness of ingratitude. Give me a heart full of thanksgiving and praise unto thee and overflowing with love for my fellow man and appreciation of his efforts and his struggles." That this is a worth while venture in journalistic efforts to present each day a higher thought is doubtless.

More efforts of this nature on the part of newspapers today to raise the plane of thought and give newspaper readers an inspiration to start the day's work would have a high regard in public favor.

When you speak of producing a French play called "Malada Imaginare," we will reply that it can't be done. Neither could we write a biography of Theodora Rosafelt.

RUGGLES TALKS TO COMMERCE STUDENTS

The largest number ever in attendance at a commerce club dinner gathered at the Pagoda tea room last Tuesday night for the monthly dinner and to listen to a speech by Prof Clyde O. Ruggles, head of the department of transportation at Ohio State university and former director of the school of commerce at Iowa during 1920-21.

One hundred fifteen members turned out to the dinner because of Professor Ruggles' popularity among the students of the college and because of his recognized ability as a speaker.

Following the dinner Professor Ruggles expressed his warm feeling for Iowa, his native state and especially the University of Iowa, from which he received the degree of bachelor of arts in 1907. Following that he gave a clearcut speech outlining the functions of the colleges of commerce of this country and their relationship to the business of the country. He pointed out the need of developing commerce graduates equipped to use the "business telescope" upon their graduation, so that they might be taken into any business and taught to use the "business microscope" of the particular line of commercial endeavor which they selected.

During his stay here Professor Ruggles conducted lectures on transportation problems and on public utilities problems before various classes in the college. He left Thursday night to resume his duties at Ohio State university.

SOCIETY TO MEET.

The Hamlin Garland literary society will meet tonight in Ero-Irv hall at 7:30 p. m.

LAW COLLEGE EXPECTED TO PASS AMENDMENT

trips," he said, "some men who do not get to go now, may be making some of the trips when conference teams are played."

The amendment to the student council constitution, which has already been ratified by the colleges of commerce, liberal arts, pharmacy, and dentistry will probably be acted upon favorably by at least two other colleges this week.

The law students association will vote on the question some time this week and the sentiment in the law college presages an overwhelming vote for its adoption. The college of applied science has not set a date for the election but the matter will probably be taken up at their next regular meeting. Sentiment in this college is also in favor of the amendment.

ASHMORE GIVING BASEBALL MEN BATTING PRACTICE

Four batting cages are being used by the batters on Iowa field in order to improve their stick work. Batting has always been one of the weak points of Iowa teams, but Coach James Ashmore will probably be able to get together a good team of hitters this year.

In the practice game Friday Becker and Wells were the opposing pitchers, Becker working with the regulars, while Wells pitched for the seconds. As is usually the case, the regulars scored a couple of runs while the scrubs were unable to get a man on base. Wells seemed to have lots of speed and used some curves, but got himself into trouble because he could not locate the plate. Becker pitched good ball in the inning that he worked. Both of these pitchers still are far from the form they must be in to win conference games, but with the coming of warmer weather should be aids to Iowa's pitching staff.

The baseball game with Upper Iowa, scheduled for April 8, has been cancelled, but Coach James N. Ashmore said last night that a game with some other college, probably the State Teachers, would be arranged for that day. Iowa had three games scheduled with Upper Iowa, and it was decided that it would be better to play some other team on the opening date.

Four games will be played during spring vacation, all of them being played away from home. Part of the squad will be taken on these trips, but Coach Ashmore emphasized the fact that because a player was not taken on these trips did not mean that he had no chance to make the squad. "We never can take many men on these early

SENIORS WILL FIND WORK IN MANY LINES

(Continued From Page 1)

He plans on attending the summer session at the University of Michigan.

Bossen Will Toot Cornet

Andrew W. Bossen A4 of Battle Creek, the president of the University band and famous as "varsity" cornetist, intends to go into foreign trade at some time in the future. He will graduate from the college of commerce at the next commencement. "Andy" plans on taking graduate work at Columbia university next fall. If he decides for certain to enter there next fall he will play with a dance orchestra at a summer resort in northern Minnesota next summer.

Boynton a Drummer

There are exceptions to the theory that liberal arts students do nothing after graduation. Douglas F. Boynton A4 of Cedar Rapids will work for the Kaupke Coffee company of Cedar Rapids, taking a position on the road with them after his graduation.

Erwin P. Striegel P2 of Sioux City, president of the senior class in the college of pharmacy, will work in Sioux City pharmacy this vacation. Striegel hopes to get work with a commercial chemical plant. He will work for several years while a younger brother attends the University and will return in several years to take a course in medicine at the University.

"Shut" Will Heave Coal

Craven Shuttleworth L1 of Sibley, varsity quarterback, who is taking a combined course of liberal arts and law, will attend summer school for six weeks and will then return to his home at Sibley for the remainder of the summer to work with his father, who is engaged in the lumber and coal business at that place.

Maude Adams Undecided

Although the women admit laying tentative plans for the summer, they appear rather reluctant to give them any publicity. Maude Adams A4 of Des Moines, president of women's Pan-Hellenic, has not completed her plans for the summer. She says that she has had no difficulty in spending the last few summers, but has laid no plans for after graduation.

Margaret Brady On Newspaper

Margaret A. Brady A4 of Fort Dodge, a member of Staff and Circle, will engage in newspaper work after graduation. Miss Brady may work on a publication of the Mayo clinic at Rochester, Minn.

Lue Prentiss to Teach

Lue Prentiss A4 of Iowa City will be a faculty member of the University next year. She will be a member of the Romance language staff.

Jean Speirs A4 of Reinbeck will also enter the ranks of the teachers. Her major is physical education for women.

John P. Cumberland S4 of Center Point, president of the A.S. of A.S. who will receive a degree in mechanical engineering in June, has not fully decided in regard to his work for this summer. As a mechanical engineer he will go into some branch of manufacturing eventually. Senior engineers have been interviewed by representatives of the Western Electric company of Chicago. It is probable that a number of senior engineers will enter the employ of this firm.

Andrews to Run Column

Harold Andrews Au of Des

Moines, editor of Frivol, will work this summer at St. Louis. He will conduct a column for the St. Louis Post Dispatch.

Edgar P. Hoffman G of Ida Grove, captain of the cinder squad, is a graduate of the college of commerce. He has several things in view after he appears for Iowa the last time at the conference meet here in June. He will go into business eventually.

Anderson Will Pull Teeth

Glenn Anderson D4 of Iowa City, retiring president of the Association of Dental Students, stated that if fortunate enough to emerge from the state board examinations unscathed, he would commence to practice his profession in South Dakota.

Two Internes Chosen

Lawrence A. Block M4 of Davenport has been chosen as a medical interne at the University hospital. He begins his work July 1.

Frank G. Valiquette M4 of Sioux City, president of the senior class in the college of medicine, will become an interne in the department of gynecology and obstetrics at the same time.

Clarence O. Michaelson, A4 of Leland, Captain of the Varsity Baseball Nine receives his degree in commerce this spring. He has not decided what phase of commerce he will enter but will play baseball during the coming summer.

WOMEN PLAY LAST GAME OF BASKETBALL YESTERDAY

The junior women's team in basketball are champions over the senior team as a result of the game which they played last night when they defeated the seniors by a score of 14 to 5. This was the third game which had been played between the two teams and was to decide the champion since each team had won a game. This is the last game in the women's basketball tournament.

HERE'S INTERESTING NEWS FOR WOMEN!

SALE OF:-

300 House Dresses

A Great Purchase of Brand New Spring Garments from the Betty Brown Factory

Although the sale does not commence until Wednesday—many customers saw these dresses in our window display this afternoon and left order for one or two or even more. And, judging by the enthusiasm with which the display is being received, this is going to be one of the biggest House Dress events we have ever held.

The makers of Betty Brown garments used an unusual quality of gingham in fashioning these House Dresses. The material and workmanship are equal to that found in garments at near double this price.

A clever new style, as pictured, with string-tie effects at each side; semi-scalloped at the bottom. Two pockets, faced on edge with contrasting colors. You will be delighted when you inspect these dresses. They are so attractive and practical.
