DASHES DRAW FANS' INTEREST IN MEET TODAY

Large Number of Entrants to Compete in Track

BEGINS AT 3 O'Clock

Will Serve As Tryout For University Team Next Week

The annual Iowa track meet which will be held today at 3 o'clock near the building will bring out a large number of entrants interested in the various events. The meet will be of especial interest to the University team as it represents a formative step in the direction of preparing the squad for the Drake Relays.

WINNERS TO RECEIVE MEDALS

Every field and track event will be held and medals will be given to the winners in each event. The medals are made of silver and are on the same lines as those which have been given by the Drake Relays.

Entry of Teams from Other Colleges

Several other colleges have entered teams. The unnamed colleges are all from the western part of the state. Results of this meet will be published in tomorrow's paper.

NEED FOR GOOD ORGANIZATION

The need for good organization in the proper management of this meet is evident. Experience at Drake Relays proves the value of this kind of preparation. There must be a good many unsung heroes toiling in the background.

The actual list of events to be held is not yet available.

OFFICERS OF ATHLETIC CLUB MEET

The officers of the Athletic Club met on Monday night to make arrangements for the meet. It was decided to have a presentation of their books. Asuncion of love making in spite of love making and moonlight nights of the fresh."
