## WOMEN'S GLEE CLUB OPERETTA IS TOMORROW

Distinctive Japanese Effect In Settings; To Be in Two Acts

WILL FEATURE DANCES

Is Different From Previous University Glee Club Programs

The setting of the two act operetta to be presented tomorrow evening in the University theatre by the women's glee club has a distinctive Japanese effect with Japanese costumes, scenery, songs, and a special Japanese dance by Regina Des Jardins A4 of Denver, Colorado.

### Songs in First Act

In the first act O Hanu San, a Japanese girl celebrating her eighteenth birthday sings "Thanks to You", which is followed by a trio "The Soldier, the Poet and the Artist", by O Hanu San and her cousins O Kitsu San and O Kayo San. Chaya, O Hanu San's servant sings a "Patter Song", Gladys Watkins A2 of Woodbine plays a flute obligato in accompaniment of "O Tori-Kayo", the act closing with a lullaby by the chorus.

### Second Act

The second act opens with a song "We are Not Finished Yet" by Nora and Dora, two ultra modern American "flappers", followed by a song "When I Was a Girl" by their governess, Miss Knowall. In this act the lantern scene, featuring the Japanese solo dance, will take place, followed by "Tip Toe Hush!", "Cheres Mademoiselles", "In Praise of America", "Carmine Lips", the Japanese National Anthem and "All Hall" by the chorus.

### Beautiful Flower Scene

Especially beautiful is the flower scene in which the twelve flowers are presented to O Hanu San, fashioned into a gorgeous corsage by the Virginia creeper, and wound about with green tulle by the princess. The comedy element of the operetta is furnished by the servant Chaya. "The Japanese Girl" is a production wholly different from any previous University glee club program and it proves the success which the club expects it to be, a more elaborate and bigger presentation will be offered next year", said Professor Walter Leon yesterday.

## GRADUATE SCIENTIFIC FRATERNITY INITIATES TEN NEW MEMBERS

Ten new members were initiated into Gamma Alpha national graduate scientific fraternity, in the liberal arts drawing room Monday afternoon at 5:30 p. m. After the initiation ceremonies the fraternity banqueted at the Jefferson hotel. The banquet was followed by a program of short talks by the members.

This initiation was the fifth since the foundation of the local chapter. The initiates, all graduate students were: George E. Potter, biology; Edward N. Jones, botany; Kenneth C. Armstrong, and Martin E. Flentje, chemistry; Waldo S. Glocke, geology; Orley F. Brown, mathematics; Verne Graber, medicine; Henry B. Peacock, Robert A. Rogers and Andrew J. Sorenson, physics.

An address of welcome to the new members was given by Cordia C. Bunch, research, assistant at the Dean clinic of the University hospital. Martin E. Flentje gave the response for the new members. A history of the local chapter was presented by John C. Steinberg, graduate assistant in physics.

Gamma Alpha was organized at Cornell University in 1899 as a social fraternity. Only graduate students in science are eligible to membership. The object of the fraternity is to bring men together who are engaged in scientific work.

The local chapter now includes over forty resident members in the departments of bacteriology, biology, botany, chemistry, engineering, geology, mathematics, medicine, physics, and physiology.

## EACH SENIOR TO BE ASSESSED \$1 MONDAY TO PAY FOR EXTRAS

The association of senior presidents will meet this afternoon at 4:30 in the courtroom of the law building to form a petition for a part holiday on Senior day. It is expected that a cessation of all University classes, for at least a part of a mid week day some time about the middle of May, will be granted. "Commencement this spring will be the liveliest in years," are the words of Tom Murray, president of the association of senior presidents. Murray was a graduate of the college of liberal arts in 1919, and is now a senior in the college of law.

Plans for Senior day will take a definite shape beginning tomorrow. The first of the activities leading up to commencement will be a collection of \$1 from every senior, as provided by the senior constitution, to cover the cost of extra curricular activities of graduation and commencement week. Collection is to be done on a competitive basis in the various colleges. Their standing will be posted from time to time in the Iowan. Commencing Monday, senior class treasurers will be posted at desks in all of the colleges to begin collection. Tags will be issued as receipts, according to Marcus S. Carlson, S4 of Belle Plaine who is secretary-treasurer of the association.

## "THE BIRD MAN" IS PRESENTED

Mrs. Bristol's Prize Winning Play Given In Little Theatre

"The Bird Man" by Mrs. W. F. Bristol which received the \$50 prize last year in the play writing contest was presented to the University players in the Little theatre last night at 8 p. m. by members of the players. Mrs. Bristol was director when rehearsals first began but later the coaching was turned over to Helen Haddock A4 of Greenfield.

### Setting in Village

"The Bird Man" has its setting in a small country village in Ohio near Dayton. The main action takes place in front of the typical, cross-roads general store. It was here that an old man, a dreamer, worked constantly on an invention of an aeroplane of miniature proportions. He was ridiculed by all of the village people as one who would never accomplish anything, but would dream on until he died.

One day when he was working on his invention with his little boy playing with the tools, a whirring noise was heard, and an aeroplane alighted near the cross-roads. The mechanic came to the store and asked for help to set the machine in motion again. At that time aeroplanes rose vertically from the earth without the long horizontal run before going up as a huge bird flies.

### Larsen Plays Lead

The old dreamer then realized that his invention was of no use and gave it to his boy as a toy, teaching him how the machine could rise by running along the ground as a bird flies off into the sky. Thereafter he was looked on with more respect by his fellow villagers.

Jordan Larsen L1 of Radcliffe played the role of the old dreamer, the remainder of the cast was Helen Haddock A4 of Greenfield, Lauren Smith M1 of Cherokee, Albert Cannon L1 of Iowa City, Otto Laing A3 of Corydon, Harry Voltmer A3 of Galva, and John Jacob Van der Zee Jr., of Iowa City as the boy.

## ANNOUNCE SPECIAL RATES TO DRAKE RELAY CARNIVAL

Harry Breene, local passenger agent of the Rock Island railroad company, announced last night that special rates have been arranged for those who wish to attend the Drake Relays Friday and Saturday.

The round trip fee is \$6.54, and tickets may be purchased and used on April 27, 28 and 29 with a return limit of May 1.

## DAILY IOWAN STALKS BIG TEN CAMPUSES SEEKING BUSY MAN

Contest to Find Undergraduate Most Prominent in Campus Activities from Colleges of Middle West; Winner to Receive Cup

An Activities Contest, designed to find the man or the woman from all of the Big Ten colleges most prominent in campus activities, starts today and will close Wednesday, May 10, under the direction of The Daily Iowan.

A handsome silver loving cup will be awarded to the winner of the contest, and the judges, who are to be named by the editor-in-chief of The Daily Iowan, will be guided in making their decision by a point system which will be built on a graduated scale in accord with the significance and importance of the various activities listed by the candidates. Athletics, forensics, dramatics, music, scholarship, and any other of the earmarks of the busy man on the college campus will be considered in selecting the successful candidates.

Only students who are at present time undergraduates are eligible to entrance in the contest and they may be entered by applications submitted either by themselves, friends, or any group or organization which they represent. Application blanks and full regulations for the contest can be secured at the office of The Daily Iowan, room 14 of the liberal arts building. Applications are to be submitted to the Activities Contest editors of the candidates' respective college dailies, who will in turn mail them to the Activities Contest editor of The Daily Iowan, Harold D. Read. All entries must be in the hands of the editor-in-chief of the Daily Iowan at 6 p. m. Wednesday, May 10. Announcement of the winner of the contest will be made in the Big Ten dailies, May 19.

A questionnaire sent to the various Big Ten editors was used as a guide in setting many points in connection with the rules for the contest. Cooperation from the Big Ten editors was also assured by this questionnaire. The perpetuation of the contest as an annual affair to be conducted in the Western Conference Editorial Association will probably be recommended to that body by the editor of The Daily Iowan at its convention in Minneapolis, May 19 and 20. The contest is not only of a new sort, being more comprehensive than those heretofore conducted such as a beauty or short story contest, but it is the first to be undertaken by dailies of the Big Ten conference embracing such a large territory.

## 400 WILL PROBABLY ATTEND SUPERVISION CONVENTION 27 TO 29

Between three and four hundred delegates are expected to attend the eighth annual conference on Supervision which will be held here under the direction of the extension division and the college of education an April 27, 28, and 29. The primary purpose of the conference is to instruct high school superintendents and other educational leaders in administration, supervision and economical management of educational institutions so that the people of the state may be convinced that the money spent for education is well expended.

### Jessup Welcomes Guests

The conference will open with an address of welcome by President Walter A. Jessup at 9 o'clock on Thursday morning. Following the address of welcome talks will be given by Dean C. E. Chadsey, dean of the college of education at the University of Illinois; Prof. L. M. Terman, professor of educational psychology at Stanford University; and Prof. Ernest Horn, professor of elementary education at Iowa. The Thursday afternoon session will be presided over by Prof. Forest C. Ensign of the college of education. Dean Chadsey will speak on "Unsolved Problems in Education", and T. J. Kirby, professor of secondary education, will talk on "Two Needs of High School Administration".

The rest of the afternoon will be devoted to a series of conferences on various phases of educational work. Thursday evening Professor Terman will lecture on "Measuring the Brain" and Dean Russell of the college of education will give an illustrated lecture on "Education in the Orient".

### Judd Here Friday

The program Friday morning includes talks by Prof. Frederick B. Knight, assistant professor of education and psychology; Jesse Newlon, superintendent of schools at Denver, Colorado; and by Dr. Charles H. Judd, director of the school of education at the University of Chicago. Friday afternoon Director Klingaman and Superintendent Newlon will talk on "Visual Instruction" and on "Educating the Public to School Needs", respectively. From 3 to 5 p. m. a series of supervision conferences will be held under the direction of various members of the Iowa faculty.

### Jessups Entertain

At 5 o'clock President and Mrs. Walter A. Jessup will hold a reception for the visiting superintendents following which a conference dinner

(Continued on Page 4)

## UNION COUNCIL PLANS TO FORM PERMANENT ORGANIZATION SOON

With the details of the student campaign practically cleared up the attention of the Union council is being directed toward rebuilding the present organization into a permanent institution which will function next year without the task of creating an entirely new committee.

### Handle Student Problems

It is the aim of the council to engage in the handling of student problems in conjunction with the student council, or it may even be incorporated with that body. The first step in the reorganization program will be taken tonight when the council meets with the director of the Union at 5 p. m. The meeting will probably be limited to a discussion of the several plans which have been proposed.

### Final Clean-Up

Further activity on the student campaign will take place next Tuesday night when the council will devote just one evening to a final clean-up. It is realized that interest has died down but the time spent in rounding up some scattered pledges will be worth while.

The books of the Union are now undergoing the annual auditing by a staff of workers from the accounting department of the college of commerce.

## WILL REVEL AT APRIL FOLLIES

Plan Striking Decorations For Ball of Art Students And Faculty

Beneath a brilliant maze of color and a gorgeous streaming of banners, the faculty and students of art will celebrate the April Follies next Saturday, at the women's gymnasium. The gold and black of stenciled dragons, and the scarlet and purple of painted discs will add to the brightness of this unusual affair.

### Striking Decorations

The blending of the entire decorations into one effect will be secured by floating streamers. Bertha Shore A4 of Des Moines, chairman of the committee, says "We believe that these decorations will be as striking an attraction as any that have been used at previous Follies."

One of the features of the evening will be the customary grand march led by Prof. Charles A. Cumming and the rest of the art faculty. In this procession, the costumes of the dancers are displaced and are then judged as to the most original and striking. A prize is to be awarded for the best costume.

### Guests Coming

A number of guests from out of town have been invited to attend this affair. Tickets are on sale to students of the art department for the price of \$1.

## TO CHOOSE HAWKEYE HEADS ON BASIS OF PERSONAL ABILITIES

Names of those who have applied for the positions of editor-in-chief and business manager of the 1924 Hawkeye have not been given out yet, as all of the expected applications are not in. All petitions must be sent in to Prof. Charles H. Weller on or before May 10.

Men and women of the class of 1924 are eligible for either position and the board of trustees will consider all candidates on the basis of personal ability.

Both positions carry the same salary, \$200, but there is a possibility of this being increased to \$410 by means of a bonus.

The editor-in-chief for the 1923 Hawkeye is Raymond Peterson A3 of Council Bluffs and the business manager is Stuart Short A3 of Council Bluffs.

### SCHLESINGER TO SPEAK

Prof. A. M. Schlesinger, head of the history department, will address the Nebraska State Teachers' Association at Lincoln, Nebraska, May 5, on the subject of "New Viewpoints in American History".

## COE IS DOWNED BY IOWA WITH SCORE OF 10-1

Hawkeyes Win Game in First Inning With Total Of Five Runs

## FROHWEIN HITS HEAVY

Playing Listless; Drags Out Until Darkness Calls Halt

Iowa defeated Coe yesterday by a score of 10 to 1 in a listless and uninteresting game, that dragged on until it grew so dark that the batters were unable to see the ball. Both teams played bad baseball in spots, but Iowa's bad playing occurred only once or twice, while Coe was frequently making misplays. The hitting was about equal, for Coe got five hits to the six that Iowa made.

### Iowa Won in First

The first inning gave Iowa enough runs to win the game, for four counters were made. The Hawkeyes went to bat first, and Shimek after waiting out the pitcher got hit by a pitched ball. Frohwein then cracked out a liner to center field that good for a single. Both runners advanced when Locke poked an infield hit past the pitcher and Shimek scored when the pitcher's throw to first went wild. Michaelson walked, and the Coe shortstop fumbled Hick's grounder, which scored Frohwein.

With the bases full Hayek, Coe's pitcher, could not find the plate and walked Wilhelm, allowing Locke to score. Arneson also drew four balls and Michaelson ambled in on the pass. Coe then changed pitchers and Strong managed to retire the Iowa team without any more damage being done.

### Hicks Caught Asleep

It was during this period that one of the bad spots in Iowa's playing came out. Hicks was on third, and apparently forgot that the bases were loaded. Becker hit to the third baseman and Hicks instead of trying to score held his base and was easily forced out at home. Wilhelm was almost caught on the same play as he too held his place at second.

The only other time that Iowa got in trouble was when Becker walked the Coe pitcher, who was sacrificed to second, and scored when Wilhelm failed to field Werminout's single.

### Frohwein Hits Hard

After the first innig the game was uninteresting except for some heavy hitting by Frohwein. He cracked out a three bagger to deep center field in the fourth inning, and in the sixth hit a long drive that went far over the heads of the Coe fielders for a home run. This hit bounced into the football field on the first hop, and the Coe fielders had a hard time getting over the fence to get it. By the time the ball had been re-

(Continued on page 4)

## IOWA FACULTY MEMBERS WILL SPEAK AT MEETING

Dr. P. W. Whiting and Dr. Hornell Hart of the Iowa child welfare research station will read papers on genetics and sociology, respectively, at the meeting of the Iowa Academy of Science at Drake University on April 29. Last year the Academy voted the Iowa child welfare research association into full membership with other sections of the association.

### TO INSTALL OFFICERS

Kappa Phi club will install officers for next year at its regular meeting tonight. The program which is to follow will consist of a pageant, and a talk by the grand president, Rose Reeve of Iowa City, who was recently elected to that office by the Council of chapters held at Ames recently.

### RECEIVES PROFESSORSHIP

E. McKinley Erikson, candidate for Ph. D. degree in history, has been elected professor in history at Lombard college, Galesburg, Illinois.

A BIG MAN

In attempting to find the man in the Big Ten who is most prominent in campus activities, the Daily Iowan is launching a contest that is comprehensive and of great scope. In order to win this contest, a man cannot be merely an athlete, merely a good writer, a good debater, or enjoy mere popularity; he must have a rare combination of many or all of the qualities. He should be the biggest and most capable man to be found among the colleges and universities of the Middle West.

For this reason, campus organizations at Iowa should do their best to put their best men in the race; it means honor not only to the winner and his organization, but to his University. The man who wins this contest will be entitled to honors such as few men enjoy. It is greater than a football letter, a Phi Beta Kappa key, or a high office,—it is all of these combined.

Ten colleges are entered in this contest and they will produce some big men. Iowa should cast her eyes about for her most likely candidates.

THE NEW NOTE

The New York University News has canvassed the colleges and universities of the country in an attempt to find how students may get the best results from collegiate training. The questionnaire sent only to students and answered by student publications contained the following broadly summarized suggestions: increased emphasis in college courses of study on the old fashioned humanities, that is, literature, languages, and philosophy; the adoption of an honor system and the development of student self-government; and strict elimination of professionalism in college athletics. Honor systems, student self-gov-

ernment, and professionalism in athletics have been matters of discussion in the college world the past few years and need no further comment. The suggestion that more emphasis be placed on the old humanities, however, strikes a new note in present day education. Scholars are awakening to the fact that the road of specialization they are now traveling is a narrow one, leading away from a broad and liberal knowledge of life. The love of knowledge, as knowledge, the revival of interest in the arts and in literature, may portend a new renaissance in the intellectual world. Only such a revival, it would seem, can ever produce another Shakespeare, another Raphael.

THE WRONG ATTITUDE (Purdue Exponent)

Faculty members from many of the leading colleges of the country have realized for some time that something is radically wrong with the attitude of the students toward the courses of study offered, and have been trying to find a solution to the problem. It seems that a university should stand for the greatest accomplishment in every line of work, yet just the opposite idea seems to prevail. Instead of trying to get all the information possible, to acquire the knowledge and training so essential to the educated man of today, altogether too many students are content to make mere passing grades.

The freshmen as a rule come to the university thoroughly instilled with the desire for knowledge. In a way they realize that only through hard work can they realize the purpose for which they are here. It is true that many failures occur in the first year, but it must be remembered that some find the courses too difficult to be mastered, due in many cases to insufficient preparation and a lack of foundation.

By the beginning of the sophomore year the attitude seems to undergo a decided change. The purpose of the university appears to be forgotten and high scholastic attainment loses all of its luster. Activities of different kinds are given preference partly due to the mistaken idea that any training received along these lines will be for more beneficial in the work of the world after graduation than high grades.

Is this the form of attitude that will bring success in the business world? Will the employer continue to look with favor on the man who makes a flying start on the work he undertakes and then slacks up due to other interests foreign to the job? The university should be a training school for the life to come, and the sooner the student realizes this fact and applies himself to the daily tasks with the idea ever in mind of realizing the greatest benefits from this training, the greater will be the possibilities for the college man.

COACH DISCARDS CRUTCHES

George T. Bresnahan, track coach and assistant director of athletics, has recovered from his infected foot sufficiently to discard the crutches he has used for the past two weeks.

TICKETS ARE IN GREAT DEMAND

Students To Present Benefit Play Next Monday and Tuesday Night

A widespread demand for the tickets to the Student Council loan fund benefit show, "The Fascinating Princess" which is to be put on at the Englert Theatre next Monday and Tuesday nights, May 1 and 2 has already been evidenced, and it is likely that the interest of the student body and townspeople will be such that the house will be full on both nights.

Tickets \$1.10

The bulk of the ticket sale is in the hands of the members of Staff and Circle who are working to make the show an assured financial success and tickets may also be purchased from a representative of each of the fraternities and sororities and at the Iowa Book store. One dollar plus the ten cent tax is the uniform charge for any seat in the house, and the time of reservation will be announced tomorrow.

Principle Chosen

The principles in the cast have all been definitely chosen, and the complete cast is rehearsing daily on the speaking and musical parts. Robert Block L1 of Davenport will play the part of Walter Ingersoll, quarterback on the football team of the University of Chicago, and Bud Wilcox, alias "Duke of Duluth", a pal of Walter's will be played by Carl L. Moller D2 of Mapleton. Harry Foster will interpret the part of Punt Steffanson, alias "Earl of Manchester", another pal of Walter's and Gla Littell A4 of Spirit Lake will play the part of Fred Wise, alias "Prince of Cubana" Walter's room mate.

Take Major Parts

As announced a few days ago, Gregory Foley A3 of Rock Rapids and Albert Ward A3 of Clinton will take part in the production, the former assuming the stage role of Major Shure, a retired army officer and professor mathematics at the University of Chicago, who is looking for a wealthy wife, and the latter portraying the part of Lon Starr, alias

"Princess Cerisa of Cubana", football coach of the University of Chicago.

Pony Chorus

Ruth Wilson A4 of Seymour will be seen as Rosie Ryan, a vivacious co-ed, and Miss Hazel Remington, principal of a girls' school of steno-

graphy will be impersonated by Dorothy Pattie A2 of Clear Lake. Lucille Everett A4 of Iowa Falls as Mrs. Eliza Honeyworth, Walter's aristocratic aunt and guardian and Regina Desjardins A4 of Denver, Col., complete the principles of the cast.

The foregoing are supported by a large chorus including a pony ballet chorus of eight girls. These were chosen from among the best dancers on the campus, and their work will be one of the big features of the production.

"God's Crucible"

God's Crucible tells the story of a young stranger within our gates who fought bravely to overcome the countless obstacles that confronted him,—and who won his fight.

Sometimes the story is tragic,—grimly so; sometimes it is lightened by humor that cannot fail to bring a laugh; always it is fascinating, for it probes the human heart to its depths.

# PUSH SALE OF STADIUM BONDS

Will Visit Iowa Cities To Put Total Over The \$40,000 Mark

The bond issue for the improvement of Iowa field has reached the \$40,000 mark, according to Coach Howard H. Jones, who is in charge of the sale of the bonds. Up to this time all the subscriptions have been made by people of Iowa City and University students.

### Will Visit Large Cities

It is now the intention of Coach Howard Jones to visit several of the larger cities of the state where Iowa has a number of alumni, and obtain the balance of the subscriptions from them. "These visits will begin immediately," said Coach Jones, "and will last until all the cities on the list are visited." Among the list are Davenport, Des Moines, Cedar Rapids, Waterloo, Sioux City, Fort Dodge, Mason City, Burlington, and possibly Keokuk.

All the bonds that have been sold so far have been done so with the greatest enthusiasm and spirit for a better and greater Iowa. All that has been necessary has been for Coach Jones to approach the men, and let them give what they thought they were able to. In most cases every man has done his best and subscribed a creditable amount.

### Sea Wall Nearly Finished

The work on Iowa field has been in progress several weeks and now a considerable portion of the sea wall is finished. The men working on this end of the improvement have been handicapped from time to time by the spring rains which have been filling their trench and they were unable to pour the concrete. Provided the weather remains fit the sea wall will be completed in ten days. The wall is over two feet thick and will form the basis of the bleachers.

Work on the east side is in progress and, as soon as they are through pouring concrete on the west side, they will pour the concrete of the east side fence. The holes for the pillars are all finished and are in readiness for the actual concrete.

# SOCIETY

### Pi Beta Phi

The annual Founders' day banquet Phi Beta Phi sorority was held at the chapter house Monday evening. A color scheme of lavender and yellow was carried out with decorations of sweet peas and jonquils.

Mrs. Nellie Swisher acted as toastmaster. Toasts were given by Maude Adams A4 of Des Moines, Louise Bowe A3 of Bronson, Francis Williams A2 of Burlington, and Miss Troth of Iowa City. Out of town guests were the Misses Forsyght, and Mrs. Rosenberg of Cedar Rapids, and members of other chapters who are not residing in Iowa City.

### Theta Xi

Theta Xi fraternity will dance at the chapter house Saturday evening. Lieut. and Mrs. Albert Riani will chaperon. Don Brady's orchestra will play.

### Iota Xi Epsilon

Iota Xi Epsilon sorority will give a dancing party at the Burkley, Saturday evening. Mr. and Mrs. W. R. Hart will chaperon. Lawson's orchestra will play.

### Freshman Pan-Hellenic

Freshman pan-Hellenic dance will be given at the Cotillion, Saturday evening. Mr. and Mrs. R. M. Carson and Lieut. and Mrs. Thomas Martin will chaperon.

### ANNOUNCEMENTS

Pi Lambda Delta members are requested to meet at liberal-arts' drawing room at 4:30 this afternoon to go on a picnic, which will be held indoors if it rains.

Ethel Martin, secretary.

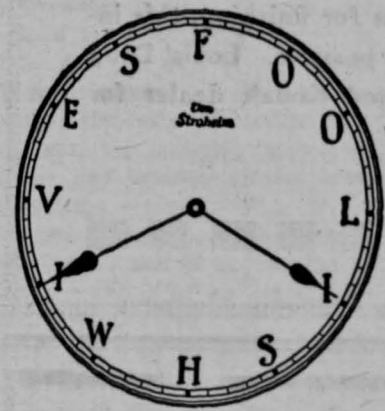

The business meeting as scheduled for Hamlin Garland literary society has been postponed until Thursday at 4 p. m. in room 116 liberal arts. Lois Breemer, president.

The regular meeting of W. A. A. is tonight at 7:30. Helen Spencer, secretary.

There will be no recreational swimming in the women's swimming pool this afternoon after 5 o'clock. Marion R. Lyon.

### DR. E. H. DELK WILL SPEAK AT VESPERS SUNDAY AFTERNOON

Rev. Dr. Edwin Heyl Delk of the St. Matthew's Lutheran church of Philadelphia, will be the speaker at the regular vesper service which will be held next Sunday afternoon, April 30th, in the natural science auditorium. The entire program has not yet been definitely made out, but it is probable that special music will be given by the University choir, and that some numbers will be given by the University orchestra.

### To Give Other Addresses

The subject of Doctor Delk's speech will be "The Challenge of the Christ". Besides delivering the vesper address he will give a series of three lectures to audiences in Iowa City. Sunday evening he will speak at a union meeting of the churches of Iowa City in the Methodist church. Monday at 11 o'clock he will give a special lecture in the liberal arts auditorium. In this talk Doctor Delk will discuss "Internationalism, the Goal of Social Evolution." This talk is open to all who are interested, but is being given primarily for the benefit of those students taking courses in international politics. Monday noon Rev. Delk will speak at the Commercial club luncheon.

### Native of Virginia

Doctor Delk is a native of Virginia, and a descendant of Roger Delk, who was associated with Nathaniel Bacon in his rebellion against Governor Berkeley of Virginia in 1673. He received his training for the theological work at the Lutheran seminary at Gettsburg, Pennsylvania. During the Reformation week at Harvard University he served as preacher and has also conducted chapel services at the University of Pennsylvania.

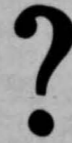

Several books have been published by Doctor Delk among which are: "The New Paganism and the Old Faith", "Three Vital Problems", and "The Need of a Restatement of Theology".

Doctor Delk is keenly interested in the intellectual and moral life of college students.

### BALDWIN TO SPEAK

On May 5th Dr. B. T. Baldwin, director of the Iowa Child Welfare Research Station, will address a section of the American medical association in Washington, D. C.

# WHAT IS THE NAME ?

That is for you to decide, however, it is a new bake shop,—a combination bakery that is more than a bakery, and a shop that will offer for sale fresh eggs, butter, milk, fancy cold meats and imported canned goods.

A complete new line of electric baking equipment is being installed and we have also secured the services of an expert pastry man who specializes in French and Danish pastries.

This is to be a quality shop throughout; absolutely sanitary and up-to-date in every respect. The management wants you to realize that this is your bakery. Our success will depend on how well we serve the public. Therefore, the manager, Mr. A. G. Simpson, is offering a cash prize for the best name for your new bake shop.

## \$15.00 FOR A NAME

Take into consideration the aspects of this bake shop and submit a name on the blank in this advertisement. The winner will be announced in Tuesday morning's Iowan.

Fill in the blank, cut it out and mail it or leave it at the bake shop at 117 South Clinton.  
The contest closes Monday night, May 1.  
Judges will be announced in Sunday's Iowan.

Bakery—117 South Clinton  
I suggest as a suitable name  
.....  
My name is .....  
My address is .....

### COE IS DOWNED BY IOWA WITH SCORE OF 10-1

(Continued from page 1)

turned to the shortstop in deep left  
field, Frohwein was walking to the  
bench.

#### Locke Makes Good Peg

Another bright spot in Iowa's de-  
fense occurred in the third inning,  
when Werminout was caught off  
third by Locke's fine peg. Wermin-  
out had singled and had advanced to  
third on an error and a hit. The  
runner on first started to steal  
second, and Werminout started  
home on Locke's throw to Shimek.  
Shimek made a quick return to  
Locke, and Werminout was caught  
at third by Locke's throw to Hicks.

Iowa	AB	R	H	P	A	E
Shimek, 2b	4	2	1	3	5	0
Frohwein, cf & lf	4	3	3	1	0	0
Poepsel, lf	1	0	0	0	0	0
Locke, c & 1b	5	2	2	10	1	0

inning.

Score by innings:	R	H	E
Iowa	4	0	2
Coe	0	0	1

Summary: Hits off Becker, 4 in 3  
innings, off Smith 1 in 3 innings, off  
Nichols, 0 in 1 inning, off Fabricius  
0 in 2 innings, off Hayek 2 in 1 in-  
ning, off Strong 5 in 6 innings, off  
Cramblet 0 in 2 innings. Strike outs:  
Becker 3, Smith 5, Nichols 1, Fabri-  
cius 3, Strong 3, Cramblet 2. Bases  
on balls; off Becker 1, off Smith 2,  
off Fabricius 2, off Hayek 3, off  
Strong 1. Stolen bases; Hicks,  
Makeever. Sacrifice hits; Michael-  
son, Hurlbert, Becker, Brown. Double  
plays; Hicks to Shimek to Arneson.  
Pence to Human. Home runs; Froh-  
wein. Three base hits, Frohwein.  
Two base hits; Locke. Hit by pitcher  
Shimek. Umpire, Lister, Rock Is-  
land.

### 400 WILL PROBABLY ATTEND SUPERVISION CONVENTION

(Continued from Page 1)

will be held at the Jefferson hotel.  
Friday evening's meeting will be  
presided over by Dean Russell. R.  
G. Jones, superintendent of schools at  
Cleveland, Ohio, will talk on  
"Economy in Education, measured in  
quality, time, and money". Director  
Judd will speak on the expansion of  
education during the past half-  
century.

**Baldwin Will Lecture**  
Saturday morning's program will  
include talks by Superintendent  
Jones and by Professor Ensign. The  
last official event on the three day  
program will be a lecture by Dr.  
Bird T. Baldwin, director of the  
Iowa Child Welfare Research Sta-  
tion, who will lecture at 10:30 on  
the subject, "The Relation between  
Mental and Physical Growth of  
School Children."
