ILLINOIS LEADS AS CLOUDBURST SWEEPS FIELD

Indians Gain Three Run Lead Before Game is Called at End of Third

IOWA FAILS TO SCORE Numerous Hawkeye Errors Make Scoring Easy For Illini

Iowa had started to hand another baseball game to Illinois when a cloudburst that drove everyone to shelter, caused Umpire Pete Lister to call the game. Illinois was leading at that time, the end of the third inning, by a score of 3 to 0.

Practically all of Illinois' runs were handed to them by the poor playing of some men on the Iowa team. The first run, which came in the first inning, was a gift. With a man on second and two down, Vogel hit a hard liner to Wilhelm. It hit his hands and bounced past him and one man scored.

In the second inning Illinois scored again on more errors by the Iowa team. Hurlburt's failure to cover second after Frohwein had caught a runner off first, let the runner get to second. A passed ball put him on third, and he scored when Hurlburt muffed a roller. The batter could have been caught, but Hurlburt's throw pulled Locke off the bag.

They might have scored again except that Barrett's throw to Hicks caught Stewart off the bag. Their last run came in the third inning on two singles. The first hitter took second when Michaelson let a ground ball get away from him, and scored on McCurdy's second single.

Iowa's only chance to score came in the third inning. Barret walked, advanced to second on Hurlburt's single through the infield, but the side was retired when Frohwein rolled an easy grounder to McCurdy at first. It was raining so hard by that time that Frohwein was unable to get a solid blow.

In the three innings played Illinois got four hits to two for Iowa. The Iowa batters were meeting the ball squarely, but an Illini fielder was always camped under the ball when it came down.

Frohwein started on the mound for Iowa but was not up to his usual form, and continually got himself in the hole by failing to locate the plate.

On several occasions he had to put the ball over to some of the Illini hitters, and these men usually hit it out. His support was wabbling and cracked under fire. Banker hurled for Illinois and while his offerings were hit squarely, his fine support took care of everything that came out. Iowa would probably have gotten some hits off his delivery if the game had continued.

Rain that soon turned to hail started falling in the third inning, and the fans made a wild rush for the gate.

The next game is with Chicago here on next Saturday afternoon.

ALLEGORICAL PAGEANT WILL BE PRESENTED ON FRIDAY, MAY 19

Members of the playground class in the department of physical education for women and the students from the Longfellow, Horace Mann and Sabin Schools will present an allegorical pageant, Friday May 19 on Iowa field. The pageant is the story of the spirit of play who was once caught and bound in chains in order that he might not interfere with the tasks of home and school.

Regine Des Jardins A4 of Denver, Colo., will take the part of the Youth in the pageant and Sybil St. John A2 of Riceville will take the part of Mischief. Other allegorical parts will be filled by the members of the playground class, also the dances will be done by the children in the elementary schools.

The University band will play the accompaniments to the games and dances. The price of admission will be fifteen cents and the proceeds will be used to buy new playground equipment for the various schools.

A.F.I. TO ELECT TWELVE MEN TO MEMBERSHIP ON THURSDAY, MAY 18

Twelve men from the junior class prominent in extra curricular activities will be elected to A. F. I. men's senior honorary society at the annual election which is to take place Thursday May 18. Election to A. F. I. is based on extra curricular activities. At the regular April meeting nominees were chosen from the junior men of this year. These are all to be eliminated but twelve at the next meeting.

The men voting are only the active members—twelve Seniors who were elected last year. The only qualifications that a prospective candidate must have other than those mentioned above is that he must have passed at least twenty-eight hours of work during his junior year. Initiation of the newly elected members will be on Wednesday May 24.

STEEL ARRIVES FOR BLEACHERS

Lambert Suggests Use of The East Stands at Track Contests

Work on the new bleachers on Iowa field is progressing on schedule time, and it is expected that a part of the new bleachers will be ready for use at the conference track meet on June 3. The sea wall back of the west bleachers is in place.

The footings for the east side wall are finished, and all of the concrete work will be completed by the middle of the week. Six car loads of the steel girders used in the stands have been received and the other twenty car loads will be shipped as soon as possible.

"The work is progressing on schedule time", said Prof. Byron J. Lambert, who is in charge of the work. "We hope to have part of the new west bleachers ready for the conference meet, but I will like to suggest that a more extended use of the east stands be made by track fans.

It is not generally realized that the finishes of the various events can be seen better from that side of the field. The sun would be no bother, since most of the events will be over by the time the sun is low enough in the west to cause discomfort."

STYLE SHOW WILL BE UNDER SUPERVISION OF RAY SLAVATA

A style show under the personal supervision of Ray Slavata of the Ritestyle shop will be a feature of the Governor's ball and dinner which will be under the auspices of the Officer's club in the new armory next Saturday evening.

Mr. Slavata was in Chicago yesterday selecting the gowns which will be displayed on living models and which will represent the very latest styles in women's fashions.

Each feminine guest at the party will be given a slip with a number on it and later in the evening slips bearing duplicate numbers will be placed in an urn and shaken up. Mrs. Nate E. Kendall, wife of Governor Kendall will then draw a slip from the urn and the co-ed who has the slip bearing the same number will be given the privilege of selecting any gown in stock in the Ritestyle shop as her own.

Mr. Slavata said he did not wish to limit the selection to one of the gowns shown on that evening as none of them might suit the personal taste of the prize winner, and therefore opens his entire stock for selection.

The style show will take place on the dance floor and appropriate signs will be placed on an easel as the different gowns are displayed giving the names and descriptions.

The floor is undergoing a thorough sanding with the sanding machine and will be worked to a smooth condition after which wax will be applied to make it suitable for dancing. Decorations are expected to arrive today or tomorrow. Preparations for the dinner which will be served at 7 o'clock are under way and it is estimated that more than 500 will attend.

TWO DAYS REMAIN FOR SENDING IN ENTRIES TO THE DAILY IOWAN'S ACTIVITIES CONTEST; PURPOSE IS TO FIND A CAMPUS LEADER

Only two days remain for sending in entries to the Activities Contest which The Daily Iowan is sponsoring among the universities of the Big Ten Conference. Wednesday May 10 at 6 p. m. is the time all entries are due at the Iowan office.

Activities Cup

Most of the entries received to date have been from other universities, and there is still time for a number of men and women who are prominent in activities on the Iowa

campus to be entered in the contest.

The Daily Iowan will present to the winner of the contest a handsome silver loving cup standing thirteen and one half inches high, and lined with gold. It is being engraved to read:

Winner of "Big Ten Conference" ACTIVITIES CONTEST

Presented by The Daily Iowan The name and university of the person winning the cup will also be put on the cup.

The purpose of the contest is to find the man or woman on a Big Ten campus who is most prominent in campus activities. In all probability the winning applicant will not be a star in any one branch of university activities, but will be a general all-round campus leader. It is the hope of The Daily Iowan that the person who is really most deserving of the honor, that winning the contest will bring, will in the end secure the trophy, and for that reason every organization is urged to enter its most promising candidates, in order that none will be overlooked.

During these last two days of the contest, campus organizations will do well to determine whether or not their best representatives are entered, and if not they should enter them at once.

SENIOR DAY IS DEFINITELY SET FOR MAY 17

Morning Classes Will Be Suspended; Parade To Iowa Field

NO CHANGE IN PROGRAM

Surplus from Senior Tax Will Not Be Used for General Fund

Senior day was definitely set for Wednesday, May 17. The tentative date, May 10, which had been considered for the holiday was discarded because of the many University activities of the past weekend.

Plans The Same The plans for the day remain exactly as they had been planned for the other date. Classes will be dismissed from 9 a. m. until 12. Classes will form on Clinton street preparatory to a parade to Iowa Field. The program to be given will consist of stunts by the senior classes of every college, musical numbers, and speeches.

Presidents Lunch The board of senior presidents took lunch at the Pagoda tea shop yesterday noon. Plans for senior day were discussed. All who were present reported that stunts were well under way, in fact all classes were ready to give their stunts on Wednesday. However, with the extra week to prepare, an opportunity will be given to perfect them.

Will Close Tax Drive At yesterday's luncheon it was definitely decided not to put the surplus remaining from the senior tax after all expenses are paid into the Memorial Union or any other general fund. Collection of the senior tax has been somewhat held up the past week as many seniors refused to pay the tax until they had the assurance of the presidents that the surplus would go to the purchase of a specific senior memorial. No decision was reached regarding the nature of the proposed senior memorial.

With this definite decision reached class officers expect to close the tax drive quickly and successfully.

ISSUE INVITATIONS TO JUNIOR BREAKFAST

Invitations have been issued by Dean Adelaide L. Burge for the annual junior breakfast, which is to be held in the commercial club rooms Saturday morning, May 13, at 8:30 o'clock. All junior women are invited and expected to send their regrets if they will be unable to attend.

COMMISSION TO RATE COLLEGE OF DENTISTRY

Investigation Conducted Independent of The Faculty

GIS HEADS COMMITTEE

Jessup and Dean Give Banquet in Honor of Visitors

An investigation of the dental college is being made this week by the commission from the Carnegie Foundation which will report on the comparative merits of about sixty dental schools of the United States and Canada. The report will, in effect, rate the University of Iowa dental college in the dental world.

Dr. Gis Heads Commission The committee, is headed by W. J. Gis, professor of biological chemistry at University of Columbia. The members representing the dental educational council are Dean C. R. Turner, of the college of dentistry, University of Pennsylvania, A. H. Reynolds, secretary of the board of dental examiners of Pennsylvania, and Dr. C. R. Nixon of Valparaiso, Ind.

They are making their investigation of the dental college and dental departments in the medical building independent of any personal guidance by Dean Frank T. Breene, of the dental college. They are merely allowed the freedom of the laboratories, classrooms and clinic to interview instructors, observe the work of students, investigate the office of dean, and look up the financial condition and use of the funds of the college.

Jessup Entertains President Watler A. Jessup and Dean Frank T. Breene entertained the commission at a dinner at the Pagoda last night. About seventy members of the dental faculty and faculty of other colleges were present. Discussions of ways of improving and standardizing dental education followed the dinner. No report of the University of Iowa dental college will be made until the complete comparative statements are prepared.

JUNIOR WOMEN CAN HAVE POINTS RECORDED

Junior women can have their W. A. A. points recorded Wednesday from 3 to 5 o'clock in the main office of the women's gymnasium. Credit will be lost on all points earned but not listed with the class representative by that time.

ELECTION OF FRIVOL STAFF WILL NOT BE HELD UNTIL MAY 25

Elections for positions of editor and business manager of Frivol for next year have been postponed until Thursday, May 25, by the board of trustees. The election which had been set for tomorrow, was postponed to give the candidates for the positions more of an opportunity to prepare for an examination by the board.

Four or five have announced their candidacy for the editorial position and several are also out for the business managership. However, as few have had experience on the Frivol staff, the board set the election two weeks ahead to give the candidates as much time as possible to prepare prospective material for the magazine.

The last issue of Frivol for this year will appear the day before the new date for election, May 24. After recently putting out a pessimistic number and a radical number, the editors have decided to change the tone in this the last issue of the year. The next issue will be called The Narcissus Number.

TRACK MEN TO TAKE A REST

Iowa is Expected To Win State Meet Again This Year

Coach George T. Bresnahan's track team takes it easy for a few days this week according to the program, since Saturday is an open date and there is nothing to do until the state meet which comes off at Des Moines on the day of April 19. Many of the men who are in the sophomore class will take advantage of this lay-off to run in the R. O. T. C. track and field meet which will be held on Iowa field Saturday afternoon.

Records Fall The Hawkeyes rather made up for their bad showing at Drake in the meet Saturday, and Iowa records fell thick and fast. This means that when the team ever starts to work, that they can do about anything they want to, and it also means harder work since the rest of the teams on the Iowa schedule will be working twice as hard to beat the Iowa record-breakers.

Iowa May Win Iowa, who has had little trouble in coping the State meet for the past few years, should repeat again this year. Their trouble will be in fact that the rest of the schools with one good team apiece may take enough points away from the Hawkeyes to cause their defeat. This is hardly probable though, as Iowa can cop enough firsts and seconds in nearly all the events to guarantee their winning.

Through an oversight on the part of Iowan reporters, mention was not made Saturday of the breaking of the javelin record by Charles Smith of the Iowa track team. Smith threw the javelin 162 feet 11 inches for a new University record, the old one being 161 feet, 6 inches, made by C. C. Sheedy in 1919.

BASKETBALL TOURNEY WILL COME TO CLOSE TONIGHT AT 7 O'CLOCK

The interfraternity basketball tournament will come to a close at the men's gymnasium tonight when the Phi Gamma Delta's meet the Phi Kappa Psi's at 7.

Teams have played in three sections with championships in each section determined on a percentage basis. Sigma Pi won section A, Phi Kappa Psi won in section B, and Phi Gamma Delta in Section C. Phi Gamma Delta won from Sigma Pi 24 to 16 in the semi-final game, thus leaving winners of sections B and C to play for the championship.

Phi Kappa Psi were also winners of the pan-Hellenic series and are doped as winners of tonight's contest.

The physical training department will promote another series next year, and plan to give cups to the winners of each section with a championship.

1923 HAWKEYES GO ON SALE AT 8 TOMORROW

Books Will Be Distributed To Students in Room 14A Liberal Arts

CONTAINS 500 PAGES

Subscribers Must Present Receipt With \$4 to Secure Their Copies

Contrary to previous plans of issuing the Hawkeye, on May 15, the work on the annual has been pushed ahead so as to put the books into the hands of the students tomorrow morning. All subscribers to this publication may receive their copy by presenting their receipt for \$1 and the balance of \$4 at room 14 liberal arts building some time Wednesday. This room is ordinarily used by the janitor but has been appropriated for the purpose of issuing Hawkeyes.

The annuals will be issued between the hours of 8 and 12 and between 1 and 4:30. "We hope," said Raymond L. Peterson A2 of Council Bluffs, editor-in-chief, "that all the 2,185 subscribers will call immediately for their books in order to prevent additional bother to the business manager."

The Hawkeye this year is bigger and better than ever. It contains 500 pages of the finest type of work and includes no advertising. A large number of cuts add to the attractiveness of the book. One of the new features is the special rotogravure section.

THIRTY INVESTIGATORS TO TAKE VACATION AT LAKESIDE LABORATORY

The Iowa Lakeside laboratory at Lake Okoboji will be open to investigators for ten weeks this summer, opening on June 19 and closing on August 26. The laboratory will be under the direction of Prof. Frank A. Stromsten, associate professor of animal biology who will be assisted by Prof. Gilbert M. Smith of the University of Wisconsin who will have charge of the botany department.

The laboratory is conducted primarily for graduate students and instructors. No formal class work is given, the time being taken up with independent study and investigation, but attendance at the laboratory counts as credit towards an advanced degree, the work being offered as a part of the summer session of the University.

Between twenty-five and thirty investigators are expected to attend, mostly from colleges and universities in this state although inquiries have been received from universities in all parts of the country. Among those who will be in attendance are Lucille Sawyer of the botany department; Edward N. Jones of the botany department; and George E. Potter, Beulah Aiken and Pauline Kimball of the zoology department.

Prominent scientists from other states who will attend are: Dr. Albert Koontz and Dr. Thomas of the St. Louis medical school; Dr. Danford of Washington University of St. Louis; Prof. Austin P. Larvey of Yankton college, South Dakota; and Professor Kelly of Cornell college.

Special apparatus has been installed in the laboratory to aid in investigating special problems. A resistance thermometer, which was made from plans submitted by Prof. Stromsten, will be used for the first time this summer in a study of the thermic line in the lake. This thermometer registers the temperature of the water, at any depth, on an indicator in the boat. It is an entirely new innovation and is expected to be of great use in the study of the temperature of the water at various depths and in the study of the various types of life existing at different depths and temperatures.

No tuition fee is charged, but a station fee of \$15 for the ten weeks is charged for the use of laboratories, boats, etc., for those in residence less than eight weeks a fee of two dollars a week is charged.

GET BUSY

Tomorrow evening at 6 o'clock entries will be closed for the Big Ten Activities Contest. Are all the big men on Iowa campus entered in this contest? We do not believe so, but hope that they will come in before the deadline.

Remember that the other Big Ten colleges and universities are entering their best men. We get daily letters from them, entries, telegrams asking for more blanks, requests for special information, and every sign of interest in the contest. We must uncover our best men if we are to keep the loving cup on our campus.

Any information concerning the contest and additional application blanks may be obtained at the Daily Iowan office, room 14 of the liberal arts building. Get busy and see if Iowa does not have the busiest man in the Big Ten; pile up the activities in which he has engaged after his name on a sheet of paper and submit it to the Daily Iowan office.

THAT GRADE OF "E"

Students who really have the welfare of the University at heart will welcome the announcement that the administration has decided to drop the grade of "E" from the list of the marks considered as passing in the college of liberal arts. The difference between an "E" student and a "D" student seems to be primarily one of industry or application. If by dropping the grade of "E" the scholastic standing of the University will be raised, a long felt need will have been filled.

The old saw about barking dogs who never bite seems to apply in the case of the growling student who never works. No matter how much we resent long assignments, the fact remains that very little studying is actually done. An ordinary student could carry eight to fifteen more hours of work under present conditions and still receive a grade of "C" in all of his courses.

The extra amount of preparation which will be necessary under the new regulation does not need to conflict with extra-curricular activities. It means simply three or four hours less each week of pool, movies, canoeing, or powdering one's nose. The ones who cannot give up a few of their idle pleasures for the pursuit of education are not desirable in a community where the other ninety per cent are earnestly endeavoring to increase their stock of knowledge.

BREAKING RECORDS

When will athletes stop breaking records? This question, probably first raised back in the time when our forebears were chasing each other about with bludgeons, continues annually to bother the minds of the philosophical, who, after directing their attention to the problem, can only give this lame comment, "The day must come."

Obviously the time will never arrive when a man can be in two places at the same time and until such is the case, it will be possible to break records. Just why standards which today we consider impossible to better are raised again tomorrow is the point which needs analyzing.

There is little doubt that the coaching and training of athletes is becoming more scientific; still there is much left unexplained. We must decide whether or not a development of stronger physiques in mankind is a cause. If it is, then the

statement often heard that human beings are becoming weak physically by reason of a complex social life replete with conveniences to eliminate work, is untrue.

CHOICE OF FRIENDS
(Daily Illini)

In times of elections, particularly, but also throughout the University year, a man is judged by his companions and by his organizations. This seems to be contrary to the fundamentals of democracy, but it is none-the-less true. A man can never escape the consequence of his selection of associates. The man who can evade the radiance of worthy friends must be as exceptional as he who can rise above the barriers set because he has selected the wrong coterie of associates. Some educators have stated that the most valuable part of college education is the friendships which the student forms; though theories may fade and formulas vanish, the imprint of four years association with fellow students, whatever may be their character, can never be erased.

With these principles it would seem that every student out of justice to himself is bound to select friends who are better men than he. That is true. Yet he who seeks friendships for the purpose of improving himself without contributing to the friendship himself is a hedonist. Perhaps the choice of the student under such a dilemma is to realize that there is no man who is not in some way better than himself. Upon this basis, he may meet all upon the plane of equality.

HAWKEYES EXPECTED TO MAKE STRONG BID FOR SECOND HONORS

The six new University Iowa track and field records set in the Iowa-Northwestern dual track meet Saturday indicate that the Hawkeyes will be strong contenders for second place in the Big Ten meet to be held on Iowa field June 2 and 3.

Brookins tied the 100 yard dash record in 9 4-5 seconds and set a new time of 24 2-5 seconds in the low hurdles; Wilson in the 440 made a new mark of 49 3-5 seconds. Noll ran the half mile in 1:57 2-5 for a new record and Ashton tied the mile record in 4:30 4-5.

The pole vault record was boosted to 11 feet 7 1-2 inches by Aubrey Devine and Smith in the javelin set a new mark of 162 feet 11 inches.

CONGREGATIONAL STUDENTS TO PRESENT DRAMA

A cast of sixteen of the Congregational young people will present "Amos, the Shepherd Phophet", as their annual performance of a biblical drama Sunday evening, May 14, at the church.

The play tells the story of the appearance of "Amos" before the desert sheik at the feast of Bethal, and his denunciation of the worshippers of the golden calf. James K. Sarkisian A1 of Killis Aleddio, Syria, will play the role of the sheik, Robert Rockhill L2 of Larchwood depicts the character of Amos, and Carl H. Schmidt A2 of Milford is to take the part of the priest of Bethal.

The first scene occurs at dawn before the shrine, and the second, in it Amos threatens the feasters and is mobbed, at sunset in the same setting. The lighting effects of dim violet with the yellow torches of the priests of Saturn, later glowing into rose, will express appropriately the time of day. Oriental touches in the costumes will be supplied by Mrs. Agnes Larimer, who toured the Near East last summer.

The cast includes, besides the three characters named: Martin L. Mills A2 of Muscatine, attendant of the old priest; Lewis E. Wallbridge, A1 of Burlington, young shepherd follower of Amos, Elsie H. Knapp A4 of Clear Lake; Vera G. Gange A1 of Sioux Rapids and Jocelyn Wallace A2 of Iowa Falls, women revelers at the feast; Chase R. Weeber A1 of Iowa City, and Alfred E. Sidwell S1 of Iowa City priests of Saturn; Brandt H. Amlie A1 of Pater-son, the farmer; Karl F. Jasper A3 of Newton, Newell L. Collins G of Iowa City and Robert Houston.

THIRTY UNIVERSITIES AND COLLEGES IN MEET, JUNE 2

Results of the annual Big Ten track and field meet to be held on Iowa field June 2 and 3 will be broadcasted this year by radiotelephone immediately after each event during the afternoon program.

Thirty leading universities and colleges in the Middle West, are expected to compete in the meet, which will be a feature of the annual University of Iowa commencement extending from June 2 to 6.

UNIVERSITY WOMEN'S SING IS POSTPONED BECAUSE OF WEATHER

All University women's sing which was to be held last evening on the campus in front of the liberal arts building was postponed on account of the weather. "The Staff and Circle women who are conducting these sings, intend to have the meetings as soon as the weather is favorable", says Lorna Ludwick A4 of Belleville, Kansas who is in charge.

A definite song program is to be arranged, and Mr. Houghton and Miss LaShick will lead the singing.

WILL GIVE PROGRAM

The following program will be given Thursday night in the liberal arts drawing room by Miss Alma Madden and Miss Helen Larsen of the department of speech.

- The Hour Glass, Yeats, by... Miss Madden
- Hazing of Valiant, Jesse Lynch Williams by... Miss Larsen
- Langley Lane, Buchannon, by... Miss Madden
- Corydon, T. B. Aldrich by... Miss Madden

PARKER WILL ARRIVE IN IOWA CITY AT 3:40 P. M. TOMORROW

Mr. George F. Parker of New York city, who will come to Iowa City to attend the meeting of the Mississippi Valley Historical Association, will arrive at 3:40 p. m. Wednesday, May 10. Mr. Parker was a student here in the University in 1868. While here on this visit he will deliver two lectures. The first on "Grover Cleveland" will be given at 8 a. m. Thursday, May 11, in room 203 liberal arts building. This lecture is being given under the auspices of the department of political science, and is open to students and faculty. The second address will be given at a luncheon at the Hotel Jefferson, Thursday noon. His subject will be "The Pioneer and His Story". Mr. Parker published in 1909 his "Recollections of Grover Cleveland".

After his visit in Iowa City Mr. Parker will assist in the dedication of a park on his father's old farm at Carlisle, on Saturday May 13.

Mr. Parker's public life began in 1873 when he returned to Warren country to start the Tribune at Indianapolis. Although inexperienced in newspaper work he attained success largely through his knowledge of American history and politics, and his enormous power for work. In the years which followed, Mr. Parker worked in one capacity or another on the staff of the Des Moines Leader, the Indianapolis Sentinel, the Washington Post, New Hampshire Union, the Philadelphia Times, and the New York Press. This last was started in New York in 1887, under the control of former Postmaster General Frank Hatton, formerly of Iowa.

In 1888, Mr. Parker began his long and intimate association with Grover Cleveland, then President. Mr. Parker editor the Democratic campaign textbook of that year, and later took entire charge of the literary department of the National Committee of New York. Returning to newspaper work he was active in the canvass which preceded Mr. Cleveland's third nomination and election in 1892. He was appointed consul to Birmingham in March, 1893, and remained at that post until February, 1918. His prolonged stay in England was due to an engagement in private business, followed by an appointment as commissioner of the St. Louis World's Fair in the United Kingdom.

Coming home in 1904, Mr. Parker was again associated with the Democratic national committee as chief of the literary department, having charge of documents and newspapers. This completed his association with five national Democratic campaigns.

In 1909, he published his "Recollections of Grover Cleveland", and during the past two or three years, took up his studies of the period in a series of articles published in The Saturday Evening Post, a series not yet completed. Mr. Parker is engaged in business in New York.

SOCIETY

Delta Theta Phi
The Delta Theta Phi law fraternity announces the initiation of L. R. Johnson L1 of Boone, Edward C. Holback L1 of Primghar, and Edward B. Shaw L1 of Oelwein.

Irving-Ero
The Erodolphian-Irving spring dance will be held at the Burkley ball room, Friday evening.

"Say it with Flowers"

Don't Forget Your Best Friend on Mother's Day

The nation decrees that on this noble festival we should express our sentiments with flowers. Send Mother—

ROSES—There are many inexpensive varieties to choose from. For those who wish to spend a little more we suggest the queen of all flowers—

American Beauties—with long stems.

SPRING FLOWERS in Baskets or Growing Plants are ideal for brightening mother's favorite room.

White Flowers for your own personal use.

ALDOUS & SON
Opposite Hotel Jefferson

Place Your Order Now for **MAY 14th**

All Iowa City is talking about it — All Iowa City will see it — The World's Most Costly and Greatest Entertainment.

D. W. Griffith

presents

"Orphans of the Storm"

adapted from

"The Two Orphans"

by arrangement with Kate Clayton

With Lillian

and Dorothy Gish

See!!!

—the famous feast scene... BEAUTIFUL women the GREAT DANCE... GIRLS IN FOUNTAINS of wine... most MAGNIFICENT scene ever produced... this scene COST MORE than any THREE DRAMATIC ATTRACTIONS on the stage today, and it is shown only a few minutes in this WONDER WORK.

—"MOST BEAUTIFUL LOVE SCENE EVER FILMED" says the New York Mail — between "Henrietta" and the most dashing bachelor of his day in Paris, the handsome Chevalier de Vaudrey!

—Creighton Hale, of "professor" fame in "Way Down East" with his funny little pig-tail and mincing dance step... in COMEDY SCENES which are the PEER OF ALL COMEDY.

—the scenes at court, MORE SPLENDOR than was shown at Princess Mary's wedding... ACTUAL REPRODUCTIONS at ENORMOUS COST of the Palace of Versailles in the day of the MOST EXTRAVAGANT GOVERNMENT the world has ever known.

See!!!

—Fay Marbe, star of "The Velvet Lady" and also of Ziegfeld Folly Fame, with BEAUTIFUL GIRLS. in the WILDEST DANCE ever staged... the dance of Carmagnole when all Paris was without law and everyone did as he pleased—REVELRY... MADNESS.

—Most HEART-TOUCHING, intense CLIMAX at end of first part... it STOPS your BREATH.

—the GREAT RIDE to THE RESCUE at climax of last act... all of America says its GREATER than "The Birth of a Nation" RIDE of the KLU KLUX KLAN or the famous ice scene in "Way Down East"

THRILLS! THRILLS! THRILLS!
Suspense! Action! Drama! Glad Tears!
Uproarious Comedy!

Hamilton Theatrical Corp presents

"THE MISTRESS OF THE WORLD" A series of four Paramount Pictures No. 1 "The Dragon's Claw"

A tale of the world's strongest man and the world's most daring woman. Seeking through the terrorspots of earth for the Queen of Sheba's lost treasure. Seeking the fabled City of Ophir. Facing more perils than ever came to mortals since history began!

NEVER Before so many people employed.
Before a picture with so many thrills!
Before such costly sets!
A Series—not a Serial—Each Complete

POP ANSON FORMERLY A STUDENT AT IOWA

Adrian C. (Pop) Anson, the "Grand Old Man of Baseball" who died a few days ago, was a student at the University in 1869. He was registered from Marshalltown in the preparatory department. Records do not show how long he was in attendance, but it is thought that he left school before the completion of the full year. Another Anson was also registered in the preparatory department from the same city and was in all probability the brother of the famous Pop.

Records do not show whether Anson played any ball for Iowa or not, but in the same year he played professional baseball in Rockford, Ill. Probably professionalism was not considered by the schools of that day as it is now. After playing with the Rockford club, Pop went to Philadelphia Athletics for a short time. He then formed a partnership with A. G. Spaulding, the now famous athletic goods manufacturer, and took over the Chicago White Stockings. He remained with the Sox until he was forty years old and in his last year his batting average was over .300. Billy Sunday was a fielder in the club at the time that Anson captained it.

Sporting writers declare that Pop had more to do with lifting baseball to its present position than any other man. He preferred a square deal to victory and never complained of any umpire's decision. Anson took his ball team around the world and was entertained by royalty.

COSMOPOLITAN CLUB ELECTS OFFICERS AT LAST MEETING

The Cosmopolitan club held its last regular meeting last Saturday May 6, and elected officers as follows: R. C. Nag A2 of India president, James K. Sarkisian A1 of Armenia vice-president, S. K.
