Price 3 cents

IOWA CITY, IOWA, WEDNESDAY, OCTOBER 25, 1922

8 Pages

Number 30

If writing letters irks you except when you ardently desire more money, why not send the home folks The Iowan every day? \$3.50 does it.

Just because you get a six-page Iowan occasionally don't worry; you will get at least 1600 pages in the 200 issues \$3 buys this year.

REV. H. S. COFFIN ARRIVES FRIDAY FOR ADDRESSES

Eminent Preacher Will Give Three Lectures On Week-end Engagement

The Rev. Henry Sloane Coffin, pastor of the Madison avenue Presbyterian church of New York, is the Vespers speaker for Sunday. He will arrive in Iowa City on Friday, to deliver a series of lectures during the week-end. Reverend Coffin is ranked as one of the three foremost American religious educators as well as being pastor of one of the leading churches in New York City.

First Talk Friday

The Rev. Coffin will speak to freshmen men and women as well as all other students who are interested, on Friday at 4 p. m.

On Friday evening at 6 o'clock at the Pagoda tea room, a dinner will be given in honor of Doctor Coffin. All members of the staff of instruction are invited. Prof. George G. Kay, dean of the college of liberal arts, is chairman of the dinner committee. He requests that all persons who are planning to attend the dinner notify him at once.

Banquet Saturday Night

All University students are invited to a banquet given for Doctor Coffin on Saturday evening at 6 o'clock in the basement of the Methodist church. The vespers address on Sunday afternoon at 4 o'clock in the Natural Science Auditorium will be delivered by Doctor Coffin. A union service will close his schedule in Iowa City on Sunday evening at the Methodist church.

The University is considered fortunate in being able to secure Reverend Mr. Coffin. Reverend Mr. Charles W. Gilkey, pastor of the Hyde Park Baptist church of Chicago, who spoke here at the last vespers service said when he heard the Reverend Mr. Coffin was going to talk here, "It is most unusual for the Reverend Coffin to address an audience so far west." When the University of Chicago heard of Iowa's success in engaging Mr. Coffin, they immediately secured him for the days previous to the time that he arrives here. Form all reports, Chicago's reception of him will be very elaborate.

Is Yale Graduate

Reverend Coffin is a Yale graduate, having received his bachelor's and doctor's degrees from that institution. He has the distinction of being an annual preacher at Yale, and Princeton. He is also a professor in the Union Theological Seminary, an institution noted for individual liberty and freedom of thought. Doctor Coffin is a member of various clubs and fraternities; among them are Delta Kappa Epsilon, Phi Beta Kappa, Skull and Bones, and Chi Alpha.

TEAM LAUGHS AT INJURIES

Every Football Player Insured; Money Now Pouring in for Five Broken Noses

Chicago, Oct. 24—Northwestern university football players have been insured against injury and every time a member of the squad is temporarily forced to quit the gridiron the money pours into the athletic treasury automatically it was learned Tuesday.

Dr. Dan Evans, director of athletics at the Evanston school is the first Big Ten Conference Athletic head to insure his men in this way it is believed. A fixed sum is paid for every player injured and for any ill during the season. If an injury sends a man to the hospital the insurance company tells out 50 per cent more.

At present the athletic association is being paid for five broken noses and other injuries of various kinds. Although Northwestern may allow other Big Ten eleven again to drape her football teams over the goal posts and sow them along the side lines as has been the custom in past years, the conference standing and the moral of the school may be hit but the cash box will benefit at least.

PRENTISS REMAINS SAME MAY OPERATE THURSDAY

The condition of Henry Prentiss B. A. '22 who was severely injured at Cedar Rapids last Thursday still remains in a critical condition according to a late report from Dr. Charles J. Rowan. An operation is under consideration but his condition is such that a definite decision can not be made until Thursday morning. There has been little change in the last twenty-four hours and the student body is anxiously awaiting a turn for the better.

FIRST PLAY OF SEASON TONIGHT

Satirical Farce, "Seven Keys to Baldpate", to Open Season of Players

George M. Cohan's famous satirical farce "Seven Keys to Baldpate" will open the second season of the University Players tonight at 8:15 in the University Theatre. The play has been unusually well worked out by competent cast that combines the talent of a number of players, whose work delighted the audiences last season and several who have made good since. The cast is as follows:—

Elijah Quimby, Gregory Foley; Mrs. Quimby, Lucille Hoffman; William Magee, Albert Ward; John Bland, Loren Bane; Mary Norton, Opal Stevenson; Mrs. Rhodes, Vivina Gray; Peters, George Hurley; Myra Thornhill, Maurine Shaw; Lou Max, Isaac Solzman; Jim Cargan, Joseph W. Hauser; Thomas Hayden, Forest A. Roberts; Jiggs Kennedy, James Barton; Hal Bentley, Walter Dehner.

Under the capable direction of Prof. E. C. Mabie, of the speech department, the cast has been carefully coached and unusually attractive stage sets have been worked out. The University Players and the class in stage production have produced in the new University work shop a setting of their own design combining modern ideas in stage sets and lighting effects.

"Seven Keys to Baldpate" is one of the most popular of Mr. Cohan's comedies and had a long run in New York and on the road. It is the type of mystery play that keeps the interest of the audience at high pitch from the first scene until the final curtain. It is only then that the final solution of it all comes out. The story is humorous mix-up of crooks, detectives, reporters in a deserted summer hotel in the dead of winter. There is of course a love story.

The University Players will give two performances of Seven Keys To Baldpate" one tonight; and the other tomorrow night in Iowa City, before taking the play to West Liberty on Friday. The reserved seats will continue to be on sale all day today and Thursday at the Iowa Supply company.

TWENTY-ONE MEN REPORT TO ARMBUSTER FOR FRESHMAN SWIMMING

Twenty-one freshman reported to Coach Armbruster yesterday to try out for the freshman swimming team. This is only about half the number that reported last year at this time. Those freshman who intended to try out for freshman swimming but did not still have the chance to do so by reporting to Coach Armbruster tonight at 4 o'clock.

There are a number of men of high school swimming fame who should develop into fast men before the season is over. Among the most promising of the new men is Robert H. Killebrew A1 of Des Moines who is the fancy diving champion of the city of Des Moines and who took first place in the inter-scholastic high school swimming meets held last year both here and at Ames.

Standish Lambert B1 of Iowa City who was on the Iowa City high school team should prove a fast man in the dashes this year. J. W. Griffith A1 of Cedar Rapids is another man who will give some competition dashes.

E. M. Emerson A2 of Ames is out for the plunges. Emerson plunged against Iowa in the Ames-Iowa meet several years ago. Emerson is also a good crawl stroke man.

Besides these there are a number of good men who show promise of developing into varsity material by the end of the year.

SEE LIMITATION OF ARMAMENTS AT NEW PARLEY

Five Central American Republics Will Meet at Conference in Washington

By Clayton Whitehill (By United News)

Washington, Oct. 24—World wide limitation of land armaments may yet be developed by the Harding administration through the medium of the conference of the five Central American republics, called to meet in Washington December 4.

While the government of the United States does not anticipate being party to any treaty providing for reduction of land armaments that may develop at the December conference, at the same time, President Harding is known to regard the parley as full of possibilities. It is even a fair inference, according to White House spokesmen that the movement for reduction of land armaments might extend to all the countries of South America as a result of the meeting.

The next step would be a land arms limitation treaty with the United States as a signatory. This step, however, may not take form for some little time.

World Wide Application Next

Once the movement for limitation of land armaments has taken definite form in a treaty signed by all nations, in North and South America, the step in the direction of world wide application next should be taken. The sponsor of such an idea might easily be the United States inasmuch as this country sponsored the naval limitations treaty.

Upon the terms of this pan-American treaty it is conceivable that the United States, possibly through the representation of President Harding, would extend an invitation to European powers to confer as to the practicability of drawing up a world wide land armament agreement.

Harding Will Support Campaign

Meantime, on the one hand, President Harding regards the Central American conferences as another step in the world disarmament campaign of which he is an enthusiastic supporter. (Continued on page 8)

FRESHMEN WOMEN HEAR PRESIDENT

President Walter A. Jessup Tells Frosh Women of History And Aims of S. U. I.

President Walter A. Jessup gave a short talk to the freshman women yesterday afternoon at freshman lectures on the history, aims and responsibilities of the University. He spoke of the superb architecture shown in the Old Capitol, which was built eighty years ago. The year the University was founded there was a total enrollment of twenty-four students and there were nine faculty members. The first catalogue could be put in an envelope. Now it would take eighty years to take all the courses offered here in the University. President Jessup urged the freshman to take advantage of the opportunities offered here. He called attention to the fact that in the past the best students from the point of view of scholarship have also been those who were most interested in outside activities.

The remainder of the time Ralph G. Grassfield explained the meaning of the Iowa Memorial Union. He announced Tuesday, November 7, as the beginning of the next campaign.

Pearl Davies A3 of Plymouth spoke a few minutes about the freshman literary society, which is being organized. Mrs. Adelaide L. Burge, acting dean of women, also announced that, instead of the regular freshman lectures next Tuesday, all freshmen would be required to hear Dr. Henry Sloan Coffin at 4 o'clock Friday afternoon in the natural science auditorium. Dr. Coffin is to speak at Vespers Sunday afternoon.

PLAYERS WILL TOUR WESTERN PART OF STATE

Twenty-Six Towns Request Bookings; Tours Start Friday; West Liberty First

Almost daily requests are received by Professor E. C. Mabie of the speech department from different communities throughout the state for bookings of this seasons University Theatre productions. To date twenty-six requests have been received and Professor Mabie in addition to his work in producing the first play of the year, "Seven Keys to Baldpate," has been kept constantly busy making plans for booking all through the state.

The first out of town engagement will be Friday, October 27, when Professor Mabie is to take "Seven Keys to Baldpate" to West Liberty after the two performances, October 25 and 26 here. The most extensive tours will be made during the Christmas holidays when the University Players will begin their tour through the northwestern part of the state. They will go on the road about December 27 and will close New Year's night at Traer. Although definite plans have not as yet been made another tour will probably be taken in the spring all through the southwestern portion of the state. In addition to the longer trips several short trips, probably one night stands, will be made between now and Christmas to manoketa, in the direction of Waterloo, and Muscatine.

All the engagements are made in cooperation with the Iowa Community Theatre Circuit of the Drama League of America. Among the plays which the organization has in their repertoire are Shakespeare's "Much Ado About Nothing," William Vaughn Moody's "The Faith Healer," and several popular comedies such as "Clarence" by Booth Tarkington, "Seven Keys to Baldpate" by George M. Cohan, and "The Showshop" by James Forbes. The "Showshop" and "Seven Keys to Baldpate" are to be ready first and will probably be productions to go on tour during the Christmas vacation.

DYNAMITE INTENDED TO WRECK TRAIN SAVES IT

(By United News)

Springfield, Mo., Oct. 24—Dynamite apparently intended to blow up Frisco Passenger Train No. 10 served to prevent the fast train from being wrecked near here Tuesday. The dynamite exploded a few minutes before the train would have reached the death trap and although several yards of track were blown out the explosion blocked the electric block system circuit and the signals stopped the train. Detectives of Frisco road Springfield police and U. S. Marshals are investigating.

OH YES, IT WILL BE WORTHY OF ATTENDANCE

New York, Oct. 24—All those in this country who understand the Einstein theory variously estimated at from nobody to three persons will feel at home at the regular meeting of the American Mathematical society at Columbia University next Saturday.

Professor Edward Kasner of Columbia will present some enlightening papers on "Einstein's equation of the second and third forms and on Geodesics and parallels in Weild's Affine Geometry which have to do with mechanical phases of the Einstein theory.

For those members who are more interested in Roquefort cheese and uncut emeralds Professor W. L. Crum of Yale will discuss the "use of the median in determining indices of seasonal variation with regard to the trend of prices as treated statistically."

NEW LIGHTING SYSTEM NOW BEING INSTALLED

Two cement pillars in front of the Old Capitol building on the north and south ends, and the two pillars bordering the walk leading from the Old Capitol building to Clinton street are to be the foundations of a new system of lamps which will be installed on the campus soon. It is planned to have the new lighting system installed by Homecoming.

IOWAN WANTS PICTURES FOR ROTOGRAVURE PAGES

Persons having interesting snapshots of this year's University activities are asked to donate them to the Iowan for use in this year's Homecoming rotogravure section. Such pictures should be left at the editorial office, room 14 liberal arts building today.

CHEMICAL SOCIETY OPENS YEAR TODAY

Iowa Chemists Gather Here for Initial Meeting of Year; Many Expected

The first meeting of the Iowa section of the American Chemical Society for the academic year, will be held in room 110 chemistry laboratory tonight, at 8 o'clock. Preceding the meeting there will be a dinner at the Burkley Hotel at 6.

Reports on the progress of researches will be made at the meeting, as follows: Mr. W. G. Eversole: "Equilibrium Between Barium Iodide and Iodine in Aqueous Solution." Mr. J. V. O'Leary: "Equilibrium Between Strontium Bromide and Bromine in Aqueous Solution." Dr. H. L. Olin: "Measurement of Heat Transmission in Chemical Plant Apparatus."

The American Chemical Society, of which the Iowa section is a part has for its purpose the advancement of the science of chemistry, both theoretically and industrially," says Prof. Lemuel C. Rainford of the chemistry department. The society publishes three magazines, The Journal of the American Chemical Society, Industrial and Engineering Chemistry, and Chemical Abstracts. These magazines are sent to all members.

The Iowa Section holds its meetings once a month during the academic year, at the University of Iowa, at different colleges over the state, or at cities which have large industrial plants. Tours of inspection are always made to the industrial plants when it is possible.

The last meeting was held at Davenport, with the Tri-City Chemists' Club. At that time an inspection trip in the morning included visits to the Rock Island arsenal, an oilcloth and linoleum factory, the city power plants, and the Velie assembling plant.

In the Iowa Section of the society there are 125 members. "We cannot hope to have all the members present at the meeting this evening," says Professor Rainford, "but we are expecting a large number."

The present officers of the Iowa Section are: Prof. Edward Bartow, University of Iowa, chairman; Prof. R. W. Getchell, Iowa State Teachers College, vice-chairman; Prof. Lemuel C. Rainford, University of Iowa secretary-treasurer; Prof. James N. Pearce, University of Iowa councillor.

LOVED HUBBY; TOOK GAS RATHER THAN LEAVES HIM

(By United News)

Chicago, Oct. 24—If nineteen year old Evelyn Chambers hadn't loved her husband George she would have left him after a three weeks honeymoon here but she loved him passionately despite abusive treatment so she turned on the gas in honeymoon flat Tuesday and died. She left this note: "Goodbye dear husband; I have chosen the gas rather than live with you again, you have beaten and pounded me for the last time, I despise the way you treated me but I still love you I can't write any more. Good bye. Evelyn."

TWAS A WONDER ONCE; ONLY A NUISANCE NOW

Chicago, Oct. 24—Aeroplanes are sometimes nuisances instead of novelties in Chicago according to charges preferred Tuesday against James P. Kelly and Burtram Burley, who flew over the Chicago Purdue game at Stagg field Saturday but didn't fly high enough.

Kelly and Burley are alleged to have violated the new city aviation ordinance by flying at an altitude of 500 feet which is fifteen hundred feet under legal minimum and distributing advertising matter that fell on the crowd. Their trial Wednesday will be the first one under the new flying ordinance passed after an alderman had complained that an aviator had expectorated from his plane into an apartment window.

SEEK \$10,000 FOR RELIGIOUS WORK AT IOWA

Y. M. and Y. W. C. A.'s to Launch Campaign Next Thursday; Leaders to be Named

\$10,000 is the goal set by Y. W. C. A. and Y. M. C. A. in their joint campaign to raise finances for religious work among students. The campaign opens next Tuesday night with a banquet of the 500 student solicitors to arouse enthusiasm and arrange final details of the campaign. The Methodist Presbyterian, Christian, Congregational, Baptist, and Lutheran, churches have already agreed to enter the campaign and arrangements are being made with the other churches for their cooperation.

Fifty Teams to Solicit

The 200 women students and 300 men students who will solicit the student body are divided into fifty teams with a captain in charge of each team. The fifty captains are divided into ten units with a major in charge of each unit. Ten advisers who will give instructions to the campaign workers will meet with the different divisions at training classes today and tomorrow.

The Advisers

The advisers are: Miss Avilda J. Buck, secretary of Y. W.; Mr. R. F. Fitzgerald, Secretary of Y. M.; Prof. Arthur C. Trowbridge; Prof. Clarence W. Wassam; Prof. Edward H. Lauer; Rev. Mr. Walter C. Schafer; Rev. Mr. Herbert L. Searles; Rev. Mr. Ray York; Rev. Mr. E. T. Gough.

The Majors

The majors are: Charolette Fisk A3 of Iowa City; Howard A. Denbo D4 of Iowa City; Bernadine Wendel A3 of Smithland; Lillian M. Swanson A4 of Cambridge, Ill; Lofs Jackson A3 of Mechanicsville; Roscoe C. Nash A4 of Tipton; Frank K. Shuttelworth L2 of Sibley; William Goodell A4 of Des Moines; Gerhard B. Noll A4 of Waukon; Fred A. Shore A3 of Eldon.

The captains are: Louise Bowe A4 of Bronson; Eleanor Muller A3 of Davenport; Vernon Sharpe A4 of Rolfe; George Hurley L1 of Rolfe; James A. Reany A3 of Sheldon; Helene J. Peables A4 of Cedar Falls; Emily Russell A2 of Aberdeen, S. D.; Jessie Phillips A3 of Iowa City; Joseph M. Emmert A3 of Atlantic; Salome Fischer A4 of Iowa City; Jack Howrey A2 of Waterloo; Anton Anderson A4 of Bigeway; James Treneman A3 of Ottumwa; Edward F. Voltmer A4 of Sigourney; Ryland Warren A2 of Witt, Va.; Butth Leader A4 of Marengo; Helen Stearns A4 of Des Moines; Charles Larrabee (Continued on page 8)

MEMORIAL UNION DINNER ARRANGED

Workers for Memorial Union Campaign Will be Given Outline of Work

At a meeting of the Union Council yesterday afternoon plans for the big Memorial Union dinner were made known. The banquet will be served at the Pagoda Tea Room a week from next Monday at 6 o'clock. The guests will be the hundred and fifty workers for the Memorial Union campaign, and the expense of the dinner will be taken care of by the Union fund.

A four course dinner will be served and the toasts for the occasion will be given by President Walter A. Jessup, Director; Raymond G. Grassfield; Prof. Charles H. Weller; Leona White A3, Virgil T. Hancher L3; and George Hurley L1.

Mr. Grassfield told the council of his talks to the freshmen women and to the girls captains, in which he outlined plans for the campaign and the part that each organization would have in it. He emphasized the importance of making a good showing in the campaign by the close of Homecoming week. There were only about fifteen present at the meeting yesterday and it is important that all those who intend to help with the campaign be present at the next meeting so that the number of guests for the dinner can be counted.

The meeting will be held in Close Hall a week from Wednesday night at 7 o'clock.

Y. W. C. A. INVESTS AT 909 PER CENT

600 Hours Donated by Women; Time Pays Interest on Investment

909 per cent interest on money expended is the business proposition of the Y. W. C. A. Social Service department. During the past year \$27.50 was expended on the social service department, for printed materials, stamps and in some cases, carfare. In return, 600 hours of work was donated by talented women of the university in entertaining the sick people in the University and Children's Hospitals. The teams are sent each week to entertain these people on Friday and Sunday.

Multiplying these 600 hours by twenty-five cents an hour, which is the minimum working wage in various departments of the university, a sum of \$150 is obtained.

The employment bureau, under the direction of Helen Wylie, A2, of Iowa City, is another important branch of the social service work. Here an average of two hours of work a day is completed every day, making a total of 400 a year. Again multiplying this sum by twenty-five cents an hour, the result is \$100, making a total of \$250 donated by women under the auspices of the social service department every year.

By dividing this sum of \$250 by the original amount expended, or \$27.50, the interest on the money expended approximates 909 per cent.

Helen Patterson, A3 of Marengo, at the head of the social service department, says, "A great deal of satisfaction is gained by knowing that sick people in the hospital receive enjoyment from the visits of entertainers, and that many worthy women receive employment through the Y. W. that in many cases enables them to go through school."

ALICE INGHAM WINS TICKET SALES PRIZE

Alice H. Ingham A3 of Iowa City won the ten dollar gold piece given by the University music association to the person selling the most tickets to the University concert course. Miss Ingham sold seventy of these tickets.

The person selling the second largest number was Mary F. Rowe A3 of

Whiting who sold forty-eight season tickets.

All students in the department of music were entitled to sell these tickets and compete for the prize. A complimentary ticket was given to every one who sold ten season tickets.

FRIVOL ON SALE AT HOMECOMING

Verry, Williams, and Bratton Are Special Writers for Next Issue

All material for the next issue of Frivol has been turned in, according to Margaret Wilson A3 of Iowa City, editor-in-chief. This number, which is the second of the year, will be on sale during Homecoming.

Special contributors to the issue are: Ethel Verry G. of Iowa City; Lawrence J. Williams A3 of Clinton; and Irma Bratton, instructor in graphic arts.

The cover will be designed by Reginald O. Mars A3 of Iowa City. Other contributing artists are: Frances C. Price, Irma Bratton, Alma M. Held, and Harry E. Stinson, all instructors in graphic and plastic art; George Stout G; William S. Baird A3 of Council Bluffs; M. Jean Forbes A4 of Pine River, Minn.

Material for the December issue is also coming in, and will all be in by Homecoming.

ATHENA ADOPTS POINT SYSTEM; 300 POINTS REQUIRED FOR SEAL

Athena literary society has put into use a point system this fall which it is believed will bring about keener interest in the work of the society. Groups of points ranging from five to 100 are awarded for various activities on the part of the members. When 300 points have been procured a member will be granted a seal showing that she has been one of the more active women in the society. The system was approved last spring and is being put into use this fall as an innovation in pep creating formulas.

The system of points follows: Intersociety debating team fifty; interscholastic debating team seventy-five; no fines imposed for one year fifty; taking part in a program, ten; making the University Players thirty-five; taking part in University entertainment, twenty-five; making the glee club, thirty-five; election or membership in an honorary organization, fifteen; each year as a paid member, ten; acting as national officer in Athena, fifteen; acting as local officer, ten; acting as chairman of committee, five; acting on committee, five; attending an inter society debate, five; for each book read in the reading course, five.

ENSIGN WANTS NAME FOR CORN MONUMENT

Prof. Ernest C. Ensign, general chairman of the Homecoming committee, yesterday issued a cry for aid in the naming of this year's corn shaft that is to be erected on plans similar to the corn monument which received wide prominence last fall. Professor Ensign invited the entire campus to compete in the effort to secure a name for this Homecoming feature. A name is desired that is distinctive of this particular shaft and will suggest Homecoming. It is suggested that an Indian name might be found fitting.

The shaft last year was twenty-five feet in height and was a replica of the Washington monument. The four sides were covered with golden ears of corn, with a big "I" on each side, worked in redish-brown corn. The monument for this year will be similar to last season's. The location has not been decided upon definitely. All suggestions for names should be turned in at Professor Ensign's office, room 216 L. A. building.

REGISTRAR PREPARES DATA ON ENROLLMENT

The registrar's office is working on the preparation of statistical cards from which to gather data on the University enrollment this year. By a certain arrangement of holes punched in each card, information can be obtained in a systematic way as to the number of students enrolled, their classification, their sex, their age, and in fact all information given by the student himself on coupon five of his registration card. Such procedure is made possible by the use of a sorting machine which indicates the information on a card by the way in which it is punched.

WHITING WILL SPEAK AT W. C. T. U. CONVENTION

Dr. Whiting of the Child Welfare Research Station, will leave today for Okaloosa where he will speak before the national convention of the W. C. T. U. on Thursday. His subject will be "Principles of Heredity" and some of his main points will be: the variability of pure stock; inbreeding effect on gene-

tic variability; and identical twins, the best test for the importance of heredity in man.

SMITH RUNS HOSPITAL IN PHILIPPINE ISLANDS

Dr. Floyd O. Smith, graduate of the college of medicine in 1911, writes that he has had a busy time since he and his family arrived in Cagayan, Misamis, Philippine Islands. Dr. Smith is in charge of the Cagayan Mission hospital, and finds his work very interesting. After graduation from the college of

medicine, Dr. Smith went to Armenia, and during the world war did relief work in Russia and Persia. Unsettled conditions in Armenia made his return there impossible, so he was sent to this station in the Philippines.

TEACHER'S INSTITUTES SCHEDULE SUDHINDRA BOSE FOR MEETINGS

Dr. Sudhindra Bose, lecturer on Oriental politics, in the department of political science, has the following schedule for lectures throughout the

state. On October 30 and 31 he will lecture at the Teachers Institute at Orange City, Iowa.

November 1, he will attend a meeting of the Iowa State Teachers association at Des Moines and will deliver an address at the annual banquet of county superintendents of Iowa.

November 27, he will lecture before the Worth County Teachers Institute, at Northwood, Iowa.

Dr. Bose is an experienced platform speaker and during recent years has been on some of the largest Chautauqua circuits in the United States.

MANY FRESHMAN PARTIES

The Freshmen Commission parties are now in full swing. Each member of last year's Commission is entertaining twenty-five Freshmen women at individual parties. This afternoon Judith Tornell A2 of Pilot Mound is entertaining one group. Tonight Maxine Shoemith A2 of Guthrie Center and Lydia Walker A2 of Des Moines are having a joint party. These parties will continue for two weeks at the end of which time twenty freshmen women will be chosen as members of this year's commission.

COASTS'

MISS KLEIN BACK FROM NEW YORK

Miss Anna Klein of the Klein Beauty Culture, has returned from her annual buying trip East, and she reports that the business houses view the outlook as being very promising—the prices are on the upward trend. She said New York seemed busier than ever, hotels being full of tourists and theatres jammed with pleasure seekers. The large stores and shops were crowded with buyers, and money is spent more freely than ever on luxuries.

Miss Klein has a message for the girl with bobbed hair, which is one of the most practical things she discovered on her buying trip, and should prove interesting to her inquiring patrons. She has also found appropriate hair goods for the needs of every woman.

She wishes to announce that importers in the Paris Toilet Article lines are now offering smaller packages, which the public has demanded for a long time, giving them the same quality in many sized packages, large or small, to suit the taste of everyone.

Hair ornaments are worn more than ever before, and Miss Klein feels with her exclusive selection that she can offer you the very styles that predominate on Fifth Avenue.

LOOK YOUR BEST

Society

Garrett-Heald

Miss Mildred Garrett of St. Joseph, Mo., was married to Mr. W. L. Heald S '22 of Iowa City on October 7. Mr. Heald was a member of Alpha Chi Sigma fraternity while in the University. At present Mr. and Mrs. Heald are making their home in St. Joseph, Mo., where Mr. Heald is in charge of the St. Joseph Grain Testing Laboratory.

of Cedar Rapids visited their sister, Catherine A2, last week-end at Currier hall.

Mrs. Tilden Here

Mrs. Gaten Tilden of Ames, is visiting her daughter, Lydia A4, at the Delta Gamma house, while she attends the convention of the Iowa Federation of Women's clubs in Iowa City.

Howell-Jones

Theta Sigma Phi (journalistic sorority) will pledge their new members tonight at 4:30 o'clock at the Sigma Rho house, 115 E. Market.

Mrs. Irma Frank Howell of Independence was married recently to Dr. J. J. Jones of Manchester. Mrs. Jones is a former student of the University and was a member of Alpha Chi Omega sorority.

Week-end Guests
Miss Frances and Josephine Donica

Philosophical Club Meets

Prof. and Mrs. Clifford H. Farr and Prof. and Mrs. Phineas W. Whiting entertained the Philosophical club last night at the home of Professor Farr, 314 Brown st. Professor Whiting read a paper on "The Present Status of the Problem of Inheritance of Acquired Characteristics."

Delta Sigma Delta Initiates

Delta Sigma Delta (dental fraternity) announces the initiation of Lloyd S. Chatterton D3 of Clinton and George Gabe D4 of Taylor, N. D.

Blodgett-Plummer

Isabel Blodgett of Mason City and Lehman Plummer of Los Angeles, Calif., were married in Mason City yesterday. Both Mr. and Mrs. Plummer are former students in the University where Mrs. Plummer was a member of Delta Delta Delta sorority, and Mr. Plummer of Sigma Chi fraternity. After Nov. 10 they will be at home at the Ayrshire apartments, Los Angeles.

Tri-Delt Honors National Officer

Delta Delta Delta sorority will entertain at a tea this afternoon from 4 to 6 o'clock, honoring their national vice-president, Miss Luella Latta, of Ludlow, Ky. Miss Latta will be in the city three days.

"The White Peacock" Approved
"The White Peacock", which is being presented at the Englert Theater on Friday, October 27, has been approved by Dean Burge. Olga Petrova, the celebrated star, will appear in person. Madame Petrova is the author of the play, which has a Spanish setting, and will play the leading role.

DAILY CALENDAR

Wednesday, October 25
Prof. Chas. B. Wilson will speak on "Worthwhile People" at the regular meeting of the Y. W. C. A. at 4 o'clock in the liberal arts drawing room.
"Seven Keys to Baldpate" at 7:45 p. m. in the University theater.
Student council meeting at 7:30 in room 13 liberal arts.
W. A. A. Halloween party at 7:30 in the women's gymnasium.
Meeting of disabled veterans at 7:30 p. m. in the Commercial club rooms.
Kappa Phi Halloween party at 7:30 p. m. at the Methodist church.
Thursday, October 26
Meeting of the French club at 7:30 p. m. in the liberal arts drawing room.
Second performance of "Seven Keys to Baldpate" at 7:45 p. m. in the University theater.
Meeting of the Matrices at 4 o'clock in room 13 liberal arts.
Philo sophomore debate tryouts in Clost hall at 4 p. m.
Graduate mathematical club at 4:10 in room 222 physics building.
Friday, October 27
Address to all freshmen students by Dr. Sloan Coffin at 4 p. m. in natural science auditorium.
Six o'clock faculty dinner at the Pagoda in honor of Dr. Coffin.
Meeting of the Baconian club at 7:30 p. m. in room 301 physics building.

NOTES OF INTEREST TO Y. W. C. A. WOMEN

Homecoming stamps will be on sale for a penny each in room 116 liberal arts building, Monday, October 29, according to announcement made at the last Y. W. C. A. cabinet meeting. Sixty thousand stamps have been printed for the occasion.
Mrs. Nellie E. Aurner former dean of women, has accepted a position on the Y. W. C. A. advisory board. Mrs. Aurner temporarily replaces Miss Estella Root of the English department who is in Chicago at the present time doing graduate work.

From November 3 to 5, Miss Oolaah Burner, national Y. W. C. A. religious secretary, will be in Iowa City. Girls desiring group or individual conferences should sign with Catherine Hamilton, of Pasadena, California, who is in charge of arrangements. Breakfast, luncheon, or dinner engagements may be scheduled.

Throughout the past week, members of last year's freshman commission have entertained freshman girls in groups of thirty. The girls from each group will be recommended for a permanent position on this year's commission, subject to the approval of the Y. W. C. A. cabinet. The commission aims to help freshman girls during the year and to assist the dean of women as she may request.

ROLLINS, AUTHOR OF "THE COWBOY" SPEAKS TO HISTORY CLASS

Philip Ashton Rollins, author of "The Cowboy," addressed Prof. Louis Pelzer's class in "Western American History" at 10 o'clock Monday. At 4:00 p. m. the same day he addressed a joint seminar in the rooms of the State Historical Society. Mr. Rollins discussed the real cowboy, not the picturesque desperado described by authors and scenario writers.

Much was said in appreciation of the Pilgrims, the southern aristocrats, and the people who started the westward movement. The cowboy was also discussed. The Texans and Yankee cowboys came into existence when the first wild horses and cattle were caught and branded. Although the vast western territory was divided into states the cattle

country governed itself as one great state according to the code of the first cattlemen. This great state was broken up at the coming of the homesteaders and it was then that the cowboy went out of existence. Such democracy as that which existed in the old west is found nowhere today. A man was given a position because of merit and he could retain that position as long as he satisfied the people.

Many present day customs have developed from the old democracy. In earlier times a stranger could go to any home and receive food and shelter. Since the number of travelers in the west has become so great, very well equipped camping grounds have been provided.

The old rivalry between cattle and sheep owners, prejudice against the East and some of the old customs are still noticeable. Because of the fact

that so many untrue stories have been told of the West it is quite difficult to secure information concerning the old west from the older settlers.

Philip Ashton Rollins is a graduate of Princeton University and was at one time a member of the board of trustees of Columbia University. Although his home is now in New York City, he has spent many years in the West as a ranchman. For that reason he understands very well the development of the cattle industry and the men who contributed to its development. Mr. Rollins is now working on a second volume which relates to western history.

KAPPA BETA PI ENTERTAINS

DOPING THE DOPE

BY "PEST"

The number of places claiming Gordon Locke since the Yale football game has increased. There is a big fight going on in Iowa about him, while now along comes a Toledo paper stating that Locke is a product of Shaw high in Cleveland. Great is advertising.

Illinois big band paraded between halves, while behind it trailed its satelights, bearing a huge banner which said "We Have 120 More." Every time that Zupke put in a substitute after that an Iowa fan would shout "Bring on the Rest of the 120." It looked for a while as if they would use that many for every Illini player with the exception of their center and one guard was relieved at least once. Boy! those substitutes were just as good as the men they relieved.

Iowa's band seemed small when it paraded between halves, but it played better music than did that highly decorated orange and blue outfit, with its strutting band leader and huge drums. The Illinois fans realized it too, for they got peeved, and one of them wanted the Iowa band to get off the field so that "a real band" could parade.

There was one thing that Illinois band did and did well, they formed an "I" in the middle of the field and played the Illini song.

Over across the field was an organization of rooters similar to our "Howling 500", but much better drilled. They all wore orange head pieces made out of crepe paper, and blue sweaters. The way that bunch could yell was an inspiration to all the Iowans present. They swayed in unison to their yells and presented one of the prettiest sights on the field.

Before the game, a mortar shot up bombs that burst throwing out balloons with trailers bearing Iowa and Illinois pennants. It seemed prophetic that the one bearing the Iowa pennant should sail high in the air, while the Illinois pennant only went up about half as high and seemed to be torn.

After Illinois scored its touchdown another of their pennants was shot up and this one unlike its predecessor sailed high and clear.

All the sorority and fraternity houses in Champaign were decorated. One house in particular had a cow tied out on the front lawn. Nailed to a tree above the cow was "This ain't no bull. We're going to beat Iowa."

Another house could be entered only through a wigwam around which were stationed many Indian braves with tomahawks ready to kill the Hawk-eye invaders.

These braves were no worse than some of the live ones who were sitting near the Iowa bleachers. High feelings prevailed and several near fist fights resulted.

One rather loud Illini rooter, red in the face from shouting or something else, had the crowd of Iowans peeved during the time that the game was tied. He left soon after Iowa scored and got the razing of his life. The boys took particular pleasure in referring to his color, or the kind of color supposed to be prevalent among those who are prominent in victory but silent in defeat.

It did not seem to bother the Illini fans much, but it made the Iowa rooters feel a lot better.

When the final whistle blew, the crowd of Iowa rooters preparing to leave started the old song "We don't give a ——— for the whole state of Illinois etc. For we're from Ioway."

You won't be able to convince Illini rooters that luck did not beat them out of that game. We stopped at a fraternity house after the game, and all but a few agreed that the score should have been 7 to 6 in favor of Illinois.

One of the few who did not quite agree suggested that the score might have been 13 to 6 in favor of Iowa.

Friday they had a big mass meeting over at Champaign with Zupke as chief speaker. The Illinois coach suggested that the best to hope for was a tie, and considering the way they feel about the score, we guess that they got it.

We met one of their players after the game, and while he did not talk much he was as happy as if Iowa had been beaten by a big score. The way that his friends patted him on the back was good to behold.

Illinois needs its new stadium. Every seat on the field was sold and standing room was at a premium. They say that 10,000 more tickets could have been sold if there had been room.

By the time that Iowa plays at Champaign again, the new \$2,000,000 stadium will be completed. Practically all of the money has been secured and work is to start immediately.

Captain Gordon Locke again won the toss. Old timers will remember that Aubrey Devine won the toss practically every time last year. The only time that he lost was at Purdue, and that was the poorest game that Iowa played during the season. We hope that the same results will not follow again this year.

Illinois has a peculiar formation when receiving a kick off. Instead of the conventional lineup used by most teams, the Illini station the two ends and two of the backs about twenty-five yards in front of the goal line in a bunched formation. The other two backs are behind these men and are supposed to handle the ball. The four men then form interference for the runner. It worked well against Iowa for on one occasion for the ball was brought back past the thirty-five yard line. For a while it looked as if the runner would get free for a touchdown.

When Illinois started their passing attack in the last part of the game, a new man, Dawson, was sent in to do the heaving. He started passing from his own twenty yard line, taking big chances, but getting away with it because of constant Iowa penalties.

He stood ten to fifteen yards behind the line of scrimmage, and we believe that he would have been farther back if his center could have passed the ball any farther. This distance was necessary because practically every one of his backs went down the field, leaving only one for protection. By the time that Iowa linemen had reached him he had a chance to get rid of the ball. He got some hard knocks, but always managed to get rid of the ball.

Whenever Minick dropped back, to punt formation the Illinois right half-back dropped clear back to where their quarter was stationed. This gave the man receiving the ball better protection, but left an opening for passes but Iowa did not have a play to use.

We kidded Zupke for being away from home while his team was being defeated, but he saw enough to enable the Illini to play a wonderful game against Iowa.

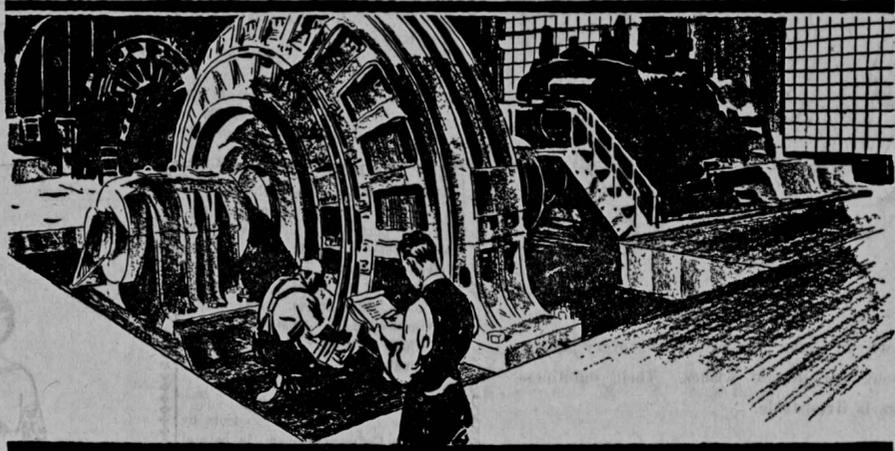

ATTENTION

Due to a typographical error, the details of the phone contest in yesterday's paper were omitted.

This Contest is one of skill and originality, not a lottery. You merely call the advertiser and get his name, address, kind of business, and slogan, then mail or bring your reply to the Iowan office, 121 East Iowa Avenue, before Friday night at 8 P. M. Your reply will be judged according to neatness, correctness, and originality.

The first prize is \$5.00, the second prize is \$3.00, and the third is \$2.00.

Everyone has a chance to win. Get your answers in before Friday night, 8 P. M.

Engineering for the Buyer

It is not enough that electrical apparatus should be carefully conceived, skillfully designed, and exactly manufactured.

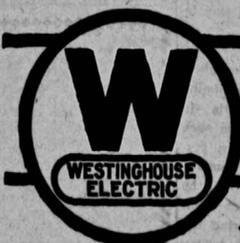

Engineering, to fulfill all its functions, must go beyond these necessary steps and do a still more enlightened service. It must apply the apparatus to its uses, so that not only in design and construction but in service as well, all the conditions that must be reckoned with are fully satisfied.

This function of Westinghouse application engineering covers many fields, and charges itself with many responsibilities. It is engineering that concerns itself with almost every aspect of business, central station, transportation, industrial, mining, electro-chemical, etc. It has the buyer's interest constantly at heart.

Westinghouse Application Engineering works with salesmen, with buyers, with consulting engineers, with contractors, and with service and repair men; it finds and investigates new fields; it checks the

behavior of apparatus, old and new; it is a bridge over which information passes freely in both directions between Westinghouse and its thousands of clients and friends.

Be glad that you are to live and work in times when the spirit of service dominates commercial operations. The greatest change that has occurred in business in the last few decades has been in the minds of men. No longer need the buyer beware for it is now known that the seller's obligation reaches beyond the completion of the sale; and that it is both wise and right that every reasonable effort be made to give the buyer full value in both product and satisfaction. The practise of this policy requires engineering of the highest type in research, design, manufacturing and every other phase of Westinghouse operations, but nowhere to greater degree than in the field of application engineering, which is essentially engineering for the buyer.

ELECT WRESTLING CAPTAIN TODAY

Coach Howard is Here; Mat Work Begins Wednesday; All Can Try Out

The captain for the wrestling team for the coming year will be elected this afternoon in the office of Ernest G. Schroeder, director of physical education. All men who have won "I" in wrestling will be allowed to vote. Coach Mike Howard arrived Saturday by car from Oregon where he has been the past few months, and will begin work November 1. All freshmen and upperclassmen interested in wrestling report next Monday or Tuesday and at the physical training office. Actual work will begin Wednesday. Freshmen and sophomores who wish to try out

for wrestling will be evaced from physical training.

The wrestling room this year is located on the first floor in the northeast corner of the men's gymnasium in what used to be the locker room.

Last year there were 160 men out for this sport. The wrestling team won fifty per cent of their matches last season, winning two and losing two. Only two men were lost by graduation, Sweeney and Hunter. Barnes, Pfeffer, Jacobsen, James, and Heldt will probably be out for their old places. Competition for all places will be evry strong.

The schedule has not been arranged yet, but will be made at the meeting of coaches and directors at Chicago on December 2.

PICTURES OF CARNIVAL RELAY WINNERS TAKEN

Four of Iowa's star track men, Wilson, Keppler, Morrow, and Brooks, worked out together last night. These four men formed the Iowa relay team that won the mile relay at the Illinois Indoor Carnival last winter, and one of the purposes of the practice last night was to have their picture taken for the programs of the next indoor carnival. All of these men will probably be entered again this year.

SHAKEUPS AGAIN RULE ON IOWA FOOTBALL FIELD

Coach Jones Tries More Combinations; Forward Passing Features Scrimmage

That Coach Jones is still undecided as to his lineup for Saturday's game was evident from last night's lineup. In the signal drill preceding the scrimmage Locke was calling the plays, Shuttleworth and Nugent were at halves, and Miller at full. Heldt relacing McIntyre at center, Otte remained at right end and Kriz was playing in the position formerly held by Engledinger. This team ran signals while Jones was selected the opposition.

The ball was given to the varsity on their thirty-yard line Seiling called the numbers and Jaqua played at full. A series of off-tackle bugs by Jaqua and Seiling mixed with a few short dashes around the ends carried the ball to the scrubs' forty-yard mark where the varsity was forced to punt. The seconds put up stiff opposition. After railing to gain the scrubs kicked to Seiling who returned five yards. Here the varsity started a march that was destined to put the ball behind the second team goal-post.

Varying short off-tackle drives and snappy end runs with sharp thrusts through the right side of the line, Seiling and Jaqua carried the ball from the middle of the field to the goal line where the hard-hitting Jaqua drove it over. The seconds carried the fight to the varsity the early part of the scrimmage but weakened when the first string backs began to hammer their line. Engledinger, playing right tackle for the second team, showed lots of fight and stopper more than one play that Hancock permitted himself to get boxed on an end run and if Coach Jones had not been in the way Seiling would have gotten away for a substantial gain. Inability to size up a play quickly seems to be Hancock's chief difficulty.

Johnny Heldt and "Scotty" McIntyre waged a pretty fight over the pivot position with Heldt having a little better of the argument. After the touchdown a few changes were made Parkin went in at quarter with Miller taking Nugent's place at right half. Forward pass plays were the only plays attempted and, with Otte Thompson, Kriz, and Kadesky receiving and Parkin tossing the leather, they were executed in great shape.

The injured list has narrowed to Parkin and Miller who are bothered with "charley horses". Seiling, who received a bump in Monday night's scrimmage, is entirely recovered. The ghost ball is due to make its appearance tomorrow night and with that comes the announcement that for the remainder of the week varsity practice will be secret.

Delta Zeta Pledge Tea
Delta Zeta pledges will entertain the pledges of the other sororities today at a tea from 4 to 6 o'clock.

PREP HARRIERS WORK OVER COURSE FOR BIG MEET NEXT SATURDAY

Ten entries have thus far been received for the high school cross country meet which is to be held by the University here on next Saturday, October 28 at 11 a. m. These are: Fort Dodge, Clarion, Ames, Strawberry Point, Cedar Rapids, Iowa City, Guttenberg, Monticello, and Clarion City high schools. The entry lists have not closed and it is expected that others will enter before the meet.

The Cedar Rapids and Iowa City teams of five men each, worked out over the course last evening. This course is a short one covering only about two miles.

Fraternities have been asked to board and lodge the contestants over the week-end. Extra costs will be furnished by the athletic department for the high school men, in case that they are needed.

The varsity squad took a long work-out over the entire course Monday night and Coach George T. Bresnahan seemed well pleased at the manner in which the entire bunch kept together. Last night's work was on the track and was much shorter and faster than that of Monday.

As yet no further word has been received from Captain Peterman who was expected back last Saturday.

The first cross country meet is with Cornell on November 4.

NEW UNIFORMS FOR THE BAND

During the past week the University band has been the butt of a great deal of unjust criticism, occasioned principally by the appearance it made at the Illinois-Iowa game. The sixty odd members of the Iowa band still wear the "doughboy outfit," a uniform noted more for service than for show.

When the Illinois band paraded the gridiron, one hundred and fifty strong, wearing orange and blue uniforms, the Illini colors, followers of the Hawkeye university felt rather uncomfortable especially since it was a day when the Iowa sun was in the ascendancy. A few in the Old Gold section of the bleachers openly expressed their views, most of which were rather beside the point. One alumnus alleged that he played in the band before Iowans heard of football and that since then no progress has been made.

Students and alumni apparently are unanimous in the belief that the music of the Iowa band was far superior. Which we shall not dispute. Concert programs presented in past years have been of an exceptionally high standard; Orrie E. Van Doren is a talented musician and a capable director. No one will depreciate the quality of music.

Few students realize the number of hours spent by members of the band in practice. There is comparatively little honor connected with it, and altogether it is a rather thankless job. The best man in the band, unlike the best man on the football team, or the best man in any other line of activity, does not have his name paraded up and down the nation—seldom is he given credit by his own college mates. Yet when the team comes back from a victory or defeat; when there is a pep meeting; mass meeting; or any formal gathering of students—the band is there to do its part.

It seems unfair to impose a rather unsightly uniform on our musicians. Other universities have discarded the khaki for more comely dress. A tag day would go far to provide new uniforms and certainly would receive the sanction of the student body.

Fancy dress doesn't make a band, but appearance goes a long way in making it respected.

WHY NOT CALIFORNIA?

The Iowa-Yale game did much to broadcast the fame of Iowa in the eastern states. Now comes a report that Southern California university is ready to take a trouncing at the hands of our Hawkeyes just for the fun of it. No doubt there may be a slight altercation; Ohio State found to her dismay that they know how to play football out where the roses grow, as well as in the tall corn country.

Members of the athletic board, with the result of the Yale game fresh in their minds, would not be so rash as to refuse such an offer if made. Football is just as much an inter-sectional sport as tennis, golf, and swimming are international. With present facilities for traveling, only a few days of academic work need to be missed, and this fact sinks into insignificance when the advantages of such a game are considered.

Football is undoubtedly the greatest intercollegiate game. To keep it within the narrow confines of the Big Ten conference or any other like conference, is to check its rapid rise in popularity among American people. And then licking the same old blokes year after year gets

tiresome even to the most enthusiastic fan. Iowa wants new fields to conquer, new laurels to win.

Students at Wisconsin are crying for an inter-sectional game on their next year's schedule. Since Yale, Princeton, and Harvard have announced that their days of defeat by non-eastern teams are over—no more inter-sectional games for them—only western teams are left to be scheduled.

So let's take on the Trojans.

CONTEMPORARY OPINION

(Harvard Crimson)

PRESS TO SCRAPBASKET

A recent novel has been advertised as "the best seller." First the newspaper, then the magazine, and last the novel, reached the stage where it is printed, read and discarded, in an hour, figuratively speaking. D'Alembert once said, "Write as if you lived for glory; act as if you were indifferent to it." But D'Alembert was old-fashioned. Now fame, "that last infirmity of noble mind," is becoming more and more infirm. The glory of literature is no more. Literature—can it be that literature itself, in the original sense of the word, is no more? The classics of the future—what of them?

Coleridge, it seems, was right after all, when he declared that letters should be an avocation, not a vocation. Those of us who are receiving training in literature are merely being trained for a pleasant avocation; for the author, unless he writes the "book of the hour," cannot make his living by writing. The case is well set forth by Mr. Hergesheimer: the successful novel, excluding best sellers and failures, earns for its author a maximum of \$4,000. Few writers, even at their best, are capable of publishing more than one complete novel a year; yet \$4,000 is a yearly income even less than that of the college professor. Thus three feasible courses only are open to the author: to remain poor, to write best sellers, or to marry a rich wife. All three have been tried with varying degrees of success, but none can be said to have resulted in the steady production of future classics.

Writing has become recognized as a profession, with "best seller" and "book of the hour" as its rallying cries. But as to literature—pure literature which makes no compromise with the cheap, the tawdry, the false—literature is still an avocation, and always will be. The kind of writing that inspired Stevenson and Barrie, that makes up the sum of the best in literature, is an avocation in the true sense of the word. All of which is a cause for deep satisfaction that Harvard has as yet shown no symptoms of the vocational mania.

The Sounding Board

Down in Kansas "petting parties" on lovers' lanes have become so numerous that a candidate for justice of the peace is running on the platform: "No more petting parties."

He'll poll an enormous vote, we don't think.

Zero in worries, as far as we are concerned, is the announcement that the price of monkey glands will soon be greatly increased, due to the fact that a syndicate has been formed to corner the chimpanzee market.

We are requested to announce that at the next regular meeting of the Thoroughly Philosophical club, to be held in the janitor's office in the liberal arts building, the topic for discussion will be: "Long Hair and Genius: Their Correlation, Interrelation and Probable Influence on Heredity and Environment."

Conditions in Vladivostok are such that the American cruiser Sacramento has proceeded to that port.

Frank, just to save time you might set up that w.-k. line: "The marines have landed and the situation is well in hand."

A beggar arrested in New York the other day had accounts at five banks, a ranch in North Dakota, and a \$3,000 sedan. But who wants to be a beggar?

INTERESTING FACTS YOU MAY NOT KNOW:

About this time of year the profs begin to lay the work on heavy.

Christmas recess is now only 56 days away. Some students come here to get an education, others to learn how to make money.

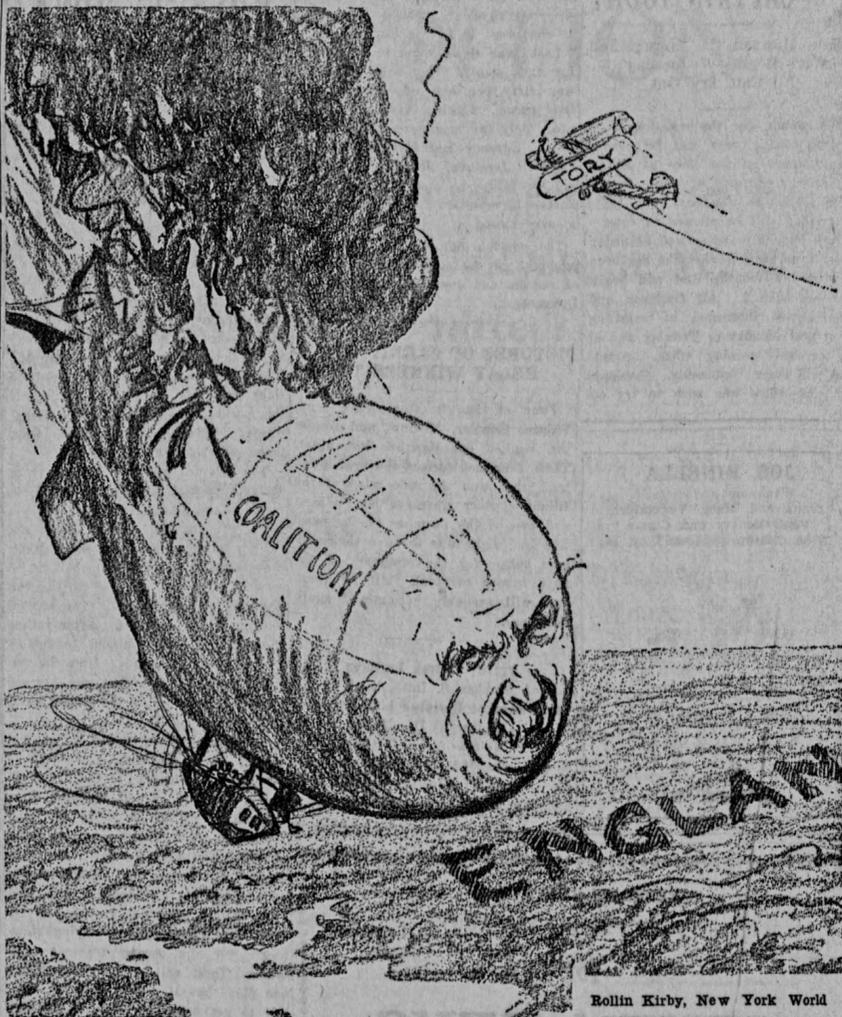

Restaurants do not employ orchestras at breakfast time because so few people eat soup at that hour.

In a field of three candidates for a seat in parliament, H. G. Wells finished third. Which goes to show that no matter how many things you can do, there is always something you can't do.

An amendment to the constitution of the United States is contemplated, whereby the issue of tax exempt securities would be prohibited. But it hasn't been passed yet.

BROUGHT DOWN AT LAST

Rollin Kirby, New York World

"Babbitt"—The Book of the Hour

Reviewed by Maurice Van Metre

It is told of a prominent University professor that on finishing "Babbitt," Sinclair Lewis' latest book, he threw his copy into the furnace. That was his manner of criticism.

"I admit," the professor is quoted as saying, "that George F. Babbitt is a type quite common throughout the nation today, but why do not these alleged novelists write of the beauties of American life rather than its sordidness?"

This reviewer will not attempt to answer the educator's question. Neither will he on finishing the book use it as fuel. In the first place, the copy isn't his, had he paid the required \$2. for it, he would be a game sport and keep it whether he liked it or not.

In "Babbitt," Mr. Lewis hands the "raspberry" to the successful business man in much the same manner as he handed it to the provincial in "Main Street". The author paints a vivid and true picture of Mr. George F. Babbitt, realtor, but we cannot see what he will attain by it.

Depicting Mr. Babbitt as a boob, Mr. Lewis simply places 90 per cent of America's middle class, so-called, in the Boobery.... "The Great American Boobery" that goes down town on Saturday night. Handing the bird—a new slang expression—to the Rotarians, the Kiwanians and the Lions will not stop those luncheon organizations from passing resolutions and flaying, with more resolutions, wrong doers.

Mr. Lewis not only makes fun of the Realtors, impressive title for real estate men, but he makes light too of all the other members of the Booster's club. The Boosters club of Zenith, U. S. A., contains the same type of men who support civic organizations in any town. They are the "salt of the earth" and despite their apparent

shortcomings in many ways, they pass as the well known good fellows.

This is the reason we cannot see what Mr. Lewis will attain by being so liberal with his raspberries. His caricature of Mr. Babbitt hits so many men of the land that it hits none of them. If they do read the book they won't be able to see themselves in the mirror. There should be some clever aphorism to fit that statement but we can't make one up in the hurry.

Like the Boosters' club, the Zenith Athletic club comes in for Mr. Lewis' continued panning. About it: "The Zenith Athletic Club is not athletic and it isn't exactly a club, but it is Zenith in perfection. It has an active and smoke-misted billiard room, it is represented by baseball and football teams, and in the pool and gymnasium a tenth of the members sporadically try to reduce. But most of its three thousand members use it as a cafe in which to lunch, play cards, tell stories, meet customers, and entertain out of town uncles at dinner. It is the largest club in the city, and its chief hatred is the conservative Union club, which all sound members of the Athletic call "a rotten, snobbish, dull, expensive old—you couldn't hire me to join." Staphole—not one Good Mixer in the place. Statistics show that no member of Athletic has ever refused election to the Union, and of those who are elected, sixty-seven per cent resign from the Athletic and are thereafter heard to say, in their drowsy sanctity of the Union lounge, "The Athletic would be a pretty good hotel if it were a little more exclusive."

All of which, perhaps, is quite true, but what will Mr. Lewis gain by such petty knocking. He writes well of human nature, but if he expects to alter it, he should start on another

angle. Mr. Lewis discusses the Zenith Country club has its boobs, who believe they have reached the pinnacle of the social world when they "belong." The average country club member, in the beginning, is like the newly made fraternity boy in college—he takes the thing too seriously.

Mr. George F. Babbitt believes he's a great, broad minded man. Mr. Lewis has him say, "Course I'd never admit it publicly—fellow like myself, a State U. graduate, it's only decent and patriotic for him to blow his horn and boost the alma mater—but smatter of fact, there's a whole lot of valuable time lost even at the U., studying poetry and French and subject what maybe these correspondence courses might prove to be one of the most important American inventions.

"Trouble with a lot of folks is: they're so blamed material; they don't see the spiritual and mental side of American supremacy; they think that inventions like the telephone and the aeroplane and wireless—no, that was a Wop invention, but anyway; they think these mechanical improvements are all that we stand for; whereas to a real thinker, he sees that spiritual and, uh, dominating movements like Efficiency and Botanicalism, and Prohibition, and Democracy are what compose are deepest and truest wealth. And maybe this new principle in education—at home may be another—may be another factor. I tell you, Ted, we've got to have Vision."

And there you have Mr. Babbitt. He's one of the "forward looking men," who boasts about his Vision, as many of his type boast that "they wear B. V. D's all the year around." If nothing else, Mr. Lewis proves himself a Realist. This reviewer believes he appreciates the book.

THEY CALLED THE TUNE

It is no mere coincidence but a very illuminating fact that the three authors of the Treaty of Versailles have in each instance been defeated by the political party which demanded a worse treaty. The clearly acknowledged evils of the Versailles peace, the unworkable and morally bad reparations clauses, the ambiguous extension of French militarism on the Rhine, the attempt to make the new states of Eastern Europe instruments for keeping Germany prostrate—all these things would not have been in the treaty had Messrs. Lloyd George and Clemenceau been able to follow their own judgment.

They are in the treaty because each of these men was caught between a fear of Bolshevism on the one hand and the unrelenting pressure of the Tories at home on the other. A liberal and healing peace became impossible because in each of the three countries the patriotic emotion of the people had

come under the control of the patrioteers. These people, the North-cliffes and Bottomleys of England, the Poincares and Fochs of France, the Lodges and Roosevelts of America, cried for blood. They wanted to hang the Kaiser and make Germany pay for the whole war; they wanted the left bank of the Rhine and an agrandized Poland; they wanted a peace of violence and of continuing hatred.

There is a gain in this: that those who willed the conditions under which the world is suffering should no longer be concealed behind the frayed but persuasive idealism of the men who, against their judgment and desire, were forced to write and then to try and operate an unworkable peace. Lloyd George can now say to the Tories, Clemenceau can say to Poincare, and Wilson to Lodge, as they struggle

with the burden: "Georges Dandis, vous l'avez voulu! You have got what you wanted. You called the tune. Now dance."—New York World.

PROF. VAN DER ZEE PUBLISHING BOOK

Political Science Professor Reviews History of British in Iowa

Prof. Jacob Van der Zee, of the department of political science is the author of a new book, "The British in Iowa," now being published by the State Historical Society of Iowa, with Prof. Benjamin F. Shambaugh, as editor. The book will be ready for distribution December 1.

Received Rhodes Scholarship

Professor Van der Zee is especially well fitted to write upon the British in Iowa, for he went to England as one of the first two Rhodes scholars from the state and the first from the University of Iowa. He completed his ford, and returned to enter the faculty of this institution.

ford, and returned to enter the faculty of this institution.

Treats British in Iowa

The story of the British in Iowa is presented in two essays: "British Emigrants in Iowa," and "British Invasion of Northwestern Iowa." The first treats in a more or less general way of the British element in the population of the commonwealth of Iowa. The second relates to the interesting episode of the coming of several hundreds of Britishers to that portion of Iowa which was the last to be occupied by home seekers. It tells especially about the colony established by Close brothers at Le Mars, and treats of its history from the time of its founding, through a period of fame and prosperity, to the time of the disappearance of the British from Northwestern Iowa.

The volume will be placed upon the shelves of practically every public and university library in Iowa by the State Historical Society.

PROVISION MADE FOR STUDENT VOTE

May Cast Ballots as Absentee Voters in Elections November 7

All University students over the age of twenty-one may vote in the coming election on Nov. 7, if they so desire. The county auditor, Ed. Sulek, urges all students of voting age to use this opportunity.

The procedure for absentee voting has been made as easy as possible. The request for application blank should be mailed to the auditor of the home county not sooner than fifteen or later than three days before the election. After receiving an application blank from him it should be immediately filled out and returned. The county auditor will then forward a ballot to the applicant.

This has to be filled out before either the notary public or the county auditor at the courthouse, and then mailed in time to reach your home county on or before election day.

Smith W. Brookhart is running on the Republican ticket and Clyde L. Herring on the Democratic ticket for United States Senator. This is expected to be an unusually close race because of the action of some of the Republicans in bolting their party.

Nate E. Kendall is up for reelection as governor, and is opposed by J. R. Files, Democrat. Other state offices to be filled are lieutenant governor, secretary of state, state auditor, treasurer, attorney general, superintendent of public instruction, two railroad commissioners, and two judges of the state supreme court.

its annual convention at Detroit. Mr. Philipp's daughter, Vera, is a member of the present senior class in the college of pharmacy.

Crew Manager or Salesman to appoint sub-agents for the fastest selling specialty on the market. Absolutely new; sells on sight. The right man can make from \$75 to \$150 per week. Small investment for merchandise. Call before noon. Mr. J. H. Mathess, Berkeley hotel.

SPECIAL Announcement

Probably this is just the information you have been seeking.

Our Mr. Crouch and Mrs. Conaway will be in Iowa City, October 25th, at Hotel Jefferson, Room 603, from 8:30 A. M. to 8:00 P. M.

We have had a number of requests from our friends who could not conveniently come to Cedar Rapids. We have therefore made arrangements to come to you with a line of Coats and Dresses that we have had spontaneous success with.

We do this without any extra cost to you. The prices are just the same as we show in our shop—which are most reasonable. You will readily appreciate our values and styles. Our upstairs location and overhead expenses allow us to offer better values for less money.

We invite you to look over these lines. YOU BE THE JUDGE. We specialize in coats and dresses only—naturally we concentrate our entire efforts on these two lines of merchandise.

Every garment the newest.

You are welcome whether you buy or not. Don't forget the date—

GHOSTS DANCE AT W.A.A. MASQUERADE

Social Committee Engages Witches and Goblins for Party Tonight

The spirit of Hallowe'en is in the air. Tonight at 7:30, witches, goblins, and ghosts will help to celebrate Hallowe'en at the W. A. A. masquerade to be held at the Women's gym. Women who are working for their W. A. A. entrance points, and all old W. A. A. women will be guests of the association. Appropriate Hallowe'en masques will add much to the ghostliness of the occasion.

Spook chambers, Hallowe'en games, tricks and stunts are being arranged by the social committee headed by Emily Hartman, A4 of Junction City, Kansas. The evening will terminate with a short business meeting at which the revised constitution will be brought up for approval.

FILM SHOWING FALL PROCESSION NOW READY

A new film showing the Second Annual Induction Ceremony of the University, which was held on September 29 is now ready for distribution among the various schools of the state. The picture shows the large parade headed by the university band and faculty in academic costume followed by the student body. The ceremony on Iowa Field was opened with the induction address by President Walter A. Jessup. At the conclusion of the address the impressive pledge of loyalty for the ensuing year was taken by the faculty and thousands of students, both old and new. The film closes with a close-up of President Jessup and President Emeritus Thomas H. Macbride.

400 CARS OF COAL THIS FALL

The University has already unloaded 400 cars of coal for this year's fuel supply. The coal is unloaded by means of a huge crane which takes five tons at one scoop. One man operates the machine, taking one hour per day to repair and lubricate it.

SOCIAL WORKER TO LECTURE

Miss Louise Cottrell, social worker of the extension division, left yesterday for various points including Audubon, Council Bluffs, Holstein and Winterset. She will speak to the Women's Federated Clubs at Winterset this afternoon.

Trumpet Classes Open Today

Sergeant Jacob C. Maier opened a trumpet class yesterday with about twenty-five members present. The class will meet three times each week at 4 p. m. and will take the place of regular military drill periods.

DRUGGISTS ELECT PHILIPP

Mr. A. C. Philipp, who attended the college of pharmacy here with the class of '98 and is a pharmacist of Manchester, was recently elected second vice-president of the National association of Retail Druggists (at

BRITISH WOMEN TAKE STUMP IN ELECTION RACE

Lady Politicians Display Great Skill; Twenty-Eight Candidates in Coming Election

(By United News)
By Ralph H. Turner

London, Oct. 24—Flying columns of women political orators have begun a national campaign in behalf of twenty-eight feminine candidates entered in the coming election which bears a striking resemblance to the fight which their sisters in America are making in the congressional contests there.

In both cases more women are entered as candidates than ever before. Here, as in America, the lady politicians are waging their campaigns with a display of practical skill which has the old time male expert wondering where they learned the game. Another remarkable likeness is seen in the platforms which, aside from those questions peculiar to each country, are almost identical.

Lady Astor Fights for Re-election

Lady Astor, the Virginian born member of parliament, is engaged in a hard fight for re-election. She is standing as a conservative with liberal and labor candidates opposing her furthermore she favors prohibition which is viewed with disfavor by conservatives generally, Lady Wintringham, the other woman member of parliament is also asking to be returned. These two outstanding figures in the feminine political world have organized a thorough campaign which will start flying lady stump speakers into nearly every constituency.

Liberals Lead in Numbers

New women candidates include ten independent liberals, four Lloyd George liberals, six laborites, three conservatives, and three independents. But so far as women's rights concerned, all will stand on the same platform regardless of party differences. Miss Elizabeth Macadam, secretary of the national Union of Societies for equal citizenship, has outlined the program as follows.

1. Full professional freedom for women. Equal pay for equal work on the same scale as men, and no compulsory retirement upon marriage, of women employed by the state.
2. Legislation providing for equal moral standards, establishment of the same grounds for divorce for both sexes, and raising the age of consent for both boys and girls to 18 years.
3. Support of the League of Nations.
4. Women peers to be allowed to sit in the house of Lords in their own rights.
5. Legislation improving the status of unmarried mothers and placing responsibility for legitimizing their children equally on both parents by subsequent marriage.
6. Compulsory appointment of women police with powers equal to those of male officers.

CLASSES IN DEFECTIVE SPEECH

Miss Helene Blatner, of the department of speech, is opening a social section for persons suffering from a defect in their speech. Conferences in regard to the class may be had by special appointments. Miss Blatner is also co-operating with the instructor in the Elementary School in correcting defective speech among the pupils.

NEW INSTRUCTOR IN SPEECH

Mr. Harry T. Wood, formerly of the University of Illinois, has recently been added to the staff of instructors in the speech department.

ANNOUNCEMENTS

An important meeting of De Molay will be held at the Masonic Temple tonight at 7:30 o'clock. Election of officers will be held and an item of business in connection with the coming Shrine meeting will be taken up.
M. G. Bridenstine,
Master Councillor.

Beta Gamma Sigma will meet at the Pagoda Thursday noon for lunch.
H. H. McCarthy, secretary.

All Hamlin Garland women who plan to attend the picnic at the city park Thursday are asked to sign up before Wednesday night. Leave name at librarian's desk in classical library.
Ruby S. Miller, chairman.

The Congregational Young People will celebrate Hallowe'en next Saturday night at the church parlors at 8 o'clock. All students are welcome.
Martin Mills, president.

The Iowa Dames club will hold a

business meeting in the L. A. drawing room at 7:30, October 31. All wives of students are welcome.

The regular meeting of the Y. W. C. A. members will be held in the liberal arts drawing room at 4 o'clock this afternoon. Professor Charles B. Wilson, head of the German department, will speak. The usual social hour will be held following the business part of the meeting.

Kappa Phi invites all Methodist girls to an Indian Party in the Methodist Church Parlors today, at 7:30 o'clock.
Salome Fisher, president.

The University Orchestra will hold its regular rehearsal this evening at seven o'clock in the L. A. assembly room. The rehearsal will close promptly so members may attend University play.
P. G. Clapp, director.

STUDENT COUNCIL MEETING

There will be a meeting of the students council tonight at 8 o'clock in room 13 in the liberal arts building. This meeting is an important one and all members of the council are urged to be present. At this meeting the problem of election in the college of liberal arts will be decided, and officers for the coming year will be elected.

ATTENTION HOWLING 300

All members of the Howling 300 get their seats for the Purdue Game by presenting their membership card and

coupon No. 2 at the Athletic office at the men's gym, between 1 p. m. and 6 p. m. today.

Also there will be a meeting of the Howling 300 this evening at 7:15 p. m. All who wish to become members of this University Pep Organization be there and sign up.
Plans for Homecoming will be discussed.

TO ASK STUDENTS FOR AID IN RELIGIOUS WORK (Continued from page 1)

A2 of Fort Dodge; Edward Piper A3 of Iowa City; Byron Biersborn M3 of Liscombe; Harriet Gregg A4 of Marshalltown; Hele Helen Boyce A3 of Denver, Colo.; Dwight Kinsey A3 of Grimes; Herbert Jones A3 of Richland; Frances Carpenter A4 of Marion; Claribel Dawson A3 of Davenport; Martha Dean A3 of Sioux City; Ellen Wicks A4 of Scotland, S. D.; Richard Garlock A2 of Maxwell; Robert Seashore A4 of Iowa City; Lee Travis A4 or Woodbine; Margaret Decker A3 of Davenport; Paul Wilson L3 of Bell Plaine; Walter Dehner A4 of Iowa City; Katherine Vander Veer A3 of Waverly Karl Jasper A4 of Newton; Harold Soesbe L2 of Greene; Edward Rausch; Herbert Jones; Edith Evans; Dewitt Miller; Marjory Washburn; Dwight Kinsey; O. M. Sorrel; M. P. Phillips; Paul Hoff; Dorothy Dake; Catherine Miles; Jean Herriek; L. P. Peterson.

First Time Attempted

Information collected from the personal interest cards of students show that seventy-eight per cent of the stu-

dents in the University are church members, and seventeen per cent have a church preference. This is the first attempt made by any western university to make a united budget among students. The campaign will extend from October 31 to November 5.

Twenty-five per cent of each individual pledge will go to the church preferred by the contributor and the remainder will be allotted to the Y. M. and Y. W. association.

The Y. M. and Y. W. will serve lunch to all campaign workers on next Wednesday, Thursday and Friday afternoons in the Commercial club rooms so that the solicitors can get together each day.

FORSEE LIMITATION OF LAND ARMAMENT (Continued from page 1)

porter, while on the other hand the plea for preparedness being made by Secretary of War Weeks and other war department officials is said to have his complete endorsement. Furthermore, it was learned at the White House, the president would regard the duty of signing an appropriation bill for the fiscal year beginning July 1, 1923 providing a materially reduced army personnel, as "extremely painful".

This apparent inconsistency, it was explained, is merely the intention on the part of the president to "play safe" until such time as the limitation of land armaments throughout the American continents has become practical.

Until the naval limitations treaty

was formulated by the arms conference a year ago, Harding maintained the same obligations to reduced naval personnel as he is now said to maintain toward a reduced army personnel. In view of this explanation it was

pointed out that the fight against further reductions in the army personnel will probably continue for some time in spite of the outcome of the Central American meeting in December.
