## FASCISTI RULE; CABINET NAMED BY MUSSOLINI

### Italy Completes One of Greatest "Bloodless Revolutions" of Modern Times

(By United News)  
Rome, Oct. 30—Fascism now governs all Italy. With the completion of his cabinet late Monday, Benito Mussolini had rigorously carried the first objective of the Fascisti's program—selection of only such men of the highest technical competence to conduct the affairs of the country.

"Not a ministry but a government" he had promised a great throng earlier in the day and the personnel of his cabinet—overwhelmingly Fascisti indicates his intention to make that government fulfill the ideals of Fascism. This is completed one of the most amazing "bloodless revolutions" in modern history.

Twenty-four hours ago thousands of Fascisti, armed and well supplied with ammunition were concentrated at the gates of Rome and other strategic points, ready to act on a signal from their leader. But King Victor Emmanuel overruling the Pacta fasci which insisted that a state of seige be declared summoned Mussolini and asked him to form a government. At that moment revolution—possibly civil war—was averted.

With scarcely a drop of blood having been spilled Mussolini is the premier and has formed his government.

Once the stationing of the "black shirts" had been accomplished the "Fascisti Generalissimo Balbo, issued general orders to Fascisti concentrated at Monterotondo, Santa Marinella, Felsigno, and Tivoli, not to abandon or leave their present posts but to await final orders. Mussolini is expected either to give these squads permission to enter Rome for a final demonstration or else order them to return to their home cities if their presence no longer is necessary to the Fascisti cause.

## TO PRINT 32 PAGE IOWAN FOR NOV. 11

Rotogravure Section of Homecoming Number Will Contain Features

The rotogravure section of the Homecoming number of the Daily Iowan will have a new and very distinctive cover design this year. The cover contains only two pictures but they will be of interest to all. This year's edition of the rotogravure section will contain sixteen pages instead of the eight pages of previous years.

Photographs of the pages were taken and new prints made. This is a marked improvement over the other two years. The art work of the section is much better than ever before and it will contain new pictures which have never been printed previously. There are also some new features.

Loren D. Upton, business manager of the Daily Iowan, said: "There will be no information concerning the contents given out."

The section will be stitched like a magazine, and that will make it more attractive and valuable as a memoir. A much better grade of paper is being used this year and it will be run off on a flat sheet rather than the rotogravure press of last year, thus giving it a better finish.

Ten thousand copies are to be printed and sold with eight or sixteen pages of the Daily Iowan, making a total of twenty-four or thirty-two pages. The complete paper will sell for fifteen cents a copy, or two copies for twenty-five cents.

## BUSSES BEGIN TRIPS TO CAVALRY STABLES

The Iowa City Transit company will make regular trips to the cavalry stables to take women to and from their horseback riding classes beginning last Sat. Buses will start at ten minutes before the hour at the corner of Jefferson and Dubuque, will stop at College and Limb to take on the women gathered there, and again at Sheridan and Summit.

## WOMEN'S ASSOCIATION TO ENTERTAIN FOR ALL UPPERCLASS WOMEN

The Women's Association will entertain at a party in the liberal arts drawing room Thursday afternoon from 4 until 6 o'clock. The party is given this year. Because it has been impossible to secure the names of the new women no special invitations are being issued as was at first planned, but the chairman of the social committee, Verda James, A3 of Boone said yesterday "We hope that all the women who are new in the University this year will avail themselves of this opportunity to become acquainted with the other women in the University."

All other upperclass women are also expected to be at the party, according to Miss James.

## STAMP SALE GOES OVER 11,000 MARK

Committee Desires to Sell 60,000 Stamps; Proceeds Defray Expenses

More than eleven thousand of the forty thousand Homecoming stamps which were placed on sale yesterday under the auspices of the Y. W. C. A. have been sold. The proceeds have netted over \$110. The Homecoming committee desires that the stamp sale reach the sixty thousand mark.

The response of the students has been splendid, according to Alice Timberman A2 of Massena, chairman of the sales organization, but the business men have not purchased the quantity that it was anticipated they would.

The stamps sell at one cent each and are printed in sheets of twenty-five each. They are sold to help in defraying expenses incident to Homecoming. If the sale of the stamps proves successful this year it is planned to make it a means of raising money for future Homecomings.

## MUST KEEP HOMECOMING STAMPS OFF FACE OF LETTER

Anyone using the new Homecoming stickers or stamps on outgoing mail is warned by Mr. Bailey, superintendent of mails, not to put them on the face of any letters or packages. There is a postal regulation which is very rigid in regard to the use of such stamps, and any mail or packages received at the Post Office with one of these stamps on the face will be returned to the sender or sent to the dead letter office if no return is placed on the envelope. There is no regulation against putting the stamps on any side except the fact of the letter or package.

## WATER WORKS GROUP TO MEET HERE NOV. 1

Several University engineers and chemists will appear on the program of the eighth annual meeting of the Iowa section of the American Water Works association which is to take place here November 1, and at Cedar Rapids November 2 and 3. Water Works men from Iowa, Missouri, and South Dakota will be present.

Convention visitors will be welcomed in behalf of the University by President Jessup, and in behalf of the city of Iowa City, by Emma Harvat. Among the University men on the program are Professor Edward Bartow head of the department of chemistry and Past President of the American Water Works association; R. M. Warren, Graduate assistant at the University; Earle J. Hinman Jr., Associate Professor and Chief Water Lab. Division of the Iowa State Board of Health. Besides Professor Bartow there are two other Past Presidents of the American Water Works association who will appear on the program. They are Charles E. Henderson, General Manager, Davenport Water Company, Davenport Iowa and Dow R. Gwinn President and Manager, Terre Haute Water Company, Terre Haute, Indiana.

## ADDRESSES CLUB MEMBERS

Miss Angeline Smith, of the staff of the extension division, will speak today at Oakville at a meeting of the Twentieth Century club. Her subject is "Woman's Recent Advance in Society."

## VARSITY SQUAD GOES THROUGH FAST WORKOUT

### Jones Shifts Lineup of First Team Several Times in Signal Drill

With two weeks ahead, to prepare for the Homecoming game with Minnesota, the Iowa varsity football squad, with the Boilermakers' scalps dangling at their belts, went through a light workout last night on Iowa Field. The practice was short and snappy, lasting only about a half an hour, as a reward for the brilliant way in which the men performed against Purdue.

## No Scrimmage

No scrimmage was held, and no heavy work of any kind was on the schedule, as some of the players are not completely rested since the grueling game Saturday. From the players' standpoint, the game Saturday was more hard-fought than the score indicates, as the intense heat made the going very strenuous. A spirited signal drill was held for the short time the men were on the field, and after a short talk, Coach Howard H. Jones sent them in to the showers.

Several different line-ups were used during the signal drill. Coach Jones still seems to be undecided as to the combination to use, since there are still two or three of the linemen that are playing on an equal basis. Kriz, who showed up well in the Purdue contest, started at tackle on the varsity, with Otte playing next to him on end.

## Locke at Quarter Again

Locke started at quarterback, with Miller at full, and Nugent at Miller's half. Later, Hancock went in for Otte, and Parkin took Locke's place. Every combination that Coach Jones sent against Purdue seemed to go with equal success, so that not much light was shed on the comparative merits of the men who have been holding down temporary berths on the regular squad.

The decisive victory over Purdue is no indication that the going will be easy against Minnesota on Homecoming day, or that the team can let up in its stride. Three hard games are ahead before the schedule is completed, and they will be three of the toughest on the list.

## TICKET SALE ASSURES LARGE ATTENDANCE AT Y. W. C. A. BANQUET

The sale of tickets for the annual Y. W. C. A. banquet to be given Wednesday, Nov. 1, at the Burkley hotel, assures a large attendance. Those who desire reservations must buy tickets at the candy table in the Y. W. C. A. club rooms before Wednesday morning. The charge for one cover is sixty-cents.

## HALLOWE'EN WAS A NIGHT OF PRANKS AND DESTRUCTION AT IOWA YEARS AGO

As the evening of October 31 approaches, the memories of some people in the University will run back to the times when whole platoons of militia were called out on Hallowe'en night to protect life, limb and property. Merchants and residents of Iowa City recall that somewhere in the dim past are recorded the pranks which the students of this University were wont to play on unsuspecting professors and indulgent town persons.

## Wrought Destruction

Instances are brought to mind which tend to show that portions of residences were removed from their foundations and made to rest in the Iowa river. Fences, in their entirety, were demolished and lawn swings obliterated. Often carts and wagons were drawn to the roofs of business houses to be retrieved by indignant owners.

Today an emancipated public will breathe easily and retire early on what has grown to be a most uneventful night. The students have shown no tendencies to commit even petty misdemeanors. Hallowe'en, for all its traditions, might slip by without the slightest attention being paid to it, if it

## U. S. WILL NOT ENTER EUROPE'S WARS--HUGHES

### "American People Unwilling to Shoulder Burden of Army in Near East"

(By United News)

Boston, Oct. 30—Europe is burdened with the expense of large armies heavily disproportionate to her financial ability to maintain them, according to Secretary of State Hughes. And, "every effort to remove the burden by agreement has failed."

"The economic rehabilitation of Europe," Hughes told a Republican mass meeting Monday night, is practically impossible unless European powers reduce their armies which are "maintained because of distrust, apprehension and national aspirations."

"Therefore," he said, "there is no reason why we should fritter away our helpful influence by becoming a partisan of either party to such controversies, much less to make the fatal mistake of attempting to assume the role of dictator."

In addition to defining this government's attitude toward Europe, Hughes made it clear that America has no intention of going to war in the Near East in view of the forthcoming Near East conference at Lausanne, Switzerland. He said it would be "futile now to talk of war" and that "the American people would never be willing to shoulder this burden of armed intervention which the allies with forces nearer the scene were unwilling to bear."

## EX-SERVICE MEN TO APPLY FOR VOCATION TRAINING BY DEC. 16

The time for applying for vocational training expires December 16 and any disabled ex-service men who want training, whether he is receiving compensation or not, should apply for training before that date.

The Red Cross office in the City hall building has information on hand and can assist in making such applications.

## NINE MEN REPORT FOR BASKETBALL PRACTICE UNDER CAPTAIN HICKS

Basketball practice has been held on Wednesday and Friday afternoons, from 5 to 6 p. m., during the past week at the old armory, under the direction of Captain Hicks.

The work so far has consisted of nothing more than drill on fundamentals, pivoting, dribbling, and basket shooting. This will represent the work of these early practices. Coach Barry hopes to get the baskets arranged in the new armory by the beginning of next week.

## "OUR CONCEPTIONS ARE GRADUALLY CHANGING" SAYS VESPER SPEAKER

The Rev. Dr. Henry Sloane Coffin delivered a gripping sermon at the vesper service in the natural science auditorium Sunday afternoon. He declared that truth, beauty and right should only be other words to describe the divine work of the creation.

"Truth always masters the individual in the last analysis. A man cannot hide from his conscience. Truth, conscience and beauty should all lead toward the same goal. These abstract virtues should in no case be divorced from a divine work," he said.

"Industries which are built upon other cornerstones than fraternity and love, must necessarily fall to the ground," emphatically stated the Rev. Dr. Coffin. "Our conceptions are continually changing. They cannot remain the same form. But on the other hand, they are never entirely destroyed."

"Religion seeks the individual long before that person has thought about its aid," concluded the vesper speaker.

The invocation was given by the Rev. Herbert L. Searles.

## ACHOTH SORORITY'S NAME IS CHANGED

National Organization Changes Hebrew Name to Phi Omega Pi

The national organization of Acoth sorority has changed its Hebrew name to the Greek name, Phi Omega Pi, according to the Greek letters on the sorority pin.

## Want Greek Name

The organization for Eastern Star women was first recognized as national in 1910. In accordance with the purpose the Hebrew name was used. This year, because of the wish of the 14 active chapters to be a member of the Greek letter fraternities, the name has been changed.

Beth chapter of Acoth was established here on the campus in 1910. The organization here will now be known as Beta chapter of Phi Omega Pi.

## New Pledge Buttons

Other changes have been made in the organization. The pledge pins will now become a black enameled pentagon with an inlaid gold star and the recognition pin a miniature gold crest.

Formal announcement of this change will be sent out soon by the Supreme Governing council to the members of the faculty and the sororities and fraternities on the campus.

## PRINCESS HERMINE WILL USE TITLE OF KAISERINE AND QUEEN OF PRUSSIA

Berlin, (Copyrighted by United Press.) The Princess Hermine intends to use the title of Kaiserine and Queen of Prussia after the wedding to Kaiser Wilhelm at Doorn, on November 5.

The wedding itself is the result of the former Kaiserine's earnest wish that the Kaiser free himself of the loneliness and despair in Dutch exile.

The Princess, the United Press learned today, has given friends this information. Simultaneously it was revealed among other facts that she conquered in a love battle for the Kaiser's affections in which was pitted against her the sixty year old Queen Charlotte, widow of the King of Wurtemberg, the widow of Duke Johann Albrecht Von Mecklenberg, kin of the Dutch princess consort and a marriage probably desired by the Dutch royalty.

It was also revealed that the princess, after being invited in March to go to Doorn, accepted in fun. Princess Hermine encountered the opposition of the crown princess and Prince August Wilhelm but through her own charm, overcame the original opposition as well as that of Prince Heinrich, the Kaiser's brother.

## MAY FINISH DIRECTORY BEFORE NOVEMBER 11

Workers on the student directory have the list of students in type to the r's, according to Prof. Chas. H. Weller, who is in charge of the work. Proof is being read and sent back for revision and paging. It is hoped that the directory will be out before Homecoming. Professor Weller asks that any one wishing to make changes will report to the registrar's office at once.

## HIGGS WILL BE UNABLE TO GIVE LECTURE HERE

### Noted British Economist and Member of Parliament is Called to England

Henry Higgs, leading British economist and member of parliament who was scheduled to speak here November 23 and 24, has cancelled his engagements here and throughout the United States due to the fact that he has been called home to England for the coming election of parliament. The recent upheaval in the British government has necessitated his immediate presence in England, much to the chagrin of those who were anticipating his visit here.

## Must Stand by George

Mr. Higgs has been a member of the House of Commons, and through the downfall of the Lloyd George administration must stand or fall with him in the coming elections. Arrangements had been completed here for Mr. Higgs to talk on "The Financial Problems of Europe," and "Economics and Education" in the commerce college, November 23 and 24, and in addition to address the ommerce club at a dinner the night of the 23.

Henry Higgs is one of the foremost English economists, and is also known widely as an administrator and author. He has edited numerous books and is the author of numerous articles in economic journals throughout the world.

## Has Served in High Positions

Acting in the capacity of private secretary, he has served such English statesmen as Sir Spencer Walpole, Austin Chamberlain, Duke of Devonshire, and Sir Henry Campbell Banerman. He has held many important administrative positions in the British government as well as high positions in the colonial service. At one time he was inspector general of the Egyptian department of finance, and also accomplished important work in Africa, in administration and organization work among the colonies. Mr. Higgs has been lecturing among the eastern universities and his abrupt cancellation of all dates is a distinct loss to the western universities.

## STAR HARRIER INJURED IN RACE

### H. R. Phelps Hurts Ankle Bone in Trout, Will Not Run Against Cornell

The Iowa cross country squad suffered quite a setback when it was learned that H. R. Phelps S2 of Davenport, one of the best men on the team, will probably not start the race against Cornell next Saturday morning. Phelps injured a bone in his right ankle in the trout held last Saturday and will be out of the running for perhaps a week.

Coach George T. Bresnahan and several members of the squad went to Mount Vernon Sunday afternoon to look over the course. It is a very good run of between three and one-half and four miles and leads north of the town of Mount Vernon.

It was announced last night that there will be another trout on Wednesday evening in preparation for the Cornell meet. The trip to Mount Vernon will be made overland. The time of the race has as yet not been decided upon, but it is expected that it will start about eleven o'clock. A team of eight men will accompany the coach to Cornell.

## Y. W. C. A. MEETING WEDNESDAY

At the regular Y. W. C. A. meeting in the liberal arts drawing room Wednesday at 4 o'clock, Mrs. C. A. Stevenson will speak on "How to Obtain Wealth." All University women, whether members of the association or not, are invited to attend.

## Settle K. E. K. Damage Suit

Houston, Texas, Oct. 28.—The \$200,000 damage suit filed against the Invisible Empire Knight of the K. K. K., last February by Miss Melba Meyer, 21, was settled out of court today, attorneys for Miss Meyer announced. The amount of settlement was not made public.

### COLLEGE AGE

How old should a student be to realize most the advantages of a college education? Figures given out recently show that University of Iowa students vary from fifteen to sixty-seven years of age. The average of the whole student body probably lies in the neighborhood of twenty-two or twenty-three.

The age which a young man or woman should be permitted to enter college, of course, must depend entirely upon the individual. Yet this can not be judged, wholly or in part, by a mental examination. A boy or girl who has completed his high school training at the age of fifteen or sixteen usually possesses a certain precocity and therefore a high "I. Q." but too often is found to be sadly lacking in those things which no intelligence test can measure. Such a one in his academic work is often found to be above the average of the student body.

But books aren't all of knowledge. The student of mature age, although a bit dull, perhaps, in his studies, usually knows more of life as it is actually lived than the precocious lad who rates much higher in a "mental test" so-called. Grammar schools, high schools, and the first two years of college are based upon a memory system. The pupil who has a knack of remembering what he reads will always find himself at the head of his class. Not until the last year or so of college does he actually have a chance to think constructively for himself or to give life his own interpretation.

There is a certain wisdom which comes through age and experience which no end of books can give. The student who enters the University at the tender age of fifteen has a lot to learn of life although he may be well advanced in the gentle art of erudition.

The University student under twenty-one years of age finds upon the completion of his college course that he must do a lot of floundering in the world before he reaches a safe harbor. Even in college he must face insurmountable obstacles. He is too young to mix with the average run of college students; his age prevents him from being a leader in any line of activity. Although he may have a knowledge of books, he lacks the better part of an education—a wider knowledge of men.

### INTERCOLLEGIATE BOXING

The department of physical education for men has decided to give boxing more attention this year than it has received in the past. No intercollegiate boxing matches have been scheduled owing to a conference rule which forbids them. The rule is a result of a too popular prejudice against boxing manifested in this section of the country. That this prejudice is entirely without grounds has been shown by the fine display of

sportsmanship in the past two championship tournaments held each spring by the physical education department.

At the last meeting of the Western Intercollegiate Conference association the question was discussed and it was decided that the officials of the various universities should take steps to encourage the development of boxing with the view of making it an intercollegiate sport. This is a praiseworthy movement and should receive the support of all students interested in clean athletics.

### CONTEMPORARY OPINION

(New York World)

#### REMEMBERING THE TEACHERS

The will of the late Winthrop Cowdin, as filed at White Plains, provides for a memorial fund for St. Paul's School at Concord. But out of this fund is to be established no Cowdin gymnasium, library, scholarship, art exhibit or field for sports. The money will be employed to increase the pay of the teachers. Its yield is to be divided in equal shares among the beneficiaries. The bequest is simple, original and unexpected.

A modest tablet may tell visitors in future years after what fashion Mr. Cowdin remembered the school which gave him his youthful training. No tablet, no other instrument of record, will be necessary to the keeping of his memory green so long as there is a faculty of St. Paul's. The limits might be extended if the Cowdin example were to be followed by other grateful sons of academic education.

It would, indeed, be well if this precedent were to be heeded by the corporate mind in control of other schools and colleges. The times are generally prosperous for these institutions. But the fruits of prosperity do not fall to the men and women who, in the class-rooms, do their best for the good both of the students and the academic powers. That was by no means an unfamiliar plaint which came from a California professor's wife last week of the drudgery falling to women whose husbands draw the ordinary college salary.

In one Mid-Western university a regulation has been proposed barring married teachers from the faculty. We do not see in this a right or a likely way out of the low-salary troubles. It should not be the case, for his own or the public schools, that a man wedding himself to one of the most helpful and honorable of professions must condemn himself otherwise to an undesired celibacy.

### The Sounding Board

#### A NIGHT IN AUTUMN

A half-moon in a cloudless sky  
O'er all the world spills molten light . . .  
Leander swam the Hellespont  
On such a night.

So brilliant-white the moon-rays seem,  
Almost the stars sink out of sight . . .  
A Montague wooed a Capulet  
On such a night.

"When I remember the ghastly gray of Symphony hall, the horrible white, the plaster statues of Greek gods and the general fearfulness of the Boston ideal of life and culture. . . —  
*Isadore Duncan.* Ah yes, indeed. But what will not one undergo for Art's sake?

An international hairdresser's convention in London will soon decide upon correct hair styles. And after they have decided, of course, you will continue to wear your hair whatever way you please.

#### QUEER THINGS WE HAVE SEEN IN IOWA CITY:

- A student in a flannel shirt swinging a cane.
- A flivver with a motometer on the radiator.
- A fraternity man without oil on his hair.
- A young lady cranking a car while her escort retarded the spark.
- A gentleman wearing a starched collar and no necktie.
- Fat girls in riding breeches.
- The street cars.
- The police force.

None of the assistants who read freshman themes has indicated a desire to quit, we are told. They certainly must be gluttons for punishment.

We do not wish to lay ourselves open to the charge of being a cynic, but the fact remains that the first time a co-ed thanked us for opening a door the shock almost killed us.

"Long Skirts Banned by Women's Clubs—Federation Declares for Garments at Least Seven Inches from Ground."—N. Y. Times.  
Men's clubs are expected to second that motion enthusiastically.

We know a freshman so dumb he thinks a pundit is a person who makes puns.  
SEVENTEEN.

## ELECT GRIFFIN AS CAPTAIN OF TEAM

Water Basketball Men Choose Iowa City Student for Their Leader

Martin E. Griffin M2 of Iowa City was elected captain of the water basketball team last Friday night. This is his first year on the Iowa team. The year before last he competed against Iowa on the Ames team and beat Vedova in the breast stroke by a close margin. He took second in the annual river swim last spring. Ivan Klingman took first place in the last few yards of the race.

Ross Clarke A4 of Des Moines reported for practice last week. He was a member of the winning relay team against Chicago last year and has been swimming all summer. He was the senior champion of the city of Des Moines. Clarke placed first in the 50 and 100 yard dashes and fourth in the 100 yard back stroke.

John Goltman A3 of Clinton reported last night for the first time. He has been under the doctor's care for the past two weeks on account of a badly infected ear.

## WELCHER HARDWARE

FIFTEEN THOUSAND DOLLAR STOCK OF HARDWARE THAT MUST BE MOVED AT ONCE!

We are moving to 112 East College street. We want you to help us move. We are going to pay you, and pay you well. The more you buy, the more you will help us, and the more you will be benefited.

Commencing on TUESDAY, OCTOBER 31st, and the remaining portion of the week we are going to give 10 PER CENT DISCOUNT on all merchandise, except Nails.

The Merchandise that we carry in stock is every-day use merchandise, and is as standard as a sack of sugar. We will not, we can not, and we must not give any more than 10 per cent off on this Special Sale, because the retailing of our class of merchandise is sold on a very close, keen competitive basis. The merchandise that arrives will be placed in our new place of business and will be sold without any special discount.

Because of the tariff laws that recently went into effect, and the inefficiency of the railroads to keep pace with the demands of the country, our merchandise has advanced in price the last 30 days approximately 10 per cent. We have not in the last four weeks followed the advancing prices on anything except nails, and thus it is to your advantage to buy, and buy liberally.

All contractors and credit buyers that are worthy of credit, will be given 5 per cent special discount and another 5 per cent, if it is paid for inside of 30 days during this special sale.

Our time is limited and we cannot extend our special price sale only as above stated.

Buy quickly and buy liberally. By so doing you will help us, by helping yourself to our merchandise at less than our cost of doing business price.

ANNOUNCEMENTS

Newman club will hold its regular meeting tonight instead of Wednesday night, November 1, at the K. C. hall, 7:30 p. m. Edward C. Halbach, president.

The Social Science club will meet in room 226 liberal arts building at 7:15 p. m. today. Mrs. O. S. Rawson will read a paper on "Cosley's Conception of Human Nature."

Tryouts for the Ero-Irving plan, "The Faith Healer," will be held in the N. S. auditorium at 4 o'clock this afternoon.

Practice tonight for all members of the orchestra playing stringed instruments in the Johnson building at 7:30 Prof. Frank E. Kendrie, director.

Girls wishing to sit with the sisters of the Howling 300 at the Homecoming game, leave their I-books with Pearl Davies at the Iowa Supply company this morning between 9 and 12. Pearl Davies, president.

All new students in the Latin and Greek departments have been elected to membership in the classical club. Those expecting to join are required to be present for preliminary instruction this afternoon at 5 p. m. in room 109 liberal arts. A. H. Taeger, initiation chairman.

There will be a meeting of Octave literary society in close hall this afternoon at 4 o'clock. Roll call. Leona White, president.

The Irving-Ero joint meeting has been postponed to Tuesday, November 7.

Irving-Ero joint committee.

Girls interested in Kappa Phi may meet the membership committee Wednesday evening, November 1, from 7 to 8 o'clock at Wesley House, 120 N. Clinton. Salome Fisher, president.

There will be a meeting of Hesperia literary society Wednesday at 12 o'clock noon in room 13 liberal arts building. All members must be present. Margaret Altman, president.
