Two Hundred Solicitors Begin Union Drive Today

UNION WORKERS READY TO "PUT 'ER THRU IN '22"

Goal for Student Drive is \$100,000 in Pledges; 250 Will Assist Director

Today the drive to secure pledges to the Iowa Memorial Union opens with two-hundred and fifty enthusiastic student workers determined to make good the slogan, "Put 'er through in '22." The big banquet last night at the Pagoda Tea Shop given by the Memorial Union association to these workers was the official opening of the campaign, and every effort will be made to conclude the drive by Wednesday night.

Goal is \$100,000
 To date \$437,987 have been pledged to the Union, and the student body alone has pledged \$212,000 of this amount. The goal set for this drive is the securing of \$100,000 more in pledges from the students so that the Union organization can make known to the alumni gathered for Homecoming that the students are backing the project. If the alumni are assured by such a substantial proof that the student body wants the Union, they will not hesitate in giving the proposition their full support.

The two hundred and fifty workers are welded into an efficient and enthusiastic organization, including many of the leaders in University activities. The entire campaign will be handled by eight main divisions of these workers. The fraternity presidents are conducting the drive among their own members under the direction of Ben Martinsen L3 of Lyons. The sororities are following the same plan in charge of Catherine Wright A4 of Des Moines.

Nurses Will Carry On
 The women living at the nurses' home will also carry on the drive within their own organization with the help of Elizabeth Kimmel N of Sheldon, Beatrice Gates A4 and Elmer Beckman. Clement F. Mullen L3 of Waterloo will direct the drive among the men who are staying at the quadrangle. Currier hall will also be solicited as an organization under the direction of Miss Martha Althaus A4 of Muscatine. George O. Hurley A3 of Rolfe will supervise the drive among the literary societies at their regular meetings Tuesday or Wednesday nights. The freshman military classes will be solicited under the direction of John Grassfield, '22, of Iowa City.

All the women who are not in some campus organization will be approached at their rooming houses by the helpers of the girl captains, each of whom has a division of the city to cover. There are fifteen of these girl captains working under the direction of Elizabeth Ensign A4 of Iowa City. Hubert H. Matt L3 of Iowa City, George Gallup A4 of Jefferson, and Virgil Hancher L3 of Rolfe will direct the drive in the house to house canvass of all the men who are not in some organization through which they could be reached.

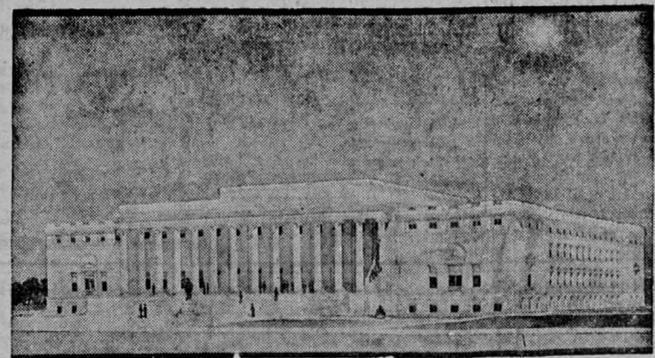

Hubert H. Matt will have immediate charge of the entire drive, as assistant to Director Ralph G. Grassfield.

RELIEF WORKER VISITS UNIVERSITY

Miss Jane Ward, who has been doing relief work for the past year in Shanghai, China, is in Iowa City to present to the Y. M. C. A. and Y. W. C. A. the various needs of and the opportunity to help the stricken people of China. She will leave today.

BURNER TO SPEAK

Miss Oolooah Burner, national secretary in the student department of religious education, will speak today on the subject, "Religious Education" at the regular meeting of the Y. W. C. A. cabinet in the liberal arts drawing room at 4 o'clock. Yesterday Miss Burner held conferences with the religious education department of the Y. W. C. A. as well as the advisory board in order to talk over with them problems in religious education.

LATEST SKETCH OF HOW THE PROPOSED MEMORIAL UNION BUILDING WILL LOOK WHEN COMPLETED

CRISIS APPEARS IN TURK-ALLIES NEGOTIATIONS

Kemal Demands Straits Closed to Shipping; British Will Not Agree

By Ralph H. Turner
 (United News Staff Correspondent)
 London, Nov. 6.—Without waiting for the powers to attempt a Near East settlement by peaceable negotiations at the Lausanne conference, the Turks have forced a new crisis by ordering the allies to evacuate Constantinople and demanding that foreign warships ask permission to enter the straits.

Both demands are regarded as violations of the Mudania armistice agreement recently signed between the allies and the Turks.

Cause Delicate Situation
 These demands coming without warning have suddenly precipitated a delicate situation. The Lausanne peace conference which was to have been held in a fortnight probably will be postponed for some time, if not indefinitely. These arbitrary orders came from the Kemal nationalist government immediately after it had ousted the Sultan and his regime from Constantinople.

It is one of the first actions of the Kemal government since the nationalist assembly at Angora brushed the Sultan aside and proclaimed itself the supreme power in Turkey.

Allies Refuse
 British, France and Italian high commissioners at Constantinople flatly refused to evacuate the allied forces.

The demand of the Angora government that foreign ships ask permission before entering the straits came later. It is certain however, that the allies will never consent to this as the freedom of the straits was one of the cardinal principles which the allies laid down at the Mudania armistice conference as the basis of peace in the Near East.

Great Britain Opposes
 Great Britain especially resolutely opposes the closing of the straits. The Turk also imposed the requirement that all foreign ships inside the straits must salute the flag of the new government.

MILITARY MEN IN PARADE

The military department will take an active part in the Homecoming parade next Saturday. Trucks are being fixed up as floats representing the various units in the parade and all freshmen will march in a body. The freshmen are excused from all 1 o'clock classes and the four o'clock class on Tuesday afternoon this week. They will meet at the Armory Saturday morning and form for the parade.

KLINGAMAN TO SPEAK

O. E. Klingaman, head of the extension division, will speak, this afternoon to the Women's club at Davenport. His topic will be "The Next Progressive Step in Education."

CAMPUS WILL LOOK LIKE "WHITE WAY" FOR HOMECOMERS

That the thirty-five electroliers which have been erected on the campus during the past week will be lighted for Homecoming was assured today when John M. Fisk, superintendent of buildings and grounds, stated that the work was rapidly nearing completion.

The original plan of lighting which will be later used in the new posts will not be available for by Saturday, but instead of this system a plan of parallel wiring is being installed now which will light the campus for the visiting alumni.

The installation of the electroliers will be one of the last outside jobs of the season, stated Mr. Fisk. The trenches which were dug for the laying of the main cable are being covered now with sod from the West side, and after the posts receive their last of three coats of paint and the rest of the work completed, the campus will take on an appearance of a second "white way."

CLASS OF 17 INITIATED INTO CLASSICAL CLUB

Using some of the more terrifying ceremonies of the ancient Greek elucianian mysteries, the classical club initiated a class of seventeen candidates last Thursday evening. Those who officiated were Pearl Bagenstos A3 of Holstein, as Hierophant; Rex H. Hill A3 of Hanlestown as Daduchus; Brandt H. Amlie A2 of Peterson, and Gerald R. Imbody A2 of Swea City, priests of the temple of echo; Lester C. Wetherrell A3 of North English, as chief Mystagogue. The new members were required to wear the club colors, purple and gold, for one day. They will also be responsible for the program of the next meeting under the leadership of E. Camilla Sperate A2 of Decerah.

The new members are: Adolph A. Vorbax A1; E. Camilla Sperate A2 of Decerah; Esther R. Hay A1 of Washington; Mary Agnes Flannagan A1 of Iowa City; Marvin H. Wiegman A1; Leila Windell A1 of Algona; Helen Cornwell A1 of Mount Union; Grace Snook A1; Ruth MacVey A1; Marjorie Sloan of Fairfield; Kathleen Wagner A1; Ione Vincent A1; Julia Thompson A1; Bessie Friday A1; Maye Duke A1; Alice Brown A1; Blanche Clapper A1.

FROSH TRIM SOPHS IN CROSS COUNTRY EVENT

The freshmen beat the sophomores in a cross country event yesterday afternoon. They won first, second, fourth, fifth and sixth places. All who placed received ribbons and six received numerals.

Van Ness came in first followed by Marchi, Ashton, Bender, Dolmade, Wilson, Mahle, Farrel, Burgardl, and Graham. His time for the one and one eighth mile course was nine minutes and fifteen seconds. Those who won numerals were:

Van Ness, Marchi, Ashton, Bender, Dolmade and Wilson.

TWENTY-NINE RESCUED FROM REILLY MINE

Total List of Victims Now Seventy-One; Find Five at Seven P. M.

By United News
 Victims of the Reilly mine disaster at 9 o'clock Monday, numbered seventy-one, according to rescue crews coming from the shaft to make way for relief squads. Twenty-nine men had been rescued alive, all of whom were in the mine's hospital. One was reported to be in a serious condition. It was believed that more survivors would be found as the parties progressed further into the mine. Shortly after 9 o'clock, the twelfth heading was passed, leaving five more to be reached. The work of bringing dead bodies to the surface was halted shortly after 7 o'clock when five survivors were found in an air course at number 8 heading.

When the rescue crews reached number 8, they found a message written on the wall in chalk, "Look behind this wall." After about an hour of work the party broke through the barricade and found five men almost overcome by the gas, but still alive. All will recover.

(By United News)

Sprangler, Penn., Nov. 6.—Thousands of men, women and children, wildly excited, many nearly crazed with grief and anxiety, waited around the shaft of the Reilly mine here Monday night, as rescue workers recruited from many cities in western Pennsylvania were removing the bodies of the victims of an explosion in the pit.

Latest reports were that out of 116 men in the mine at the time of the blast, twenty-eight were rescued alive. They were rushed to a hospital, many in a serious condition. At 6 o'clock the bodies of nineteen men had been taken from the shaft. The work of removing the corpses was tedious, and the rescue crews were proceeding thoroughly and carefully, ever watchful that no living man be left in the mine. The rule was to rush all survivors to the top first and check up on the list of dead later.

An official estimate of the number of men in the mine, number dead and the number rescued could not be obtained as the officials of the company were working with the rescue crews. At 7 o'clock it was reported that twenty-five men had been removed alive; eighty-five dead and eight unaccounted for.

As the bodies were being raised in the shaft, heart piercing cries were interspersed with sobs. Some women struggled to get to the shaft house, others stood wild-eyed while a big bonfire cast a wild glow. The surroundings were dotted with the flickering lamps of miners, men who rushed from other mines and from their homes at the first news of the explosion.

THE WEATHER

Weather for South-Eastern Iowa:—Generally fair with slight decrease in temperature.

CROWDS RIOT IN CONSTANTINOPLE; SULTAN MISSING

(By United News)
 Paris, Nov. 5.—Crowds rioted about the Sultan's palace at Constantinople and had encounters with British troops, according to an unconfirmed despatch to the Agency radio. Constantinople is filled with rumors of the wildest nature as to the whereabouts of the Sultan. Some said he was kidnapped and others that he had fled.

HOWLING 300 MAY MEET NORTHMEN

Homecoming Committee Busy Putting Final Touches on Program

The Howling 300's committees on Homecoming activities are busy putting the finishing touches on an extensive program for Friday and Saturday, and will announce the definite plans today or tomorrow. The different committees are anxious to surpass any past program which the "300" has presented, and are certain of having something worth while in store for the returning grads.

To Practice for Motion
 All men of the University and especially the "300" members are requested to be at Iowa field this afternoon at 4 o'clock to practice the formation of the huge block "I" which is to be formed between halves on the football field at a Saturday's game. Officers of the "300" are making an appeal to the loyalty of the University student in requesting every man to be present. It was stated that it would require but a short time for the practicing of the formation.

If it is possible, the Howling 300 will meet the Minnesota football team when it arrives in Iowa City. The time of the team's arrival has not been definitely announced, and pending receipt of this information, nothing definite is being done toward meeting the Gopher squad. The Howling 300's program will start off with a crash on Friday evening, when the big pep meeting will be held in the men's gymnasium. The University band will be at the meeting and furnish music.

Pep Meeting Plans
 There will be yells and songs, and speeches by members of the University faculty, and the coaching staff. Members of the Minnesota team and coaching staff will also be invited to speak, it is stated.

The Howling 300 will occupy a section in the stands at the football game and yellow-capped "Howlers" will form a huge "I" against a black background formed by black-capped "Howlers."

A snake dance will be staged on the football field before the game and stunts will be performed between halves. The regular University cheer leaders will, of course, lead the cheering and will be assisted for the first time by the recently elected freshman cheer leaders.

There has been nothing definitely decided for a celebration Saturday night after the game, but there will probably be some sort of demonstration.

"300" Get Tickets Today
 Members of the Howling 300 will reserve their tickets for the Hemocem football game today and tomorrow afternoon between 2 and 5 p. m., M. P. Winters, vice-president and acting head of the organization, stated yesterday. In order to secure seats in the "300" section, it will be necessary to present a Howling 300 membership card with an "I" book.

GYMNASIUM TEAM TRAINS

The training of the University "gym" team is now under way. So far thirty-one men have come out for the team. Many more men can be used on the team and Ernest G. Schroeder, director of physical education for men, expressed his desire that at least thirty more would report for the tryouts. Anyone making the squad will be excused from the required physical training classes. The "gym" team will practice every afternoon after 4 p. m.

BANQUET OPENS MEMORIAL UNION FINANCIAL DRIVE

Two Hundred Workers Attend; President Jessup Speaks on Spirit

(By Bernard L. Palm)
 "What the Memorial Union means to Iowa," was the outstanding idea expressed at the Iowa Memorial Union banquet given last night to the two hundred and fifty students who are to solicit in the Union drive, which opens today. The banquet was served at the Pagoda Tea shop with the Union organization acting as host to the workers.

Six speakers emphasized in speaking on different phases of the Union the imperative need of a Union to the entire student body and alumnae. Ralph Grassfield, who recently resigned directorship of the Union on account of lack of time to devote to it, expressed his conviction that within a few years the annual Union banquet would be served in the Union building. Speaking for the thousands of alumni whom, he has talked with concerning the Union, he said: "The alumni consider this Union a most important factor in campus life."

Prof. Charles H. Weller, who lately assumed the duties of directorship, pointed to the fact that the Union proposition is facing a crisis. Iowa initiated the idea of the Memorial Union and yet other universities took up the idea later and progressed farther with it than Iowa has at the present time. Business conditions are now bettered so that there is no reason why we shouldn't finish up the campaign within a short time, said Professor Weller in closing.

Opportunity for Women

Leona White A4 of Council Bluffs, in speaking from the women's view of the Union, emphasized the fact that the Iowa Union would offer the women more of a chance to show what they can do in student activities with an opportunity to develop their organizations.

Virgil Hancher L3 of Rolfe, represented the Union as the means of preserving the ideals and traditions of Iowa. He gave traditions which should be fostered in such an institution as Iowa. The first is the spirit of democracy, typified by the Union in its offering of a common meeting place where all are equal. The second tradition is the spirit of obedience to well established and understandable authority, and the third the idea of service to the state which gives the means of education.

President Jessup Speaks

President Walter A. Jessup expressed the qualities which are necessary to make good in any big undertaking. He mentioned the example of Iowa spirit which triumphed over Yale and said the same spirit would be necessary for the group of workers to put over the drive within forty-eight hours. President Jessup said, "Iowa is going forward with a spirit that is challenging the world, whether it be in the line of dramatics, music, athletics, or other branches of achievement. The thing that is to make Iowa great is the permeation of the campus with the spirit of Iowa which embodies achievement in every thing that is fair and fine, and nothing will contribute to this attainment so much as a great Union building."

George Hurley A3 of Rolfe, in speaking on, "What Iowa must do," showed the importance of the student body having a part in creating something which the state does not buy, and that such an enterprise would develop a sense of responsibility and loyalty to the things for which Iowa stands.

The Glee Club Quartette sang two numbers.

ARMORY OPEN TO HOMECOMERS

The Armory will be open all day Friday and Saturday forenoon for all alumni and other visitors who wish to inspect the new building.

MEMORIAL UNION CONSIDERS SITES

Places Are Blocks "Y" and Law Building Are in; Space at Rear of Capitol

Prominent among the questions arising as to the future of the proposed Memorial Union building is that of the location. The building must be located so as to conform with the center of the student population, and at the same time be in harmony with the plans of a new and greater campus at Iowa. To meet these two conditions, three sites have been suggested but none has been officially decided upon.

A Good Location

A location that has been considered unofficially is the one upon which the Congregational church, Close hall, the Y. M. C. A., school of music, and the medical laboratories now stand. The entire block would be given over to the Union building with beautiful approaches from the four sides. The building itself would face the campus and will be convenient and accessible to the student body at any time. This location would be in the heart of the city and will be in practically the center of the student population. The entire block would be cleared of the present building. This is the only objection to the site. However, the plans for the enlarged campus at Iowa provide for the medical laboratories across the river and the extra-curricular activities of Close hall and the Y. M. C. A. will be in the Memorial Union building itself. The proximity of this site and the beauty that it would add to the campus give this location many advantages.

Law Building Block

There is another location that has been considered. This is the block in which the law building is situated. This site would have all the advantages of being close to the student center and would be close to the campus. However this location would mean that the Union building could not have all the block because of the law college.

The third location which is being

considered most seriously at the present time is the one at the base of the hill behind the Old Capitol. The front of the building would face the Iowa Avenue bridge and the new campus across the river. This location will be located midway between the old campus on the east side of the river and the new campus on the west side of the river. As the University grows, this location will fit into the architect's plan for a larger and more beautiful campus. The front of the building would be located practically on the intersection of Iowa avenue and Madison street. If the scheme is carried out, Iowa avenue will divide into two drives just after passing under the interurban track, and these drives will pass on each side of the building, turning to intersect Washington and Jefferson streets respectively. In the middle of this "Y" will be the Union building.

Two Approaches

There will be two approaches: one from the Old Capitol and the other from the Iowa avenue bridge. The building at this site will fit into the arrangements of buildings on the blocks between Washington and Jefferson, and Madison and Clinton streets. The Old Capitol will be in the center with the liberal arts building and physics building on the south, the natural science building and a new reproduction of the physics building on the north, and the Memorial Union at the base of the hill.

Whichever location is chosen it will mean a more beautiful campus. The final decision in the matter remains with those in charge of the University, as they will give land on which to build the buildings.

GREEKS AGREE TO CONDUCT CAMPAIGN

Fraternalities and Sororities to Raise Own Pledges; Beta's Lead

The presidents of the sororities and fraternalities have volunteered to secure pledges from their members to the Memorial Union without the help of the Union organization of workers. Catherine Wright A4 of Des Moines, has charge of the drive among all the sororities, and Ben F. Martinsen L3 of Lyons, is in charge of the same work among the fraternalities. Following is a list of the fraternalities and sororities, with the total amount pledged to the Union fund, and the percentage of members who have made pledges to date.

MRS. SCHWOB TO LECTURE

Freshman lectures for women will be held this afternoon at 4 o'clock in the natural science auditorium. "On Iowa" will be sung. The lecture will be given by Mrs. Marion Lyon Schwob, head of the women's physical education department, on the subject "OpSture."

Mrs. Adelaide L. Burge, acting dean of women, puts special emphasis on this lecture. She said, "I consider this one of the most important and most interesting lectures of the course."

FOOTBALL MEN ARE ALL ENTHUSIASTIC OVER MEMORIAL UNION DRIVE

The football men are strong in their support for the Memorial Union and practically every man on the squad has already made a pledge. Here are a few of the expressions from the men on the team.

"I have watched the progress of the Union since the beginning, but particularly the last two years and I believe that is a very worthwhile proposition. I have made my pledge and while I have not had time to do much active work in behalf of the Union, I would be glad to do so if I had the time."—Gordon Locke.

Leland Parkin says, "The Union is a real proposition and with the student body growing so rapidly we must have a central meeting place and I understand that the Union is going to be a club home for every student on the campus and that it will belong to the student body. This is a wonderful thing, and deserves the active and moral support of every student on the campus."

Max Kadesky makes this statement: "I see in the Iowa Memorial Union an opportunity for every student on

the campus to get into student activities in a definite way. We who are in athletics have that opportunity and I know that it is a real opportunity that will be of value after graduation. The Union is necessary and even vital to successful student life outside of the classroom. I have already made my pledge. You can count on me."

Shuttleworth says: "I believe the Union building is something which is very much needed by the student body. At present there is no big centralizing influence on the campus and it seems to me that the Union would fill that need. It would also furnish a better opportunity for social and campus activities, affording a convenient place for meetings of all kinds. I hope the drive goes over big."

HIGH SCHOOL GIRLS MAKE THEIR OWN HATS

Cleveland, Ohio., Nov. 4.—High millinery prices have no terror for Cleveland high school girls. They are making their own hats.

"The hats are most becoming," Miss Adelaide Van Duzer, supervisor of economics, said. "The girls are so proud of their work that they are planning a millinery exhibit."

Committee in charge of the freshmen women's literary society will meet Tuesday at 4:30 p. m. in Miss Fre-

burg's office, second floor of the natural science building. Important business. Pearl Davies, Chm.

Society

Athena Pledges

Athena literary society announces the following pledges: Frances E. Baker A4 of Iowa City, Ione L. Fitting A4 of Dexter, Marguerite J. Kizer A2 of Des Moines, Agnes M. Gjerset A2 of Decorah, Marguerette R. Benda A3 of Iowa City, Mary E. Thompson A4 of Iowa City, Leora A. Ashbacher A3 of Waukon, Gwendolyn Branch, Allivene Hansen, Pauline Bruns, Deborah Hawley, Gladys Hovendon, Ruth Kellogg, Vivian Miller.

Reception for Freshmen

Pres. and Mrs. Walter A. Jessup will hold an informal reception for all first year students tomorrow evening at their home, 102 E. Church, tomorrow evening from 7 to 8 o'clock. No written invitations are being issued, but all freshmen are invited to attend.

Col. and Mrs. Mumma Entertain

Col. and Mrs. Morton C. Mumma will entertain the military officers and their wives and a few other faculty members at a dinner on Thursday evening at 6:30 o'clock.

Iota Xi Epsilon Entertains

Iota Xi Epsilon sorority entertained their patronesses and husbands at a 6 o'clock dinner last Saturday evening at the chapter house. The guests included Mrs. Nellie Turner, Mr. and Mrs. Thomas G. Kaywood, Mr. and Mrs. K. L. Johnston, and Prof. and Mrs. Gilbert G. Benjamin.

On Saturday afternoon the sorority entertained the faculty and patronesses at a tea from 4 to 6 o'clock.

Triangle Club Tea

The Triangle club will hold their first informal tea this afternoon at 4 o'clock in their club rooms in the Iowa State bank building. Wives of new members are invited to attend. Mrs. Henry Plum is chairman and the other members of the committee are: Mrs. Ernest G. Schrader, Mrs. Dayton Stoner, Mrs. Frank P. Schone, Mrs. John P. Reilly, Mrs. Elton L. Titus and Mrs. Martin J. Wade.

Kappa Alumnae Entertain

The alumnae association of Kappa Kappa Gamma sorority entertained the active chapter and pledges at a 6 o'clock dinner last evening at the chapter house. The committee in charge was composed of Mrs. Henning Larsen, Miss Miriam Chase, Miss Dorothy Musser, Mrs. Thomas Martin, and Miss Marjorie Coast.

Alumnae Chapter of Chi Omega

An alumnae chapter of Chi Omega which has recently been organized in Iowa City, held their first meeting at the chapter house last Saturday afternoon. Meetings are to be held every three weeks on Thursday afternoons.

Kappa Omega

Kappa Omega sorority announces the initiation of Sylvia Buser Plotts A3 of Russell and the pledging of Esther Jones A2 of Goldfield.

Phi Delta Chi Pledge

Phi Delta Chi (national pharmacy and chemistry fraternity) announces the pledging of Paul C. Shoemaker P1 of Sibley.

Irving-Ero joint at Close hall at 7:30 p. m.
Hesperian pledges meet at 4 o'clock in the Y. W. C. A. room.
Theta Sigma Phi and pledges meet at 4:30 p. m. in room 13 liberal arts.
Committee in charge of freshman literary society will meet at 4:30 in Miss Freburg's office in natural science.
Officer's club at 6 o'clock at the Burkley hotel.
Girls who will take part in the snake dance and all others interested in the Sisters of the Howling 300 will meet at 8 p. m. in the liberal arts assembly room.
Philosophical club will meet at the home of Prof. Hornell Hart at 8 p. m.

Wednesday, Nov. 8

Memorial Union drive continues.
Memorial Union council luncheon at noon at the Pagoda.
Freshman reception at the home of President and Mrs. Jessup at 7 p. m.
Freshman women's literary society meeting at 7 p. m. in the liberal arts assembly room.
Prof. Frank L. Schoell of the Alliance Francaise will deliver a French lecture on "Paris in Literature and Art", in the natural science auditorium at 7:30.

HUMANISTS HEAR BUSH DISCUSS NEAR EASTERN QUESTIONS AT MEETING

"Near Eastern Questions of Today" was the subject discussed by Prof. Stephen H. Bush head of the department of the Humanist society last evening at Professor Bush's home.

The Humanist society has about sixty-five members. Membership is made up of professors, assistant professors, and instructors, instructors from the departments of English, Romance languages, German, classics, music, philosophy and psychology, and speech belong to the club.

At the meetings which are held every two weeks, a paper is read and discussed, refreshments are served, and music is sometimes provided. The society has two charter members, Prof. Chas. B. Wilson, of the department of German and Prof. F. H. Potter of the department of Latin.

DRAMA LEAGUE MEETS

The first meeting this year of the Drama League Players was held Wednesday, November 1, with an attendance of about thirty-five members. Three tentative groups were formed, one of which will present the program for the November meeting of the league. Miss Helene Blattner, of the speech department, has charge of the program, which will consist of three one-act plays. The three chosen as coaches are Mrs. E. H. Hearndon, Vivian A. Grey A3 of Onawa, and Mr. Rudolph Kirk.

The social committee for the Players is Mrs. C. W. Keyser, Miss Lucille Morford, Marjorie Roland A3 of Iowa City, and Mr. Albert Robinson. The program committee is Miss Zanona Sargood, Miss Vera Ragan and Mr. Vance Morton.

DOPING THE DOPE

BY "PEST"

Robertson of Carnegie Tech leads all men in the East in the number of points scored. The little Tech quarterback has crossed opponents goal lines for twelve touchdowns, or seventy-two points.

Wilson of Penn State is second with eight touchdowns and one try for points, giving him a total of sixty-one points.

Locke, with seven touchdowns, is Iowa's high point scorer. He made four of them against Knox, two against Purdue, and one against Illinois.

After the Princeton-Chicago game, Princeton rooters showed western fans a new stunt when they marched around the field, and as they passed close to the goal post every man threw his hat over the cross bar. This is an old stunt in the East.

Nebraska went East with all the best wishes of the West, and came back defeated. Not very good for the team that could defeat "Harvard, Yale and Princeton on three successive days." We are sorry for Nebraska, but maybe this defeat will do them some good. It doesn't pay to have some one go around telling the world that your team is the best in the country. It makes somebody want to beat them all the worse.

Two teams that have been undefeated in three years went down before better teams last week. Penn State, invited to play at the Tournament of Roses because of three years of football without a defeat, met a tartar in the Navy team, and was clearly beaten.

Another unbeaten team, Lafayette, fell before the vicious second half attack of Washington and Jefferson in one of the greatest games ever played in the East.

Washington and Jefferson has not lost a game in three years, and during that time has chalked up nearly thirty victories. They were the team that went West last year and outplayed the Bears in the Tournament of Roses game, but only got a tie out of it.

We talked to some people that saw the Illinois-Northwestern game, and they all say that Northwestern should have won. Their line outplayed the Illini line, but their backs had an off day. The Purple will give Iowa a good battle in the closing game of the year.

Down at Purdue, the freshmen who were promoted to the varsity were defeated the other day by the regular freshman team. Some of them will probably get demoted now.

The biggest surprise of the week-end was the defeat of the Iowa cross country team by the Cornell team. We had the Hawkeyes picked as a sure winner, but they fell down on us.

Coach George T. Bresnahan says that the team is a green one, and that they are not improving as much as they should. The absence of Phelps, one of Iowa's best distance runners, was badly felt.

To date, 3,600 clippings, exclusive of clippings from Iowa papers, have come to the University News office accounts of the Iowa-Yale game. Papers in nearly all sections of the country are represented in the list.

We are glad that Grinnell won from Washington last Saturday. Reports have been circulated that Grinnell was thinking of dropping out of the Missouri Valley conference unless they won a game or so.

"Ty" Smith, ex-Iowan, was the star of the game. One St. Louis paper said that he was never stopped until he had made a gain.

GOPHER PLAYS FAIL TO GAIN AGAINST LINE

Iowa Varsity Line is Ready to Stop The Gopher Stars Saturday

Working until long after dusk had fallen over the field, the Iowa varsity football squad put in another hard workout on Iowa Field last night in preparation for what promises to be one of the hardest fought battles on the schedule with Minnesota next Saturday. Coach Howard H. Jones has been confining the practice to signal drill and talks for the greater part of the practice period but this week will no doubt see a change and it is safe to say that some hard licks will be put in before the week is out.

Last night's practice was split up between signal drill and a scrimmage. The first and second teams spent the early part of the workout in running signals, while the third stringers engaged in battle with the Freshmen regulars. After the plays had been run through several times Coach Jones divided the varsity into two squads, putting the backfield men to work on flinging and receiving passes and putting the linemen on the defense against the second team.

The seconds, using the Minnesota formations, sent play after play against the varsity forward wall, but had little success in advancing the oval. Coach Jones seems to have solved the problem of stopping the peculiar Minnesota line plays, and if the Iowa line works in the game Saturday as it did in the scrimmage last night things should go well. Minnesota offense is built around their star backfield man, Martineau, and it is with the idea of stopping this man that Coach Jones is spending a great amount of the time with his forward wall.

At the start of the scrimmage, Hancock and Kadesky were at the wing positions, Thompson and Kriz at tackles, Meade and Minick, guards, and Heldt center. Later on, Otte, the sophomore star, was sent in to replace Hancock at end. The seconds, with Janse carrying the ball, tried at all points of the line, but were turned back by the fighting varsity on practically every play.

The practice was secret again last night and the ghost ball was brought into play in the scrimmage. Due to the early darkness. The temporary bleachers on the north and south ends of the regular playing field are now up and ready to accommodate a small part of the enormous Homecoming crowd that is expected to witness the Hawkeye-Gopher scrap Saturday afternoon.

Minnesota, under the able tutelage of Coach Bill Spaulding, has turned out to be one of the strongest teams in the Big Ten and will come to Iowa City with a record of one win, one tie, and one defeat. The Gophers scored a win over Indiana in their first Big Ten game, with a score of 20 to 0, tied Northwestern at Evanston, 7 to 7, and were forced to take defeat at the hands of the hard-hitting Wisconsin eleven last Saturday, Wisconsin emerging with the long end of a 14 to 0 count. The Minnesota team is still smarting under this defeat and will go into the game Saturday with a strong attempt to redeem their loss.

The game will mean much to Iowa as a victory will relieve much of the prevailing doubt as to the Hawkeye's chances for another Big Ten championship.

BEGIN SECOND ROUND OF BRIDGE TOURNAMENT

The Phi Pappa Psi's bridge teams drew a tie in the second round of the Pan-Hellenic bridge tournament which will last for seven more weeks after to-day's games are played.

Each fraternity has two teams of two men each, one team going to the opponents' house, the other team staying at their own house. Today the teams of the Sigma Nu play those of the Phi Delta Theta. The Sigma Chi's teams play the teams of the Delta Tau Delta. The Alpha Tau Omega's teams play the Kappa Sigma's teams. The Sigma Alpha Epsilon teams play the Beta Theta Pi's teams, and the Phi Kappa Psi's teams do not play, having drawn a bye.

Last week the Alpha Tau Omega teams won both of their games from the Sigma Chi teams. The Betas won both of their games from the Kappa Sigs. The Phi Papis won one game and lost one game to the Sigma Nu's. The Phi Deltas won one and lost one to the Sig Alphas. The Tau Deltas did not have to play as they drew a bye.

Each team plays two rubbers with another team and the team scoring the most points in the two rubbers wins the game.

UNION BOARD TO HOLD SEMI-ANNUAL MEETING HERE AT HOMECOMING

The semi-annual meeting of the board of trustees of the Iowa Memorial Union will be held at 9 o'clock the morning of Homecoming when Ralph G. Grassfield, recently resigned director of the Union, will give his report.

Members of the board of trustees are: H. E. Kelly, of Chicago, chairman; F. F. Faville, of Iowa City, vice-chairman; W. H. Bremner, of Minneapolis; W. O. Finkbine, of Des Moines; John M. Grimm, of Cedar Rapids; Carl F. Keuhle, of Denison; Joe R. Lane, of Davenport; D. D. Murphy, of Elkader; Arthur J. Cox, of Iowa City; Mrs. J. L. Sheuerman, of Des Moines; Charles M. Dutcher, of Iowa City.

Prof. Charles H. Weller, councillor, and Prof. Forest C. Ensign, secretary, will also meet with the trustees.

VOLUNTEERS AID IN CAGE PRACTICE

Frank Shimek Features Work; Captain Hicks Fails to Appear

Basketball practice last night consisted of a chooseup game among three or four men out for the team, and eight or ten men that took physical training at 5 o'clock.

The workout lasted about three quarters of an hour, the work of Shimek, last year's captain; Laud, from last year's freshmen; Barton, a substitute; and Burgitt, who played a few minutes in civilian clothes, featured for the representative teams.

Shimek came out for a little exercise, and was induced to play, displaying his old time speed, and scoring most all the points made by his respective team—consisting of seven other players.

Barton, managed to cage several difficult goals from the sidelines, while Laud never missed a close shot during the fracas.

Several of the basket tossers did not showup last night as a physical training class was held in the gym until 5 o'clock, Captain Hicks was not out for the first time this year, while Voltmer graced the sidelines.

COULD NOT BRING OIL PAINTINGS HERE DUE TO POOR ATTENDANCE

An oil painting exhibit was not included in the last art exhibition held in Iowa City because of the prohibitive expense occasioned by the shipment of oil paintings from New York City and because the attendance at previous exhibitions was so small that expenses had to be paid from membership dues and the balance in the treasury stated Miss Mary E. Moon, president of the Iowa City Fine Arts association at a recent meeting of the association.

The executive board thought it best to secure a less expensive exhibit for 1922, but will make an effort to bring some oil paintings here for the 1923 exhibition providing they have assurance of the backing of the public.

Membership in the fine arts association is open to anyone in the community who is interested in bringing are collectors for study and pleasure to Iowa City. The present officers of the association are: Miss Mary E. Moon, president; Prof. Howard H. Lauer, vice-president; Mrs. J. White Brown, secretary; Mrs. Hardin Craig, treasurer.

PRESIDENT WALTER A. JESSUP'S STATEMENT ON MEMORIAL UNION

"The imperative need for facilities, which the Iowa Memorial Union building will provide, becomes more apparent with each increase in attendance at the University."—President Walter A. Jessup.

WOMEN TO HAVE BIG SNAKE DANCE

"Sisters" and Howling 300 Will Sit Together at Northwestern Game

The sisters of the Howling 300 and all those interested in this women's pep organization will meet to-night at 8 p. m. in the liberal arts assembly room to discuss organization plans and to get final directions for the snake dance formation which will be made on the way to Iowa Field Homecoming.

72 Women Take Part

A big orange and black "I" formation on the field just before the game is also being planned. Seventy-two women will take part in the snake dance and will sit together in the west bleachers. At 1 p. m. on Saturday they will meet on the campus west of the liberal arts building where they will receive orange ties, caps, balloons, and pennants, and will form for the snake dance.

Plans are being made by the presidents of both the men's and women's pep organizations to have the members sit together in the same section

at the Northwestern-Iowa game. The women will form a big "I" in the center and the Howling 300 will fill in the rest.

Membership Increasing

"Women who wish to sit with the group at the Northwestern game should let us know as soon as possible, as arrangements have been made for the reservations," said Pearl V. Davies A4 of Plymouth, president of the Sisters of the Howling 300.

According to Miss Davies the women of the University have responded very well regarding membership and plans of the new organization. Membership is still climbing and is well on toward the 200 mark. Membership fees for the entire year are fifty cents.

SEASHORE LEAVES ON EASTERN TRIP

Dean Will Attend Meetings of Associations And Visit Universities

Dean Carl E. Seashore of the graduate college, started last night for the East where he will attend the meetings of various national associations and visit a number of the eastern universities.

On this trip Doctor Seashore will attend the meetings of the Association of American Universities and of the Association of Deans of Graduate Colleges at Baltimore, of the National Academy of Sciences at New York City, and of the National Association of State Universities at Washington, D. C. He is to read a paper at each of these meetings.

On this trip Dean Seashore will number of universities, lecturing and holding conferences for the Division of Educational Relations in the National Research Council. Among the universities which Dean Seashore will visit are Columbia, Bryn Mawr, Lehigh, Purdue, Indiana, Buffalo, Pittsburgh, Carnegie Institute of Technology, Chicago, and Northwestern.

Dean Seashore will be gone the greater part of the month but he expects to be back by Thanksgiving.

\$6,000 RAISED IN RELIGIOUS DRIVE

First Effort of Drive is Satisfactory. Campaign to be Made Annual

By Tyrell Ingersoll) "The success of the campaign gives me a new confidence in the students of Iowa and in what they will do if they are appealed to in the right way," said Sec. E. H. Fitzgerald of the university Y. M. C. A., in speaking of the drive which raised \$6,000 for religious work among the students on the campus. The drive closed yesterday at noon with a luncheon when the captains and majors met in the liberal arts drawing room and turned in their final reports.

Although not all the students have been seen owing to changed addresses and other difficulties, the campaign will stop until the Memorial union drive is over. Secretary Fitzgerald urged everybody to get behind the Union and asked the workers' in the drive just closed to direct their efforts to the Memorial union drive and help put it across.

In about two weeks some selected workers will attempt to see all those who have not been seen in regard to the Y. M. drive and the campaign will be closed. The success of this campaign has given University leaders a new confidence in Iowa and has insured the success of a similar campaign annually. The Y. M. C. A. and W. Y. C. A. at the University now plan to raise their budgets in this way each year.

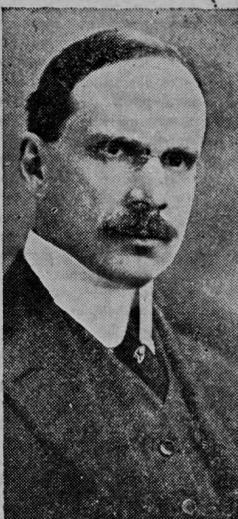

Of the \$6,000 so far raised the women of the University subscribed \$2,400. This is about three times as much as they raised last year.

The team with Gerhart B. Noll C4 of Waukon as major has lead in the amount of subscriptions every day of the campaign, except yesterday when the team of Charlotte Fisk took the honors. The team of Bernadine Wendell was second. The team majors and their standings yesterday were:

Charlotte Fisk	\$114.00
Bernadine Wendell	80.00
Gerhart Noll	54.00
Frank Shuttleworth	53.50
Lois Jackson	49.00
Lillian Swansen	44.50
Howard Denbo	31.50
William Goodell	29.50
H. K. Shore	16.00
Roscoe Nash	12.50

Miss Florence Main, a junior at Grinnell, spent the week-end visiting Evelyn J. Lilly A3 of Westfield.

PROFESSOR C. H. WELLER RESUMES DIRECTORSHIP OF MEMORIAL UNION

Prof. Charles H. Weller

Professor Charles H. Weller, University news editor, has again assumed the directorship of the Iowa Memorial Union following the resignation of Ralph G. Grassfield who on October 1 took up his duties as editor of the Cedar Rapids Republican.

Mr. Grassfield had had charge of the Union activities for the past two years and although balked by a time of financial crisis had done much to advance the position of the Union and to perfect the organization throughout the state. Under his direction two student campaigns were conducted and some \$212,000 were added to the fund.

When Grassfield resigned the future success of the Union was endangered, but Professor Weller, who has since its inception been one of the most active workers in the Union gladly assumed the duties again until such time as the Board of Trustees should feel themselves in a position to name a new general director.

The Union trustees are now actively proceeding toward the selection of a new director in order to relieve Dr. Weller of his added duty. The position is one that demands the undivided attention of the person at its head, and, due to the increased activity of the Union is becoming more and more exacting.

MARUTH WILL OPEN NEW CLOTHING STORE BEFORE NOVEMBER 10

A new clothing store operated by J. O. Maruth and located next to Whetstone's new drug store on East College street will be opened within the next few days. Workmen are now busy finishing up the work of remodeling of the building.

The store will handle men's and young men's clothing exclusively. Mr. Maruth will handle very moderately priced clothing. This is a line of business in which he has had a long experience, he having been associated with Premier's "Golden Eagle" for the past seven years, as manager.

Tuesday, November 7

"HOW MUCH HAVE YOU GIVEN?"

It is quite unnecessary to plead the cause of the Memorial Union. The innumerable benefits which the University of Iowa will reap from such an institution are manifest. The Union is assured; it is only a question of time until it is erected. And that time is in a great measure dependent upon the support which University of Iowa students will give it in the present drive.

For four years the Memorial Union has been uppermost in the minds of those who have had the future welfare of the University at heart. The time has now come when this spiritual creation must materialize in stone and mortar. Every student and every member of the faculty who is thoroughly acquainted with the purposes of the Union is giving it his moral support—but moral support won't build it. Money is the thing which is needed most at the present time.

The whole Union idea, then, resolves itself into "How much have you given?" or "How much are you going to give?" If the University of Iowa means anything more to you than so many buildings, there is little doubt that you will give—the amount depending upon the extent of your enthusiasm.

Practically all of the students of the University are borrowing money to complete their college course. The majority of them have signed pledges. Are you as loyal as they are?

MINNESOTA CRASHES OVER THE LINE

"Crashing over the \$500,000 goal for the campus Memorial campaign with a bang that was heard the nation over, the Minnesota student body scored the greatest victory in the history of Gopherdom yesterday, when 1,500 loyal drive workers reported a total of \$61,901 for the final day of the drive, oversubscribing the campus quota by \$46,201. . . . The famous Minnesota spirit has expressed itself in the tangible terms of deeds and sacrifices—a triumphant success for the 1923 student body."

With these words the Daily Minnesotan last Saturday informed the student body of the University of Minnesota of the success of its Memorial drive. Individual pledges averaged \$91.25 with some groups averaging as high as \$115.45. Four or five colleges of the University closed the official four-day campaign with 100 per cent records.

This is indeed a challenge to the University of Iowa, considering that it has taken our student body four years to do what Minnesota did in four days. In fact, nearly every other university in the Big Ten has left Iowa in the rear in Memorial drives. It can't be that students here haven't the money; Iowa is recognized as one of the richest states in the Union. We don't like to think that it is lack of spirit. Indifference is the lone antagonist of the immediate success of the Union. Throw it off! It is the mark of failure.

WHAT IT MEANS

Democracy will be the keynote of the Union. Its purpose is to join together the present, past and future of the University in such a way as to make for a larger, more personally perfected center of learning, putting the emphasis on the good to be gathered through personal associations rather than merely academic relations. The Union building will be the place where all students and alumni will meet on common grounds.

"Every student on the campus a subscriber to the Union" is the slogan which is being adopted by the Union workers during the drive which formally began with the big Union dinner last night, at which 200 students were present.

The Union building is to serve as a campus

civic center in which all student extra-curricular activities will take place. There will be rooms provided for all campus organizations such as literary societies, religious organizations, student clubs, honorary organizations, and all others which are in need of organization rooms.

The Memorial hall is to contain the largest auditorium on the campus, with adequate provisions also made for dance halls and game rooms.

The fact that this building is being paid for by the students and the alumni of the University will leave the control of the building in their hands with the aid of a director.

The Memorial Union building, as well as the Union itself, will mean much to the student while he is in the University. It will be the general meeting place for all, the one center which has been so sadly lacking on the present campus. There will be no more wondering where "we can push in a meeting today," nor "where the Junior Prom will be held this year." The Union building will solve this difficulty. The professional colleges, as well as the all-University organizations will have their rooms in the Union hall.

To the alumni, the Memorial Union will mean a home to which to come and meet all their University friends. At present it is planned that only those who are members of the Union shall enjoy the privileges of the clubhouse, and it is for this reason that the counties of Iowa, as well as of the neighboring states are being organized into groups through which the Union will operate.

Although the site for the building has not as yet been officially decided upon, it is planned to have it at some central point where it will be easily accessible to all students of the University.

We all know that conditions on the campus today are such as demand more room for our extra-curricular activities, and there is no plan which would prove more satisfactory than a University Union building where all University interests could be centered and at the same time serve as a Memorial to the soldiers of the three wars.—M. A.

The Sounding Board

A suggestion has just come to hand that the next tag day be one for the relief of tag day victims. And don't forget, the author of the idea reminds, to have pretty girls sell the tags.

HOW ABOUT IT?

What is your reaction in the matter of men wearing knickers instead of trousers? Personally, we don't see anything out of place in engineers wearing khaki breeches; but these liberal arts and commerce students in their Little Ford Fauntleroy are enough to make a strong man weep like a child.

We wish that movie producers would take a look at the kind of type newspapers use. Almost every time a "close-up of a paper is flashed on the screen we are asked to believe that the body of it is set in Clearface.

WE OBJECT TO:

"Different than."
"Than whom."
"Eyether."
"Drayma."
"Vahz."

"Shot Kills Chauffeur Mistaken for Bandit."
—Headline. Must have been a taxi chauffeur.

We are continuing our tour of the city's restaurants with very profitable results. We have discovered something we never expected to live to see: A restaurant menu which included a regular meal made up entirely of vegetables.

MOVIE NOTE.

It is not often that we wax enthusiastic over a motion picture, but we did when we saw "The Prisoner of Zenda." The principals did some really good acting, and the supporting cast was excellent. One nonchalant young officer in the picture astounded the spectators by tossing up his monocle and catching it in his eye.

Special movies are advocated, that the flapper "may see herself as others see her." We venture to say that there aren't many flappers (or other girls, either, for that matter) who don't know exactly how they look.

Vladimir Louchinsky, former Russian councillor of state, is now proffreader for a Paris publishing house. A news article deploras the fact that he only gets 2 franc 75 centimes an hour. But no one is continually looking for him with a lethal weapon.

Our idea of the height of something is a telegraphic ((FLASH)) in a paper that comes out twice a week. SEVENTEEN.

MEMORIAL UNION BUILDING WILL PROVIDE PLACE FOR ACTIVITIES OF ENTIRE UNIVERSITY

During previous Memorial Union drives questions have been raised as to the purpose of the building and what organizations enjoy its privileges. The following description will answer some of these questions.

The building is entered by a broad stone staircase, leading to the vaulted vestibule, two stories high, which is reached by passing between huge Ionic columns and through a broad portico. On either side will be grand staircases to the second floor. In front, graceful columns will divide the vestibule proper from the inner vestibule, or foyer. On the side walls will be bronze tablets bearing the names of Iowa's heroes.

Two stately doorways will lead into the great memorial hall, which will be the pride of the building. Pillars 90 feet in height will rise along the walls, to the summit of the building. The floor of this hall will accommodate hundreds of students and alumni. Here will be held the great university receptions, mixers and balls. The side rooms will be thrown open upon occasion to furnish space for the largest crowds. At one corner will be a service room connecting with the kitchen below, so as to accommodate such festivities as

commencement, homecoming, and all-university dinner on the largest scale.

At the middle of either end of the building will be spacious club rooms for men and women, respectively. Of these will be smaller club rooms for faculty men and faculty women. At one corner of this floor will be the alumni suite with reception room, assembly, office and editorial rooms for the "Alumnus." The other three corners will be devoted to the religious organizations, Y. M. C. A., Y. W. C. A., and Newman society. At one side of the vestibule will be the administration office. Broad corridors will link the whole together.

Little Theater on Ground Floor

On the ground floor will be a "little theater," which will seat 1,200 persons. The floor will slope toward the stage and ample entrances and exits will be supplied from the corridors. The stage loft will run three stories. Dressing and property rooms will be commodious.

One end of this floor will be devoted to the grill room, dining rooms, banquet room, and kitchen. Here will be ample provision for parties of all sizes.

The other end of the building will be given over to games. Across the end

will be a large game room with space for twenty billiard tables. The bowling alleys and various smaller rooms will provide for other games and sports.

Room for All

The second floor will be devoted to the multifarious organizations, to one or another of which every student belongs, such as A. F. I., Staff and Circle, athletic board, Cosmopolitan club, student publications such as the "Iowan," "Hawkeye," "Frisol," and "Journal of Business," honorary societies like Phi Beta Kappa, Sigma Xi, Coif and Tau Beta Pi, and at the corners larger groups such as the Associated Students of Applied Science. As yet no attempt has been made to allocate the different quarters; this will require a complete survey and further study.

Rooms for Literary Societies

On the third floor will reside the various literary and professional societies. As now designed, each society will have a large assembly room and two smaller chambers for offices or other uses. A large general society hall will provide for joint meetings and similar gatherings; the little theater will accommodate the big public meetings.

THE MEMORIAL UNION QUESTION BOX

1. When did the idea of a student union originate?

It is an old idea. The majority of the great universities have unions or are on the way toward building them. One was established at Iowa in the old St. James Hotel but came to an end when the hotel burned.

2. Who started the present project?

It would be hard to say. The war furnished the occasion, and definite action was taken by the University of Iowa Association in June, 1919.

3. What organization is backing the project?

The University of Iowa Association, working through a special corporation, the Iowa Memorial Union. The trustees of the Union are prominent alumni: Fred W. Sargent, Chairman; F. C. Ensign, Secretary; W. H. Bremner; Rush C. Butler; Charles M. Dutcher; W. O. Finkbine; John M. Grimm; Carl F. Kuehne; Joe R. Lane; D. D. Murphy; Myra Bloom Sheurman; J. B. Weaver.

4. Where will the Union be housed?

In the new building constructed to meet its various needs.

5. Why will this be called the Memorial Union?

Because it is to honor the memories of the sons and daughters of Iowa who have served the Nation in its great wars. Their names will be inscribed on appropriate tablets in the building as a perpetual memorial.

6. Will the Union be allied with American ideals and interests?

Yes, it will be dedicated to true Americanism, and its existence will be a pledge of earnest and patriotic service. Arising out of a desire to honor those who have shown their willingness to sacrifice for America, its very influence will be for a devoted patriotism. This will be one of its most definite and important aims.

7. In what way will the Union be a "social center"?

In the first place it will be a general assembly place. Here students will find club rooms, class and committee rooms, game rooms, grill rooms, and quarters for many organizations.

8. What organizations will be accommodated?

The literary societies will have suitable suites; the dramatic club a fully equipped "little theater;" the Y. M. C. A., the Y. W. C. A., Newman Society such offices, assembly rooms, and service rooms as they require; the glee clubs, practice rooms; student publications, appropriate offices; the various clubs and societies a meeting place; etc. Demands are many and each will be met as nearly as possible according to desire, subject to architectural considerations. The organizations are being consulted as to the requirements.

9. And the alumni?

Just such a suite as they have long desired, with club rooms, offices for the secretary of the Alumni Association, etc.

10. Will the building have any large hall?

The plans contemplate a large and beautiful memorial hall with upwards of 8,000 feet of floor space and suitable for homecomings, formal and in-

formal receptions and dances. This will be a feature of the building.

11. Is the Union designed for both men and women?

Yes, Iowa is a co-educational institution. The Union will have appropriate quarters for either sex and a joint club room for both men and women.

12. Do the students want the Union?

Undoubtedly: They have already subscribed \$212,000 and it is expected that the total student subscriptions will be from \$300,000 to \$350,000.

13. Will the Union be large enough to satisfy future needs?

That is the intention. With the University growing as fast as it is, this consideration is important, but it is believed that ample room will be afforded for many years.

14. How much is the building to cost?

Its estimated cost is \$1,000,000. A smaller amount will not suffice to cover the needs.

15. When and where will the building be erected?

As soon as possible. The trustees are eager to begin construction. No definite decision has yet been made as to its site.

16. Who is expected to furnish the million dollars?

Alumni, students, former students, faculty and friends of the University, whoever and wherever they may be.

17. How much is each individual expected to subscribe?

According to his ability. If every alumnus and student would subscribe only a fraction of the difference between the cost of his education and what he paid for tuition, the amount could be raised over night.

18. Will subscribers be entitled to the privileges of the Union?

They will. Those who subscribe above certain amounts will be entitled to certificates of life membership.

19. What are the rates for life membership?

For students, a subscription of \$50 or over; for alumni, \$100 or over. Of course these are minimum figures.

20. How are the subscriptions to be paid?

Either in cash or in four annual installments.

21. How much has already been subscribed?

To date a total of \$487,000 has been raised.

22. Are subscribers likely to be harassed with future solicitations?

No. Nor need the amount subscribed be a burden. A degree of self-sacrifice may reasonably be expected.

23. Why does not the State build such a building?

The State assumes the burden of equipment and instruction. The Union, while an essential, is so personal a thing that the tax-payers can hardly be asked to supply it.

24. Why are "friends of the University" asked to subscribe?

On the ground that the Union will be the deepest influence of the University on the lives of the young people of Iowa. Such intimate things have always appealed to the hearts of all who are interested in education.

CLASSES CHANGED TO LIBERAL ARTS ANNEX

Monday the classes meeting in the following rooms at present will be moved to the liberal arts annex just south of the engineering building. Presbyterian church, room 1, north

room of the studio annex; old science, rooms B2 and 102; home economics building, rooms 106 and 207; liberal arts building, rooms 6, 315 and 204. Notices will be placed on the doors of these rooms telling where the new location of the class is.

BERLIN TO NEW YORK IN ONLY SIXTY HOURS

Berlin to New York in 60 hours. New York to Chicago in eight or nine hours.

Berlin to San Francisco, with a change in New York, or Berlin to China, in a few days.

That was the prospect Geheimrat Schuette, air wizard, held out today to a United Press interview on the future of the airship. Moreover, he declared, that the dangers of airship traffic have been overcome so that one can travel by airship more safely, more comfortably and vastly more rapidly than on the express steamers and express trains.

In fact, early installation of a New York-Chicago airship line is projected as a result of the cooperative agreement reached between the American Investigation Corporation and General Air Service on the one hand and the noted German airship builders, the Schuette-Lanz concern.

German experience, gained from bitter war years, will be linked with American dollars for development, first of a New York-Chicago airline and later for its extension to San Francisco. Then, in time, the trans-ocean airship, says Schuette, will surely come—skimming across the seas, leaving far behind it is slower sisters, the great ocean greyhounds that now take five to eight days for passage.

"Since the peace treaty jamaes us in airship development here in Germany," said Geheimrat Schuette, "we have concluded an agreement with the American concerns mentioned, having refused offers for cooperation with Great Britain and Japan. We have experience and no money; while America lacks experience, but has the money. It would require time for America to develop the experience of Germany, and would cost endless millions of dollars and many valuable lives. Germany's experience in airship construction was the fruit of wartime necessity, and it is almost axiomatic that experience under such circumstances develops much more rapidly than in peace times.

CHICAGO SOON TO HAVE 300 ACRE GARDEN ZOO

Chicago, Nov. 6.—Construction of a 300 acre zoological garden—the largest in the world—was under way here today.

Not satisfied with having birds and beasts from every known land in the world represented in its exhibit, the Chicago Zoological society has planned to bring with the animals their natural surroundings.

Plans for the vast park were drawn by Emmet J. Flavin, who worked in collaboration with the Hagenbeck brothers, owners of the famous Tierpark zoo at Stollingen, Germany. The 300 acre tract of land was given to the society by Mrs. Edith Rockefeller McCormick.

With sweeping hills and artificial rock cliffs for their haunts, and lakes, mountains, valleys, and rivers especially prepared for the scenic effect, the animals will have ample room to move about and exhibit their natural habits.

"The gardens will give the animals all the freedom of large open spaces similar to their native haunts, but around each group, a barrier, invisible at first, will guard the onlookers," Flavin explained.

Fountains, pergolas, a bandstand, and parking space for automobiles, with winding driveways throughout the gardens will make the park accessible to large crowds.

WARNER TO TALK HERE FRIDAY AT 4

"Iowa Bankers' Association, Its Aims and Achievements" is Title of Talk

"The Iowa Bankers' Association, its aims and achievements," will be the subject of an address given by Frank Warner, Secretary of the Iowa Bankers' Association, to the members of the college of commerce at 4 o'clock Friday afternoon in the liberal arts assembly rooms. Mr. Warner is a graduate of Iowa and at the present time has full charge of the affairs of the Iowa Bankers' Association, with headquarters at Des Moines. Mr. Warner travels over the state putting in his entire time to advance the interests of the Iowa Bankers. The Iowa Bankers' Association is the only organization of its kind which includes in its membership every bank which is eligible to enter. Under Mr. Warner's efficient direction, the Association has come to be in many respects the foremost organization of its kind.

This is the second speaker to address members of the college of commerce this year. The last speaker was Dr. W. L. Buncig, South American economist and statistician who was touring this country about a month ago. He is a statistician in one of the leading banks of Argentina. Henry Higginson, noted English economist and member of parliament who was to address the commerce students November 23 and 24 cancelled his engagements and went back to England for the election of Parliament and as a consequence other arrangements have been made. President Jessup will be the main speaker at the commerce club dinner the night of the 23rd.

WOMEN "HOWLERS" ROSTER NOW 200

"More Members Wanted", Says President; Club Will Cooperate With Men

Almost two hundred women of the University have shown their interest in the new women's pep organization, Sisters of the Howling 300, by joining the organization and making arrangements to sit with the group at the football games. Seventy-two seats have been reserved in the west bleachers for the Homecoming game Saturday.

Room for More Members
"The girls are responding very favorably in all respects regarding the membership and plans of the new pep organization," said Pearl V. Davies, Ad of Plymouth, president of the organization. "The membership is still climbing and is well on toward the two hundred mark. We want all girls who are interested and who own year books to join. The membership for the entire year is only fifty cents. Coach George T. Bresnahan assures us that the athletic department is interested in what we are doing, and is more than willing to aid us in any way it can, both financially and otherwise," Miss Davies continued.

Plans are being made by the presidents of the Howling 300 and the sister organization to have members of both sit in the same section at the Northwestern-Iowa game with the women forming a big "I" in the center. A snake dance will be formed on the way to the field. A big orange and black "I" formation will probably take place just before the game.

Hold Meeting on Tuesday
The Sisters of the Howling 300 will meet Tuesday, November 7, at 8 p. m. in the liberal arts assembly hall for a business meeting. Plans for Homecoming will be explained and discussed and a permanent name considered. The women will be told just how the "I" will be formed after they reach the west side bleachers, where they have their seats reserved. The seventy-two women who are to sit together that day will meet at 1 o'clock before the game on the campus west of the liberal arts building where they will receive orange caps, ties, balloons and pennants. They will then march to the field.

GALOSHES ARE MINUS; BOOTS AND LEGGINGS IN VOGUE THIS FALL

(By United Press)
New York, Nov. 6.—While it's not exactly ear muff weather on Fifth Avenue, the women who cluster about the shop windows are doing a good bit of shin-shaking in their sheer hose.
The call of the woollens is in the air but most of them would rather shiver in their cute little matelasse jackets than don a sensible utility coat. Now and then, however, some girl trots by in a short jacket of beaver or nutria. Long fur coats have not made an appearance at all. Nor have woolen stockings. Hosiery merchants are convinced that cotton and woolen hose will never be popular again, unless high shoes come back in style.

Shoes on Taboo List
That the high shoe has been permanently discarded is emphasized in the window displays of boots and leggings which are to be worn over the low shoe. The regulation type of galosh has fitted away with the flap-new boots fashioned like the Russian boots. They are slip-on models, with rubber soles and tops of rubberized Jersey fleeced and finished with a two inch cuff of black astrakhan. There is an elastic gusset at the top which is hidden when the cuffs is fastened.
Then for evening wear there is a wool jersey legging which reaches the knee, slipping on over the shoe like a spat. This is particularly nice for automobile wear. Spats of 12 button length are shown for street wear in gray and tan.

Many of the well dressed women are carrying antique tapestry hand bags mounted on silver frames. The majority of hand bags this season are extremely small. Beaded bags are seen very rarely unless they are of the type that use black velvet for a foundation with steel heads worked in design. The smartest black velvet bags have their frames and clasps set in imitation diamonds.

New Hats Introduced
Brown shoe-satin hats trimmed in tails of mink are noticed frequently on younger matrons. The tails are used in cluster effect at one side of hat falling over the shoulder.

In spite of all the feminine heralding the return of the feminine car we have yet to see one of them on Fifth Avenue.
Everyone seems to be wearing shoes with colonial tongues. Few sport shoes are seen.
The Avenue is just one stream of women gowned in black or brown. A few gowns with oriental touches on the side panels or girdles are noticed,

but usually hats and gowns are of somber colorings lighted up now and then by gray gloves or hosiery.

OFFICIAL UNIVERSITY HOLIDAYS TOTAL SEVEN

Students get twelve days for Christmas holidays. The University declares exercises suspended on the following days:

November 11, Saturday—Homecoming.
November 30, Thursday—Thanksgiving.
December 20, Wednesday at 6 p. m.—Holiday recess. Classes in all colleges resumed Tuesday, January 2, at 8 a. m.

January 31, Wednesday, from 10 to 12 a. m.—University convocation.
February 22, Thursday—Washington's birthday.

March 29, Thursday, at 6 p. m.—Easter recess begins. Classes resumed in all colleges at 8 a. m. Tuesday, April 3.

May 30, Wednesday—Memorial day.
The tendency of the University has been in late years to make vacation within the school year shorter, and to have the year itself shorter. In order to resume classes after vacations in earnest and without delay, the University adopted a rule which, for every class missed before or after a recess, the student loses one hour credit in each class.

London—A pair of pants, said to have been worn by Captain John Paul Jones—the sailor whom England feared, sold at auction here today for twenty guineas.

LOWER RATES MADE ON ALL IOWA LINES FOR HOMECOMING DAY

The Rock Island announces a substantial reduction of one and one-third fare for a round-trip ticket from any point in Iowa to Iowa City for Homecoming. Round trip tickets may be bought for any trains into Iowa City on November 10 and 11, and may be used on all trains leaving the city up to midnight, November 12.

Special trains will come in from the east and west on the day of the game to accommodate those who want to

make the trip in one day. The train from the east will leave Davenport at 11:30 a. m. and will arrive in Iowa City at 12:30 p. m. The train from the west will leave Des Moines at 11:30 a. m. and will arrive in Iowa City at 1 o'clock.

Both of the specials will leave Iowa City on the return trip at 5:30 p. m. The round trip ticket from some of the cities and towns will be as follows: Des Moines, \$5.80; Davenport, \$2.60; Grinnell, \$3.18; Newton \$4.15; Colfax, \$4.70; and Wilton Junction, \$1.45.

FENCING CLASSES WILL BE ON PROGRAM AGAIN

"Classes in fencing will be held this year," stated Ernest G. Schroeder, director of physical education for men, yesterday. The classes will start December 1. Last year twenty-two men enjoyed the ancient sport and Mr. Schroeder expects at least a like number to come out this year. If the demand is great enough the art of wielding the broadsword and sabre will also be taught. Classes in fencing have been held for the last five years.

ENGINEERS WILL BUILD CORN ARCH

Nagler Asks That Arch Not be Used to Feed Victory Bonfire This Year

Work will begin Wednesday afternoon at 4 o'clock on the arch to be erected near the engineering building as a Homecoming decoration. The different parts of the arch are now being made by different classes in the college of applied science and will be put in place by the members of the classes.

Scientific Decoration
The arch this year will be designed on a more scientific basis, and its decoration will be more elaborate. The entire framework will be covered with yellow corn and the letter "I" will be placed in the center of the towers on each side. An Indian word significant of Homecoming will be mounted in corn in the center of the arch. The meaning of the Indian word is being kept a secret by the engineering students.

Don't Burn It Up
Material for the arch is being rented by the Homecoming decorating committee and must be returned. After the defeat of Illinois at last year's Homecoming the arch was destroyed as material for bonfires, entailing a heavy loss to the students in the college of applied science. Prof. F. A. Nagler, in general charge of decorating in the college, asks that students and others be more careful this year with the material they use for bonfires.

Monument Already Begun
Work on the corn monument, also erected annually by the students of the college of applied science, began yesterday morning. The decoration this year will be a large, corn-faced "I" at the

intersection of Washington and Clinton streets. Last year's decoration was a large corn decorated shaft, a replica of the Washington monument. It required thirty-five bushels of corn to cover it. The "I" this year will take sixty bushels of corn, and lacks but two feet of being as tall as last year's shaft.

Use Flood Lights
Written down the center of the shaft on the two sides will be the word "Iowa." The upper structure rests on a foundation which will be decorated in red, corresponding to the colors of the University of Minnesota, and which will be appropriate for the Homecoming event. From the base of the whole, flood lights will illuminate the structure.

Work 250 Hours
The entire work on the decoration is being done by students in the college of applied science. Last year the work on the shaft took 155 hours; this year's work will probably take 250 hours. At each corner of the "I" traffic lights will be placed to guide traffic at night. Mayor Emma Harvat has asked the committee to leave the structure at the intersection until after the football season.

STUDENTS INTERESTED IN HERRING-BROOKHART RACE FOR SENATORSHIP

More than 100 students have taken advantage of the absentee voting privilege during the last week, according to the county auditor. A few voted yesterday, allowing only one day for their ballots to reach their home county auditors.

Students of voting age whose homes are in Iowa City have practically all registered, and during the last week many of them have visited the courthouse in order to learn how to operate the voting machine and scratch the ballot. Polls for Iowa City voters will open today from 7 a. m. to 7 p. m., as follows: First ward, Johnson county courthouse; Second ward, City hall; Third ward, C. S. P. S. hall; Fourth ward, Alert Hose company fire station; Fifth ward, Shrader Drug company.

The chief center of interest on the part of student voters lies in the race between Clyde L. Herring of Des Moines, democrat, and Colonel Smith W. Brookhart of Washington, republican for the United States senatorship.

Much interest is being manifested in the college of education concerning the race between P. E. McClenahan, state superintendent of public instruction, and Miss Mary E. Francis, formerly an assistant to Mr. McClenahan, for the state superintendency for the next term.

LIBERAL ARTS ANNEX OPENED FOR CLASSES

Classes met for the first time yesterday in the liberal arts annex. The building is located just south of the engineering building. It contains twelve rooms, all of which are class-

rooms, accommodating forty students each.

The building is modern in every way, being equipped with steam heat and electric lights. John M. Fisk, superintendent of grounds and buildings, said: "They are about as nice classrooms as there are anywhere in the University." The building was started about a month ago and was completed in record time considering numerous interruptions due to the delay of delivering building material.

ENTRIES FOR ANNUAL AQUATIC MEET TO BE RECEIVED TOMORROW

Entries for the second annual novice swimming meet will be received tomorrow by Swimming Coach David A. Armbruster. The meet will be held at the men's gymnasium on November 18 at 2 p. m. Anyone who has not won a first place in any intercollegiate or interscholastic swimming meet is eligible for the coming contest. The events will be: 40-yard dash, 100-yard swim, 220-yard swim, 100-yard back stroke, plunge for distance, 100-yard breast stroke, and fancy diving.

Many men are working daily in preparation for the series of home meets of which the novice meet is first. Arrangements are being made to announce the score of the Iowa-Ohio State football game at the end of each quarter. Only men will be admitted as spectators. No admission will be charged.

HOLDERS OF "I" BOOKS CAN NOW SECURE THEIR RESERVATIONS FOR GAME

Members of the board in control of athletics are busily engaged this week with the sale of seats and the accommodation of the expected 25,000 people who will be here for Homecoming Friday and Saturday. Although the new steel bleachers can accommodate a much greater crowd than the seats of last year, the board is erecting special wooden bleachers on each end of the field in order to accommodate the expected throng.

Year ticket holders may call for their reserved seat tickets for the Homecoming game with Minnesota at the booth in the corner of Washington and Clinton. Seats not called for by 10 p. m. tomorrow will be thrown into general sale. There are many good seats left. Due to the great sale of seats, no tickets can be exchanged for the Homecoming game.

All reserved seat tickets are \$3.00. Seats have been on sale for mail order applications since the first of September.

The west stands of the bleachers will hold 8,100 and the east stands 8,600. The knock-down bleachers at the north end of the field, which are being erected today, will accommodate 2,000. The wooden stands in the southeast and southwest corners of the field will hold 3,000. Those bleachers on the south end will hold 800, but the first four rows will not be sold. This space will be used for standing room for 1,000 persons. The box seats along the track will accommodate 950 more. The first row of the permanent bleachers will be reserved for press agents.

INSTALL CHI OMEGA CHAPTER AT AMES TO FOURTH ONE IN IOWA

Delta Mu, a local social sorority at the Iowa State college at Ames, was recently granted a charter of Chi Omega, making the fourth Iowa chapter of Chi Omega. The other Iowa chapters are at Iowa City, at Coe college in Cedar Rapids, and at Drake university in Des Moines.

Mrs. Mary Love Collins, of Lexington, Ky., supreme president of Chi Omega, installed the new Eta Beta chapter at Ames.

Chi Omega was founded April 5, 1895, at the University of Arkansas, and has sixty-three active chapters and 25 alumnae organizations.

Octave Thanet pledges will please meet in Close hall at 4 p. m. The program committee will meet with you. Leona White, president.

OFFICERS MEET TONIGHT

The second regular meeting of the Officers' Club will be held tonight at 6 o'clock at the Hotel Burkley. Tables will be laid for ninety men. All new members will be present. In the business meeting following the dinner the social committee of the club will be appointed.

ANNOUNCEMENTS

Tryouts for the advanced riding class for women will be held next Saturday from 1 to 4 p. m. Due to the condition of the field caused by the heavy rains, the tryouts were postponed on both Saturday and Sunday afternoons. Definite daily announcements are posted on the bulletin board at the women's gym.

Hamlin Garland initiation and short business meeting tonight at 7:15 in the liberal arts drawing room.

The pledges of the Hesperia literary

society will meet in the Y. W. C. A. room this afternoon at 4 o'clock. All pledges are required to be present. Margaret Altman, Pres.

Theta Sigma Phi members and pledges will meet this afternoon at 4:30 o'clock in room 13, liberal arts building.

Professor Frank L. Schoell of the Alliance Francaise will lecture Wednesday evening at 7:30 in the Natural Science auditorium. The subject of the lecture, which will be given in French, is "Paris in Literature and Art." Students in all French classes above the second year are required to attend in lieu of an assignment.

The Philosophical club will meet today at 8 p. m. at the home of Prof. and Mrs. Horrell Hart. Prof. Patrick will speak on the "Emergent Theory of Mind." Members and guests are asked to take the Rundell street car leaving the Jefferson hotel at 7:45 and ride to the end of the line, where they will be met. Those coming late should walk one block east and then south.

Girls taking part in the snake dance at Homecoming and all others interested in the Sisters of the Howling 300 meet in the liberal arts assembly room Tuesday, November 7, at 8 p. m. Pearl Davies, Pres.

All members of the Seals club who are not going to the supper tomorrow night must cross their names off the list at the women's gymnasium by 5 o'clock tonight. Otherwise they will be charged for their plates. Dorothy Hereman, chairman.

Eels' club will hold a meeting tonight at 7:30 o'clock in the men's gymnasium. William A. McCulloch, president.

J. O. MARUTH, PROPRIETOR

What to Wear for Homecoming

This Question Can Be Easily Solved If You Come in to See Us

Of course you will want to be clothed just right on that day and you will need some thing new to wear on the street as well as at the Big Game.

All indications at this time point to, cooler weather and when up in the stand you will need a coat to keep you comfortable. May we suggest one of ours with a big fur collar that will keep you warm and when worn on the street or else where will give you a lot of satisfaction because you know it is the latest in style as well as material.

It should be made of a soft faced material, lined with fine Crepe silk, large sleeves that might be trimmed with fur also.

Fur collared, belted, pleated back, made of plaid back or double faced cloth, cloth, also of Suede cloth and shorter than the dressier models. Mannish models that are in such demand at this time. Prices you ask,—well you can pay as little or as much as you wish and get value for your money. \$15.00 to 35.00 for sports models and \$39.50 to 98.00 for others

DRESSES

Will it be a dress that you need for street wear. We have recently received some beautiful models of fine Poire Twillith the long waist line, full circular skirts and scalloped bottom that are decidedly new.

You will enjoy wearing one we know. Prices from \$25.00 to 39.50 Other models for more or for less as you wish.

LET US HAVE THE PLEASURE OF SHOWING YOU
ROTHSCHILD'S

The University's Interests

and Johnson County's are identical. Everything that adds to the greatness of the State University is reflected in the prosperity of Iowa City and Johnson County.

When You Vote Tuesday

You will naturally vote for the men whom you know to be friends of the University. Don't overlook any name on both tickets. Every office to be filled deserves your attention.

In the selection of a Coroner for Johnson County, and in case you decide to vote for me, I pledge myself to fulfill the duties of that office to the best of my ability.

J. H. Donohue

Candidate for Coroner on the Democratic Ticket
