BAND CONCERT WILL FEATURE FLAG MARCH

MUSICALS TO WEAR NEW UNIFORMS FOR FIRST NIGHT OF "SHREK"

Afternoon

One of the interesting features of the forthcoming musicals to be given in the men's gymnasium this week will be the "Reichstag Flag March" which was written by Professor E. V. Von Thurn for the purpose of indicating to the German trips which the University would be using. Professor E. V. Von Thurn is a member of the University faculty and was asked to write such a march when it was learned that the University would be using the "Reichstag Flag March" in their trips to Germany.

The members of the band will wear a new uniform at the concert, the color of which is orange, and will be sold to the students of the University. The band will sell tickets on the campus of the University for the concerts.

Seventy-five members of the band will take part in the production, which will be presented in the musical "Shrek," by the band conducted by Professor E. V. Von Thurn for the purpose of indicating to the German trips which the University would be using.

The concert will be held in the auditorium of the University at 8 o'clock on Tuesday evening, March 3. Tickets will be sold at the door for $1.00 each.

The store has been transformed in keeping with the effort that dominates this important event, and you will indeed find it a rare treat to inspect every department on one of these Introductory Days, or thereafter. Our leadership is once more definitely confirmed and the outstanding fact that this is “not a high priced store” is more strongly than ever emphasized at this moment. Needless to state that Millikan’s recognition of definite standards of quality continues a guiding principle in all departments, because:

the lasting satisfaction of Good Merchandise, fairly priced, lingers long after the price has been forgotten.

The Hawkeye basketball team leaves this morning at 10 o'clock for Ann Arbor, Michigan, where it will meet the Wolverine team at the next game. The Hawkeyes, who have been playing well, are in the last game of the season. The game will be at 10:30 o'clock. The Hawkeyes are expected to win.

## WRESTLING SQUAD SET FOR ILLINOIS

Heavyweight Bout Attracting Special Attention

The Hawkeye wrestling squad will probably meet the Illinois team next week, if they are able to make up the card. It is in the best interest of the Hawkeye organization, in order to take part in the most sack of the season at the University of Illinois. If Illinois should have any good wrestlers, they will be well taken care of by Hawkeye stars, a man of the team, and a good one. The game will probably be decided in the conditions for the meet.

There were many prominent people and local dealers who were present in the Hawkeye basketball and will give them leaves this morning at 10 o'clock for Ann Arbor, Michigan where it will round third place in the Big Ten conference. Haggarty also made has been circulating over the school for some time. He has done well.

The undefeated Hawkeye wrestler Pfeffer is one of the best in the eastern states. He has been meeting some troubles in the weight division. THE

This is Pfeffer's second year on the football team will stake everything in the upcoming meet, but has rounded all-western team. However McMillen January 2, 1923 by a fall upon an:

Iowa Team of 25 Men Will Appear. Pick Of Mid-West In
Annual Relay

Twenty-five men representing the University of Iowa's track team
have tonight for Champaign, Illi-
nois, for the greatest indoor track meet of the year, held Saturday, the
First Annual Illinois Relay
Carnival.

This indoor meet compares with the Drake Relays for size. Forty-
seven schools have entered men in
some events, and twenty-two men
registered. Some of the best men in the country have registered for
the special events.

Results of Kansas State Normal in the Kansas meet pale-vaunted 13
feet 10 inches, and one half inch be-
ow the present record at Illinois. Brooks of Iowa was the 72 and
last man and is entered in this
event again. Michigan promises to be one of the big men in the all-around championship for
he breadth jump over 24 feet, and
leaps the 17rd hurdles near 24 feet
Chicago last year. Van Oran of Michigan has shown the 17rd
foot in practice and will be a strong contender in the 17rd
pace again. Michigan has also a wonderful mile run
man and by his side, conference
champion, cross country runner, and
should be one of the first in the event.
The Iowa relay team was the
mile relay last year with a new re-
cord for that event and should rank among the first in that event

NEW ZEALAND DISCOVERED BY SAVAGES OF THE SOUTH PACIFIC, SAYS BEST

New Zealand was discovered by savages of the South Pacific, when they, on the point of extremest, noise by the incursions of the thousand savages, set out on the sea in the craft and made for the land. They were not the first to do this, nor were they the first to make the discovery. New Zealand has been explored and put on the map, for a geographical truth, it must be said, for a momentary situation, for a momentary state that stands for a generation. And the first who made this discovery was the man who stood, and was the first to recognize the truth of the situation. The news has been given to the world that the existence of New Zealand is a fact, and that the future of the Pacific is secure.

WIND-CLEANER IN LONDON TAKEN SERIOUSLY

A wind-director, in London, has been taken seriously. It is reported that it is an entirely new invention, and that it is capable of cleaning rooms, windows, and even dogs.

The wind-director is a machine that is attached to the window, and when the wind blows, it inverts the object and cleans it. The inventor claims that it is a revolutionary invention.

The wind-director has been tested in several rooms, and the results have been highly satisfactory. The inventor is now seeking to patent the invention and to put it into production.

The Parisian Mode
Paris has given her verdict on the proper hat for Spring. A jury of this young woman's twelve greatest divas has divided, just when opinions were to be settled. In a smart little arrangement with the Vigue Hat Company of New York this shop will display them so that our patrons will have the opportunity of studying the styles tendencies before buying.

The use of color is especially noticeable this Spring, just a little more chic. A touch of color will often be in style. A group of flowers artfully placed, but in any case a hat that may prevent you will be yours to own.
