HAWKEYES DOWN MICHIGAN BY 20-18 SCORE

IOWA ENTRIES BREAK TWO RECORDS AT ILLINOIS

MILE RELAY TEAM SETS NEW MARK

Captain Eric Wilson, in Spectacular Finish, Loses 500-yard Dash

By Francis J. Weber

(Special wire to Daily Iowan)

The Hawkeye five-mile relay team today set a new national mark for the 1,600-yard relay with a time of 3:50.6. The record had been held by several college teams, but the Hawkeyes today set a new mark that will probably stand until the 1934 season.

The Hawkeyes finished the final mile in 2:14, which is the fastest mile ever run by a team. All members of the team were fresh-faced and happy, but not too happy as the score was 20-18 in favor of the Hawkeyes. The team consisted of John Anderson, Harold Read, Harold Fairbanks, and William Wilson.

The race was one of the most exciting of the season, with all runners giving their all to finish first. The team had trained hard for this race, and their hard work paid off.

Sergeon Saves Life of Boy with Sewing Needles

A recent case of the Atlanta Journal of Atlanta, Georgia, was reported of an unsuccessful operation made by a local hospital of that city by Dr. W. W. Jones. The patient was a boy of 10 years, who had been shot in the head by a sewing needle. The operation was performed by a young surgeon who had had no experience in this type of surgery. The boy's head was full of bullet holes, and his face was cut across in as big a manner as the bullet holes. He was rushed to the hospital, where a surgeon was able to remove the bullet holes and save the boy's life. The boy made a full recovery, and is now able to lead a normal life.

What would you do if you had been the fox? Would you change the whole course of your life? Consider the interesting but improbable question Sir James M. During the Memorial Union cam­
paign which will be conducted among
the students between March 10 and
12 under the direction of R. J.
Fitzgerald, Y. M. C. A. general
secretary, pledges will be asked for as
the basis of IBM, based on the re­
spectations of the students becoming
an alumnus. In asking for pledges
it is expected that students will sub­
scribe to the point of making a recep­
tion. Students who pledge to the Union
are expected to make a small
pledge each month until in order to
keep up interest in the project. Students
who are able and willing to make full payment at the
time they sign the card.

The amount still due on a student's pledge at the time the student leaves the Uni­
versity, either by graduation or withdrawal, will become payable in six equal installments, or if the stu­
dent prefers, it may be paid in
one equal annual installment. The
small payments which are to be made for the installment are put in the
University to become due on May 1 and November 1.

At the time that Mr. Fitzgerald
with the assistance of the Union
Council, which is made up of twenty­
four students, is conducting the cam­
paign among the students, Col. McNeel,
student commander, will take per­
sonal charge of the campaign amongst
the members of the faculty.

The Memorial Union campaign
among the absent in and out of the
state will be conducted between March 20 and April 2. During the campaign 950 division commanders
in the state and 44 out of the
state will be in charge of the plans in the
different divisions which will facili­
tate the making Union dinners.
The division commanders will ap­
point company commanders for the
smaller towns and cities within each
division. Each organizing commit­
tee will be selected to call upon the absent to secure their pledges.
The total amount of money which
has been pledged to the Union is
$241,482 of which $49,278 was
pledged by students. Iowa City
people and faculty have pledged $88,709
and the absent other than the facul­
ty have pledged $152,604, the aver­
age student pledge amount to 914
and about 56 percent of the student
body has pledged. During the home
drive the largest drive that was conducted and full $4800 was pledged by students.
The enthusiasm which the students showed in the last drive in
unison that they are beginning to
become interested in the Union and
it is no longer a thing that will be
replied several years from now.
During the recent drive many sub­
scribers increased their last year's
pledge and new students showed
a marvelous interest in the Union.
Many freshmen and sophomores
were numbers of the active enrolling
force.
