Applications For Appointments Must Be In By March 15

Graduate appointments are now being made all over the country according to Carl E. Sanders, Dean of the Graduate College and pro-vessor of philosophy and psychology.

Fifty-five appointments will be made by the Graduate college here and will be announced April 1, 1923 for the school year 1923-24. According to an agreement of the Association of American Universities, all appointments will be made on the same day, April 1, by all the sections of the association.

The types of appointments open to students are those which would be a distinct advantage to any person seeking a position in the realm of research. They are known as permanent or temporary fellowships awarded by the National Research Council. These are open to only those having their Doctor's degree, who have been exceptionally successful in research work.

These are also a number of traveling fellowships available for advanced students who show themselves capable of holding such positions.

Applications for graduate appointments with stipends in this University are now being received by the National Research Council and they will act upon them and make announcements of the appointments on April 1.

All information for such positions as are obtained in the fall of the year. Dean of the Graduate College, Dr. H. C. Semon, is in charge and it is necessary that all applications be in on or before March 15 in order to be considered by the National Research Council. All applications will be received by the Council.

The World War will have died or ended with the German capacity for wretched waiting.

A ray of hope seemed all the brighter in the eyes of President Johnston, who said, "There are many here who believe that the German leaders realize fully the futility of employing the wreck of the German nation, and that a peace settlement is not too much to expect."

A LITTLE KNOWLEDGE

To the Editor:

A number of years ago the great Pope, Pius X, said, "A little knowledge is a dangerous thing, and it is all we have." That is true, but it is also true that a fine education is a dangerous thing, and it is all we have.

Pius X.

The method by which you acquire your knowledge is probably more important than the fact that you have it. The "moral" method seems to be the most popular.

As I write this, I am impressed with the thought that the most curious thing in the world is the fact that you are reading this. The only way you can do it is to have a good imagination, which is a perfect thing to have.

I hope you will also have a good imagination, which is a perfect thing to have.

Huge Law Suit Will BeFiled In
University Practice Court Against
Prominent Law Professor

(By Investigation)

There is a prominent rumor around the campus that a law suit will be filed in the Practice court of the college of law by William D. Lind in connection with his refusal to give the defendant his case in which he has been convicted in the college courts. The rumor is based on the fact that the court granted a permanent injunction to prevent the defendant from uttering any libelous remarks against the plaintiff and the court granted an order to the defendant to pay the costs of the suit.

The plaintiff is a prominent law professor and the defendant is a student who was convicted of uttering libelous remarks against the plaintiff. The plaintiff has filed a suit against the defendant to recover the costs of the suit.

A BEAUTY OF 100 CHORUS GIRLS

Could never begin to equal the radiant beauty of the fresh arrivals in new shirts for Spring. There is a marvel of colorings that will eclipse their rivals, and more like that. For you, dear one, there is a like a chorus girl’s makeup. These shirts will remain for them to challenge the laundry to rob them of their beauty. —
