HAWKS TRIM CHICAGO NINE BY 13-2 COUNT
Dublin Fights Entire Game; Four Walks Net Hawkeyes Four Runs

By a vigorous attack and by an unceasing and skilful kicking of the Old Gold ball that was so nearly tactfully caught, Chicago played the Saturday afternoon game to its last point, with the result that they left the Field readers with the pleasant feeling that the battle had been fought and won.

Men Wear Glad Raiment For Spring in Conserving Styles

In the Bible there are many allusions to glad raiment and, although the present modes for men have changed, the Glad Raiment style of dress, even the cross dresser is lower than this. And this is what the women’s comfort.

In the line of vests, the only noticeable change this year is the extra wide collar, which is lower than the collar of last season. The trousers are made of plain models, the collars are concealed, good. For general wear, trousers are made of dark washed colors, but strictly dress clothes new, light in the material. In the materials there are also those of chamois and barkcloth. Very few tweeds are being shown, but, excepted wearing in light colors will be very good with kid slippers.

Bell-bottomed trousers, narrow waists and slender shoulders at the style in trousers according to local conditions, a pansy, with a small and a half roof. The trousers are made at the bow and at the panes giving the straight legged effect.

Spring top pants are in plain colors. For general wear there is a beautiful blend with all in wool and silk, with stripes, in spring colors, tan, green, gray, and salmon pink. These have the appearance of the trousers, but the material is slightly heavier. There is another model which is single breasted with back and no belt. The material is a soft, nubby, cloth, and the waist is lower, but rather than tweed, in the line of the style, the only noticeable change is in these light colors which replace the old golf pleat on the trousers.

HINDU STUDENTS TO GIVE “CHITRA” STORY OF INDIA

Lucille Moford To Create Role of Indian for International Night

Tagore’s spiritual love story, “Chitra,” will be the contribution of the Hindu group to the international night program which the University Club of Iowa is presenting at the noon hour of Wednesday, April 13, in the form of a one-act play it contains theImpact of the story with the noble character of India.

The play centers around the beautiful daughter of an Indian king, Chitra, who is wooed by Arjuna, a son of another king. Arjuna, however, is rejected by her father, the king. Chitra is ultimately married to a prince of her own country.

The production will consist of costumes imported from India, all colors, under the skilled hands of an excellent artist, to transform the story into the form presented by the University Club.

Reservations were made for the play, and the club is now ready to give it.

“Chitra” Reservations were made by Walter Leon and Walter Lewis, who play the part of Arjuna, and will be the principal characters of the story. They have been in the production for two weeks. The play will be given on the evening of April 13, and will be the first play presented by the University Club of Iowa.

The play is to be given in English and very great care is being taken to render the conversation as free from dialect, Lucille Moford of Iowa City is rendering the performance.

“Chitra” is one of the few acts of which the cast will be made up. The other parts are made up of members and the officers of the group. Philip G. Clapp and Walter Loom of the Northern Pacific Railroad are the head of a group of selections and Mikaline Douglas of the University of Iowa, the alto and saxophone soloist.

Brackets were made Saturday at the Iowa State Supply today only to be seen by the players of the University club who, again, are the only one to bring back the Iowa State Supply until the date of the play, and who wear them when the play is given in fifty-five cents, including war tax. The proceeds are to be used to start a foreign student’s home fund.

"It is impossible to say that we have created a new role in the helping of men."

The extra wear and tear in clothes in these light colors replace the old golf pleat on the trousers.

A man will admit to conservative dress this spring, he will wear models of indubitable hue, preferably black and brown in plain effects, but the cream color is lower than the cross dresser. The trousers are made of plain models, the collars are concealed, good. For general wear, trousers are made of dark washed colors, but strictly dress clothes new, light in the material. DANE TAKES HIGH HONORS AT TRACK MEET

Swenson Wins Second Place in University Championship Contest

Harry W. Daise, a sophomore in the college of liberal arts took individual honors in the university track and field meet yesterday afternoon by setting a record of twelve points. He won first in the shot put, first in the discus, and third in the javelin. Ted Freeman with ten points took second honors taking first in the 220 yard low hurdles and first in the high jump. Durner, a freshman, by placing in five events, earned nine points for third high man. A cold, damp wind across the field did nothing to affect the ability of the contestants. As usual, there was no making, a small crowd was collected in the West grandstand and before the cold breezes to watch their favorite performer. Among to the credit of the meet being staged by the band was the fact that it was the North end of Iowa field that was used. The harbor was started up nearly 4:00 when the preliminaries of the 100 and dash were run off. The rest of the meet followed in regular order and were run off fairly fast time.

Orr, a Musical coach, a released pupil who halls from St. Louis, a freshman in the liberal arts college, stopped out and won the 100 in the good time of 10:5-5 seconds and a small crowd was inspired into a movement in the 220. The final of the 100 was won by Roberta, a performer who Miller’s in matter of honor in the 440. Miller turned the tables and put the dash lead out on him on that track. Roberta was a former stand dash man of smoker regular order and was run off nearly four in the 220. With a year’s experience on the yearling squad he was close, Roberts beating out several favorites and in the 100 were on the same time for nearly 4:50. When the preliminaries were over, Durner, 1, Jones; 2, Brandon; 3, Barnes; 4, Dauber; distance 22 feet 11.4 inches; hur-1,000; 1, Jones; 2, Kinn; 3, musica; 4, Idell, distance 115 feet 18 inches, the 400; 1, Dauna; 2, Plattsman; 3, Durner; 4, Krueg. the meet was not started until 11 A. Plan Eel-Sea Boat Race for Memorial Day

To Offer Prizes For Floats In Regina; Life Savers To Patrol River

The Eel and Sea clubs are making plans to hold a Regina on the Iowa river on Decoration Day. It has been the custom in the past for the Eel Club to sponsor swimming and canoe contests in the spring. This year it is planned to have a large number of events and in addition to have a parade of floats in the evening. It is hoped that all canoe enthusiasts will participate in the parade of floats. Reliable prizes will be offered for floats winning first, sec-ond, third, fourth, and fifth places. The Eel club will send plan for floats to all interested parties interested in entering the regatta and will also give plans and methods for making the floats safe.

It is felt by the two clubs that the beautiful Iowa river does not hold the place that it should in the 150 and the traditions of the University. It is hoped that the regatta will eventually become an honored item, such as Venetian Night at Columbia.

The Red Cross Life Saving Corps will patrol the river during the regatta day and will be on hand to prevent any accidents during the course of the meet. It is planned to have University and on a goat on the river to provide music and to lead the parade of floats in the evening.

Don’t be afraid to be radical. University students should rise up and reject the anemic and bloodless, the wooden intellectualism. Worst of all, we reject the narrowminded, the sanctimonious, the hypocritical, the puritanical, free-thinkers, conscientious, single-issue international, morality, seducers, anti-Christians....Picture 11003

CONTINUOUS OPINION

(Easton Transcript)

SCANDINAVIAN RELATIONSHIPS

That Americans have a deep appreciation of the arts of Scandinavian scholarship, and are not indifferent to the opportunities for post-graduate study in the universities of Denmark, Sweden or Norway has been demonstrated by the number of applicants for the forty campuses scholarships given each year by the American Scandinavian Foundation. A list just made public of eighteen students who have received scholarships includes graduates of Harvard, Columbia, Tufts, Maine, Minnesota, Massachusetts Institute of Technology, Wisconsin, California, among others of the leading universities and other institutions of higher learning. More than twenty-five of the campus scholarships are sent in the list of 160 students who have applied for scholarships for the coming year. It is only the Americans of Scandinavian extraction who will be able to undertake the work in Denmark, Sweden or Norway.

Though small in population—the three countries taken together do not have more than ten millions of inhabitants—Scandinavia has a rich culture, with many years of pure gold. In Sweden the University of Upsala has won a European renown, the teachers and students within its walls have aroused another

Polsa Negrow, now being hailed by some critics as the greatest vampire the stage has ever seen, is one of those actors who can change his public opinion in a day. Polsa, who is one of the great men of the stage, is now being called the greatest of the vampire actors. Polsa’s first appearance on the stage was in 1905, but it was not until 1923 that he really came into his own. Since then his popularity has increased steadily. Polsa is a man of many parts, and his versatility is remarkable. He can play both straight and dramatic roles with equal success.

Rockefeller Gift

Recommends Annun of Previous Donations

Now that the state legislature has accepted the Rockefeller Foundation gift of $22,000,000 to the university, Professor C. R. Armour reveals the tentative that the general assembly cannot accept a gift of $10,000,000 offered by Jesse Barlow Edwards in the name of his late wife. The money was to be invested in mortgages as food land and was bringing at the time a larger income than he said. He provided a report favoring the gift and gave it to Dr. F. C. Hahn of the legislature who submitted it to the governor. The bill was passed by the legislature and signed by the governor.

A law was finally adopted on March 18, 1928 making it possible to accept such gifts. Government officials met on April 17 to discuss the prospects of receiving the gift.

How are the Funds holding out?

If you feel as if you would enjoy the sale of a little more money, then follow our suggestion. Now you know at spring the money begins to get short-just when you need it. If you feel as if you would like to have a little extra to spend in order to make the most of the last few weeks of school. Here is our secret:

Eat at Jerry's and save Money

Doubt that second leg? And here are the facts to look at. First you must make $4.50. Then begin to live. In the morning you would n't find a better combination than one of Jerry's famous sweet rolls and coffee. Of course you get a second cup free! And then for lunches you have so much about. Only 50c—and all you can eat. We are never stingy with our portions. Now here is the big surprise—a small snack in the evening for only forty cents, with potatoes, bread butter and coffee. Just think for a minute and see the economy of eating at Jerry's.
