What do they mean "Senior Wrangler"?
You may not have met one of those dear old boys, — Oxonian stuff, what, what? — but our idea of a senior wrangler is a 22-year-old trying to work up a father with the wrong kind of shaving cream.

There's no wrangling necessary to get a father with Williams' Shaving Cream. Squeeze out a spendthrift's dab or a tightwad's dab — it's all the same. Either way you get a big, efficient father that softens the beard right down to the bone.

And best of all, this big Williams' lather has a decided beneficial effect on your skin. No complication soup could do more for you than Williams' does every time you shave. Get a tube of Williams' today and keep giving your face this helpful care.
