IOWA CITY IN SUMMER

As a place of residence during the summer months, City offers in abundance to the summer student, which can be enjoyed by the Iowa cities. Located in one of the most beautiful and fertile regions of the state, Iowa City is a town of many large and beautiful homes. The surrounding country is heavily wooded and from a few miles away the scenery can be found ideal spots for holding committees. The Iowa river, one of the most beautiful waterways of the state, furnishes splendid opportunities for those who enjoy fishing and boating.

In Iowa City, there are a number of local and national clubs who meet regularly during the summer months. The Iowa City Summer Festival, held in July, is a major event in the city's calendar.

BIOGRAPHICAL STAFF

FIFTEEN OF Y. W. AT ONE-FOURTH OFF

Get a full season's wear from your Straw Hat. ONE-FOURTH OFF EVERY hat and you save money as well. Don't let others make up your mind for you in this matter.

No Straw Hat to be had better than this one. Get the Straw Hat.

STRAW HATS

The student department of health will extend its services to students in the current summer. Miss Buck, secretary of the department of student health, will be on duty at Waterloo, Iowa, on account of the summer. The department of student health will provide ample materials for the summer. The student health department, which has been doing good work for the past year, will continue to do so in the current summer. Miss Buck is expected to be in school by the seventh of August, about fifteen girls at Geneva. Miss Buck plans to join the student health department.

Student Health Department

The power of a simple truth

When you hear the remark that "the railroads are making too much money; their rates are too high," ask the speaker whether he knows his own railroad.

Ask him whether he knows anything about the enormous costs of running a railroad, despite close watchfulness over expenditures.

If he doesn't know anything about railroad costs his view is both valiant and unjust. If he knows, he knows his information is accurate.

More information is needed about railroad rates than any other subject, for those people who claim to know more about a railroad than they do the actual facts of the case.

It is as wrong to hear false statements against a railroad as it is against any other subject.

The Rock Island system had to take in $12,800,000 in taxes last year. The Rock Island system does not own its road and must pay its taxes. The Rock Island system has not paid its taxes for some time, and it is not in a position to do so at present.

Nineteen at a time were included in the list of parties who are subject to the railroad's tax. It is in a position to pay the tax, but it is not willing to do so at the present time.

The tax bills for 1923 were twice the SUM RECEIVED in dividends by the thousands of people who invested in the property, some of them, perhaps, residents of the neighborhood, and many of them, perhaps, railroad employees.

For every $2.50 paid in dividends, the Rock Island paid $190 in taxes last year.

The TAx BILLS for 1923 were twice the SUM RECEIVED in dividends by the thousands of people who invested in the property, some of them, perhaps, residents of the neighborhood, and many of them, perhaps, railroad employees.

The Rock Island did not pay "too much money," but it did not pay its taxes. The Rock Island did not pay its taxes because it was not able to do so.

The Rock Island Line's "Over Seventy Years of Service"

"Mani Man! Look how little for hats."
