# House Rejects Money Bill Changes

## TELEGRAPH NEWS

### Florida's Tornado Toll Reaches 4

MIAMI, Fla., April 6—The number of dead as a result of Florida's most severe tornado here yesterday reached four today. More than a score of the injured were conceded to have good chances to recover.

### Clark Wills Museum Art Treasures

NEW YORK, April 6—Gratification mingled with surprise was expressed by Edward Robinson, director of the Metropolitan Museum of Art when the terms of the will of the late William A. Clark, former United States senator, bequeathing the art collection in his New York mansion to the museum under certain conditions became known. The Clark collection is rated as one of the largest private collections in the world and Mr. Clark paid for it a sum estimated at several million dollars.

Its outstanding pieces are Rembrandt's "Portrait of a Man," for which he paid \$187,000, Corot's "Dance Under the Trees," which cost him \$100,000 and Sir Henry Rayburn's "Portrait of the Artist's Daughter," which cost \$150,000.

### Roosevelt Questioned on Bankruptcy

NEW YORK, April 6—Kermit Roosevelt, who plans to leave New York Saturday for a hunting trip in Asia, was examined today before the referee in bankruptcy in connection with the failure last May of the Dunn Pen company, a million dollar Delaware corporation of which he was a director.

The examination was preparatory to a suit on the part of bond holders to recover losses by the directors.

Mr. Roosevelt admitted he had known the company was in financial straits when he accepted directorship in 1921 but said he had confidence in the officers and thought it was a strong proposition.

### Jackie Coogan Gets 6 Cents Damages

NEW YORK, April 6—Jackie Coogan, youthful screen actor, was awarded six cents in damages today by Supreme Court Justice Delehanty in a suit against Adams-Bach, incorporated and Charles E. Wayand and company for use of Jackie's name and picture without his consent.

### House Again Gets Highway Bill Today

DES MOINTS, April 6—The principal highway bill before the legislature, drawn to meet the requirements of the federal aid act and to extend control of the highway commission over the primary road system, tomorrow will make its second trip from the senate to the house where it again will arouse the membership of that body from the northern counties to a renewal of fight over distribution terms they consider unequitable.

The bill was amended and approved late today in the senate after eight hours of debate on a dozen or more amendments, only three of which were accepted.

### Senate Hopes for "Ding's" Recovery

DES MOINES, April 6—The condition of J. N. "Ding" Darling, cartoonist, who has been seriously ill with peritonitis, was reported improving tonight. A resolution expressing hope for the speedy recovery of Mr. Darling was adopted by the Iowa senate this afternoon.

### Iowa Girl Wins Belgian Fellowship

NEW YORK, April 6—Six American students have received awards of graduate fellowships for study in Belgium during the coming school year, it was announced today by the Commission on Relief in Belgium educational foundation.

### Frenchman High in Indoor Meet

NEW YORK, April 6—Jean Borotra, French tennis star, and A. W. Asthalter of New York won the men's national indoor doubles championship, defeating Watson Washburn and E. T. Hearndon, 6-3, 6-2, 8-6.

Earlier Borotra had taken the singles title by defeating Fred Anderson, 3-6, 6-3, 6-4, 6-0.

### John F. Denman Chosen Magazine Editor-in-chief

### Marjorie Sensor Will Handle Business of Publication

### Aim to "Find, Encourage and Develop" Student Work

John F. Denman, A3 of Iowa City, last night was elected editor of the Iowa Literary Magazine for the next school year by the forensics advisory board, and Marjorie Sensor, A1 of Independence, was chosen business manager.

Denman is a member of Phi Delta Gamma, honor forensics and literary fraternity, Zetaphlan literary society, and the men's forensics council of which he is secretary.

"The Iowa Literary Magazine will be devoted to the task of finding, encouraging and developing the work of undergraduate students in the University who have something to write and some idea of how to write it," the new editor stated, a few minutes after his election, to an Iowan reporter.

The new business manager, Miss Sensor, is a member of Octave Thane literary society and of Delta Zet sorority.

### Bell Boy's Plan Cheering Section at Baseball Games

The Bell-Boy's chapter of Phi Epsilon Pi, national pep fraternity, was installed on the Iowa campus Sunday afternoon. Initiation took place at three o'clock at the Sigma Nu house.

E. A. Hass, president of the Ku Ku chapter at Lawrence, Kansas, and Gus Rau Jr., national secretary of P. E. P., also of Lawrence, Kansas, had charge of the ceremonies.

Officers of the local chapter are: George M. Gibbs, president; Bob Chafee, secretary and Bruce Potter, treasurer. Besides these men 27 other Bell-Boys were initiated.

From now on Phi Epsilon Pi will function as a regular fraternity, and men will be pledged and initiated after passing their work. Upperclassmen only are eligible for the fraternity. Right now the fraternity is working on plans for the baseball cheering section and for football next fall.

### Doctor Paul Rockwood Visits Father Dr. E. W. Rockwood

Dr. Paul Rockwood, of the Mayo clinic at Rochester, Minn., is visiting his father, Dr. Elbert W. Rockwood, of the department of chemistry, Dr. Rockwood is a graduate of the medical school here.

### Professor Pierce Will Talk to Indiana Teacher's Meeting

Prof. Bessie L. Pierce, of the department of history, will make two addresses before the conference of social science teachers to be held at the University of Indiana, Bloomington, on May 1 and 2. The conference is sponsored by the college of education and allied departments.

### 3 University Chemists to Attend Maryland Convention

Three members of the department of chemistry, Dr. Edward Barlow, Dr. L. C. Ralford, and Professor J. E. Pierce, will attend the national meeting of the American Chemical Society of Baltimore, Md., from the sixth to the eleventh of this month.

Some of the prominent chemists at this convention will also attend the sectional meeting here in May. Among them is President Ira Remsen, of Johns Hopkins university, who will be the principal speaker at the meeting here.

### Medical Advances Too Many to Summarize; H. P. Mosher

### Harvard Physician to Give Main Clinic Address Today

By Velma Critz

"It would be quite impossible to list the contributions of medicine and science to man within the last quarter of a century, or to predict the aid which they will probably give the human race in the next ten years," yesterday said Doctor Mosher, guest of Doctor Dean since Sunday afternoon. In the brief introduction, Doctor Mosher then transferred himself from the swivel chair which almost tilted him out backward to the more dependable lounge. Then he went on:

#### A Summary Difficult

"Medicine has covered the field of human ills so thoroughly, that a single specialist cannot sum up all its accomplishments. Of the field in which I am most familiar, laryngology, diseases of the ear, nose and throat, the most outstanding contributions have been: the discovery of effective diphtheria anti-toxin, advance in methods of dealing with foreign bodies in the gullet and lungs, and the increasing use of X-ray for a wide variety of medical treatments."

First, it was the "r-r-r's" which slipped slyly from his reluctantly given answers; next, it was the adroitness with which he huddled neat traps designed to force a meagre reply; then, it was the modesty with which he sought to garner his record of medical achievements. All of these were the things to identify Dr. Harris P. Mosher, a Harvard man, a doctor, and a physician of nationwide prominence.

Returning to his subject the Doctor said, "Medicine is making rapid strides in every field. Soon, at the present rate of advance, epidemics of the sort which ravaged Nome, Alaska, will be much less threatening. The rapid communication of contagious disease need not be feared today, as it was five, ten years ago."

#### For The Defense

Recently Sinclair Lewis, author of "Babbitt" and "Main Street," published "Arrowsmith," the story of a doctor. The tale questions the medical profession, and infers that doctors are becoming more and more commercial, interested solely in fees, and not in service to their patients. Recently, too, a few news-

(Continued on Page 2)

### Interview Excerpts

"In Doctor Dean Iowa has the president of the American Laryngological Association. This office is the highest honor that can be paid to a laryngology specialist."

"I like your elm-lined streets; they remind me of New England where I was born."

"I came out here to crack my provincialism." The last was the parting shot of Doctor Mosher, the benign, gray haired head of the Harvard department of laryngology, who is to deliver the main address of the medical clinic today.

### Medics Start off Clinical Session at Dean Banquet

### Forty Members Hear Illustrated Talk on Larynx

The fourteenth annual medical clinic got a running start last night when forty members of the Dean clinical society, including doctors hailing from everywhere from Utah to Minnesota, all of them former students of Dr. L. W. Dean, gathered at a banquet at the Hotel Jefferson.

After the banquet, Dr. Harris P. Mosher, of the Harvard medical school who was the guest of honor, gave an illustrated lecture on "The Comparative Anatomy of the Larynx."

The medical clinic proper will begin with a clinic in head specialist at 8:30 a. m. under the direction of Dr. L. W. Dean. At 9:20 a. m. President Walter A. Jessup will give an address of welcome at the amph-

(Continued on Page 5)

### Decision on Commission of Frank W. DeKlotz in Balance

Whether Frank W. DeKlotz, 84 of Iowa City, receives a commission in the engineers corp of the regular army now hinges upon the decision of the final board which meets June 15. The preliminary board passed upon his application at a recent meeting.

### President Adds Humorous Twist to Cotton Talk

### Comments on Menace of Short Skirts to Industry

### Praises Move Toward Patronization of Home Markets

WASHINGTON, April 6.—An assurance of increased business prosperity was voiced by President Coolidge in an address here tonight to the National Cotton Manufacturers Association.

In the present and prospective industrial situation, Mr. Coolidge saw justification of the tariff and he again pledged an administration of justice by the government in its relations with business. The policy of conserving to the American producer "the right of first opportunity in the home market," he said, has resulted in a "very fair approximation of democracy in industry."

He also promised full assistance by the national government in fighting the boll weevil and endorsed the suggestion for a treaty of cooperation among the cotton producing states.

The President reviewed at length the problems of the cotton manufacturing industry, noting even the return of short skirts and the consequent reduction in consumption of cloth. He added that he saw little prospect of stabilizing women's styles, and remarked that their constant changing might make it difficult for manufacturers, but "no doubt relieves monotony and adds to the spice of life."

In discussing the government's relation with business, the President declared enforcement of the law was essential but that it was

(Continued on page two)

### Adler Will Head Sigma Delta Chi

### Collins and Wilkins Elected to Other Offices

Philip D. Adler, A3 of Davenport, editor-elect of The Daily Iowan, was elected yesterday evening to the presidency of Sigma Delta Chi, Iowa chapter, professional journalistic fraternity. He is a member of the Lee newspaper syndicate, of which his father is president, and has been a night editor of the Iowan the past year.

Mauree E. Collins, A3 of Fort Dodge, will serve the organization as vice-president during the ensuing year, and Don Wilkins, A2 of Moline, was chosen secretary-treasurer.

Collins is telegraph editor of the Iowan, Wilkins is a reporter on the city desk, and managing editor of the Transit, University engineers' publication.

### University Play Tryout Date Set on April 16, 17, 18

Try outs for University Players will be held on April 16, 17, and 18 in the Stueppel studio, according to Donovan Rhynsburger, A4 of Oskaloosa, president of the organization.

Parts from any plays used by the Little Theatre this year may be used in the try outs and the parts must be learned.

Try outs will be conducted in alphabetical order and students may try out individually or in groups.

### Harvard Better; 65 Per Cent of Students Drink

CAMBRIDGE, Mass., April 6 (AP)—Prof. Richard C. Cabot, after submitting questionnaires to one of his classes in social ethics of the Harvard faculty, has announced the conclusion that drinking is less prevalent among undergraduates than it was several years ago, in his own undergraduate days, but that 65 percent of the students still indulge in liquor in varying degree.

From the investigation the result which Dr. Cabot presents as a cross section of student opinion and without assumption of authority, he concluded that 35 percent of Harvard undergraduates are total abstainers, that 60 percent may be termed "moderate drinkers," and 5 percent "heavy drinkers."

It was the consensus that the number of steady drinkers is very small but that men of regularly sober habits drink to excess on "certain stated occasions," such as days of football games and of examination periods.

### Chi Omegas Have Charge of Frivol Sales Tomorrow

### Contributors from Far and Near Provide the Humor

The spring issue of Frivol, University humorous publication, which the editorial and business staffs have been working on for the past two months, is to be placed on sale Wednesday morning, April 8. The street and campus sales are to be in charge of the Chi Omega sorority.

Ward Mayer, A4 of Waterloo, is handling the editorial and contents part of the publication. Edward Volker, L1 of Fort Dodge, and Dick Romey, A3 of Mason City, are in charge of the business interests.

The cover design for the spring issue was submitted by Mary Ann Cotton, A2 of Indianapolis, Ind., and chosen from a number of other designs turned in at the time.

A new angle on the number and quality of cuts has been introduced and its continuation will be dependent upon the manner with which the innovation is received on the campus. The editor of the publication got in touch with twenty editors of the leading college comics of the country and arranged with them to reproduce one or more of their best cuts. The arrangement is expected to result in a broader and more complete variety of humorous cuts than has yet been displayed in Frivol.

The contributing staff to the spring issue is unusually large. Among the chief contributors are: William Baird, A3 of Mason City; Wally Roach, A3 of Liverpool, Eng.; Mary Ann Cotton, A2 of Indianapolis, Ind.; Kenneth Gardner, A3 of Webster City; Howard Baldwin, A3 of Cascade; Charles Chappel, A4 of Chicago; Charles Brown Nelson, A2 of Atlantic; Bert Keltz, M1 of Superior; John Urice, A3 of Vinton and Charles Pearson, A1 of Le Mars.

### Spring Vacation Absentees to Get Usual Cut Fines

Spring vacation starts Thursday noon and classes will be resumed the following Tuesday, April 14, at 8 a. m., announces the office of the University registrar.

The usual penalties for absence will be imposed. This provides for the deduction in any course for an absence at the first meeting of a class after vacation and the last meeting prior to vacation, regardless of when the class meets.

### Senate Revisions to Appropriations Displease House

### Lower Chamber Cuts University's Replacement Fund

### Appeals by Hogue and Hammill Prove Futile

(By the Associated Press) DES MOINES, April 6—The state appropriations bill was returned to the senate late today by the house after the lower chamber had refused to concur in practically all of the major senate changes.

As was the case at the time of the original discussion on the budget director's bill, school appropriations, came in for the most extended debate today. The house refused to accept senate action in restoring a \$275,000 replacement fund to the University of Iowa budget nor would it accept the senate's suggestion that the contingent fund of Iowa State college at Ames be increased from \$150,000 to \$300,000.

### Griswold's Salary Same

The house further refused to raise the salary of Deputy State Treasurer Thomas to \$3,000 but it declined to lower the salary of Dr. Don Griswold of Iowa City, health commissioner, from \$5,000 to \$4,000 as requested by the senate.

Despite the fact that a letter from Budget Director E. L. Hogue was read into the records in which the director said both he and Governor Hammill approved the addition of \$275,000 to the University of Iowa's contingent fund, which already stood at \$300,000, the house refused to do so.

### Accept Some Changes

The sentiment of the lower chamber could not be altered even though the appropriations committee and its chairman, L. V. Carter of Hardin, argued for the addition.

The University's budget, however, is substantially more than it was for the previous biennium.

The house did, nevertheless, accept some of the senate changes. It voted to award the Great Lakes-St. Lawrence tide water association \$10,000. It approved the addition of a clerk for the board of parole and voted a \$16,000 increase to the judges' budget to take care of two extra judges authorized in Polk county and sixteen judicial districts.

### Hammill Here for Army Celebration

### Executive and Wife Accept Governor's Day Invitation

Gov. John W. Hammill has accepted the invitation of the department of military science and tactics to be a guest of the University on Governor's Day, Saturday, May 23, according to Col. Morton C. Mumma, head of the department, who is in charge of the plans. Mrs. Hammill will accompany the governor to Iowa City and both will be honored at several social events. A luncheon at the Hotel Jefferson will be given in honor of Governor and Mrs. Hammill by the officers and ladies of the military department. In the evening the Officers club will honor them with a dinner dance at Youde's Inn at which Iowa City reserve officers, cadet officers in advanced courses and officers of the military department will be present.

## French Finances

THE officials of the French government have long made a determined effort to prevent the inflation of currency by the issuance of an extensive supply of paper money. One phase of the struggle ended in the resignation of M. Clemental, minister of finance, and the chamber is still in an uproar of uncertainty on the method of procedure to the restoration of the franc.

The financial problems of France must be managed with care. The arrangement of terms for the payment of loans and the funding of the debt will demand the best thought of those in charge of French financial policies. Reaching an agreement with the United States is only one phase of the tangle.

Broadly speaking, France must proceed along the same path which England has followed, by making provision for the payment of her foreign loans and by avoiding inflation. No doubt, the temptation to issue a great volume of paper currency to meet present needs is great, but resorting to this form of relief will lead to an inevitable destruction of national credit.

Perhaps it might be well for the United States to appoint a Dawes' commission to investigate France's ability to pay. To accord her the same terms which were accorded England probably would not fit the case. French territorial destruction was infinitely larger than Great Britain's, and as a result most of the money which has been received from Germany has been used to rebuild devastated regions. Premier Herriot says that France is willing to pay, and a better understanding of the French economic situation would result if an American commission were appointed for the investigation of the true state of affairs.

## True Sportsmanship

THOSE who assert that sports are becoming a prey to professionalism may find their generalizations in this direction halted when they consider the case of Paavo Nurmi, the great Finnish runner. Nurmi's manager recently made a statement to the effect that since his arrival in America, Nurmi had received offers aggregating over \$200,000 for professional appearances. And Nurmi, apparently without hesitation, has declined to consider them.

Nurmi's efforts to keep his amateur standing cannot but compel admiration. No other runner in the history of sports has ever received more tempting bids or has been offered an opportunity to make a fortune in an easier manner. If he had accepted one half the sums which he has been offered, he might have returned to his native land a wealthy man.

Instead, he is content to maintain his amateur rank with a competence of \$8 per day for training expenses. If he continues to decline the invitations of the promoters, it is likely that he will return to Finland and take up his old trade of paper hanging when his days as a runner are past.

Nurmi is to be commended for his efforts to retain his amateur honor unsullied, and the example which he has set is an excellent thing for sports. When the holder of more world's records than any other single athlete declines to sell his standing in the world of sports, the effect is wholesome. He seems to take a typically Richard II position of "Take Honour from me and my life is done," while he nonchalantly refuses contracts which would have turned the head of many another athlete.

## The Hawkeye

THE Burlington Hawkeye, Iowa's oldest newspaper, is this week moving into a fine new home. A special 104-page edition tells much about the early years of the state of Iowa, in which Burlington and the Hawkeye played important parts. In 1838, six years after S. S. White, Amzi Doolittle, and M. M. Carver crossed the Missis-

issippi, drew up a treaty with the Saes and Foxes and established the city of Burlington, James G. Edwards went to Burlington from Fort Madison and started "The Patriot," which became "The Hawk-Eye Patriot" in 1839. In 1840 the name was changed to "The Hawk-Eye," and has been published ever since. It claims to be Iowa's oldest newspaper.

Now the Hawkeye, under the leadership of John F. D. Aue, is moving into a modern building with modern equipment with the same initiative and pioneering spirit that characterized it in the days when the road was not a little rougher than it is now. The Burlington Hawkeye demonstrates that a newspaper can have age and still keep abreast of the times.

## An Injustice

(Waterloo Evening Courier)

A contemporary seizes upon the reported suppression of a so-called "scandal sheet" edited by the journalism fraternity at the State University of Iowa to moralize at length upon the degeneracy of certain yellow journalists in general and the authors of the "scandal sheet" in particular.

He calls upon the head of the school of journalism to "tell the boys" about journalistic ethics and to use his influence that the menace of sensationalism may be destroyed. He compares the "scandal sheet" of the university to the paper formerly published in Rock Island by Mr. Looney, with such disastrous results to the community.

Our friend has fallen into the error of believing everything he hears and from this mistake has progressed to that fascinating pastime of making a mountain out of a molehill.

His scathing arraignment of yellow newspapers and scandal-mongering journals is entirely justified, but he is laboring under a misconception as to the nature of the sheet issued at the university. It has nothing in common with those sheets which purport to reveal embarrassing or defamatory information regarding people.

It represents what has hitherto been considered a harmless attempt at humor on the part of "the boys," as our contemporary calls them, thru the medium of burlesque and pure invention. The "scandals" printed in the sheet have no more basis in fact than "interviews with famous people" in "Life" or any other humorous publication.

Formerly it was customary to carry in the paper a bald statement of the untruth of all incidents reported, for the benefit of those whose senses of humor failed to detect the spirit of burlesque lurking within. Perhaps this custom has been discontinued in the belief that it was no longer necessary in so intelligent and quick-witted an age. If so, the action was apparently premature.

We are entirely in accord with our friend when he says that scandal does not belong in any reputable sheet and when he descants upon the wrong which is inflicted by the malicious or even unintentional publication of false statements. His remarks are entirely in accord with the accepted canons of journalism.

Unintentionally perhaps, he has committed the very sin against which he preached. He has given the erroneous impression that the journalistic fraternity at the university makes a practice of publishing scandal about students, that the members are prostituting their talents to the dissemination of malicious lies. Readers of his editorial will entertain grave fears as to the manners and morals of the young men who will some day have their share in leading the fourth estate.

The fact that he was mistaken does not lessen the harm done by our friend's remarks. As he himself so truly says, "An injustice done tho mistakenly can never be entirely undone."

## Lovely Labors Lost

"In Mr. Hergeshimer's latest effusion in the SEP I notice that Dorothy sits on the floor to put on her stockings," writes I. Noah Little. "I appeal to you, as a man of the world, for an opinion as to whether this complex is universal."

Once, in the gay, carefree days before we were Em Quad—days which were much more carefree than our present—we wrote a paragraph expressing curiosity to know why a woman sat on the floor to pull on her stockings.

Well, right away, everybody wanted to know how we knew a woman sat on the floor to pull on her stockings, and we were in the most embarrassing of positions. We no longer have an opinion as to whether they do or not, and we wouldn't express it if we had one.

"I should like," writes Harrison Emerson, of the Emerson Institute, "to send you free of charge a booklet which has just come out of the press called 'The Rewards of Efficiency.'"

We don't want it and he needn't send it. In the first place, we do not read booklets. In the second place, we reap the rewards of efficiency at about quarter to eleven the morning of the tenth of every month. Nothing we might read in a book would tell us anything about them we don't already know.

In our case, we shall add, the rewards of efficiency are a meagerly salary and ten thousand dollars a week in personal satisfaction. —EM QUAD

## Medical Advances Many; Says Great Harvard Physician

(Continued from Page 1)

papers have pointed derogatory fingers at medicine, and accused physicians of being mercenary.

"I would deny that the medical profession deserves the criticism to which it has just been subjected," said Doctor Mosher. "The morale of medicine is steadily mounting higher. In medicine, just as in other professions, there are the blackguards, from whom a distorted idea of the profession is gained. They do not represent the best in medicine, rather a shabby worst. There is as much altruism in medicine, as you can find anywhere else."

### Medicine Growing

"Within the last few years the medical profession has become more attractive, more crowded. It has grown, and with the growth have come increased demands for entrance into the profession. With the good, have also been admitted the bad. It is of the bad, that books like 'Arrowsmith' have been written. The remedy is elimination, a sifting out of the many medical students."

"I suspect that at Harvard at least one-half of the applicants are turned away from the Medical College. As long as doctors have to earn their living, there are some who will have recourse to splitting fees. The better doctors do not divide their fees, or make payments to other physicians for the patients they have sent around."

"Every medical school has a certain system by which its sifts out poor material. Here at Iowa, there are standards up to which the medical students must reach. It is towards this weeding out of doctors who have lowered the morale of medicine, that the surgeons of America are working."

### Opinion of Iowa

"My opinion of Iowa's medical unit?" repeated Doctor Mosher yesterday. "That is not a fair question to fire at one who has barely been here twenty-four hours. I came to Iowa thinking to find a medical school of A1 class. I found it, and much more. I hardly expected to find the medical school so excellently located, so completely equipped. Iowa more than deserves its rank as high class medical school."

"I am provincial," concluded Doctor Mosher, after trying to escape a biographical recital. "I was born in New England, learned Latin in a Boston school, received an A.B. degree from Harvard in 1892, and an M.D. degree in 1896, studied abroad in Berlin and Holland, and became connected with the Harvard Anatomical department in 1898. My war service? I forget when it first began. . . early in the war. Joined the staff of the surgeon-general's office, most of the work there having to do with the supplying of hospitals, enlisting the services of specialists for warwork, suggesting and making staff appointments."

Doctor Mosher last night addressed the Dean Clinical Society on "Comparative Anatomy of the Larynx," and will speak today on "Diseases of the Esophagus."

## Fundamentalists Remove Minister

(By the Associated Press)

PRINCETON, N. J., April 6.—Dr. Charles Erdman of the Princeton theological seminary has been removed by the faculty of the institution as student adviser and been succeeded by the Rev. Robert Dick Wilson.

The removal is understood to have resulted from the agitation of Dr. Clarence McCartney, moderator of the Presbyterian assembly, and Prof. Gresham Machen, who have headed the extreme fundamentalist party, on the grounds that Dr. Erdman has not been sufficiently militant against rationalism.

For the past eighteen years Dr. Erdman has acted as adviser to the student body. At the election for moderator of the Presbyterian assembly, Dr. McCartney defeated Dr. Erdman by eighteen votes out of 900.

Hallow Holy Week 20 minute service at Trinity Church 12 each day

## President Adds Humorous Twist to Cotton Talk

(Continued from Page 1)

necessary also for industry to exercise the same vigilance. He lauded industry for its recognition of its responsibility towards its employees.

The agencies of the government were placed at the disposal of industry by Mr. Coolidge, who mentioned specifically that the Federal Trade Board "has been devised for the purpose of safeguarding your rights, protecting you from unfair practices, and admonishing and correcting you if you are wrong."

Justifying the tariff, the President declared "the towering stature of our industrial structure as we see it today is the best, is indeed the complete vindication of this policy."

"There has been at some times and in some quarters a disposition to criticize the American policy of conserving first opportunity in our home market for our own products," he said. "We can hardly expect that such a program would be popular with those who find themselves placed at a disadvantage in the greatest market of the world, which is the American market. But those who would charge us with selfishness in thus giving first thought to home interests would do well to consider whether their own policies in this regard are more liberal than ours."

"We have established here the practice of absolute free trade throughout a great continental area of forty-eight states besides other possessions. It is the most widely extended application of that policy that will be found anywhere. Within this domain we have an extent and variety of natural resources far beyond those of any other country. Yet from our national beginning we have sought no advantage by reason of this primacy in natural resources. Whoever wanted them was free to come here and buy our raw materials at exactly the same prices as our own people. Such staples as copper, cotton, and petroleum might have been made the basis on which to build great national monopolies. Yet they have been as freely available to the industries of other countries as to

our own. Under our Constitution our export trade is free of duty.

"At times, when I have heard criticism of our industrial policies, I have been tempted to wonder how many other peoples, endowed with the same natural wealth, the same possibilities of maintaining something like monopoly, would have been as generous with the rest of mankind as the Americans have been. Not a few among us have even been inclined to fear lest our liberality in this regard might at length leave us at a disadvantage in comparison with countries more willing to exploit their opportunities for monopoly, or less liberal with their natural resources.

"I do not refer to these matters with any intent of criticizing the countries whose methods differ from our own. We freely concede their right to determine their economic procedures with a view to what they believe their own best interests. But it is only fair that we should keep in mind all the justifications for policies of our own which have sometimes been unfairly criticized."

## Doctor Prescribes Treatment for Ill Sailors by Radio

PLYMOUTH, Eng., April 6 (AP)—Dr. Erskine Gray, of the Cunard liner Antonia, was kept busy on the last voyage of the Antonia from New York to Plymouth with calls for medical assistance from other vessels.

Four times daily for five days he prescribed by radio for a sailor who had been badly injured on the steamer Bosworth, hundreds of

miles away. Then the American steamer Antonia reported its captain seriously ill. Dr. Gray diagnosed the case as one of pneumonia, and for three days prescribed treatment, which proved successful. Several other cases of minor nature, from ships' man leagues distant from Antonia, also were treated by radio.

### The University Cafe

113 Iowa Avenue

Will be opened today (Tuesday), at 11 o'clock A.M. for the serving of their first lunch to the public. The public is cordially invited to come. The new managements will assure satisfaction.

### The Best Test

The best test of success is not how far you have advanced by how much reserve you have laid up. The amount you have saved represents your actual advancement—its size the best test of your prosperity.

### Mass Meeting of All Co-eds Displaces Freshman Lecture

#### Jessup to Present Scholarship Plaque

#### Elect New Officers at Wednesday Meeting

No freshman lectures this afternoon. Instead, there will be a W. A. mass meeting for all the women of the University, which will be held in the natural science auditorium. The report of the nominating committee, who have been selecting names to present for next year's officers will be given by the president, Hortense Finch, A4 of Davenport. Formal election of the candidates will not be held until Wednesday. Every woman in the university is eligible for the voting.

A feature of the meeting will be the presentation of the scholarship plaque, which has been on display in a local store. President Jessup will present it to the sophomore girl who has received the highest grades for the first semester of her second year, shown the most favorable attitude toward the school, as evidenced by her extra-curricular activities. She must have been a student here for her freshman year. This is the first year such an award has been made by any campus organization.

The officers for the past year will give their reports on the campus accomplishments of their departments during the past year.

#### Numerals Better Than Gold

#### Misses Doornink and Harter Back from Convention

Genevieve Harter, A3 of Iowa City, president elect of W. A. A., and Anne Doornink, A4 of Iowa City, acting president, returned yesterday afternoon from the sectional athletic conference for American college women at Urbana, Ill. Twenty-three states were represented by 150 delegates who gathered to discuss the problems of the women's athletic associations of American colleges.

The Beloit questionnaire, a paper which has been sent to seventy-five universities to determine the attitude regarding material awards, was discussed. The subject is now of vital interest to most athletic associations. It is a question of deciding whether the sweater or some other award of intrinsic worth should be given, or whether the award should be merely a letter or some token of recognition. "The convention took a definite stand against material awards," said Miss Harter when interviewed, "and are in favor of awarding letters and certificates."

The association spent two days in business meetings and discussion groups, and papers were delivered by authorities on women's athletics. Round table discussions were held on such subjects as membership, sports, and finance.

Dr. Griffith, of the University of Illinois, read a paper on "Psychology and Athletics" — his special field, and explained the close relationship between the two. Miss Alberta Johnson, national secretary of A. C. A. C. W., from the University of Wisconsin, presented a paper on the work and history of the organization.

The delegates were entertained at a banquet, informal dinner, tea, dance, and other social affairs. They stayed at the various sorority houses of the university.

**Delta Tau Delta**  
Delta Tau Delta announces the pledging of John L. Ball of Fairfield, James T. Stanton of Charleston, Don O. Wolsworth of Greenfield, Robert V. Sibert of Waterloo, Cecil Huntsinger of Iowa City, Wade H. O'Neil of Pierre, S. D., Walter Sibbert of Dennison, John O. Webber of Ottumwa, and Ray Finley of Fairbault, Minn.  
A formal banquet was held at the

Hotel Jefferson Sunday evening at 6 o'clock following the initiation ceremony. Alumni present included Weir Sears of Davenport, Prof. Carl Tausch, Edward Finney and Harry Breene, of Iowa City.

#### Cast Chosen for Glee Cub Opera

#### Plans Materializing Quickly; Leon Optimistic

The scene is laid on the quarter-deck of her majesty's ship "Pinafore." The satire of calling one of the greyhounds of the seven seas, the pride of the British navy "Pinafore" Gilbert satisfies at least half of his grudge against the way things are run at the admiralty office by this name alone.

Director Walter Leon will present the play as it was originally written, and as it is produced in England to this day by the D'Oly Carte company. There will be no changing of lines or shifting of characters, or introducing cake walks as some of the humorists think necessary, but its presentation will be the same as Ruppert Carte, son of the famous D'Oly Carte, reproduces the opera for the English theatre goers.

Director Walter Leon reports the cast permanently chosen, to be announced after Easter vacation. The director has ordered the scenery effects from the Minneapolis Scenery company and the costumes from Chicago. The plans for the opera are rapidly materializing.

Wesley Drummond, manager of tickets, will put them on sale Friday, April 17. Tickets may be procured from members of the men's and women's glee clubs, or at Whetstone's.

#### ANNOUNCEMENTS

The Iowa City girl scout council will meet at the scout headquarters, 2 N. Clinton, Tuesday at 7 p. m.

University Players will initiate tonight at seven o'clock at the Little Theatre. It will be necessary for all pledges to be there.

### 24 Come Out for Preliminaries of Peace Oratorical

#### Draw Lot for Places Tryout at 3 p. m. Today

Twenty-four orators face the judges this afternoon in the preliminary tryouts for the University peace oratorical contest. The tryouts will start at 3 p. m. in room 115 liberal arts and continue until the contestants have all spoken. Candidates will meet just before the start of the tryouts and draw for places.

The following competing for championship and their subjects are: Charles Abel, A2 of Monmouth, "A School Board of Nations"; Charles Burns, A2 of Okoboji, "The Ascent"; Louis Carroll, A2 of Davenport, "America and the League"; Joseph Colby, A3 of Lake Mills, "The Goal of Mankind"; John Denman, A3 of Liverpool, Eng., "A Plan for Peace."

Lucile Duke, A4 of Birmingham, "Rendering War Obsolete"; Orville Grahame, A4 of Shellsburg, "Mankind Unified"; Frank Horack Jr., A3 of Iowa City, "Pressing a Claim for Peace"; Russell Hunter, A4 of Iowa City, "World Peace"; Daniel Holcomb, G of Iowa City, "An Antidote for War"; Charlton G. Laird, A4 of McGregor, "We Suitors to Peace"; C. Glen Lewis, L1 of Macdonia, "Is Peace Possible?"; Proctor Maynard, A2 of Haywarden, "Have We Kept the Faith?"; William McCord, A3 of Nevada, "A Practical Peace."

Keith Richter, A2 of Creston, "A New Crusade for Peace"; Don P. Rosenbaum, A2 of Greenfield, "Seeds of War"; Lee Selman, A2 of Chicago, Ill., "The Open Door Policy"; Herbert Stapleton, A3 of Creston, "Our Part in World Peace"; Paul Toomey, A2 of Iowa City, "Insurance Against War"; Loren W. Van Dorn, A4 of Seymour, "Population in World Peace"; Lawrence Winkle, A2 of Algona, "To Outlaw War"; John F. Wicks, A4 of Iowa City; and John L. White, A4 of Rhodes, "A Lasting Peace."

#### Alpha Delta Pi

Active and alumni members of Alpha Delta Pi met at the chapter house for a social meeting and installation of officers at seven o'clock last night.

### Campus Etiquette

In playing rotation or call shot pool, it is entirely unnecessary to bang or stamp the cue on the floor repeatedly. Once is enough to attract the rack boy; more than once injures the cues.

When "Keep off the grass" signs line the campus, it is rather rude to ignore these signs and make all sorts of criss-cross paths on the lawns. Everyone is proud of a good looking campus, why not do something toward keeping ours so?

To play with one's silver at a table attracts attention and often annoys other persons at the table. The same is true of gesturing with a fork or knife in one's hand.

#### Announcements

The University of Iowa Dames club will have a closed business meeting on Tuesday evening, April 7 in room 118 L. A. at 7:30. Plans for initiation will be discussed. Members are urged to be present in order that they will be satisfied with the plans for initiation. Mrs. D. D. Corlett, Pres.

Old and new members of the Kappa Phi cabinet will meet this evening at 7 o'clock at the Wesley house. The reports of last year's work is to be discussed.

Manuscripts for the Sophomore oratorical contest will be due in the office of Mrs. W. Arthur Cable, room 8b of the liberal arts building, on Monday, April 20. They must be limited to 1,000 words.

The Student Council will meet Wednesday afternoon at 5 o'clock in room 13 Liberal Arts. George M. Gibbs, pres.

### Co-ed Classes in Swimming, Canoe Work This Spring

#### Also Elective Sports to Prepare for Field Day

An innovation in the sports program this spring will be classes in swimming and canoeing, especially for upper classes. The canoeing classes will be Tuesday and Thursday afternoons at 1:50 and 2:50. The swimming classes will take place Tuesday and Thursday afternoons at 3:50. Registration may be made in the office of the women's gymnasium this week.

Juniors and seniors may also register for golf with Coach Kenneth at the links.

In addition, women may choose from an elective sports program to fit them for field day at the close of spring. The hours for class team practices are as follows:

Speed ball, all classes—4:30 Monday, Wednesday, Friday.

Baseball, junior and senior—4:30 Wednesday, Friday.

Baseball, freshman and sophomore—4:30 Monday, Thursday.

Track, junior and senior—4:30 Tuesday, Thursday.

Candidates for class teams are asked to register in the office before spring vacation.

#### Makes Autos Go 49 Miles On Gallon of Gasoline

An amazing new device has been perfected by James A. May, of 7025 Lacostah Bldg., Sioux Falls, So. Dak., that cuts down gas consumption, removes all carbon, prevents spark plug trouble and overheating. Many cars have made over 49 miles on a gallon. Any one can install it in five minutes. Mr. May wants agents and is offering to send one free to one auto owner in each locality. Write him today.

### In University Social Circles

#### Tea Honoring Mrs. Harris P. Mosher

Mrs. Lee W. Dean is entertaining from three to five o'clock this afternoon at her home with a tea honoring Mrs. Harris P. Mosher. Mrs. Mosher is here with her husband Dr. Harris P. Mosher who is to deliver the main address at the clinic today.

#### Theta Xi

Theta Xi fraternity entertained Lee Juhl, Frank Hurlbert, and Forrest Malsed, all of Hampton, as week end guests at the house.

#### Alpha Delta Pi

Miss Jesse Phillips, graduate of the University, is at home for her spring vacation. She is attending Oberlin college. Miss Phillips is

a member of Alpha Delta Pi sorority.

**Sigma Alpha Epsilon**  
Sigma Alpha Epsilon fraternity announces the pledging of Harry Hoffman, A3 of Iowa City. H. W. Rogers, national secretary of Phi Epsilon Pi, pep fraternity, has been a guest at the house.

#### Phi Beta Pi

Phi Beta Pi, medical fraternity, entertained as dinner guests Sunday Dr. and Mrs. Shannon Forte, Mr. and Mrs. R. L. Irwin, Mr. and Mrs. C. Longstreth, Mr. and Mrs. E. D. McCallister, and Mr. and Mrs. Douglas H. Brown.

GEORGE FROST COMPANY, MAKERS BOSTON

## The Great Engineering Achievement of 1899

What Engineering Owes to Initiative

PRIOR to 1899 the works of the Westinghouse Airbrake Company was operated by reciprocating engines distributed in various parts of the plant. While this source of power was inefficient in many respects, it was the best known commercial motive force of the day.

By 1899, however, remarkable developments had been made in the design and construction of steam turbines and electric generating equipment. Called to the attention of the Airbrake officials, it was decided to give the new machines a chance, and three Westinghouse Steam Turbines were installed without delay. This was the first large installation of its kind, anywhere.

Daddy of All Large Commercial Turbines Began Operation at Wilmerding

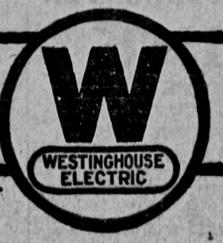

It required initiative to take this step—someone had to be first. And, as in all important pioneering achievements, there was much skepticism as to results.

However, the new units quickly proved their practicability. Although of only 400 K. W. capacity they proved much more efficient and economical than the old reciprocating engines. Their economy was particularly conspicuous because by careful test they showed a fuel saving of approximately 36 per cent.

Steam turbine development thus received its first real impetus in 1899, the Wilmerding, Pa., performance definitely establishing this electrical unit as a better method of turning the wheels of industry.

# Vogel, Fieseler and Fourteen Diamond Men Entrain Tonight for Southern Trip

## 217 Athletes Sign for Novice Track Meet on April 22

Two hundred and seventeen men, representing eleven fraternities, have entered in the Novice Track meet which will be held on Iowa field, April 22 and 23. Although the closing date for the reception of entries was set as Saturday, late entrants may yet send their names to the athletic office.

### Determine Team Champion

This meet is not strictly an interfraternity affair although the majority of athletes competing will represent some organization. Any man in the University who is not a member of the varsity or freshman track squads or who has not won a letter in track is eligible. Prizes will be awarded for the first four places in each of the sixteen events.

A team championship will be determined on the basis of five points for first, three for second and two for third and one for fourth, was the announcement by Coach George T. Bresnahan today. The fraternity winning the title will be awarded twenty points towards the participation trophy while the runner-up will receive ten points.

**Greek Letter Entries**  
The fraternities and the number of men entered are: Delta Tau Delta, 39; Sigma Phi Epsilon, 22; Sigma Alpha Epsilon, 22; Phi Kappa Psi, 20; Sigma Chi, 20; Phi Kappa Rho, 20; Phi Delta Chi, 15; Alpha Tau Omega, 12; Phi Delta Theta, 11; Theta Tau, 9.

## Fighters Furnish Entertainment for Doctors This P.M.

At 7:30 tonight the bell will clang for the opening round of the first fight in the semi-finals of the all-University boxing tournament. Seven three round matches will be on tap for the students and visiting doctors who are ring fans. There will be fight in every class except the welterweight. The two men in this division, Palmater and Hearst, will meet in the finals for the supremacy of their weight.

### Medics Are Guests

The matches are held for the annual Mid-West Alumni Clinic with the visiting medics and University students as guests, according to instructor Dr. Hall. Students will be admitted to the balcony free of charge. The winners of the various matches will meet in the finals some time around April 21, Coach Hall stated last night.

Much interest was aroused last night when it was announced that Jimmie Flanagan, a Sioux City product who is a pre-law student at the University, would compete in the lightweight class. Flanagan is a clever boy with the padded mitts and should cause trouble for any man he meets. He has had quite a bit of ring experience, recently defeating Emmett Sheehan a tough mitt slinger from Rock Island, at a Cedar Rapids glove fest.

### Yueno Goes to Finals

Yueno, in the bantam class, will go to the finals by virtue of his recent showing where he will meet the winner of the Barker-DeVries match, which will be the first one on the program tonight.

The four men left in the feather class will draw to determine their opponents. They are Williams, Johnson, Bradshaw, and Renssion. The lightweight division will see four of the following five men competing: Flanagan, Bennetter Collins, Ball, and Boland.

### Strassburg Meets Evers

Strassburg will tangle with Evers in the middleweight class. The winner will meet Jones in the finals. The last matches will be between the light heavyweights, namely Sibbert, Clark, and Adams.

Coach Hall wishes that all participants be at the gym by 7:00 p. m. to avoid a mixup as he wishes the fights run off on time.

## New Weight Star Looms in Drake Relays to Dispute Dauber's Supremacy in Shot

DES MOINES, April 6.—"Heavy" Richerson, star Missouri weight man, who will match his strength and skill with other pill tossers at the sixteenth annual Drake University relay carnival here, April 24-25, continues to make improved showings.

At the recent Southwestern relays at Houston, Texas, the Missouri mogul hurled the discus 135 feet, 5 1-4 inches, winning first place, and at the Missouri Valley indoor meet, he smashed the conference record by heaving the shot a trifle over 45 feet.

## Honor Hawk Water Cagers

### Sorenson and Marble Given Places on Robinson's Honorary Teams

Captain Aral Sorenson of Iowa City was picked as a forward on the first team and Willard Marble of Liscomb was given a forward's berth on the second team, by Coach Tom Robinson of Northwestern when he selected his all-conference water basketball men. This selection, made annually is generally recognized as an official one of the Big Ten.

Of Sorenson, who will also captain the Iowa water polo team of 1926 when that sport will replace water basketball, Coach Robinson said, "Sorenson of Iowa gets the other forward position as a roving forward. He is good on short shots and is a sure thing on free throws." According to the authority, the second team is of almost equal ability with the first.

The feature of the Hawkeye season was the defeat of Northwestern in the game which wrecked the title hopes of the Purple. It was the first game the Iowans have won in four years of competition.

### First Team

- Greenberg (Illinois) (c) Forward
- Corbett (Northwestern) Forward
- Sorenson (Iowa) Forward
- D. Fechtwanger (Wisconsin) Guard
- L. Slott (Northwestern) Guard
- Merriam (Chicago) Guard

### Second Team

- Ortipp (Northwestern) Forward
- Marble (Iowa) Forward
- D. Fechtwanger (Wisconsin) Guard
- Knipsh (Purdue) Guard
- Quackenbush (Illinois) Guard

## Weldy Shoots 359 and Takes Engineer Rifle Championship

A total of 159 points won for Raymond N. Weldy, S1 of Iowa City, the gold medal in the engineers local championship rifle team match, which was completed yesterday afternoon. Weldy's scores from the four positions were: prone 97, sitting 92, kneeling 85, and standing 85. Paul J. Houser, S2 of Iowa City, next in line, trailed Weldy into camp not far behind with a score of 355. The other contestants ranked as follows: Wilbur H. Wickham, S1 of Iowa City, 345; Floyd A. Poat-zinger, S1 of Cedar Rapids, 336; and William E. Christiansen, S1 of Ricketts, 324.

Eight men entered the contest, included among which were Brock Carson, and Lockhart, but because of extra curricular work, were forced to drop out before the completion of the four stages.

## Spring Football Drills to End Wednesday—Ingwersen

Final spring practice for this fall's gridiron team will close next Wednesday afternoon. The squad varying from twelve to forty candidates have been reporting for the past two months for instructions under Coach Ingwersen.

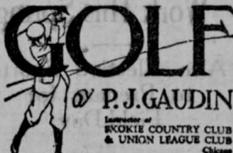

Playing on an artificially sprinkled field the grid candidates went through two long hours of drill in which scrimmages constituted the greater part.

Nineteen aspirants worked yesterday afternoon on the south end of the field while the track men were monopolizing the north and east sides of the playing space.

## 15-Value of Preliminary Knowledge

It is a real pity that the beginner at golf cannot first go through a course of instruction that will show him the value of a correct swing before he ever hits a ball. It would make him a better-than-average golfer before he has played a game. It would cut off years, perhaps a lifetime of futile efforts to master something of which he knows nothing; not even the knowledge that he cannot teach himself but must go to another for instruction.

### Brains Really Count

It is the sheerest folly to copy any golfing form until it is learned that the club must beat right angles to the line of flight while it is in contact with the ball; that at no time until the player is ready for some of the strokes of advanced golf can the club go over the line either on the backward or forward swing; that rhythm in perfect timing when the club meets the ball; that the body must keep a perfect balance all through the swing; that no successful stroke can be made by babying the ball and that more than 50 per cent of a good game is played by that part of the anatomy located above the eyes.

The most important thing to know is that the length and accuracy of the shot depends on the facing and speed of the club head for a foot or more back of and through the ball. Take any straight line anywhere there is room enough to swing a club. Imagine this line of flight pointing toward the hole.

### Keep Club at Right Angles

Make a mark on the line at a point where there is at least a foot or more back of and in front of the mark. Sole the club on this mark, with the face at exactly right angles to the line of flight. All that is easy. Especially easy to understand that a board at right angles to the line, brought straight forward on the line and hitting the ball will force the ball straight along the line.

That is exactly what is necessary to do with the face of the club. Swing the club, slowly at first, and try to keep the face at right angles for a foot or more of space in the middle of which the ball is supposed to be. And absolutely anchor the knowledge that the swing is incorrect if the club head goes over the line at any point. That is a simple lesson that the majority of golfers do not know.

## Iowa Swim Stars Prime for Tough Meet at Evanston

Iowa's trio of entries in the National Collegiate swimming meet which will be held at Northwestern University on April 19 and 21, are primed for one of the hardest fights of the season. Captain Ashton, back-stroke; Captain-elect McClintock, 40 and 100-yard dashes; and Lambert, 220 and 440-yard free styles are the Hawkeye athletes who will leave Iowa City via auto Thursday noon.

### Lambert in Hospital

Standish Lambert, winner of the 220-yard free style in four of five dual meets and winner of fourth place in that event at the Big Ten meet is now confined to the hospital, having undergone an operation on a bad boil this morning. While Coach David Armbruster stated that he will probably be able to make the trip to Evanston, it was the coach's opinion that Lambert would be greatly weakened and will not be able to perform up to his standard.

### Competition Keen

Stars from all sections of the country will be present at the National Collegiate meet which is being staged for the second year. No team championship will be awarded but the individual place winners in each event will be determined. Northwestern University swimmers are doped to take the greatest number of places but if Yale and the Navy come west, as is doubtful at the present time, the Purple swimmers will have tougher going.

### Two Place in National

Lambert and Ashton have been widely mentioned as close to the leaders in their events but McClintock seems to be listed among the "dark horses." Last year Ashton was fourth in the 100-meter back stroke while McClintock took the same place in the 100-meter free style in the meet held at Annapolis.

## St. Louis Battle Is First Contest on Old Gold Card

Fourteen Iowa baseball players, under the guidance of Coach Otto H. Vogel and Doctor Walter R. Fieseler will leave Tuesday at 7:50 p. m. for St. Louis on the first leg of their Southern training trip.

The men selected are: Captain Scarlebury, short-stop; Hoben, first base; F. Barrett, second base; M. W. Smith, third base; M. Barrett, Flinn, Sabs and McNabb, outfielders; H. T. Miller and D. Fisher, catchers; and Marshall, Pauba, Carson and Adams, pitchers.

### St. Louis First

The Hawkeyes will open their southern schedule on Wednesday afternoon when they cross bats with St. Louis University. This institution will also send its football team against that of Iowa in the fall.

Following that tilt, the men will entrain for New Orleans where on Friday and Saturday, Tulane University will be met. Games with Louisiana State at Baton Rouge on Monday and Tuesday of next week will round out the five game series with the teams of Dixie.

### No Sight-Seeing

Plans formulated by Coach Vogel leave scant time for any sight-seeing in the South. After the train rides, the men will practice each morning and in the afternoon will play the actual games. Any unoccupied moments on the train will be used for lecture periods when the coach will hold quiz sections on tactics and field problems.

In practice during the past few days, the Iowans have shown improvement and the games in the South should further fit them for the conference season which opens against Illinois, April 18 at Urbana.

## Leads Hawk Baseball Squad on Southern Campaign Today

Captain Scantlebury

## Hauser's Hit in Tenth Gives Delt Stars Close Win

Chris Hauser's two base hit in the tenth inning was the deciding factor in Delta Tau Delta's 8 to 7 victory over Sigma Chi in the last game of the semi-finals of the interfraternity indoor baseball tournament played at the men's gym yesterday afternoon. The game yesterday was by far the most exciting played at the gym thus far. The Delt's play the Beta Theta Pi in the final game which will be played before Thursday.

### Rally Ties Score

The Tau Delt rally in the last half of the ninth inning netted three runs to bring the score to seven all. In the first half of the tenth the Sigma Chi batters were put out three in a row. Britton, first to bat for the Delt, singled; Meder was out at first; Houser's hit into the east balcony brought in Britton with the winning run.

### Rinden Falls

The 3rd, 4th, and 5th were the big innings for Sigma Chi, and were able to score six times during the three frames. They made their final run in the ninth. The Tau Delt's scored once in the third and three times in the fifth.

Rinden of the Sig Chi team, the

## Otte Tackled 'em All in Football but Heavyweight Ford Gets Him Really Down

Changing tires on a Ford proved to be too strenuous a job for a mere Iowa football star and amateur boxer. Lowell Otte, all-conference end for the past two seasons, in lifting "Samanthy," his Ford, as he did not possess a jack, threw his knee out of joint.

The dislocation was the result of a football injury which the Hawkeye wingman received in the Iowa-Michigan battle at Ann Arbor last November. After the football injury Otte was forced to keep his knee in a cast for six weeks.

The injury yesterday was not serious, but will necessitate the use of crutches for several days.

## To Stage X-Country Run

### Hill and Dale Club Adds Special Event to Spring Program

Sponsored by the Iowa Cross Country club, a new cross country run will take its place on the spring schedule this year when that race, named for the club, will be held on May 9. The distance will be two miles and the event will start and finish on Iowa field when the Illinois-Iowa dual track meet is in progress.

According to officers of the club, Ben Goodrich, president, and Elmer Sorenson, secretary, the race will be open to all men who have not won an "I" or an "I2" in track or an "Ic" in cross country. The winner of the Hawkeye Run, held annually in November, is not eligible for the new race.

A silver statue will be awarded to the winner each year. This trophy will be named after the incumbent captain of the cross country team so that this spring's award is the "Pheps Trophy."

In addition, gold, silver and bronze medals of a special design will be given to the winners of second, third and fourth places, respectively. All of the trophies have been ordered and will be on display at Whetstone's as soon as they arrive.

The run is expected to attract a large field of distance men. Entry blanks will be posted in the men's gym some time before the run takes place.

outstanding twirler in the tournament, blew up in the third and ninth innings and his offerings were pounded freely about the gym. He pitched well in several innings and whiffed ten Delt batters. The team play of both teams was good.

### Hands of Great, Reach From Books

#### Professor Explains Literature Value to Freshmen

"Books are a means by which anybody can, if he takes the trouble, shake hands with the greatest men who have ever lived. He can penetrate into their experiences of life and become in a sense their friend," said Prof. Stephen A. Bush, head of the romance language department in his lecture to the freshmen last night. "It is something that, in order not to appear stupid, everyone is pretentious about."

Professor Bush pointed out that in the past the knowledge of great literature was one of the requirements of getting into good society,

but that period had passed and that now literature must stand on its own feet. People read for their own amusement, find something in books that they can not find in movies. Professor Bush commented, "I am glad of this. What is the use of having an artificial standard of culture?"

### Medics Start off Clinical Session at Dean Banquet

(Continued from Page 1)

theatre. The remainder of the morning from 9:30 a. m. until 11:30 a. m. will be taken up with a clinic in oto-laryngology and oral surgery under Dr. Dean, a clinic in surgery under Dr. C. H. Rowan, and a clinic in surgical treatment of pulmonary tuberculosis under the direction of Dr. H. L. Beyer. Dr. Mosher will give an address in the natural science auditorium at 11:30 a. m. The afternoon will be taken up with clinics in the various medical departments.

Among those who attended the banquet were:

Dr. George C. Albright, Iowa City; Dr. James D. Alway, Iowa City; Dr.

Fred W. Bailey, Cedar Rapids; Dr. Henry A. Bender, Iowa City; Dr. Cordia C. Bunch, Iowa City; Dr. William F. Bolter, Iowa City; Dr. Edwin Cobb, Marshalltown; Dr. Ira N. Crow, Fairfield; Dr. Wilbur Diven, Bismarck, N. D.; Dr. H. E. Eastman, Galesburg, Ill.; Dr. Floyd H. Fillenwarth, Charles City; Dr. Warren Foster, Clinton; Dr. Wayne Foster, Cedar Rapids; Dr. Thomas R. Gittens, Sioux City; Dr. John Gregg, Sioux Falls, S. D.; Dr. Gordon F. Harkness, Davenport; Dr. Clarence Hetzel, Ogden, Utah; Dr. Harry M. Ivins, Cedar Rapids; Dr. William H. Johnston, Muscatine; Dr. John E. Kimball, West Liberty; Dr. Harry H. Lamb, Iowa City; Dr. John J. Lambert, Iowa City; Dr. Clare V. Lawton, Grinnell; Dr. Dean M. Lierle, Iowa City; Dr. William A. McNichols, Dixon, Illinois; Dr. Oscar J. Mabey, Iowa City; Dr. Steve O'Brien, Mason City; Dr. George Pearson, Burlington; Dr. Francis P. Quinn, Dubuque; Dr. F. Harold Reuling, Waterloo; Dr. Edward D. Risser, Winona, Minn.; Dr. Emmet Rock, Davenport; Dr. Ralph E. Russell, Waterloo; Dr. M. R. Sather, Iowa City; Dr. Benjamin S. Sharpe, Iowa City; Dr. Lawrence A. Taylor, Iowa City; Dr. Kenneth von Lackum, Cedar Rapids; Dr. Homer V. Weaver, Iowa City; and Elmer P. Weith, Clinton.

### Iowa Alumnus Gets Big Job With British Museum Staff in Peru

#### Russell Hendee, '22, to Head Expedition Into South American Jungles

The British Museum in London, which is without doubt the oldest and largest museum in the world, has appointed Russell Hendee, an Iowa alumnus, to its staff. Mr. Hendee is on his way now for Peru where his work for the British museum for the next two years will be. He will head an expedition through the rough, practically unexplored, jungles of Peru, collecting mammals. He has been instructed to cover the route taken by Dr. Osgood on a similar trip a few years ago. Dr. Osgood is curator of zoology at the Field museum in Chicago.

While in school Mr. Hendee specialized in museum work, under the direction of Prof. Homer R. Dill, and took all the courses offered in this field. He was also chosen to accompany Professor Dill on his expedition to the Cascade mountains in Washington state, which was for the purpose of collecting goats, as well as other mammals and birds for the museum. Since graduating in 1922 he has been connected with the Colorado museum of natural history at Denver.

er. While working there he was again chosen to accompany Mr. Alfred Bailey to make the Alaskan expedition in search of new materials for use in the museum.

Consider Museum School Here Iowa now has graduates in this field in college, educational institutions, state or municipal museums, throughout the United States, in Canada, and now in London. Iowa has the distinction of being the only institution in the world which offers courses in museum work.

A committee of the American Association of Museums has at present the matter of training museum workers under consideration, and there is a possibility that Iowa may be chosen as the training school for all entering museum work.

Prof. Homer R. Dill, who is director of museum work here has been asked to read a paper along this line at the American Association of Museum meeting at St. Louis, May 17 to 21. The subject of this paper will be "Training Museum Workers."

### Dakota Indians Christen Coolidge "Bear Ribs", to Show Gratitude

The name of Bear Ribs was bestowed on President Coolidge by the Indians of the Kenel district of North Dakota, in recognition of the citizenship rights granted to them, according to the Kansas City Star. The name which was originated by a chief of the Hunkapapa, who was killed when he sought to teach the Indians the white man's culture after peace had been brought about between the Indians and the White man.

"We now know that Bear Ribs was right," the letter from the Kenel Indians said, "and because he was a far-seeing progressive man, we now give you the name 'Bear Ribs' by which you will be known to our tribe."

The letter was signed by Antonio Claymore by his fingermark, Jovith Badger and Pus Shoots First. Accompanying it was a pipe and beaded tobacco bag.

### Library Puts in Directory Orders

Send for Twenty-four Books from Leading Cities

In answer to the queries of, "I have a friend in Pittsburg and I have forgotten his address, do you have a Pittsburg directory?" or "I want to write to this organization in Chicago, where can I find the address?" the University library has sent for the telephone directories of the leading cities of the United States.

Thus far the directories have been received from Pittsburg, Baltimore, Cleveland, Philadelphia, Washington, Buffalo, Chicago, Des Moines, Grand Rapids, Akron, Denver, Rochester, Seattle, New Orleans, Cincinnati, and Detroit. Requests have been made for directories from New York City, Los Angeles, Boston, St. Louis, Milwaukee, San Francisco, Minneapolis, and Newark, New Jersey. These, however, have not yet been received.

The entire list of twenty-four books will be available at the general library. The directories will be the latest published at the time the request was sent in.

### Glee Club Presents "Crucifixion" at Natural Science

The "Crucifixion," by John Stainer, presented at the Easter service Sunday by the University glee club under the direction of Prof. Walter Leon, was well received by the audience which practically filled the natural science auditorium.

Rev. Ira J. Houston selected the scripture reading the familiar story of the crucifixion, appropriate for Palm Sunday and the following oratorio.

The orchestra numbers served to create a quiet, peaceful atmosphere. Prof. Frank Kendrick's composition Prelude, Opus 5, number two, was impressive with its opening harmonies of stringed instruments gradually swelling to a finish with the complete orchestra.

The story of the crucifixion as depicted by the soloists, quartet and chorus, was well presented. Starting with the recitative "And they came to a place called Gethsemane," the story unfolds as the procession goes up to Calvary where Christ was crucified. Following the crucifixion was the "Adoration of the Crucified," "God so Loved the World," "Is it Nothing to You," and many others, which finished with the final chorus, "For the Love of Jesus."

### Iowa City Jews Attend Banquet at Blue Goose

#### Celebrate Dedication of New Palestine University

Three University students were some of the principal speakers of the evening at the banquet held last night celebrating the installation of the Hebrew University at Palestine. The banquet was held at 15 in the Blue Goose ball room.

David Diamondstone, A4 of New York, represented the "Hello Club"; John Wasserman, A3 of Estherville, represented the Phi Epsilon fraternity; and Edward Robinson, A3 of Fort Dodge, represented the Phi Beta Delta fraternity.

The banquet was attended by all Iowa City Jews. Joe Braverman was presiding officer, and after a talk, gave Harry Schulman the honor of being toastmaster.

The principal speaker was Dr. Agranoff, from Chicago. He was a visitor at Palestine and gave a talk on the plans and purposes of the new University. He eulogized the woman's organization Hadassah, which is part of the medical organization of the Palestine University. This unit gives medical attention to all people in Palestine, regardless of color, race or religion.

### Pooh-Pooh, Hooey Changes Adopted

#### Sigma Delta Chi Votes Revision of Its Publication

Extensive revision of the All-Fools' day publication to be issued next year by Sigma Delta Chi, professional journalistic fraternity, was decided upon at a meeting of the organization last evening.

This decision was made by the fraternity on its own initiative, members stated, although a recent issue of the magazine, which has been called "Pooh-Pooh-Hooey" during its three years of existence, was slightly blue-penciled by University authorities. The censorship occasioned somewhat colorful publicity in newspapers of the state.

"It is not to be understood," remarked Philip P. Adler, A3 of Davenport and president-elect of Sigma Delta Chi, "that we will on longer consider genuine campus scandal desirable subject material. Yet, there is no reason why good-natured humor and true satire of existing conditions at the University may not profitably play a larger part in future issues."

Suggested changes which were discussed call for the creation of an editorial board for the magazine, a much longer period of preparation for material, the study of similar publications in other large universities, and a possible change in the magazine's name.

# Newly Elected City Officials Took Oath of Office Last Night

## Three Cases Up in Justice Court

Daniels, Hilton and Crowe Principals in Case

Three cases were disposed of in Justice B. F. Carter's court yesterday. Suit for ten dollars due on a plumbing bill to Connelly Brothers, occupied the major share of the morning. For two hours the case was argued and was decided when Justice Carter awarded the case to the defendant, C. F. Daniels.

W. M. Hilton of River Junction was arraigned in court for attempted assault and battery with intent to kill. The quarrel arose from family difficulties with his brother-in-law. Hilton was released on \$1,000 peace bonds and must re-

## J. J. Carroll, Newly Elected Executive

## Miss Emma J. Harvat, Retiring City Mayor

—Photo by Townsend

## Council Appoints Other Officers at Meeting Following Ceremony

Albert Burger Named New Chief of Police; Standing Committees Announced by Mayor Carroll

Oath of office was administered to Iowa City's new council yesterday at noon by George J. Dohrer, city clerk. The new council is composed of Miss Ruth A. Gallaher and Dr. J. P. Mullin as councilmen-at-large; Charles McGuan, first ward; Frank H. Randall, second ward; Will J. Hayek, third ward; J. Will Anderson, fourth ward; and Charles B. Crain fifth ward.

J. J. Carroll, newly elected mayor, had already taken his oath of office at the time of the council meeting, having done so at the time he filed his official bond.

### Council Adjourned

Following the ceremony the council adjourned until evening, at which time appointment of the balance of the city officials was made. James McClelland was appointed street commissioner.

Albert Burger was appointed acting Chief of Police to succeed J. J. Lorack, who has served as chief for the last 33 months. Burger has been on the police force since 1911, and since 1924 has been assistant chief.

### Hart Named Solicitor

W. R. Hart was named to succeed C. B. Russell as city solicitor. Hart could not say last night whether he will accept the office. He is commander of Roy L. Chopek post of the American Legion and as such cannot serve also in a political office. E. A. Baldwin is considered a likely alternate, should Hart decline the appointment.

### Dohrer Re-Appointed

City Clerk George J. Dohrer was re-appointed, in spite of the fact he has said that he does not desire the office. He had nothing definite to say last night following the council's action but will probably reach a decision today.

The council selected Dr. George Scanlan to fill the office of city health physician, to succeed Dr. T. L. Hazard. George Reha was re-appointed as sexton; I. Schooley as weighmaster and Charles Krall as city hall janitor.

A period of five days was set for the acceptance of bids by the city clerk for the collection of garbage.

### Issue Pavement Bonds

The city clerk was also authorized by resolution to give notice of the council's intention to issue bonds for the payment of the Red Ball paving job and April 24 was set as the day for the hearing on the matter.

### Committees Appointed

Appointment of standing committees were announced by Mayor Carroll as follows:

Finance—Gallaher, Hayek, Crain. Ordinances—Randall, Gallaher, McGuan.

Streets and alleys—Anderson, McGuan, Mullin. Grounds and buildings—Mullin, Anderson, Randall.

Claims—Crain, Gallaher, McGuan. Sidewalks—McGuan, Anderson, Hayek.

Lights—Hayek, Crain, Mullin. Grades and bridges—Anderson, Hayek, Crain.

Fire and water, Hayek, Gallaher, Randall. Waterworks—Gallaher, Randall, Hayek.

Sewers—McGuan, Anderson, Hayek. Adjournment until April 13 was made.

The meeting probably sets a record for attendance on the part of interested citizens, the council room on the second floor of the city hall being packed full.

### Other Business Transacted

Business transacted by the retiring council at the meeting yesterday noon included approval of bond for \$2000 of Charles A. Dutcher, newly appointed city inspector; granting of permission for the construction of a sewage disposal plant in favor of Mrs. Maude Ball; and payment of salary balances to Miss Harvat, J. J. Lorack, C. B. Russell, and Dr. T. L. Hazard.

The council also removed the regulation requiring muzzling of all dogs within the city limits and adjourned sine die.

## Ruth Gallaher, New Alderman-at-large

## J. J. Lorack, Retiring Head of Police Force

## Society--About The Town

Prof. E. McKinley Eriksson, head of the history department of Lombard college, Galesburg, was in Iowa City Saturday on his way home from Cedar Rapids, where he will be head of the history department of Coe college next year.

Rev. S. S. Nichols, of Evanston, Illinois, has been in Iowa City since Saturday, visiting at the home of Dr. W. L. Bywater. The Reverend Mr. Nichols was formerly pastor of the Christian church in Iowa City, and chaplain of the army camp here.

Mrs. C. White, Mrs. R. G. Moore, Mrs. Genevieve Leininger, Mrs. May Wray, Miss Winifred Stuart and Mrs. F. Meyers will act as hostesses at a Kensington for the Sons of Veterans Auxiliary today at 2:30 o'clock at the Memorial hall of the Court House.

Arts and Letters department will meet tonight at 7:30 o'clock at the home of Mrs. A. C. Howell, 447 South Summit. Officers for both sections will be elected. The program of the literature section will consist of papers on contemporary poets read by Mrs. W. T. Goodwin, and Mrs. John T. Reynolds. The Fine arts program is made up of community singing led by Mrs. Cloyd Shellady, and a discussion of San Francisco Bohemia club and the annual revel in the Redwood Groves of California. The discussion is under the charge of Mrs. S. L. Uptefraff.

## Rates on Postcards, Registered Mail to Be Increased April 15

## Changes Made to Raise \$68,000,000 Granted to Postal Employees in Additional Salaries by Congress

A notice has been received at the Iowa City postoffice from the Postmaster general at Washington of a number of changes to be made in the United States mailing and postal rates to aid in the raising of \$68,000,000 which was recently granted postal employees in increased salaries. These changes will go into effect on April 15.

Picture post cards will require two cent stamps. There is to be an increase in the fee for registered mail from ten to fifteen cents which will apply to all domestic registered mail, including that addressed to the island possessions of the

United States and the Canal Zones. Mail of the third class will embrace all matter now included in the third and fourth classes up to eight ounces in weight. The new fourth class will include all matter formerly in the third and fourth classes.

Due to the new classification of mails there will be a new stamp issued—1 1/2 cent stamp. The public is urged to buy one cent stamps whenever possible to prevent against a large surplus of them remaining after April 15, when there will be little demand for them.

## Merchant's Bureau Meeting Postponed; Pres. Maruth Ill

The meeting of the Merchant's Bureau failed to materialize as scheduled for last night. President J. C. Maruth was unable to attend because of illness and W. O. Coast, chairman of the parking committee, and James Aldous, chairman of the street lighting committee were both out of town.

## Issue Pavement Bonds

The city clerk was also authorized by resolution to give notice of the council's intention to issue bonds for the payment of the Red Ball paving job and April 24 was set as the day for the hearing on the matter.
