

House Passes Revamped Tax Bill

354-28 Majority Puts Plan Up for Senate Approval

Two Hours of Debate on Inheritance Tax Precedes Vote

(By The Associated Press)
WASHINGTON, Feb. 23—The \$387,000,000 tax reduction bill agreed upon by the senate and house conferees was approved today by the house 354 to 28 and its final passage was put up to the senate.

The compromise measure has privileged status in the senate but leaders were uncertain tonight whether they would call it up for approval before Thursday in view of the absence of several members.

Confident, however, of an early and favorable vote on the bill by the senate, leaders predicted tonight that it would be in the hands of President Coolidge before the end of the week.

Although the amount of reduction is above that prescribed by the treasury, there were definite indications today at the white house that President Coolidge would sign the bill, making it effective immediately. It was stated there that the president feels congress has assumed the responsibility for any difficult in the treasury which the bill might occasion.

Two hours of fiery debate in the house over adoption of the conference report centered almost entirely on the inheritance tax which the senate voted to repeal and the conferees restored to the bill.

A motion by Representative Drane (democrat), to send the measure back to conference with instructions that this tax be repealed was rejected by a thunders of "noes" without roll call.

Garner Assails Senate

The membership arose and cheered Representative Garner of Texas, ranking democrat on the board of house conferees, as he assailed the action of the senate in repealing the inheritance tax and attributed it to the "wicked, vicious and indefensible campaign of the American bankers league."

Mr. Garner charged that the legislature had paid the expenses of members of several state legislatures to come to Washington "and seek to influence our views." Pointing out that all senate democrats had voted for the inheritance tax in 1916, he inquired "what has come about to make them change their views?"

"You members from the southern states," Mr. Garner continued, "must take issue at home with your senators on this question, or change your views."

Senator Simmons of North Carolina, ranking democrat on the board (TURN TO PAGE 3)

Lecturer Blows Glass to Tissue Paper Thinness

Blowing sheets of glass so thin that they could be crumpled in the hand like tissue paper, and constructing a glass bubble that danced above a stream of air, was part of a demonstration given by John W. Robbins, university glass blower in the chemistry auditorium last night. By blowing suddenly into the heated end of a glass tube a balloon shaped piece of glass was produced with walls thinner than tissue paper.

The demonstration was preceded by a short talk in which Mr. Robbins explained how a complicated piece of chemical apparatus was constructed. Part of the apparatus consisted of a double tube in which mercury vapor was condensed and the difficulty encountered in making such a tube as well as constructing spirals and stops was outlined.

Two States Enter L. Michigan Water Diversion Fight

WASHINGTON, Feb. 23 (AP)—Two more states would join the galaxy which is now contesting before the supreme court the validity of diversion of water from Lake Michigan through the Chicago river.

Notice was given today by Michigan and Indiana that they will ask the supreme court when it meets Monday, for permission to join Wisconsin, Ohio, Pennsylvania, and Minnesota in protesting against further diversion of water from the great lakes by the Chicago sanitary district.

Recently the supreme court permitted Missouri, Tennessee, Kentucky, and Louisiana to join Illinois and the sanitary district as defendants.

Drake Gets New Buildings

DES MOINES, Feb. 23 (AP)—Plans for three new buildings at Des Moines university, a library, a student social center and an athletic field house, were outlined by President John W. Millon before a meeting of university alumni today.

Choir Brings Russian Airs to Iowa Tonight

Twenty Two, in Native Costume, Appear Upon Stage

(Pictures on page 2)
Opportunity to hear superb Russian choral music presented by native Russians will be given when the Russian symphonic choir, under the direction of Basile Kibalchich, appears this evening at 8:15 in the natural science auditorium. The choir consists of twenty-two members who will appear in the bright colored picturesque costumes of their native land.

The singers have a varied program of sacred, classical, and folk songs. These songs have won much applause from enthusiastic American audiences. The program consists of the following:

Sacred Songs—
Tantum Ergo Gluck
Gloria Patri Grotchenhoff
Ave Maria (Soprano solo) Luzzi
La douce Lumiere (new style Russian choral music rendered for the first time in America) Kastalsky
Ludmila Feodorova
Prayer of St. Simeon (basso solo) S.F. CM
..... Strokine
Ivan Stechenko
Psalm (in two parts) Lord, Have Mercy Lvovskiy
Classical Music—
Tannhauser (The Pilgrim's Chorus) Wagner
Slow and Gay Kibalchich
Church Scene from the Opera "Christmas Eve" Rimsky-Korsakoff
Peasant Pete Ippolitov-Ivanov
The Nightingale (soprano solo) Tschalkowsky
Alexandra Schlikewitch
Sadko (tenor solo) Rimsky-Korsakoff
Dmitri Creona

Folk Songs—
The Temple Bells (Indian Love Lyric) Amy Woodford-Findon
Songs of the Ural Cossacks arr. by Kibalchich
Children's Play Song Nikoley
For Male Voices Only
a. Volga Boatmen Song arr. by Kibalchich
b. Soldier Marching Song arr. by Kibalchich
c. Archangelsky Siberian Kolo (Native game song) arr. by Kibalchich
Czechoslovakian Dance Song arr. by Kibalchich

Shenandoah Radio Plant Stages Big "Birthday Party"

(By The Associated Press)
SHENANDOAH, Iowa, Feb. 23—Station KFNH here today celebrated its second anniversary with a radio party of unprecedented proportions with listeners in every state and many parts of Canada sending in such an avalanche of congratulatory telegrams that telegraph company officials have been forced to deliver some of the messages by the truck load from Omaha. A small army of fifteen operators at two offices here were entirely unable to cope with the situation.

Fans Select Winners

The total number of telegrams received since the celebration began yesterday morning at 7 o'clock had reached 65,000 early this afternoon, and was expected to approach the 100,000 mark before the end of the party tomorrow noon.

A feature of the anniversary is the friendly rivalry of 125 "old time fiddlers" from Iowa, Missouri, Nebraska, and Kansas all of them more than 60 years old, who are competing before the microphone for the favor of the radio fans. Fifteen male quartets, forty-three accordion players and 25 harmonica players, gathered from different parts of the same states, are competing in three other contests. Radio fans are to select the winners.

Missouri Offers Tobacco

A new development came during today's broadcasting when the fans began to offer prizes for not only the best players in each contest but the "poorest and next poorest". One Missouri farmer offered a large shipment of home grown tobacco for the "old timer" who finished last in the "fiddling" contest. The one who finishes next to the last has been offered a basket of fresh eggs.

France Considers Locarno Tomorrow

Treaty Expected to Find Going Hard in Chamber

(By The Associated Press)
PARIS, Feb. 23—The Locarno security treaty will come up for ratification in the Chamber of Deputies on Thursday, and according to present indications will encounter considerable opposition. The communists will fight it to the finish, while certain elements of the moderate and conservative groups have declared that they see a great many shortcomings in the agreement and will either abstain from voting, or vote against ratification.

Four nationalist members of the Chamber's foreign relations committee today will vote against a favorable report on the security treaty, which was adopted by the committee, and they will be joined in opposition to the pact by the newly-elected deputy, Andre Tardieu, M. Clemenceau's old lieutenant. It is understood that M. Tardieu will lead the assault.

Cal to Go to Philadelphia, But as to Charleston, No

WASHINGTON, Feb. 23 (AP)—President Coolidge has definitely decided to go to Philadelphia July 4 for the opening of the Sesqui-centennial exposition, but it was indicated at the white house today that he was planning no other trips away from Washington, at least until adjournment of congress.

He has given particular consideration to invitations to visit Kansas City, Charleston, S. C., and Louisiana, but has accepted none of them.

Police Round Up Ten in Chicago's Crime Cleanup

CHICAGO, Feb. 23 (AP)—Ten of the hundred-odd men arrested in city-wide raids last night to pick up alien gangsters were turned over to federal authorities today for deportation proceedings. Arraignment of the prisoners disclosed that the ten were not citizens of the United States.

Almost all of them, according to police who worked with federal authorities in conducting the raids, have been implicated in the "reign of terror" which has resulted in a dozen murders among Italian gunmen within the last six months. The men are alleged to have been imported for gang warfare.

Ask Speaks at Milwaukee; Assails League Once More

MILWAUKEE, Wis., Feb. 23 (AP)—Carrying his appeal from the senate vote to enter the world court to the "only power that can denounce and damn this senseless, senseless, senseless war," Sen. William E. Borah of Idaho, made his fourth speech in three days here tonight. He came here after three addresses in Chicago, where he said the fight which would spread throughout the country was opened.

League Loses Followers

"There was a time when those who believe in peace might have sincerely believed that we should join the League of Nations," said Senator Borah tonight. "Doubtless thousands sincerely believed that it meant peace. But after seven years who still thinks it means peace?"

"It is robbing and decimating the weak. It is trampling upon the backward peoples. And the tribunal which is its advisor and counselor, we have decided to join."

Ask People to Face Facts

"I ask all in sincerity that the people who want peace, the people who must pay the taxes and do the dying for such a program, face these facts. I ask in the name of our common country, its free institutions and in the name of those who must come after us and gather the harvest of disappointment and distress, that we refuse to give our name or our endorsement to these policies."

Clinic Finds Seat of Molar Illness

200 Alumni Dentists Attend; Meetings Please Breen

The seventeenth annual alumni clinic of the college of dentistry which opened Monday ended its two day session at 2 p. m. yesterday. More than 200 alumni dentists from all parts of Iowa were assembled to take part in the clinical demonstrations and lectures.

"The clinic this year," said Dr. F. T. Breen, dean of the college of dentistry, "has been a most successful one, both in attendance and valuable information gained."

Results were obtained by each of the eleven clinical and technical departments were on exhibition during the two-day conference.

Dr. John G. Meisser, of Cleveland, Ohio, who has done extensive research with Dr. E. C. Rosenow in the Mayo clinic, lectured upon "The Relation of Dental Infection to Systemic Disease."

Visits to the university hospital and the departments of chemistry and medical laboratories of the university were made by the dental alumni during their stay here.

Deny Weakening of Churches to Back Prohibition Laws

WASHINGTON, Feb. 23 (AP)—A militant group of churches has denied that their support of prohibition was issued here tonight over the signatures of high officials of the Methodist Episcopal church, south, and the Methodist protestant church, and the United Brethren church.

The joint statement characterized the recent prohibition survey of the research department of the federal council of churches as "an inexcusable betrayal of many church bodies"; declared there had been no apparent change in the sentiment of the people as a whole; and appealed to church members to unite in support of law.

Brussels Discusses American Debt Plan

BRUSSELS, Feb. 23 (AP)—The Belgian-American debt funding agreement reached at Washington was warmly attacked and defended in the course of a general discussion in the senate yesterday.

The foreign minister, M. Vandervelde, took up the cudgels in its behalf, while Senator Magnette bitterly assailed the agreement. His proposal for repudiation of Belgium's entire debt contracted before the armistice was disposed of by the senate which voted 26 to 24, with numerous abstentions, to discuss it further. The final vote on the agreement will be taken tomorrow afternoon.

Senator Magnette declared that Belgium had sacrificed six times more than the United States in the common struggle against Germany. He characterized the American request for a settlement as immoral, and reproached the United States for giving grace to Germany, under the Daves plan and making Belgium foot the bill.

Cut Out Structural Details

But as the lowest bid was more than the allotment set for the building it was necessary to make eliminations in the plan which would enable the contractors to come within the limit when the new bids are made.

Members of the finance committee which met here yesterday were W. R. Boyd, chairman, J. W. Bowditch and W. H. Gemmill.

Ingwersen to Lecture Over WSUI Today

At 9 o'clock the high school assembly program will be broadcast over WSUI. Coach Burton Ingwersen will give an address on "Recent Development in Football."

Violin numbers will be played by Prof. Frank Ester, "Kendrie, of the school of music."

Prof. L. Charles Ralford, of the department of chemistry will lecture on "The Role of Nitrogen in Human Activity" at 12:30.

Piano solos by Violet Leean will precede the lecture.

At 7:30, the Radio correspondence course lectures will be broadcast.

Fake Spiritualists "Spirit" Shekels From Pockets of Gullible Patrons

(By The Associated Press)
NEW YORK, Feb. 23—New Yorkers are being bilked out of millions of dollars annually by fake mediums and spiritualists who cloak their operations under a ritual of semi-religious character.

So says the report of an investigation committee given to Representative Sol Bloom, who is considering seeking legislation from congress on the matter since the mediums do a mail order business.

Milton Wright, associate editor of the Scientific American and one of the committee, declared that he was unable to find one medium devoid of tricks, among several hundred examined. He said that they were all asked to read a sealed message and they made 285 different answers. The investigators branded all mediums as fakes and indicated the success of their operations here, calling attention to their \$100,000 homes.

One of the investigators was "ordained" four times in different spiritualistic schools. The cost was \$37.50. The instructions lasted for four hours to a week.

A "bucker" list of 40,000 names was obtained by one expert. There is a central information Bureau. When one medium learns anything about a client, she compares it to the bureau and it is noted on the clients card in the files.

Prices charged by the spiritualists range from \$3.00 up. Some get \$100 and \$200 for bits of information.

Dismiss Classes as Candles Burn on Founder's Day

Thomas Main Speaker at Seventy-Ninth Celebration

Iowa's birthright in the development of the state and the possibilities which the future holds are the aspects which will form the basis of the address to be given by Prof. A. O. Thomas of the department of geology when he delivers the founder's day address tomorrow morning at 10 o'clock in the natural science auditorium.

Classes will be dismissed for the hour from 10 to 11 in order that the students and faculty may give the annual tribute to the men who made the University of Iowa a reality.

For the first time, the exercises are in complete charge of the Student Council, under the direction of Francis Falvey, Lt. of Albia, president of the student organization, who will preside at the meeting.

The program includes, besides the talk by Professor Thomas, music by the university orchestra, songs by the university glee clubs, and an invocation by the Rev. William P. Shamahan, chaplain for the day.

Speaker Faces Candles

As has stands on the auditorium platform faced by the seventy-nine birthday candles, each representing, according to the old custom, one birthday of the university, Professor Thomas will discuss the history of the state from the geologist's point of view. The talk will include a study of the development of the soil and resources of Iowa and their effects on the explorers, pioneers, and settlers.

He will conclude with a survey of what the future has in store for a state so developed.

6,000 Extra Copies Attest Success of Big Union Edition

Six thousand copies of the special Memorial Union edition of The Daily Iowan, issued on the morning of the dedication of the union, Feb. 6, have been ordered by the union board for distribution among the subscribers outside of Iowa City.

The feature edition which contained a detailed description of the first unit, a history of past efforts in behalf of the union, and an account of future hopes and endeavors for a completed union, will be sent to all parts of the country wherever an alumni or friend is found who had contributed to the possibility of realizing the opening.

Pictures and statements of well-known alumni of the university are included in the edition. A few of the group are Governor John Hammond, Frank O. Lowden, Fred T. Sargent, Judge F. F. Faville and President Walter A. Jessup.

Changes Entailed by Heating Plant

No Bids Accepted by Board; Cut Structural Details

After a week's consideration of bids for the construction of the new university heating and power plant, the committee in charge decided yesterday to make certain alterations in the present plans for the project and call for new bids on the changed plans.

The bids received by the special building committee in Des Moines last week were not rejected but the committee, acting through the finance committee of the state board of education which met here yesterday, decided to make certain eliminations in the plans for the project as they are now drawn up. The new bids will probably be called for sometime within the next two or three weeks.

Discuss Eliminations

After the meeting here yesterday Prof. B. P. Fleming, consulting engineer for the state board of education, left for Des Moines to consult with Proudfoot, Rawson and Sauters, the designers of the plant, concerning the eliminations to be made.

W. H. Gemmill, secretary to the state board of education, who was present at the meeting here yesterday, in explaining the decision of the building committee, said that the present bids were not rejected.

Wilson Packing Co., Bankrupt, Sells to Group of Creditors

CHICAGO, Feb. 23 (AP)—The properties and business of Wilson and Company, bankrupt meat packers were sold at public auction today to a purchasing committee representing a reorganization committee formed by stockholders and creditors. The price was \$23,150,000.

Under the reorganization plan, Thomas E. Wilson will remain president of the company and the executive personnel will be unchanged. According to the promoters, the reorganized company is a \$119,000,000 corporation. Today's purchase price will cover all pressing claims against the company, and start it in business in good shape financially.

Many Hurt in Religious Uprising in Mexico City

MEXICO CITY, Feb. 23 (AP)—Many persons were wounded this evening when police and firemen dispersed a demonstration of Catholic women in protest against the closure of the church of the Sacred Family in Mexico City. Early reports gave the number of wounded as 18. Several leading society matrons headed the demonstration.

Day in Washington

(By The Associated Press)
The House adopted the conference report on the tax reduction bill. Bert E. Haney, democrat, Oregon, resigned from the shipping board. The annual agriculture department appropriation bill was reported.

The president definitely decided to attend the Philadelphia sesqui-centennial.

The Catholic case stumped subordinate officials at the labor department during absence of higher ups.

Scores of group meetings held the attention of the national education association's department of superintendence.

Counsel for Albert B. Fall, Edward L. Doherty and Harry F. Sinclair, noted special appeals in the oil reserve indictments.

It was announced President Coolidge felt the previous congress had established a record for expedient legislation.

Senator Cummins, republican, Iowa, attacked the democratic proposal to employ special counsel to prosecute the Aluminum company of America.

Extravagance Charge Flung at University

Jessup, McChesney, and Bates, Decline to Make Comments

(By The Associated Press)
AMES, Feb. 23—An investigation of the financial needs and expenditures at the University of Iowa and the Iowa State college will be asked in a resolution to be presented to the next legislature by State Senator Lars J. Skromme of the thirty-first senatorial district, he announced in a statement issued here Monday.

An investigation is necessary, he said, because the legislature must have more extensive information as to the financial conduct of the schools and the way money is expended in order that the law making body may intelligently pass upon appropriation requests.

Senator Skromme attacked the action of the Board of Education in purchasing at \$737.60 an acre unimproved land for the college and the raising of salaries of instructors at the University of Iowa by \$52,000. He also scored the \$3,000 raise in salary made President Jessup of the university, declaring that the president already had a salary of \$15,000.

Insists Upon Investigation

He claims that an investigation is necessary in order that the legislature may be thoroughly acquainted with the manner in which money at the state schools is spent so that they may pass intelligently upon requests for appropriations.

Professors and instructors, he said should be free of any outside business interests and those outside enterprises are not fair to the people of Iowa. He gave as an example the case of Deep Curtis of the agricultural department of Iowa State college, who in addition to his position at the state school also served as a member of the board of directors of a large packing concern, although he filled the position without compensation.

Would Eliminate Engineers

The senator could see no need in the duplication of educational efforts, maintaining that the elimination of one of the engineering schools would result in savings to the state and do away with a situation calculated to create an unfriendly rivalry between the schools.

Last December E. L. Hogue of Des Moines, director of the budget, expressed the same plan of moving the engineering college from here to Ames and the liberal arts college of Ames to Iowa City.

District Phi Delt to Convene Friday

Local Chapter Plans Dance, Dinner, to Honor Fraters

Two representatives from each of the twelve chapters in Zeta, south district of Phi Delta Theta fraternity, which includes the states of Iowa, Colorado, Nebraska, Kansas, and Missouri, will be guests of the local chapter at the convention held here Friday and Saturday of this week.

The banquet which will be given at the chapter house Friday night with W. P. Whitlow of Fulton, Mo., president of this district, as the chief speaker on the program. H. H. Davis, of Toronto, Canada, will also speak.

The convention will close with a dance at the chapter house Saturday night.

Nutting Wins First Place in University Oratorical Contest

Winner Takes Jessup Prize; Cates Second

Charles B. Nutting, A2 of Iowa City, won the University Oratorical contest and the Walter A. Jessup prize of twenty-five dollars last evening. The contest was held in the crowded liberal arts assembly room. The winner will represent the University of Iowa in the contest of the Northern Oratorical league at the University of Wisconsin May 7. The name of Nutting's oration was "Mammon, A. B."

Cates Gets Mention

Last year, Nutting won the Freshman Declamatory contest and this year was a member of the debating team which debated the University of Kansas a few weeks ago. He has recently been elected to Phi Delta Gamma and is secretary of the Irving Literary society.

Edwin H. Cates, A3 of Colfax, Illinois, whose oration "The American Soldier" received honorable mention from the judges, is president of Phi Delta Gamma, a member of the Irving Institute and of Sigma Phi Epsilon fraternity.

Traces Education

The judges of the contest were Prof. E. C. Mable, head of the department of speech, Prof. Jacob Van Zee, of the department of political science, Henry Walker, Prof. S. L. Miller, of the school of commerce, and Prof. A. C. Baird, of the department of speech. Because of illness, Prof. W. T. Root of the department of history, was unable to act as presiding officer and Prof. Baird acted as temporary chairman.

In his oration, Nutting began with traditions which inform us that men formerly attended institutions of learning to seek beauty and then traced the development of the gradual replacement of beauty seeking for a practical education, thereby enabling the person to gain the material objects of life.

Modern School, a Factory

In seeking a practical education it was indicated that the modern school has become a factory where men and women are graduated with certified diploma's stating their earning capacity. "At the present time," said the speaker, "give us a practical education. 'Bigness is our God,' and 'Bigness is our ruin.'"

"The classics," continued the speaker, "are fast sinking into oblivion. As the result it is oftentimes the class that the modern school graduate is intellectually deformed. In this age, in spite of our boasts, we have yet to produce a great philosopher, a statesman and a religious leader. It was further stressed that the genius and the laggard were put on the same general level. It was only by seeking the truth and beauty that contentment was found.

It was further stressed that the genius and the laggard were put on the same general level. It was only by seeking the truth and beauty that contentment was found.

Wilson Packing Co., Bankrupt, Sells to Group of Creditors

CHICAGO, Feb. 23 (AP)—The properties and business of Wilson and Company, bankrupt meat packers were sold at public auction today to a purchasing committee representing a reorganization committee formed by stockholders and creditors. The price was \$23,150,000.

Under the reorganization plan, Thomas E. Wilson will remain president of the company and the executive personnel will be unchanged. According to the promoters, the reorganized company is a \$119,000,000 corporation. Today's purchase price will cover all pressing claims against the company, and start it in business in good shape financially.

Many Hurt in Religious Uprising in Mexico City

MEXICO CITY, Feb. 23 (AP)—Many persons were wounded this evening when police and firemen dispersed a demonstration of Catholic women in protest against the closure of the church of the Sacred Family in Mexico City. Early reports gave the number of wounded as 18. Several leading society matrons headed the demonstration.

Day in Washington

(By The Associated Press)
The House adopted the conference report on the tax reduction bill. Bert E. Haney, democrat, Oregon, resigned from the shipping board. The annual agriculture department appropriation bill was reported.

The president definitely decided to attend the Philadelphia sesqui-centennial.

The Catholic case stumped subordinate officials at the labor department during absence of higher ups.

Scores of group meetings held the attention of the national education association's department of superintendence.

Counsel for Albert B. Fall, Edward L. Doherty and Harry F. Sinclair, noted special appeals in the oil reserve indictments.

It was announced President Coolidge felt the previous congress had established a record for expedient legislation.

Senator Cummins, republican, Iowa, attacked the democratic proposal to employ special counsel to prosecute the Aluminum company of America.

Kappa Delta
Tuesday night dinner guests at the Kappa Delta house were Alice Wiese, Juanita and Wenona Thomson, and Madelon Donnelly.

Catos to Play for Women's Pan-Hel Committee Plans Favors, Decorations and Big Formal

Cato's Vagabonds of Fort Dodge have been secured to play for the Women's Pan Hellenic dance which will be given March 5 in the Memorial Union. Spring flowers, smiles, and palms under colored lights will form a colorful setting for the biggest event of the year in the women's Greek letter world. In the east end of the ball room davenport and easy chairs will be placed for the convenience of those who are not dancing. More than three hundred couples are expected to attend. Attractive favors have been planned for the men.

Dean Adelaide L. Burge, Prof. and Mrs. Forest C. Ensign, Mr. and Mrs. Dale Yoder, and Mr. and Mrs. Clyde Sheldy are to be chaperones. Edna Weststrom, A4 of Madrid, and Jeffrey Hougren, L3 of McCallsburg, are the student chaperones. President and Mrs. Walter A. Jessup will be guests of honor.

Ruth Tamsiea, A3 of Missouri Valley, and Helen Cole, A3 of Woodbine, from Delta Zeta, Frances Hansen, A4 of Holstein, and Metcody Mowrer, A3 of Perry, from Alpha Delta Phi, and Mildred Miles, A4 of Corydon, are members of the committee in charge.

Eros Elect Julia Dondore President for This Semester

Erodelphian Literary Society, at the regular business meeting which was held last night, elected officers for the remainder of the present semester.

Julia Dondore, A4 of Iowa City, was chosen for president; Percy Ellen Van Alstine, A2 of Gilmore City, vice president; Catherine Horack, A1 of Iowa City, secretary; Constance Ford, A1 of Iowa City, corresponding secretary; Alfeen Carpenter, A2 of Iowa City, treasurer. Members of the art committee were also elected. They are Doris Dayton, A4 of Iowa City, chairman; Mary Ann Cotton, A3 of Elwood, Ind., and Georgiana Hobson, A1 of Quincy, Ill.

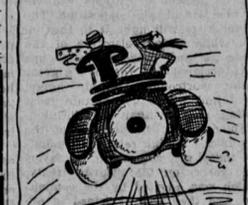

Hold High Mass for Sap Gulch Victims

BINGHAM, Utah, Feb. 23 (AP)—Little Holy Rosary Roman Catholic church was crowded to its doors today and dozens, unable to find standing room within, stood outside while a memorial requiem high mass was chanted for the dead of Sap Gulch snowslide. The bodies of Mrs. John Balla and her one year old son rested on the catwalk before the altar. They perished in the avalanche that swept down the gulch last Wednesday morning carrying death to thirty-six and suffering to two score others.

May Francis Enters Race for State Superintendent

DES MOINES, Feb. 23 (AP)—Formal announcement of the candidacy of Miss May Francis for the republican nomination as state superintendent of public instruction on a platform pledging herself to planks of her political announcement of four years ago, was made here Monday.

Co-Eds Will Fete Freshies March 13

Woman's Association Will Sponsor Big Sister Dance

March 13 has been chosen as the date for the annual Co-ed Hop. The dance is the continuation of the big and little sister activities of the Women's association, and will take the place of the regular Saturday afternoon varsity on that day.

Freshman girls will be properly dated by the upperclasswomen and taken to the dance. Marion Rambo, A3 of Ottumwa, is chairman of the committee and states that lists of the entire female population of the first year class will be posted about the campus in a prominent place. The sophomore, junior, and senior girls may have their pick, if they choose early and avoid the congestion.

Women's Athletics

The Kappa Delta team took its first step toward the intra-mural championship by a one-sided victory over the Home Economics team last night, 28-6. Alice Rose and Amber Bush, forwards for the Kappa Deltas worked well together, with Rose ringing up the baskets each time she touched the ball. Meinhard and Klay played center, with Denkman at the guard position.

The Kappa Deltas look like a strong bunch and may prove up even better against more competition. Ribble and Hendrickson, forwards, Brysch and Kuhlman, centers, and D. Hittle and V. Hittle, guards, made up the Home Economics team.

With Flynn sinking one handed shot-puts with the greatest of ease, the Gee Whizzigans won over the Medies in the first game of the second lap of the tournament last night, the Medies having drawn a bye on the first round. The Medies are a first class team, displayed good team work and a good defensive game, and the score does not indicate the closeness of the game. Shemp and McClure playing forwards for the Medies played a good game, but shot after shot rolled round the basket pleasantly, then jumped provokingly off.

It was a case of plain hard luck. Flynn and V. Wirth, forwards, Steinke, and Williams centers, and Stoner and L. Wirth, guards made up the team for the Gee Whizzigans, while Skemp and McClure, forwards, Schmidt and Taylor, centers, and Parker and Sherwood, guards played for the Medies. Wolcott, Tommerson, and Parker were also run in by the Medies.

Veteran "Goddess of the Sea" to Become Floating Hostelry

CHARLESTOWN, S. C., Feb. 23 (AP)—Built as a floating fortress, the navy monitor, Amphitrite is destined to finish her days as a floating hostelry.

The one time "goddess of the sea" is now in dry dock being transformed into a fully equipped hotel which will be used to supplement the crowded housing facilities of Florida.

It is understood the seagoing hotel will be established off Miami. A fleet of launches will be used to transport the guests to and from the hotel.

In the hull of the ship, provision has been made for a balcony, shop, and quarters for the crew. In the three stories being erected will be accommodations for 200 guests.

The Amphitrite was 275 feet long and 55 feet wide. Until acquired by the present owners it had been out of commission at the Philadelphia navy yards. After a long service in domestic and foreign waters as a member of the country's naval forces.

"Smitty" Prefers Iowa Restaurant Life to California Pulchritude

By HAZEL WARREN
Early in the year 1915 there appeared in Iowa City one of ordinary type of small restaurants known as the Baltimore Dairy Lunch. Unimportant in itself, it was to result in one of the commonest of Iowa's traditions.

For as an inconspicuous member of this Dairy Lunch was Mr. Roland Smith, better known now as "Smitty." After a year with the Baltimore Lunch Shop "Smitty" left its protecting shelter and ventured out into the cruel cold business world for himself. He became owner and operator of the Quality Cafe. For five years he continued in this capacity until an attack of wanderlust sent him out "on the road" in to Southern California.

Tried Transfer Business
But a year of roaming was enough for him and he returned to Iowa City and was, for a time in the transfer business. Life as a transfer man did not appeal to him so he purchased the restaurant which he now conducts under the name of Smith's Cafe.

The strongest stretch of imagination cannot picture Iowa without "Smitty's." From six o'clock one morning until six o'clock the next

fourteen student boys serve rolls, steaks and chops to an average of one thousand customers. And from six in the morning until seven at night "Smitty" is on the job. Always courteous, always friendly, "Smitty" has become the friend of all his patrons. Everyone has a good word for "Smitty."

Says Few Drink Much
He does not assume the critical attitude that is taken by many concerning the boys in school. "I really think that I have the best bunch of fellows in school, coming into my place every day. If the facts were boiled down, I think that you would find that only about twenty-five men in the entire university were doing much drinking."

Every Friday and Saturday night "Smitty" is on deck until about three or four o'clock in the morning. And in all his experience as proprietor of the cafe he has never had any serious disturbances.

A story of "Smitty" is never complete without mention of his wife. Five years ago next June he took the fatal step which gave him a cashier who has worked every day from seven-thirty in the morning until seven at night. It might be said that it is she who is "the power behind the throne."

utor to the "Sportswoman" and is also well known for her skill in archery. At present she is making a tour of the large universities and colleges in an attempt to stimulate interest in the sport and point out the opportunities which may be opened for those who really wish to play.

A great deal of interest has been shown in hockey here during the past two years and last year Miss Winifred Clarke, hockey coach, and Miss Elizabeth Halsey, head of department of physical education for women, attended the tournament held at Wellesley. Miss Clarke played on an English hockey coaches' team and Miss Halsey served as one of five judges in picking the national team, which was defeated by the Irish team in the feature game of the tournament.

A "kid party" is the next social event to be given by the W. A. A. and will be held the evening of March 17, the day of the election of officers and board members for next year. The polls will close at eight o'clock and the result of the election will be announced during the evening. Soon after the election the initiation banquet will be held to initiate the new officers.

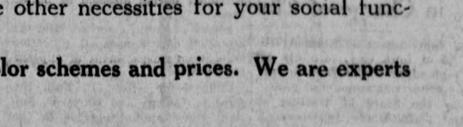

An intra-mural basketball banquet is also being planned to finish up the season, at which the beautiful new cup will be presented to the winning team.

Thelma Shomer, A2 of Cedar Rapids will appear with her group of Russian dancers which took part in the vaudeville at the Saturday evening session of the Romance languages conference. Horak and Mazunka, of the Russian suite will be given and Madeline Kendall, A1 of Des Moines, will again give the military clog. This will be the second year the W. A. A. has appeared before the Romance languages conference.

Exquisite Party Frocks

Convention Stands for Department of Federal Education

Dr. Ernest Horn, Iowa, Speaks on Children at Meeting

(By The Associated Press) WASHINGTON, Feb. 23 (AP)—Election of a president and the recommendation of a legislative committee, in favor of legislation now before congress to create a federal department of education, assumed major importance today in the annual convention in the department of superintendence of the national education association, while group meetings continued to discuss a multitude of educational problems.

Efficient Federal Participation

Four candidates are in the field for the presidency, with the balloting continuing through tomorrow. They are E. C. Broome, superintendent of schools, Philadelphia; Charles B. Glenn, superintendent of schools, St. Louis; E. E. Chubb, superintendent of schools, Birmingham, Ala.; E. E. Chubb, superintendent of schools, Cincinnati, Ohio.

The legislative committee, describing the American public school as the "bulwark of our civil and religious liberties" held in its report that the pending bill for a department of education "does not permit of any interference with the complete autonomy of the states in the administration and control of their schools" but does provide for more efficient federal participation and affords "that recognition and service which the importance of public education merits and the advancement of education requires."

Dr. Horn Speaks

Dr. Ernest Horn of the University of Iowa, told the research group, placing the vocabulary of the average three year old child at 900 words, and that of the child just entering elementary school at 2,500 words, instead of 400, as formerly estimated.

Bert Haney Quits Shipping Board to Enter Senate Race

WASHINGTON, Feb. 23 (AP)—The resignation of Bert E. Haney of Oregon, democratic member of the shipping board, was placed today in the hands of President Coolidge, the commissioner forwarding it voluntarily after he had refused last August to resign at the request of the president. It is effective March 1.

Serving under a recent appointment, Mr. Haney's term would have expired automatically with the close of the present session of congress unless the president had sent the name of a successor to the senate. He will return next to Oregon where he is being urged to enter the senatorial campaign.

Mr. Haney was requested by Mr. Coolidge to resign last summer because of his opposition to Leigh C. Palmer, president of the fleet corporation, but Mr. Haney refused on the ground that the president's request contained an implication that, by opposing Mr. Palmer he was violating an agreement he had made with the president as a condition of his recess appointment in July.

44 Radios in One Twp.

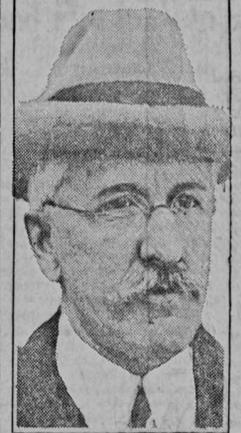

CHEROKEE, Iowa, Feb. 23 (AP)—P. P. Kohms, assessor, reports forty-four radio sets installed in 123 farm homes in Sheridan township, outside of the towns of Cleghorn and Meridan.

He pointed out, however, that a uniform, all-American course of study would not be feasible.

Secretary Wilbur asked the convention for co-operation in obtaining contributions from school children to furnish funds for reconditioning the old frigate Constitution, now at the navy yard, Boston, Mass.

Children have far larger vocabularies than they are credited with, Dr. Ernest Horn of the University of Iowa, told the research group, placing the vocabulary of the average three year old child at 900 words, and that of the child just entering elementary school at 2,500 words, instead of 400, as formerly estimated.

Chicago Pedant Will Head Cairo Museum

James H. Breasted, above, University of Chicago professor and Egyptologist, is slated to be chairman of the trustees of the proposed \$10,000,000 Egyptian antiquities museum in Cairo, for which John D. Rockefeller, Jr., has promised to provide the money. The museum would be the finest in the world.

Oh Cholly! Fashion Experts Put Forth Men's Spring Styles

CHICAGO, Feb. 23 (AP)—Mere man will be a creature radiant to behold this spring if he follows the forecasts of fashion experts at the annual convention of the Illinois retail clothiers and furriers association.

The clothing, they announced today, stand ready to aid and abet men in realizing a long-suppressed desire to get away from dourish garb and emulate the peacock.

Seven colors and no less were prescribed for the correct spring necktie, with handkerchiefs to match. Hose will be of many hues, a tendency to be followed in all dress accessories.

Suits will be conservative but in lighter tones. Coats will be shorter, with broad shoulders and narrow waistlines. Trousers will be out to fit the wearer instead of adhering strictly to modish lines. Light trousers, in gray and tan will be worn with darker coats.

And stiff collars will match the shirts no matter what their hues.

T. K. E. Wins Greek Letter Track-Field Meet at Ames

AMES, Feb. 23 (AP)—Tau Kappa Epsilon, Iowa State college fraternity here Monday won the college's intramural track and field meet, with 23 points. Phi Delta Theta with 22 points was second and Phi Gamma Delta with 19-13 points was third. Robert Luck of Kansas City won the individual honors with first place in the high and low hurdles and the 50-yard dash. He is a member of the second fraternity. Harry Hock, former West Des Moines high school star of the cinders was a large factor in the Tau Kappa Epsilon win.

French Senate Will Begin Discussion of Finance Bill Today

PARIS, Feb. 23 (AP)—The senate will begin discussion of the financial restoration measures tomorrow morning, with the intention of concluding Friday, so that the chamber of deputies may have the bills in hand Saturday.

The senators, though not inclined to put in overtime, have agreed to sit from morning until evening until the bills are passed. The impression is growing that the chamber will accept the senate's amendments, so that the plan for financial restoration may go into effect by the end of the month or soon after.

The radical members of the senate finance committee met with the radical deputies today to exchange views on the situation and reached the general conclusion that a general agreement of uncompromising opposition to the government was impossible under present circumstances.

Blanche V. Watts, Summer Faculty Member, Returns

Miss Blanche V. Watts, former director of the university library summer school, who will again be a member of the summer school faculty next June, will join the university library staff here March 1 as a member of the staff of the order department.

It is expected that with this help in the department, progress will be made at once in catching up on back orders, according to John B. Kaiser, director of the university libraries.

Miss Watts has been at her home in Spencer since the close of the summer school last fall. She is a graduate of the New York state library school.

Sioux City Pioneer Dies at Des Moines

DES MOINES, Feb. 23 (AP)—Mrs. Loella H. Blank, said to be the first white woman born in Sioux City, Iowa, died today at a hospital here after several months illness.

Mrs. Blank was born on January 8, 1857. Her parents were Mr. and Mrs. Curtis E. Lamb who ran the first hotel established in Sioux City. Mrs. Blank's parents left Sioux City when she was ten years old and settled in Center Point, Iowa. She attended Cornell college where she met T. L. Blank whom she married at Center Point on June 24, 1883. Later they moved to South Dakota where she was the first woman to edit a newspaper.

Ancient Machinery Decreases Profit of American Farmers

QUINCY, Ill. Feb. 23 (AP)—Pointing out that the farmer receives only thirty-six cents of every consumer's dollars spent for food, L. J. Taber of Columbus, Ohio, master of the national grange, last night recommended a shortening of the marketing route to eliminate waste.

In his address before farmers and farm leaders attending the Illinois farmers' institute, Mr. Taber asserted that America's marketing machinery is antiquated.

"The unsatisfactory condition of agriculture," he said, "when compared with some of the more highly organized branches of society, emphasizes the need of organization. The formation of great world combinations are all levying tribute to the farmer."

"In this condition it is as perilous for the farmer to try to solve his problems single handed as it is for him to gather his harvest with the sickle or thresh it with the flail."

Sweden's New Envoy Reaches Washington

Wollmar F. Bostrom is Sweden's new minister in Washington.

Hunger Crazed Dogs Kill New York One-Armed Man

YONKERS, N. Y., Feb. 23 (AP)—Henry Griffin, a one armed mechanic, today was found dead on a lonely road, after an encounter with two hunger-crazed dogs Monday.

His clothes were torn away and his body scarred by tooth marks. The torn sod over a large area bore mute witness to the struggle.

One of the dogs was killed today in an outbuilding at Zedler's Grove, but the other was still hunted to night by eight policemen with shotguns.

354-28 Majority Puts Plan Up for Senate Approval

[CONTINUED FROM PAGE ONE] of senate conferees, has led the fight for repeal of the levy in the senate.

House Cheers Green

Asked to name some of the state legislators whom he said had been "bought" by the American Bankers league, to advocate repeal of the federal inheritance tax, Mr. Garner named Speaker Brown of the South Carolina house.

Cheers also were given Representative Green (Republican Iowa) head of the house conferees, when he reported the restoration to the bill of the inheritance tax and claimed a victory in the conference "for the principles of the house bill."

Fight Over Estate Tax

The senate provision for a retroactive reduction in the inheritance tax was the subject of a sharp fight but a motion by Representative Newton, (Republican) to recommit the bill to conference with instructions to eliminate it failed because the motion of Representative Drane had right of way and only one motion to recommit was in order under the rules.

Representative Newton declared that the provision would mean a loss of \$85,000,000 in revenue through lowering of taxes already assessed on estates.

Solons Debate on Aluminum Company

WASHINGTON, Feb. 23 (AP)—The senate spent another two hours today debating the question whether it will order another investigation of the Aluminum company of America and then adjourned without taking any action.

As the session was brought to a close, more than an hour earlier

than usual, Senator Walsh, democrat, who was pressing for action, declared there appeared to be a disposition on the part of the republican leaders to delay matters. Chairman Cummins of the judiciary committee, the principal speaker today, and others assured the Montana senator that this was not the case, that other senators who wanted to speak were not prepared at the moment to address the senate.

KILLIAN'S NEW YORK BUYER'S SALE

This great Sale ends Sat., Feb. 27.

The KILLIAN Cedar Rapids Co.

A master stroke in style and utmost value!

THE culmination of a painstaking effort to assemble a group of Dresses for tomorrow that will give the New York Buyers' Sale a giant stride in the direction of winning further distinction. Special attention is called to Frocks of rich Flat Crepes, defining the latest version of the modified flare. There are also many captivating types in Georgette and Combinations. The colors that claim special mention are Bois de Rose, Cork, Rosewood, Gray, Black, Navy, Tan. Every Dress a spring triumph

\$19.50

Women's and Misses' Coats

Styles that emphasize the youthful tendency!

The most delightful variations of the lighter tones **\$49.50** Radiating in every detail the total of every distinguishing virtue!

Pattern Hats Individual models **\$9.75**

FROM one maker we selected a certain number of Coats; from another creator of fashion we took the best he had to offer; from a third source we obtained styles that possess a certain definite appeal to the younger set. All in all, as a result of our exacting demands, we are now ready to introduce a congress of Coats that will simply "carry the city" with popular favor. Note in particular that there are:

Women's and Misses' Model's, including distinctive Coats from Patricia Petite in sizes 13 to 18 1/2. The sizes for women will embrace 16's to 50's

Emphasis is directed to the Coats in new tones of Gray trimmed with squirrel, and to those shown in Tan, Cork, Wigwam, Croquette, Amarella, Quimper Blue, Green, Miami Rose and Navy. It's a collection of personally selected fashionable Coats that attains the very apex of extra value. Nothing could more clearly demonstrate our Fashion leadership.

Girl's Hooded Rain Capes **\$1.68**

Twill Cashmere and Sateen Rain Capes with reinforced arm slits; in Red, Navy and Tan. Sizes 6 to 14 years. Cut full and shown with excellent workmanship.

Every Woman's and Misses' Winter Coat, still remaining, has been consigned to one of three groups, now sacrificed at \$20, \$40 and \$50

Hats for bobbed heads and for those who require larger sizes. Large Hats. Small Hats. Flattering Turbans, Satins, Taffeta and Straw combinations and a number of very charming felts. Even to detail these Hats will claim the undivided attention of nine women out of ten.

—Killians', Second Floor.

Venus and the Vulgar

WHEN Prof. Edwin Diller Starbuck's lecture on beauty at freshman lectures Friday terminated rather abruptly because of the gimcracks from the parquet it was a most unfortunate circumstance for Iowa. The professor of philosophy lost patience with his listeners after repeated interruptions in the course of his lecture on aesthetics accompanied by lantern slides.

The obvious thing would be to cry "corn" or "roughneck stuff" at this maudlin instance, which is partly justified; but the sensible attitude is to consider the juvenility of it. There would have been no such sorry spectacle had the assemblage been one of seniors instead of freshmen. It was not so much a lack of appreciation of art as a lack of understanding which caused the talk on the principles of art to end in a huff. In his "Ode to a Grecian Urn" Keats wrote:

"Beauty is truth; truth, beauty,
That is all ye need on earth
And all ye need to know."

A moment's thought will show that a misconception of the principles of beauty is all the freshman does not know and all he needs to know.

It sometimes takes four years for college men to outgrow their boyish barbarisms, which is the bottom-most reason for freshman lectures. There could be no more sanguine basis for demanding freshman lectures than the wild, undisciplined outburst of last week.

There is a response and a discipline to audiences more than to speakers. The freshman who can pun about "anno vulgaris" is the man who will laugh at the subtlety of Venus. The conception of freshman lectures is still sound, and will be as long as freshman ears are bent upon wiggling instead of listening.

It Takes All Kinds

"Another night who needs a throttling
Is one who fills his nose and thick-set eyebrow
And thus conveys his scorn for everything—
He is, it must be known, the quasi-highbrow."

—Brown Jug.

EVIDENTLY Brown university is blessed with the same varieties of so-called human beings that grace our own campus, among them such a pest as the "quasi-highbrow."

The corn-fed children from the farm and the insignificant towns who come here, feel the necessity of acquiring a species of sophistication which attacks them with the virulence of disease.

This "wight" comes from high-school to the university and finds that it is possible that the world was not created in six days, and that the country in which he lives may have been engaged in a war for other than purely philanthropic reasons.

His first reaction is one of amazement; followed by the feeling that by acquiring such knowledge he puts himself above the ordinary rank and file of mortals. Whereupon, he becomes cynical, proud of his own knowledge, and more than mildly distrustful of others; in other words, a quasi-highbrow.

We should suggest a short and simple course in self-analysis, required before matriculation in any institution where the mental pabulum distributed is above the consistency of mush.

Acoustics

ON the northern border of the campus we have the new Memorial Union. Its acoustics, at least for speaking, are perfect. At the eastern end of the campus we have the reserve library. Its acoustics are also good. At least each creak of each concave wooden stairway penetrates the academic air.

Each muffled laugh, each unrestrained "hello," floats over the low partition which separates the library proper from the hallway. Tete-a-tetes, infinitely more interesting than "The Influence of Climate on News," are conducted in the hall in regular shifts of sixty minutes each. Then the "thundering herd" stampedes down the hall and the would-be student stares helplessly at the clock for ten minutes. The remedy? At least the palisade could be extended to the ceiling. Or, perhaps we could have one corner of the new and remote field house devoted to a reserve library. Or else—what have you?

Out of the Mud

JOHNSON COUNTY has pulled itself out of the mud. Now to pull Iowa City out of the same predicament. There are many streets in this city that are a disgrace, presenting a problem that should be given immediate attention of the city council.

Templin road, running north from Iowa avenue to River street, on the west side of the Iowa river, is an excellent example of everything a street should not be. This road is the main artery of communication for residents of Manville Heights and deserves more attention than it has received. The ruts are axle deep, chunky, making it practically impossible for an automobile to negotiate it safely.

Thirteen petitions read before the city council Monday night, show that Iowa City residents favor paving. Such a deluge of petitions read and left to be considered certainly indicates that some action is necessary.

Gun Toting

A CERTAIN group of reformers are still leading their fight against manufacturers of small firearms. Revolvers and automatic pistols are largely responsible for the crime wave—that truly permanent wave—if their arguments are sound.

Recently a noted eastern judge expressed the opinion that every citizen should protect himself by possessing a revolver. This is a wise policy. To disarm law-abiding citizens is simply an encouragement to bandits to double their efforts. Such a law would be an insurance policy for criminals.

Just a few days ago some armed citizens and a band of criminals exchanged shots in Chicago. As a result two bandits were killed, one wounded, and the other two captured. There were no casualties on the other side. This one event should be sufficient argument to silence those who are fighting the sale of small arms.

Since no large city in the country has an adequate police force to cope with the criminals, the co-operation of armed citizens is a logical forward step and should act as a brake on crime.

Germany to Normalcy

GERMANY'S industrial recovery from the World war has been remarkably rapid. It has been so rapid that its production has been estimated to be four times as great as the market. Economists have declared that industry is overcapitalized 100 per cent, resulting in 3,000,000 unemployed. Practically all Saxony is at a standstill.

The banking strain is great and the best securities are listed below par. The unexpected crisis is a result of building factories on a large scale, made possible by taking advantage of cheap labor and cheap materials. This factory movement came from a desire of investors to turn available credits in the falling market into tangible resources.

If an outlet to this enormous overcapacity can be found, Germany will rest secure. It was this rapid reconstruction that France feared. Germany's innate economic strength was only temporarily suspended by the war. Her recovery, though now in a momentary stage of depression, will soon be achieved and soon again she will be near the head of the list of strong powers. This strength cannot be military—inhibitions of the Versailles treaty carefully prevent that; but it will come through internal prosperity, more lasting and indicative of a country's real power.

Bankruptcies have been numerous in Germany within the past few months, but state finances are now in a flourishing condition, as shown by the report of S. Parker Gilbert, agent-general of reparations. The potentialities of Germany are as great as ever, but now only lying in wait. The manufacturers of her neighbors have fallen off considerably and it is only a question of time before demand for her products will be found and she will be rolling on the road to prosperity.

Education consists in paying tuition, demanding a faculty of noteworthy scholars, and cutting classes.

There is not so much of self in human nature as one might suppose. The remainder consist in comparison with other selves, and in private conclusions.

A sage has eternity to roam in. Life is such a narrow grave.

The present is a line of cleavage between the past and the future. Faulting often takes place along this line, resulting in tremors and quakes.

The individual who scores the younger generation for its frivolity and lack of seriousness must have passed directly from childhood to maturity and gained his impressions of youth from the Sunday supplements.

Laff That Off!

Eddie: With that tie, you look almost like a man.
Kaye: With that moustache, so do you.
—Wasp.

Poems That Live

Lady Lost

This morning, flew up the lane
A timid lady bird to our bird bath
And eyed her image dolefully as death;
This afternoon, knocked on our window pane
To be let in from the rain.

And when I caught her eye
She looked aside, but at the clapping thunder
And sight of the whole earth blazing up like tinder,
Looked in on us again most miserably,
Indeed as if she would cry.

So I will go out into the park and say,
"Who has lost a delicate brown-eyed lady
In the West End section? Or has anybody
Injured some fine woman in some dark way
Last night or yesterday?"

"Let the owner come and claim possession,
No questions will be asked. But stroke her gently
With loving words and she will evidently
Resume her full soft-haired, white-breasted fashion
And her right home and her right passion."
—John Crowe Ransome, in Fugitive.

CHILLS AND FEVER

LONG LIVE THE COLUMN!
The column conductor who hitched his wagon to a star rode so fast that he contracted a cold; thus, long live the column.

Any old cat may be the cat's whiskers, according to a zoology professor, but it takes a Tom-cat to be the cat's paw.

CHAOTICS
We three sisters live together.
Jane's an austere nun in embryo;
Wears black robes and plain white cuffs and collars;
Poses like a pale-eyed plaster saint
In a waxy niche;
Specializes in good works; visits slums.
Where folks' morals and smells are unsanitary;
Is most happy when most uncomfortable.

Solange paints portraits and her face—both badly;
Speaks the argot of the Quartier
Quotes Montaigne's days;
Curses and damns like an apache;
Advocates free love—(what price marriage, anyway?)
Between cigarette puffs discards indecently
Her inhibitions and complexes,
Anything for a new thrill!

I teach piano lessons all day
To clumsy fingered children,
Who come in limousines with their nurses;
"One, two, three, four!" That's my own life;
Beating time; discords of sharps and flats
When my hungry, mad-for-music soul
Is starved for symphonies;
Once a week, from the third balcony,
I gorge myself to heavenly indignation
on harmony.

We three sisters detect each other,
Strange, isn't it?

Vigilantes Committee Aids Law Enforcement
SPHENANDOA, Feb. 23 (AP)—Stirred by the example of the capture of the Clinton bandits by Illinois vigilantes, citizens of Page county met today at Clarinda and organized a company of vigilantes.

A great deal of petty thieving has been going on in Page county for several years. Farmers have lost chickens, hogs, and other livestock as well as automobile accessories, gasoline, oil, tools, harness, and other farm equipment.

The new organization will offer rewards, arrange a code of signals, obtain arms and assist regular officers.

The Symphonic Choir and Russian Music
(By ROBERT CARLETON SMITH, in The Illinois Magazine.)

THE coming of the Russian Choir to the campus occasions certain reflections not wholly void of interest.

There is every sign today that the music of Russia is coming into its own. The orchestras of the world are giving an increasing amount of time and space on their programs to the works of the Russians, and music-lovers have apparently resolved to make amends for their long neglect of the Russian school by taking every opportunity of performing or listening to Slavonic music, and by seeking all the available knowledge in respect to those masters whose names are linked with the glories of both the Moscow and the St. Petersburg schools of composition.

The Slavs are the product of their environment, and their music as a whole is a true mirror of Slavic racial character, life, passion, gloom, struggle, despair, and agony. One can almost see in its turbulent lyrics and in its haunting, lilting chorals the rich colors of the Byzantine style, the half Oriental atmosphere that surrounds everything with a romantic halo—gloomy prisons, wild mountains, luxurious palaces and churches, idyllic villages and the lonely penal colony of Siberia. A visualization of these things in the life of the empire of the Czars is presented on the program by the Symphonic Choir. And who that has witnessed a Russian burial or observed a Russian wedding will ever forget the appalling gloom of the former, the destructive, rampant wildness of the latter?

While the composers of the Western world founded their creations upon the traditions of the masters, Russian music grew out of the very heart, the joys and sorrows of the common people. The Slavs have had to feel much and as music is the natural expression of feeling, the artistic sense was born many centuries ago. Every Russian artist, be he composer, writer, or painter, by avoiding artificiality, puts into his creation all the idiomatic peculiarities of his race without polishing out the vigor of "naturalness."

This is found even in the Church music which opens the program of the Symphonic Choir. The Eastern church, like that of Rome, suffered from the musical sentimentalism of the nineteenth century, and it has formally returned to the rich and profound traditional modes. The impressive impressiveness of this sacred music has been greatly enhanced by the marvelous Russian bass voice, which is so deep and sonorous that it furnishes a "pedal" support to the choir and makes an accompanying instrument quite superfluous.

The classical music that the organization has listed contains two selections by Rimsky-Korsakoff, the most beloved of native composers. The tenor solo from the legend of "Sadko" contains sensuous and regular melodies much like the Russian folk melodies. There is a "Festive Fete" by the eccentric Tchaikovsky, and also the famed "Pilgrim's Chorus" from Wagner's Tannhauser.

And the Russian folk-songs, that conclude the program, are as rich in intensity as those of any country on earth, but because they are very old, they are often primitive in tonality and disquieting in rhythm. The minor, of course, predominates, as all other primitive music. And in this country we have been made to know well the "Volga Boatman Song" by Feodor Chaliapin. Each of the men take the lead in turn, and the effect is as if each of the singers were actually dragging an immense weight. The other ballads are the record of the history of the race, accompanied by a simple long strain, and the monotonous repetition is lost in the interest of the usually meaning text. The pride

that Rubenstein used to take in uttering the fact that Russia in the wealth of her folk-song was supreme above all other nations is justly founded, for music accompanies moujiks from the cradle to the grave.

The results of this we shall hear in the Russian Symphonic Choir and let us remember that the beauties that emanate from their music is not of a certain class or school, but directly from the soul of the masses.

OTHER CAMPUS YARNS

474 at Parsons
When the smoke had cleared away and the registrar found time to figure up the total number of students who were to attend Parsons College during the second semester he found that there were 474 enrolled to date with prospects of a few more coming in.

During the first semester there were a few over 500 students here, but several of these had dropped out before the end of the semester.

Compulsory Class Dues
The new system of compulsory dues for all class members which has just been formulated by the Northwestern Student council was introduced at meetings of the four classes.

Under the new method of collecting, dues receipts will be given for all paid dues and no student will be entitled to the privileges of his class unless he holds a receipt. The campaign for dues, which are \$1.00 a year, will begin with the meetings and will continue until Friday. Dues paid after this day will be increased to \$1.25.

Academic Pools
Pearls, estimated to be at least 20 million years old, which were found last summer at Canon City, Colo., by Dr. R. C. Hussey, of the Michigan geology department, have recently been acknowledged as such by a number of geologists and jewelers. The pearls, which are four in number, are exceedingly rare, and as yet Dr. Hussey has been unable to find records of any similar discoveries from such an early period.

Use R. H. L. For Text
There are few classes in Parsons college that use a text book that the students are eager to read and study without a forceful request from their professor, but in at least one class in the school a demand to study will not be necessary from the prof because that class is going to use R. H. L.'s Line Book for a text.

Dance Until 1 O'clock
Dancing in Evanston hotels and halls will be permitted until 1 a. m., according to an ordinance adopted last week by the Evanston city council. Closing time on Saturday nights, however, will remain at midnight. The extra hour on week nights was allowed, it is said, to prevent the young people from Evanston being drawn away from home by dances that remain open longer. An attempt by several women's organizations of Northwestern to have chapmans provided for each dance failed to pass.

Northwestern Boasts 3700
Registration figures for the new semester just opened show a total of thirty-seven hundred students to be enrolled at Northwestern. Complete figures and data on the enrollment are not as yet available, according to J. H. Goldthorpe, the university registrar, and only the approximate totals are known. Work is progressing as rapidly as possible, however, and final figures are expected by next week. The College of Liberal Arts leads, as usual, with a large majority, 1,782 students being registered there so far. Of these about 120 are new students, either February prep school graduates or transfers from other schools.

Official Daily Bulletin

The University of Iowa
Bulletins and announcements for the Official Daily Bulletin column must be in the office of the university editor, Prof. Charles H. Weller, room 101 Journalism building, by 4 o'clock in the afternoon to appear in the following morning's Daily Iowan.
VOLUME 1, NO. 123 FEBRUARY 24, 1926

FOUNDERS DAY CLASSES

All 10 o'clock classes will be dismissed Thursday, Feb. 25 in order that students and faculty may attend the Foundation Day exercises at the natural science auditorium. The program is under the direction of the Student Council.
President WALTER A. JESSUP.

TO ALL STUDENTS WHO EXPECT TO GRADUATE AT THE CLOSE OF THE PRESENT SEMESTER, JUNE 8, 1926

Every student who expects to receive a degree or certificate at the university convocation to be held June 8, 1926 should have made his formal application on a card provided for the purpose at the registrar's office, on or before Saturday, March 20, 1926.

It is of the utmost importance that each student concerned comply with this request immediately; for otherwise it is very likely that a student, who may be in other respects qualified, will not be recommended for graduation at the close of the present semester.

Making application for the degree or the certificate involves the payment of the graduation fee at the time the application is made, the payment of this fee is a necessary part of the application. Call first at the Registrar's office for the card.

ANNOUNCEMENT

Attention of the faculties and staff is directed to the present plan of classifying the official daily bulletin column in The Daily Iowan. Announcements signed by faculty members are published under the caption "Faculty Official Notices" and notices signed by students are now printed under the head of "Undergraduate Activities." The purpose of the official bulletin is to bring official and student announcements before the entire university.
W. A. JESSUP.

HEALTH CONFERENCE SECTIONS

The next meeting of the health conference sections for freshmen will be held in the home economics auditorium.
E. HALSEY.

BAEONIAN CLUB

The next meeting of the Baeonian club will be held in room 117 of the natural science building Thursday, Feb. 25, at 7 p. m. Prof. C. C. Nutting of the department of zoology will be the speaker and the meeting will be of the old time sort.
I. H. PRAGEMAN, secretary.

LIBRARY CLUB

The members of the Iowa City Library club will entertain the librarians of Cedar Rapids next Monday evening, March 1, in the drawing room of the liberal arts building. Prof. G. M. Ruch will speak.
JACKSON E. TOWNE, president.

UNDERGRADUATE ACTIVITIES

FOUNDATION DAY CLASSES
All 10 o'clock classes will be dismissed Thursday, Feb. 25 in order that students and faculty may attend the Foundation day exercises at the Natural Science auditorium at 10 o'clock.
Program is under the direction of student council.
President WALTER A. JESSUP.

IOWA DAMES

Iowa Dames will hold a special closed business meeting Thursday, February 25, at 8 o'clock in liberal arts drawing room. All members be present.
MRS. R. C. TRAVIS.

COSMOPOLITAN CLUB

A special business meeting of the Cosmopolitan club will be held Wednesday evening at 7:30 in room 213 liberal arts for the election of officers and other important business. All members are requested to be present.
D. N. ROY, president.

DOLPHIN MEETING

There will be a Dolphin meeting Wednesday evening at 7:15 in the trophy room, men's gymnasium.
R. KILLEBREW, president.

GAMMA ALPHA INITIATION

The initiation of new members into Gamma Alpha graduates scientific fraternity will be held in the senate chamber of old capital at 8:30 o'clock Wednesday, February 24. Following the initiation the banquet will be held at the Iowa Memorial Union. All members are urged to attend.
H. F. JOHNSTONE.

DATES FOR TROUPTS FOR INTERCOLLEGIATE DEBATES

Intercollegiate debate troupes will be held in the auditorium of the liberal arts building as follows: Friday, Feb. 26, at 4 p. m. Blackburn, McIlroy, and Hurd vs. Barr, Horack and Smith, Feb. 26, at 7 p. m. Butterfield, Denman and Nutting vs. Carroll, Stevenson and Fred Maynard, Feb. 26, at 8:30 p. m. Robinson vs. Newman and Toomey. All first speeches will be limited to eight minutes with five minutes allowed for rebuttal. The subject of these debates will be: "the proposed child labor amendment should be ratified."

UNDERGRADUATE MATHEMATICS CLUB

A meeting of the undergraduate mathematics club especially for interested freshmen will be held Thursday at 4:10 in room 301 physics building. Mrs. Wilson will talk on "the circles of Apollonius." This talk does not depend on mathematics beyond high school plane geometry. Freshmen interested in mathematics are especially urged to attend.

OCTAVE THANET

Regular meeting of Octave Thanet literary society will be held Wednesday evening at 7 o'clock.
HELEEN MEINHARD, president.
Y. W. C. A. MEMBERS
All members who wish to vote for officers must register next Monday, Tuesday, or Wednesday morning in the Y. W. C. A. rooms.
PAMELIA DULANEY, president.
[TURN TO PAGE 5]

Victims' Insolence Inspires "Sniping"

First Degree Murder Charges Filed Against Carter

(By The Associated Press) OMAHA, Neb., Feb. 23 — Frank Carter, Omaha's sniper bandit who says he killed because his victims' lack of respect angered him, tomorrow morning will face a police judge in the first of court proceedings by which prosecutors hope to send him to the electric chair.

Charges of murder while attempting to rob and first degree murder were filed against Carter today. The charges are based on the slaying of William McDevitt, a week ago Sunday night and of Dr. A. D. Scarfe two nights later. He has confessed both crimes. Trial within three weeks is expected.

Indifferent to Fate

Even today, more than twenty-four hours after his capture by the constable of Bartlett, Iowa, and four companions, Monday, Carter showed an indifference to his probable fate and disavowed any compunction for the men he shot. He has admitted every charge and has given detectives a cohesive story of his activities here which kept this city in a nervous state for eight days.

Police are investigating the theory that other unexplained slayings were committed by Carter. Including the killing of two men at Sioux City, Iowa last September during a store holdup. He has said he purchased the .22 calibre automatic pistol with its silencer in Chicago two years ago and estimated he had "used it" fifty times, but claims never to have killed anyone before McDevitt.

County Attorney Real Declares Carter is sane.

County attorney Real declared Carter is sane. Carter insisted he is not "queer." A police surgeon asserted he was in the final stages of paresis.

Detectives "Puzzled"

Instead of clearing up his actions, Carter's own statements have puzzled detectives the more. "I know what I've been doing," he said in his formal statement. "All I wanted was three dollars or so a day to live on. I was getting too old and wasn't in condition to work much. As long as I could get a few dollars to live on, I was satisfied." Carter is 45 years old.

An armed guard is kept at Carter's cell. Today he told detective Inspector Danbaugh that he intends to escape. "I'm going to try to get away if I can and I'll kill any number of men that get in my way when I start," he said.

Is Ashamed of Deeds

"It's not the killing that makes me feel bad," Carter said of his victims. "It's the shame of the thing. I should be ashamed of myself. When you get right down to the point of it, I had very little reason to shoot any of the men."

Carter said he will follow his lawyer's advice in court. "If he tells me to plead guilty and throw myself upon the mercy of the court I'll do so," he said.

COUNCIL BLUFFS, Feb. 23 (AP)

Late this afternoon the condition of Ross Johnson, railroad detective who was seriously wounded by the Omaha maniac, was said to be worse. He was in considerable pain and was to be taken to the operating table again. There is considerable swelling in his wounded limb.

Memories of Children of Yesterday Told in Talk Over WSUI by Katharine Graves

"When parents are as crowded by stern necessity as were the parents of yesterday, they cannot give their children the same attention which we enjoy giving now," said Katharine Graves, of the Iowa child welfare research station in her lecture, "Parents and Children of Yesterday," over WSUI yesterday.

"The needs of children everywhere," Miss Graves stated, "have always been the same: exercise, rest, food, companionship, places and time to play, the opportunity to be responsible for their own actions and for helpfulness to others, the development of social interests, and a true appreciation of the finer values of life."

Garland's Child Life

"Exercise was a necessity in the earlier days. Hamlin Garland in 'A Son of the Middle Border,' says: 'My father believed in service. At seven years of age I had regular duties. I brought firewood to the kitchen and broke nubbins for the calves and shelled corn for the chickens. I have a dim memory of helping him split oak blocks into rafter pins in the kitchen.' This is good exercise, but the only objection to exercise of this kind is that it may be too strenuous for the strength of the children."

Westinghouse Agent Consults Engineers

Mr. F. G. Koltman of the Westinghouse Electric and Mfg. Co., now visiting the larger universities and colleges of the middle west, left Iowa City yesterday morning after spending a day in consultation with the senior electrical engineers relative to the employment of the Westinghouse company next year.

Robbers Shoot Two St. Paul Officers and Flee in Auto

Fell Patrolmen Then Fire into Victims When Helpless

(By The Associated Press) ST. PAUL, Minn., Feb. 23 — Police tonight poked into every nook and cranny of St. Paul's underworld in search of two men who murdered two patrolmen here early today.

When nearly thirty men had been questioned tonight, detectives apparently were no nearer capture of the slayers than when they received the first summons to the scene of the murders.

Searched for Robbers

Patrolman John Schultz, 30 years old, and Fred A. Peitsch, 37, searching for robber gangs in the residential districts were the victims. In a few hours last night, seven hold-ups had been reported.

The patrolmen had stopped two men for questioning when the latter, after a few words, shot and wounded the policemen, and then deliberately shot them to death as they lay helpless in the street.

Shot While Wounded

Aroused by the first shots two women, Mrs. Thomas Cameron and her daughter, watched from a window as the gunmen walked over to the fallen men, fired a shot into the head of each, examined them to make sure they were dead, and then fled in an automobile.

Mrs. Cameron notified the police and every detective and patrolman on the force was put on the hunt, with Minneapolis police co-operating by spreading a police net in that city.

Mystery Envelops Cathcart's Release

No Official Record of Order of Reasons on File

(By The Associated Press) WASHINGTON, Feb. 23 — Mystery continued tonight to envelop the reasons which prompted solicitor Theodore Risley, as acting secretary of the labor department, to order the release of Vera, Countess of Cathcart, from detention by immigration officials at Ellis Island under bond.

In the absence of Secretary Davis and Mr. Risley the department today had no official copy of the order itself nor any record of the reasons it was issued. It was indicated, however, that there had been an exchange of messages between the solicitor and the secretary, who is in Florida, before the release order was telegraphed to Ellis Island.

Mr. Risley's return to his desk, after a speaking engagement yesterday in Rochester, N. Y., is expected tomorrow.

At that time acting secretary R. C. White, who with assistant secretary W. W. Husband, was out of Washington when the release order was signed, will get his first information as to why the order was issued.

Reopening of Case Deferred

The absence of Secretary Davis and Solicitor Risley compelled Mr. White and his assistants to await developments and do nothing more than mark time today. Even the decision on the request of the countess' counsel for a reopening of the case looking to modification of the ruling by which the Countess was denied admission to the United States was postponed pending a conference between Mr. Risley and Mr. White, probably tomorrow.

Governor Urges Vigilantes

DES MOINES, Iowa, Feb. 23 (AP) — Governor John Hammill has written to James E. Riden, head of the state department of investigation, calling attention to the work of the Illinois vigilantes in capturing escaped prisoners under sentence from the Clinton county District court recently, after friends of the men had rescued them from officers. The governor urges that all possible effort be made to organize vigilantes in Iowa, as a protection against crime.

At the Theatres

By RUSSELL WILSON

SEA HORSES

A Paramount picture. Directed by Allan Dwan. Presented at the Garden theater.

George Glanville . . . Jack Holt
Helen Salvia . . . Florence Vidor
Lorenzo Salvia . . . William Powell
Cochran . . . George Bancroft
Bimbo-Bimbo . . . Mack Swain
Harvey . . . Allan Simpson
Cordoba . . . Frank Campau
Marx . . . George Nichols

Doffing ducks and sombrero for white chaps and braid Jack Holt leaves his usual western roles and appears as the captain of a freighter in this melodramatic story of the sea, taken from Francis Brett Young's novel of the same name.

That Holt makes as good a captain as he does a hero of the wide open spaces is not to be denied; he looks and acts every inch the part he portrays. Florence Vidor, as the wife on the reprobate Lorenzo, gives us a pleasing heroine. You should watch the work of George Bancroft; he brings an entirely new type of heavy to the screen, a sort of quasi-villain as it were.

William Powell, as the Spanish, drink-sodden husband of Helen, also does outstanding work; the differences between the man Helen married (shown in a flashback) and the man she finds in Ponda are aptly drawn by Mr. Powell.

As for the story, it concerns an Englishwoman who takes passage with her little daughter on a freighter to the island of Ponda where her husband has buried himself for two years. His parents have driven the wife from their home in Spain because the man has stopped sending money to them.

Both captain and crew dislike the idea of having a woman on the voyage but before the ship is four days out Helen and her daughter have won the hearts of all on board. Needless to say Jack Holt finally wins hers. The rest of the film shows the finding of the husband and the results.

Some excellent trick photography is used in creating a typhoon, which threatens to drive the ship on the Sea Harbor—coral reefs surrounding the harbor—and makes the climax of the film.

Settings and photography are good, and, with the exception of a few minor points, the direction can be classed with the other two.

Alpha Delta Pi's Flock Back Home After Feb. 17 Fire

With the exception of three girls the Alpha Delta Pi's are once more occupying their house on 126 North Clinton street, which was partly destroyed by fire early on the morning of Feb. 17. There was considerable loss of property, besides the damage done to the basement, the south end of the first floor and two rooms on the second floor. The loss, approximately \$17,500, was covered by insurance.

Carpenters are now at work repairing and building the damaged part of the house. It is estimated that the work will be completed in about three weeks time. In the meanwhile the girls are occupying the remaining rooms on the west side of the house.

Dozen Registrants Tune in Radios to Study Bird Habits

A dozen persons have registered in the radio course on Iowa Birds, which is being given by Prof. Dayton Stoner, of the zoology department. Most of the registrants are teachers in the high schools and elementary schools of Iowa, although there is one from Illinois. That there are also a number of interested listeners has been evidenced by the receipt of numerous letters and inquiries.

The course is a preliminary discussion on the structures, characteristics, and peculiarities of birds in general and is to be followed by a consideration of the more common Iowa forms with reference to abundance, seasonal occurrence, and economic status, and conservation measures.

Ellis Island Does Not Worry Salm While Money Lasts

NEW YORK, Feb. 23 (AP)—Immigration officials at Ellis Island said today that no question had been raised as to Count Salm's means of support when he was admitted to this country the last time. This comment followed an announcement in Washington by Representative La Guardia of New York that he would ask an inquiry into the count's case.

The officials here said Count Salm was admitted on a temporary permit which allows a residence of from six months to a year, and that the question of support is raised only when there is the probability of a visitor's becoming a public charge.

Satire and Humor Flash in French Comedy Feb. 26

Moliere Play Based on Experience of Dramatist

Moliere's own life is the basis for the French play, "Le Malade Imaginaire," to be given Friday night as part of the French conference held here Feb. 26 and 27. His second wife, with whom he disagreed frequently, and who neglected him, was the inspiration for Belime, the second wife of the malade imaginaire, and other domestic situations in his home life are part of the plot of the play.

This is the last production of the French dramatist, who died only a few days after his performance in 1673, when he was given a tremendous ovation.

Like our English Shakespeare this French dramatist acted in his own plays. He took the part of the imaginary invalid and his last appearance in the comedy undoubtedly hastened his death.

Satire on Physicians

Throughout the play, Moliere avails himself of the opportunity to express his scornful opinion of medical men. Diafoirus, whom the invalid wants his daughter to marry, is typical of the seventeenth century physician, with his belief in ancient learning and his hatred of all innovations.

The long speeches of the physicians throughout the play are characteristic of the doctors then, who always argued at great length about the patient's malady before they made any examination. It is even told that several physicians once argued over a case so long that by the time they went in to see the sick girl she had died.

Humorous Play

Argan, the fretful invalid, is the typical sick man of the twentieth century as well as the seventeenth. He worries greatly about his health because he has taken less medicine than usual when the play begins. He has a boundless faith in doctors which shows the ignorance of the common people then.

The humorous elements of the play will make it highly amusing. Particularly in the opening scene, where Argan appears in his night cap with his medicines all arranged around him and again at the close where his wife believes him dead and breaks into untimely rejoicing, the spectators will find entertaining this comedy of two centuries ago.

Rockford Fire Bug Found Insane; Goes to Asylum

ROCKFORD, Ill., Feb. 23 (AP)—Frank Litts, "Cowboy-Miner" who tried to destroy the horse meat packing plant of Chappel Brothers, and who started several fires at the plant, was found insane by a jury here tonight. This was the defense contention, although the finding will result in his being sent to Chester penitentiary for the criminal insane.

Former English Head Here Member of Editorial Board of Encyclopedia

Clarke Fisher Annesley, for eighteen years head of the English department here, has recently been elected as American representative on the board of editors for the Encyclopedia Britannica. Aside from being the only American on the board, he also has the distinction of being the youngest member.

Many of the present members of the English department here remember Professor Annesley well. He came to Iowa from the University of Nebraska in 1899, and it was largely through his influence that Professors Sloane, Frederick, and Piper began work here, for they are also from Nebraska.

It was during Professor Annesley's stay here that what was known as a "college of fine arts" was established, of which Professor Annesley was the dean. Music was at that time included among the departments of this college. This arrangement lasted for only a short time, but Professor Annesley remained head of the English department until 1917 when he left to spend a time at Michigan. For the last few years he has been one of the editors of the MacMillan company in New York, and it was through their recommendation that he received his present position.

Though a scholar of merit, Professor Annesley did not possess an advanced degree as he did not wish to limit himself to such intensive study in only one field. He spent three years in study abroad.

Chicago Game Here Saturday Next Battle for Hawkeye Five

Freshmen Scrimmage With Maroon Plays

Barry Shifts Lineup During Latter Part of the Workout

Scrimmage was the main order on the basket ball menu last evening and the freshmen and varsity quintets battled through a hard forty minute practice game.

Coach Rollie Williams was on hand after an absence of one day, which he spent at Urbana, Ill., seeing the Chicago-Illinois game. While witnessing of this encounter Rollie gathered a lot of first class dope on Coach Nels Norgren's team. This knowledge he instilled into the yearlings before yesterday's scrimmage and when they took the floor against their older rivals, they were well able to exhibit the wares of the team from the Midway.

"Rags" Wilcox was given the task of emulating Capt. "Babe" Alyea, who has a reputation for being the greatest freak shot in the Big Ten. He has a habit of making them whether they seem possible or not.

Left-Handed Forward

Two good was going through the paces of Zimmerman, the Maroon's other scoring ace, and as both men are left handed, "Buzz" Hogan got a good idea of what he may expect from the Chicago boy on Saturday.

The varsity started out with an offense that looked anything but good to Coach Barry. Time and again the ball was intercepted by the frosh, and often when it was worked into scoring distance a fumble or wild shot would ruin the chance. However, the defense worked well, and the yearlings were kept from scoring a single field goal during the first period.

Changes Line-Up

Coach Barry changed his line up after ten minutes of the second period was over. Phillips took Van Dusen's forward, while "Van" was in turn moved up to Miller's pivot position. This combination continued to work well against the first year men and scored a number of baskets.

Tonight's drill will again bring the freshmen and varsity together in their second scrimmage of the week.

Will Hold Relay Tryouts Tonight

Bresnahan Enters Men in Special Events at Illinois

Hawkeye cinder path artists will race tonight in the tryouts for the Illinois Relays. Coach Bresnahan will enter men in all the special events besides entering teams in the relays.

Four relay events are on the program for the Urbana classic besides nine special events, the 75-yard dash, 300-yard dash, 75-yard low hurdles, 1000 meter run, 1500 meter run, high jump, broad jump, and shot put. Captain Daiber is one of the best men in the latter event in the middle west and stands a good chance of winning the affair.

The team will leave Iowa City Friday night and will arrive in Champaign the following morning. The meet will be held in the evening and the program is arranged so that it will close promptly at 9:30 with the mile relay. The mile relay is the event Iowa hopes to win and Hawkeye track fans will get an opportunity to hear the boys run by tuning in on station WRN, wave length 273 meters, the University of Illinois broadcasting station.

Swims Way Back to Health

SHE HAS BROKEN FOURTEEN WORLD'S RECORDS IN THE PAST YEAR.

By JOHN SORDS.

From a frail and sickly little girl to one of our swimming champions and record-breakers. Such is the accomplishment of Miss Ethel McGary.

Five years ago Miss McGary joined the Women's Swimming Association of New York. She was so weak and frail that her parents despaired of her ever being well and strong. Today she is one of America's hopes for the Olympic water carnival in 1928.

Not only did Miss McGary regain her health but in her first two years with the swimming organization she gained enough strength and vigor to reap honors in the open field of competition.

In the summer of 1923, battling her way through extremely rough waters, she won the national A. A. U. 1/2 mile championship. This

will be made in the national championships for women to be held at St. Augustine, Fla., Feb. 9 to 13. She will start in the 200 and 500-yard free style events.

Of the 16 free style records made by women during 1925, Miss McGary is credited with 14, as follows:

SHORT COURSES	
500 Yards (60 feet)	6:45 1/2
600 Yards (40 yards)	8:25 3/4
700 Yards (40 yards)	9:52 1/2
800 Yards (40 yards)	11:26 3/4
880 Yards (40 yards)	12:38 3/4
900 Yards (40 yards)	12:56 4/5
1000 Yards (40 yards)	15:19 2/5
1320 Yards (40 yards)	18:34 4/5
1500 Yards (40 yards)	21:50 2/5
One Mile (40 yards)	25:35 3/5
LONG COURSES	
500 Meters (55 yards)	7:26 2/5
500 Meters (110 yards)	7:58 3/5
880 Meters (110 yards)	12:56
One Mile (110 yards)	26:33 2/5

Her next competitive appearance will be made in the Illinois Relays. Their height set a new record.

Mann, the Hawkeye sophomore will be a contender in the event on Saturday and will enter the jump with the second best record in the west this year. He is topped only by McGinnis of Wisconsin who made 6 feet 4 1/2 inches to defeat Mann in the Wisconsin-Iowa dual meet.

Harold Osborn's mark of 6 feet 1 1/2 inch stood for four years as a record for the Iowa armory. Until the advent of Mann, McGinnis, who leaped 6 feet 1 1/2 inch last year here was the only jumper to approach the mark.

In 1925 Tom Poor of Kansas and Merwin Graham of Kansas, both members of the American Olympic team cleared the bar at six feet

three to tie for first at the Illinois Relays. Their height set a new record.

Gymnasts, Fencers and Wrestlers to Perform Saturday

Illinois and Chicago Battle Hawkeyes in Varied Program

A three-ring circus will be offered to Iowa sports fans at the men's gymnasium on Saturday afternoon when the Hawkeye gymnasts, fencers and wrestlers meet their conference opponents, Illinois and Chicago, respectively. Inability to shift either the wrestling or the gymnastic-fencing date to Friday night will necessitate the crowded afternoon.

Gymnasts First

The gymnasts and fencers will take the floor at 2:15 and it is hoped to have several of the events completed by 3 o'clock, when the wrestling team makes its appearance. From 3 o'clock on, the competition will be run simultaneously.

The Illinois gymnastic and fencing team will furnish the opposition for the Hawkeyes while the Chicago wrestlers are billed for the wrestlers.

Basketball Next

A few hours after the completion of the triple affair, the basketball team of Iowa and Chicago will clash at the armory, starting at 7:35 p. m.

Carter, Lambert Set Swim Marks

Hawk Speedsters Lead Conference Rivals in Two Events

The 440-yard free style mark of Standish Lambert and the 200-yard breast stroke time of Merlin Carter, Iowa swimmers stand as the best registered by the conference swimmers this year. It has been discovered.

Lambert swam the 440 in the great time of 5:37 6/10 in the dual meet with Northwestern when he defeated Corbett of the Purple team. This time constitutes a new university record. Thus far in the season, Lambert's closest rival is Zaiser of Indiana who swam the route in 5:50.

In the Minnesota meet last week, Carter swam the 220-yard breast stroke in 2:46 and lowered his own mark for the third time this year. Purdy of Minnesota, who Carter beat last week has been timed in 2:50 6/10 and Shorr of Michigan has done 2:52.

Schaefer Leads Hoppe 80 Points in Exhibition Play

CHICAGO, Feb. 23 (P)—Young Jake Schaefer today swept past Willie Hoppe in the third block of their 1,500 point 18.1 billiard exhibition match to lead the 18.1 champion at the half way point of the play 750 to 670. Schaefer established the 80 point margin during ten innings, overcoming a two point advantage which Hoppe gained in yesterday's two blocks.

As in the previous play, young Jake outran the veteran titleholder. He did not approach his record breaking run of 212 made last night, but his best one inning total of 91 was 16 points above Hoppe's best which was 75.

Basket Ball Results

Kansas 27; Missouri 22.
Iowa Wesleyan 23; Central 50.
Chillicothe 30; Kemper 21.

Sinus Trouble May Keep Lutz Out of Illinois Dual

While Iowa swimmers are in the midst of preparation for the dual meet at Illinois, Jimmy Lutz of Des Moines, star fancy diver, is taking treatment for sinus trouble. He is in about the same condition that Captain McClintock was at this time last week.

Lutz came into prominence in the Minnesota dual last week by defeating Carter of Minnesota, national A. A. U. junior fancy diving champion.

Glenna Breaks Record

ORMOND BEACH, Fla., Feb. 23 (P)—Miss Glenna Collet, Providence, R. I., American and French women's golf champion, broke the women's course record by three strokes here today when she qualified with a 79 for the annual Florida women's tournament.

Freshmen Track Men Meet Badgers in Telegraphic Dual Today

Ten Events on Card For Yearling Debut

Award Numerals to Point Winners on Indoor Track This Year

The indoor telegraphic track season for the freshman team opens this afternoon when the first half of a meet with the neophytes of Wisconsin will be run off at the new armory. Coach Brookins, although handicapped by the lack of numbers, has whipped into shape a creditable team, which has beaten the varsity reserves in all their encounters this winter. The Badger freshman team is coached by Mead Burke, whose cross country team was the only one to defeat the Hawks last fall.

The events on the card today are: the 40-yard dash, the 40-yard high hurdles, the mile run, the 440-yard dash, and the running broad jump. Tomorrow the meet will be closed with the following events: the high jump, the shot put, the pole vault, the 880-yard run and the two-mile run. These results will then be telegraphed to the Badger institution and a comparison of the relative times will be made.

Grant Numerals
Winners of points in this meet and those following, both indoor and out doors will be granted numerals at the end of the season. In former years only the points made in the outdoor telegraphic meets were used as a basis for the granting of the awards, but in order to induce a larger turnout, points won in either outdoor or indoor competition will be recognized this year.

Dash are: C. F. Fisher, Duncombe; G. H. Baird, Mason City; J. W. Heberling, Port Byron, Ill.; D. E. Jones, Oxford; H. R. Smith, Schaller; R. H. Moore, Clinton; T. J. Bunn, Pierre, S. D.; K. M. Peterson, Dulliver; D. M. Armstrong, Britt; R. Stamatz, Cedar Rapids; A. R. Kruskov, Layton; P. W. Williams, Onawa; D. L. Godlove, Wellman; G. E. Montgomery, Melcher; C. C. Gray, Melcher; P. A. Schneller, Mason City.

Hurdlers
In the high hurdles Coach Brookins has the following men: D. M. Armstrong, Britt; K. M. Peterson, Dulliver; D. L. Godlove, Wellman; J. A. Rife, Shellburg; H. N. Workhoven, Sioux City; R. H. Fletcher, Spokans, Wash.

Quarter-milers are: G. H. Baird, Mason City; C. F. Fisher, Duncombe; P. A. Schneller, Mason City; J. A. Rife, Shellburg; R. Stamatz, Cedar Rapids; J. W. Heberling, Port Byron, Ill.; P. J. Healy, Cedar Rapids; R. E. Strohmaier, Keokuk. All the sprinters and hurdlers will take part in the broad jump.

In the high jump the following men

Hobart Defeats Sibbert in Fight for Mat Position

In the tryouts for the Iowa-Chicago wrestling meet Saturday Hobart retained his berth on the Hawk team by defeating Sibbert, gaining a time advantage of 9:35. Both men were in poor condition staving a rough and tumble bout. Hobart was not in danger at any time.

Strubbe will have to defend his claim as champion of the 125 pound class tonight when he meets Maley. Maley is trying out for the team for the first time, but should give Strubbe a tough battle. He has been runner up in the 135 pound class several times.

Several new men are working out this week getting in condition for the A. A. U. meet. Larry Kaman, veteran wrestler of Lehigh college is working out regularly. He will be eligible to compete as will Halweg Iowa's 145 pounder. Halweg should go far in this meet.

have shown to the best advantage in the practices: C. J. Hall, Renwick; H. N. Workhoven, Sioux City; R. A. Beeson, Davenport; G. W. Bale, Estherville; A. E. Peterson, Lyons. Coach T. E. Martin has good shot putters in the freshman ranks this year, Don Morrison, Traer; E. Jessen, Waseca, Minn.; W. H. Brown, Red Oak; and C. Forwald, Iowa City, appear to be the best, however.

Three in Pole Vault
But three men have been working in the pole vault, J. W. Barton, Perry; R. H. Moore, Clinton; and H. P. Lockhart, Iowa City. The distance events will be handled by F. H. Barty, Guthrie Center; J. M. Wetzel, Sterling, Ill.; J. McCammon, Perry; D. H. King, Spencer; R. P. Young, Springville; and F. E. Clark, Winfield.

Half milers, who have been turning the best time at present, are, L. Reilly, Iowa City; J. P. McCammon, Perry; and C. C. Gray, Melcher.

Shoot, Sister, Shoot

Central Press Photos

St. Pat's Battle Muscatine Tonight

Local's Victory Will Give Them Prep Championship

St. Patrick's case team will attempt to bundle the final barrier between them and an undefeated season tonight, when they meet the Muscatine prep at the Pearl City. Eight men will leave with Father Volz this afternoon for the contest.

The game will be number thirteen on the Green and White schedule, but the Irish are in good condition with every man ready for the fray. They boast of one triumph over the Little Saints on the local floor, and should repeat, although the opposition is reputed to be practically unbeatable on their own floor. They use a long range offensive, and their accuracy at hitting the hoop is recognized, but the Irish use a varied offensive which leaves their opponents in doubt as to their next move and makes them a formidable rival.

If the Green and White are victorious in tonight's fray they will be in possession of the central states prep conference championship with a perfect record. Among their victims are some of the strongest teams in Iowa, especially the Des Moines Catholic academy and the St. Ambrose juniors.

After tonight's encounter, the Irish will return home for a week of intensive preparation for the conference tournament to be held at St. Ambrose college at Davenport March 4, 5, and 6. Many of the teams entered in the tourney were defeated by the locals during the season, but several other strong teams will also be present. Spaulding institute at Peoria, Ill., national Catholic champions in 1925, will be one of the strongest fives in the meet.

The men who will make the trip to Muscatine this afternoon are Captain Kelly, Grady, Pugh, Glasgow, Kelleher, Smith, Finney, and Walsh.

The Probable Lineup
ST. PATRICK'S MUSCATINE
Pugh R. E. R. E. Freyermuth
Glasgow L. E. L. E. Rosenthal
Kelleher C. C. C. C. Mills
Kelley (c) R. G. R. G. Kratz (c)
Grady L. G. L. G. Plessey

Former Hawkeye Track Star Spends Week-end in Iowa City

Harold R. Phelps, the former Iowa star two-miler and cross country men, spent the week-end in Iowa City. He is now located in Chicago, having recently been sent there from Detroit.

Phelps is running several times a week on the board track of the Chicago Athletic association, but reports that his entry into club competition is doubtful.

Van Deusen Holds High Score Honors

Averages One Basket Each Game for 44 Point Total

With three-fourths of the Big Ten basket ball season over George Van Deusen, left forward on the Hawkeye cage team, is leading his team mates in individual scoring with a total of forty-four points gathered by making fourteen field goals and sixteen free throws. He also has the distinction of being one of a very few men in the conference that has scored at least one basket in each game so far this year.

"Hefty" Phillips who has won fame as being the world's best basket ball pinch hitter is a close second with forty-one points. Captain McConnell is one of the highest scor-
