

# FORTY DIE IN TROPICAL STORM

## Induction Officially Opens School Tomorrow Tens of Thousands Lose Island Homes

### Faculty to Lead Student Body in Annual Ceremony

### President Jessup Will Speak from West Capitol Steps

The seventh annual induction ceremony, symbolic of the opening of the University of Iowa for another year of educational service, will take place tomorrow at 8 a.m.

Students and faculty members will gather informally on the west approach to Old Capitol, below the stone balustrade, for the short service which will begin promptly at that hour. Students will go to their 8 o'clock classes immediately after the close of the brief ceremony.

The response which the student body makes to this ceremony is a fair index of the support which the students will give to university activities during the year. In the opinion of Frederic G. Higbee, professor of engineering, who is in charge of the arrangements.

### Officers Seize Two Men Found Carrying Liquor

### Charles Jackson of City Nabbed With Four Bottles

G. H. Straetner of Davenport, and Charles Jackson of Iowa City, were arrested last night by local police officers and placed in the Iowa City jail on charges of illegal transportation of intoxicating liquor.

County Attorney Bert Russell filed the charges against the two men last night. Up to an early hour this morning the men had not appeared before justice of the peace for preliminary hearings.

Straetner was apprehended yesterday about 7 p.m. by Officers Charles Boeck and Don McComas and Deputy Sheriff A. J. Fuhrman near the intersection of Clinton street and Iowa avenue, as he was entering his car. He was driving a Star roadster at the time with the license number E3491. In his car were 15 gallons of alcohol.

Jackson was arrested later in the evening on N. Clinton street between Iowa avenue and East Washington street. The same trio of officers arrested him. Four half-pints of alcohol were found on his person.

He was accompanied by a woman who gave her name as Helen Jones, 24 years old of 4282 Second avenue, W. Cedar Rapids. She was charged with disorderly conduct and taken to the county jail for the night.

After the arrest of Jackson, officers searched his room on South Linn street where more than 40 half-pints of alcohol were found and apprehended.

If the men are released on bond today they will appear before the fall term of the grand jury, which convenes tomorrow. If a plea of guilty is entered by either of the men they will appear in district court for judgment.

### Four Seek Office Left Unoccupied By Kimball Death

DES MOINES, Sept. 15 (AP)—National politics will divide attention with the completion of the republican state ticket in Iowa until Oct. 1, two weeks from Monday, when the republican state central committee meets here to nominate a candidate for lieutenant governor.

The quartet who have made public their ambitions to move from the senate floor to the presiding officer's chair are Senators Frank Shane of Ottumwa, N. O. Shaaf of Comanche, Arch W. McFarlane of Waterloo and Otto F. Lange of Dubuque.

### Illinois Miners Agree on Scale

SPRINGFIELD, Ill., Sept. 15.—(AP)—Having ratified the new wage scale agreement by a majority of 1,341, a large percentage of Illinois 90,000 miners will be ready to descend into the coal pits again Monday morning. For many of them it will be their first work since April 1.

Announcement of the result of the vote, taken throughout the mining districts Wednesday, was made late today at mine headquarters here.

The vote of 26,838 for ratification and 25,497 against, represented the successful culmination of wage scale negotiations carried on "in spite of the worst campaign of vilification, abuse and misrepresentation that has ever occurred in the history of the union," President Harry Fishwick stated.

### Average Number of Students to Resume Studies

Registration for the first semester of the year 1928-29 will probably be almost the same as those for the first semester of 1927-28, although exact figures are not yet available, H. C. Dorcas, university registrar, said last night.

It is impossible to check up the figures for both professional and non-professional colleges as yet, and late registrations will also increase the present total. The figures now available tally very closely with those of last year.

Iowa Union was almost as chaotic a scene yesterday as it was during the first two days of registration. The schedule of registration given on the number-slips was not followed yesterday, in order that registration might be completed earlier.

### The Weather

IOWA: Increasing cloudiness Sunday night; possibly local showers Sunday night or Monday; cooler Monday and Tuesday in northwest portion Sunday.

Lowest temperature Friday night, 58; temperature at 7 a.m. yesterday, 60; highest temperature yesterday, 83; temperature at 7 p.m. 67. Precipitation for 24 hours ending 7 p.m. yesterday, 0.00.

Cloudy Readings made by Prof. John F. Rely, official government weather observer. Unofficial reading at midnight, 59. Sunrise today, 5:47; sunset, 6:13 p.m.; moonrise, 9:17 p.m.; moonset, 8:06 p.m.

### The Take Off

### Hoover to Invade Enemy Territory

WASHINGTON, Sept. 15.—(AP)—Herbert Hoover closed his desk today to don his battle armor and plunge into the active fight for the presidency.

Turning his back upon weeks of preparation and study, he prepared to invade enemy territory to deliver at Newark Monday a stroke on the very fringe of the home state of his democratic opponent.

As the republican nominee launches his drive in the east, Governor Smith will be speeding westward in an effort to rouse the republican states of the middle west in his own favor.

Before setting forth from his campaign headquarters, Hoover received today fresh views on the political situation in two widely departed states of New York and North Dakota from Senator Capper, who has been in New York, and Senator Nye who told of conditions in the western state. In addition, Hoover talked over conditions generally with Speaker Nicholas Longworth, Hanford MacNider and other former service men with whom he had luncheon at the home of Assistant Attorney General Donovan.

The trip of the candidate to Newark will carry him through a dozen towns in northern New Jersey. Arriving at Newark early in the afternoon he will make an automobile tour of Oranges and Montclair. In the afternoon a call will be paid on Mr. and Mrs. Thomas A. Edison at their home at Menlo Park, where Mr. and Mrs. Hoover will spend the night. A reception has been planned at Newark late in the afternoon, after which the nominee will be taken to the first regiment armory where, at 9 o'clock eastern daylight saving time, he will begin his speech.

### Custer Assesses Bond of \$1,000

After pleading not guilty to a charge of driving a car while in an intoxicated condition, Frank McNamer was given a chance to raise a bond of \$1,000. He was arraigned before Police Judge Paul E. Custer by police who arrested him.

He pleaded guilty to a charge of intoxication and was given a fine of \$5 and costs, which he paid. He will be tried later on the former charge.

### Alumnus Goes to Ohio

Erith H. Smith, 28 of Montrose, left recently for Akron, O., where he will enter the services of the Good-year Rubber company.

### Green Cap Must Appear Monday

By this time, every freshman man should have the green cap, which one of the oldest Iowa traditions requires that freshmen wear.

At the close of the registration line, members of student council supplied each freshman with a coupon which can be exchanged for one of the caps at any of the Iowa City clothing stores.

These caps are to be worn by freshmen from morning until 6 p. m. until a date which will be set later by student council. At that time late in the fall, a mass meeting will be held and the caps will be burned in a big bonfire.

### Bellanca Plane "Roma" to Start for Rome Today

OLD ORCHARD, Maine, Sept. 15 (AP)—Possibility that the Bellanca monoplane, Roma, would take off tomorrow on a projected 4,450 mile non-stop flight to Rome was seen here tonight as Roger O. Williams, Cesare Sabelli and Dr. L. M. Pisculli awaited the meteorological report of Captain Pierre Bonelli, fourth member of the Roma's crew, who was on his way from New York.

Bonelli, radio man and navigator of the party, left New York today preparing flight charts with weather bureau officials.

Williams, chief pilot, on arrival last night said that when Bonelli received favorable weather reports he would join the crew and the flight would start immediately. Today Williams expressed the hope that the Roma could leave tomorrow afternoon. Tide conditions would permit a take off from the smooth beach about 4 p.m.

The Roma has an upper wing spread of 6 feet, 6 inches. Its cruising range is estimated at 5,000 miles. A folding landing gear, of cantilever design, enables the wheels to be drawn into the lower wing to cut down air resistance.

### Brookhart Scores Smith

LE MARS, Sept. 16 (AP)—Sen. Smith W. Brookhart, campaigning for the Hoover-Curtis ticket, condemned Governor Smith, democratic nominee, National Chairman John J. Raskob and George N. Peek, incumbent of the McNary-Haugen bill, in a speech here today.

### Civilian Flyer Killed

SANTA ANA, Cal., Sept. 15 (AP)—Guy Fansher, civilian flyer was killed and one seriously injured in an airplane crash at the Orange county public golf links near here today.

### Smith Leaves on Stump Tour Today

ALBANY, N. Y., Sept. 15.—(AP)—Priming himself physically for the two weeks' campaign tour through the west and northwest he will start on tomorrow night, Governor Smith dismissed official and political cares from his mind today, played some golf and did considerable resting.

The eleven car special train on which Governor Smith, his wife, his daughter, Mrs. John A. Warner, and members of his party will travel will leave New York City tomorrow evening. After a stop of a little more than an hour here, it will head westward at midnight.

The governor has set a limit of six speeches in as many states on the trip, exclusive of the one he is expected to deliver on his return to the state convention at Rochester Oct. 1. His schedule calls for addresses in Omaha Tuesday night, then in Oklahoma City, Denver, Helena, St. Paul and Milwaukee.

The democratic standard bearer has placed a ban on open air speeches and talks from the rear of his train.

### Robinson Renews Attack on G. O. P. At Jacksonville

JACKSONVILLE, Fla., Sept. 15.—(AP)—Almost as far into the south as it is possible to go from what has been the political frontier in recent national campaigns, Senator Joe Robinson continued tonight the attack he has made down the Atlantic seaboard against republican claims to prosperity under the Coolidge administration.

The democratic vice presidential nominee in a speech opening the party's campaign in Florida, dwelt at considerable length upon the opposition farm record and declared Herbert Hoover's suggestion for calling "another agricultural conference, merely points to further delay."

"His suggestion that the development of inland waterways will result in the reduction of freight rates in some portions of the farm area makes clear that his party has only vague proposals for relief after eight years of opportunity to work out a definite plan."

### Lauer Confirms Announcement of WSUI Allocation

Federal Commission Wires Statement Correct

A semi-official notification, confirming newspaper dispatches on the reallocation of WSUI, was received yesterday from the Federal Radio Commission by E. H. Lauer, head of the extension division, and a member of the university radio committee.

The notification, which was sent in answer to a telegram of inquiry sent by Professor Lauer Wednesday, simply confirmed the Associated Press stories which appeared Tuesday morning, stating that WSUI would divide broadcasting time with WOC of Davenport and would be virtually limited to daytime broadcasting.

Every station in Iowa except KOIL of Council Bluffs must divide broadcasting time with some other station, according to the new rulings. WHO of Des Moines, which was touched strongly by the change, is planning to take up the matter with the radio commission, in the courts, if necessary, to have less stringent rulings made.

### Evidence Found of Murder Farm

Four Boys Believed Killed With Ax by Fiend

LOS ANGELES, Sept. 15 (AP)—Gruesome evidence bearing out the report that four boys had been tortured and hacked to death on a "murder farm" near Riverside, Cal., after being kidnaped by Stewart Northcott, 21 years old, alleged fiend, was uncovered by authorities today.

A boy's hand, boy's clothing and a boy scout hat were found buried in quick lime on the chicken ranch by officers digging in search of the victims.

Meanwhile Northcott and his mother, Mrs. Louisa Northcott, were being sought along the Pacific coast and in Canada. The father, Cyrus Northcott, 57 years old, was held here on a charge of suspicion of murder.

The victims of Stewart Northcott, according to Stanford Clark, 15-year-old Canadian youth who revealed the story of the alleged tortures and killings to the police last night, were Walter Collins, 9 years old; Louis Winslow, 12 years old; and his brother, Nelson, 10 years old, of Pomona, Cal., and an unidentified Mexican youth.

Clark, who said he was kidnaped by Northcott in Saskatchewan two years ago, declared the 21-year-old youth had forced him to kill one of the Winslow boys with an axe.

The first killing, Clark told detectives, was that of the Mexican youth, who was killed by a blow to the back of the head.

The Collins boy was brought to the farm next. For a week, Clark related, Collins was subjected to frightful tortures while tied to a bed.

## Tens of Thousands Lose Island Homes

### Razed Hospitals, Ruined Crops, Make Famine Imminent; Panama Canal Shipping and Florida Threatened

(By The Associated Press) The tropical hurricane that has spread desolation across Porto Rico, the eastern shore of Santo Domingo and the Virgin Islands, leaving the threat of famine and disease in its wake, was raking the Bahamas today and was due to strike the Florida coast tomorrow.

A swing to the west would send the hurricane hurtling between Cuba and the southern tip of Florida with possible damage to the gulf states, and a curve eastward would point it upward toward the Virginia Capes or completely out into the Atlantic where it would menace the crowded maritime traffic to the Panama Canal.

Tens of thousands of inhabitants of the stricken islands were homeless. Countless houses, business buildings, mission schools and camps, were laid waste before the onslaught of the storm, described as one of the most ferocious and destructive hurricanes in the history of the Caribbean.

The American Red Cross yesterday appropriated an initial \$50,000 for a relief fund and dispatched a trained disaster crew to Porto Rico on a naval ship from Charleston, S.C.

Ten persons were killed in Ponce, Porto Rico, alone, and damage to property ashore and to shipping will aggregate many millions of dollars. With their rich harvests of coffee and tobacco largely ruined, their banana and citrus plantations leveled, their homes and hospitals shattered, the islands were further afflicted by complete disruption of light and power and a cessation of their water supplies.

A telescopic glance at the West Indian hurricane is: SAN JUAN, Porto Rico.—Seventy per cent of the beautiful capital's homes and 40 per cent of its business buildings believed destroyed. PONCE, Porto Rico.—Ten dead, 700 homeless. HUMACO, Porto Rico.—Thirty dead; widespread damage.

ST. CROIX, Virgin Islands.—Hundreds homeless. TURKS ISLAND, British West Indies.—Two schooners damaged, one reported lost with all hands. PUERTA PLATA, San Domingo.—Bull line freighter, Lillian, driven ashore yesterday.

### 1,200 Freshmen At First Party Of 1932 Class

New Students Meet This Morning at Old Capitol

Members of the class of 1931 attended the first social meeting of their class last night when the annual freshman mixer was held at Iowa Union. The estimated attendance was from 1,900 to 1,200.

With the aim of helping new students to keep vital their church relationships, a short meeting for all freshmen will be held at 10:15 o'clock this morning on the campus east of the natural science building. Students will go to their respective churches after the meeting.

The induction band will play a prelude, and M. Willard Lampe, director of the school of religion, will open the meeting with a brief talk. George F. Kay, dean of the college of liberal arts, will make a short talk, and the meeting will be closed with the singing of "Old Gold."

Printed slips with the words of "Old Gold" on one side and a church directory on the other will be distributed. The final event listed on the freshman program is attendance at the annual induction day ceremony tomorrow at 8 a.m. on the terraced approach to Old Capitol.

Mixer at Union An assembly for freshmen women and one for freshmen men were held yesterday morning. Talks were given on athletics, music, religion, traditions, journalism, dramatics, and debating, and Iowa Union, by members of the faculty most closely connected with those activities.

The freshman mixer was held in Iowa Union at 8:30 p.m. yesterday, with Clark's orchestra from Cedar Rapids playing. Dorothy Gillis, A4 of Osage, president of Mortar Board, and Emerson Nelson, '25, president of the Iowa Union board, were in charge of the dance.

The intermission was given over to a program on student activities, usually given on Monday night, but transferred in this year's program.

Fresh are Good Cheerers The feature of the meeting was the enthusiastic response which the freshmen made to the cheers led by Claire Schaepe, D3 of Sheldon, and Paul Myers, A4 of Osage.

The men greatly outnumbered the women at the dance. After the first few moments of stiffness, the new students mixed quickly and almost no one remained out of the dancing. A number of upperclassmen, most of them members of the university reception committee, were present and helped the freshmen to get acquainted.

Students Give Talks Emerson Nelson presided at the intermission program, as president of the Union board. The following students gave short talks: Fred Schneller, J4 of Mason City, president of Pi Epsilon Pi; Herschel Langdon, L1 of Gilmore City, secretary of A.F.I.; Dorothy Gillis, A4 of Osage, president of Mortar Board.

Ted Behler, A3 of Lincoln, president of Y.M.C.A. and president pro tem of student council; Wanda Jackson, A4 of De Soto, president of W.A.A.; Dick Brown, A4 of Iowa City, captain of the 1928 football team; William Hageboeck, G of Lake Park, business manager of The Daily Iowan, representing Student Publications, Inc.; Ruth Elkeneber, A4 of Chariton, president of Y.W.C.A.; Dan Dutcher, A4 of Iowa City, president of University Players. The intermission program was closed with a feature by Schaepe.

### Fraternities Add New Members to Pledging Rosters to Reach Climax of Vigorous Rush Week

Fraternity rushing is not the cut-and-dried procedure that distinguishes the acquiring of sorority pledges, and with sorority rushing and pledging a thing of the past, the fraternities are just reaching the climax of their rushing season.

Delta Tau Delta fraternity has pledged 13 men to replenish the ranks made vacant by departing seniors. They are: Dale Connell, Greenfield; George Munsacker, Greenfield; Versel Schultz, Fairfield; Robert Pinigan, Marian; Robert Bickley, Waterloo; Lawrence Halpin, Cedar Rapids; Robert Evans, Cedar Rapids; Ralph Piergue, Fort Dodge; Ben Holbert, Manchester; Floyd Ensign, Hawarden; Bonar Hood, Logan; Wallace Huff, Sioux City, and John Field, Des Moines, Ky.

**Phi Kappa Psi**  
Phi Kappa Psi pledges are: Marvin Wright, Des Moines; Calvin Kay, Iowa City; Byron Clark, Oak Park, Ill.; Ohio Knox, Council Bluffs; Wellington Robinson, Burlington; Robert Tapp, Waterloo; Robert Kosh, Burlington; Robert Weaver, Joliet, Ill.; Dudley Weible, Des Moines; Duke Stillman, Cedar Rapids; Joseph Hauseman, Oak Park, Ill.; Joseph Morris, Waterloo; James Graham, Waterloo.

**Sigma Chi**  
Sigma Chi pledges include: Robert K. Vierck, Avoca; J. Robert Shaw, Des Moines; Gordon E. Alexander, Chicago, Ill.; Bennett Burke, Great Falls, Mont.; Brydon G. Myers, Clarion, Pa.; John L. Connor, Hamburg, Pa.; George Holmes, Chicago, Ill.; George Struble, Toledo; George Hill, Jr., Mason City; Edward McCully, Omaha, Neb.; Robert Webster, Iowa City; Elliott Woodruff, Knoxville, and Edward Burchett, Bloomfield.

**Sigma Nu**  
Sigma Nu announces the pledging of Suddeth Rule, Hampton; Harold Heyman, Adel; Beryl Nason, State Center; Robert Baunister, Des Moines; Donald Dewel, Algona; Raymond Nelson, Davenport; Sam Hart, Ottumwa; Benjamin Bowne, Ottumwa; Edward Butler, Council Bluffs; Donald Paisley, Farmington; Wendell Gibson, Des Moines; Richard Tehell, Emmetsburg; Kenneth Greene, Fort Dodge; Regwald Dennis, Cedar Rapids; Arthur Huff, Newton, and William Summerwell, Hartley.

**Delta Epsilon**  
The Delta Epsilon pledges are as follows: Herman Nichols, Farmer City, Ill.; Richard N. Allen, Ossian; Walter F. Horan, Macgregor; Raymond Spain, Denison; William Miles, Des Moines; Ellsworth Fitch, Davenport; Paul Nielsen, Jamestown, N. Y.; Virgil Lewis, Lakota; Roy Weeks, Iowa City, and Harold Jackson, Grand Junction.

**Acacia**  
Acacia announces the pledging of Jacob Wegmuller, Oxford; Oliver Scheib, Guttenberg; Fred Emerson, Iowa City; Eugene Orr, Udell; Otis Livingston, Livingston, Wis.; Clyde E. Moffitt, Mandamin, and Lyle Quinn, Boone.

**Sigma Pi**  
The following men have pledged Sigma Pi: Robert H. Ward, Osceola; Melvin A. Anderson, Elk Point, S. D.; Justice Miller, Cherokee; Marvin Miller, Cherokee; Paul Burs, Dubuque; Keith Carlyle, Jefferson; Gordon Armstrong, Dett; Claire Dellivau, Jefferson; Carol A. Wander, Fen-

### Alpha Deltas Learn of Engagement of Hervey - Brunk

The first engagement of the academic year was officially announced Friday evening when Hazel Hervey, 44 of Ottumwa, announced her engagement to William C. Brunk of Iowa City, at the Alpha Delta Pi house. Miss Hervey is the daughter of Mr. and Mrs. Henry Hervey, of Ottumwa, and Mr. Brunk is the son of Mr. and Mrs. George C. Brunk, of Waterloo. The engagement was announced with the usual five-pound box of candy.

Miss Hervey is a member of Alpha Delta Pi sorority and Erodolphian literary society. Mr. Brunk received his B.A. degree in commerce in 1928 and will take graduate work during the coming year. He is a member of Delta Sigma Pi commerce fraternity.

### Students Married Here Last Night

The marriage of John Murphy, 24 of Perry, and Ella M. Reineke, of Nashua, took place at 7:30 p.m. yesterday at the parish home of Father William P. Shannahan. Mrs. Murphy is the daughter of Mr. and Mrs. C. F. Reineke, of Nashua, and Mr. Murphy is the son of Mr. and Mrs. Tina Murphy of Perry.

### Mrs. Morton Gives Tea in Honor of Texas Relatives

Mrs. Vance Morton, of the Woodlawn apartments, entertained at tea from 4 to 6 p.m. on Friday in honor of her mother, Mrs. James R. Parks, and her aunt, Mrs. Virgie Clayton Lowenstein, both of Houston, Texas.

A color scheme of pink and white was used in decorating the tea tables with a centerpiece of daisies, forget-me-nots, sweet peas and pink. Mrs. Morton was assisted by Helene Blattner and Mrs. E. C. Mable. Dining room hostesses were Isabel Heupel, of Clinton; Dorothea Bostwick, of Denver, Colo.; and Sibyl Tubbs, of Omaha.

### Woman's Club to Open New Season

The Iowa City Woman's club will open the fall club year with an initial meeting at the Iowa union on Friday, Sept. 21 at 8 p.m. A feature of the general meeting will be reports of the national convention at San Antonio, Texas, which will be given by Mrs. Clarence Van Epps, Mrs. Frederick B. Knight, and Mrs. W. L. Bywater.

The executive board of the club will hold a meeting at 2 p.m. at the Iowa Union. A social hour will follow the general program and all club members are urged to attend this meeting.

**Phi Delta Theta**  
Phi Delta Theta announces the pledging of Conrad Brandt, Council Bluffs; Raymond Wright, Tama; Walter Balzer, Davenport; Red Oak; Paul DeWitt, Sheldon; Fuller Blaycock, Newton; Wayne Allen, Red Oak; Don Withington, Tama; Wayne Kauffman, Burlington; Glen Bayless, Davenport; Harold Benson, Sioux City; Leland Kennedy, Great Falls, Montana; Howard Frantz, Burlington; Paul Brandt, Council Bluffs; Rinehart, Sioux City; Luke Faber, Dubuque; Edwin Bowers, Rock Island, Ill.; John Hamilton, Oskaloosa; Edward Rohlf, Waterloo, and Russell Pogenhiller, Morning Sun.

**Beta Theta Pi**  
Beta Theta Pi has pledged Herbert

### Kappa Delta Alumnae Attend Rushing

Alumnae members of Kappa Delta sorority who were in Iowa City during the rushing season were: Dorothy Denkmann, Des Moines; Dorothy Holman, Springdale; Lorraine Hestred, Newton; Esther Wilkins, State Center; Hilda Watters, Wellman; Alta Lamb, Des Moines; Allen Slater, Chicago; Roberta Santee, Chicago; Mildred Cooper, Marion.

### Rittler-Bradley to Marry Tomorrow

Announcement has been made of the approaching marriage of Elizabeth Rittler, daughter of Dr. and Mrs. E. G. Rittler, of Wayland, and Dr. John Bradley, of Wichita Falls, Texas. The marriage will take place tomorrow at the home of the bride's parents.

Miss Rittler graduated from the school of nursing of the university in the class of 1928. She is a member of Zeta Tau Alpha sorority.

**Delta Zeta**  
Martha Blaser, '28, who is teaching at Geneseo, Ill.; Nellie Johnson, '28, who is teaching at DeS, Bouth Woodson, '28, who is teaching in West Branch, and Helen Shaveland, '28, are week-end guests at the chapter house.

**Phi Epsilon Kappa to Hold Open House**  
Phi Epsilon Kappa, national physical education fraternity, will hold open house in the field house Tuesday at 7:30 p.m. All men majoring in physical education, or interested in physical education, or interested attend the open house.

### Charivari Age Past; Cop Nabs Merry Couples

A nuptial joyride proved disastrous to two couples last night when the parties were arrested for disturbing the peace. The cause of the disturbance was a traditional tin can tied onto the back of the car. The couples were riding around, dragging the can and in the opinion of a policeman, making too much noise for the streets of Iowa City.

They were released last night on their promise to appear in police court tomorrow at 9 a.m. before Police Judge Paul Custer, who will decide whether celebrating a marriage in this manner is disturbing the peace.

The joy-riders were George Cooney and Edith Rogers, and Kenneth Dietz and Violet Rogers.

**Alpha Delta Pi**  
Week-end guests at the chapter house are: Helen Springer, Greeley, Colo.; Dorothy Kane, Des Moines; Frances Hanson, Ottumwa; Ruth Clay, Cedar Rapids; and Miss Zimmerman of Minneapolis. All are alumnae of the local chapter with the exception of Miss Zimmerman who is from the Minnesota chapter of Alpha Delta Pi.

**Chi Omega**  
Chi Omega announces the pledging of Velma Dickson of Montezuma.

### Italian Offers Reward for Son

#### Gang Kidnaps Chicago Boy, Asks \$60,000 for Return

CHICAGO, Sept. 15 (AP)—With police pursuing fruitless search and his own efforts to rescue a kidnaped son proving equally futile, A. Frank Ranieri today abandoned his long game and offered a reward to anyone who would bring home his ten-year-old boy, Billy.

For nearly a week the Italian father had hidden the secret of the kidnaping, and for three days more he had resisted every attempt of police to trail the boy.

"In twenty-four hours I'll get my boy back if you keep out of it," he pleaded yesterday, but today the twenty-four hours had passed, the police had raided a resort where they said the youngster had been held, and still Ranieri was without word from the band that had demanded \$60,000 for Billy's return.

Today, Ranieri went into conference with Police Capt. James E. Deoherty and offered \$2,000 reward for the rescue. The reward would be increased to \$5,000 during the night if relatives could add to the fund.

Charges of kidnaping were lodged against Salvatore Mastrolanni, Godfather of Billy Ranieri, and Renaldo Schioldo and their bonds were set at \$25,000 after Mastrolanni admitted to police that he and Ranieri had been together daily since the kidnaping, under orders from the band who held the boy.

### New Navy Bomber at Local Airport

A new navy Martin bomber is resting at the local airport waiting for repairs from its headquarters. The plane was on a flight to San Diego from Cleveland when it incurred motor trouble above Iowa City and was forced to land for repairs.

The ship is called a three-purpose plane. It is used for bombing, observation and reconnaissance. When equipped for battle, it carries three machine guns, and its own radio operator. It is propelled by a 525 horse power Pratt and Whitney motor.

### Graduate Language Courses Announced

The departments of German and French are each offering a special course for graduate students, according to the announcement made yesterday by Carl E. Seashore, dean of the graduate college. Graduate students who do not have their languages certified should take these courses as early in the graduate work as possible, preferably in the first year. Those who wish to change their registration so as to include one of these courses may do so during the first week of the semester.

### Music Groups to Be Named Tuesday

The membership of the men's and women's glee clubs and of the university symphony orchestra will be announced Tuesday morning, following the tryouts which will be completed tomorrow.

Ninety persons tried out for the orchestra, Thursday, Friday, and yesterday. Tryouts will be continued from 9-12 a. m., and 1-5 p. m., tomorrow, in room one, orchestra building, for those who were unable to try out earlier.

Frank E. Kendrie, professor of violin and conductor of the university orchestra, conducted the tryouts. Very few persons have applied for the bass viol and viola owned by the orchestra, and Professor Kendrie will be glad to see any applicants. Free instructions are given in the rudiments of the use of the instruments, and no fee is charged.

The \$120 scholarship for a year's tuition in violin for the concert master of the university is still open, and Professor Kendrie will try out applicants for the scholarship. The concert master leads all first violins in the orchestra.

A large number of men and women tried out before Walter Leon, professor of vocal music, for positions in the two glee clubs. Tryouts will be continued from 1-4 p. m., tomorrow, in the front room, ground floor, 22 N. Clinton street, and the membership of the clubs will be announced Tuesday.

Preparations are being made to move the executive offices and some of the class rooms of the school of music to the new quarters in the building north of Old Capitol, formerly used as a home economics building.

### When Friends Drop in Unexpectedly, Try Mrs. Weaver's Emergency Menu

By LOUISE BENNETT WEAVER

#### Emergency Menu for Unexpected Guests

- Creamed Salmon and Peas on Buttered Toast
- Mashed Potatoes
- Sweet Cucumber Pickles
- Graham Gems
- Orange Marmalade
- Head Lettuce and French Dressing
- Sliced Peaches
- Cocoanut Circles
- Coffee

A shelf in the pantry stored with food for emergency use will prove valuable. It should contain foods that can be quickly prepared for unexpected guests. Several cans of vegetables, fruits, relishes, fish, dried meats and sugar wafers may be kept on the shelf.

#### CREAMED SALMON AND PEAS (FOR SIX)

(This is good for Sunday tea)  
1 cup salmon.  
1 cup cooked peas.  
4 tablespoons butter.  
6 tablespoons flour.  
1 teaspoon salt.  
1/4 teaspoon paprika.  
2 cups milk.  
2 tablespoons chopped parsley.  
Melt the butter in a pan and add the flour, salt and paprika. Mix well and add the milk. Stir frequently and cook until a creamy sauce forms. Add the rest of the ingredients and cook for 3 minutes. Stir constantly. Place hot buttered toast on a platter and cover with the hot salmon mixture. Garnish with parsley sprigs and serve at once. A cake server or broad, flat spoon is suggested for removing the toast and salmon mixture from the platter to the serving plates.

#### GRAHAM GEMS

1 cup graham flour.  
1 cup flour.  
1/2 cup sugar.  
1/2 teaspoon salt.  
1 teaspoon soda.  
1 teaspoon baking powder.  
1 cup sour milk.  
1 egg.  
2 tablespoons fat, melted.  
Mix all the ingredients and beat for 2 minutes. Half fill well greased muffin pans and bake in a moderate oven for 15 minutes. Serve on a tray or in a basket fitted with a small napkin or doily.

Hot breads should always be served in containers covered with cloths to absorb the moisture which collects after the bread stands.

#### COCOANUT CIRCLES (Three Dozen)

(The children will like these in their lunch boxes)  
1/2 cup fat.  
1 1/2 cups sugar.  
2 eggs.  
1 teaspoon lemon extract.  
1 teaspoon vanilla.  
1/4 teaspoon salt.  
1 1/2 cup milk.  
2 1/2 cups flour.  
2 teaspoons baking powder.  
1 cup cocoanut.  
Cream the fat and sugar. Add the eggs and beat for 2 minutes. Add the extracts (lemon and vanilla), salt, milk, flour and baking powder. With the aid of a spatula shape into a roll, 2 inches in diameter. Chill for 2 hours or longer. Use a sharp knife and cut off thin slices, place on greased baking sheets and cover with the cocoanut. Press the cocoanut down into the dough and bake in a moderate oven for 12 minutes.

#### DAILY REMINDERS

Hang out the draperies and curtains on the line in the air. With a good shaking and brushing they will be much refreshed and improved.  
Brush off the silk and paper lamp shades with a stiff brush.

More pleasure in driving your car—you'll keep up with your reading—when you are fitted with proper glasses.

Let us fit you with becoming glasses.

### Give Them Air!

EVERY loyal student of the university wants Iowa to have a good football team. He wants the coaches to give the best of their talents to moulding the available material; he wants the football candidates to work as hard as they can for positions on the team. He will go down to Iowa field to be sure that the coaches and candidates do their best in the practice sessions.

Then he will allow his curiosity to overrule his good sense, and, by his own actions, prevent the coaches and candidates from doing their best.

All this was deduced from observation of the crowd of fans which watched the initial football practice yesterday afternoon. Curious onlookers crowded in upon the active participants so much that they were noticeably interfering with the practice.

Fans should require no second suggestion to avoid such interference in the future. Only a short time is set aside for Coach Ingwersen and his assistants to build a grid machine for the first game. He has had the consideration for Iowa football fans to allow spectators to watch the practice, as long as they do not get in the way or otherwise interfere.

The fans should show at least equal consideration for the coaches and team.

### The Aftermath

ANOTHER rushing season has ended. Every group claims "the best freshmen" who came to school. But what of those who were left? A few are given another chance. Most of them remain "barbs" forever, disillusioned because of their first "failure" in university life.

For three days the freshman girl is rushed madly by sorority actives, assisted by alumni who flock in to push things along. She writes her preference and returns it to the lawyer. Someone has slipped in a black ball and she is left out of the group of her choice.

Then she is completely dropped. The girls she met at the parties do not remember her and fail to speak when they meet her on the campus. She feels inferior, unhappy, and neglected. Often the girl goes home. She may flunk out or change schools.

However, if she has persistence and character and manages to get through the first semester creditably, she is likely to find appreciative friends in another group. She will probably find more happiness there than with the girls in the first organization, of which she knew very little.

### Intolerance

MUCH has been said in the last few weeks about religious intolerance. More should be said, without entering into the political aspect of the subject.

Most Americans, in this modern day, would resent a charge of bigotry. They pride themselves that they are in full accord with the provisions of the constitution which guarantee the right of every American to worship whom, where, when, and how he pleases. Yet, unconsciously, most people have intolerance born in them.

A large part of the narrower religious intolerance has disappeared. Most Methodists are now willing to grudgingly admit that all Presbyterians are not morons, and Catholics can conceive of an intelligent person's being so far shunted from the path of righteousness as to become a Baptist. Enmities between the various sects are less prominent than they have been in the past.

But with this slight improvement, the tolerant attitude ends. The fact that a man may have no definite religion—that he may not be belong to any church, nor prefer one to another—seems beyond the conception of the average American mind.

There is an example of this fact on the University of Iowa campus. Part of the red tape connected with registration consists of answering the questions: "Are you a church member?" and "What church do you prefer?"

Some students, desiring to be perfectly frank and honest, answer the first question and leave the second unanswered. All goes well until they arrive in the checking department. Then, invariably, the demure young checker looks up with an averted and inquiring

lous expression on her face, and asks, "Are you sure you don't belong to any church?" Upon having this inconceivable status confirmed, the young woman falls back, as a last resort, upon the plea, "Well, don't you think you really ought to express some preference?"

Whereupon, the student, who feels somewhat guilty anyway, gives the name of the first denomination he thinks of, or the name of the church across the street from his rooming house, and makes a hasty exit.

This attitude on the part of the checkers is not a policy of the university, but is simply ingrained in the character of the young women themselves. They unconsciously regard it as a disgrace for a person not to be a member of a church. Many of them are, themselves, lax in their religious duties, but all of them feel that their respectability is securely tied up in their church membership. It is an attitude common to most Americans.

Reason and candor would classify this attitude as intolerant. Although it is perfectly legitimate and highly commendable for a minister or a member of a church to wish to convert others to his own particular faith, it is unjust and unreasonable to condemn a person because he cannot reconcile himself to the precepts of that or any other denomination. There are many such "churchless" men and women who live inoffensive, and often very helpful lives. It is un-American to coerce such persons into allegiance to any church by a superior and overbearing attitude.

Today is a good time to give some thought to this religious problem.

### With Other Editors

#### On the Threshold!

(From The New York Times)

The day is nearer when the physiologist will be able to create life. Such is the substance of a message delivered before the British association at Glasgow. An achievement so tremendous hardly suffers from the qualification that the life which the scientist will bring into being will be of the most primitive kind, and that the creation of even so elementary an organism as the sponge would be unthinkable. To the layman the space that separates the primordial cell from the most complex of living organisms is insignificant compared with the gulf between non-life and life. Once that gap has been bridged, the mystery has been solved. Man has stormed the inner citadel of nature, and the rest is only mopping up. But has the fortress really been taken? In the session preceding the one when Professor Donnan made his breath-taking announcement, another scientist expressed the belief that the origin, purpose and nature of life will always remain to "tease, stimulate and humiliate us." And this, despite the confidence of Professor Evans that as science pushes deeper its probe into nature, "there will be found to be continuity between the living and non-living."

This is as much as the most materialistic of physiologists has hitherto asserted. Continuity between the non-organic and the organic means the whole case. If life cannot at present be explained in terms of physics and chemistry, it is because we do not know enough. When our knowledge is complete, all the data for the explanation of life will be found in physics and chemistry, and the "vital principle" is a superfluity and a nuisance. Such a forward stride in knowledge is now announced at Glasgow, which is asked to think of oxygen not only as the fuel of the living cell but as its architect and repair mechanic. The approach to the great mystery is, then, through the rapprochement between physical and "vital" phenomena. But as the outsider sees it, the gap has been made narrower as the result of give and take on both sides. If life is being gradually restated in the formulas of the physical sciences, these sciences in turn are developing formulas that carry much of the mysticism attaching to life. It is easier today to speak of life in material terms because matter today is on the way to becoming spiritualized.

Professor Evans finds that matter, energy, time, space are in the melting pot. The thing that will come out may be something comprehensive enough to embrace the living and the non-living. Professor Donnan believes that we shall yet learn how to describe life in precise mathematical form, "though a new form of mathematics may have been invented." This sadly suggests that for the layman the understanding of life may not be very near. Very few men understand the new physics, so repugnant to common sense, so dependent on a new and complicated mathematics. But perhaps the ordinary man will be satisfied not to understand if he can see the thing done. He knows really nothing about relativity and quantum and the rest of the new topsy-turvy universe. But show him a living cell created in a laboratory and he will be shaken as never before.

### Chills and Fever

#### VERSE AND VERSE

The Daily Iowan must be bankrupt or Scotch or something. Just last night the editor handed me a fist full of letters, containing contributions, mostly poetry. Hence this lazy man's column.

#### FRAGEN

O brazen girls that will not wear Stockings on the places where— Not that I especially care— You really shouldn't quite go bare.

#### C'EST A REPONDRÉ

If you had legs whose curves were fair And felt so cool with nothing there, And not a shred to rip or tear— WHY nothing else can quite compare!

Can't you sense our mute despair When rising from a splintered chair We find our hose beyond repair— Nothing left but to sit and swear?

And when they cost 4 bucks a pair And hardly keep it any air— But if you think it's your affair, Please listen to our humble prayer:

Let us have our pinions bare! P. S. to El Mona. Do I get the choc, eclair Or must I bite and gnaw my hair Shall I frown or shall I caper— Or shall I see this in the paper?

#### PHILOMENA

Why the feminine ending on my last name, Philomena? That's as bad as the circulars I get from mail order houses, including a folder "For Your Wife." There is none, and there are no candidates.

As a reader of my column remarked the other day, "Such is Life!"

#### Lament

Sing a song, sing a song, A pocket full of rye, We're celebrating, celebrating, We're going to fly high!

Shed a tear, shed a tear, Our shame has brought us low; We paid a fine, not so fine, And homeward now we go. —Scotchle.

That's the first thing from Scotchle since her plight—so similar to mine—almost made me buy a ticket for Iowa City. She had nobody to keep her from being lonely, or that is what she stated for publication.

#### Scotchle Again

There's a sign at Farnam and 31st that reads:

Drive slowly, be careful of Children and Animals!

I'm puzzled to know whether the animals refer to the pedestrians or merely to the parents. I would appreciate your help in the future.

Scotchle is in Omaha—or was. The slogan "Pedestrians should be seen and not hurt" has apparently not reached that burg as yet.

A potential contributor who signs herself "Co-ed" wants to be of help. She writes: "I can give most aid in the department of Household Hints, strange as that may seem."

Since there is no such department, perhaps she wants to be my housekeeper. But Hazel, Quad chambermaid, does that work to my satisfaction, if not to my roommate's. Well, "Co-ed," come around to the office. Maybe we can start a household corner full of meaty advice about preparing meals and the like.

All the sorority rushing parties seemed to center attention on the word "cozy." That must have been to lure newcomers from the registration lines.

#### WHY

The Iowa girl is graceful, She has a hip by heck; The streets here are so rugged She'd fall and break her neck. —Silly Sally.

#### Church Corner

Sunday is a good time to consider the sermon subjects with a view to choosing the proper church to attend. Here is a resume:

CONGREGATIONAL: "In the Crush of the Crowd"—very timely for registration period aftermath.

ZION LUTHERAN: "Life: A Time for Sowing."—Here's hoping the pastor explains that he doesn't mean wild oats.

METHODIST: "Where Are You Going?"—Surely he isn't that kind of a pastor, having to ask people that when they start to leave.

UNITARIAN: "LIFE VS. EXISTENCE"—Existence is half of living, you know.

EPISCOPAL: "Be Yourself"—leaving out the other three Kentucky race horses—Boot to Boot, Bagenbaggage, Bubbling Over.

The Original Poet Lariat Again I found her in a church— I lost her in a church— That's why I'm lonesome when I'm in a church. —Rope Ravelings.

And he unravels another: Procrastination You will never know How much I really cared; My cheeks with love did glow, But yet I never dared.

May your skies be ever blue; I'll hide my deep regret And smile as I think of you, And smiling—forget. —Rope Ravelings.

If YOU really can do any better instead of just talking about it, fire in your contributions.

Tomorrow's grind will seem easier after you've been through registration. Luck to you!

—FL. MOXO.

## Official Daily Bulletin

The University of Iowa  
Bulletins and announcements for the Official Daily Bulletin column must be in the hands of Lole Randall, 101 Journalism building, by 4 p.m., or 11:30 a.m., on Saturday, to appear in the following morning's Daily Iowan.  
Vol. IV, No. 3  
Sept. 16, 1928

UNIVERSITY ELEMENTARY SCHOOL  
The University Elementary School will open Monday, Sept. 17, at 9 o'clock.

Children who have been regularly enrolled during the past year and whose parents have completed their registration by mail may appear for work on Monday morning at 9 o'clock.

Children who are new to the school should appear on Friday morning at 9 o'clock for testing. On Saturday morning at 9 o'clock registration will take place for all children who qualify for a place in the school until the quota for each grade is filled.

Apply at the principal's office, room 308 university schools building, for any desired information. Telephone number 3316. PRINCIPAL.

CAMPUS MEETING FOR FRESHMEN  
Campus meeting for freshmen at 10:15 a.m. Sunday, Sept. 16. Students are informed that this meeting will not interfere with their attending church classes at 9:30 a.m. These classes will dismiss in time for attendance at the 10:15 meeting. M. WILLARD LAMPE.

FIRESIDE CLUB  
The Fireside Club of the Unitarian church, a student organization for the discussion of ethical, philosophical and religious problems, will meet Sunday, Sept. 16, at 6 p.m. Social hour and supper. There will be an informal discussion at 7 p.m. Leader: Dr. A. L. Weatherly. Topic: Campus Problems. All students welcome. BETTY MEADE, president.

UNDERGRADUATE STUDY HALLS  
The undergraduate study halls have been moved from the study hall building on Iowa avenue to the second floor, north end of library annex. Reservations for desks may be made by calling at the study hall. GRACE WORMER, acting director of libraries.

NOTICE TO STUDENTS IN SPEECH  
The room assignments for the following new sections in Speech I are as follows:

- GG—T 3 Room 15 L. A.
- HH—Th 3 Room 15 L. A.
- II—M 3 Room 15 L. A.
- JJ—W 3 Room 15 L. A.

### VICE-MINISTER OF JAPANESE FOREIGN OFFICE IS AMBASSADOR TO AMERICA

By KIRKE L. SIMPSON  
WASHINGTON—Arrival here in September of the new Japanese ambassador, Katsuji Debuchi, to assume his duties will make the fourth successive time that the post of vice-minister of the Japanese foreign office has been the stopping stone to the embassy in Washington.

Tsuneko Matsudaira, Masanao Hanihara and Kijuro Shidehara, the last three ambassadors to achieve the coveted Washington assignment, all made their way to that prefecture via the vice-minister job.

The thing has grown almost into a precedent, although the Tokio authorities insist it is merely coincidence. There are even possibilities that a fifth promotion to Washington via the assignment of vice-minister might occur in the course of the next year or two, however, in the event of an upset for the Tanaka ministry in Tokio when the diet meets in December.

Some Washington observers believe such a shift would eventually bring Sadao Saburi, now Japanese charge d'affaires in London, to succeed Debuchi in Washington, via the Tokio assignment as vice-minister.

Debuchi has seen a lot of Washington diplomatic life already. He was secretary of embassy here at one time and also on the Japanese staff of experts on Chinese questions during the Washington conference in 1921-22. He is rated as among the most experienced members of the Japanese career diplomatic service in Chinese matters and will come to his ambassadorial duties here at a time when the policy of Premier Tanaka as for Manchuria is being watched most closely by the Washington government.

Matsudaira is still in Japan and expected to take up his duties in London probably in November, succeeding Baron Matsui as ambassador. The latter has "retired," due largely, rumor has it, to the loss of an autograph exchange copy of the existing Anglo-Japanese navigation treaty, stolen in an English hotel more than a year ago and which was never recovered. It was an unprecedented affair for the Japanese diplomatic service, and compelled Premier Tanaka finally to go to the emperor for a second signature to the treaty, although tradition has it in Tokio that the emperor signs but once.

Petty Theft Cost Job  
Exchange copies of treaties are carried by messenger between the capitals involved and the lost treaty, by suggestion of Ambassador Matsui in London, was given to a member of his embassy staff who happened to be in Tokio when it was ready for delivery to Downing street. It was placed in a special handbag which the messenger kept at his side up to the time he reached a British port when he set the bag down in his hotel room and stepped out a moment. It was not there when he came back and all the detective abilities of Scotland Yard and the British secret service failed to locate it.

The treaty was of no value to any other government and undoubtedly was stolen by a sneak thief for the pennies to be derived from sale of the bag; but its loss cost Ambassador Matsui, as the responsible official, his post in London and sent him to diplomatic oblivion.

MILWAUKEE, Sept. 15 (AP)—Ernie Wingard, southpaw ace of the Milwaukee American Association baseball club hurling corps, has been sold to the Philadelphia Athletics. It was learned the deal brought approximately \$25,000 and two players to the brewers. Wingard who has won 23 and lost 9 games, was obtained by the Brewers last spring from the St. Louis Browns.

### Teacher Wants to Know Your Child, Mrs. Lyne Says

By MRS. AGNES LYNE  
The teacher has been trained for her job. No mere parent can rightly feel that she has anything to contribute to the way her child is taught to read or the method by which he learns his number combinations.

But learning lessons is not all there is to school. Learning to live and work with others is at least as important. The good teacher wants to know the child not only as an intelligence but as a person. She wants to know the surest way to catch his interest and to find the motives that lie back of his conduct. Although she knows a great deal about him from the way he plays, the ease with which he makes friends and the manner in which he faces obstacles, she is often powerless to help him overcome some difficulty because the underlying reasons for the child's behavior are hidden in his home background of which she knows nothing.

Your attention is kindly invited to the arrangement which makes St. Patrick's church the official church for Catholic young men and women who come to Iowa City to enter the University. By direction of the Bishop of the Davenport Diocese in which Iowa City is situated, there is an official and special mass provided for Catholic students on Sunday mornings at nine o'clock in St. Patrick's. Those students who come from outside of Iowa City are expected to attend this mass and should do so whenever possible in preference to other masses. The sermons or instructions given at this mass are especially adapted to the need of the student body. The music at the service is furnished by a student choir. All students who can assist in the singing are invited to do so.

# A HUSBAND AT HER HEELS

By Mildred Barbour

"But the talk is that your marriage is going to pieces. Of course, they all are taking Falconer's part. . ."

CELIA DREW, secretary of BENJAMIN HARRINGTON, is engaged to his son, TOM. Harringtons disapprove of the engagement, and with the aid of

HORACE VAIL, whom Celia has refused to marry, manage to have Celia found locked in an office at midnight with

LARRY CROSS, a dissipated chap who loves her. Tom rushes off, and Celia breaks the engagement when he fails to return.

MRS. DREW breaks down under the shock. FINDING herself ostracized, Celia goes to New York, on the advice of GWEN BURNS, her best friend, rich and socially prominent.

CELIA FINDS a position as secretary to an invalid. RICHARD FALCONER, whose only relative is a scapegrace nephew. In his home she meets an attorney.

JAMES ANNESLEY, Falconer marries Celia on his deathbed, and leaves her his fortune. Celia is called home by her mother's illness, and conceals her husband's death. Her social stock booms.

MRS. DREW asks for her son-in-law, and Celia has Annesley mail her a daily letter, and later decides to ask him to pose as her husband for a few days. She goes to New York, and finds that Annesley has gone to Alaska.

ON HER RETURN, she finds RICHARD FALCONER, posing as her husband. He says that his revolutionary escapades make it necessary for him to pose as her husband in the quiet town. She is forced to agree when he threatens to expose her to her mother. FALCONER becomes a social lion. He proposes to Celia, declaring that he loves her. When she refuses to marry him, he gives her a week to think it over.

CELIA wonders if he is MANUEL, with whom Falconer became involved because of his activities in Central America, and whom he is anxious to avoid.

ANNESLEY, on his way east, stops off to visit Celia. CELIA tells Annesley, upon his arrival, that she is Falconer's wife. She fears that the truth will cause Annesley to drive Falconer away and that the situation will affect her mother adversely.

FALCONER tells her that his visitor has come to interest him in a new scheme for a revolution and demands that she finance it.

CHAPTER 56. THE PRICE OF SILENCE. When Gwen called the next day, Celia described her predicament, behind closed doors, lest the ubiquitous Miss Page should be eavesdropping. Gwen threw up her hands despairingly.

MARIE PREVOST and NED SPARKS in "ON TO RENO" at The Garden Today

Now Showing at the Pastime

hurts me like the dickens to tell you this, but you should know. . . People are talking, thanks to your Miss Page, I'm afraid. The story is that you met a strange man in that little park near the factory. Several women saw you there. Of course they were tipped off and went with that purpose in mind. It was Mr. Annesley, wasn't it?" Celia nodded hopelessly. "They came in search of dogwood," she laughed drearily.

"They came in search of a nice fresh scandal," remarked Gwen. "Of course, they all are taking Falconer's part. He is attractive. If you like that bold, swaggering type—as most women do. They're saying that, once you've been mixed up in a scandal, you'll do the same thing over until doom's day. You know the sort of talk. I could kill them all. You know how I feel about it, Celia. I loathe the gossip, but I had to tell you, so you'd be prepared."

"I know, Gwen," sighed Celia. "You're an angel. The only friend I have."

"There's Annesley," Celia made a despairing gesture. "He couldn't help me now. No, I've got to play this thing out. Heaven knows how it will end, but I must go through with it."

When she went upstairs to her mother, after Gwen had gone, Mrs. Drew asked: "Who are the men who come here in the evenings to see Richard? Miss Page tells me he entertains guests in the old laboratory almost every night. . . Why don't you have them in the living room, Celia? It's so much more comfortable."

"They come on business, mother darling. I think they prefer the laboratory."

Mrs. Drew sighed. "Poor dear Richard. He gets so little pleasure, shut up in the house with an invalid. I'd hoped he'd made some acquaintances. . . And, Celia, I don't like to criticize you, when you're so sweet and thoughtful with me, but I do think you're a trifle cold to Richard."

"Dick isn't much on sentiment," answered Celia, examining the patient's fever chart with absorption. "My dear, if you could see the way he looks at you, when you're not looking his way! How can you say such a thing?"

Celia reached her decision that afternoon. She went downtown and sold some bonds. She returned with a handbag bulging with money. The afternoon mail was lying on the hall table. She glanced at it, half hoping

for a note from Annesley. Then she remembered that he was not the sort that would write to another man's wife.

In the evening she went to the laboratory, where the three men sat with Falconer. She gave them the contents of her handbag.

"There—Shylock!" she said to Falconer. He bent over her hand. The others kissed it, too. She shrank from them and dashed upstairs.

There was only one thing to be thankful for in the whole wretched business. Falconer's new interest—the call of adventure and danger—had, apparently, made him forget his determination to marry her, to have his answer within a week. (TO BE CONTINUED NEXT ISSUE) (Copyright, 1928, M.N.S., New York)

## Railroads Lead Strong Buying in Saturday Stocks

NEW YORK, Sept. 15 (AP)—Strong buying support was provided in today's stock market, which rallied in impressive fashion led by the railroad shares. Week-end profit-taking sales were well absorbed and there was an absence of any concerted "bear" selling. Although the observance of the Jewish religious holiday kept many traders away, trading was fairly heavy, sales aggregating 1,829,100 shares. Bullish enthusiasm was created by the statement of President Walter C. Teagle of Standard Oil of New Jersey concerning a world curtailment of production, by the advance in copper prices to 15 cents a pound and by the prospect of easier call money rates next week.

Railroad shares were under accumulation on the prospect of a sharp increase in freight traffic in the last quarter of the year. St. Louis Southwestern common, which has never paid a dividend, touched a new high price for the year at 11 1/2, a rise of 7 1/2 points. Canadian Pacific, New York Central, Erie common, New Haven common, Missouri Pacific common, Kansas City Southern, Wabash, St. Louis, San Francisco and Chicago Northwest common also recorded substantial gains. Motor products was the spectacular individual feature, soaring 32 points to a new high record at 96, as against a low of 94 in July.

Warner Bros. issues, which broke nearly 20 points and unsettled yesterday's market, snapped back briskly when large buying orders appeared, the common showing a net gain of 10 points and the A stock closing 8 points higher. Fox Film and Stanley Co. of America, also making good recoveries. New high records for the year, or longer, were established by Columbia Carbon, Electric Auto Lite, Fleischmann, Granby Mining, Mid-Continent Petroleum and a few others.

## U. High Classes Start Tomorrow

Classwork in the University high school and the university elementary school will begin tomorrow, with probably about the same number of students that have attended the schools in other years. Registration in the schools has not been completed. The principals expect a larger number of students in this year than in previous years, but the exact registration figures will not be known until tomorrow because of the number of students who register late. Many new students, who were seeking admission to either of the schools, found that the classes were

already filled as nearly all of the old students were returning. The process of registration differs little from that of last year. Students who had attended the school before were told to mail in their tuition in order to insure themselves a place in the school. New pupils brought in fees and tuition yesterday. Qualifying examinations were held Friday for new students in the elementary school. Twenty of the great number examined were accepted and will begin work tomorrow. Farm Bureau to Meet ADEL, Sept. 15 (AP)—The Dallas county farm bureau will complete a series of meetings on the management of poultry from Sept. 17 to 29 with W. R. Whitfield, Iowa State college expert, as speaker.

# Fifty-Six Hawkeye Gridders Take First Workout of Season

## Backfield Candidates Show Class in Drill

### McLain Looks Good in Practice Session; Numeral Winners Find Letter Men Furnish Stiff Competition

Under a hot September sun that melted away excess weight, 56 Iowa football players took their first workout of the season yesterday. While the squad was not as large as anticipated by Coach Burton A. Ingwersen and his assistants, no fault could be found with the quality of the athletes present.

If there ever was any doubt that Mayes McLain was good, no on-looker left the field with it yesterday. He snared passes, hit the backfield charging apparatus, and blocked like a champion. But among the backfield candidates, McLain was not the only one who showed class. O. H. "Nanny" Pape of Dubuque; Leo "Monk" Jensvold of Emmetsburg, and Mike Farroh, Michigan City, Ind., all fudged plenty of ability and it is a safe bet that all of them will do a lot of playing this season.

But the numeral wearers did not have things all their own way for the work of Bill Glassgow of Shenandoah, leading ground gainer of last season's eleven, Jim "Ball" Armil, the veteran Davenport backfield star, and Louis J. Hagerty, Blanchard, looked better than ever. Marvin M. Schmidt, whose specialty has been his defensive strength, and Carl Pignatelli, heavy hard quarterback of last year, did not stand out as flashily as some of the other backs, as neither looks his best until the scrimmages begin.

### Skelley Back Soon

On the whole, Ingwersen's backfield problem of previous years has been solved. No longer is it "who can be put in the game?" but rather, who can be kept out. Burt will find still more competition next week when Leyland E. Skelley, Monticello, star of two seasons ago, reports for duty following a short illness.

At first glance, the line does not seem as strong a department as the backfield, but the material which has reported this season is head and shoulders above that of any other recent year. With the exception of the wingmen, no great trouble is anticipated in filling the positions at once with capable performers.

The chief difficulty with the forward wall candidates yesterday seemed to be that excess poundage was slowing down their charging. If the weather man continues to hold up the kind of temperature he did for the initial days of the season, and Burt Ingwersen continues the same type of workouts as yesterday, the overweight boys will take care of themselves. It was reported yesterday that one of the Hawkeye guards lost 12 pounds during the morning practice.

### Westra at Guard

For both the signal workouts yesterday, Pete Westra received the call for right guard, the position he held down in 1927. Opposite him was Grissmore, a promising soph. Benjamin, Negro tackle from the frosh of last season, and Ernie Jensen, who has been a regular for the last two years, shared the tackle berths at the start.

In no way can this be taken to mean that Fred Roberts, who held down the left guard job a year ago, and Vincent Schleusner, a letter winning tackle in 1927, are out of the running. The choice of Benjamin and Grissmore has little bearing on the final outcome of the battle for positions.

At center, Captain Dick Brown, got the call for signal drill, but the coaches kept their eyes on Magnusson who was working on the second eleven.

Evidently the coaches are trying to uncover some new end material, as Coach Sam Barry worked long and hard at both sessions with flank candidates. The boys all got plenty of running down under punts, protecting the flank and chasing passes.

### Grimm Shows Class

Among the dozen and a half candidates, Lloyd Grimm of Wapello, for two years a major "I" possessor, and Lawrence Reedquist of Ottumwa looked a trifle ahead of the others. Grimm appears to have mastered the style of flank play better than last year, and Reedquist is big and fast and looks like a comer. But O. L. Carlson of Clinton, and Clark Cooley of Ft. Dodge, are still in the running. Gus Mastrogany, another freshman star also shows lots of ability.

A change that may prove to be an important one is the shifting of Marlon Wilcox, stocky Oskaloosa backer, to the line. Assistant Coach Frank Wickhorst, spent a large part of the afternoon showing him the tricks of play. Another likely looking lineman is Denny Myers of Algona, "I" man of last season.

In yesterday's workout, Burt stressed fundamentals and then more fundamentals. In the morning he gave the boys charging practice and then divided the outfit into linemen, ends, and backs. The ends then had a session at running down punts, while the backs got a chance at catching them. The line candidates put

### HERE'S HAWKEYE CAPTAIN

Pictured above is Captain Richard M. Brown, veteran center of the Hawkeye football team, who reported to Coach Burton A. Ingwersen with 55 other candidates yesterday for the first practice. Captain Brown is a cool and consistent center and will make the Hawkeyes a capable leader.

## Big Ten Season Opens When 500 Gridders Report

### Light Workouts Held On Conference Gridirons

CHICAGO, Sept. 15 (AP)—Wrappings of the Big Ten's 1928 football season were ripped off today as more than 500 candidates answered the roll call for the initial practice sessions of the campaign.

Generally, the turn outs were satisfactory but small as many of the hopefuls were unable to get back for the starting gun. Bob Zuppkle's championship Illini turned out in large numbers, 99 reporting for the light practice.

Today's drill with one exception was confined to passing, calisthenics and tackling. Pat Pape, sturdy sage of Indiana's eleven, followed his usual custom by sending his 60 candidates into scrimmage, and the results were satisfying.

### Two Sessions for Illini

Zuppkle held two practice sessions, but refused to explain his latest thrust, the multi-lateral offense. Thirteen lettermen were back in the fold, including Frosty Peters, who worked out as quarterback with the Gaid squad.

Coach A. A. Stagg started his thirty-seventh year as director of Chicago's football destinies with a disappointing turnout of 35 men, but many had wired they would be unable to report until Monday. Ten letter men reported, and Stagg immediately started work on his line problem.

Another disappointing response was made at Northwestern, where only 51, the smallest turnout in years, reported. Hanley spent most of his time today with the line, which is weak. "Rut" Walter, all conference champion in the 440 yard dash, reported for an end position.

### Pleads for Winner

Coach John Wyle, who is coaching his last year at Ohio State, told his men his single interest this season was to turn out a winning squad and his candidates went to work with alacrity.

SIXTY-six men turned out at Ann Arbor, among them Bruce Hurlbert, a 238-pound Chicagoan, who will try for a guard position. Michigan's opening drill was confined to passing, and posing for pictures mostly.

Passing, the bucking, calisthenics and blocking comprised the opening practice for the 75 who turned out at Wisconsin. Every man called reported except Stanley Benish, veteran tackle, who was home in Green Bay, Wis., where his mother is ill. Sixty aspirants reported at Minnesota and among them were 10 lettermen.

## This and That In Sports

Current Comment By Jim

Fifty-six candidates answered the call of Coach Burton A. Ingwersen for the first football practice session yesterday morning. It looks like a bad case of stage fright for Mack's pennant contenders, and we venture to say that if they should come through now and win the pennant that this same stage fright would cause them the loss of the world's championship.

Mackmen have been unable to take the measure of the Hgmen with any degree of regularity. It looks like a bad case of stage fright for Mack's pennant contenders, and we venture to say that if they should come through now and win the pennant that this same stage fright would cause them the loss of the world's championship.

During the course of yesterday's football practice we happened to glance down toward the south end of the stadium. The first thing that our eye sight rested on was the scoreboard. We couldn't help but think how antiquated that scoreboard is. Other Big Ten schools have up-to-date scoreboards which enable the spectators at all times to know just what is going on. It is often the case that spectators at games on Iowa Field are left utterly in the dark as to just what the play is and what this or that penalty is inflicted for. One wonders if it wouldn't be possible to install an up-to-date scoreboard for the coming football season.

## City Nine to Play Rex Indees

This afternoon the Iowa City Independents tangle with the Rex Indees of Davenport in a baseball game played at the city park today at 2:30 p.m. If the local fans turn out for the game, it is probable that more encounters will be scheduled for the Independents. Otherwise, no more games will be played this season.

## Cochet to Meet Hunter in Final At Forest Hills

FOREST HILLS, N. Y., Sept. 15 (AP)—American tennis is to have one of those battles of the rapier and the blade. The fencer's blade of Henri Cochet of France, is to be pitted against the slugging power of Francis T. Hunter, the lone surviving American, in the final for the national singles championship here Monday.

Wielding these weapons with infinite skill and telling effect, Cochet and Hunter marched through their semi-final rounds this afternoon, before a howling, cheering, applauding crowd of almost 10,000 fans. Hunter defeated George Lott of Chicago by scores of 6-8, 6-4, 6-3, 6-4, and Cochet, master of the gulleful stroke, outpaced Frank Shields, lanky national junior champion, 6-2, 8-6, 6-4.

For this particular day it was written that youth should not be served. However, the two who were seated gave all kinds of promise for future tennis greatness, particularly the lanky Shields whose cannonading service and skillful court craft, recalling the Big Bill Tilden.

Earlier in the season the Independents were beaten 8 to 2 by the crack Davenport nine.

### Marshall Field Entry Captures Belmont Stakes 15 to 1 Shot Wins From Classy Field

NEW YORK, Sept. 15 (AP)—Marshall Field's High Strung, at 15 to 1, raced the pick of the nation's two-year-olds off their feet today to win the Belmont park futurity.

The chestnut son of High Time and Emotion raced into an early lead and held on to win by a nose in a driving finish from J. J. Coughlin's Roguish Eye, western thoroughbred, G. D. Widener's Jack High, one of the two outstanding favorites, was third and G. A. Cochran's Healy fourth. E. R. Bradley's Blue Larkspur, which was the betting favorite, at 5 to 2 on the strength of his imposing record this season, never was in the running and finished far in the rear.

Forty thousand race fans saw the Marshall Field colt establish a new track record of 1:19 flat for the six and three quarter furlongs and win \$97,990 for his owner. Roguish Eye's share of the purse was \$12,600. Third place brought \$6,800 and fourth \$1,000. Roguish Eye paid 10 to 1 to place and Jack High even money to show.

Twenty-four colts got away in a perfect start and Jockey L. McAtee lost no time getting High Strung into the lead with Roguish Eye second and Jack High third. Almost from the start it was strictly a three horse race with Jack High losing ground rather steadily near the finish. At the final sixteenth High Strung was leading by a length.

F. Cottitelli who had the mount on Roguish Eye, made his bid and the western colt gamely crept closer to the flying leader. At the finish only a nose divided them. Jack High was four lengths back with the fourth place Healy ten lengths more to the bad.

The futurity was the outstanding feature of Belmont's closing card but there were two other attractions—the \$35,000 grand national steeplechase and the \$15,000 Jockey club gold cup.

If any doubt remained as to the year's leading three year old, Mrs. John D. Hertz's Reigh Count, winner of the Kentucky derby, dispelled it when he captured the gold cup, running over a two-mile course.

The Hertz thoroughbred raced a fast field into submission and won in rather easy fashion with Chance Shot second and Display third. Reigh Count, the favorite at 7 to 10, ran the distance in 3:32. Earl Sande, riding his last race, had the satisfaction of bringing Chance Shot home in the place position.

The grand national went to Mrs. Payne Whitney's star jumper, Jolly Roger, an odds on favorite at 1 to 2. Jolly Roger covered the three miles of jumps in 5:47.5. Ruler was second and Skeddadle third.

### Fraternities Add Pledges for 1928

(Continued from Page 2)

### Forlorn Flivver Awaits Master in Corner Near Police Station

Sad, forsaken and forlorn, a dilapidated flivver is sitting peacefully and quietly in the corner back of the city hall.

No gasoline to get hot on, no water to cool off with, no loving little master to caress her. The forsaken pile of wire and tin leans against the corner of the police judge's office and waits.

But she will wait in vain. For the owner has decided that he must go to school and that he does not have enough money to resurrect the faithful servant in the eyes of the state automobile department.

When picked up by one of the local police officers, the walt had

only one number plate on, and that did not correspond with the license tag on the inside of the car.

The license tag called for a coupe of two years newer model than was the stray one. Officers objected to this, and so the poor lonesome flivver was separated from a still poorer student.

Sad though it may be, no longer will the faithful, willing, but dilapidated one stand at the curb of the campus and paw expectantly as she waits for the loving master.

But the law must have its way. There was a day when Eva and Uncle Tom parted, and the world is little better today.

NEW YORK, Sept. 15 (AP)—St. Lukes hospital, Ponce, Porto Rico, was destroyed in the hurricane which swept the island yesterday, a cablegram to missionary headquarters here of the Episcopal church disclosed tonight.

### Seeks Wealth

Mrs. Thomas Deno of Chicago, who is now in San Francisco contesting for the \$18,000,000 estate of the late J. L. Flood. Mrs. Deno claims to be Constance Flood, the millionaire's missing daughter.

**Speeding Justice** CEDAR RAPIDS—When Lyle Capper of Lisbon heard that J. H. Travis, a justice of the peace, had a warrant for his arrest, he pleaded guilty by telephone. The justice received a check for the fine this following day.

### 20 Republicans Go to Davenport

A number of local republicans are expecting to go to Davenport tomorrow evening where they will attend a meeting of the G.O.P. leaders of the second congressional district.

Kenneth M. Dunlop, chairman of the republican central committee, said last night that 15 or 20 men and women will attend.

The republicans of Iowa have been holding district meetings since the first part of last month. This is the first all-district meeting held here.

### More Interest in Journalism Seen at Registration

An unusually large number of persons are taking courses in the school of journalism, registrations in the sixteen courses totalling 468. Seventy-two persons have registered for the introductory one-hour course, fifty-five for the reporting course, thirty-eight for the news editing and copy reading course, and twenty-seven for the class in editorial writing.

Twenty-four persons have registered for the course in the community newspaper, while forty-four have registered for the course in the arts of printing and engraving and for the course in newspaper organization and management.

Thirty-six have registered for the course in writing advertising, and the same number for the course on the history and ethics of journalism.

WILKES BARRE, Pa., Sept. 15 (AP)—Dr. Harry H. Hoffman of Ashland, was convicted of murder in the second degree today for slaying his wife, Gladice, who was beaten to death with a hammer July 21.

## McNamara Furniture Company

In the Fall, One's Thoughts Are of Home

A summer of vacationing, and one is impatient to be home again. A summer of slip-covers, rugless floors, simple draperies—and how good it is to see one's furniture once more revealed and one's rooms take on a home-like air. But don't let your joy blind you to any imperfections that exist, and which can be easily remedied here. Whether it is an entire room, an entire house, or a single piece that you require, remember we are specialists in home decorating, in fine furniture, and in value-giving prices. See us first.

Trade in your old furniture as part payment on the new—Ask us about this Service. Ask us about our Pay-Out-of-Income plan. You may use your furniture while you're paying for it. You'll enjoy shopping in Iowa City's largest store. 25,000 square feet of floor space loaded down with home comforts.

# Bobby Jones Overwhelms Perkins in Match for National Title

## Wins Fourth Crown in Decisive Fashion

### Crushes British Champion 10 and 9 in One-Sided Match; Runner-up Takes First and Seventeenth Holes

BRAE BURN COUNTRY CLUB, NEWTON, Mass., Sept. 15 (AP)—The rather stoutheaded but exceedingly business-like young man who dominates American links strode up and down the hills of Brae Burn today wielding a niblick that dealt death and destruction to the hopes of British golf in general and the ambitions of Thomas Phillip Perkins in particular.

While a pop-eyed gallery of some 6,000 spectators scrambled to watch him in astonishment, Bobby Jones crushed the champion of Great Britain, 10 up and 9 to play, in the most one-sided match for the amateur championship of the United States in 33 years. The great Georgian thus completed his ruthless march to a fourth national amateur title in five years and his eighth triumph in six years in either an American or British national tournament.

His fourth, and by long odds most decisive amateur victory equals the record of Jerome D. Travers, only other man to win the American crown four times. Bobby's achievement is even better, however, for he has been a finalist five straight times while Travers spread his triumphs over a seven-year period.

**Invader Goes to Pieces**  
Perkins, the first Briton to reach the American finals since Harold Hilton was victorious in 1911, was no match for Jones today.

Whether he could not forget the 13 and 12 thrashing he absorbed two weeks ago at the hands of Jones or whether the tension of the title match was too much for him, the invader's game went almost completely to pieces.

Perkins won only two holes, the first and seventeenth. His approximate medal score, at best, was 17 strokes over par on the 27 holes while Jones was exactly even with standard figures. It seemed almost ridiculously easy for the American to gain a lead of six up at the end of the first 18 holes, where he had one streak of winning eight out of ten straight holes and settle the match at the 27th green. There, with his ball some seven feet from the cup and Bobby's inches away for fours, Perkins walked over to congratulate his conqueror.

Only one other man in the history of the American amateur tournament has suffered any more overwhelming defeat or failed to carry the issue beyond the 27th hole. That was in the first tournament held in 1885 at New Port, where Charles B. Macdonald of Chicago, crushed C. E. Sands, 12 and 11.

**Wins by Big Margin**  
Jones has won all four of his championships by devastating margins but never as decisively as this time. He beat George Von Elm for his first title, 9 and 8, in 1924. In 1925 he beat his fellow townsman, Watts Gunn, and in 1927, conquered Chick Evans, both 8 and 7. In his last three matches of this tournament, after a narrow escape in a 19 hole match with Ray Gorton, Jones has in succession beaten John Beck of England, 14 and 13, Phillips Finlay of Harvard, 13 and 12, and Perkins, 10 and 9.

As for Perkins, what little resistance he put up today was crushed by the deadly fashion in which Jones played his shots to the green. The combination of these approaches with his usual consistency featured the champion's game.

### Conference Coaches Interpret New Rule

CHICAGO, Sept. 14 (AP)—Big Ten football coaches today placed a new interpretation pertaining to the shift whereby any man on the end of the line, and no other man, may move laterally but not forward without penalty.

The interpretation, designed for Big Ten contests only, was made, the coaches explained, so as to prevent offensive players from having too much of an advantage on members of the defensive eleven, the rule, however, does not apply to a back or any other line man.

Under the new conference interpretation, the player at either end of the line may be in motion before the ball is put into play, but he must come to an absolute stop before the center passes the ball. No other player, however, of the offensive team, such as a wing back, may be in motion or deploy himself in such a manner as to take unfair advantage of a member of the defensive eleven.

### Plan Farm Bureau Meet

CLARINDA, Sept. 15 (AP)—Meeting here, the Pacer county farm bureau has planned a 1929 program which includes: organization work with a goal of 1,000 members; a county-wide soil improvement program; a township program with a goal of five standard farm townships; and a course in first year home management.

### Graceland College Opens

LAMONI, Sept. 15 (AP)—Graceland college has opened its school year with an enrollment of 250, eight per cent larger than a year ago. About half are freshmen. New courses are offered in engineering problems, history, modern religious thought, geology, dramatic production and phonetics.

### Millions in Tobacco

HAVANA—Cuba exported \$35,750,742 in tobacco during the 1927-28 season, an official report of the agricultural department says. Of the total amount \$10,754,064 was in cigars and \$24,986,678 in cigarettes. The balance was in crude and cured tobacco in the leaf.

## Fleet Finns

NATIONAL ALLIES BUT PERSONAL ENEMIES THESE RUNNERS HELPED FINLAND TO SCORE A MORAL VICTORY IN THE 1928 OLYMPICS.

By QUIN HALL  
With only a handful of athletes entered in the various events it is pretty generally conceded that Finland won what might be termed a moral victory in the 1928 Olympic games held in Amsterdam.

Finland, whose population is less than half the population of New York city, sent 33 men to Amsterdam and scored five firsts, five seconds, four thirds, one fourth, two fifths and four sixths, for a total of 102 points under the American system of scoring, or an average of more than 3 points for each entrant. On that basis the laurel wreath of moral victory goes to Finland just as it went to Finland in 1912, 1920 and 1924.

In another respect Finland's Olympic record stands out as its points were scored in the competition which can be classed as natural—such as the runs and steeplechase—whereas most of the United States points were rung up in the trick or acrobatic competitions.

As in the 1924 Olympic games at Paris two of the outstanding performers who brought glory to Finland again this year were Paavo Nurmi and Willie Ritola, the two flying Finns, whose records of achievement both here and abroad are highly respected.

While Ritola has lived in the United States since the war he still represents Finland in the Olympic meets and an interesting sidelight on these two feet-footed cinder path stars is that they are bitter enemies. Paavo accused Willie of trying to steal his thunder in the 5,000-meter race in Paris in 1924 and since that time they have worked as allies for Finland but otherwise are rivals.

PITTSBURGH, Sept. 15 (AP)—The Pittsburgh Pirates established themselves in fourth place in the National league race today by defeating Cincinnati 6 to 1 in the last home game at Forbes field.

Scores:

Cincinnati ..... 000 000 001-1 9 0
Pittsburgh ..... 010 020 03*-6 12 1

Batteries: Ash, Johnson and Hargrave; Hill and Hemsley.

## Senators Trounce Tigers 12 to 2

DETROIT, Mich., Sept. 15 (AP)—Washington slugged out a 12 to 2 victory over the Tigers in the first game of the series today. Sam Braxton gave ten hits, but kept them well scattered.

Scores:

Washington ..... 230 310 012-12 19 0
Detroit ..... 200 000 000-2 10 3

Dairy Show Attracts

WATERLOO, Sept. 12, (AP)—While dairy cattle will be the chief attraction at the nineteenth annual National Dairy Cattle congress, Oct. 1 to 7, other features at the local exposition will include a Belgian horse show, a poultry congress, and a series of collegiate and non-collegiate judging events.

Officials—Montague in 5th.

\*Batted for Hudlin in 5th.

Athletics ..... 001 002 020-5

Cleveland ..... 000 000 000-0

Summary—Runs batted in, Haas, Fox, Miller, Hale, 2; two base hits Miller, Conklin, Fox, Langford; sacrifices Quinn, Dykes, Fox; left on base Philadelphia 6, Cleveland 5; bases on balls off Hudlin 2; struck out by Hudlin 3, Underhill 1; hits off Hudlin 7 in 8 innings, off Underhill 9 in 1 inning; hit by at-batter, by Quinn (Montague); losing pitcher Hudlin.

### Politics Turns Leaders' Tours to West States

#### Three Candidates to Invade Farm Belt This Week

By D. Field Brittle  
(Associated Press Staff Writer)

CHICAGO, Sept. 15 (AP)—The west looks now on the political horizon, drawing three of the four presidential and vice-presidential standard bearers to its important sector while the other liners begin to continue the fight in the east.

Within a few days only Herbert Hoover of the quartet will be east of the Mississippi, held there by his scheduled speech in New Jersey, while Alfred E. Smith will be carrying the democratic flag through the farm belt on his first drive into the country that will take him in quick order to Nebraska, Oklahoma and Colorado and then back home through the northwestern states.

Through much of the same region Senator Robinson, the governor's running mate, is to travel and make speeches on his way to the Pacific rush through the south, defending Smith as he went. The trails of both democrats may be crossed during the next ten days by Senator Curtis, republican vice-presidential candidate. After preaching republican faith throughout New England and the east, Senator Curtis now has turned to the west for a rapid fire campaign in thirteen states.

**Candidates Rest**

Smith and Hoover turn to their speech making after a week of quiet endeavor, most of which was under surface activity of organization work. Both candidates drew the public's quickened interest for a space, however, Smith issuing a detailed statement that had to do with "nailing a lie in the whispering campaign," while Hoover conferred at length with President Coolidge after which it was disclosed that the executive desires to do what he can to hold his former cabinet officer.

The Smith statement concerned an underground story that he was intoxicated when he recently attended the New York state fair at Syracuse. It came shortly after Chairman Wood of the republican national committee, decried a "whispering campaign" as harmful to both sides and as "without the sanction of authority" of the national committee.

**Prohibition Sore Spot**

In the areas below the Mason-Dixon line and west of the Mississippi prohibition and farm relief remain the sore spots, hard pressed as an issue by religion that comes more and more to the surface as November nears.

Governor Smith's modification views inspired a battle of Texas democrats at the state convention, endorsed Smith, over Governor Dan Moody promising his support.

A leadership for democrats who are opposed to dissenters at Memphis representing 17 states. They issued a declaration that Smith had "bolted" the Houston platform on prohibition and had thereby released democrats from any obligation of support. In the Atlanta congressional district, Rep. Leslie J. Steele, a Smith advocate, won renomination by a good margin over the very drp and anti-Smith former Rep. William D. Upshaw.

**Religion Dominant**

The religious issue remained a dominant theme in the church field, a Topeka, Wash., Methodist Episcopal bishop calling upon the clergy and laity to join the campaign against Smith and "any move to bring liquor back to America," a Peoria, Ill., Methodist Episcopal preacher urging his hearers to vote against the governor "because he is a drinking man," and a Dallas judge advocating withdrawal of "patronage" from pastors who circulate "false slanders" to alienate uninformed democrats.

As if to offset activities of others of the cloth, five mid-western preachers offered to take the stump on behalf of Smith, in Illinois a Catholic bishop demanded a letter to all his priests that they "leave outside the Catholic church the unholy, unjust, unwise and un-American task of dragging religion into politics."

**Mid-West Active**

Nebraska, where Governor Smith will make his first western speech, has given him the endorsement of its state labor federation and has given to Hoover a former anti-Hoover leader, Mark W. Woods, who led the Nebraska anti-delegation to the Kansas City convention. Nearby in North Dakota, Hoover, Governor Madsen, an independent allied with the republicans and leader of the G.O.P., delegation to Kansas City, has decided to run for re-election as a democrat.

Charles L. Mott, vice president of General Motors, endorsed Hoover and called for a republican congress for economic reasons. Others of the central motors chieftains already have endorsed Smith and Hoover according to their personal dictates.

**Women for Hoover**

One other development on the Hoover side was the decision of officers of the national Women's party to support him, although he frankly told them he could not pledge himself in advance to work for an equal rights amendment to the constitution.

As both parties dig in for the campaign that still has six weeks to run, their spokesmen are debating the importance of the Maine election that ran up the biggest majority for the republicans ever have had in that republican state. After both sides had published their interpretations of the verdict, they turned to the fact that the biggest change from the usual was the smallness of the democratic vote.

MOUNT VERNON, Iowa.—Dr. William Harmon Norton, geologist, entered this term on his fifty-second year as a member of the Cornell college faculty. Dr. Norton was a member of the faculty in 1926 and 1927, but did not teach because of illness.

### Writers Get Historic Home

By Sue McNAMARA

(Associated Press Feature Writer)

WASHINGTON, Sept. 15 (AP)—Fiercely and emotional writing has its place in literature as well as the coldly correct and the classical, says no less an authority than the National League of American Penwomen.

The league has just purchased the quaint old home of Mrs. E. D. E. N. Southworth and will remodel it into a national home for the league. It will make the complete library of Mrs. Southworth, including all her golden-haired heroines and wily villains, the center of the home.

A writer who can command the allegiance of her generation for 30 or 40 years, as Mrs. Southworth did, is entitled in the league's opinion, to permanent recognition. Her books were always of the tone that one could have safely in the home, the penwoman point out, holding that she made a definite contribution to American literature.

It may surprise many to learn that the complete set of 73 novels written by Mrs. Southworth reposes

in the Congressional Library. Some of the titles of the books which brought her fame and fortune are "The Phantom Bride," "The Fatal Secret," "The Haunted Homestead," "A Beautiful Fiend" and "How He Won Her."

Mrs. Southworth had a dramatic flair for situations and phrases which was unusual in her generation. Describing the tragic death of a character in "The Phantom Bride" she writes: "A young chemist who happened to be among the wedding guests and one of the first who had flown to the assistance of the fallen bride detected the odor of bitter almonds about the beautiful but still lips and whispered: 'Prussic acid!'"

Then the hero, Laurentz Leveille, dies, and the author adds: "The same faint odor of bitter almonds hung about his dark mustache."

Mrs. Southworth received \$5,000 yearly for her serials, an unheard of sum for a woman writer in those days. And, as the National League of American Penwomen points out, her villains always got their just

### Methodists Will Meet at Vinton

#### Upper Iowa, Cornell to be Main Topic of Discussion

VINTON, Sept. 15 (AP)—Over-shadowing prohibition and the status of lay delegates at the Upper Iowa conference of the Methodist Episcopal church, opening here Sept. 18, will be the proposed merger of the conference's two educational institutions—Cornell college at Mt. Vernon and Upper Iowa university at Fayette.

Burdened with financial support of two colleges, ministers and laymen met at Waterloo Feb. 1 and proposed that the school at Fayette should be discontinued and that the merged institution, known as Cornell-Upper Iowa, should be located on the Mt. Vernon campus. Opposition from supporters of Upper Iowa prevented the merger.

Final action, however, has not been taken and the problem of financial support is expected to again bring to the fore the merger suggestion.

The status of lay delegates at future conferences is also scheduled for discussion, and a proposal to admit laymen to equal voting powers with ministerial delegates at the annual conferences is expected to be introduced. Laymen already possess equal powers at the general quadrennial conferences.

The conference's traditional approval of prohibition may be reiterated in a militant stand. Delegates, however, are reported to feel that the church should not enter into politics.

Appointment of ministers for the coming year will result in a high degree of interest during the conference. Pastors are appointed

deserts.

Prospect Cottage, as the modest little home in Georgetown is known, is also famous as the place where Harriet Beecher Stowe wrote the first chapters of "Uncle Tom's Cabin." It was Mrs. Southworth who urged her to start the book.

The room Mrs. Southworth used as a library will be preserved and her books installed in it. A roof garden overlooking the Potomac, a formal garden and an office are other features planned by the Penwomen.

from year to year, although they may be stationed at one church for a period of years. Superintendent Kirwin of the Dubuque district, who has served his six-year term, must be replaced, under the laws of the church. Henry Wallace, Des Moines farm editor, will speak Thursday on the work of pastors of rural churches.

About 200 ministers are expected to attend the conference.

### Widen Search for Iowa Bank Robbers

DES MOINES, Sept. 15 (AP)—Search for the five men who this morning held up the University State bank here by nightfall had spread throughout adjoining counties as state and local officials were called into action by a general alarm.

The loot, obtained by four masked and armed men, totaled \$6,713.75, R. M. Messerschmidt, cashier, announced after an inventory. The bandits missed approximately \$1,300 in currency, piled within easy reach.

Most of the loot was in bills, ranging from \$5 to \$20, taken from the teller's counter and the vault. Alfred Broad, teller, was forced to open the vault, and the other four occupants were made to lie on the floor. Sam Raphael, who entered during the holdup, was knocked unconscious when he resisted.

The men escaped in a waiting automobile.

### Iowa Ranks High in August Butter Shipment Receipts

DES MOINES, Sept. 14 (AP)—Shipping 5,004,250 pounds of butter to the nation's three largest dairy markets during August, Iowa ranked third among the states in receipts at Chicago, Boston and Philadelphia, Leslie M. Carl, federal agricultural statistician announced today.

Ranking first was Minnesota with a shipment of 13,400,000 pounds of butter. Wisconsin was second with 6,115,000 pounds. Last year Iowa shipped 48,553,000 pounds to the three eastern markets.

Iowa shipped 45,067 cases of eggs to the eastern markets during August, compared with 91,250 cases for the same period last year. Mr. Carl said, Iowa usually ranks second in volume shipments.

Mr. Carl has estimated Iowa creamery butter production for June at 22,135,500 pounds, 2,158,200 pounds more than the preceding month. Statistics furnished by crop reporters indicated that milk production on Sept. 1 averaged one per cent more per cow per day than on August 1.

### Big 1928 Potatoe Crop

DES MOINES, Sept. 15 (AP)—Leslie M. Carl, federal agricultural statistician for Iowa, expects the state's white potatoe crop to yield about 8,558,000 bushels, compared with the 1927 average of 7,510,000 bushels. Average yield of about 111 bushels is expected on an estimated acreage of 77,000 acres.

### Sixth District Gives Support to Sen. Shane

SIGOURNEY, Sept. 15 (AP)—The sixth district republican caucus in session here yesterday unanimously endorsed the candidacy of State Senator Frank Shane of Ottumwa for lieutenant governor to fill the vacancy caused by the death of Clem F. Kimball of Council Bluffs.

The caucus was attended by 150 persons, the attendance being cut somewhat by muddy roads. The general sentiment in reports from the seven county chairmen representing Keokuk, Wapello, Davis, Monroe, Poweshiek, and Jasper was an excellent outlook for Hoover and Curtis, and for the state and county tickets.

Plans were outlined for a general tightening up of sentiment through county, ward, and precinct meetings. All counties reported the setting up of headquarters and the beginning of an active campaign.

Congressman C. M. Ramseyer of Bloomfield, addressed the meeting which was in charge of O. H. Michals of Ottumwa, chairman of the sixth district. Mrs. A. F. Murphy, sixth district chairwoman, Willis L. Stern, state chairman, Mrs. Gordon Elliott, vice chairman for Iowa, and Charles A. Rawson and Miss Martha McClure, Iowa members of the national committee were present.

### Both Candidates Prepare to Take Campaign Swing

### Smith to Invade Farm Belt; Rival Talks in New Jersey

CHICAGO, Sept. 15 (AP)—East and west now share the spotlight of presidential politics as the two nominees make ready to quit their headquarters and carry their campaigns to the country.

For Smith and Hoover, the present week has been one of the preparation for a venture on none-to-familiar ground. Choosing to begin his real campaign almost within hail of the sidewalks of New York, Hoover will speak Monday at Newark, and swing round the circle of other nearby New Jersey cities. On Wednesday Smith will begin a western swing with a speech at Omaha, just on the border line of his rival's native Iowa.

The whole country is certain to look on with more than ordinary interest as the two candidates make their bows in east and west. To a large degree, both will be stepping into unaccustomed roles. Hoover's automobile circuit through North New Jersey will give him his first opportunity at a catch-as-catch-can campaigning in the population section about the metropolis, while Smith is stumping among western voters with whom he has had no great contact.

Quite aside from what they say, the nominees will each have his chance to show the extent of his personal resourcefulness in the broader field upon which he is entering.

**Hoover Consults Coolidge**

Hoover's week at Washington has been given over largely to conferences with his friends and supporters. One of those with whom he talked longest was President Coolidge, back from his Wisconsin vacation and ready to help the new leader of the party toward victory.

Smith, also receiving advice at Albany from many quarters, took time to scotch "a lie in the whispering campaign." In direct and dramatic fashion he furnished the country with documentary evidence that there was no truth in a privately circulated story that he had been intoxicated at the Syracuse fair. It was first open thrust at "whispering," a subject about which many of his democratic colleagues have been talking for weeks.

The governor's most unusual statement was the second extraordinary contribution within the week to the literature of the campaign of 1928. The first was a public pronouncement by Republican Chairman Work saying that no self-respecting headquarters would countenance the sort of personal attacks that have been made covertly against both candidates.

**Perfect State Tickets**

The eastern field to which Hoover goes has not been largely productive of political news during the week. In that vital section both sides are hard at work, however, perfecting state tickets and steaming up for the crucial speeches of the campaign. The eastern highlight was the tremendous republican sweep in the Maine election, producing the greatest majorities in history. The usual debate as to the national significance of the result now is in progress, with about the usual fervor.

But there is no disposition in both parties to waver at the falling off of the total vote, and party leaders are asking themselves whether many dry democrats did not stay at home on election day, and if so, what that indicates as to the nation itself in November.

The republicans say it may mean big democratic defections from Smith but the democrats reply that a stay-at-home democrat vote is better than a democratic vote for Hoover.

**West Re-Aligns**

Further realignments have taken place in more restless west, where Smith presumably is to make his supreme bid for the farm vote during the remaining days of September. In the state where he will deliver his first speech, the Nebraska federation of labor has voted him "100 per cent the friend of labor." In the same state, Mark Woods, a leader in the effort to stop Hoover at Kansas City, has come down from the fence of Hoover's side, while to the north the democratic juncture with the non-partisan wing of the republican party of North Dakota, seems to have been promoted by the decision of Governor Maddock, who was chairman of the state's delegation to the republican national convention, to run for reelection as a democrat.

Meantime in Minnesota public discussion of a swing to Smith continues, whether it has the votes behind it or not, and in republican Iowa surprising rumors have reached republican state officials, and they began a thorough canvass of the whole state situation.

**Democrat South Tightens**

Democratic tightening-up processes in the south continue to produce visible—and in some cases audible—results. In Texas a democratic state convention looked against the few county delegations who refused to pledge themselves to Smith was followed by a bolt, and some black eyes and bloody noses on both sides. The same convention, however, heard the dry governor, Dan Moody, himself a candidate for re-election, take the pledge for Smith.

In Georgia, a Smith-pledged member of congress, Leslie J. Steele, was renominated over a dissenting former member, William D. Upshaw. Throughout the southeastern seaboard states, from Virginia to Florida, Senator Robinson continued his campaign for party regularity and repeated his charges that the religious issue really accounts for much of the nationwide dislike for Smith.

The nationwide campaign to organize the women for Hoover gained a recruit in the national women's party, which declared the republican nominee best from the viewpoint of the equal rights crusade. With

### Iowa News Briefs

(By Associated Press)

Vinton—Umbrellas have no utility when it is necessary to flag a train. Jerry Cole has decided. When his automobile became stalled on the Rock Island tracks one night, Cole grabbed an umbrella and waved it at an oncoming locomotive, but the car was demolished.

Shenandoah—Suit for \$350 against the Burlington railroad has been filed by Clem Gude, who claimed that five of his purebred calves died after eating an unknown poison, which he said had been placed on the grass on the right-of-way. The suit was filed in Fremont county.

Des Moines—The Rev. J. A. Pettit of Des Moines, has been appointed field representative of the Baptist Bible Union of Iowa, Kansas and Nebraska.

Vinton—Mr. and Mrs. J. E. Marietta celebrated their fiftieth wedding anniversary here.

Ames—Marion Talley, soprano, has been scheduled to appear on Iowa State college's artist concert series. Others engaged are Louis Graveure, tenor; Ise Niemack, Charles City violinist; the Iowa State symphony orchestra; the London String quartet; and Cyrena Van Gordon, mezzo soprano.

Ames—Local Masons have planned a special meeting for Sept. 17 during the official visit of Charles Wright, grand master of Iowa.

Marengo—H. A. Wallace, Des Moines farm editor, and Mrs. Ellsworth Richardson, Iowa farm bureau official, will speak at the Iowa county farm bureau picnic, Sept. 22.

DES MOINES—A series of vocational conferences for teachers of agriculture, home making and local supervisors of trade and industrial education, to be held through Iowa from Sept. 22 to Oct. 20, was announced today by F. E. Moore, director of the state board for vocational education.

DES MOINES—Two Iowa radio stations—WHO of Des Moines and WOC of Davenport—are included on a western radio network of twenty stations which the republican national committee will use for regular "political gossip periods" as a means of reaching women voters.

CLARINDA—Guarding against a recurrence of the infestation of Hessian flies which caused heavy losses here in 1922 and 1923, the Iowa State college extension service has established an observation station near Page Center.

NEWTON—The annual convention of the Nebraska-Iowa district of Kiwanis International will be held here Oct. 17 and 18. Kiwanis officials expect from 1,000 to 2,000 delegates. Henry K. Peterson of Council Bluffs is district governor.

GRINNELL—Grinnell college's new system of dormitory government this year will include the placing of a matron or "house mother" in each of the six buildings occupied by the men. The matrons will have a suite of rooms in the buildings and will assist in keeping order and lending a home atmosphere to the life of the college men.

Ames—Church success depends upon the interest and responsibility the laymen take in religion, William F. Pelham, Chicago business man, declared today in closing a two-day conference of Episcopal laymen of the diocese of Iowa.

DECORAH—The Decorah driving club will sponsor a harness horse race meet at the Winneshiek county fair grounds Oct. 3 and 4. Three races, a 2:20 pace, a 2:16 pace and a free-for-all-rot, will be staged each day under rules of the American Trotting association.

Whiting—Mrs. E. M. Whiting, president of the Congregational women's missionary society of Iowa, has requested Iowa societies to send delegates to the second annual meeting of women from the "mid-west region" to be held at Milwaukee, Oct. 23 to 25.

### Weekly Farm Review

SIoux CITY, Sept. 15 (AP)—(U. S. Department of Agriculture)—Cattle: Light supplies and urgent demands lifted beef steer and yearling values to 25 to 40c higher levels than a week ago. Choice yearlings and medium weight heaves topped frequently at \$17.75 and the majority cleared at \$18 to \$17.35 with strong weight bullocks up to \$17.40. Fat she stock and bulls ruled 15 to 25c higher, desirable light heifers reached \$16.25, beef cows bulked at \$8.00 to \$10.50, and medium bulls went freely at \$8.50 to \$9.00. Yearlings finished strong to 50c higher and selects commended \$16.00. A broad country outlet stimulated stocker and feeder trade and prices ruled strong to 25c higher, although some of the keen edge was off toward the close; several loads light and heavy feeders made \$14.00 and best heavy weights went on country account at \$14.75.

Hogs: All classes netted 50c gains, reaching the highest levels since the fall of 1926. Choice 190 to 200 pound weights scored \$13.10 top, and desirable butchers, all weights, bulked at \$12.50 to \$13.00. Most packing sows cleared at \$11.50 to \$11.75, with off lots up to \$11.90.

Sheep: Fat lambs suffered 50 to 75c declines, and natives topped freely late at \$14.25. Fat ewes ruled steady to 25c lower with numerous sales up to \$6.50. Choice range feeding lambs commanded \$13.75.

ROME, Sept. 15 (AP)—A commission has been named with Admiral Cagni as head to make a formal inquiry into the loss of the dirigible Italia and the efforts to rescue missing members of her crew.

## Students of the University of Iowa--- Let's Get Acquainted

Making new friends is the constant aim of this institution but - "making" friends isn't all - that's only the beginning - our big aim is to hold this friendship - to serve these friends.

One Of The Strongest Banks In Iowa

### Series Plans to be Made Monday

### Tentative Opening Date Set for October 3

CHICAGO, Sept. 15 (AP)—Plans for the world series will be completed Monday when President E. S. Barnard of the American league, and President John A. Heydler of the National league met with representatives of the pennant contending clubs of each circuit in New York at the call of Commissioner Kennesaw Mountain Landis.

The rules call for the opening of the series in the park of the club winning the American league pennant but the dates remain to be set. The tentative schedule opens in the series Oct. 3 with another game in the American league park Oct. 4. Should Chicago or St. Louis win the National league pennant there will be an off day for traveling with the series being resumed in one of the cities on Oct. 6 and continuing for three days. The last two games, if necessary, will be played in the American league club's park.

If the New York Giants, Cincinnati or Pittsburgh come through in the National league race the series will be resumed in the National league park Oct. 5.

Commissioner Landis has invited representatives of the New York Philadelphia clubs of the American league and the St. Louis, Chicago, New York, Pittsburgh and Cincinnati clubs of the National circuit to attend the meeting.

### Iowa's Corn Crop Slated to Exceed Peak Year Total

DES MOINES, Sept. 15 (AP)—Iowa's 1928 corn crop will exceed the production of the peak year in 1925, if conditions for maturing carry out Sept. 1 indications, Leslie M. Carl, federal agricultural statistician for Iowa, announced today.

The prediction of a total corn crop of 448,611,000 bushels, based on the Sept. 1 condition, would better the 1925 mark of 432,648,000 bushels. Preliminary estimates of the 1928 acreage are slightly smaller than for 1925, but the prospect of production exceeds the previous record by nearly a million bushels, Mr. Carl said.

The crop is well advanced toward maturity and safety from frost, he reported. Crop reporters have estimated that 69.8 per cent should be out of danger by Sept. 20.

### Rooms Still Available at Currier, Eastlawn

Good rooms still remain in both Currier hall and Eastlawn, although both are being rapidly filled, it was announced yesterday at the office of the dean of women.

Eastlawn is practically filled, now. It will probably be the middle of next week before all women students are settled in their permanent rooms, either in town, sorority houses, or university dormitories.

### Inspector Begins Work

WEST UNION, Sept. 15 (AP)—Dr. P. A. Weires, state tuberculosis inspector, has established headquarters here and started retort work preliminary to putting Fayette county in the accredited class.

### A Day of Registration

By ROLLAND WHITE

Freshmen have already learned why the yellow slicker is so typical of the Iowa campus, as the usual humidity came down at unexpected moments to drench those registering Thursday.

They were in the field house during Friday's torrent—the 850 of them who hadn't forgotten the qualifying exams—so only the drippings from that deluge bothered them.

Numerous "poophytes" are wondering if there is any significance in the date of "freshman day."

We were unable to secure statistics on the number of Iowan and I-book salesmen turned down.

It's quite a transition from the senior in a red sweater to the freshman wearing a green cap over one ear. Perhaps, that's where the registration grind gets in its most effective work—crushing conceit out of freshmen.

Everything is bustle and hurry, with little attention paid to unimportant first-year students.

**Council is Efficient**  
The student council representative must be a good salesman, since more than double the number of green cap tickets sold last year have been given out—around 300 altogether. We suspect that Ted Rohder, president pro tem of the organization, has had something to do with this.

So far we have been unable to locate the freshman who thought Mortar Board was a trade union.

Pity a poor freshman isolated in the midst of several hundred persons in the Union lounge, trying to decipher the abbreviations on the boards behind the tables which lined the walls.

Freshmen, freshmen everywhere. And all of them did shrink. Freshmen, freshmen everywhere. And not a soul could think.

**Not Only But Also**  
Reporter: "Well, what mistakes have you made?"  
Frosh: "Have you got a couple of hours to spare?"

The only place the timid souls spotted any information was on bridges and signs. They seemingly still believed the old saying, "Children should be seen and not heard."

**Floor Does Part**  
Every now and then some hurrying registrant would trip over a seam in the canvas floor-covering.

Harold Hodge, pass clerk, declares that his post is the sponge of the system. At least he and his helpers

soak up more sob stories than could possibly be heard elsewhere. Registration becomes as much of a grind for the assistants as for those actually struggling through the red tape.

Interviews with department heads are much sought after. One husky looking specimen asked for a conference with Dean Kay, whose personal friend he had become at the reception Thursday night, about arranging his schedule.

The faculty victims, often innocent of any plot, were willing to allow their interviewers in to see them. As Dr. H. F. Wickham of the zoology department is said to have remarked to the pass clerk's errand boy, "I don't know what it's for, but I guess I'd better sign it."

**Greet to Him**  
In reply to the question "Of what fraternity or organization are you a member or pledge?" one bright lad wrote: "Royal Order of Billygoats, No. 298383."

Among those who slipped through without passes was a stray dog.

Statisticians would have a figure to gloat over in the number of students sent back to university hall to pay their fees.

**Rogue's Galleries**  
The last stop in university hall was to scribble your name in chalk on a black card, then holding same under your chin as a photographer risked his camera on you, to the accompaniment of remarks about Fort Madison rogue's galleries and psychopathic records.

Those in line before the secretary's office Friday felt as if they were being paid instead of just the opposite. Finally, however, Sergeant Wallace came down to open up the office.

There is probably some psychological reason for making fee payment come before matriculation has proceeded far with registration.

In his haste to be on duty Friday morning, Dr. Bond, who had charge of station three at Iowa Union, forgot his necktie.

**Freshmen Suffer**  
Perhaps the low cost of tuition at Iowa can be explained by the work students have to do when they matriculate. The university certainly could not afford to pay the freshmen by the hour for the mental energy consumed in fighting over qualifying examination papers.

The 845 who managed to get to the field house were of all types. A few belonged to the passing band of men who have not discarded garters and demountable rims on collars. A similar accusation cannot

be made against the 1928 freshman class, an observant proctor states. Her styles are "up" to the minute, he says. After passing up and down the aisles ready to bounce any cheaters, he should know.

In the neighborhood of a thousand freshmen handbooks have been distributed by the Y.M.C.A., under the direction of James Neild.

Several pups eager to lead a dog's life knew where to come, being in evidence at different places in the registration process.

The greatest need of the registration system is a complaint department. Students losing articles, forgetting to pay fees at the right time and place, and spilling cards, to say nothing of more serious troubles, would use such a department freely.

**Overheard**  
"Yes, I know that girl from your home town. She was in my English class last year—that was all that kept me awake."

The average freshman didn't "get the breaks," but he made his share of them.

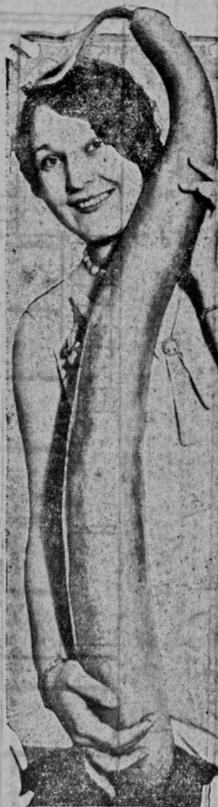

"So you're going to school at Iowa City? Well, well. That's not where the state normal is located, is it?"

"No, but the state normal isn't very far off."

"What year are you in?"  
"My nineteenth."  
"No, no, your classification."  
"They tell me I'm a junior."  
"Nobody ever tells me what I am."  
"They probably haven't the heart."

**Select Debate Topic**  
AMES, Sept. 15 (AP)—Iowa farm bureau leaders selected by ballot the following subject for the 1928-29 annual Iowa farm bureau debates: "Resolved, that direct country buying of hogs is detrimental to the producer." Result of the voting has been made known by W. H. Stacy, rural organization specialist of the Iowa State college extension service.

### Three Feet of Bean

Miss Helen Engel frames herself in a Tasmanian bean grown at Warrenville, Ill., by Floyd Rogers.

### Jury Investigation Resources Near End Says Chief

CHICAGO, Sept. 15 (AP)—Chicago's \$152,000 grand jury investigation into primary election murders and vote thefts is nearing the end of its resources while the end of its inquiry is not yet in sight.

Frank L. Loesch, chief of the prosecuting staff which has obtained indictments of more than a score of politicians and underworld characters since the first of four special grand juries was impaneled in June, gave out word today that little is left of the fund built of popular donations to underwrite the inquiry.

The cost of the investigation has been from \$35,000 to \$40,000 a month and Loesch believed still another grand jury in October might be necessary, besides the trials for numerous defendants under indictment.

### McGraw, Hornsby Deny Charges of Fixed Horse Races

CHICAGO, Sept. 15 (AP)—Two leaders of the baseball world, John L. McGraw, manager of the New York Giants, and Rogers Hornsby, manager of the Boston Braves, made emphatic and complete denials today of charges that they had participated in betting on fixed horse races at the Arlington park track through

information alleged to have been supplied them by G. E. Allen, one of the leading jockeys of the west. Commissioner Landis said he must necessarily make an investigation, but that he is inclined to believe both McGraw and Hornsby after receiving telegrams from them.

Private detectives were engaged by the turf association to search for the man and woman implicating Allen, McGraw and Hornsby in the scandal.

### Approves Naval Pact

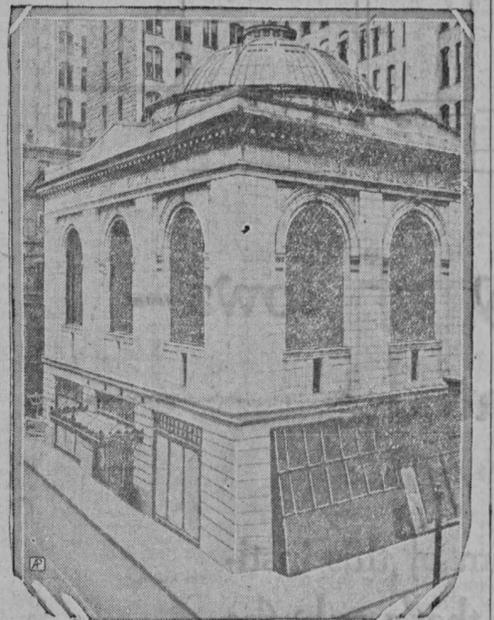

WASHINGTON, Sept. 15 (AP)—President Coolidge is of the opinion that an agreement between France and Great Britain on the limitation of naval craft should be a matter of great satisfaction to this government, but he wishes it made clear that such an agreement would in no way affect American naval plans.

### Shelve Tilden's Request

NEW YORK, N.Y., Sept. 15 (AP)—The executive committee of the United States Lawn Tennis association here has voted to table "Big Bill" Tilden's request for reinstatement as an amateur player. This decision, in effect, shelved the matter possibly until the next meeting of the committee, set for December.

KNOXVILLE, Sept. 15 (AP)—Grading and construction of bridges and culverts on primary No. 6 east of Attice to the Marion-Morroe county line has been completed at a cost of \$135,000.

### Boston Street Aids Country

(Editor's Note — This is the eighth of a series of illustrated stories telling the history and development of the famous trading streets and exchanges of the world).

By John B. Knox  
(Associated Press Feature Editor)  
BOSTON, (AP)—After three centuries of trade and banking, State street remains the traditional center of Boston's financial activity.

In pre-revolutionary times, as today, the street gave access to the customs house. Before that was built it led past the market place to the water front, ending near the wharf that was the scene of the Boston "Tea Party." On State street occurred the killing of five citizens by British soldiers, recorded in history as the "Boston Massacre." Nearby in Faneuil Hall, the "cradle of liberty." Fronting on the street is the Boston stock exchange.

Just how State street came into being no one knows. It never was laid out. Apparently it took form along familiar footpaths. One of its earliest names was Market street, and it was designated by a half dozen others before it became King street in 1708. When the colonists dispensed with the king, they took similar action on that name. The thoroughfare at the head of which stood their state house was renamed State street in 1708.

The Boston stock exchange came into being Oct. 13, 1834, when it was organized by thirteen members as the Boston Brokers' board. Boston

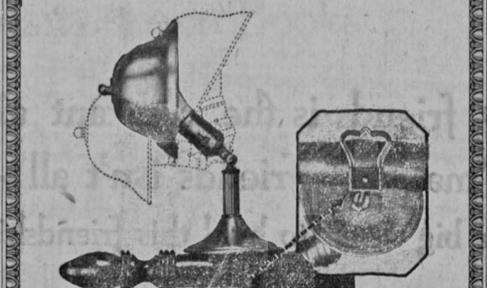

then was waxing prosperous. Ships from the New England yards sailed the seven seas and crowded Boston's docks. Boston bankers and Boston money pioneered in building railroads across the continent. Boston capital opened the copper mines of the Michigan peninsula. Trading in shares of the first railroads formed a large part of the business of the Boston stock market, while the city remained the primary market in the corner field until the early 1900's.

Bell telephone, General Electric, Gillette razor and other issues developed in New England were features of the Boston market after New York became the chief market for copper. The Boston exchange continues to specialize in New England properties or in securities in which New Englanders are materially interested. Last year the volume of sales rose to 12,200,000 shares and that of 1928 bids fair to surpass even that record. Bond sales aggregate between \$10,000,000 and \$20,000,000 annually.

At one time the number of memberships on the exchange reached 150, but 11 were bought back and cancelled and the number of "seats" since has been limited to 139. Of these, 100 are owned in Boston or nearby cities and 39 are held by houses in other parts of the country. The prevailing price of seats is around \$20,000.

The exchange now occupies a building whose "machinery" is said to be second to none in the country outside New York city.

The Super Adjustable Lamp  
They hang, stand, clamp anywhere—in plain brass, bronze or ivory.

**BOWMAN ELECTRIC COMPANY**

### Graphic Outlines of History

**THE PRAIRIE SCHOONER**  
About the time of the gold rush to California, the only means of transportation was the "prairie schooner" and horses. Those who dared to penetrate the west suffered many hardships at the hands of the Indians and thru hunger. Because of the danger pioneers traveled in strong bands. At sundown, camp was made by drawing the "schooners" in a close circle with sentinels around the entire camp.

Our service is characterized by a sympathetic understanding and deep sense of sincere responsibility.

### Democrats Open Campaign Office

#### Activities Begin at Headquarters in Voss Building

Activities started yesterday morning in the new democratic campaign headquarters on the second floor of the Voss building in the rooms formerly occupied by Dr. George H. Scanlon. Entrance is on Clinton street a few feet south of Washington street.

LaVona Belger is in charge, acting as secretary to the committee. Furniture was moved in yesterday morning and a radio will be installed soon so that visitors may hear political speeches.

The rooms will serve as democratic headquarters. From this center various political clubs will be formed, Chairman F. B. Olsen, of the democratic central committee of Johnson county states.

Campaign literature will be dispensed and the rooms will serve as a gathering place for those interested in the activities of the democratic party.

Office hours are from 8 a. m. to 9 p. m. daily until the November election. The committee is: LeRoy Mercer, William R. Hart, and Will J. Hayek.

### Six Arrested in Knoxville Raids

DES MOINES, Sept. 15 (AP)—Edward A. Swift, proprietor of the Swift hotel, Knoxville, and five other persons were brought before United States Commissioner Judson Piper today for arraignment after raids at Knoxville and Pershing, Friday.

Swift is charged with possession of liquor.

Swift, Henry N. Hunt, Robert Dinkersloop and Emilio Gerretti, all of Pershing, waived to the grand jury but Mrs. Florence Rankin of Knoxville announced intention to plead guilty and receive sentence.

### Butcher Boy Convicted

LOS ANGELES, Sept. 15 (AP)—Kelley, alleged "butcher boy" killer of Mrs. Myrtle L. Mellus, was found guilty of murder in the first degree today. No recommendation for leniency accompanied the verdict, making the passing of the death sentence mandatory.

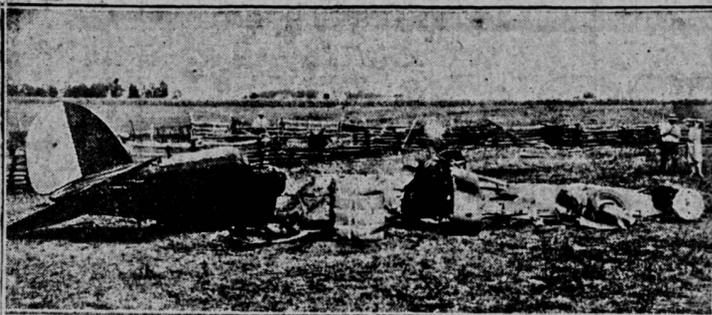

### Here's Service

RIDGELAND, N. C.—Mrs. C. R. Green, who has been postmistress for 37 years at Levys, near here, has written and addressed thousands of letters for the families she serves and has read most of the mail aloud to the recipients. The office is used almost entirely by negro families of the community.

### Fisk Improves Slowly

J. M. Fisk, superintendent of grounds and buildings at the university, is slowly improving at the University hospital, it was learned last night.

### AFTER COLONEL THAW'S DERBY CRASH

What remains of the Lockwood Vega monoplane owned by Col. William Thaw II, millionaire aviation enthusiast, and piloted by John P. Morris of Pittsburgh, which crashed through two fences on a farm near Geneva, Ind., when a landing was made necessary by an oil leak during the transcontinental nonstop air race. Ed West, farmer, who heard Morris cry "Help! Help!" through the early morning darkness, immediately rushed Thaw, his hip broken, and Morris, also seriously injured, to hospital at Geneva.

### News About Town

**To Visit Near Cedar Rapids**  
The S. D. Whiting family, 810 Kimball avenue, will visit today at the home of Clarence Kilmes and family north of Cedar Rapids.

**Ill at Home**  
John Arn is ill at his home at 613 S. Dubuque street.

**Workmen Repair Tracks**  
Workmen from the Iowa City street car company are repairing tracks at Dubuque and College streets.

**Work on Home Progress**  
Work on the new home for teachers in St. Mary's school, Clinton and Jefferson streets, is progressing rapidly and concrete for the basement walls is already being poured.

**Eureka Lodge to Meet**  
The next meeting of the Eureka lodge of I.O.O.F. is scheduled to take place at the lodge room, Tuesday night. The first degree work will be exemplified by the drill team.

**Gets Reappointment**  
Frank J. Mezlik has been reappointed to succeed himself on the Johnson county soldier's relief commission.

**Officer Inspects Horses**  
Col. W. W. Edwards, with headquarters in Des Moines, was here yesterday to inspect the horses of the 113th cavalry troop of the Iowa national guard. He reported them in excellent condition.

**To Hold Drill Tomorrow**  
There will be a special drill practice for the members of the first degree staff of the local I.O.O.F. lodge at the hall tomorrow at 7:30 p. m. This will be in preparation for the work Tuesday night at the lodge meeting.

### Season for Ducks Opens

A total of 1,065 licenses for hunting have been issued by County Recorder John M. Kadlec. This is 300 more than were issued at this time last year. The hunting season for ducks and geese opens today and the heavy sale of licenses seems to indicate that there will be plenty of shot flying when the fowl start their trek back south for the winter.

**Pay Checks Arrive**  
Members of the Troop A, 113th cavalry will receive their monthly pay checks at the armory tomorrow night when they hold the regular drill.

### Church Notices
