Council Decides to Ask for Bids on Proposed New City Hall Building in Near Future

Committee on Project Gives Report on Hall May Erect Building on Site at Burlington and Gilbert

By C. R. NEWTON
Following a report by Dr. W. L. Bywater, chairman of the city council committee on the proposed new city hall, at a special meeting of the council last night and at his suggestion, it was decided to ask for sealed bids on the structure in the near future.

Michigan President

ALEXANDER G. RUTHVEN

Board Elects Ruthven Head Iowan Succeeds Little at Michigan U.

ANN ARBOR, Mich., Oct. 4 (AP)—Dr. Alexander G. Ruthven, an outstanding biologist, today was elected by a unanimous vote of the board of regents to succeed Dr. Clarence Cook Little as president of the University of Michigan. Dr. Ruthven has been a member of the faculty of the university since 1908. He is 47 years old. Dr. Ruthven is an Iowan by birth and was graduated from Morningside college, Ia., in 1903. He became an instructor in zoology at the University of Michigan after receiving his doctorate here in 1906. He has been director of the university museum since 1922.

Editors Attend Varied Events on First Day

Men of Fourth Estate Have Full Program During Meeting

The seventy-five newspaper editors and their wives who are attending the sixth annual newspaper conference here, were entertained yesterday noon by the Rotary club at luncheon at the Jefferson hotel. Lee Nagle, president of the club, gave the address of welcome to the visitors, which was followed by a talk given by George F. Kay, dean of the college of liberal arts, who emphasized the problem of taking care of the health of young people and helping them to find their vocations. They exchanged salutations in an atmosphere warm with friendship.

Hoover Greeted MacDonald at White House

Prime Minister Given Large Reception in Capitol

WASHINGTON, Oct. 4 (AP)—An epochal chapter in Anglo-American relations was begun tonight as the heads of the American and British governments clasped hands in the white house for the first time in history.

This gesture was considered both by President Herbert Hoover and Prime Minister Ramsay MacDonald as symbolic of the growing understanding which they desire to prevail between the English speaking nations. They exchanged salutations in an atmosphere warm with friendship.

Premier Expresses Hope The British premier, within an hour, voiced his own hope and that of his people that in this visit there would be cleared away any causes for misunderstandings.

Love Flies When Money Goes; Aged Man Sues People

DES MOINES, Oct. 4 (AP)—Robert O. Burghardt, 80 years old, tapped his house-shattered foot emphatically in Polk county district court today and told Judge Joseph Meyer there is no love in marriages of couples between the ages of 30 and 40. He was testifying on cross examination in his suit for divorce against his wife, Thura Burghardt, 40 years old, and was replying to a question if he had married "for love."

Coffman Gives Address Before Administrators

Addresses 300 Persons on Modern Education Last Night

L. D. Coffman, president of the University of Minnesota, addressed more than 300 persons last night in the natural science auditorium. The title of the address was "The Modern World and Education." President Coffman's speech was the climax of the second day of the sixteenth annual conference on administration and supervision.

President Coffman pointed out the fact that science is responsible for much of the change in industry, mode of living, and educational standards the world over. "The youth of today is told what to do," said President Coffman. "The youth of yesterday invented his work."

Yesterday morning F. D. Curtis, associate professor of secondary education at the University of Michigan, made an address in which he gave a resume of a series of research experiments in the teaching of science that he has recently been making. Prof. C. L. Robbins gave an address on adult education and public schools. "Freedom and Discipline" was the subject of Prof. Ernest Horn's address.

Green Isle of Erin Sends Iowa Mother Permanent Greeting

Sure'n a wee bit o' Old Erin in the personage of three coquettes from the land of the shamrocks, arrived in Iowa City yesterday.

They were a smiling colleen, Maureen, 15 years old, and her brothers, Maurice, 5 years old, and Patrick, 7 years old, all children of Mrs. M. F. Bannon, 412 N. Dubuque street. The trio made the trip from Dublin, Ireland, to Chicago, alone, their first long distance journey and the first time any of them had crossed the Atlantic.

They arrived Oct. 1 in New York on the liner Adriatic, and proceeded to Chicago, where their mother awaited them. After a visit in the city they came here to make their permanent home. Mrs. Bannon stated last night that the children would probably be enrolled soon in the St. Mary's school.

"I'm going to be a millionaire. That's what I'm here for. When I make my money I'm going to Ireland and buy my mother all the land where we used to live." That was what Maurice, the 5-year-old, told a reporter of the Evening Graphic, after he left the White Star liner, Adriatic, at New York last Friday.

Council Adds First String Players to List

Mike Farroh, Thomas, Others Rumored as Ineligible

Despite numerous rumors being circulated last night, no additional members of the Hawkeye football squad have been notified that they are ineligible. Although the standing of nine players apparently still remained in doubt last night, spokesmen for the athletic council denied that any one of them had been declared ineligible.

Until the cases can be investigated the players under question undoubtedly will not play. Those whose standing has been questioned include Brice Thomas, Mike Farroh, Leo and Lloyd Jenschold, Lawrence Reedquist, and Gus Mastrogany.

The cases against these men, as explained by them, is almost identical to those against Sansen and Hickman, which involved the question of whether military training and physical training credits were to be counted toward the university athletic eligibility requirement. This is not an issue raised by the Big Ten conference, but is strictly a university matter.

Some of these players had been informed last spring that they were eligible for competition this fall, according to their statements last night. The university eligibility committee was in session last night, but no action was taken against any of the players under question. Normal operation of the university rules would mean that the men will not play today, pending a complete investigation, but that they will not necessarily be ineligible for the remainder of the season.

Senate Ends Board Quiz

WASHINGTON, Oct. 4 (AP)—Opposition to confirmation of at least one member of the federal farm board in the senate next week was indicated today after the senate agriculture committee had concluded its examinations of the members.

Assertions in the senate by Senator Smith, democrat, South Carolina, that Carl Williams, Oklahoma, who represents cotton on the board, lacks knowledge of the industry, were taken by many to imply that he would seek to prevent approval of the Oklahoma's nomination.

Senator Wheeler, democrat, Montana, said he might have "something to say later" about the wheat representative, Sam R. McKelvie of Nebraska.

The South Carolina senator cited what he described as bad conditions in the cotton industry and said: "Our representative on board says all is well."

The hearings today ended with the testimony of William F. Schilling, of Minneapolis, named for the dairying industry, who received compliments from committee members.

Senator Smith said the representatives on the board of the dairy and fruit industries know their business from "beginning to end." The fruit industries are represented by C. C. Tague of California.

Scout Official Visits Local Headquarters

Capt. Fred C. Mills, national director of water safety of Boy Scouts of America, arrived in Iowa City yesterday for a short visit at local scout headquarters. He expects to visit the local scout camp before leaving the city.

Captain Mills is planning to inspect boy scout camps in several other cities of the state on his tour of this section of the country.

Stock Prices Break \$2-\$10

NEW YORK, Oct. 4 (AP)—The wild scramble to get rid of stocks, which started in the last hour of trading yesterday, was resumed with increased violence today, prices of active issues breaking \$2 to \$10 a share, while a sprinkling of high-priced specialties fell \$12 to \$30.

Final quotations showed only moderate recoveries from the day's lows. So great was the volume of trading that the ticker was between 30 minutes and one hour behind the market for the greater part of the day, the final quotation being printed one hour and 14 minutes after the closing gong had sounded. Total sales of 5,623,900 shares were included in the record-breaking session of March 25 last when 8,246,700 shares changed hands.

Today's selling gained considerable impetus from the unexpected increase of \$43,000,000 in federal reserve brokers' loans. Margin calls went out in record-breaking volume in the last 24 hours and while the response was good, much of today's liquidation is believed to have represented selling by disappointed speculators who were either unable or unwilling to hold on.

At their low prices today, U. S. Steel common and many of the other industrial leaders were selling \$50 a share or more below the high levels of the year established in some cases, less than a month ago.

Benda Asks Council for Police Needs

The quarterly report of Police Chief C. F. Benda, presented to the city council last night, showed an increase in the number of cases handled by the local department without any increase in the equipment for the management of these, as was requested in the chief's report last June.

Traffic violators led the list with 655 offenders. Other frequent offenders were violation of other motor laws, 195; driving while intoxicated, 8; accidents reported, 83; accidents with injury to persons and property, 21; total 962.

Leading items included 26 stolen cars, 19 cars taken into custody, and four cars recovered for other authorities. There were 89 cases of intoxication, 90 of disturbing the peace, and 211 trips were made to the residential districts in reply to calls for officers. There was one suicide and one accidental death included in the numerous other miscellaneous matters in the report.

Chief Benda made an eloquent plea for some cooperation from a police committee, appointed some time ago, to investigate the needs of the department. He pointed out as yet there is no police car and the only city-owned vehicles are two motorcycles, both in need of repair. The chief's report impressed the council to the extent that it was unanimously accepted and referred to the special police committee for investigation and suggestions.

Prison Warden Policy Upheld

Governor of Colorado Gives Approval

CANON CITY, Col., Oct. 4 (AP)—Governor W. H. Adams tonight warmly endorsed Warden Francis E. Crowford's policy in handling the penitentiary riot here yesterday which cost 12 lives.

In a statement to the Associated Press the executive held the warden's refusal to grant the demands of the prisoners "saved a good many lives."

The statement of the governor was issued after he had made a minute inspection of the destruction wrought by fire and fighting at the state institution. With the warden Governor Adams went immediately to the penitentiary on his arrival here at six o'clock tonight.

His statement follows: "The damage is much greater than I anticipated. I had not expected to see the institution reduced to the ruin that I found within the walls. I make the pledge that I shall see that every provision is made to put things as they should be."

"This is a thing which all of us naturally regret greatly, but no body could have avoided it. In my opinion the warden showed the very best judgment, and, in my mind, he saved a great many lives by pursuing the policy he adopted at the outset of the mutiny."

Among the guards with whom the governor talked briefly during his short visit to the penitentiary were O. A. Earland Lawrence Roche who were held as hostages by the barricaded rebels but escaped injury. The governor also talked with several convicts who had been in cell house number 3 during last night's battle. He said he would make a much more thorough inspection tomorrow.

Iowa Woman Hurt When Fast Kentucky Train Leaves Rails

STANFORD, Ky., Oct. 4 (AP)—Five passenger cars of a fast Louisville & Nashville train were derailed and overturned at Cedar Creek hill, near here, early today, causing injury to eighteen passengers and three members of the crew.

Russell D. Thompson, conductor of the train, was reported seriously injured, but with a good chance to recover; O. E. Lawrence, flagman, and C. P. Jackson, Negro Pullman porter, were the others of the crew hurt.

Passengers whose injuries were treated included Mrs. Myrtle Laforce, Waterloo, Ia. A broken rail was blamed for the accident. The locomotive, baggage car, and four passenger cars had passed over the rail which gave way under the next car.

Hundreds of Men Look for Three Wisconsin Bandits

BERLIN, Wis., Oct. 4 (AP)—Hundreds of men, all the way from Berlin to the Minnesota line, were on the lookout tonight for three bank bandits who robbed the Berlin State bank of \$3,000 this afternoon and drove out of town firing wildly.

They were traced as far as Wausau, Wis., where they were held as hostages by the barricaded rebels but escaped injury. The governor also talked with several convicts who had been in cell house number 3 during last night's battle. He said he would make a much more thorough inspection tomorrow.

Third Annual Boy Scout Day Will Draw 2,000 Here

Special Section in New Stadium Reserved for Scouts at Monmouth Game Today

Between 1,000 and 2,000 boy scouts and their leaders from 9 o'clock until 11:45. Here, under the supervision of their own examiners, the boys can take their classification and merit badge tests.

Formation of the parade will begin at 11:45 in front of Iowa Union. Many of the troops will bring their own bands and drum corps. Headed by the Iowa City scouts, the line will be formed according to alphabetical order of the name of cities. Each city possessing a band or drum corps will be headed by that organization. With flags and town banners flying, the parade will move up to the corner of Clinton street and Iowa avenue where it will be joined by the university band. The parade will then move down on Iowa avenue to Dubuque street, down Dubuque to Burlington street, thence west on Burlington across the river to the new stadium.

All boy scouts in the parade will march into the new stadium as guests of the university athletic department to witness the football game between Iowa and Monmouth, which is scheduled at 2:30. A large section of the stadium has been reserved for the scouts.

Junior Dents Elect Officers for 1929-30

Election of officers for the junior dentist class was held last Wednesday at the dental building. Those who were elected were: Laurence Bohnekamp, D2 of Breda, president, Herbert Bleich, D2 of Burt, and Maurice Cruise, D2 of Atlantic.

The closing feature of the afternoon program was an appeal by Grant L. Caswell, managing director of the Iowa Press Association, for more adequate support of the work of the organization. He pointed out some of its accomplishments and criticized the Iowa newspaper men who have not yet become members of the association.

The visitors were guests of the Iowa City chamber of commerce at a dinner given at the American Legion building at 6 p. m. Rollin M. Perkins, president of the local chamber of commerce, extended greetings to the Iowa editors and acted as chairman during the evening.

The first speaker, C. A. Baumgart, publisher of Country Advertising, Des Moines, explained the proposed affiliation between the country newspapers and the Advertising Federation of America. Up to the present time the country newspaper is the most closely read and at the same time the least understood and appreciated of all newspapers," Mr. Baumgart said.

Duty of Country Paper Blair Converse, head of the department of technical journalism at Iowa State college, answered the question "What do country newspapers need?" by pointing out that it is the duty of the country paper to keep the farmer informed of the advances in agricultural science which are being made daily and also to teach him how to farm by keeping him informed on how the better farmers are doing it. Mr. Converse also urged Iowa newspaper men to attend the convention of the American Country Life association which will be held at Ames in October.

E. H. Lauer, director of the department of physical education, was called upon to give an impromptu talk.

HOSPITAL OPENED KEOKUK, Oct. 4 (AP)—A \$140,000 addition to Graham hospital was opened here today for the inspection of citizens of Lee county who contributed the money which made the hospital possible. The addition increases the capacity of the hospital by 65 beds, three operating rooms, an x-ray room, a maternity ward and a nursery.

Minneapolis Fire Captain Unable to Give Address Here

(Special to The Daily Iowan) DES MOINES, Oct. 4.—Capt. Rudolph Tesch, Minneapolis fire captain, who was to be co-speaker on the Iowa City chamber of commerce fire prevention program Monday, will be unable to attend the luncheon. This word was given out today by K. L. Walling, publisher of the Iowa Insurance Service Bureau magazine.

An injury received during the summer, was declared to have been responsible for the canceling of the engagement.

F. F. Rodgers, 225 Iowa avenue, is the local man named to address the Iowa City chamber of commerce Monday on fire prevention. He has traveled throughout Iowa for more than 25 years as a state and special agent for insurance firms and has devoted much of his time to the study of fire prevention.

He has been active in state and national campaigns for the eradication of fire hazards. Two years ago he spoke before the schools and clubs of the city on the same subject and was urged to repeat his talks this year, but business conflicts prevented him.

Taft to Reappear Here This Year

Announcement was made yesterday by the art department that Lorado Taft, famous American sculptor, will again deliver a series of lectures on art this fall.

These lectures will be given at Iowa Union from 4:30 to 5:30 p. m. on Oct. 9, Oct. 16, Oct. 22, Oct. 30, Nov. 13, and Nov. 20. From Iowa City, Mr. Taft will go directly to Grinnell college at Grinnell where he will deliver his lectures in the evenings on the same dates.

Make Search for Missing French Flyers

MOSCOW, U.S.R., Oct. 4 (AP)—With fresh rumors to spur them on, the widespread searchers for Diudonne Coste and Maurice Bellonte, French aviators, continued today to hunt for some trace of the flyers in the Siberian wilds without definite result. The last positive sighting of the red Sesqui plane was nearly six days ago.

Unconfirmed reports today placed the two men near Chita, in eastern Siberia. There also was a report that their plane had been seen crossing into Manchuria. So far no proof had been produced to support these rumors, but if they are confirmed the Frenchmen almost certainly have established the distance record which they sought.

Negroes Go to Hang to Tune of Banjo

NEW ORLEANS, Oct. 4 (AP)—To the solemn thump of a banjo hymn, two Negroes, Edward McKay and William Virgets, convicted of attacks on white women, were hanged here today in the Orleans Parish jail.

Each entered the death chamber in procession led by a Negro banjoist. Next came a Negro minister, the condemned men with guards and another banjoist bringing up the rear.

Iowa Graduates Married in N. Y.

Will Reside in Princeton After Honeymoon

A pretty church wedding was solemnized Wednesday in Princeton, N. J., when Frances Johnston, 24, was married to Joseph J. Piffner, 28. The Rev. Quitman F. Beckley, chaplain of Princeton university, officiated at the ceremony held in St. Paul's church. The couple were attended by Rose-Marie Nelson and Les Andrew Weber of New York city, both formerly of Iowa City.

The bride was dressed in dark blue chiffon velvet fashioned with a neckpiece of cream colored Viennese lace embellished with seed pearls. Her bouquet was of yellow and cream roses, and lilies of the valley. The wedding breakfast, which immediately followed the ceremony, was served in the historic Nassau Inn. Mr. Piffner and his bride then left for a short honeymoon in Washington, D. C. They will be at home after Oct. 6 in Princeton.

The bride was graduated from the University of Iowa in 1924 and acted as secretary to Dean Robert E. Rienow until Sept. 15. Mr. Piffner received his Ph.D. in biochemistry from the university in 1928 and was affiliated with Phi Delta Chi and Sigma Xi fraternities. He is now a research associate on the staff of the biology department at Princeton university.

American Chemical Society Announces Prize Essay Contest

Announcement was made here recently by the American chemical society concerning the 1929-30 prize essay contest for university and college freshmen. There will also be prizes of gold, scholarships, and medals for the best essays coming from high school students.

The purpose of these contests is to encourage interest in the study of chemistry. The prizes are offered by Mr. and Mrs. Frances P. Grayson of New York, in memory of their daughter, Patricia.

Prize money to be given for university freshmen consists of six awards of \$500, six awards of \$300, and six of \$200 to students who write the first, second and third best essays on the following subjects: Relation of chemistry to health and disease; to the enrichment of life to agriculture or forestry; to national defense; to the home; to the development of an industry or resource of the United States.

The length of the essays is restricted to 2,500 words, of which not more than 100 are to be quoted. No technical knowledge is needed. Any university freshman or high school student is eligible. The essays will be graded by English and chemistry staffs. The combined ratings will be used as the final grade on the essay.

The deadline for handing in these essays is March 1, 1930. Inquiries for further information concerning these contests should be addressed to Paul Smith, secretary, committee of prize essays, American chemical society, 654 Madison avenue, New York.

A Psychologist Looks at the Church

What happens after death is a problem. Some are sure of survival, others doubt it. But all agree that the fundamental human cravings for security, recognition, love and adventure must be satisfied in this life.

Rev. Rupert Holloway will speak on this subject, Sunday, at 10:45, at the Unitarian Church, Iowa Avenue.

Modernization of Old Homes Requires Only Nominal Amount of Money

Owners Make Homes Better at Small Cost

Older Houses Require More Change And Expenditure

One of the early questions that rises in the minds of the home owner who contemplates modernization is that of cost.

"What will it cost me to modernize my home?" is the question that is constantly asked.

The answer to such a question logically depends on the condition of the home, its size, the amount of modernizing to be done and other subjects of similar nature.

Old Houses Cost More

Obviously the house that was built back in the 90's when many of the common conveniences of today were unknown, will require a greater expenditure of money than the dwelling that was constructed 10 or 15 years ago.

The old houses of the day of Free Silver has an architectural style that is obsolete. The ginger bread and the lack of up-to-date fixtures call for thorough modernization.

On the other hand, a house that was built 10 or 15 years ago has many of the conveniences that are standard today. It may require a new heating plant, a sun porch, up

to date electrical fixtures, or more pleasing interior decorations.

The older the house the more the cost of modernization will be.

Home Stood Idle

An instance is related of one house that stood idle for many months due to its poor condition. This house was constructed back in the days when stove heat was universal. It had no cellar nor modern lighting. It was ugly, run-down and apparently worthless.

Finally the house was modernized. A basement was excavated and a heating plant installed. New floors, a bathroom, a sleeping porch, up-to-date electrical fixtures and a new front porch were a part of the program. The house was completed and immediately rented.

Comfort in Furniture Makes for Beauty

The ideal home interior is one in which comfort is perfectly blended with beauty. The secret of securing both is to aim for comfort first, for on the trail of comfort one inevitably finds beauty as well.

When placing the furniture in the various rooms keep this principle in mind and the result will be entirely satisfactory.

Deep-cushioned, well-proportioned chairs and couches, conveniently located tables, shaded lights, easy foot rests, and luxurious rugs minister to the comfort of the body. But the mind seeks rest and ease also and finds it in order, unity, balanced effects, good proportions, graceful lines, and color harmony.

Terraces of Rock Beautify Approach to High Grounds

A deep cut made when grading the street before the home often leaves the house with a steep slope leading to the lawn above. The problem of caring for this slope so that it will not wash away with succeeding rains has been solved by making rock terraces to hold back the soil and at the same time beautify the approach to the house.

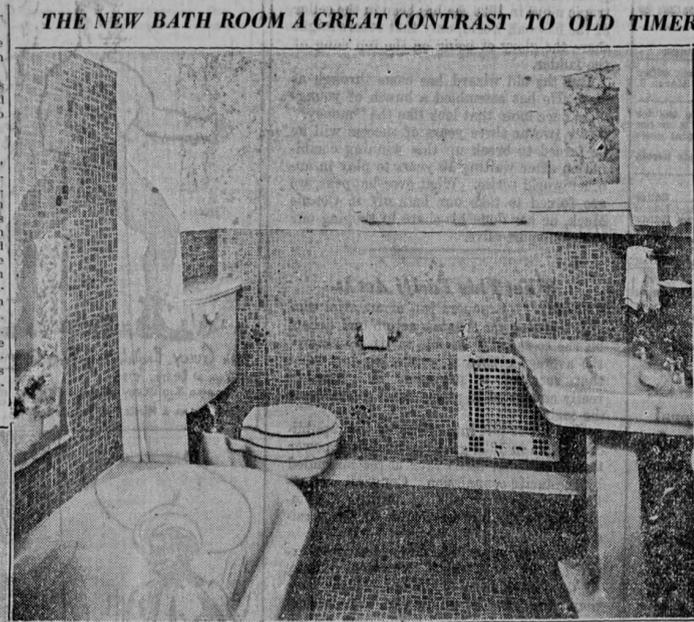

Rock terraces are made by digging out the soil, placing boulders into the sunken holes and filling up the space about the rocks with good soil in which are planted rock plants.

Such plants as candy tuft, Scotch pansies, myrtle, lantana, dwarf zinnias, verbenas, and obelias may be placed between the rocks as well

As such rock plants as bedum, alyssum, arabis and dianthus. A planting like this keeps the terrace a continual mass of bloom from early spring until autumn. The rock terrace successfully solves a problem that has confronted many home owners who have steep slopes of raw earth to conceal.

LAMONI, (AP)—Eva Lewers, head of the normal training department of Graceland college, has resigned to accept a position with the department of the interior as supervisor of Indian schools in South Dakota, North Dakota, and will be Pierre, S. D. In 1921, while she was a member of the high school faculty, Miss Lewers coached the first livestock judging team ever coached by a woman in Iowa. It won first in a contest at Ames. She founded the public library here and is now a member of the extension faculty of Iowa State Teachers college, Cedar Falls, giving lectures at Teachers' institutes.

to 4 p. m. for five days a week." From such a beginning, the library has grown from 15,500 in 1889 to 125,000 in 1900 to 430,000 in 1929. At the present time the library is open 14 hours a day, daily except Sunday. A card index catalog lists the books by subject, title, and author, and convenient departmental libraries are established for the use of certain departments.

Volleyball Practice Will Begin Monday

Volleyball practice for interclass games begins next Monday. It is necessary for a girl to have nine practices before she is eligible for the team, according to the rules. Points awarded for practices may be used for entrance into W. A. A. or towards an "I" sweater.

The schedule includes a game with the girls' volleyball team of the Iowa City high school. Practices will be held Monday, Tuesday, Wednesday, and Thursday at 4 p. m. and Tuesday and Thursday at 11 a. m.

Modern Bathroom Is Neat, Colorful, Snug, and Sanitary

University Library Increases Greatly Since First in 1857

In 1857 the University of Iowa boasted of a library of 500 volumes, valued at \$2,600. As the university catalog of that year says, the books were "so carefully and judiciously selected as to be equivalent to 1,500 or 1,800 volumes selected as books usually are."

The 1860 catalog claimed that the university library compared very favorably with the libraries of the state universities of Michigan, Illinois, and Indiana, each of which had a library of 2,000 to 5,000 volumes.

A bulletin published in 1860 has printed in Italics the fact that "students may use the library entirely free of charge" and that "the reading room is open for the students' use from 8 to 11 a. m. and from 2 to 5 p. m. of the same company."

The great advance in bathroom fixtures is illustrated forcefully by the before and after illustrations on this page.

The view at the bottom shows a typical bathroom of yesterday. It is a bare, dingy room, gloomy and ill ventilated. The fixtures were in style many years ago and their presence is today a sign that modernization is needed. In contrast look at the other view.

Modern Bathroom Compact

The modern bathroom is designed to utilize every square foot of space. The fixtures fit snugly without crowding. Careful planning can adapt even as small a room as 6 1/2 feet so that it has a spacious look.

In this particular installation the floor and wainscoting are linoleum which is easily cleaned. Often tiles are placed on the floor and form the wainscot. The upper walls are finished in plaster, painted to harmonize with the wainscot. This wall may be covered with canvas sheeting, wall paper or chintz. Whatever the material it should be finished with a shellac or enamel to protect it.

The radiator is set in a recess in the wall and protected by a grille. The use of a recess conserves space in a small room.

Mirror Flanked by Lights

The mirror is hinged, opening on a cabinet for toilet articles. The enamel bath sets on the floor, thus preventing an accumulation of dust beneath. Overhead is the shower which is controlled from the side of the wall. The shower curtain will be noted against the wall.

The keen appreciation of colors in interior decorations is reflected nowadays in the bathroom. From cold white-walled cells, where sanitation was the dominate keynote, many of the more recent designs in bathroom fixtures have been tinted in quiet tones.

CARTANA, (AP)—Milo Reno, state president of the Iowa Farmers Union, will lead discussions at the Monona county convention of the organization here Oct. 11.

Marked attention to details of construction characterizes the home of Mr. and Mrs. W. L. Davis on Lexington avenue. The house is rapidly nearing completion and will be ready for occupancy soon.

A winding flagstone walk leads to the house, which is set back some distance from the street. Excellent landscaping has been achieved through the use of popular trees, conifers, and spirea bushes.

A massive oak door gives entrance under an arched doorway to a tile-floored vestibule. The vestibule opens in the living-room. Walls in the living-room, the dining-room, and the sun porch are finished with a buff texture finish, and an inlaid block flooring has been completed. A fireplace is a feature in the parlor. Radiators are built into the walls, with a metal grating to allow heat to escape into the rooms.

Has Breakfast Nook

The dining-room and kitchen are connected by a neat breakfast nook, painted, as is the kitchen woodwork, in robin's egg blue. A long work bench beneath two cupboards extends the length of one side of the kitchen.

A hallway leads from the kitchen to the living-room, and also to the stairway. Upstairs are three large bedrooms, with ample closet space, and the bathroom. The floor and walls of this room, as well as many built-in features, are lavender tiled.

Special Stairway

An unusual device for reaching the attic without wasting space needed otherwise has been created in the nature of a trap-door which, when lowered by means of a chain, brings into place a small stairway. A closet lined with cedar has been designed to discourage moths.

A double garage is connected with the house by an arch.

LE MARKS (AP)—R. J. Koehler, receiver of the bank of the late Frank Hoese at Merrill, has completed a preliminary survey of the institution's condition. He indicated that winding up of the affairs will present no great difficulties.

THE MASKED HOSTESS by Blair Stevenson

What has gone before: Nathalie Van Slaek summoned from Europe by the death of her father, 'Happy Jack' Van Slaek, wealthy sportsman and society leader, learns from her lawyers that the fortune has been wiped out. Only \$28 and an old abandoned estate, 'The Firm,' have been left to her. John Sloan, young attorney, is assigned to handle her affairs. Nathalie with only youth, beauty and social position is further discouraged when her wealthy aunt, Mrs. Pemberton Swamy, coldly turns her away from her regal Southampton mansion. Nathalie in desperation carries a check for \$500, at the Waldorf Hotel where her family name is still accepted as the symbol of untold millions. Sloan, unknown to Nathalie, makes good this false check. On a second trip to Southampton, Nathalie is startled when strange, swarthy man calls for her. Fearing the police, she flees the house. Now go on with the story: CHAPTER VII. Thanked for every road in America has a certain amount of motor traffic pass over it every day Nathalie had stood only a few minutes in the shelter of the shabby beside the gate through which she had escaped, when an automobile appeared and she promptly halted. It was not a very pretentious car for its business was commerce and not pleasure. It belonged to a grocer, had a boxed-in body and was driven by the grocer's delivery man. But to Nathalie it spelled salvation. She pressed a five dollar bill into the driver's hand. 'I must get to New York and I am late for my train. This is yours if you get me to the station in time.' The driver asked no questions. Five dollars was five dollars to him and the moment she was beside him he stepped on the gas. The boxed in body behind them was a screen completely concealing her from her aunt's house as the grocer's helper turned the next corner on two wheels and headed for the railroad station. The station for New York train for the next three hours reached the station almost at the moment that the groceryman deposited Nathalie on the platform. She hastened into the car nearest her and sank into the first chair she saw with a sigh of relief that was almost a sob. But she was not the last passenger to catch the train. Just as it began to move a taxicab dashed up to the station platform and its occupant, flinging a bill to its chauffeur, swung his hand onto the platform of the car behind her. She had an instant's glimpse of his face but even without it would have known his dark gray clothes and his hard derby hat in any company. He was the 'person' who had demanded to see her at her aunt's house, the man who was, she was convinced, a detective sent to arrest her for passing a worthless check. Dismay filled her as she covered in her chair and in due course gave her ticket to the collector and paid him in cash for the extra parlor car fare. She knew, because half of it was made up of parlor cars, that the train was a through express which would not make another stop till it reached Jamaica. This meant that for more than two hours she was virtually a prisoner and actually a prisoner if the man in the car behind should make a tour of the train and discover her among its passengers. She did not know if he knew she was on the train, and began to take heart when more than an hour passed and he did not come into her car. Nearly another hour went by. Then a new fear assailed her. It occurred to her that with the train a through express, he was bidding his time and would probably arrest her in New York. She looked out and noted that the train was passing through Farmingdale, and began to plan that when it reached Jamaica she would leave it and possibly elude the man behind her in the station crowd. Ten minutes later the train brakes were applied suddenly and it came to a stop between two stations. Several of the men passengers in the car left it at once to determine what was wrong and in a few minutes one of them came back laughing and explaining that a furniture van was holding up the train, having stalled itself on the tracks at a grade crossing. Mechanically Nathalie looked out the window as he pointed that way and made another jest about the van—then gasped as she saw the man in the gray suit and hard hat walk by beneath her along the railroad bank. He had come out of his own car, no doubt, for the purpose of gathering the facts about the furniture van at the first hand. But again without doubt he would enter the train somewhere forward just before it began to move again and on his way back to his own car discover her and make her his prisoner. She wondered, as this thought raced through her mind, why she had not realized before the perfect opportunity of escape afforded her by the chance stop of the train. Summoning all the coolness of which she was capable she plucked up the small hand bag which was her single piece of baggage and walked to the rear platform of the car left it on the side of the train opposite from that on which she had seen the man she feared go by her window. A train porter, who had not seen her alight, spoke to her a moment after she was out of the train, warning her that the van was clear of the tracks and that the train was about to start. He touched his cap and accepted her explanation when she assured him that she was not a passenger but had come from one of the score of automobiles waiting at the grade crossing where the van was until the train

Stadium Will be New Station for Trains of Homecoming Guests

When the brakeman shouts "Stadium" on the Rock Island lines the train will grind to a stop just west of the new university stadium. The new station which will be used by football specialists is a little more than a mile west of the Wright street station. "Stadium" is the official name as announced by T. C. Frisch, vice president in charge of operations. The station will accommodate 60 passenger coaches and has 4,000 feet of track. Harry D. Breene announced that the platform and stairs leading to Melrose avenue will be completed in time for the Homecoming game with Illinois, Oct. 19.

Iowa Gridders Clash With Monmouth Today in New \$500,000 Stadium

Iowa Lineup Hurt by Late Squad Losses

Illinois Aggregation to Present Strong Eleven

By HARMON NICHOLS (Asst. Sports Editor)

The historic old Hawkeye battlefield, the scene of many grid contests, has been abandoned as far as football is concerned. Unless unfavorable weather conditions prevent, the new Iowa stadium will be host to the Monmouth game this afternoon, however, in case of rain, the game will be played on Iowa field.

Playing for the first time in the new \$500,000 bowl, the Old Gold machine will face a speedy eleven from Monmouth college, Monmouth, Ill.

It is the final preparatory tilt before the Western conference schedule begins with Ohio State next Saturday.

On the eve of the game, Coach Burton A. Ingwersen was undecided as to his lineup. There were several good reasons, why he could not give a starting lineup. In the first place the eligibility clouds which have hovered menacingly over the Hawk camp since last Saturday's game, continued to hang low around Burt's sophomore stars.

The storm broke when Big Ten authorities suspended Iowa from the Western conference last May. Although steps have been taken for reinstatement, the ultimate result is still a mystery. Everything was at a standstill until a week ago when the query on "Nanny" Pape stirred Hawkeye fans.

The storm became a cyclone last Saturday when immediately before the Carroll contest, 12 more of the Hawkeye athletes were declared ineligible.

The Hawk mentor put his entire squad through a grueling drill last night. He was unable to even pick a probable Old Gold lineup on account of the squabble. He might have picked a lineup and then found today that ten out of the eleven were ineligible.

Coach H. L. Hart, former Purdue star, is bringing a number of veterans to meet the Hawkeyes today. Although Iowa has beaten the Monmouth eleven for two consecutive seasons, Coach Hart feels that his outfit will at least give Coach Ingwersen's boys a good fight for points.

There are several sophomores who are certain to see action. Eob Sharpe, center, Baucher, tackle, and Glen Robinson, fleet-footed quarterback, are some of Hart's best performers.

Drake Jolts Ags in Valley Opener; Lynn King Stars

DES MOINES, Oct. 4 (AP)—A monster football player, Lynn King, tonight took full command of what might have been a tough situation and led the Drake Bulldogs to an 18 to 6 victory over the Oklahoma Aggies. King scored two of the Drake touchdowns and paved the way for the third.

Except for the Bulldog quarterback, the Aggies were about on a par with the Bulldogs.

They once anked a powerful line driving offense that carried the ball within 16 yards of the Drake goal from where Captain Baker passed to McLean for the lone Aggie touchdown.

Two of the Drake touchdowns resulted from bunt-like plays by the Oklahoma backs.

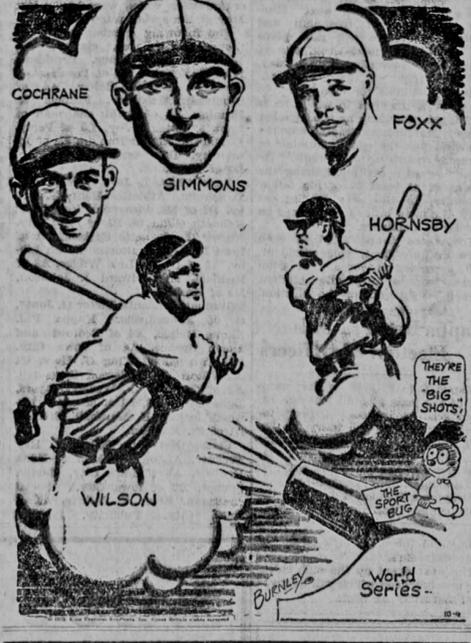

The first game when Drake recovered Trigg's fumble and King then raced through tackle for 25 yards and a touchdown.

Seats Are Liberal With Their Passes

Although they are dubbed the "Fighter's Seats," Monmouth's speedy eleven from Illinois may prove that nickname undeserved in today's game at the new stadium with the Hawkeyes as hosts. The Illinois collegians have several basketball players in their lineup—a decided asset to any aerial attack—and, in advance notices are to be headed, passes will be tossed by this invader with a liberality that would send a real Stockman into hysterics.

In their aerial game lies the only Monmouth hope of scoring against the Hawks. By taking to the air, this scrappy team will strike at Iowa's weak spot—a faltering defense against an aerial game. Yet Iowa's own pass attempts, if functioning as they have during the last few drill sessions, may offset what gains the collegians may make.

Certain enough is the opinion that the Monmouth team will be unable to cope with the fast-charging Hawk line and the hard-driving Glassgow and Farrow.

If you want a prediction on the game or score—why, here it is: Iowa, 32; Monmouth 0.

Conference Teams Swing Into Action Today

Every Big Ten team swings into action today, meeting non-conference foes of varying degrees of strength. Principal among the contests will be the clashes between Indiana and Notre Dame, Wisconsin and Colgate, Illinois and Kansas.

In the first-mentioned the dope says that Knute Rockne's Ramblers will finish ahead. The Hoosiers, however, are given an outside chance and if they upset the dope, they will be slugged as a powerful eleven—one to be reckoned with in the conference. As to the latter contest, Wisconsin, entertaining an eastern foe in Colgate, may have a tough battle but they should win. Illinois ought not to experience any difficulty with Kansas.

What's In a Name?

While still on the subject of football, let us consider the handicaps of radio announcers who must struggle with the list of names of conference players. Many a good-natured announcer may develop into a grinch and beat his wife, when he attempts to pronounce some of the baroque monikers. A few of the tongue-twisters are Bueschenschwist, Ughely, Mazmerchack, Wiragos and Erf from Ohio State.

Indiana counters with Minton, Antonio, and Hojnacki while Wisconsin offers easy conversation possibilities in Lubratovitch and Ketaljar. Bringing up the rear are Minnesota with Pulkrabek, Kakeka, and Oja; Illinois with Nusspielck and Kanoski; Purdue has Yanevick and Michigan has Truskovsk. Iowa, much to Carl Menzer's relief, is free from this type of tongue-twisters.

Just think of the disappointing moment to Windtinskopf, star Wisconsin halfback who is carrying the ball 80 yards for a touchdown and the announcer can't pronounce his name!

Have You Heard—

About Nick Lutze, Chicago heavyweight wrestler, who tried some of Sonnenberg's, billygoat holds (technically known as flying tackles) on Strangler Lewis, and found himself in the third row of seats after a dive out of the ring? Lutze lost the match, also.

That Rock Island high school's football stadium, part of a million dollar project, will be dedicated Saturday?

Of anyone who has a world series ticket?

McGuire Returns From Scout Camp Classes at Omaha

Paul R. McGuire, local boy scout executive, returned yesterday from Lincoln, Neb., where he attended a conference of executives. Following the conference he attended a six-day camp school at Camp Gifford in Omaha. The executives camped by patrols in different types of tents and learned the qualities of each type.

The conference assured the local organization that it was following the general trend of placing emphasis on outdoor training rather than indoor training. A feature was to pattern the different councils after big business by controlling large areas from one central office.

Glenna Meets Bill in Finals

Champion Averts Loss After Bad Start

OAKLAND HILLS COUNTRY CLUB, Birmingham, Mich., Oct. 4 (AP)—A bar cracking rival and the flux that has pursued virtually all of America's golf monarchs this year failed to halt Glenna Collet's march toward her fourth national women's championship in the hilly expanse of Oakland Hills today.

Doggedly refusing to join the ranks of the defeated champions, Miss Collet came back with a great burst of golf today in the last seven holes to overcome a two down disadvantage and ultimately conquer her opponent, Mrs. O. S. Bill of Kansas City, 3 and 2.

Her triumph sent her to the 36 hole finals tomorrow when she will face a fighter from her own state of California, Mrs. Leona Pressler, of Los Angeles. Mrs. Pressler, twice holder of the western championship, hurled into the final skirmish by eliminating Berdice Wall of Oklahoma, Wis., by the identical margin of 3 and 2.

Mrs. Pressler is one of the most sterling match players in the game, but is granted only an outside chance to stop the champion in such a long stretch tomorrow. Miss Collet, like Bobby Jones, often falls in short matches but rarely is conquered over 36 holes. In the near decade Miss Collet has been competing in the national championships, she has never been defeated in the finals.

BUENA VISTA TIES WITH SIOUX FALLS

STORM LAKE, Oct. 4 (AP)—Buena Vista and Sioux Falls college battled to a 7 to 7 tie here today, each team scoring in the third period.

The Dakotas scored early in the quarter when, after Gordon had lugged the ball to the 15 yard line, Lemcke passed to him over the goal. Lemcke then added the extra point by a line plunge.

Buena Vista retaliated in the final minutes of the period, McClintock passing over the goal to Marsh for the touchdown and the process being repeated for the added point.

Baseball Men Learn Slides

Weather that was ideal for football greeted Coach Clayton B. Thompson's baseball charges yesterday afternoon and put a damper on their daily practice. Fearing that several lame throwing arms might develop in the prevalent cold weather, Coach Thompson called off the usual practice game between the "scrubs" and the "dubs."

Base sliding practice was inaugurated in the workout.

Gillespie Reports to Frosh Tank Team

A small freshman swimming squad, with many absences because of lectures, was put through a brief drill last night by Ray Mohl, a varsity tank man.

At the workout last night, John L. Gillespie, A2 of Des Moines, reported for the first time. Gillespie won his letter in the 440-yard free style at Grinnell last year and should be a valuable addition to the frosh team. Others to sign up for the swimming squad recently are: Russell E. Stanley, C2 of Des Moines; Maurice A. Peters, A1 of Dunlap; Carl A. Umrah, A1 of Iowa City; Murray H. Finley, A1 of Mason City.

Little Hawks Get Set for Des Moines

With most of his regulars still on the hospital list, Coach George Wells sent his Little Hawks through a light workout last night. Signal practice took up most of the time though some attention was given to pass and punt defense.

"Shorty" Hull was back for practice after an absence of a week due to the sickness of his mother. Vestermark and Taylor were in the lineup but were taking things easy. Taylor has an injured shoulder and Vestermark's wrists are giving him a great deal of trouble.

Mathes was calling the signals in place of Howard Moffitt, who was on the side lines with an injured leg. Glick also appeared at practice, but was not in uniform.

With no games today, Coach Wells and his gridders will attend the East High-Ottumwa game at Des Moines, another group will go to Washington High at Cedar Rapids, and a third will be at the Clinton-Savanna, Ill., game at Clinton.

Kid Lehr Wins Decision Over Caddy Kelly in Legion Boxing Program

Lehr Shows Speed in Six Round Fight

Karl Kauffmann, Iowa City, Knocks Out Buddy Flake

Kid Lehr, state champion feather-weight boxer from Waterloo, slugged his way to a press decision over Caddy Kelly of Cedar Rapids, in the headliner of the American legion boxing show at the legion punch bowl last night.

It was the initial card of the season and was sponsored by the drum and bugle corps of the local legion post. The show was well patronized, more than 1,000 persons witnessing the four preliminaries and the main go. The next legion show will be held Oct. 18.

The main bout went six rounds and although Kelly stayed the whole route, he was clearly outclassed by the Waterloo mauler. Lehr was as elusive as a slippery eel when Caddy attempted to land his blows.

Kauffman K.O.'s Flake

The kid depended on his left for a knockout but Kelly refused to expose the "button." Caddy covered up well but often could not elude the kid's punches when coming out of a clinch or a corner.

In the second round Kelly was sent to the mat for a moment, falling under Lehr's one-two punch. He did not take a count, however.

Lehr weighed in at 127 pounds, and Kelly at 121.

It took Karl Kauffmann, Iowa City, just 15 seconds to put Buddy Flake, Lone Tree, out for the count in the fourth preliminary. Karl nailed him with a salvo of rights and lefts to the head.

In the first fight, Battling Alby of Rock Island, a slugging 145-pounder, gave Frankie King of Davenport, a boxing lesson in four rounds. Alby sent King sprawling to the mat three times in the four rounds.

Notelicky Takes Count

Pedrie Sullivan, coach of Durant high school, put Don Notelicky of Solon, out of business in the second round of their scheduled fourth round encounter. The bell saved Don in the first round after Sullivan had sent him through the ropes and finally to the mat. A hard left hook to the stomach did the work in the second.

Jimmy Hamilton of Cedar Rapids, fought Bud Green of Lone Tree, to a draw in four rounds in the 136 pound class. The men were evenly matched but too adept in clinching.

Young Trimble, Cedar Rapids, gave way to Shory Mills, C.M.T.C. champion from Ft. Des Moines, in another four-round contest. Trimble lost the first two rounds, tied the second and came back to win the last.

Henry Hurls White Hose to Win, 14-6

CHICAGO, Oct. 4 (AP)—Dutch Henry, former New York Giant left-hander, stopped the Tigers today and the White Sox made it two straight, 14 to 6. It was Henry's second start for the Sox and the second time he has given a good account of himself.

The Chicago team plunked a young pitcher named Arthur Herring and Sorrell for 18 hits to win. Herring was tapped for five runs by the Sox in the fourth inning at which the Comiskey team gained a lead they never lost. About 34 persons saw the game.

High Schools Vie for Title

Three contests are scheduled in which high school students from the 12-event state academic meet, all parts of the state will vie for state titles. Two hundred and seventy-three schools are already entered in the meet sponsored by the University of Iowa.

Announcement of the second annual affair to decide individual and school championships was made Thursday at the administrators' and supervisors' conference here. Prof. Thomas J. Kirby of the college of education will again serve as general chairman.

After two elimination contests, the best pupils in a dozen subjects, 480 of them, will meet at the university June 2 and 3 for the final event. The school contest, qualifying the first and second place winner for the district event, and the district meet, will be held May 6, but in the final round pupils from both large and small schools will compete together.

Kennett Plans Golf Tourney

Entry blanks for the fraternity golf tournament have been mailed, and all entries must be sent to Ernest G. Schroeder by next Monday.

Coach Kennett has not yet decided whether the meet will be conducted on a medal play basis or the usual round robin system. If he does decide to stage a medal play tourney, it will be an innovation in intramural golf.

Any member or pledge of a fraternity, except varsity letter men, is eligible to compete in this tournament. Teams will consist of four men with two alternates for each fraternity. One man will be named as captain, and will be responsible for his team.

A team trophy will be given as a prize, with gold and silver medals to members of the winning entry and the runners-up. Twenty-five points will be given to all participating teams while 15 points will be given to the team winning the golf championship, and nine points to the runners-up.

Third Edition of Perkins' Book Off Press This Week

Copies of the third edition of "Cases on Criminal Procedure" of the Iowa Casebook series by Prof. Rollin M. Perkins came off the press this week. The book discusses cases other than Iowa, but it deals with their application to Iowa's laws.

The purpose of the volume is to give a thorough understanding of the present rules of criminal procedure so as "to promote advantageous handling of criminal cases at the present time, and to provide background for sound reforms in this field."

The two former editions of "Cases on Criminal Procedure" were published in 1921 and 1923. Professor Perkins will use the new edition as a text for classroom work.

Big Ten Grid Teams Find Strong Opposition Today

By CHARLES W. DUNKLEY (Associated Press Sports Writer)

CHICAGO, Oct. 4 (AP)—Football will dive into the world series setting tomorrow with all teams in the Big Ten going into action for the first time this season.

Northwestern and Chicago will engage in doubleheaders, with the other eight members of the Western conference content to play just a single opponent.

The outstanding attractions of tomorrow's schedule will bring together Knute Rockne's Notre Dame Fighting Irish and Indiana at Bloomington, with Wisconsin starting the inter-sectional season in a game at Ann Arbor, Wittenberg will oppose Ohio State at Columbus, Monmouth will furnish the opposition for Iowa at Iowa City, Illinois will play Kansas at Urbana, with the Kansas Aggies meeting Purdue at Lafayette.

In the remaining games of the schedule, old man Starg's Maroons will spend the afternoon trying to subdue Heloit and Lake Forest, while Northwestern will take the field against Butler and Cornell college of Iowa. Minnesota will have Coe as its foe at Minneapolis.

For the first time in the history of Wisconsin football the Badgers will entertain an eastern foe in meeting Colgate in Camp Randall stadium. The Badgers, the experts figure, have enough power to repel the easterners, but by no great margin.

Notre Dame appears to have the edge on Indiana, but the Hoosier outfit will be licked until the last play is over. The Hoosiers will be playing their first game of the season, and their only one of the campaign on Hoosier territory.

Purdue and Illinois, in going into the Big Six conference for opposition, figure to have anything but soft opponents.

Coach Sam Willaman of Ohio State, will run out a more or less untried crew, but figures to be too powerful.

U HIGH TEAM TAKES REST

University high gridgers were given a rest last night after their strenuous scrimmage with the Irish, Thursday. There will be no workout today, but on Monday preparations will start in earnest for the battle with the heavy Marion team. Marion comes with a highly touted outfit Friday and will give the inexperienced U. high team their first real test.

Varsity Rifle Team Takes Regular Drill

Varsity rifle team aspirants are polishing their shooting form as well as their rifles during regular practice hours held at the gallery daily. Most of the men thus far have been inclined to fire from a prone position in the early workouts. This is naturally the easiest stance to fire from and serves to build confidence.

Not to be outdone by Conaway's perfect score of 100 Thursday, Captain-elect W. K. Weeber duplicated the feat yesterday. Both scores were made from a prone position. Another excellent performance was that of T. E. Challis who turned in a total of 86 from a standing position.

City Officials Offer Reports to Councilmen

Paving Contracts, Bills Occupy Council in Long Session

Quarterly and monthly reports of city officials and contracts for civic improvements, kept the city council in session for three and a half hours last night at their regular meeting in the city hall. Reports of Mayor J. J. Carroll, City Treasurer E. B. Raymond, Police Chief C. F. Benda, Fire Chief Herman Amish, and Police Judge C. L. Zager, were made at the meeting.

Petitions for signs, resolutions over-ruling assessment objections, bills of the month, and committee reports, occupied the councilmen in the long session.

Mayor, Treasurer Report

The city treasurer's report showed, cash on hand Sept. 1, \$113,004; warrants paid, \$17,309; receipts, \$7,787; balance Oct. 1, \$103,482; warrants refused, \$3,792. Mayor Carroll's quarterly report listed license receipts, \$393, fees, \$49, and miscellaneous, \$2, totaling, \$1,044.

Judge Zager's statement for a six month period included on city cases, fines \$2,536; costs, \$1,833; bonds and miscellaneous, \$95; and on state cases, fine and costs totaled \$73, for a grand total of \$4,288. Deducting his salary of \$350 and the amount paid the county for care of state cases, a total of \$3,852 was deposited in the city treasury.

Reports of Police Chief Benda and Fire Chief Amish were accepted favorably and filed for proper disposal. The fire committee will purchase \$654 worth of new equipment for the department.

Horribin Gets Contract

The bid of the William Horribin Contracting company of Iowa City was low and was recommended by the committee in charge of paving bids for paving of the following streets: Harrison from Dubuque to Linn, Ronalds from Van Buren to Dodge, Beverly from Summit to Clark, Fernon from River to Park road, Court from Madison to Front, Rider from Woolf to Black Springs circle, Moss from Ellis to Ridgeland, and the alley in the outlet 19.

Petition of R. J. Sebek for brick paving on Fernon Avenue was overruled and concrete will be laid on all but Court and Beverly streets. These will have brick. The Interurban company will pay for the paving between its rails on Court street if the council wishes, according to a letter from the company. This is not to be interpreted as an extension of their franchise for use of city streets, which expired in July.

Contract for sewer, water, and gas connections on the streets to be paved was let to Connell and company for \$2,123. Bids were opened at the city hall at 2 p. m. yesterday.

A resolution over-ruling objections to the assessments for paving on the following streets was adopted: parts of Magowan, Lowell, Rundell, Lucas, Pickard, Tewell, and Ginter. The city will issue bonds for \$29,635 for the paving.

The estimated total costs of installing eight lamps completely equipped on South Dubuque street between College and Burlington streets, was placed at \$2,059. Objections will be heard by the council Oct. 25. City Solicitor Will J. Hayek, upon testimony introduced by Oscar Bredreau and S. K. Stevenson, will instruct property owners in block one, Cartwright's addition, to vacate the alley within 10 days or the city would do the work and assess the owners.

Petitions, one for the extension of

NEWS ABOUT TOWN

Hold Confessions at St. Pat's

The Rev. C. A. B. Van Waus, chaplain at Mercy hospital, the Rev. Lucian Sencalosh, graduate student, the Rev. J. L. Ross, student chaplain, and the Rev. J. J. Welsh of West Liberty, are assisting with confessions this week at St. Patrick's church.

Issue Marriage License

A marriage license was issued at the court house Wednesday to Lucy Mae Chaney, 18 years old, and Donald Anderson, 22 years old, both of Tipton.

Change Train Schedule

Train service on the Rock Island branch between Iowa City and Hills will be discontinued after Oct. 12, according to reports here. At present a mixed train leaving Iowa City at 7:30 a. m., runs to River Junction and returns here shortly before noon. Under the proposed schedule the terminals for this train will be at West Liberty and Montezuma.

Jury Returns Verdict

The jury in the case of Mabel C. Wilson vs. William Teeters, for personal injuries, returned a verdict in favor of the defendant yesterday. E. A. Baldwin was defendant's attorney while W. B. Watsabough of Cedar Rapids, was Mabel Wilson's lawyer.

New York Woman Dies Following Long Illness Here

Charity Lyon, 44 years old, of New York city, died at 5:15 p. m. yesterday at a local hospital. She came here in May to visit her sister, Mrs. W. E. Schwob, 204 Lexington avenue.

She became ill in June and was taken to the university hospital. No funeral arrangements have been made.

Miss Lyon is survived by her parents, Mr. and Mrs. J. B. Lyon of Riverside, Cal., and two brothers, William of Seattle, Wash., and James of Providence, R. I. The body was removed to the McGovern funeral home.

Water mains on F street, between Sixth street and Fifth avenues; another for \$5 judgment asked by E. D. Burnett, who alleges city workers destroyed current bushes on his property, were referred to committees. The Bloom Auto company will be ordered to remove obstructions from in front of its place on College street, and the matter of a popcorn machine, in the alley near the Welt agency, being a nuisance, will be investigated.

Discuss 11 p. m. Closing

The possibility of a 11 p. m. closing law for roadhouses in the city limits, was discussed and will be investigated. Such a law was recently put in force throughout the county.

Petitions to hang signs at 129 S. Clinton street, 108 S. Clinton street, and 20 E. College street, and permission to install an underground oil tank in the rear of 16 S. Clinton street, were granted.

Three "mushroom" intersection lights at Iowa and Dubuque, Linn and Washington, and Linn and College streets, will be removed to save electric expenses. City Clerk George Dohrer will communicate with officials at Durant on the possibility of buying two traffic signals, ordered removed from that town, being purchased by Iowa City.

Editors Guests of Rotary Club

Visiting editors here for the Iowa newspaper conference were the guests of the Rotary club at a luncheon given yesterday at the Jefferson hotel.

Les Nagle, president of the local club, welcomed the visitors to Iowa City and George F. Kay, dean of the college of liberal arts, welcomed the newspaper men to the university.

Don L. Berry, editor of the Indianapolis Record, responded for the guests. Each guest was introduced, the visiting newspaper men giving their own introductions. Group singing was conducted by Frank L. Kendrie.

Other guests besides the newspaper editors were: Charles Gallier, manager of ticket sales at the university, who was the guest of Edward H. Lauer, director of athletics; G. L. Caswell, secretary of the Iowa Press association; Prof. Frank L. Mott, head of the school of journalism; and John Hynek, editor of the Tama News-Herald, who were all guests of Rotarian Merritt C. Spelding; J. H. Slighton of Marengo and James McCutcheon of Mt. Vernon.

Mrs. Mary Dohrer Dies at Home After Attack of Pneumonia

Mrs. Mary Dohrer, 85 years old, died at her home, 1026 N. Governor street at 10:30 a. m., yesterday, following an attack of pneumonia. Funeral services will be held from St. Mary's church at 9 a. m. Monday, unless other later arrangements are made.

Mrs. Dohrer was born in Prague, Bohemia, Nov. 26, 1843. She came to this country when she was 18 years old and has made her home in Iowa City and the vicinity since. For sometime she lived on a farm near Newport. The last 15 years she has made her home with her daughter, Clara Dohrer in Iowa City.

She is survived by six daughters, two sons, 28 grandchildren, and 11 great grandchildren. Her daughters are Clara Dohrer, Mrs. Anna Schmidt, and Mrs. Charles Ruppert of Iowa City; Mrs. P. Z. Schintler of Newport; Mrs. Julia Hynes of Cedar Rapids; and Mrs. Lloyd Owenchinn of Denver, Col. Her sons are Joseph Dohrer of Iowa City, and John Dohrer of Newport. City Clerk George Dohrer is a grandson.

Historical Society Visited by Officer

The Iowa State Historical society was visited yesterday by Miss MacNate, head of the Historical Bureau of Indiana. The purpose of Miss MacNate's visit was to confer with Benjamin F. Shambaugh, superintendent of the Iowa State Historical society, on methods of caring for manuscript, news papers, and rare books.

The state of Indiana is planning to erect in the near future a \$1,000,000 building to house the state library, the state historical library, the library commission, and the historical commission.

LAND TRANSFERS

A warranty deed filed at the court house yesterday recorded transfer of a strip of ground 20 feet wide, containing more than four acres, off the west side of lot five in the N.E. quarter of the S.E. quarter of section 35, township 81 north, range 7 west, by Mr. and Mrs. M. F. Stoner to Johnson county.

Railroad Ties Prove Popular on Trestle

Frank Seney, P1 of Buffalo, Wyo., discovered a new method of escaping the interurban when caught walking across the trestle from Iowa avenue to Templin road yesterday.

When he was half way across the bridge the interurban started over. All telephone poles along the tracks were occupied by students unable to reach the end of the trestle, the poles being the approved parking places when the cars go by.

Not being able to reach a pole, Frank took hold of the end of a tie and let himself down over the side. There he remained, hanging over the river, until the car had passed and he could cross safely to the other end of the bridge.

SCHOOL NEWS

Fire drills are being conducted at the Henry Longfellow, Shimek and Kirkwood schools. As yet not much stress is laid on speed but more on orderliness and method. However, the 487 pupils in Longfellow school were dismissed in one minute and ten seconds.

Pupils at Shimek school receiving 100 per cent in spelling this week-end are: Joseph Koudelka, Alice Kanak, Arthur Kanak, and Viola Hynek. The 18 pupils at Shimek are doing set work now for which a series is star. So far Ralph Rupert, Rosamond Rupert, Arlene Fryauf and Eileen Prizlar have received stars.

Elgin Kreul, teacher at Shimek school, is conducting singing lessons with piano accompaniment for her pupils. She has divided the school into two classes, the "woodpeckers" and "canaries." The woodpeckers try to improve their singing so that they may be advanced to the canaries.

Fire Chief Amish Finds Fraternities, Sororities Secure

The inspection of local fraternity and sorority houses is revealing satisfactory conditions, according to Fire Chief Herman Amish. Few hazards are being found, and it is expected that these will be eliminated shortly. Chief Amish expects to complete the inspection of fraternity and sorority houses today and will immediately start his men on the public schools and mercantile houses.

These inspections are made yearly in connection with national fire prevention week. Iowa City will join every community in the United States next week in an effort to reduce loss by fire, which annually takes an enormous toll of lives, and destroys millions of dollars worth of property.

Jennings Takes Over Insurance Agency of Burrell Firm Here

A business transaction was closed yesterday whereby H. I. Jennings, local insurance man, took over the agency of the J. D. Burrell Insurance company, a local firm.

Hereafter, transactions of the Jennings and the acquired Burrell company will both be conducted from the former offices in the Paul-Helen building.

This is the GOLDEN HOUR for youth's own FLOWER

IT'S MUM TIME

Chrysanthemums were created for the lovely lady who is young in years and spirit—and for those who always will be young, despite calendar and custom. Great balls of radiant beauty, they reflect the sparkling spirit of Autumn sunshine.

And because she, too, is lovely and sparkling, a gift of these flowers will win her heart. Now at their very best, Chrysanthemums and their little cousins the pompons may be gotten here in a pleasing variety of colors. Come see for yourself!
