## JURY CLEARS WISCONSIN GOVERNOR

### Social Science Conference of Iowa, Including Three Associations, Opens Today

Meetings Begin at 10 o'clock When Historical Group Hears Prof. L. B. Schmidt; Sociologists Hear Hoyt

The Iowa social science conference will open here today, when the Iowa political science association, the Iowa historical association and the Iowa association of economists and sociologists hold their initial meetings at 10 o'clock at Iowa Union. The meetings of the political science group will be held in the YMCA conference rooms and those of the history group in the women's lounge rooms. The economists and sociologists will hold their conferences on the sun porch. The various associations are sponsoring programs for the members of their groups which will discuss problems of vital interest in their fields. Members of three groups will meet at a joint dinner this evening at 6:30 on the sun porch. The final meetings of the associations will also be held on the sun porch at noon Saturday when Senator C. F. Clark of Cedar Rapids will address the educators on "Iowa tax reform."

A formal welcome to the university will be extended to the social science instructors by Pres. Walter A. Jessup at 8 o'clock this evening. Following the official welcome, Prof. William F. Ogburn, nationally prominent sociologist and member of the department of sociology at the University of Chicago will give a public lecture in the main lounge of Iowa Union. He will speak on "Our changing society; its cause and its future." Another high light on today's program is an address to be given by M. G. Thornburg, state secretary of agriculture, at the noon meeting of the economists and sociologists. Thornburg will discuss "The present status of, and some of the probable trends of agriculture in Iowa." M. G. Thornburg, state secretary of agriculture, at the noon meeting of the economists and sociologists. Thornburg will discuss "The present status of, and some of the probable trends of agriculture in Iowa." Members of the Iowa City chamber of commerce are particularly invited to attend this meeting and hear Secretary Thornburg's address. Meetings of the associations are not confined to members of the three groups and persons interested in these fields are invited to be present at any or all sessions. Students especially are urged to attend as many of the meetings as possible.

### Annual Iowa Commercial Meet Opens

The senate chamber will open its doors to another conference this morning at 9 a.m. when the first meeting of the fifth annual Iowa commercial conference on commercial education convenes, with Samuel Wanous, commercial instructor, University high school, Iowa City, as the first speaker. Melvin Ladd and Herbert CLOPTON, of Winterest, are now in the New Mexico penitentiary in connection with the act.

### British Police Halt Raid on Salt Deposits

Party Led by Native Woman Refuses to Quit March

BOMBAY, May 15 (AP)—The eyes of all India centered today on the little village of Dharamasana, where the strangest scene of all the extraordinary drama witnessed recently in this country was enacted. A contest in "civil resistance" took place between Mrs. Sarokini Naidu, heading a group defying the salt laws, and police. Mrs. Naidu, who heads the civil disobedience movement now that Mahatma Gandhi and Abbas Tyabji are in jail, headed her volunteers for the government salt deposits at Dharamasana and intended to raid the salt pans. The police halted the party, whereupon Mrs. Naidu and her followers squatted on the road while the police formed a cordon around them. The odd situation continued all day. No one was allowed to pass the cordon with food for the volunteers, and no volunteer who left the police lines was permitted to return. A "Refuse to Abandon Raid" Meanwhile, the woman leader and her flock sat in the road, chatting and spinning native cloth. It was believed that she would be joined by a second party tomorrow unless she agreed to leave Dharamasana without attempting the salt raid. Other events in India today were the happenings of Dharamasana road. The usual crop of arrests and sentences was harvested, but there were no serious disorders. A "red" procession more than a mile long, organized by the youth league of Bombay, paraded in the fort area of the city tonight, carrying red flags. Many members of the congress party, with "Gandhi caps" and red scarves and carrying the tricolor national flag, also marched.

### Girl Discovers Brother Dead, Others Dying

CHICAGO, May 15 (AP)—Dorothy Schlemann, 8 years old, came home from play late today to find her brother and two other brothers probably fatally wounded. Police started search for her father, William Schlemann, 32 years old, N. N. Miller, E2 of Davenport; best drilled junior, R. H. Nielsen, E2 of Davenport; best guide, T. F. Murray, E2 of Iowa City; best drilled sophomore, C. C. Haug, of Springfield, and best drilled freshman, E. E. Zimmerman, of Avoca.

### \$750,000 Grain Elevator Fire Destroys Life Work of Leiter

CHICAGO, May 15 (AP)—One of the most exciting battles in the history of the wheat pit was recalled vividly today by the smouldering ruins of a grain elevator on Goose Island, in the Chicago river, almost in the center of the city. The fire, an inferno through the night, destroyed the second of three relics of the famous attempt of Joseph Leiter to corner the wheat market in 1897 and '98. Fire took the first elevator in 1914 with a loss of \$1,000,000 and 1,500,000 bushels of wheat. At that time the elevators were still owned by Armour. Yesterday's fire was the misfortune of the Rosenbaum Grain corporation. Firemen expected the latest blaze to smolder for a week. They were

### Don D. Slaymaker Hurt in Car Crash on Dubuque Street

Don D. Slaymaker, A3 of Osceola, was seriously injured when the car which he was driving struck a car, owned by Dorvan Hudson, A2 of Iowa City, near the intersection of Fairchild and Dubuque streets about 12:30 last night. Slaymaker was thrown from the car up onto the lawn. He was alone in the car. Hospital authorities think that amputation of his leg will be necessary. His parents have been notified.

### Military Events Fete Governor on "His" Day

Military pomp and pageantry with 10 events on the four hour program, will mark the annual observance of Governor's Day in the university on Saturday, the year's farewell to the R.O.T.C. regiment. An honorary luncheon with several hundred guests, competition between cadet companies, an exhibition drill, presentation of awards for military prowess, and the official review of troops are the chief items on the program. At the noon luncheon in honor of Iowa's governor, the speakers will be Gov. John Hammill, Pres. Walter A. Jessup, Maj. Gen. Johnson Hagood of Omaha, and Cadet Colonel Boyd N. Liddle of Davenport.

### Boards Elected by Close Count

One of the largest and most closely contested elections ever held on the campus ended yesterday with the election of three new members to the Student Board of Publications, and four to the Iowa Union board. Over a thousand votes were cast during the day and the victors won only by small margins. The election took place at Iowa Union. Newly elected members of the Student Board of Publications are: Shirley A. Webster, Li of Minburn. Webster is member of Gamma Eta Gamma, Student Council, past president of quadrangle association, and a member of the inter-collegiate debate squad of 1928-29.

### Clark Urges Tax

DECORAH, (AP)—A replacement tax to lessen property assessments was urged in an address by Senator C. F. Clark, chairman of the legislative tax commission.

### Becker Killed When Bomber Falls in Ocean

Parachute Opens Too Soon, Entangles in Plane's Rigging

HONOLULU, May 14 (AP)—A dramatic adventure of air and sea cost the life of Staff Sergeant Joseph Becker of Brooklyn, N. Y., and caused the loss of three military airplanes between the islands of Maui and Hawaii yesterday. Twelve other army and navy flyers whose planes rode the rough waves from noon yesterday until early today were brought safely ashore by rescuing surface vessels. Becker died when an army bombing plane fell into the ocean while accompanying a fleet of 41 army and navy planes from Luke and Wheeler fields, near here, to Hilo, Hawaii. A heavy seaplane and two army amphibian planes were brought down by their crews to rescue the bomber's men. They picked up three men, but the rescuing planes were unable to rise from the rough waves. Parachute Opens Too Soon While flying 8,000 feet high, the bomber broke an aileron control and began its descent. Becker's parachute opened prematurely as he was about to leap, and became entangled in the bomber's rigging. Two other members of the crew parachuted at an altitude of 4,000 feet and were picked up by the rescuing planes. Lieut. Telmadge Leslie Boyd of Washington, D. C., pilot of the bomber, remained with the ship in an heroic effort to extricate Becker and was drawn into the whirling stabilizer. Boyd's legs were lacerated, his shoes and socks torn off and his clothing ripped to tatters. Three thousand feet above the sea, Boyd freed himself and leaped with his parachute into the waves. Seaplanes Rescue Men A naval seaplane commanded by Lieut. M. E. Schur followed the parachuting man down and picked up Boyd, Staff Sergeant H. Alexander of Kennedy, Ala., and Private H. L. Cowan of Syracuse, N. Y., Becker was carried down by the bomber beneath the waves. The steamer Hawaii rescued Lieut. E. W. Rawlings, Sgt. R. F. Summers, Lieutenant Schur, Lieut. C. A. Hawkins, aviation pilot A. E. Schlacks, chief radio man J. H. Dobson and machinist A. J. Kachergis. One of the planes drifted 40 miles before its men were rescued. Through the long hours of day and night army and navy planes circled over the fallen planes, unable to give assistance owing to the rough sea. Several surface vessels which hastened to the scene were unable to locate at once the drifting planes.

### Exonerated

Gov. Walter J. Kohler

### Sheriff Holds Four Suspects for Quizzing

Authorities Find Fresh Evidence for Lee Murder Case

DES MOINES, May 15 (AP)—Police late today turned over to Sheriff Park A. Findley Carl McCune and Elmer Gibson, held for investigation in the slaying of 9-year-old Evelyn Lee. The sheriff planned to continue the questioning begun by police, and he said he is following new evidence that he believes will lead to additional clues. He expected to submit his findings to the Polk county grand jury.

### Judge Gehrz to Give Final Verdict Soon

Decision Postponed for Filing of Motions by State

SHEBOYGAN, Wis., May 15 (AP)—Exonerating Gov. Walter J. Kohler of Wisconsin, who was charged with violating the state court jury practices act, a circuit court jury tonight answered negatively eight questions in a special verdict. Judge Gustave Gehrz now must formulate a final verdict which need not agree with the jury's findings. Under the special verdict, the jury was submitted eight questions based on evidence. Affirmative answers meant belief that the governor was guilty; negative, that he was not guilty. The charges against Kohler were filed more than 15 months ago by Philip F. La Follette and three leaders in the progressive faction of the republican party. The governor is a member of the rival "conservative" faction. He was alleged to have spent more than the \$4,000 allowed by law in the 1928 primaries. The case was tried after a decision by the supreme court, and lasted 23 days. It started April 22. Kohler Granted State Gov. Walter J. Kohler issued a statement expressing gratification at the favorable verdict. "The proceedings in the circuit court which have lasted three and one half weeks have been a tax upon me and I have been distressed by accusations made against many good citizens who actively favored my candidacy, and particularly against some of my close friends, fellow workers and members of my family," he said. Judge Gehrz announced he would postpone a decision until all motions are in. The state plans to make several motions and these he said may be offered at Milwaukee, where his circuit court is located. Crowds Pleased The judge finally allowed Wilkie three days to file his motions. When the decision was returned, the courtroom spectators stood on tables, screamed and waved their hands. The crowd pushed forward to shake hands with the governor. "The governor turned to the jury and said: 'I am deeply grateful to you for this verdict, clearing my reputation and the good name of my friends and family.' He shook hands with each juror." A reception line started forming around the court room as the crowd pressed forward to congratulate the man whose industry is the greatest in their county, who has lived in this district virtually all his life. Marie Kohler, a sister, and Walter, Jr., sat at one side and received the congratulations of the crowd. The younger Kohler had tears in his eyes.

### 17 Americans Presented at British Court

LONDON, May 15 (AP)—In the royal pomp and pageantry of London's second court of the season, nine American women curtsied tonight to King George and Queen Mary. The American women, seven of whom were matrons, were part of a bevy of 400 court debutantes. Eight American girls were presented at yesterday's court. Buckingham palace for the second successive evening presented a scene of splendid court and sumptuousness. The brilliant gowns of the women and the dress uniforms of army and navy officers and diplomats formed a lavishly varied setting for the king and queen and their golden thrones. Queen Mary chose a gown of heavy silver chiffon lace for the occasion, with an overdress of pale peach chiffon, embroidered with pearl silver. Her train was of peach and silver brocade. High on her head gleamed a tiara of pearls and diamonds. On her breast shone the order of the garter and other jeweled orders.

### Iowa Woman's Club Elects New Officers at Business Meeting

Mrs. C. L. Boss was elected president of the Iowa Woman's club at a meeting held yesterday afternoon at Youde's inn. Mrs. G. W. McLarand was chosen vice-president and Mrs. H. W. Anderson and Mrs. A. E. Chesley were re-elected to their respective offices of secretary and treasurer.

The election replaced the usual program, and a short business session was held. Roll call was answered with spring poems.

Hostesses included Mrs. C. L. Boss, Mrs. Mollie D. Hannah, Mrs. D. G. Douglas, and Mrs. A. E. Lantz.

**Service Guild Elects Officers at Dinner**  
Twenty-one attended the dinner of Wesleyan service guild, Methodist organization, last night at Youde's inn, with Ruth Lane and Ona Rogers as hostesses. Ethel Poland was the leader.

Election of officers for next year followed the dinner. Loraine Lawver was elected president, and Mrs. Althea Redman, vice-president. Other officers are Vera Cox, corresponding secretary; Vera Anderson, treasurer; and Clarice Donnelly, recording secretary.

Corroding the Pretzel

A NEWS DISPATCH from Milwaukee says that old-timers call modern food wrappers sanitary mollycoddles. The specific instance was in the case of pretzels. The city found that it was unsanitary to have customers and storekeepers dip into large bowls to withdraw an order of the old beer twin.

Just what makes people healthy—the laws passed by the city, state, and nation, or the care that the individual takes on his own. It is undoubtedly the laws. The pure food laws, city food and milk inspection assures the people that the product is as free from germs as possible.

The small item of wrapping the pretzel in Milwaukee is an example of how alert cities are seeking to improve conditions. That Milwaukee should be the town is interesting. The beer capital of the U. S. before prohibition now goes one step ahead, and has the pretzel wrapped before buying.

Motor to Mexico City

LATE THIS summer the Mexican government and highway association will officially open a paved highway from Laredo, Tex., to Mexico City. This highway will form a link to ultimate highways which will reach through Central and South America. This Mexican unit is the second unit of the dream to have an all-weather highway from Washington to the capitals of the Americas.

Modern road machinery is being used by Mexico to build this road. In the late summer a motor caravan will travel to Washington under the auspices of Mexican and American automobile associations. Besides opening up new fields for scenic travel by motor, the road will prove important politically.

Indifference—High Taxes. THE DESIRE of the taxpayer is to obtain a maximum of legitimate governmental service for every tax-dollar. It should be the aim of every public official to deliver this service.

Opposition to the Draft. Opponents of the Legion's universal draft act are assuming a position that appeals to neither heart nor logic. Their principal contention is this: "The desire for profit is the only effective driving force in war or peace and a removal of profit from war would break the efficiency of farms and factories in the time of national emergency."

And I say, "Impressions should be written more briefly, but let's have some more, anyway." —the doctor.

Welcome Again Tourists

THE TOURIST season is almost upon us again and Iowa City will have its full quota. Because of the university more than the average number of tourists are attracted here, and they judge Iowa City by what takes place during their short visit.

Perhaps some of them will send children here to school later, or even choose this as their home or business city. Iowa City must make a favorable impression now.

Courtesy, especially on behalf of traffic officers, filling station attendants, and hotel staffs, come first in impressing visitors. Clean streets, good natured citizens, and willingness to aid and inform our guests, also rank high. These courtesies by our citizens will produce almost immediate favorable reactions toward the city throughout the state and nation.

Transatlantic Air Service

IT BEGINS to look as if regular commercial airship service across the Atlantic ocean were to be a reality in the very near future.

Plans that were recently announced at Washington are to the effect that Germany will build a new ship to go with the Graf Zeppelin and America will build two more, making a fleet of four. Service going east will provide two-day trips, with three-day trips for the west-bound line. Passenger fares will be about double steamship fares.

This announcement may be the beginning of a new kind of traffic of enormous importance. It seems foolish to suppose that the steamship will ever be displaced as the carrier of bulk freight, but the dirigible may very well be about ready to give the fast passenger line something to worry about.

Poppies

ON MAY 24, 50,000 poppies will be on sale. The returns from the sale will be used for welfare work at Oakdale, in Iowa City, and in other state institutions. World war veterans make the poppies while receiving treatment in government hospitals and receive a cent for each poppy made.

Purchase of these poppies will show a fine appreciation of what the war veterans sacrificed for our country.

CHILLS & FEVER & other industries

Now that impressions have come in, the mail today carries one from Steve, once a student at Wabash college in old Indiana. And we're passing it on, with due explanations which Steve himself volunteered.

IT'S A HE-MAN INSTITUTION

Steve spent 2 1/2 years at Wabash college, a man's school over in the wilds of Indiana, where they shave only once a week, to go to school in sweat shirts, sweat pants, and sweat socks. They smoke in all the buildings, smoke during examinations, spit tobacco juice between their teeth, play such teams as Northwestern, Purdue, Indiana, and Notre Dame.

And in spite of all that they go to chapel once a day and have the reputation for being one of the finest liberal arts colleges in the middle west. (Look in the collegiate blue-book, if you don't believe it).

BUT HE LOVES IOWA

Now coming from such a heaven on earth one might not expect Steve to like Iowa, but he says he does (in spite of some of his remarks in the impressions) love Iowa muchly.

One of the traditions of that school in Indiana was that each guy should travel as far and as cheaply as possible during his college career. Steve is going to stay here this summer, and then go back to Wabash, the school that "ALLWAYS fights."

And after he tells us that he thinks Iowa is the best school in the Big Ten we're with him, he his impressions what they may.

IMPRESSIONS OF IOWA CITY—ON A CYNICAL, MID-WESTERN COSMOPOLITAN

"College cafe's fair—can't touch Pohn's-on-Oregon at Urbana—the Quadrangle at Indiana isn't a men's dormitory—it's the sorority house group—rather have the Mem Union at Madison—better dance floor—press-box on Dyche Stadium is best in Big Ten—Iowa included—30 minutes to the loop—Purdue band has bigger brass drum than Iowa band—Chicago's is even bigger—High Street at Columbus like our own Clinton Street—or Illinois' Green Street—or Wisconsin's State Street—or Purdue's State Street—"Family" spirit at Wisconsin—most of the houses on Langdon Street and the Lake Shore—peacock on the mantle at the Tri Delta house at Illinois—nothing like that out here—Lambda Chi house at Purdue where the great Welch lived—no Lambda Chi out here (thank Gawd)—moonlight shining through pine trees onto Theta front porch at DePauw—worth humming all day to see—moonshine out here means something else—caneing, etc.—beech trees on Western campus—same town as the home of the Miami Triad—out here no one knows what the Miami Triad is—think it's a Florida real estate scheme—ask Betas, Sig Chis or Phi Deltas—Coon-Sanders at the Blackhawk—Notre Dame "JUGGLER" the best college magazine in the Middle West—Princeton "TIGER" best in the country—"FRIVOL" best in this neck of the woods—Triangle Club at Princeton has nothing to do with engineering—never heard of Washington and Lee Swing out here—think it is something to hang on front porches—of to give as a bridge prize—think Hahwah accent affected—It isn't—they can't help it—think hospital building a big affair—Jordan Hall at Butler holds all classes, labs, etc. for school of several hundred—two blocks long and don't remember how wide—incidentally, call Kappa Annex when in Indianapolis—the girls who "ARE"—sophistication plus—dancing not a light-hearted business here—it is in India—"Tiger Rag" their national anthem—Jerry's beer at Lafayette better than this stuff—oh, why-in-hell did I come out here to Iowa, anyway? (There's a reason—progress).

And I say, "Impressions should be written more briefly, but let's have some more, anyway."

—the doctor.

OFFICIAL DAILY BULLETIN

The University of Iowa. Bulletins and announcements for the Official Daily Bulletin column must be in the hands of Lois Randall, 101 Journalism building, in writing, by 4 p.m., or 11:30 a.m. on Saturday, to appear in the following morning's Daily Iowan. Vol. IV, No. 269. May 16, 1930.

Second Semester, 1929-1930 EXAMINATION SCHEDULE

Table with columns for Day, Time, and Exam Name. Includes entries for Monday, Tuesday, Wednesday, Thursday, and Friday with various exam subjects like French, English, and Mathematics.

The first meeting of a class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in cases of courses involving only laboratory periods, the first clock-hour of the first weekly meeting.

N. B. All sections of Freshman English will meet simultaneously in the rooms designated below, Thursday, May 22, 2-4 p.m.

Table listing sections for Freshman English, including sections Y and EE, Sections M and BB, Sections H and HH, Sections O and II, Sections C and I, Section OD, Section OO, Sections D and AA, Sections F and K, Sections L and T, Sections B and E, and Sections R, X, and FF.

N. B. All sections of French (2) and French (4) will meet simultaneously in the rooms specified below, Friday, May 23, 2-4.

Table listing sections for French (2) and French (4) in various auditoriums.

N. B. All sections of speech (2) will meet simultaneously in the buildings and rooms specified below, Tuesday, May 27, 2-4.

Table listing sections for Liberal Arts Auditorium, Geology Lecture Room, Chemistry Auditorium, Natural Science Auditorium, and Old Chemistry Auditorium.

"Odd" classes, whose first of only weekly meetings occur on Wednesday, Thursday, Friday, or Saturday; or which meet "as arranged"; will be assigned for examination at either one or another of the following three periods, as announced to each class by the instructor in charge of the class.

It should be borne in mind that there is possibility of announcing two or more "odd" classes for any one or more of these three periods available for "odd" classes. Therefore, in connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period.

According to one clause in the formal faculty action providing for a special semester examination program, "The instructor may use the examination period as he sees fit, provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work, or he may use the time for review, or for any phase of his work which may seem to him desirable at this time."

Program Committee, H. C. DORCAS, Secretary.

THE GERMAN NOBLEMAN—GLASS AND NAIL EATER: The authority for the account of the young German nobleman, who swallowed the articles enumerated in my cartoon, is contained in R. THE SMALL DASSIE, CLOSEST RELATIVE OF THE ELEPHANT: The Hyrax, or Dassie of South America is arboreal, and forms an animal order of its own, with no affinity except the giant elephant. Letter to the Editor

The Interurban Franchise Question To the Editor:

The important question of what is going to happen to certain Iowa City streets is still before you and your readers. The interurban's campaign to keep the eight paved blocks now occupied and to grab five more on S. Clinton goes merrily on, while little David is doing his best to prevent the success of such a raid on the people's streets. His idea is simply this: the streets of a small city in this congested motoring age are no place for electric railway cars with their rails, poles and wires unless the necessity therefor is absolutely pressing and without alternative.

The best act of the franchise committee was played in the council chamber of the city hall Friday night, May 2. After disposing of a lot of business, the city council was ready to call it a day and adjourn. It was 11:35 p.m., and the audience had dwindled to three interested spectators in front-row seats: the interurban's attorney, the receiver of the street railway, and the president of the merchant's bureau. The city solicitor and two newspaper reporters completed the picture. One of the aldermen handed a document to the city clerk: it was the interurban franchise ordinance, the same one that had been indignantly withdrawn just a week before after the council by a vote of 4 to 3 had been so bold as to amend it by striking out

the much-desired five blocks on S. Clinton street.

The clerk proceeded with the reading for 25 minutes and finished the agony just as the city hall clock struck 12 m. A motion was made and seconded to suspend the rule which requires three separate readings on three separate days before an ordinance can be passed. The state law requires a three-fourths majority or 6 votes to carry such a motion. The motion lost by a vote of five for to two against, thus prohibiting the second and third readings, much to the dismay of the audience which was so vitally interested in the outcome.

At this point the interurban's attorney took personal command of the situation. He signalled to some of the five to bring pressure on one of the two; and in less time than it takes to toll, that one's resistance was broken and joy reigned once again.

The interurban's attorney then announced that "it certainly did beat all that one member should dominate the city council"; and the undersigned took occasion to resent the feeble insinuation.

One of the five then moved to reconsider the motion to suspend the rules; but the mayor sustained the point of order that this alderman could not make such a motion. The interurban's attorney spoke up and declared that the member whose resistance had just been overcome could

make the motion. And so the motion was made and was carried six to one. The franchise ordinance then got its second and third readings and was passed six to one, including the provision that the interurban shall be allowed to run down to the Rock Island station on five blocks of S. Clinton. But the three aldermen who had in two weeks exercised the God-given privilege to change their minds gave no reasons for so doing.

The act, therefore, at 12:30 a.m., showed all but one alderman in step—the goose-step, while the interurban's attorney with his military training barked commands. This scene, with the subsequent presentation of the franchise ordinance to the mayor, capped the climax of the longest and most amusing council session in many moons. The aldermen adjourned to go home and rest from their labors.

I have only one regret and that is that all the citizens of Iowa City were not there in person to see how the interurban franchise was railroaded through, contrary to all the rules of orderly and decent parliamentary procedure.

The comedy has yet to come to a close, since there are more acts to follow, the last one being a special election at which the voters will have a chance to say yes or no to the whole business.

Truly yours, J. Van der Zee

Lutheran Synod of Iowa to Endow New Church in Iowa City

Plans were laid yesterday on the closing day of the convention of the United Lutheran Synod of Iowa for a new church plan for the First English Lutheran church of Iowa City.

Two suggestions were brought out. The synod would raise an endowment fund for the theological seminary at Fremont, Nebr., and the establishment of a new church plan at Iowa City within the next five years. This is part of the educational plan being carried out by the national organization of the United Lutheran synods.

At the meeting yesterday morning a special committee was appointed to consider the cases, and to make a decision as to which plan should be carried out. It was revealed that the synod would aid the congregation of the local church in a subscription campaign for the plants here.

# Hawkeyes to Battle Carleton Baseball Team Tomorrow on Iowa Field

## Invaders to Bid for First Win of Year

### Mowry, Hawkeye Star, Boosts Average to .405 Mark

By WALTER T. HANSON (Daily Iowan Sports Editor)  
A rising tide in the Iowa hopes for a mark above .500 may assert itself tomorrow, when the Hawkeyes meet Carleton, a 1930 underdog. The Carls, with only a shadow of once famous baseball machines, hold a record of nine straight defeats without a victory, but aim for a reversal against the Iowa team.

Resting with a record of eight wins and eight defeats, the University of Iowa holds the decided edge over the Northfield, Minn., institution. The Carleton team, much alive in spite of the string of defeats, has been improving remarkably since the season, and may cause the Hawkeyes trouble.

**Cronwall May Hurl**  
In Eddie Cronwall, Carleton hurling ace, is a threat that may cause the Hawkeyes some trouble. Cronwall was a stellar pitcher during his freshman year at Michigan, and was offered a contract with the Detroit Tigers, but rejected it to continue his school work. He transferred to Carleton last year, and was ineligible until this season. Poor support has been the big factor in the defeats handed Cronwall.

Still smarting under the 4 to 2 defeat at the hands of Luther college at Decorah, Wednesday, the Iowa pitching job may fall upon Oakley Carlisle, the Hawkeye jaegerman, who has been rounding into form rapidly since the southern trip and now ranks along with Mitchell as Coach Vogel's most dependable pitcher.

### Armour Tilt Next

The Carleton battle will be followed by another Iowa invasion of Chicago Monday, when Coach Otto Vogel will lead his Hawkeye aggregation to meet Armour Tech on the last road trip of the season, before returning to the home lot for a series of games. Luther will invade Iowa City next Wednesday.

Joe Mowry, slugging Hawkeye centerfielder, has become a lone member of the .400 class, having housed his batting average up to the lofty mark of .406 for the 16 games played. He has been at bat 64 times and received 6 base hits to lead the Iowa sluggers.

## Coach Wells Sends 11 to District Tilt

Final tryouts in the broad jump, javelin throw, and half mile run yesterday afternoon completed the Iowa City high preparations for the district track meet at Davenport tomorrow. Preliminaries will start at 10 a. m., and the finals will be run off at 2 p. m.

In the broad jump, Howard Moffitt leaped 18 feet, 8 inches after running the 220-yard dash. George Albrecht, who ran the mile Wednesday afternoon, clipped off a half mile yesterday in 2:18.4 to clinch his entry in both events. Dean Shannon led the javelin tossers with a lead of 130 feet. Jack Lewis will be the other Red and White entry in this event.

Other entries in the Davenport district are Davenport and Clinton, winners of first and second places respectively in the 'Sippi Valley indoor March 29, Dubuque, another Valley member. University high of Iowa City, nosed out by Tipton on a two point margin in the Little Seven outdoor meet Saturday, Marion, Muscatine, Maquoketa, and West Liberty.

The Little Hawk entries for tomorrow's meet are as follows:  
100-yard dash—Albrecht and Reicke.  
220-yard dash—Kittredge and Moffitt.  
440-yard dash—Miller.  
220-yard low hurdles—Kittredge and Mathes.  
Half mile run—Albrecht and Lewis.  
220-yard dash—Moffitt and Kittredge.  
Broad jump—Moffitt.  
Discus throw—Kemp and Yager or Shannon.  
Shot put—Stimmel and Shannon.  
Javelin throw—Lewis and Shannon.  
Coach George Wells may not enter a relay team in the meet, but if he does, the half mile relay will be the chosen event, and will be run by Moffitt, Kittredge, Mathes, and Miller or Reicke.

### Class A Youngsters Take Diamond Drills

Fifteen class A baseball hopefuls reported to Coach Rollie Williams yesterday afternoon to compete for the positions in this section of junior league baseball. This included the players over 13 years of age.  
Practice was mainly concerned with the efforts of the future Cobbs to stop the hopping grounders Rolle

## EAR TO THE GROUND

By WALTER T. HANSON

What? An Iowa baseball game without a Nelson? No, not even missing a bus would prevent Carl from arriving on the scene in time for the game. When the Hawkeye baseball team left for Decorah, to meet Luther Wednesday, Carl Nelson, veteran third baseman, was not present. After holding up the bus for half an hour, Carl did not arrive on the scene and the squad pulled out without the star. He had overslept, and his clock was only an hour off. When Carl awoke, he made ready for the trip, but when he arrived at the meeting place he discovered that the bus had gone, and that the hour was later than he had thought. This stirred Carl into action, and he finally discovered that Ralph Fisher, a local baseball fan, wanted an excuse to drive to the game, and this furnished him a twofold reason for attending. Therefore he drove to Decorah and with him went Carl Nelson. Just before the Iowa baseball squad went on the field to begin the workout before the contest, Fisher, and Carl Nelson, appeared on the scene, and the third sacker was on the job.

Morty Koser, Iowa right fielder, is usually the life of the party on a baseball trip, and the jaunt to Decorah was no exception. The return trip to Iowa City following the Luther invasion found the hall players tired, and most of the fellows were doubled up on the seats in various ways, trying to get a little sleep. Morty was restless, and finally discovered that the baggage rack in the upper part of the bus empty, so lifting himself up into the loft of the bus he slipped into the rack. Being small in size, Koser did not find the baggage place uncomfortable and dozed for a time. At last he stirred from his position in the upper compartment and began to reach down and pester "Letty" Rath, who was seated below. This continued, with both parties enjoying the little skirmish. Koser furnished light yodeling entertainment to help liven up the trip.

If any institution in the state takes their baseball in heart it is Luther college. The Norsemen have even become boastful of their baseball accomplishment, which is perhaps not surprising, when the record of the past few years is reviewed. Out of the

ruthlessly drove at their feet. Most of the players succeeded well in their fielding with but little damage to any part of the body which happened to be in front of the ball.

More players are needed to complete the rosters in both class A and B divisions.

## Hawk Tennis Team Leaves for Chicago

### Iowa Squad Faces First Big Ten Dual Meet

The undefeated Iowa tennis team will journey to Chicago today, where it will engage the formidable University of Chicago netsters tomorrow in the initial conference encounter of the year. Although the Hawkeyes have to their credit two wins over Coe college, they are an unknown quantity as far as the Big Ten is concerned.

The Chicago team has dropped two matches with Big Ten schools by hair-breadth margins, but struck its stride last Monday against Wisconsin, walking away with a 7 to 2 decision. Backers of the Windy City racketeers declare that the reverse at the hands of Illinois and Minnesota were clearly undeserved, and a result of tough breaks.

### Resinger Lead Chicago

Playing the initial position on the team will be Resinger, last year's Western conference singles champion, and holder of the Western intercollegiate crown. Word comes from the Maroon camp that he is playing even better tennis this season, and has yet to drop a singles match. He is rated as the best man on the Chicago squad, and was second only to the great George Lott a year ago.

Callahan, who led the Chicagoans last season, will be at number three tomorrow, and will be Resinger's partner in the doubles. This pair has had plenty of experience, and will be a tough nut for the invading Iowans to crack.

The number two position will be in the capable hands of Paul Stagg, son of the varsity football coach, Alonzo Stagg, and brother to the tennis mentor, Alonzo Stagg, Jr., who is presenting his first varsity team this year. Stagg is undisputedly the second best the Maroons boast, and is playing a nice game.

Heyman, Kaplan, and Schmidt will play numbers four, five, and six for the Staggers. The last position has been contested between Schmidt, who will get the call tomorrow, and Sheldon. Stagg and Kaplan will probably be running mates in the doubles, and Heyman and Schmidt will make up the third team.

### Hawks Taper off Drills

Coach E. G. Schroeder put his men through and easy tapering off practice yesterday afternoon. Capt. Lester Goldman, Joe Hratz, Herbert Thomas, Harry Kern, Rae Wallace, and Henry Zack will represent Iowa this week, and appeared to be in good shape as the final drilled.

Each of these men will play a singles and a doubles match, occupying team positions in the order named. The number one doubles team will consist of Goldman and Hratz, number two of Kern and Thomas, and number three of Wallace and Zack.

The team will leave Iowa City early today, making the trip in motor cars. If the time of arrival at Chicago permits, the netmen will loosen up for a short time on the Maroon courts this afternoon. Hostilities will be opened at 10 a. m., tomorrow morning. The Hawkeyes will set out for Iowa City shortly after the match is over.

### BODY FOUND IN RIVER

MARQUETTE, (AP)—The body of L. F. Golle, 42 years old, hotel proprietor, was recovered from the Mississippi river. He was drowned last night when his speedboat capsized from suction of a steamer's side wheels.

### Intramurals

With the kitten ball, baseball, tennis, and golf tournaments nearing completion, only two activities remain before the 1929-30 intramural sports season will be brought to a close.

First on the program will be the annual interfraternity canoe race, which takes place on Tuesday, May 20. Each fraternity will enter a crew of two men who will compete over the mile course from the city park bridge to the Iowa avenue bridge.

A silver cup will be awarded to successful seasons in intramural events given to the first three crews to finish. Entry blanks must be sent to E. G. Schroeder by May 19.

**Climax Good Year**  
As a climax to one of the most successful seasons in intramural activities which the University of Iowa has ever known, the interfraternity track and field meet will be held on Iowa field Friday, May 23.

Thinclands from the various fraternal groups will contest in 16 individual events as well as a relay. The events are: 100-yard dash, 220-yard dash, 440-yard dash, 880-yard run, 120-yard high hurdles, 220-yard low hurdles, pole vault, broad jump, high jump, and shot put. The relay will be a half mile run by eight men, each covering a distance of 110 yards.

To the winning fraternity a statuette will be given while winners of first, second and third in each event will receive medals. The recently adopted interfraternity eligibility rules will apply and entry blanks must be sent in by Saturday, May 17.

### Sig Chi's Win

In the semi-finals of the kitten ball tourney, the flashy Sig Chi team downed the S.A.E. 5-1. Vogel, Sig Chi pitching ace, was again the hero of the contest, getting nine strikeouts, while Bill Carroll, hard-hitting third baseman got three hits in three times up. The batteries were: Sig Chi—Vogel and Fink; S.A.E.—Ruth and Reberski.

The winners got nine hits, while the S.A.E.'s were held to three safeties. The Sig Chi's will meet Delta Sigma Pi early next week for the championship.

## Intramural Sports Attract 4,263 Athletes in 1929-30

By ORAN H. PAPE

Athletes for those who have not the time or talent to win letters in university sports are provided every season through the intramural program conducted by Coach Ernest G. Schroeder. During the 1929-30 season, nearly to a close now, 4,263 competitors entered the 27 branches of intramural sports.

Coach Schroeder's statistics show that 275 teams entered the race for cups and medals. The number of events and contests totaled 440.

Basketball, cross country, and outdoor track, ranking in the order named, drew the largest number of contestants. Thirty-two basketball teams were busy last winter with 98 contests. Players totaled 396 in the hardwood court, while 384 starters featured the annual cross country run. Eighteen outdoor track teams making bids for the honors included 357 athletes.

The physical efficiency contest, open to any university man who did not compete in university sports, 310 students tried their skill; and in the military relays, entrants amounted to 295, records of Coach Schroeder show.

Other sports which attracted large numbers of contestants were indoor track, 264; kittenball, 255; volleyball ball, 240; basketball free throw contest, 230; physical efficiency tests for fraternity men, 206; baseball, 185; soccer football, 182, and water polo, 126.

To win a section championship in the round robin baseball tournament, when they downed Chi Kappa Pi, 4-1. The final standings are as follows:

# Three Run Rally in Final Frame Gives Braves 10 to 8 Win Over Cubs

## Boston Evens Count in Two Game Series

### Richbourg of Brave Outfit Bats in Five Runs

CHICAGO, May 15 (AP)—Two men out in the ninth inning, the Boston Braves put on a three run rally to defeat the Cubs, 10 to 8, in a heavy hitting game today. The victory enabled the Braves to divide the two-game series.

Sheriff Blake, the fifth Cub pitcher to see service in the slugging match, went to the mound in the ninth inning with a one run lead given him by Rogers Hornsby's home run in the eighth with two on base. After two Braves had been retired, Maranville walked, reached third on Sisler's single and scored the tying run when English booted Moore's easy grounder. Then Welsh sent a long single right to bring in two more runs.

Burleigh Grimes, long a Cub nemesis, was hit hard but remained in the game until taken out for a pinch hitter in the ninth and got credit for the victory. The first seven Chicago hits were doubles and they got an eighth and four singles in addition to Hornsby's homer.

Lance Richbourg led the Braves, batting in five runs. He sent four home in the fifth inning by hitting a home run with the bases full.

(Right) Roland Mackenzie Young Washington Golf Ace, and Cyril Tolley (Below) Britains Best Amateur.

When the Walker Cup match between the United States and Great Britain is being played tomorrow and the next day on the Sandwich links in England, public attention will center chiefly on Robert Tyre Jones, captain of the American team, and generally conceded to be the greatest player thus far in golf history. Later this month Bobby will try for the one major title he has yet to win—the British amateur championship. Just at present his immediate interest is to lead the United States team to its expected victory in this annual amateur classic.

While Jones cannot escape the chief spotlight, there is one other member of his team that will be under friendly and critical observation, he is Roland Mackenzie of Washington, who took Jess Sweetser's place when the latter decided he could not afford the time to play overseas this spring.

Mackenzie is no ordinary substitute. He is one of the most superb of amateur stylists and as "dead game" as all competitive players should be. Some word rhapsodists among golf writers describe Mackenzie as comparatively meek and "lacking fire" when contrasted with "the up and at 'em, out outclasses, and board verve

## Senators Win From Indians in 4 to 2 Tilt

### Rice Hits Safely in 25 Straight Contests

WASHINGTON, May 15 (AP)—Sam West's extra base hitting gave Washington a victory today over the third-place Cleveland Indians, 4 to 2. The Indians scored 10 hits to the Nationals' nine but could not make them count.

Rice, Washington's leading hitter, kept up his performance by obtaining a double. It was the twenty-fifth consecutive game in which he connected.

WASHINGTON, May 15 (AP)—The national meet has been advanced one week. This new engagement will give the Iowa cindermen three championship affairs on consecutive week-ends—the Big Ten meet at Evanston, May 23, 24; the Iowa state collegiate meet at Des Moines, May 31; and the N.C.A.A. titular competition, June 6 and 7.

Fourth Hawkeye to win an N.C.A.A. title, Eddie Gordon will return to defend his broad jump crown. He cleared 24 feet, 8 1-2 inches last June and also took second in the high jump. Iowa placed sixth in the meet with 24 points.

## Conference Track Place Winners in National Contest

Chances to compete in the National Collegiate A.A. track and field championships will be the reward for Hawkeye athletes who score in the Western conference title meet, according to Coach George T. Bresnahan.

Only men who place in sectional championships are eligible for the national meet in Chicago June 6 and 7, the association's rules say. Originally set for June 13 and 14.

## Trott Grabs Kelly Trophy in Close Run

### Martin Will Conduct Weight Triathlon This Afternoon

By LEROY FUNCK

Emil Trott garnered the Kelly trophy by barely nosing out Dick Parrish in the annual mile and quarter spring cross-country run on Iowa field yesterday afternoon.

The race was close the whole way with Parrish and Trott stepping out

ahead of the field and setting the pace to within 100-yards of the finish. There Parrish started a sprint that gave him a three yard lead. Trott hung on and fought it out on the stretch and finally passed Parrish just a yard from the tape.

Naylor and Clark followed the leaders in third and fourth place. Friedman coasted in fifth, trailed by Rosenberg in sixth place.

Winning time of 6 minutes and 30 seconds was six seconds slower than the record set in 1928 by Byron Turner and Tom Kelly.

Aside from the winner receiving the Kelly trophy, an eight inch statuette of a runner, the first five to finish will get medals.

Three other freshman events, the 100-yard dash, 220-yard low hurdles, and the quarter mile were also run off.

The fleet Shackelford outclassed a field of 12 starters to win the 100-yard dash in .303. Macleod, Lagerquist, and Haskinson were in second, third and fourth places respectively.

Lagerquist edged in a tenth second ahead of Haskinson in the 440-yard dash. His time was .506. Wickey was third place, followed by Carter in fourth.

In the 220-yard low hurdles, Taft Harris had easy going after Bush knocked down the next to the last hurdle. His time was .268. Macleod was third and Smith fourth.

Today, Coach Thomas Martin will conduct another varsity-freshman weight triathlon. Any freshman who

### Big Six Averages

(By the Associated Press)

With rain again damaging the major league schedule yesterday, only two members of the Big Six got into official action and their failures to do any heavy hitting brought a few changes in the order of the batters. Riggs Stephenson played the pinch hitters role without much success as the Cubs lost to the Braves and his average dropped nine points, leaving him second in the Big Six and National league standings behind Frank O'Doul.

Sam Rice held the American lead although he got but one hit in four times at bat, going down to 408. Al Simmons got a couple of hits that didn't count when the Athletics game was rained out early, but he received the benefit of a semi-official revision of the averages which took away several times at bat and moved his mark up to .359.

DES MOINES, May 15 (AP)—Anglers of northern Iowa came into their own today, 15 days after their brother sportsmen from the southern half of the state.

W. E. Albert, state game warden, announced that the fishing season in the northern zone is officially open today on pike, pickerel, catfish, perch, trout and salmon. The northern zone season on these fish will remain open until Dec. 1, while in the southern half it will close Nov. 15.

The catch limit for one day throughout the state is 15 game fish of which not more than eight may be pike or bass. Twenty-five bullheads also may be taken.

A fishing license is required by all male Iowa fishers over 18 years old at a cost of \$1. Warden Albert warned. Non-residents of either sex over 16 years old must obtain a \$3 license.

scores more than 1,000 points in three events will be awarded a silver medal. If he scores over 1,500 points, he will be given a gold medal. For the varsity competitor the requirements are a bit stiffer. The athlete must gather 1,500 points to make a silver medal and 2,000 points for a gold medal.

Scoring will be based on the system used at the Ohio relays. In the last triathlon 26 men competed.

### 70 Orchestra Members Will Offer Concert

#### Presentation to Feature Glazounow Without Revision

Featuring the presentation of a Glazounow symphony, modern in concept, 70 members of the university orchestra will appear under the direction of Prof. Frank E. Kendrie of the school of music Sunday at 4 p.m.

They will play for the first time, complete without any revision, the modern work of Alexandre Glazounow, as the feature number of the annual spring concert of the orchestra. The concert, sponsored by the union student board, will be given in the lounge room of the Iowa Union without admission charge.

**Two Parts in Program**

Divided into two parts, the first half of the program will be devoted to Anton Dvorak's symphony, "From the New World," and the second half, to Glazounow's "Symphony No. 5 in B flat, Op. 55." Although the symphony of Dvorak is popularly regarded as the musician's attempt to depict America as he saw it, Professor Kendrie believes that the music is primarily Hungarian in spirit and theme. It is likely, according to Professor Kendrie, that Dvorak scored a large part of the symphony, during his stay in Spillville, in the northeastern part of this state.

The melody from the slow movement, "Largo," which in its word version is entitled, "Going Home," will be played by an English horn. The entire symphony is an interpretation of the intense nostalgia for his own country suffered by Dvorak, while in America.

**Program Offered**

The program to be given Sunday is as follows:

Symphony "From the New World" Op. 95 Dvorak

Adagio: Allegro Molto

Largo

Allegro Con Fuoco

(Intermission)

Symphony No. 5 in B flat, Op. 55 Glazounow

Moderato Maestoso

Scherzo

### Frank Goldsborough, 19-Year-Old Son of Lost Flyer, Sets Cross Country Records

Back of 19-year-old Frank Goldsborough's brilliant achievement in establishing a new transcontinental record for junior flyers lies the story of a woman's faith and heroism.

The woman is the boy's mother, Mrs. Bruce Goldsborough. Two years ago on the sands of Old Orchard beach in Maine she kissed her husband good-bye just before he embarked on Mrs. Frances Wilson Grayson's ill-fated transatlantic flight.

Neither he nor any other member of the crew of his plane, the Dawn, was ever heard of again. Night after night she sat with her 17-year-old son, Frank, at the radio in their Brooklyn, N. Y., home waiting for a message that her husband had landed safely in Europe.

A year after her husband and the "Dawn" vanished, Mrs. Goldsborough's son asked her permission to take up aviation. She thought of her lost husband.

"It is dangerous," she said. "Look what happened to your father."

When the boy argued, Mrs. Goldsborough reluctantly agreed. But what was in her mind and heart she never told the youngster.

Frank, utilizing what he had learned on flights with his father, rapidly learned the business of piloting a plane. Last September he made his first solo flight.

Up to starting his transcontinental flight, the youth had only 88 hours in the air to his credit.

Aviation experts declare that the

boy in his record-making performance displayed the skill and daring of a veteran.

Despite serious weather and mechanical difficulties he made the trip in the amazing flying time of 24 hours and three minutes, clipping the former junior record by 13 hours and 57 minutes.

Near El Paso young Goldsborough was forced down into the desert and cracked a wing. Continuing, he was forced down again in Yuma, Ariz., by a thunderstorm.

For two hours he waited in Yuma, and then, against the advice of ex-

perienced aviators, he took off for Los Angeles. Nosing his ship through the hazardous San Gorgino Pass, shunned by all aviators, he flew over Colton, Cal.

There he made a difficult landing in a bean field, despite the presence of numerous power lines. The next morning he hopped for Los Angeles, despite more bad weather.

His face blistered by wind and sun, he arrived at New York city airport after setting another junior transcontinental record. The trip from Los Angeles was made in 28 hours and 18 minutes.

### Junior Women Will Breakfast

#### Cast Votes for Mortar Board Possibilities

The first step toward the election of the 1930-31 Mortar Board will be taken tomorrow morning when junior women will meet at the annual Junior breakfast to cast their votes for the 12 women whom they consider most representative. From the 20 women receiving the highest number of votes the final 12 will be elected by the present Mortar Board group.

June Beers, A4 of Iowa City, is in charge of the arrangements for the breakfast which is scheduled to begin promptly at 8 a.m. Every junior woman is asked to check her name with the list of eligible juniors at the main desk at Iowa Union.

The results of the election will be announced late Monday afternoon by Betty Paisley, A4 of Farmington, present president, with the traditional ceremony at President's Point. Miss Paisley will read the 12 names and each new Mortar Board member will be presented a rose by a member of his or her group.

### Girl Scouts to Take Part in City Review

#### Troops to Compete in Contest, Games at City Park

A review of Girl Scouts will be held tomorrow afternoon at the city park. All the local troops will compete in contests of firebuilding, knot tying, and signaling. Awards will be presented by Geneva Millett, Girl Scout advisor.

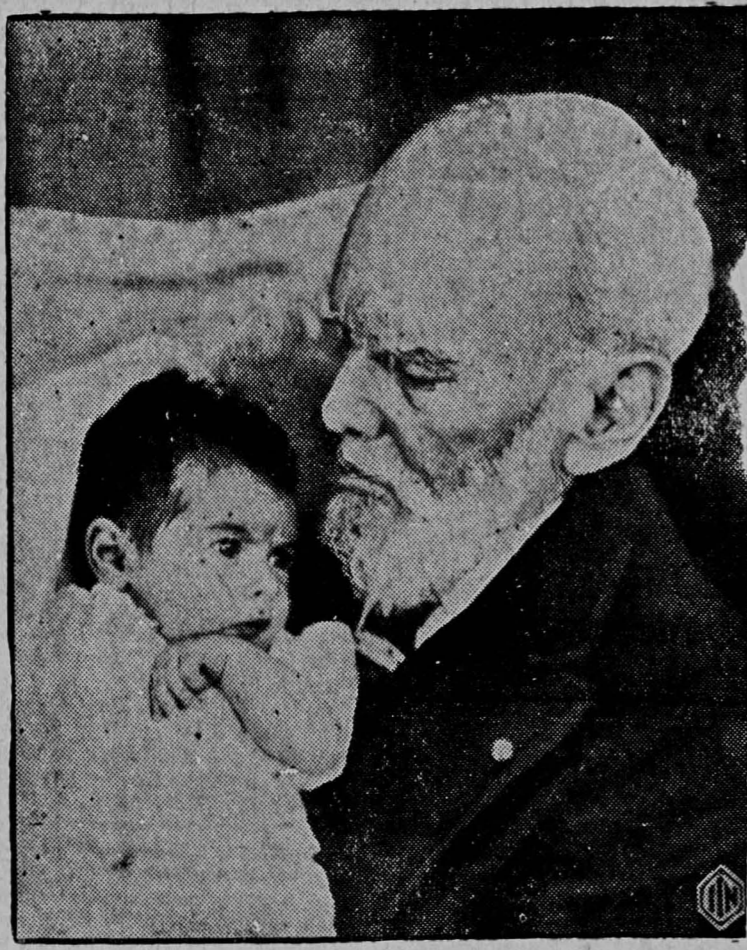

The formal opening exercises will take place at 3:30. They will include a pledge to the flag, Girl Scout laws, Girl Scout promise, and "America the Beautiful."

Eight girls from each troop will compete in a compass contest at 3:45. Judges for this contest are: Ruby Patterson, A4 of Iowa City; Esther Robbins, A4 of Muscatine; Evelyn Parker, A3 of Moorhead; Harriet Schmidt, A4 of Maynard; Theo Clifton, A4, Webster City; Mabel Floyd, A4 of Center Point; and Helen Stubbs, A4 of Des Moines. The finals will be judged by Theo Clifton.

In the fire building contest, no artificial tinder is to be used and only two matches are allowed to each contestant. The judges are the same as in the compass contest.

A baseball game will be played between teams chosen from the younger and older scouts. Berniece Wester, A4 of Marshalltown, is manager of the younger scouts, and Alice Bond, A3 of Iowa City, is in charge of the older scouts.

Wade, 409 Summit street, of the federal district court, will be one of the speakers at the fourth degree banquet of the Iowa Knights of Columbus at the Jefferson hotel Sunday at 6 p. m. When Marquette council was organized in Iowa City 26 years ago, Feb. 28, 1904, he came from Washington, D. C., to witness the charter class initiation and to speak at the initiation banquet.

### Pupils Plan Open House

#### Invite Dad, Mother to Look Over Work

"Y'ho, Skinnay—come on over. We're havin' open house for grown ups."

So might a university elementary school pupil hail his chum Thursday. With the children themselves in charge, their work during the year in all grades will be displayed.

Father and mother will thus see what sonny boy or daughter has been doing in comparison with the work Willie so-and-so or Susie what's-her-name.

Hours for the open house will be from 1:30 to 3:30 p. m. Special invitations have been sent to parents and persons in the college of education, but anyone interested in the work may come, particularly students.

Students in elementary education are sponsors for the open house, with Christine Lorenz, A4 of Bloomfield, as publicity chairman.

### Evans Hears Four Cases

#### Judgment Given Kindl for Note Damages

Four cases were finished before Judge H. D. Evans yesterday at the county court house. A judgment for \$6,663 was granted yesterday to Frank Kindl, qualified executor of the estate of Elizabeth Kindl, deceased. The plaintiff was granted damages upon notes aggregating a sum of more than \$4,000.

The case of Fern E. McCue vs. Robert R. Rapp was dismissed in open court at the request of the plaintiff. The defendant was allowed to withdraw his exhibits.

Anna Neider was granted a decree for absolute divorce from Joseph Neider on charges of cruel and inhuman treatment and was granted custody of her daughter, Leone Neider, 18 years old. The defendant was in default both for appearance and for pleading.

Judgment was granted in court yesterday for a verified account against Fred Breese to the Iowa City Ice company.

### Pupils to Talk at Graduation

Four pupils will speak at the University high school commencement exercises to be held May 29, in the school gymnasium. Charles Van Epps will talk on "Leadership," Herbert Dill will speak on "Service." The subject assigned to Ruth Miller is "Character," and Myrtle West's speech will be on "Scholarship."

The faculty committee for the commencement exercises consists of Charles Yager, Winifred Gilbert, Louis Newkirk, Hilda Watters, Mildred Palmerton, Walter Lundholm, Genevieve Christner, Katherine Fulton, and Alice Raiford.

### Coralville News

At the Coralville card party, which was held at the Coralville church parlor, 11 tables of progressive euchre were played. It was held Tuesday evening and was sponsored by the Coralville ladies.

Prizes were won by Mrs. Elmer Omsler, and Fred Robinson, first; Vernie Chancy and Albert Kloos, second; and consolation went to Amy Miller and Emil Wiebel. Plans were made for another party Wednesday evening. Refreshments were served at the close of the party.

Mrs. Carrie Fairchild and Mr. and Mrs. Charles Kithner were visitors in Cedar Rapids, Monday.

Helen Criz was a visitor in Cedar Rapids Tuesday.

Several from here attended the funeral of Mrs. Mabel Harvard that was held Wednesday in Iowa City.

### Magazine Will Publish Iowa Student's Story

Harry Hartwick, A4 of Des Moines, has recently received a request from Frederick J. O'Brien, editor of Best Short Stories magazine, to publish his story, "Happiness up the river," in the 1930 edition. This story appeared in the Midland last year and in the November issue of the Frontier magazine.

Hartwick was one of the editors of Hawk Wings in 1928-29 and was assistant editor of Midland last year. He will receive his B.A. degree in June and intends to continue his connections at the university next year as an assistant instructor of English.

# BREMER'S

Where University Men Shop

## After Years Of Investigation

The Dane Coal Co. some time ago knew that the trend for home heating was to liquid fuel and we felt that while burners then being sold were far from perfect, that a perfected burner would some day be ready.

For three or four years, we watched closely the development of the oil burner industry. We saw factories come and go; burners rise to popularity and then disappear; we found no burner that we would put in our own home.

A year ago, however, a burner was presented as the result of 10 years of tests and improvements. This burner looked all right. One was installed in the home of Mrs. Dane's father. This burner heated that 8 room house this winter for \$97.50, which was 20 per cent less than heating with hand fired coal. It ran perfectly in 30 below or 70 above weather.

Now we have one in our own home. It is quiet, clean, and perfectly automatic. Let us introduce you to automatic heat.
