

# WORLD FLIGHT LOSERS SEEK PRIZE

## Iowan Sought in Connection With Murder

### Illinois Officers Make Trip to St. Louis for Questioning

ROCK ISLAND, Ill., Aug. 6 (AP)—Peace authorities tonight were en route to St. Joseph, Mo., to question two men and two women, three of them Iowans, in connection with the slaying early Monday of Philemon Coussens in his camp near Moline.

Herman Richey, 29, of Quincy, Ill., and three persons giving their names as Velma Richey, 26, his wife, of Davenport; Everett Ross, 32, of Muscatine, and his wife, Mrs. Lois Ross, 29, were arrested by five St. Joseph police in a rooming house there.

Communications to Rock Island police said Richey had bullet wounds in his left shoulder, left hand, and one leg and that the wounds were only a few days old.

Rock Island police said they had identified Coussens' slayer through a telephone call and a bloody shirt, and that Richey once served a term in Anamosa, Ia., reformatory. They also said they wanted Ross in connection with the killing.

## Dry Violator Convicted for Third Time

ST. LOUIS, Aug. 6 (AP)—A third conviction of Heber Nations, of Jefferson City, Mo., former state commissioner and former newspaper publisher at Jefferson City, on a charge of conspiracy to violate the Volstead act by producing the Griesedieck brewery at St. Louis in making real beer in 1923 and 1924, was reversed today by the United States circuit court of appeals here.

Nations, after conviction at the first trial, was sentenced to 18 months in federal prison and to pay a fine of \$3,332. The unusual amount of the fine represented one third of \$10,000 which was testified, was paid by Raymond B. Griesedieck, brewer, to Charles S. Prather, then state food and drug commissioner, under a beer protection arrangement with Nations, whose brother, Gus O. Nations was federal prohibition administrator for Missouri at the time.

The sentence was 18 months and \$2,000 fine after the other trials.

## Three Injured as Hit, Run Motorist Sideswipes Coupe

LINCOLN, Neb., Aug. 6 (AP)—Three persons were injured, when the car of a "hit and run" motorist sideswiped a light coupe and sent it hurtling into a ditch near here today.

The injured are Archibald E. Windenburg, 30, of 317 1/2 Main street, Cedar Falls, James V. Downton, 23, and his wife Vera, 21, of Phoenix, Ariz. Mr. and Mrs. Downton, hitchhiking to Phoenix from Cedar Falls where they had been visiting, had been given a ride by Windenburg who was on his way to Colorado for a vacation. The three were brought to a hospital here.

Downton suffered a fractured skull. Windenburg suffered a fractured vertebra and Mrs. Downton's right foot was crushed.

Hurt Playing With Gun  
FAIRFIELD, Aug. 6 (AP)—Clarence McWard, 13, of Lockridge was in a serious condition at a local hospital tonight from a bullet wound received when an old pistol with which he was playing was discharged. The boy had been staying at the William Kirk home.

McCombs Released.  
From County Jail  
on Bond of \$5,000

Verne McCombs, who was bound over to the grand jury of the September term of court by Justice of the Peace G. W. Stewart, July 29, on a charge of assault with intent to commit murder, was released on \$5,000 bonds yesterday afternoon from the county jail.

The bond was signed by Lloyd Palmer of Iowa City and approved by Judge Stewart, North Liberty justice of the peace, before whom the preliminary hearing was held. McCombs indicated that he would race in several meets between now and his trial. He is an auto race driver.

McCombs is accused of having stabbed Lyle Lentz, Lone Tree farmer, in a fight after a dance at the Circle Inn near Lone Tree, May 14. His plea on arraignment was not guilty.

Boat Owners Figure in Suit  
Father Asks \$24,000 for Damages in Lake Collision

SPIRIT LAKE, Aug. 6 (AP)—Suits for \$24,000 damages for the death of Neil Gellino, 11 filed in district court here, today recalled a passenger boat collision in Lake Okoboji, July 28, 1929, in which nine persons were drowned.

## Narcotic Racketeer Admits Child Slayers Sought Him in N. Y. "Little Italy" Outrage

### Tells Police He Snatched Up Baby, Ducked Into Hallway, Escaped in Own Car When Gunmen Drove Off

NEW YORK, Aug. 6 (AP)—Tony Trobino, a shiftless young man who confessed he was a narcotic racketeer, admitted to police today that the shotgun slugs that killed one child and wounded four other children in Harlem's little Italy recently were aimed at him.

Trobino said he snatched up a little child and crawled into a hallway to get out of the line of fire.

Got Away Unhurt  
And then, he related that, after the gunmen's car had sped away, leaving the five wounded children lying on the sidewalk, he leaped unhurt to his own car and escaped.

There were two versions of Trobino's story of the battle. One, given out by a detective, was that Trobino used the child as a human shield as he crawled to safety. The other, by a high police official, was

that Trobino dragged the child into the hallway, not to escape injury himself, but to save the little one from harm.

Worked for Schultz's Enemy  
"Let's give the devil his due," the official said.

The automobile used by the gunmen, Trobino told the police, belonged to "Bulldog" Martello. He did not see the gunmen, he said, but admitted he had been in the narcotic racket in the Bronx, working for a man named "Rock" and for Vincent Coll, said to be an enemy of Dutch Schultz, Bronx beer distributor.

Coll and "Rock" split, detectives said he told them, and "Rock" moved down into Harlem, taking Trobino and several men with him. Thereupon, he said, word went out to "get Rock and his gang."

## Alleged Gang Member Held After Accident

### Gus Winkler Suffers Skull Fracture in Auto Crash

ST. JOSEPH, Mich., Aug. 6 (AP)—Trapped by an automobile accident in which he was seriously injured, Gus Winkler, alleged member of a gang charged with a dozen murders and many bank robberies in four mid-western states, lay with a fractured skull in Mercy hospital here tonight.

Admits Identity  
Confronted with finger prints showing him to be Winkler, the injured man admitted his identity late today to Sheriff Fred J. Cutler and state police. Previously he had been registered as Jerry Kral, a licensed airplane pilot of Chicago.

A man injured in the same accident, identified by cards in his pockets as John B. Moran, of St. Louis, also is under guard in the hospital and an effort was being made to link him with the same gang which numbered Winkler and Fred Burke, notorious killers, among its members.

List Spectacular Crimes  
Among the spectacular crimes charged to Winkler and his gang are the Moran gang massacre in Chicago in 1929, the gang execution of Frankie Uale in New York, the machine gun slayings of three men in a Detroit apartment house in 1927, the slaying of an officer in a \$200,000 mail truck robbery in Toledo, the killing of an officer during a bank robbery in Louisville, Ky., in 1925, and the robbery of a Lincoln, Neb., bank.

Officers said the gang had taken loot reaching millions of dollars in bank robberies and had collected \$1,000,000 in tribute through kidnapings of wealthy members of the underworld in Chicago and Detroit.

## Baby Swallows Safety Pin

EL PASO, Tex., Aug. 6 (AP)—Gary Varner Turner, three months old son of Mr. and Mrs. Jay Turner of El Paso, was on his way to Rochester, Minn., today where physicians will attempt to remove an open safety pin from his throat. The pin was swallowed six weeks ago, and efforts of El Paso physicians to remove it were futile. The baby has eaten and gained weight normally.

## Stimsons Hosts to English Prime Minister in Scotland

ROGART, Scotland, Aug. 6 (AP)—Here in the wild Scottish highlands Secretary of State Henry L. Stimson and Mrs. Stimson today became host and hostess to Prime Minister J. Ramsay MacDonald and his daughter Isabel for two days of hiking, fishing and idling.

Both hosts and guests denied that the visit was anything more than an informal holiday. No time has been set aside for discussions of the political and economic problems that are troubling the world.

To Watch Strong Men  
Tomorrow the four of them will watch the neighborhood's strong men toss the caber (pole) in the Dornich highland games.

## Murray Tells of Oil Men's Bribe Attempt

### Offered \$138,000 for Next Presidential Campaign

OKLAHOMA CITY, Aug. 6 (AP)—The uniformed ambassadors of Governor Murray's oil field shutdown edict worked today to smooth out curb complications in the Greater Seminole area while the executive himself told how interests who "wanted to control me on oil production" offered him \$138,000 for campaign funds if he'd run for president.

"I turned it down," he said. "I was offered \$8,000 a month for six months and \$15,000 for the next six months or until next spring.

Wants Free Rein  
"I would rather live in private life than have my hands tied."

Meanwhile Lieut. Col. Clero I. Murray, the governor's cousin who is running the field end of the shutdown operations affecting about 3,000 oil wells, received reports at Seminole from oil companies on the number of wells they had shut down in the 40-mile square area and the number of "water wells" they claim should be exempt from the edict.

Small Wells Stay Open  
Several days, it was believed, would be required to classify the wells that must be shut down. Wells pumping water and those making less than 25 barrels of oil a day will not be forced to close, Murray has indicated.

## Westinghouse Faculty Member Talks to Commerce School

N. B. Curtis, who is a member of the faculty of Westinghouse high school, Pittsburgh, Pa., has appeared before several classes in the college of commerce as a lecturer.

Mr. Curtis is a specialist in commercial education, and is a representative of the Gregg Publishing company. He has recently visited the universities and teachers colleges in North and South Dakota and Montana.

He also attended the "Commerce Day" at the World Federation Meet at Denver, Col.

## Milton Lord to Talk Before Librarians

Prof. Milton E. Lord, director of the university libraries, will speak at the opening meeting of Iowa librarians as they gather in Cedar Rapids, Oct. 6, 7 and 8 for the annual session of the state association.

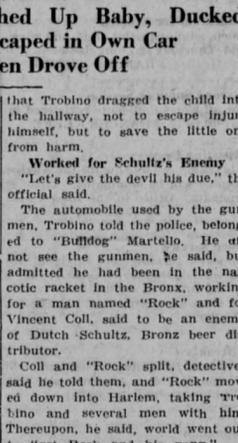

Professor Lord will discuss his five years of experience in European libraries at the opening session.

## Emil Sunley to Visit League Headquarters

Emil Sunley, instructor in the department of social administration, will spend today and tomorrow visiting the social service league headquarters at Burlington.

His primary purpose in the visit is the investigation of a study and analysis of the county health unit of Des Moines county which is being carried on there.

## FIRE SWEEPS WESTERN FOREST

Shown above is a forest fire raging up the side of Teakettle mountain in the flathead national forest of Montana. Dried by months of drought fires have swept through vast timberland areas in Montana, Idaho and Washington.

## It's All in Fun, Sheriff!

### Neighborhood Gang Enters Sixteenth Consecutive Night of Noise to Collect Wedding Treat

ASHLAND, Wis., Aug. 6 (AP)—Poking fun at Sheriff Elmer Sanders, a crowd of nearly 60 Marengo valley residents promised tonight to carry their marathon charivari into its sixteenth night to celebrate the marriage of Mr. and Mrs. Arvo Juron.

Threats of the sheriff to make wholesale arrests have not caused participants to desist.

"Arrest us? Go ahead. Your jail's not big enough to hold us all. And besides, you've got to feed us. That's better than we can do on our farms."

The appeal of newlyweds to Gov. Philip LaFollette to restore peace to the John Peterson farm, home of the bride was received by the chief executive today. Confronted by such an unusual situation, the governor asked "all facts" concerning the

## Edison Looks for One More Decade of Life

WEST ORANGE, N. J., Aug. 6 (AP)—Thomas A. Edison, believed by his physicians to be well on the way to recovery from a serious illness, looked forward today to at least another decade of life.

The 84 year old inventor told Dr. Hubert S. Howe, his personal physician, his theory that if a person lived to be 72, he would live ten years longer and that if he passed that mark he would live another decade.

"My friend Rockefeller," Dr. Howe quoted the inventor as saying, "seems to have passed these dangerous stages successfully. I feel if he can do it, I can."

Dr. Howe said Edison was expressing a belief in the hereafter, but "is stumped as to just what it is."

## German Statesmen Dash to Rome for Chat With Duce

ROME, Aug. 6 (AP)—The thousand mile dash of Chancellor Brüning and Foreign Minister Curiemus for a "visit of courtesy" to Premier Mussolini at a time when their own internal affairs are in a grave state will be concluded tomorrow when they arrive in Rome for a two day stay.

Italian government circles frankly hope for big possibilities from this renewal of close relations with Italy's pre-war allies. However, the world "alliance" is scoffed at.

To Thank Mussolini  
Officially the Germans are coming to thank Mussolini for his quick acceptance of the Hoover war debt plan and for a general discussion of European problems.

Unofficially it is declared that Mussolini's conviction that something must be done to put things right in the world and his determination to have Italy play a good role are certain to result in the examination of the tangible solutions.

Italy's Strong Man  
The German's first sight of Italy's strong man will be in a vast room in the Palazzo Venezia where the premier and Foreign Minister Grandi will talk with them.

## Will Attempt Tokyo, Seattle Hop in Competition With 2 Others for Japanese Purse

### A Glance At WORLD FLIGHTS

By The Associated Press  
Most of the current long-distance flyers had a day of rest yesterday.

The Lindberghs were storm-bound at Alakvik, N.W.T., awaiting fair weather for continuation of their vacation flight to the Orient.

Pangborn and Herndon began preparations in Tokyo for their projected non-stop flight to Seattle which they decided on after losing out in their race around the world against the Post-Gatty record.

Amy Johnson was also in Tokyo, destination of her flight from England, and Don Moyle and C. A. Allen were there too, having arrived by boat from America to make a Seattle flight.

Boardman and Poland remained in Turkey, trying to decide what to do next.

Parker Cramer was still the sensation of the moment, having turned up yesterday at Angmagssalik, Greenland, on his way from America to Europe that the public had known nothing about.

The giant flying boat DO-X was heading northward at last, having taken off from Bahia, Brazil, yesterday for Natal en route to the United States.

## Aviator on Surprise Survey of 4,369 Miles

CLEVELAND, Ohio, Aug. 6 (AP)—Blazing a trail for a possible air mail, passenger and express route from Detroit to Copenhagen, Denmark, through Canada and the arctic wastelands, Parker D. ("Shorty") Cramer of Clarion, Pa., in the far north tonight about the business of completing a 4,369 mile flight.

The flight was started July 27 from Detroit to survey the route for Trans-American Airlines corporation of Cleveland.

Although Cramer's Diesel powered Bellanca monoplane was equipped with radio receiver and transmitter and he endeavored to keep in communication with Trans-American Airlines at Detroit, officials of the lines did not receive all his messages and are uncertain at what points he landed.

Cramer, who had with him Oliver Pacquette, Canadian government radio operator, was to have flown over Cochrane, Ont.; Rupert House, Que.; Great Whale, Que.; Wakeham Bay, Que.; Pangnirtun, Baffin Land; Holstenborg, Greenland, and Angmagssalik, Greenland.

Plans Kept Secret  
Plans for the survey, under process of development for the last six months, have been kept secret by the sponsors who wished to be sure of its success before making an announcement.

The sponsors said that Cramer's flight is the first effort of an air mail and passenger carrier in the United States toward establishment of air mail services linking Europe and America through the northland.

## DO-X Flying Toward U. S.

NATAL, Brazil, Aug. 6 (AP)—The seaplane DO-X arrived here at 2:20 p.m. today after a 600-mile flight from Bahia, Brazil.

The ship, which is making a leisurely flight to the United States, with five passengers for American ports, will spend the night here. It made one stop during today's flight, at Maceio, Brazil.

The ship is commanded by Lieut. Clarence H. Schiltzauer of the United States navy.

## Jury Returns Verdict of Mother's Guilt in Drowning of Child

RICE LAKE, Wis., Aug. 6 (AP)—A coroner's jury late today returned a verdict that the two months old son of Mr. and Mrs. Felix Robarge came to his death "by being forcibly held beneath the water in a watering trough at the hands of his mother."

The jury recommended that the mother, a 27 year old farm woman, be held to the proper authorities "to answer for said crime," before the verdict was returned. However, a board of physicians found her to be mentally unbalanced.

"I did it so it would not suffer any more," Mrs. Robarge said before she was taken to the asylum at Mendota.

## California Pilots Arrive in Japan; Prepare for Ocean Jump

### TOKYO, Aug. 6 (AP)—Losers in an attempt to break the record for an airplane journey around the world, Clyde Pangborn and Hugh Herndon, Jr., American flyers, announced their intention today to compete with two other Americans to make the first non-stop flight across the Pacific. A prize of \$25,000 was offered by a Japanese newspaper.

The other competitors are Don Moyle and C. A. Allen, California pilots, who arrived here by steamship. They plan to use the monoplane City of Tacoma, in which Harold Bromley and Harold Gatty failed last year, and Thomas Ash, Jr., failed this year on similar attempts.

4,500 Mile Trip  
The date has not been set for the flight of 4,500 miles over water from Japan to Seattle. The shortest air route lies past the Kurile islands of Japan, over the foggy, stormy north Pacific ocean in a great circle that crosses the Aleutian islands of Alaska.

Pangborn and Herndon arrived here at 6:16 p.m. (3:16 a.m., C.S.T.) today after a 950 mile flight from Khabarovsk, Siberia. There they had given up their attempt to beat the record round the world of eight days, 15 hours and 51 minutes established early last month by Wiley Post and Harold Gatty. A wing damaged in landing Aug. 3 and bad weather ahead made further effort to lower the record futile for the plane was already many hours behind schedule after traveling 9,250 miles from New York.

Amy Johnson Arrives  
The Americans' landing at the Tachikawa airdrome near Tokyo was eclipsed temporarily by the arrival an hour before, of the daring English girl flyer, Amy Johnson, who received the plaudits of the crowd. Many persons hurriedly returned to the field, however, when they learned the Americans had reached the airdrome. Miss Johnson flew from London to Tokyo through Siberia, with several halts. She beat by a few hours the record of 11 days for a light plane established in a flight from Berlin to Tokyo by Seiji Yoshizawa, Japanese.

Japanese aviation bureau officials laughingly explained that the plane of Herndon and Pangborn would not be confiscated because of their failure to obtain permission to fly over Japanese territory. They said they would consider the circumstances and not be technical.

Guard Camera Action  
A somewhat more serious view was taken, however, when a camera and a radio set were found on the Americans' plane, which was said to have passed over fortifications at Hakodate on Hokkaido island. The flyers were questioned for three hours and their camera was taken from them for examination of plates which might contain photographs. The ministry of communications reported they asked police to keep a watch over the Americans.

## Lindys Delayed in Northwest Territory

AKLAVIK, N.W.T., Aug. 6 (AP)—Cold winds, fog and rain, born in the Arctic, whipped up the waters of Peel channel in the delta of the Mackenzie river today, holding Colonel Charles A. Lindbergh and his wife in this far northern trading post.

Col. Lindbergh announced at 2 p.m. (C.S.T.) that he would not take off until Friday unless the weather shows immediate improvement.

They had planned to leave today for Point Barrow, Alaska, 536 miles north and west.

The storm came up soon after they landed at 5:05 a.m. (C.S.T.) yesterday, preventing radio communication to the south for 16 hours.

Meanwhile the Lindberghs were given an opportunity further to explore this "metropolis of the Arctic" where the picturesque figures of fur traders and trappers, Eskimos and Indians, and mounted policemen mingle. They visited several of the Eskimo homes.

The Tokyo bound vacationers were guests of Dr. and Mrs. J. A. Urquhart. In the 10 days since the Lindberghs left New York July 27 they have covered slightly less than half of the 7,000 mile journey to the Orient.

## Badly Wounded in Argument Davenport, (AP)—John Kelly, 35, was badly wounded during an argument with Jesse and Joe Laprovite, brothers, over a grocery bill. Kelly is alleged to owe their father,

## WEATHER

IOWA—Fair, to unsettled, possibly showers or thunderstorms in extreme west portion Friday; Saturday showers or thunderstorms, not quite so warm Saturday and in extreme north portion Friday.

## A Monument in the Building

WHILE most of the world was following the more spectacular movements of the Lindberghs and the round-the-world flyers, a pilot of the Trans-American Air Lines company quietly set out early in the week on a trail-blazing adventure which will mean more to the world than a dozen speed or distance records.

For the first time since Lindbergh showed the way, an attempt was being made to make a practical service route across the north Atlantic. The world has long spoken of passenger and mail service by air from the United States to Europe, and apparently the reality is now at hand.

Daring feats have no place in aviation unless they are directed toward some material good, and the current attempt to make regular air service to Europe a practicality comes after a long series of apparently useless risks and even losses of human life. But the sacrifice has been well worth making if the Trans-American's project proves a success.

If such a service can be developed to the status it has achieved in overland transportation by plane millions of dollars will be saved to commerce and trade, a major step toward international amity will be achieved, and popular confidence in aviation will advance.

By making the new project a success, America will be able to repay those who gave their lives and fortunes to this new pioneer movement. Certainly the achievement will be a permanent monument to their fortitude and perseverance, a tribute to a small group of pilots who did not give up until they had reached the goal they sought.

## Judge Wilkerson

CITIZENS of the United States are pleased with the decisive action of the court of Federal Judge James Herbert Wilkerson, in the Capone case in Chicago.

Judge Wilkerson has been a terror to hoodlums and gangsters for many years. He has had successful experience in prosecuting many government cases and with similar zeal, firmness, and decisiveness he brought consternation to the world's best known gangster, turning his familiar self-assurance into pale-faced fear.

The government indicated some time ago, that a sentence for Al Capone of from two to four years would be entirely satisfactory to the department of justice. This is an effort to get half a loaf rather than none; an effort to bring speedy although mild justice. Yet there is not much satisfaction in getting racketeers for violation of the income tax laws when they are machine gunning children in the streets.

It is a well known fact that prosecuting attorneys frequently agree to make certain recommendations of leniency in consideration of a prompt plea of guilty. The plea "guilty" and the sentence to the penitentiary receive much publicity, but the short stay of the criminal behind the bars is soon forgotten.

It is important for the continued prestige of the federal court system that on Sept. 8, the date set for Capone's tax evasion trial, Judge Wilkerson will make good his boast that "you can't bargain with this court." If the government succeeds in obtaining a conviction, Judge Wilkerson will have an excellent opportunity to establish his position by giving Capone a maximum sentence. Only then will the public be certain that the federal courts are sincere in their efforts to clean up Chicago's liquor mess.

## Enforce or Repeal

STATE and county authorities at Des Moines have started a campaign against the spreading of birth control information. They have warned the druggists of Des Moines to discontinue distribution of pamphlets on birth control, and the druggists have promised to do so, news reports say.

The law of Iowa provides that the dissemination of birth control matter is punishable by a maximum fine of \$1,000, a jail sentence of one year, or both. No moves have been made to prosecute violators in Des Moines, but such action will be taken if the law is not observed, the assistant prosecuting attorneys say.

Des Moines is only one city of many. In Iowa City birth control products are openly advertised in window displays and "free information" is available to the public. It is well known that this is in violation of the state law.

Whether birth control information should or should not be distributed is not the subject of this discussion. For Iowa, at present, the statutes of the state provide that it shall not. The continuance of open violation, with only spasmodic campaigns of enforcement, is destructive of respect for law and order. The law should be either consistently enforced or repealed.

## What's a Kiss?

SWIFT once said, "Lord, I wonder what fool it was that first invented kissing." His query has been answered in these lines from Haliburton: "It is as old as the creation, and yet as young and fresh as ever. It pre-existed, still exists, and always will exist. Eve learned it in Paradise, and was taught its beauties, virtues, and varieties by an angel."

There is the kiss of welcome and of parting; a mother's kiss, a lover's kiss, the seal of love, so easily broken; the kiss that may redress a thousand wrongs. But stop and count the cost before you take one, for though they may be had but for the asking, there comes a day of final reckoning.

J. A. Fitzgerald of Sacramento, Cal., has just paid \$11,846 for a kiss while driving a car. Perhaps the kiss was worth it. Anthony and Cleopatra "kissed away kingdoms and provinces." Sir Lancelot gave

"All other bliss  
And all his worldly worth for this  
To waste his whole heart in one kiss."  
Though kisses have been paid for with men's souls, with kingdoms and with tears, they have ever been and always shall be. And still the words trip lightly upon the tongue, "What's a kiss?"

## TODAY'S TOPICS

By FRANK JAFFE

The United States George Washington Bicentennial commission has enlisted the aid of more than 6,000 amateur radio operators throughout the nation in an attempt to find America's oldest mother. When located, she will be appropriately honored next Mothers' day during the bicentennial observance. What could be more suitable to winding up the celebration for the "father of our country" than to bestow a similar recognition on a representative mother? Mothers have been too often slighted in the general turmoil of hero worshiping as practiced so avidly in the United States. Now, at last, she will come into her own, recognized as one of the greatest factors in the development of our truly great men.

At a fashion show in Paris recently modistes were obliged to slit the skirts of tight fitting latest creations in order to allow the wearers to walk. Subsequently fall styles will feature divided skirts made for comfort instead of for effect. Now American women are following the lead of their European sisters in demanding clothing that allows complete freedom and better health rather than confine their avoirdupois in tight, close fitting, albeit fashionable gowns. With beach pajamas and shorts now the mode we may soon be well on the road to a healthier situation all around, mentally as well as physically.

Speaking of clothing, the war among Chicago cleaners and dyers flared up again the other day. When the smoke cleared over it was found that three hoodlums had crashed a cleaning plant and poured acid in cleaning hoppers, destroying \$5,000 worth of customers' garments. That form of sabotage was declared taboo years ago in the best circles and warrants immediate and effective action from the law. Customers patronize the shops in perfect faith and should be shown at least a slight return of gratitude. Cleaners and dyers may take up the battle axe but slashing it at unsuspecting laymen is as bad as gangsters shooting down innocent bystanders. But it all seems to be in the day's work these times so perhaps we shouldn't have mentioned it.

Soviet Russia more than doubled her purchases from the United States in June, while China bought a little more than usual. Asia increased her exports to this country during the same month. American trade, however, continued to decline, a recent survey by the department of commerce showed. The 12 million dollars worth of commodities shipped to Russia included: binder twine, tungsten, machine tools, gasoline engines, and automobiles. Perhaps the United States should lend more encouragement to Russia's five-year plan so we would have at least one good customer. That is, as long as we remain democratic and not particular to whom we sell our products.

It has been found unlawful to permit a pony to ride in the front seat of an automobile because the animal interferes with the proper operation of the vehicle. A Northampton, Mass., man paid \$5 to find that out so after this when he wants to take his Shetland pony for a ride he'll tie him to the rear axle or fasten him on the running board. The case is so rare it isn't really anything to worry about. But it does prove that some people's humanitarian instincts put them to rare extremes. Or, perhaps the owner just decided to show the animal how useless it was any more with the automobile in common use. On the other hand, if the pony could speak, he might inform his master that, after all, one can't stroke an automobile radiator cap and get the same results as gently massaging a horse's face.

Add News Items—The once vivacious Mae Murray changed her mind about divorcing her prince of a husband, David Mdivani, and asked, the other day, that her suit be withdrawn. Original charges said "cruelty" but she probably got over her little spat and cooled down. Mrs. Ida Wood, wealthy 83 year old widow and a member of one of New York's oldest families, has refused to leave her hotel room for the last two years. Now her nephew wants to take charge of her \$250,000 estate, declaring her incompetent. What with tips and other incidentals incurred around hotels there probably won't be many thousands left in another two years. Sun hot enough to drive the temperature upwards and the customers away proved too much for the 101 Ranch Wild West Show. The outfit will break all precedent by going into winter quarters with the temperature 195 in the shade. A restaurant owner in St. Cloud, Minn., bought a goose the other day for \$1, opened it and found 25 dimes and 11 pennies "salted" away in the gizzard. He was ready to believe in that old one about the "goose that laid the golden eggs" until the former owner recalled throwing coins at the bird for fun.

# OFFICIAL DAILY BULLETIN

The University of Iowa  
Bulletins and announcements for the Official Daily Bulletin column must be in the Summer Session Office, 111 University Hall, by 4 p.m., or 11:30 a.m., Saturday or later in the following morning's Daily Iowan.  
Vol. VI, No. 57 August 7, 1931

## University Calendar

(All students and faculty members shall schedule events involving the use of university buildings at the president's office in Old Capitol as far in advance of the dates as possible. No other dates are included in this official calendar, which takes the place in most cases of ordinary bulletin notices.)

Friday, August 7  
7:15 p.m. School of Letters lectures: "The cult of cruelty," by Alan R. Thompson, visiting lecturer in English—senate chamber, Old Capitol.

8:00 p.m. University club bridge party—University club rooms.

Saturday, August 8  
6:00 a.m. Excursion to state penitentiary at Ft. Madison and Mississippi river dam and power plant at Keokuk; automobiles from south entrance of liberal arts building; transportation expenses \$5.00; Bruce E. Mahan, director. Registration at main office of extension division or college of education, East hall, before Friday, 5 p.m. is required.

8:00 p.m. Out-of-doors Vesper service.

Department of Physical Education for Women  
Recreational swimming for faculty women, administrative staff, and wives of graduate students every Tuesday and Thursday evening between 7:30 and 8:30. FRANCES KEEFE

Recreational Swimming—Second Summer Session  
There will be recreational swimming for all women students registered in the university daily 4 to 5:30 and Saturday 10 to 12. FRANCES KEEFE

Notice to Students Expecting Degrees  
The University Cap and Gown Service is taking orders now for the August convocation. If you order now much trouble will be eliminated. There is no obligation incurred if you do not graduate. Office in the Iowa Union building. Phone 774. H. RONALD GAST

Out-of-Door Vesper Service  
Dr. Herbert Wood of the Selly Oak Colleges, Birmingham, England, will be the speaker at the out-of-doors vesper service, Sunday, August 9, at 8 p.m. He will speak on "Christianity and the future of civilization." Weather permitting, the service will be held on the west approach of Old Capitol, otherwise in the main lounge of Iowa Union.

Pi Omega Pi Breakfast  
Pi Omega Pi, Epsilon chapter and members from other chapters will breakfast on the sunporch of the Iowa Union Saturday, August 8, at 9 a.m. Make reservations by noon Friday at 104 university hall or call 921.

French Examination  
Those wishing to take the French examination to pass off the requirement for Ph.D., may do so Thursday, August 13, at 9 a.m. in room 6 liberal arts. Candidates should bring material along the line of their major subject. ROMANCE LANGUAGE DEPARTMENT

Lutheran Students Association  
The Lutheran students association will meet at the English Lutheran church at 6:30 p.m. Sunday, Mr. Harold Hegland will be the leader. The social hour and luncheon is at 5:30 p.m. PROGRAM COMMITTEE

## A Washington Bystander

By KIRKE SIMPSON  
WASHINGTON—When the clash of political alarms resounds through the land, one of the loudest clashing usually is that

pugnacious son of old New Hampshire, nee Maine, Senator George Moses.

Song writers may tell of the peaceful ways of New Hampshire folk generally; but they don't apply to Mr. Moses.

Possibly the fact that his daddy was a clergyman has some bearing on Mr. Moses' reaction to his own name. He had ideas, at least, about the right way to lead his regular Republican senate colleagues out of the wilderness of party irregularity that so plagues them.

The promised land is not to be won by soft words; but by battle, Mr. Moses avers.

LOOKING TO 932  
Moses is up for re-election next year. There have been rumors he faced hard sledding. If there is any foundation for them, Moses himself probably knows all about it. He is not given to fooling himself about things like that.

The New Hampshire senator made a swing around the country during the 1930 campaign. Because of his feud with party irregulars, he did no speech-making in states where Republican irregularity flourishes.

Gossip had it that higher party authority had virtually muzzled him. It was not desired to make a bad intra-party situation worse.

But Mr. Moses kept his eyes open. He saw what was coming. Almost the only thing about the Republican house and senate losses that could have surprised him at election time was that they were not worse.

His magazine declaration of war on the irregulars may be for his own campaign purposes. It serves, however, to call attention to the fact that the expression "meek as Moses" refers to a Biblical character, not to the Senator.

## CUPID TAKES A HAND

The good, old sport of holding hands is apparently as satisfying to film folk as more ordinary souls. Constance Bennett, blonde charmer of the movies, is shown in this exclusive shot joined with the Marquis De La Falais, husband of Gloria Swanson, by Cupid's handclasp while both intently watch the Davis Cup finals played between France and England at Roland Garros Stadium, near Paris. Although the Marquis is not yet fully divorced from Miss Swanson, it is widely rumored that he and Connie will wed when the final decree is granted.

## Behind the Scenes in Hollywood

By HARRISON CARROLL  
HOLLYWOOD, Cal. —Even a Freud would have a hard time finding an inhibition in Lupe Velez.  
The little Mexican actress talks right out of school about the breakup of her romance with Gary Cooper.  
"I turned Gary down," she says, "because his parents did not want me to marry him, and because the studio thought it would injure his career. Now it's over, I'm glad. I feel so free. I went around New York, did whatever I wanted to—had a fine time."  
"What about your own career?" she was asked.  
"Oh, nobody cares about my career," she replied, contemptuously. "Any person in the films who gets excited about their career is foolish and conceited. The main thing is to be happy."  
Nevertheless, Lupe's career goes right on. She starts next week at Metro-Goldwyn-Mayer as Lawrence Tibbett's leading woman in "The Cuban." And if it isn't revealing a secret, the piano in her living room flaunts a big framed picture of one of Hollywood's most eligible young producers. Lupe isn't the one to grieve. She'll raise the dinkens.  
IT'S BEEN A TOUGH CLIMB  
For the third time Fox is about to get under way on its production of "Over the Hill." The bothersome juvenile leads finally have been turned over to Sally Eilers and James Dunn, a team you're going to meet for the first time in "Bad Girl." Mac Marsh and James Kirkwood are being held over from the original cast, and Henry King still is the director.  
LATEST GOSSIP  
Watch out for Clarke Gable and Greta Garbo in "Susan Lennox." They burn celluloid. Studio rumors link them in another picture to follow soon. . . Lupe Velez brought six fur coats back from New York. And she already had six. . . The Davril Zanucks expect the happy event in a couple of weeks. . . Irving Pichel won't let his three children see "Murder by the Clock," in which he plays a half-witted killer. . . There isn't going to be any character called Knute Rockne in "The Spirit of Notre Dame."  
Estelle Taylor opens her vaudeville tour in Cincinnati, Sept. 15. . . Alfred Lunt and Lynn Fontanne are heading east for their farm in Wisconsin. It's said to be a definite farewell. Their picture, "The Guardsman," is well, but isn't rated as box-office. . . Somebody must be trying to muscle in on the two boys who made a living showing tourists where Mary Pickford and other celebrities live. They now display a sign: "The original guides to the movie stars' homes." . . Junior Laemmle is trying to get Olive Cull back from London to play the lead in "Frankenstein." He was Captain Stanhope in "Journey's End."

### Golf Tourney Held at Club

#### Marion Country Club Women Guests in Return Duel

Eighteen women members of the Marion Country club will be guests of women members of the Iowa City Country club today in a return golf match.

Mrs. George Koser, who is in charge of arrangements, has planned three contests for the day. In the morning, the women will play in twosomes for low score with handicaps, and for the afternoon a blind bogey tournament has been planned. In an approaching and putting contest which will take place, Tom Harris will present a prize to the guest receiving lowest score.

Luncheon will be served on the club porch at noon.

Marion women who will attend the golf tournament are; Ruth Crew, Mrs. Boylan, Mrs. Arr, Mrs. Krue, Mrs. Fry, Mrs. Graston, Mrs. Von Foffen, Mrs. Booth, Mrs. Smith, Mrs. Hall, Mrs. Frear, Mrs. Nolan, Mrs. Lothian, Mrs. Carson, Mrs. Hardin, Mrs. Prior, Mrs. Sigfrid, and Mrs. Cotton.

Mrs. J. Hubert Scott and Mrs. George Kay will preside as hostesses.

#### Bridge Party Given by University Club

University club members will entertain at the last bridge party for the summer at 8 o'clock tonight in the club rooms at Iowa Union.

Hostesses are to be Eva Goff, chairman, assisted by Elleta Kneipp, Mrs. John W. Ashton, and Mrs. John E. Kirchner.

#### Mr. and Mrs. Barry Honored at Outing

Mr. and Mrs. Justin M. Barry of Los Angeles, Cal., were honored by Mr. and Mrs. J. Sheehan of Davenport, at a day's outing at their summer home, near DeWitt.

Mr. and Mrs. Barry are the house guests of Mr. and Mrs. Carl F. Strub, 414 E. Davenport street.

#### PERSONALS

Mr. and Mrs. Emerson W. Nelson, graduates of the university, who have been in California this summer, visited yesterday in Iowa City. They plan to leave today for Cherokee, where they will visit until school starts in the fall.

Esther Robbins, 105 E. Church street, who was a graduate student during the first semester of the summer session, is visiting her sister in Muscatine.

Esther Reinking, teacher in the Iowa City high school, has left for her home in Clarence, where she will remain until school starts in September.

George Van Deusen, 27, of Cedar Rapids, was a visitor at the office of the extension division yesterday.

Margaret McDowell of Waverly, who has been visiting her sister Florence McDowell, 10 N. Van Buren street, for the last few days, has returned to her home.

Miriam Taylor, a former member of the women's physical education staff, visited the extension division offices Wednesday. She expects to return to the women's physical education staff in September.

Mary Hruska of Cedar Rapids, a student in the university last year, spent Wednesday with Ann Downing, 10 N. Van Buren street.

E. D. Dimond, electrical engineer, 26, who is now a telephone engineer with the Bell Telephone laboratories in New York city, was a visitor at the college of engineering Wednesday.

Mrs. L. L. Leighton of Ft. Dodge, and her house guest, Mrs. John A. Hern of Salem, S. D., have returned to Ft. Dodge after having spent a few days in Iowa City visiting friends and relatives.

Lawrence Wicks of Minneapolis, Minn., arrived yesterday to visit at the home of Mr. and Mrs. J. M. Bradley, 525 Iowa avenue.

Carl F. Damerow, D4, has left for Vero Beach, Fla., where he will visit with his father and brother until classes are resumed at the college of dentistry in September.

## Chamber Music Groups Plan Concert

### Only Presentation of Second Term Scheduled for Sunday Under Direction of Kuypers

#### First Madrigals Will Form Feature of Program

Presented under the baton of John M. Kuypers, member of the Minneapolis symphony orchestra, 20 musicians will give the only chamber music recital of the summer session's second term in Iowa Union at 3 p. m. Sunday.

The program will include as a special feature three madrigals, sung by the Iowa Madrigal club, whose members have been working throughout the second session on the presenting of this peculiar type of English composition.

The madrigal is a composition in which each of the sections of the chorus carries a distinct melody. It was most popular in England during the century from 1550 to 1750, and the material for the composition of such members was furnished largely by the literature and thought of that period.

This is the first public appearance of the madrigal club. String, reed, and brass chamber music groups will form the rest of the program.

The instrumental groups were prepared with the assistance of Louise Hood, of the department of music; H. Charles Stump, of Morgantown, W. Va., member of the summer music faculty; Ascher Treat, visiting lecturer in music, of New York city; and Kenneth V. A. Forbes, graduate assistant in music. F. Walter Huffman, of the music department, will direct the madrigal club.

The program: Quintet in G Minor ... W. A. Mozart Allegro Menuetto First violin, Louise Rood Second violin, Charles Ballantyne First viola, John M. Kuypers Second viola, Jay Fisher Cello, Kenneth Forbes Clarinet quartet ... A. J. Artois for four clarinets. Allegro Assai Andante Allegro Vivo First clarinet, Dwane Stewart Second clarinet, Karl Bevin's Third clarinet, Thomas Ayres Fourth clarinet, Katherine VanWalker.

Three madrigals In these delightful, pleasant groves ... Henry Purcell Weep, O mine eyes ... John Bennett Now is the month of May ... Thomas Morley

Soprano, Francis Sebern Soprano, Helen Paxton Contralto, Pauline Watson Tenor, Robert Kessler Baritone, J. Russell Paxton Bass, James J. Lynch

Quintet in Eb major ... W. A. Mozart Allegro Horn, Ascher Treat First violin, Charles Ballantyne First viola, Louise Rood Second viola, Jay Fisher Cello, Kenneth Forbes

Brass Quartet Prayer from "Der Freischutz" ... C. M. von Weber "Die Ehres Gottes" ... L. von Beethoven Trumpet, Bob Schoeneich

Cornet, Ben Gossick Horn, Gervais Mathay Baritone, Richard Simpson.

John M. Kuypers

### Music Group Will Present Recital Today

Fourteen members of the all state high school music group will be presented by the department of music in a recital at the liberal arts assembly room at 2 o'clock this afternoon.

The program: Clarinet Quintet Reverie ... Magnani Nobody knows de trouble I seen, Negro spiritual K. Richter Rondo ... Pleyel First clarinet, Katherine VanWalker Second clarinet, Karl Bevin's Third clarinet, Dwane Stewart Alto clarinet, James Smith Bass clarinet, Herbert Miller Trombone solo ... Lowell Chase Lasse o' Mine ... Walt Flute solo ... Mary Elizabeth Liggett The Old Refrain transcription ... Fritz Kreisler Bass solo ... James Berdahl Billy Blow Hard ... Kottaun Clarinet solo, Katherine VanWalker Polonaise from "Mignon" Thomas Baritone solo ... Richard Simpson Werner's Parting Song ... Nessler Brass ensemble Choral "Hilf, Gott, dass mir's gellinge" ... Bach Nordisches Lied ... Schumann March, from "The Magic Flute" ... Mozart First trumpet, Robert Schoeneich Second trumpet, Elmer Johnson First cornet, Ben Gossick First horn, Edward King Second horn, Gervais Mathay Trombone, Lowell Chase Baritone, Richard Simpson Tuba, Richard Larson Tympani, Carl Wiegold.

Purchase Poison Bran DES MOINES, (AP)—Purchase of four carloads of poisoned bran for use in grasshopper control was announced by Carl Kennedy, assistant secretary of agriculture.

Veterans Supply Documents DES MOINES, (AP)—Facsimiles of Lincoln's Gettysburg address, the declaration of independence, and Lincoln's letter to a mother whose son died in the Civil war will be supplied Iowa schools by the veterans of foreign wars, H. G. Ryder, historian, announced.

### And When Roll Was Called at University Summer Tent City, Lo! "Smiths" Led All the Rest

By AL MITCHELL Mr. and Mrs. Summer Camper, and their one son and one daughter, made up the average family in the first term of the summer session at tent city, the university summer camp, as the camp census report for the term shows.

The family name might have been Smith, at least there were three chances out of 80 that such was the case. The Joneses didn't make such a good showing; only one of the 80 families possessing that name.

Two by Two There were two families of Browns, two of Whites, two of Posters, and two of Eckstrands. Every letter of the alphabet found use as a family initial except u, x, y, and z. Mr. and Mrs. Camper, who had two children in their average family

of four members, gave no indication of their own age in the census, but the young members of the summer household were five and one-half years old. The general average of camp children's ages was 5.57 years. Of the 60 boys in the camp, the youngest was three months of age, the oldest 13 years. The average age of the boys was 5.51 years, six hundredths less than the average of the whole group.

Pity the Boys The 34 girls in the tent city were a little older, on the average, than the boys. The girls' average was 5.91 years. Ages ranged from seven weeks to 12 years. Seventy-nine men and 79 women made up the adult population, the census total showing that 252 persons lived under canvas during the first session.

### August Heavens Glow With Meteors; Wylie Plans for Student Observing Stations

August, the month of shooting stars, should reach its climax astronomically next Tuesday, said Prof. Charles C. Wylie of the university astronomy department yesterday.

Although meteors are normally most numerous Aug. 11, several reports of falling stars have already been sent in to the Midwest Meteor association, of which Professor Wylie is president.

Iowans See Meteor Fall One meteor in particular has caused much comment. Tuesday evening, Walter M. Ball, Iowa City attorney, reported having seen near Durant what appeared to be a burning airplane falling to earth.

Officials of the Davenport airport, notified of the report, said that one of their pilots had seen a meteor at about the same time, 7:55 p. m., and that it had appeared to be about one or two miles north and west of Durant.

Report Other Flash Wednesday, Professor Wylie received letters from persons at Rockford and at Clear Lake, telling of a meteor observed at approximately the same time Tuesday evening, and bearing out Professor Wylie's theory by reporting the star to be still farther north.

A third letter, received yesterday from Kirkman, near Sioux City, brought similar information concerning the meteor, so that Professor Wylie now estimates that the star probably fell in southern Minnesota.

He asks that any person who saw this meteor fall to notify the Midwest Meteor association, Iowa City, giving the time and the direction of the observation. More than 200 replies were received following a similar request by Professor Wylie for information of a meteor which fell Dec. 8, 1930.

Plan Observations Students of Professor Wylie's class in the study of meteors have planned periods of observation to begin Saturday night, providing the weather is clear. Vernon Chase, a graduate of the university who is now a professor of mathematics at the University of Wichita, Wichita, Kan., and Professor Wylie will have charge of the trip.

Two observation stations will be set up at a distance of about 15 miles, north and south; angles of observation will be taken at the two points, together with the exact times of the observations; and with the results obtained, it is planned to compute the distance of the meteors from the earth.

President Theobald to Watch The Rev. J. A. Theobald of Columbia college at Dubuque, vice president of the Midwest Meteor association, also plans to make observations, probably with the same method used here.

Professor Wylie anticipates that he and Father Theobald will be able to collaborate in the observing and checking of any extremely brilliant meteors that may fall.

#### Discusses Coolidge

According to Dr. James P. Coupal, friend and former physician of Calvin Coolidge, Mr. Coolidge may be a 1932 presidential candidate if he is "drafted."

### Furnish State Schools With Iowa History

DES MOINES, Aug. 6 (AP) — A bibliography of Iowa history has been sent to superintendents of schools by Agnes Samuelson, state superintendent of public instruction to assist in arranging for the instruction provided for under the new state law.

The law, which requires the teaching of Iowa history was passed by the recent general assembly. It was sponsored by Rep. George M. Hopkins of Guthrie county.

In her letter to the school superintendents Miss Samuelson suggested that it might be better to have a block of time devoted to the study, for example, in the sixth grade, the important thing, she said, was to see that the work occupies a definite place in the school program hereafter.

"The purpose of this instruction is more than to gather information about our state, interesting and valuable as that is," her letter said. "As the children enjoy the stories of pioneer life, for example, may they come to appreciate more keenly the heritage that is theirs.

"As they study the history of the commonwealth, may their under-

### Housing Service to Give List of Rooms, Apartments for Fall

To provide accommodations for those attending the university this fall, the housing service at Iowa Union, under the direction of Prof. Fred E. Holmes, has started to make out its list of approved rooms and apartments for the first semester.

As many calls for rooms and apartments are already being made, Professor Holmes urges all householders intending to furnish accommodations to notify the service as soon as possible so their names may be placed on the lists.

Householders who have not been on the approved list before are requested to make application now in order that they may be included in the yearly inspection of rooms which the housing service is making at the present time.

Issue Marriage Permit Marriage license was issued yesterday by Walter J. Barrow, clerk of the district court, to R. B. Galbraith, Marengo, and Fern C. Eifson, Iowa City.

standing of modern problems be broadened. As they learn to evaluate the greatness of Iowa may they seek to interpret it their willingness to assume the responsibilities as well as claim the rights of American citizenship."

# Geiger's Three Homers Win for Elks in Opening Round of Kittenball Loop

## Get 8-7 Win Following 2 Extra Innings

### Knights of Columbus Whip K. P. Team by 11 to 5

**INDUSTRIAL LEAGUE Games Tonight**  
Racine's vs. Iowa Supply at park field No. 1.  
186th Hospital company vs. Iowa City Wholesale Fruit at park field No. 2.  
Dee's vs. Alexander's Rangers at municipal athletic field No. 1.  
Dewey's vs. Hotel Jefferson at municipal field No. 2.

**CLUB LEAGUE Last Night's Results**  
Elks 8; Dairy Boys 7.  
Bremer's 12; Odd Fellows 10.  
Knights of Columbus 11; Knights of Pythias 5.  
Press-Citizen 17; Ford Service 3.

Waldo Geiger, pitcher and home run artist, was the big factor in the Elks' offense as they pried the lid off the kittenball season and pulled out an 8 to 7 win over the Dairy Boys after two extra innings in a club league game at the municipal athletic field last night.

The lodge team's slugging pitcher, pounded out two four base blows in the fore part of the struggle, allowing his mates to end up in a 6 to 6 tie with the dairy men at the end of the regular seven innings. In the eighth frame neither team was able to count any runs.

**Elks' Score Twice**  
Coming to bat in the first of the ninth, the Elks' "Bambino" found the stage set for the continuance of his home run tactics with a man already on the base paths. He connected squarely with one of Russell Smith's underhand aints and before the ball had rounded the bases for his third homer of the evening, scoring the runner ahead of him.

The dairy men staged a desperate rally in their half of the inning, but it was checked one run short of a tie. Roseberringer singled and counted the last marker of the game as Pitcher Smith laid one out for a triple. He died on third, though.

**Batteries—Elks:** Geiger and Oakes; Dairy Boys: Smith and White.

**Knights of Columbus Win 11-5**  
The Knights of Pythias' slogan at the start of their game with the Knights of Columbus in the other contest at the municipal field, was "K.P. K.O. K.C." was reversed as they went down by the count of 11 to 5 in a somewhat raggedly played fray.

**"Lefty" Vassar, Knights of Columbus pitcher, was the outstanding player in the game. He was backed up by Brecht, Helmer and Vassar got homers for the winners. Weeber and O'Hara was the battery for the Knights of Pythias.**

**Bremer's Down I.O.O.F. 12-10**  
Bremer's proved the superior of the Odd Fellows in a game at the city park, when they eked out a 12 to 10 victory over the lodgemen.

**Bremer's used three pitchers, Urban, Ross, and Katz. Dikker played the entire game behind the bat for them. Hay and Soeck composed the Odd Fellow battery.**

**Ford Service Loses 17-3**  
In a wild free-hitting contest, the Press-Citizen kittenball team opened their schedule with a one-sided win over Ford Service, 17 to 3.

**Jack Patton and Green were the Press-Citizen batters; Zeeman and Ruppert for the garagemen.**

**Heat Causes Kozeluh to Default to Tilden**  
DES MOINES, Aug. 6 (AP)—William Tilden II, and his tennis troupe played exhibition matches at Wagon club here today. Tilden had an easy time with Karel Kozeluh who finally had to default at the end of two sets because of the heat.

**The results: William Tilden, Philadelphia, defeated Karel Kozeluh, Prague, Czechoslovakia, 6-2, 6-3, default. William Tilden, defeated J. Emmet Pare, Dayton, Ohio, 6-2. Bobby Sellers, San Francisco, defeated J. Emmet Pare, 6-2. Tilden and Kozeluh defeated Pare and Sellers, 14-12, 8-6.**

**Floyd Olds, Waterloo Hurler, Sold to Yanks**  
WATERLOO, Aug. 6 (AP)—Sale of Floyd Olds, pitcher of the Waterloo team of the Mississippi Valley league, to the New York American league baseball club was announced here today.

## Sportively Speaking

By Bill Rutledge

Babe Ruth's contract with Col. Jake Ruppert, owner of the New York Yankees, calling for \$85,000 a season expires this year. Fans have already begun to conjecture what his salary demands will be to play with the Yanks in 1932.

Years ago when the home run monarch slumped, fans thought he was about ready to become an umpire or a manager. Then the Big Babe stepped out and smashed his own circuit blow record by connecting for 60 four baggers.

When the Bambino held out for \$75,000—incidentally the salary of the president of the United States for 12 months work—the sporting public was aghast. The following year the Babe successfully demanded a two year contract at \$85,000 a year.

Ruth is playing better baseball than ever and is still a magnet for fans. He is not as valuable today to the Yanks as he was in the days of the late Manager Miller Huggins because of the complete domination of the American league by the Athletics.

Fan interest today is not in how many homers has the Babe clouted—but whether or not Lefty Grove will win more than 30 games, how George Earnshaw will chalk up, and will the Mack men sweep the coming world series in four straight.

Negotiations were under way two years ago between the White Sox management and Babe to have him manage the Chicago Americans. Ruppert saw to it that such a deal was not consummated.

A series, truly crucial, opens at Sportsman park, St. Louis this afternoon between the Cards and their cherished rivals, the Chicago Cubs. Three straight wins will revitalize Bruin pennant hopes, while the same number of losses will crush the chances for 1931. If anyone of the contenders expect to beat out the Red Birds, they must whip them.

## Steel Worker Shoots Near Perfect Golf

**Eliminates Medalist in Opening Round of Links Meet**

**KELLER CLUB, St. Paul, Minn., Aug. 6 (AP)—Golf as played over the public fee courses of the Pacific coast triumphed on the battle ground of the national public links championship today as the tournament medalist fell and eight shot makers from as many different cities passed into the quarter finals.**

Leading the brigade of sharp shooters from the far west was Charles Ferrara, a steel worker from San Francisco, who eliminated the medalist, Dave Mitchell of Indianapolis, 4 and 3, with almost perfect golf on his first round and then came back in the afternoon to defeat Bob Gourlay of Seattle, 1 up, after a stirring battle that ended when a birdie clattered off his war clubs on the final green.

Ferrara was joined by two other Pacific coast golfers—Hoo Nichols, 15-year old high school sophomore from Long Beach, Cal., who had the easiest sailing of the day's struggles, and Ed Greenway of Seattle. The other five quarter-finalists represented St. Paul, New York, Philadelphia, Detroit and Little Rock, Ark.

The fall of Mitchell, who captured the medal with 148 shots, removed the last favorite from the field as the defending champion, Bob Wingate of Jacksonville, Fla., and the three-times title holder, Carl Kauffman of Pittsburgh, failed to qualify. As a result, the big fight for the championship, which ends Saturday night, was a greater free-for-all than ever.

Nichols, who qualified with a 155 score, swept aside his opponents with ease today, defeating Bob Isherwood of St. Louis, 4 and 2, on the first round and conquering Westley Casper of Louisville in the afternoon by the same margin.

Greenway, rated from the start as a contender because of his form in practice and qualifying rounds, had a stirring fight in the morning before he disposed of Bill Heinlein, Indianapolis one up, but breezed to a 3 to 1 triumph on his second round over Harry Ramsey of Pittsburgh.

**Favorite Eliminated**  
**COLORADO SPRINGS, Colo., Aug. 6 (AP)—Elimination of a favorite marked second round of play in the Brookmoor invitation golf tournament today. The favorite was Lawson Little of San Francisco, newly crowned Denver city champion. He was vanquished by Harry Strassburger of Coffeyville, Kan., 4 and 3.**

## BLONDIE—The Cream of Cauliflower.

## Yanks Pound Two Athletic Pitchers 5-3

**Johnson Bears Down to Stop A's Ninth Inning Rally**

**NEW YORK, Aug. 6 (AP)—Young Henry Johnson bore down when the bearing was good today, striking out two batters and forcing another to pop weakly to the infield with the bases crammed in the ninth inning, and the Yankees staggered through to a 5 to 3 victory over the champion Athletics in their series opener.**

Things were looking dark for Joe McCarthy's troops when young Henry arrived on the scene and they immediately looked darker, but he pulled through. Two Athletics had crossed the plate and another was on first with none out when Johnson hustled out to relieve Lefty Gomez in the final round. The first thing he did was to walk Bing Miller putting the tying run on base.

**Then Henry Starts**  
Then young Henry started pitching. Phil Toit went down swinging at a third strike, but Williams singled over second to fill the bases. At this crucial stage, Manager Connie Mack of the Athletics chose to let LeRoy Mahaffey, a 233 hitter, do his own batting, and Johnson promptly slipped three fast ones by him. McNair, another of the Athletics junior varsity, had the final opportunity to do something about it. He lifted a weak fly to Joe Sewell at third base for the last out.

Up to the time they staged their ninth inning uprising, the American league leaders had spent the afternoon trying to do something with Gomez. They had managed only three hits, including a triple by Jimmie Foxx, and had scored their only run as the result of an error by Babe Ruth in the fourth. But they felt on the young southpaw with gusto in the ninth, doubles by Cochrane and Simmons and Fozz's single causing Manager Joe McCarthy to pop hurriedly from the dugout. It was at this juncture that Johnson took over the situation.

**Lose No Time**  
The Yankees wasted no time piling up a winning margin off Rube Walberg. Four runs crossed the plate in the first inning, the result of Sammy Byrd's triple to left, successive walks to Gehrig, Chapman and Lary and singles by Dickey and Lazzeri. Dickey's hit, the first of the two he blazed off Walberg's delivery, drove in a pair of runs.

**Score by Innings:** R. H. E. Philadelphia.....000 100 002—3 7 0 Boston.....400 010 00—5 10 0 Batteries: Walberg, Mahaffey and Cochrane; Gomez, Johnson and Dickey.

**Senators Bury Red Sox by 15-1 Score**  
WASHINGTON, Aug. 6 (AP)—Washington pounded two Boston pitchers today for 20 hits and left the Red Sox buried under a 15 to 1 score in the first of three games.

The senators came out of a two-day rest to garner eight runs from Russell's offerings in the first five innings and took seven more in the eighth from Durham.

Boston reached Marberry for only four hits. Bluege took two triples and a single in four tries and Cronin three doubles out of five. Sammy West continued his batting streak by gathering two doubles and a single in five chances.

**Score by Innings:** R. H. E. Boston.....000 100 000—1 4 0 Washington.....301 130 07—15 20 0 Batteries: Russell and Berry; Marberry and Spencer, Bolton.

**Sorrell's Wildness Gives Tribe Victory**  
DETROIT, Aug. 6 (AP)—The Cleveland Indians literally walked to a 4 to 3 victory over Detroit today in the second game of their series.

Victor Sorrell, who pitched the ninth inning after a pinch hitter was sent in for Arthur Herring, walked four men to force in the winning run. Previously five bases on balls off Herring and four misplays had aided the Indians.

A home run by Averill in the fifth, scoring a runner ahead of him, tied the score.

**Score by Innings:** R. H. E. Cleveland.....010 020 001—4 9 1 Detroit.....011 000 010—3 6 4 Batteries: Hudlin and Sewell; Herring, Sorrell and Hayworth.

## BIG SIX

(By the Associated Press)  
Chuck Klein moved up another notch in the Big Six standing yesterday as his two National league batting rivals were out of action. Klein hit safely twice in four at-bats, adding two points to his average and gaining a tie with Charley Grimm for second place on the National league list and fifth in the Big Six.

**The leaders:**

## Four Run Assault in Seventh Wins for Sox

**CHICAGO, Aug. 6 (AP)—A seventh inning assault on Rip Collins and Walter Stewart, featured by Carl Reynolds' long home run, gave the White Sox a 7 to 6 victory over St. Louis today.**

Collins had held the Sox helpless after the first inning when they scored three times, but the seventh was good for four more runs and a victory. Pat Caraway was hit hard and gave way to Tommy Thomas, but was credited with the victory, his ninth of the season.

**Score by Innings:** R. H. E. St. Louis.....400 020 000—6 10 2 Chicago.....300 000 40\*—7 11 4 Batteries: Collins, Stewart and Ferrell; Caraway, Thomas and Tate.

**Another K. O. for Primo**  
WILMINGTON, Del., Aug. 6 (AP)—Primo Carnera, giant Italian, added another knockout to his string tonight by disposing of Armando de Carlos of South America in the second round of a scheduled eight round battle. Carnera weighed 272 1-2, de Carlos 187.

**Seeded Players Win**  
SOUTHAMPTON, N. Y., Aug. 6 (AP)—Three of the four seeded teams in the Meadow club's annual invitation doubles tournament survived the day's play here today as the No. 2 seeded combination and former international championship team of Wilmer Allison, Austin, Tex., and John Van Ryn, Philadelphia, was eliminated in the quarter-final round.

## Minor League Results

**AMERICAN ASSOCIATION**  
Milwaukee 5; Indianapolis 3-3.  
Minneapolis 10; Columbus 7.  
St. Paul 8; Toledo 5.  
Louisville 8; Kansas City 3.  
**THREE EYE LEAGUE**  
Evansville 5; Danville 2.

## Robins Take 7-3 Triumph Over Braves

**4 Runs in First Inning Margin of Victory in Wild Tilt**

**BOSTON, Aug. 6 (AP)—Brooklyn's four-run foray against Ben Cantwell in the first inning today gave the Robins the margin of victory in a 7 to 3 triumph over the Braves. Cantwell steadied after the first and went the route while the Braves drove Babe Phelps from the hill, but they could not overcome the early lead.**

Singles by Frederick and Finn, Bissonette's double, a walk a wild pitch and an error by Richbourg in short right were the Brooklyn run-making items in the big first. Adolf Luque relieved Phelps with two Boston runs in and the bases full in the fifth and stopped the rally. He pitched shutout ball for the next four frames and gained credit for the victory.

**Score by Innings:** R. H. E. Brooklyn.....400 000 201—7 13 1 Boston.....100 020 000—3 14 2 Batteries—Phelps, Inque and Lopez; Cantwell and Cool, Spohrer.

## Reds Break Losing Streak; Win 3 to 2

**PITTSBURGH, Aug. 6 (AP)—The Reds of Cincinnati snapped out of a losing streak today to make three runs off Glenn Spencer in the eighth inning and defeat Pittsburgh, 3 to 2. The win was the first for the Obolians in eight games and the runs were the only tallies made off Pittsburgh in the last four games the teams have played.**

Doubles by Heathcote and Stripp, a three-base wild throw by Spencer and Hendrick's sacrifice and Cucinello's long fly gave the Reds their three markers.

**Score by Innings:** R. H. E. Cincinnati.....000 000 030—3 13 0 Pittsburgh.....000 200 000—2 7 2 Batteries: Rixey, Benton and Sukerorth; Spencer, Brane and Phillips.

## "Big Bill" Condemns Shorts for Men as Looking Like 'Devil'

**DES MOINES, Aug. 6 (AP)—Reformers who would free man from the tyranny of his present dress get no encouragement from Bill Tilden.**

Just before the big tennis player participated in an exhibition match here he said shirts and shorts "unquestionably would allow greater freedom of limb, but they'd look like the dickens. I'm sure they'd look like the devil on me."

Regarding the defense of the Davis cup by France next year, Tilden said its success depended on the decision of Henri Cochet, who may turn professional.

"Cochet is the greatest player the world has ever known. If he turns professional, some other country will win the Davis cup."

## Complete Plans for Rodeo at New Field Tomorrow, Sunday

Plans are completed for the Johnson county horse show and rodeo at the municipal athletic field which is to be staged tomorrow and Sunday.

N. J. Alexander, sponsor of the event, announced yesterday that he had obtained the services of two top notch riders, Roy Brown and "Speck" Alexander, Aleck's brother, arrived here last night, coming from the Pine Ridge reservation, stopping off in Burwell, Neb., for a short work out.

At present there are 10 other entrants in the backing bronc and bareback riding contest, all of them coming from Iowa City and nearby towns. A race track has been laid out around the field.

The rodeo will start each of the days at 1:30 p.m., with the local Moose band furnishing music before and during performances.

**To Enter Tournament**  
FT. WORTH, Tex., Aug. 6 (AP)—Mrs. R. E. Winger, Ft. Worth's champion woman golfer, will enter the national women's tournament at Chicago the latter part of this month, she announced today.

turned in his third straight victory for the Phillies today by defeating the New York Giants 6 to 4. Blake was relieved by Jim Elliott with one out and the tying runs on base in the ninth but got credit for winning.

**Score by Innings:** R. H. E. New York.....000 120 001—4 13 1 Philadelphia.....030 010 20\*—6 13 1 Batteries: Berly, Parmalee and Hogan; Blake, J. Elliott and McCurdy.

## Tilden Makes Appearance at Cedar Rapids

**"Big Bill" Tilden and his troupe of professional racket wielders, following an appearance in Des Moines yesterday, will appear in a group of exhibition matches at Cedar Rapids Country club in conjunction with the Eastern Iowa tennis tournament there this afternoon.**

The big netter, former world's amateur champion and now the best of the professionals will meet Karel Kozeluh, European pro title holder from Czechoslovakia, in the feature match of the afternoon. In their last several exhibitions, the European has defeated Tilden three times.

The other members of his traveling exhibitionists are also well known professionals, they being Bobby Sellers, San Francisco, Albert Burke, an English pro, engaged at a Paris tennis club, and Emmet Pare, Dayton, Ohio. All of the matches will be decided by two sets out of three. Seating space has been arranged for 1,500 spectators.

The schedule of matches: 3 p.m.—Emmet Pare, Dayton, Ohio, vs. Albert Burke, Paris, France.  
4 p.m.—Bill Tilden, Philadelphia, vs. Karel Kozeluh, Prague, Czechoslovakia.  
5 p.m.—Tilden and Bobby Sellers, San Francisco, vs. Kozeluh and Burke, doubles.

## Anderson Leaves Clinic

**ROCHESTER, Minn., Aug. 6 (AP)—Heartley "Hunk" Anderson, Notre Dame football coach, was discharged today from the Mayo clinic. He planned to return to South Bend, Ind., Friday. Anderson has put on 10 pounds in weight which he lost after being operated on for appendicitis and treated for meningitis.**

### Dr. Steindler Tells Club of Vienna Trip

#### 3,000 Rotarians Attend International Meet in Austria

Dr. Arthur Steindler, head of orthopedic surgery at the University of Iowa, who represented the Iowa City Rotary club at Rotary International at Vienna, Austria gave a report of the convention at the weekly luncheon of the Rotary club at Hotel Jefferson yesterday.

"More than 3,000 Rotarians attended the international meeting in Vienna during the middle of June," Dr. Steindler told the club, "representing every country in the world." The arrangements for the meeting had been carried out by the government of Austria and the municipality of Vienna.

#### City Club Gets Flag

Members of the Rotary club of Maribor, Yugoslavia, presented the Iowa City Rotary club their club flag as an expression of friendship. The flag was presented by Dr. Steindler.

"In many respects the twenty-second annual convention of Rotary International was an event of more than usual significance," Dr. Steindler stated. "First, the fact that the meeting was held in Europe naturally intensified its international character, particularly since the attendance of non-American clubs was in proportion higher than is the case when the international congress is held in this country."

#### Economic Political Problems

"Secondly, the stress of the times and the great exigencies participating in the congress, gave greater import to the discussion on economic and political problems and aroused greater interest among the participants of the congress."

"Finally, the selection of the city of Vienna as the meeting place proved to be specially fortunate, not only because of its central location but also because of the unusual efforts made by the government of Austria and the municipality of Vienna to make this occasion a memorable event."

#### Hear Moratorium News

Dr. Steindler said that the message of President Herbert Hoover, suggesting the moratorium for the debtor nations, reached Vienna during the convention at the climax of its economic distress, and carried with it a general feeling of elation and hopeful confidence.

Dr. Steindler told of a reception given by the president of the Republic of Austria in honor of the visiting Rotarians and Almon E. Roth, head of the organization. The 3,000 Rotarians and their wives were entertained by orchestras, buffets and refreshments.

#### Guests Sit In

Guests at the luncheon included: Rotarians Dr. L. A. Royal, and A. H. Ditmore of West Liberty; F. A. Marty, Cloquet, Minn.; G. E. Denman, Green Bay, Wis.; Frank A. Jones, Anamosa; George E. Davis, Keokuk; Elmer Ziegler, Muscatine; C. L. Nelson, Oelwein; W. E. Scantleburg, Creston; E. T. Peterson, guest of Dean Paul C. Packer; S. A. Swisher, Des Moines, guest of Chris Yetter; Dr. J. D. Boyd, Iowa City, guest of Dr. Arthur Steindler; and Dr. J. H. Wolf, Iowa City, guest of Dr. Harry R. Jenkinson.

## Iowa Merchant Dreams Formula for Static Eliminator; It Works!

#### ESTHERVILLE, Aug. 6 (AP)—

Clint F. Smith attributes to a dream a discovery which he says will eliminate radio static.

Smith, an Estherville tombstone merchant, admits that he never took a course in chemistry in his life, and he doesn't know one compound from another. "I know absolutely nothing about electricity but I can fix the flat-iron cord and can plug in an electric lamp," he says.

All this is necessary to appreciate the story he tells about a sultry summer evening when all the radios in his neighborhood were eloquent in everything but music.

He decided, he says, on the night of the Big Dream, to retire early for a good night's sleep. But sleep didn't

come at once. He rolled first on one side, then the other.

He changed the pillows to the foot of the bed. Then he moved the bed closer to the window. He counted sheep.

Sultry weather and its concomitant static, however, delayed slumber for a long time. When Morpheus did respond, though, Smith had static in his subconscious mind.

And so he dreamed, he says, about static. He was in a land of radios—radios on trees, on wheels, on the streets, all jeering at him with static. In his dream he found a solution for the problem.

When he awoke, he jotted down the plan evolved in the dream. Days, passed however, yet the slip of paper with the formula remained on his

desk. On Sunday he said to himself, "I'll try it just for fun." So he purchased the chemicals he had dreamed about.

Following the instructions of his dream, he put the substances into a small bottle, stirred them, and put a stopper in the bottle. Through one hole in the cork he placed the lead-in wire from the antennae. Through the other hole he put the wire from the radio. He turned on his machine to try the invention.

You must take his word for it that the results were amazing. The volume, he says, was so great that he turned the switch nearly off, below its normal position. He then turned the radio off and tried it without the device. He found there was plenty of static. He tried this

several times with like results.

A radio repair man was summoned. He urged Smith to apply immediately for patent rights.

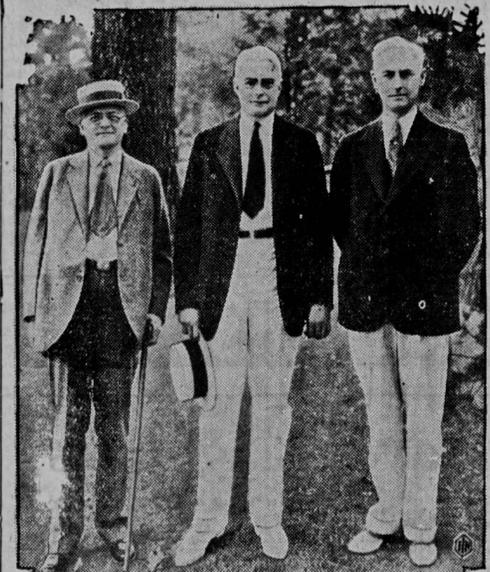

This Smith has done. In the meantime he is selling tombstones.

Smith is 49 years old. He was born in Emmetsburg and received his education in Mason City. He was fireman in a Milwaukee road freight engine three years. He has dealt in tombstones 26 years.

"I don't know why this little device of mine works," he says, "and I couldn't tell what it does to make a radio behave. All I know is that it does tame static and does improve radio reception."

"Some day I'm going to open up the back of my radio and see if I can see what it's all about."

#### PRESIDENTIAL TIMBER

In these days when the presidential bee is beginning to develop a well-defined buzz, it might be well to glance over the presidential timber offered by the Southland. Here, left to right, are: Governor John G. Pollard of Virginia, Governor Albert C. Ritchie of Maryland, and Governor William G. Conley of West Virginia. They were rounded up for this interesting picture at White Sulphur Springs, W. Va., where all are vacationing. Of the three presidential possibilities, Governor Ritchie is believed to be the south's leading Democratic candidate.

#### Police Probe Fire Causing \$75,000 Loss to Theater at Anamosa

ANAMOSA, Aug. 6 (AP)— Authorities were investigating the origin of a fire which destroyed the Grand Opera house building today with an estimated loss of \$75,000.

Charles Niles, operator of a theater located in the building, was said to have found some oil soaked cans in the structure a few days ago.

In addition to the theater the building housed a dry goods store, jewelry concern and a number of offices. Niles said the loss was partially covered by insurance and the building will be rebuilt.

#### Music Accompanies Prof. Treat's Talk on Military Band

Accompanying his talk with recordings of band music, Ascher Treat, visiting lecturer in music, of New York City, spoke on "The modern military band" in the fourth of a series of music lectures yesterday afternoon.

He traced the history of military musical organizations from the time of the Turkish bands to those of the Irish band, the Scottish bagpipes, and a brass and wood wind group which corresponded with some of the earlier types of such bands.

The series will be continued by H. Charles Stump, of Morgantown, W. Va., who gives two talks next week on wood wind instruments.

#### County Roads Get \$35,333 Spent in July

Johnson county spent \$35,333.10 on county roads during the month of July.

This statement is included in a report to County Treasurer C. L. Berry to County Auditor Ed. Sulek which contains an itemized account of expenditures during the month on county roads. Expenditures, according to the report, were as follows: second road maintenance, \$13,542.74; local county road construction, \$11,999.52; county road bond fund, \$9,589.68; county trunk construction, \$201.16.

Disbursements during the month by the treasurer include: total figure of face warrants paid, \$51,049.63; miscellaneous payments totaled \$53,851.34. Johnson county schools were paid \$18,239.14 as shares in July taxes.

Regular taxes collected, according to the report, totaled \$9,865.21. Special assessments collected totaled \$3,300.77 and miscellaneous collections, \$14,199.90.

#### Heat Wave Continues

Iowa City's current heat wave continued with yesterday's high recording of 94. The thermometer registered 74 at 7 a.m., and 89 at 7 p.m. The lowest temperature recorded for Wednesday night was 69.

#### Supply Bonds for Release of County Agent

DUBUQUE, Aug. 6 (AP)— Friends today furnished \$10,000 bonds to secure the release of Joseph A. Clark, Dubuque county treasurer who was charged with embezzling \$17,800 from county funds.

Upon being released from the county jail Clark tendered his resignation from office. It was expected that a successor would be named shortly.

Charges were filed against Clark today after a conference between County Attorney J. J. Kintzinger and representatives of the state auditor's office who were sent here to examine the county books.

Friends of Clark made an effort to raise the \$17,800 necessary to cover the alleged shortage but were unable to do so. The treasurer was deprived of his authority Monday after the alleged shortage was discovered.

#### Change Place of Adams Rites

Funeral service for Frank Adams, 721 Grant street, who died Wednesday night, will be held this afternoon at 2 o'clock from the Oathout chapel under the direction of the Rev. C. C. Garrigues, instead of from the home, as previously announced.

#### Police Hold Four Iowans in Rooming House Investigation

ST. JOSEPH, Mo., Aug. 6 (AP)— Herman Richey, 29, Quincy, Ill., suffering from three bullet wounds, was held here today with two women and a man companion.

The four were arrested for investigation in a rooming house here by a squad of five detectives.

Richey had been shot in the left calf, left shoulder and right hand. Police said the wounds were only a few days old.

The others gave their names as Velma Richey, Davenport, Ia., wife of the wounded man; Everett Ross, 32, of 312 Broadway, Muscatine, Ia., and Mrs. Lois Ross, his wife.

#### Bank Robbers Get 10 to 50 Years in Pen

PRATT, Kans., Aug. 6 (AP)— Wesley F. Baner, 25, Beggs, Okla., Glen C. Hobbs, 28, Pawhuska, Okla., and Robert R. Dean, 37, Milo, Ia., who confessed robbing the Iuka, Kan., state bank, were sentenced to serve from 10 to 50 years in the state penitentiary today.

Between \$12,000 and \$13,000 in registered bonds taken from the bank in the robbery were recovered yesterday by Pratt county officers along the highway 10 miles from Cedarvale. The bandits were arrested in Kansas City.

#### Reuter Case Dismissed

Edward B. Reuter, who pleaded not guilty Monday to a charge of reckless driving, was dismissed yesterday afternoon after a hearing before Police Judge Charles L. Zager at 2 p.m. Reuter was defended by Attorney Ingalls Swisher.

Dr. and Mrs. Jay Mariner, 114 N. Dodge street, have moved to Rockford, where Dr. Mariner has taken over the dental practice of Dr. C. R. Heiny.

#### Local Social Service Aids 100 Families

Iowa City Social Service league served 100 families during the month of July, according to the monthly report of Alberta M. Donohue, secretary of the organization.

The report itemizes the following cases: 76 cases carried over from June; eight old cases reopened, and 15 new cases. Relief cases numbered 66, 53 were county cases and 13 were private cases. Four out of town inquiries were handled last month, 35 service cases, 23 transient cases and seven non-resident cases.

Social work activities were reported as follows: Home calls, 79; reference calls, 45; office interviews, 23; telephone calls, 396; letters written, 24; and letters received 20.
