## Indiana Defeats Chicago 6 to 0 in Charity Final

### Iowans Bow to Stagmen 7-0 in Prelim

### Eighty Yard Return of Punt Brings Loss to Hawkeys

CHICAGO, Nov. 26 (AP)—The tournament of the losers wound up in a 6 to 0 triumph for Indiana over Chicago.

The Hoosiers and the Maroons played Illinois and Iowa, all trailers in the Western conference championship race, today in the strangest football spectacle ever offered in the Big Ten. The proceeds went to charity. Only about 8,000 spectators turned out for the Thanksgiving football festival, with receipts around \$16,000. As a result, about \$15,000 will go to the governor's relief funds in the seven states comprising the Western conference territory.

Iowa City's interest in the charity tournament yesterday at Chicago was manifested by the many telephone inquiries. The Daily Iowan answered more than 900 such calls yesterday afternoon and evening.

Under the conditions of this unique round robin tournament Indiana was thrown into the field with Illinois, while Chicago was matched with Iowa. These teams played two periods with the winners meeting in another two period game for the tournament championship, the only title any of the contestants had a chance to win this season.

Indiana was the first to emerge triumphant, winning the decision over Illinois, although neither team scored. The Hoosiers however, were awarded the verdict on a basis of having registered eight first downs to four for the Illini.

Chicago, battled Iowa in the real thriller of the afternoon, with Chicago snatching a 7 to 0 victory. The crippled, but game crew of Maroons seized the advantage of a break five minutes after their second period started. The Hawkeys had been shoved back to their own 35 yard line, forcing Kirz to punt.

The ball dropped into the arms of Pete Zimmerman, who was standing on Chicago's 20 yard line. The Maroon's right halfback snatched the ball, darted first one way and then the other, and finally finding a clear path ahead of him dashed on for 80 yards and a touchdown. Hamburg kicked the extra point from placement, giving the Maroons a 7 to 0 triumph.

Maroons Outplay Hoosiers  
The Maroons, although beaten by Indiana, outplayed the Hoosiers, registering six first downs to four for the invaders. After Indiana had scored Chicago rushed the ball to Indiana's 2 yard line on spectacular runs by Sahlin, Stagg and Zimmer, but a fumble ruined the golden chance of the Maroons to win or at least tie the score. With less than two yards to go, Vin Sahlin, Chicago halfback, who was about to become a Chicago hero rumbled the ball in the fierce charging of Indiana's line in the attempt to go over for a touchdown.

Indiana scored early in the first period, after one drive had been turned back. Sahlin punted to his own 28 yard line and the first play Stanley Saluski, Indiana's right halfback, smashed through center then reversed going to the right side of his own line for a 28 yard gallop and a touchdown. Cassels of the Maroons leaped into the air to block Edmond's kick for goal. Today's victory was the second the Hoosiers have scored over Chicago, winning in the regular season by the score of 32 to 6.

### Police Think Party Papers Treasonable

BERLIN, Nov. 26 (AP)—Police at Dakinstad announced today they had seized documents of a highly treasonable character in the homes of national socialist leaders in Hesse and tonight the whole country was in a state of high excitement comparable to that in England after publication of the Zinovieff letters in 1927.

The national socialists assert that the documents are forgeries and that the party knew nothing at all about them until police announced their discovery.

One version was that the documents outlined a plan of campaign to be adopted when the party comes into power. It calls for confiscation of foodstuffs, establishment of public kitchens, confiscation of private property and compulsory labor for all hostile Germans above the age of 16.

### Authority Hopes for English Language in U. S. Despite Slang

MILWAUKEE, Nov. 26 (AP)—There is hope for the English language in America, despite its present handicap of "and how," "oh, yeah" and "hot dog" expressions, Dr. Clarence Stratton, director of English at Cleveland, Ohio, and nationally known authority on the subject, told the national council of teachers of English here today.

"I don't mind slang at all, unless it is used in excess," Dr. Stratton said, "or unless it develops a mental laziness that prevents acquisition of good English."

"As a matter of fact, we Americans use comparatively little slang," he said. "The English language, or Cockney English, easily outdo American in volume and color of slang expressions."

### River Stage Rises Above Flood Level

Sets New November High Mark of 8.9 Feet

Flood waters from tributaries near Marshalltown and other points upstream set a new high water peak of Iowa river for the month of November yesterday. The reading at 10 p.m. last night was 8.9 feet and the pencil on the gauge was still moving upwards indicating that by morning the reading would be well over nine feet.

Flood stage for the river here is eight feet and this reading shows that the water is almost a foot over that mark.

New Flow Record  
The former record for the month of November on the books in the hydraulics laboratory is a flow of 6,507 cubic feet a second which was established on Nov. 13, 1919. The new record, as of 10 p.m. last night, is 7,100 cubic feet a second and is likely to fall today if the river keeps rising as it did yesterday.

Indications Wednesday afternoon were that the river would keep on rising and a sudden onrush of the flood waters caused it to rise late Wednesday night. A steady rise all day yesterday culminated in the new peak last night.

Apparatus Submerged  
Construction apparatus which was being used in the extension of the channels for the hydraulics laboratory was five feet under water last night.

Debris and logs from upriver were being dashed against the dam as churning eddies in the swollen river caught them before the current could take them downstream.

### Other Rivers Lower in Iowa

DES MOINES, Nov. 26 (AP)—Weathermen here today offered an Friday's probable weather menu showing rising temperatures and snow or rain in Iowa.

While a low pressure area centered at Flagstaff, Ariz., was carrying northward snow and rain, flood waters of several Iowa rivers were abating.

Cedar High at Waterloo  
Several families in Sherwood park, Waterloo, were forced to move from their homes because of the level of the Cedar river at 15 feet 9 inches, three feet four inches above normal. The Des Moines river at Tracy stood at 16.5 feet this morning, but was due to recede. At Ottumwa the stream was at a 12.2 foot level. The Raccoon river was falling.

### Cole Begins Attack Again

Demands Brookhart to Disclose Content of Letter

WASHINGTON, Nov. 26 (AP)—The intra-Iowa Republican battle of Cole versus Brookhart was resumed today with the former once more on the attack.

Representative Cole demanded again that Senator Brookhart make public correspondence he had with William Hale Thompson, former mayor of Chicago, in reference to an Illinois-Iowa alliance to support Senator Hiram Johnson for the presidency.

Brookhart Replies  
"You attempted to cover up your declination to publish it in voluminous vituperation, trying to make me instead of your unpublished letter the issue," Cole said.

His original demand was described by Brookhart as "insulting and discourteous." The senator attributed Cole's interest to influence by "the Wall street crowd" and asked "did Andy Mellon or Bob Lucas (executive director of the Republican national committee) tell you to do it?"

### LEAGUE COUNCIL MULLS OVER "WAR"

Inaugurating one of the most delicately ticklish sessions it has ever held, the League of Nations council, under the leadership of Aristide Briand of France, had just convened in Paris for discussions of the Manchuria crisis as this picture was taken of the opening deliberations. One of the latest proposals of the council to halt the unofficial but distinctly deadly war between China and Japan is that a neutral commission of inquiry investigate conditions in Manchuria with the possible evacuation of Japanese troops. Briand is indicated by arrow. To his right, seated at table, are left to right, Sir Eric Drummond, of England; Sir John Simon, British secretary of state and foreign affairs, and Mr. Yoshizawa, Japanese ambassador to Paris and chief of the Nippon delegation.

### Hoovers Have Restful Day

Ideal Weather Greets Officialdom on Holiday

WASHINGTON, Nov. 26 (AP)—The weather did its part today to make President Hoover's Thanksgiving and that of the capital approximate the tradition which surrounds the holiday.

From unusual warmth the air turned sharp and brisk under a bright sun.

A turkey on a table was the symbol of the day and the majority of the officials stayed at home to enjoy it. Governmental business halted almost entirely.

### Church, Turkey Dinner

The president and Mrs. Hoover followed it to the extent of church in the morning and turkey dinner at the White House.

There were two dinners, however, one at noon and one in the evening. The president and Mrs. Hoover went in the morning to the church of the Covenant instead of to a Friends meeting house, their usual place of worship.

They bowed their heads with congregation in Thanksgiving prayer and listened to the Rev. Albert I. McCartney say the day was one in which to "manifest brotherhood" and this goes for politics and statesmanship as well.

Before sitting down to eat, the president had given for meals for the jobless a large part of 40 bushels of Maine potatoes recently brought here in an ox cart.

### Man Falls on Ice; Drops Stolen Jewels

KANSAS CITY, Nov. 26 (AP)—Fred Kolachowsky, 21, slipped and fell on a snow covered sidewalk today, accidentally dumping from his hand a bag of jewelry identified as loot taken in a series of burglaries.

Arresting officers said Kolachowsky confessed to burglaries since his arrival here six weeks ago after escaping from the Ohio state reformatory at Mansfield. The prisoner will be prosecuted here.

street who might advise him, Cole said.

"The 'financial crowd' and Wall street are merely your own obsessions, a sort of lunatic fringe with which you can whip yourself into a passion. A bogey which you have paraded all your political life."

He added that had he felt the necessity of consulting anyone, "I would have chosen Andrew W. Mellon rather than William Hale Thompson."

### Governor Emerson Stays Bell Execution During Last Moment

CHICAGO, Nov. 26 (AP)—For the second time in a period of two months, Frank Bell was snatched from the electric chair a few minutes before the time set for execution, when his attorneys secured a 30 day stay late tonight from Gov. Louis Emerson.

### Alabama Governor Gives Paroles to Men

MONTGOMERY, Ala., Nov. 26 (AP)—Staked by the state to \$10 apiece and new clothing, 65 convicts with meritorious records stepped from the shadows of Alabama prison walls today into the bright sunlight of Thanksgiving day with the admonition of a governor to "make good citizens."

"Touched by the spirit of the holiday, Governor B. M. Miller signed paroles for these prisoners whose records were shown to be 'excellent' and with the break of dawn, the gates swung open and they were away to their new freedom.

One of the convicts, an aged Negro trusty at the state capitol, was so overcome by the good news he broke down and wept for joy. The convicts went away rejoicing, some to be greeted by relatives and friends and taken home to a turkey dinner.

### Major Butler Hears of Moving Tablet From Washington

PHILADELPHIA, Nov. 26 (AP)—Back home from a speaking tour and in excellent health, Major General Smedley D. Butler, formerly of the marine corps, chucked today when informed a tablet commemorating his service as public safety director here had been removed from the navy building in Washington to the marine barracks at Quantico, Va.

### Man Falls on Ice; Drops Stolen Jewels

"Could anyone ask for a better break than that?" The general chuckled. "It appears to be only further proof of my charges the swivel-chair admirals are doing all they can to subordinate the marine corps."

### Man Falls on Ice; Drops Stolen Jewels

Funds for the tablet were provided by friends of law enforcement in Philadelphia. It was placed on a wall in the Navy building about four years ago. General Butler was commandant of the marine barracks at Quantico when he retired Oct. 1.

### Demos Plan Party Control

Garner of Texas Gets Party Support for Speaker

WASHINGTON, Nov. 26 (AP)—In accord on their organization program, the Democrats have laid plans to assume control of the incoming house.

Representative Garner of Texas has the unanimous support of the party membership of 218 for speaker. Representative Rainey of Illinois appears to have clinched the second most important post-floor leader.

### Planned to Kill Self

As he arose after saying he was through, Campbell pulled a revolver, a .32-20 caliber, from his right rear pocket. He maintains that it was his purpose to kill himself but that, although he could not accurately describe what happened, the gun accidentally went off. He maintained last night to only hearing the report of one discharge. The body of Miss Gross had two bullet holes, one directly over the heart and the second two inches higher.

When Miss Gross fell, Campbell states that he ran through the house and out the front door. He asserts that he walked aimlessly until the time he decided to call the sheriff. Persons who saw him after the shooting said that he ran south from the house onto a spur line of the Rock Island railroad and south across the railroad bridge towards the hills. In order to get to the Corralville station he must have circled back north, then he went side of the river, entering Corralville from the south.

### Police Seek Two 15 Year Old Boys

### Negro Maid Fatally Shot in Argument

Disappointed by her evasion of his attentions, James S. "Slim" Campbell, forty-five year old Negro boot-black, yesterday afternoon shot and killed Annabelle Gross, 32, also colored, at 916 Maiden Lane, the home of her brother-in-law, Office Trooper. He fled after the shooting, to be captured three hours later shortly after entering the Standard Oil service station at Coralville and asking the attendants to call the sheriff so he could surrender himself. The killing occurred at 3:15 p.m. and the arrest was made at 6:15 p.m.

### Police Nab Campbell Three Hours After Firing Shots

Both Worked in City  
According to Campbell's confession after his arrest, he had been going with Miss Gross for several months. She was doing maid work at 122 E. Church street, where she roomed. Campbell, who worked in Winter's barber shop, met her last summer.

Campbell told police last night that he had gone to the Trooper home sometime around 3 p.m. He entered by the rear door and got Miss Gross who was in the front room, to come out to the rear porch bedroom. They sat on a bed while Campbell tried to persuade the girl to come to his room at the Williams Hotel, 914 S. Dubuque street. She refused, saying she was ill. According to Campbell, he then told her that he was through with her. He was confused as to exact details of the tragedy, admitting that he had been drinking heavily before going to Trooper's and that he took a bottle with him to the house and drank while talking with the woman.

### Negro Maid Fatally Shot in Argument

Trooper, when questioned, told police that Campbell and Miss Gross had quarreled on many occasions. Campbell denied being jealous, claiming that he was only disappointed and not angered by her refusal to accompany him yesterday.

Delay Notifying Police  
The police were not notified of the murder until three-quarters of an hour after it happened. Explanation of the delay was that Jack Covington, 514 S. Linn street, who was in the Trooper home at the time of the shooting, but did not witness it, was so dazed by the murder that he did not think to inform the police. After Campbell fled, Covington says that he went to the kitchen where he saw the body of Miss Gross lying on the floor. He immediately rushed from the house and hurried to Iowa field where Trooper and his wife were watching the college football game. There he went to the Troopers and Lewis Goodwin, Campbell's roommate at the Williams hotel and the four went back to Trooper's house in Goodwin's car. When they found that the woman was beyond help, they called police.

### Negro Maid Fatally Shot in Argument

Officers immediately began a hunt for the killer. Chief of Police Frank Smith and Officers Wesley Sedvick and Garrett Byrnes swung out past Corralville in their search. At the station Chief Smith interviewed the attendants to be on the lookout for Campbell and came face to face with the killer. He offered no resistance to arrest and Station Attendants Dean Jones and Henry Fairchild said that he had asked them to inform the sheriff of his whereabouts, saying that he could escape but that he thought it was best to give himself up as the officers would get him eventually.

### Negro Maid Fatally Shot in Argument

When searched, Campbell did not have the gun with which he had been playing and he afterwards denied knowing where or when he had disposed of it. While enroute back to the city he asked about Miss Gross and momentarily collapsed when informed that she was dead.

### French Chamber Votes Confidence in Premier Laval

PARIS, Nov. 27 (Friday) (AP)—The chamber of deputies voted confidence in the government by 325 to 240 this morning after a lengthy debate in which the foreign policy of Premier Laval and his trip to the United States were exhaustively discussed.

In the course of the debate the premier declared his government had refused to entertain any proposal linking German private debts with the program of the bank of international settlements committee which is to examine Germany's capacity to pay reparations under the Young plan.

Leon Blum, socialist deputy, had advocated that German private debts be connected with other questions before the committee. The premier brought him up short by declaring such private debts must be settled directly between debtors and creditors.

### A GLANCE AT Oriental Conflict

(By The Associated Press)  
Tientsin was in uproar today as fighting started again between the Chinese and Japanese. Rifles, machine guns and light artillery were used by the combatants and it was reported the Italian garrison went into action after the battle's conclusion had been announced.

The new outbreak, coming when hopes had been raised that a formula of peace had been found, was considered so serious in Tokyo that the military authorities decided to rush reinforcements to Tientsin.

The Japanese cabinet met in extraordinary session to determine whether to approve the war office's decision.

Other important developments in the Manchurian conflict were: MUKDEN—Heavy fighting was reported between Japanese regulars and Chinese "bandits" at Ping Lohu, 10 miles from Mukden. Yuan Chinwalk, head of the new Mukden government, advocated creation of a "Kingdom of Manchuria" under the former emperor, Henry Pu-Yi.

PEIPING—Japanese troops, assisted by light artillery and machine guns, went into action at Tientsin when gunmen appeared near foreign concession. (The Tokyo war office said the Chinese attack of the Japanese concession at Tientsin, using artillery and machine guns.)

PARIS—Japanese and Chinese delegates accepted with reservations and as a basis for future discussion the League of Nations proposals to restore peace in Manchuria.

CHINCHOW—General Yung Chen prepared to defend the city against Japanese reported advancing south from Mukden. His force numbered not more than 30,000, he told American military observers.

### Stimson Keeps Pulse on Situation

WASHINGTON, Nov. 26 (AP)—A holiday for most Americans was any other day of anxious concentration upon Chinese-Japanese affairs for Secretary Stimson and other state department officials.

Fearful of a possible spasm which might disrupt progress toward peace, they divided their attention between military developments in the far east and negotiations of the League of Nations council in Paris.

Reports during the day from Ambassador Daves on the council's latest peace plan involving neutral conciliation raised hopes here that a cessation of hostilities was in sight. Secretary Stimson scanned closely, however, all available reports of military movements in the vicinity of Chinchow. A conflict there between China and Japan was believed to hold dangerous potentialities.

## Whites Carry Aid to Indians

### Men Fight Cold, Snow to Relieve Redmen in Starvation

GALLUP, N. M., Nov. 24 (AP)—Thanksgiving history was reversed tonight as white men joined in fighting snow drifts and bitter cold in an effort to carry food to about 1,300 Indians, near starvation on high mesas 70 miles south of Gallup.

On the eve of the anniversary of the first Thanksgiving, celebrated by the pilgrim fathers and friendly redmen, marooned by an unusually Indian nut pickers reached Zuni, N. M., with the story of the plight of their companions.

The Indians sought the aid of white men in authority in carrying succor to Navajo and Zuni tribesmen, marooned by an unusually severe storm. Food supplies of the nut gatherers were low.

Fifty horsemen carrying food were dispatched to the relief of the Indians. The fate of three white men was in doubt.

Four searching parties left Gallup today to search the Thoreau area east of here for United States Deputy Marshal Dan Padilla of Albuquerque and former Sheriff A. J. Crockett of Gallup.

Fears were expressed for the safety of Jake Barth of St. Johns, Ariz., a member of the Arizona state highway commission who had gone from St. Johns to meet Padilla to accompany him on a legal mission to an isolated sheep camp.

## 8 Persons Injured in Triple Collision of Speeding Cars

CHICAGO, Nov. 26 (AP)—A speeding fire department ambulance, rushing four injured persons to a hospital, was wrecked today when it figured in a triple collision with two private automobiles, both of which, police said, were going at high speed.

Eight persons besides the passengers in the ambulance were injured. The collision occurred as

### Miner Tells Inside Story

#### Oaths Signe din Blood, Whippings, Told by Witness

MT. STERLING, Ky., Nov. 26 (AP)—A story of striking miners' meetings where oaths were signed in blood and men who refused to go on certain missions turned their faces to the walls so as not to recognize those who volunteered, was related by a prosecution witness here today in the trial of W. B. Jones.

Charges that men were whipped for working after the strike also were brought into the testimony.

#### Miner Testifies

J. M. Cawood, 39, who said he was employed by the Black Mountain Coal corporation in Harlan county, testified that at one meeting after the strike called in protest against wage cuts last spring, a man named Charlie Carpenter was brought in and three switches were worn out upon him, because he had been accused of working in violation of the strike order.

At another meeting, Cawood said, he heard Jones say his "happiest day" would be when he could "walk through the blood of Jim Daniels and E. N. Childers." Jones is on trial charged with murder of Daniels, a deputy sheriff, who was killed in the Evans clash. Childers is superintendent of the Black Mountain Coal corporation mine, and was a witness today.

Charges that deputy sheriffs wore metal breastplates and that they should be shot in the head also were described to Jones.

#### Pantages Trial Jury Investigates Truth of Witness' Testimony

LOS ANGELES, Nov. 26 (AP)—A member of the jury considering the charges of criminal attack made against Alexander Pantages, vaudeville impresario, indicated to the court today that the jurors were deadlocked on the question of the credibility of witnesses.

Shortly after the jurors went to their chambers they asked permission to return to court and refresh their memories on the testimony of certain witnesses. The court consented.

Asked what testimony they wished to hear, Newell J. Morehouse arose and said:

"All we really want is to have read the evidence discrediting the testimony of the prosecutrix and the evidence discrediting the testimony of the defendant."

#### Bernard Shaw Bids Adieu to Socialists; Lauds Communism

LONDON, Nov. 26 (AP)—George Bernard Shaw tonight preached an eloquent funeral oration on socialism.

In his annual address before the Fabian society, the Inner Circle of Intellectual Socialists in England, of whom Shaw has been the high priest for many years, he declared there was nothing left save for the Fabians to call themselves communists.

"You are either communists or you are what Ramsay MacDonald and Viscount Snowden are — whatever that is," Shaw said.

"Communism is a force which will be set up against capitalism. There is nothing left of Bolshevism, collectivism, anarchism or class war. Only communism remains."

After all, Shaw said, Russian communism was nothing more than the program the Fabians had been preaching for 40 years.

#### Diet Approval to Decide Finland's Prohibition Action

HELSINGFORS, Finland, Nov. 26 (AP)—Finland will vote Dec. 30 in a prohibition referendum if the diet approves a measure to be presented Tuesday by the cabinet.

This is the result of agitation over a period of months during which a government commission investigated prohibition enforcement, recommending lifting of restrictions on wines up to 12 per cent alcoholic content and beer of 3.2 per cent.

Prohibition is 13 years old in Finland and its opponents have waged a persistent fight. Government figures showed the confiscation of 25,000 gallons of smuggled liquor in 10 months of this year, and government estimates placed that amount as about one-tenth the total illicit importations.

#### Hoover Comments Arkansans on Rally From Drought, Flood

LITTLE ROCK, Ark., Nov. 26 (AP)—President Hoover, who was intimately connected with drought relief work in Arkansas last year and with flood relief in 1927, participated today in a Thanksgiving celebration of the state's "remarkable recovery."

Through the voice of his personal friend, Harvey Couch, who was associated with him in the flood relief work, the president expressed to the people of the state his "appreciation for this exemplification of the spirit of our people."

Marriage Licenses Decrease MARENGO, Nov. 26 (AP)—Iowa's new marriage law requiring filing of notice five days before issuance of the license has decreased the number of licenses 48 per cent in Iowa county. Fifty-three were issued from July 1, 1930, to Nov. 20, 1930, as compared to 28 during the same period this year.

Woman Bowls 300 DAVENPORT, (AP)—Mrs. Frank Abbott bowled 300 in one game, the first time a woman has done so here in league competition, and totaled 709 pins in a three-game series.

### Three Youthful Gem Robbery Suspects Captured by Police

CHICAGO, Nov. 26 (AP)—Frank Tufano, 22, said by police to be a leader of the west side "42" gang, and two of his companions were seized by police today as suspects in a \$150,000 gem robbery last Saturday night.

Tufano, Mike Tortorello, 25, of Madison, Wis., and Carlo Caliano, 26, started to flee when they saw Policeman Edward Tighe draw his pistol.

Tighe fired several shots and Tufano fell to the sidewalk shouting his surrender. The others escaped but were caught later. Taken to a police station, Tufano asserted his innocence of the robbery of several socially prominent persons last Saturday night at the Lake Forest home of William H. Mitchell. The loot of the robbery, however, was dropped by the bandits and recovered.

Charges that men were whipped for working after the strike also were brought into the testimony.

#### Report Tom Mix Slightly Improved

HOLLYWOOD, Cal., Nov. 26 (AP)—A cheering report of improvement, slight but noticeable, in the condition of Tom Mix, star of the screen and circus, came today from the hospital where the famous cowboy lies dangerously ill from peritonitis.

An attending physician said tubes had been inserted to relieve gas pressure and that "some improvement resulted." However, the three surgeons at the bedside expected that Mix yet had to pass the crisis, which, they believed, would come Friday night or Saturday morning.

### Walker Will Ask Pardon for Mooney

SAN FRANCISCO, Nov. 26 (AP)—When Mayor James J. Walker of New York presents an application for pardon of Tom Mooney to Gov. James Rolph, Jr., next Tuesday, he will be supported by "the only complete record of the case in existence."

Frank P. Walsh, Mooney's senior counsel, said today "we have the only complete record, every affidavit, the result of every investigation, every document bearing on the case, good, bad, or indifferent."

Walker disclosed that for the purpose of preparing himself for the part he is to play in the effort to free Mooney, convicted of murder for an alleged part in the bombing

of a preparedness parade in San Francisco, in July, 1916, he and Walsh have been enacting parts as they studied the record.

The mayor said he in effect had placed himself in the position of the judge, or in this case the governor acting as a judicial officer, and as he went along placed his finger on questions he would wish answered if he were on the other side of the bench. He then "fired these questions" at Walsh, who has been Mooney's attorney for 13 years.

"Thus far, Frank has answered them all," said the mayor.

#### Attorney Discusses Bovine T. B. Test

OSKALOOSA, Nov. 26 (AP)—Alford A. Bishop, Cleveland attorney representing the National Farmers Protective association in eastern Iowa, met today with a group of Iowa farmers to discuss steps in combat-

ting the compulsory bovine tuberculosis act.

Bishop said he would appear at the trial of Jake Lenker and other Cedar county farmers at Tipton Friday on charges brought in connection with their opposition to the tests.

#### Steamer Brings in Surviving Members of Schooner Crew

DEIGBY, N. S., Nov. 26 (AP)—With six survivors of the Gloucester schooner "Edith and Ellen," which she rammed in a fog bank off Bancro Light last night, the steamer "Gypsum Prince" was nearing Deep Brook, early tonight.

The steamer cruised around the scene of the accident until daybreak without finding trace of others of the fishing schooner's crew

believed to have gone down with their ship.

The bow of the steamer was damaged in the collision, but Captain George Gee reported it was not dangerous.

The "Gypsum Prince" has on board Captain Simon Therault, Engineer Manley Goodick, Alec Stack, Paul Amitts, Oscar Levedere and Jim Powers.

The missing were given as Bradford Whynot, Earnest Gillen, Joseph Rose, Gus Foley, James Brothers and Youlle Lovance.

#### Four Hurt in Car Crash

DES MOINES, (AP)—Geraldine McNecley and Joseph Lucchini, 29, of Des Moines were seriously hurt in an automobile accident. Mrs. Ross Hansel and Mrs. E. B. Martindale of Kansas City were less seriously injured. Police said their car struck a road fixture.

### Grandi Says Peace Plan Only Approach to Economic Relief

NEW YORK, Nov. 26 (AP)—Hope for the world to start laying down arms finds "much encouragement" in America's support, Dino Grandi, Italian foreign minister, told the foreign policy association today.

In an address, broadcast by radio, Signor Grandi declared that the world's pledge to disarm, implied in the peace treaties, must be fulfilled because it is "inconceivable" that the vanquished nations of the World War should remain "tied" while the victors had unrestricted freedom to increase military strength.

The foreign minister, a vigorous young war hero and right hand man of Mussolini, pleaded the cause of peace and justice, among nations as the only approach to solution of world economic and financial troubles.

### 4-H Clubs Choose Outstanding Member

CHICAGO, Nov. 26 (AP)—Carl Oldham, 19, of Charlottesville, Ind., is the new "prince" of junior animal husbandmen, the national committee on boys' and girls' club work announced today. He will be awarded a \$300 agricultural college scholarship.

Oldham was chosen the national winner in the contest conducted by 4-H clubs to pick America's most outstanding livestock club members.

"You needn't tell me — I know Camel is the fresh cigarette!"

# Milder

## because they're fresh

### CAMELS are never parched or toasted!

FOLKS who smoke really fresh cigarettes made from choice sun-ripened tobaccos never have to give a thought to their throats.

That's because such fresh cigarettes retain natural moisture — and are gratefully smooth, cool, throat-friendly, mild.

Camels are the fresh cigarette — everyone knows that now — they're blended from the finest Turkish and mild Domestic tobaccos that money and skill can buy.

We would never dream of parching or toasting these choice sun-ripened tobaccos — that would only drive off or destroy the natural moisture that makes Camels fresh in nature's own mild way.

The Camel Humidor Pack protects a fine cigarette fresh with natural moisture — it could do little or nothing to freshen a cigarette that is dried-out or factory-stale.

If you smoke for pleasure, see for yourself what freshness means in mildness and flavor — switch to Camels for just one day — then leave them, if you can!

Man Made Oases

THIS YEAR the subcommittee of the house of representatives on appropriations for the interior department spent several months investigating 20 federal irrigation projects in the west, some of which were completed, others under construction, and several proposed.

Only recently the city of Los Angeles voted for the construction of an aqueduct to link the city with the great Colorado dam project that its citizens might benefit from a vast water reservoir never to be emptied.

Just what the Hoover dam project will mean to the arid regions of the west is difficult to imagine. Federal statistics show clearly that the operation of the Grand Valley project and others have accomplished through the irrigation of arid states.

Results of the federal reclamation policy as found by the committee show that the area irrigated in 1930 with water from government works was 2,790,865 acres, and the area cropped was 2,805,460 acres, producing crops valued at \$119,661,820.

The collapse of the west, threatened by a decline in mining, was averted by the growth of irrigated farming. In 1900 the gold and silver output in Colorado was \$50,000,000; in 1930 it had shrunk to \$6,000,000.

Well, we hope he was right. We don't know what statistics reveal, but our guess is that those convicts, many of whom have spent more than 10 years behind the bars, went back in the world new men.

In New Mexico, Thanksgiving history was turned about as white men fought snow drifts and subzero weather in an effort to carry food to 1,300 Indians, near starvation.

Just a queer trick of fate, Missus Zlich. It was the other way around, the Indians would probably have done the same, except that they'd have felt lots better about it.

One of the best we have read was contained in a recent Associated Press story about Eddie Cantor and George Jessel, screen and stage stars.

Eddie, it seems, has an interest in a fish market; gets \$1 for every word he writes; never can say "no"; refuses to stay around if anyone smokes, and writes advertising slogans as a hobby.

George has read all Nietzsche's works but cannot spell the philosopher's name; gets three neckties a day as a present from Cantor; tries to make people think he is 10 years older than he is, and refuses to stay around when anyone takes medicine.

Jessel's favorite offstage stunt is to grab Cantor by the shoulder when he is talking seriously to someone, point to a deep scar on his forehead and say: "Eddie used to be superstitious, but not any more. One day he bent over to pick up a lucky pin. A horse kicked him, there's the scar. And the horse is still ailing, isn't it, Eddie?"

All of which leads us to believe that Eddie and George aren't much different from Thomas, Richard, or Harry, except that the latter three would probably never think of throwing a new pair of shoes out of the window because the laces were knotted.

On the heels of the acquittal of the two former deputy sheriffs in the case of two Mexican students killed at Ardmore, Okla., last June, comes a dispatch from Mexico that says that government will seek damages against the United States.

But Governor William H. Murray isn't going to settle for any international claims commission to wait up. Yesterday he declared his intentions of paying \$5,000 to each of the bereaved families, from the state's funds, of course.

At a meeting of the French chamber of deputies yesterday, Premier Laval discussed his recent trip to Washington and his chats with President Hoover.

"They no longer think over there," he said, "that France wants to dominate other peoples. They know what sacrifices we have made on behalf of disarmament. They don't suspect us any longer, for they know that France is thinking only of maintaining her own security."

Hmm! Is that so? S'funny, he didn't ask us anything about it.

PERHAPS BOYHOOD ambitions were realized by Walter Walinski, clerk in a Chicago chain store operated by his father, when he gained a position on the Chicago detective force.

But for Walinski, the amateur detective, the dream came true. When George Pappas, 1235 Harrison street, and Ralph Coleman, 3304 Adams street, were arraigned before Judge Alf M. Eberhardt of the Chicago felony court, and identified as the two men who robbed two chain stores last Friday, it was directly due to the sleuthing of the young grocer's clerk.

Pre-Freshmen

Dartmouth is trying the experiment of admitting 20 students of unusual promise a full year before they are to begin their freshman year, so that with the assurance of being admitted, they may spend their last year at school more profitably than heretofore.

This is a commendable attempt to redeem the freshman year of the aimlessness that too often characterizes it, to make it count as one of the four mature college years rather than as a painful period of adaptation.

If the Dartmouth experiment succeeds, it will be like adding a year to a man's life. But it must be remembered that the success of 20 dean-picked men is no proof that schoolboys at large are not better off with the sobering sword of the board examinations hanging above their heads.

TODAY'S TOPICS

By FRANK JAFFE

Governor Miller of Alabama seemed to have had the right spirit yesterday when he signed paroles for 65 convicts at the state prison, gave them \$10 apiece and new clothing, and sent them home for Thanksgiving.

"Because it was Thanksgiving day I felt urged to help those prisoners who were deserving," said the governor. "I believe they will make good citizens and will deserve my confidence in them."

Well, we hope he was right. We don't know what statistics reveal, but our guess is that those convicts, many of whom have spent more than 10 years behind the bars, went back in the world new men.

Expansion of Yesterday's Cartoon: The turkey should be the U. S. emblem. Benjamin Franklin, probably the most learned American of his time, was a staunch advocate of the turkey as the emblem of the United States in preference to the bald eagle, and he was greatly gratified when, after adoption of the eagle by congress he was shown a poor reproduction of the turkey in his letter dated Passy, January 26, 1784, which he addressed to Mrs. Sarah Bache, he comments on it with the words "I am on this account not displeased that the figure is not known as a bald eagle as it looks more like a turkey." Behind the Scenes in Hollywood

By HARRISON CARROLL

HOLLYWOOD, Cal.—Another Hollywood celebrity who will spend Christmas in Europe is Adolphe Menjou. He left here Saturday night, destination London, where he will appear in Fred Niblo's talkie for British International, Adolphe's last few days here were hectic. He worked till late Friday night finishing his part in Ann Harding's picture, and spent most of Saturday with his tailor—the same tailor, incidentally, who has made all his clothes ever since he has been in pictures.

Preview manners call for all the players to be yessed by their friends. Cecelia Parker says she got a bad break. Attending a preview of her first picture, "The Rainbow Trail," she sat in front of two high school girls. After the picture was over, one of them said: "Wasn't that girl beautiful?" "Yeah," said the other, "and dumb."

THEY ARE SAYING

Mrs. Maurice Chevalier is redecorating the family villa at Cannes, but expects to be in Hollywood for Christmas. Marlene Dietrich is sending to Germany for choicest confectios to decorate her daughter Maria's Christmas tree. Here's a new racket: The other evening, Tully Marshall received a telephone call purportedly from the police. The man at the other end of the wire asked him if his car had been stolen. When he said no, his caller then inquired if he carried any insurance. "I don't have to tell you. It was a nervous salesman. . . . Polly Moran gets back next week. . . . IN THE NEWS

The next thing John Boles will do under his new Fox contract will be "Scott Valley," from the novel by Mildred Cram. This story has a western locale and that's about all I know about it. Harold Schuster, a film writer, and Samuel Godfrey, a stage director, will collaborate on the direction.

### British Push Import Duties

#### Duties on Agricultural Imports Included in Policy

LONDON, Nov. 26 (AP)—Customs duties on agricultural imports are next in line in the new tariff policy launched by the British government this week with the levy of 50 per cent duties on certain classes of manufactured articles.

On Monday, Prime Minister Ramsay MacDonald informed the house of commons today, that a financial resolution will be presented to authorize an agricultural customs levy.

**Gilmour Talks to Commons**  
Sir John Gilmour, minister of agriculture informed the members that the government also had decided to adopt the quota system on home grown wheat of milling quality, and to introduce legislation in connection therewith in time to make the plan effective for next year's crop.

He declined to go into detail when a member asked whether the new levies would cover canned goods and whether any decision had been reached regarding extension of the quota principle to empire wheat.

**American Growers Affected**  
Wheat growers in America and Argentina will be affected by the quota plan and it was thought inevitable the price of bread would go up by about a farthing for a four pound loaf. It was not specified what proportion of British wheat would be made obligatory in mixtures with foreign wheat, but it was suggested the level would be about 15 per cent.

### Police Seek Members of Alleged Ring

COUNCIL BLUFFS, Nov. 26 (AP)—Police here believe that the arrest of three men will break up a syndicate which officers say has operated as counterfeiters in Iowa, Minnesota, Nebraska, and perhaps other nearby states over a period of years.

Tonight authorities continued their search for W. H. Rogers of Omaha, while one man was under arrest here and two others were in the Austin, Minn., jail, in connection with an investigation of the alleged ring.

Oris Spencer, 32, of Logan, Iowa, was arrested yesterday by Harrison county authorities and was committed to the Pottawattamie county jail by federal operatives.

Ira Gorham, 33, of Pisgah, and Ordean Caprets, 30, of Blencoe, are in jail in Austin, where, officers said, they attempted to pass bogus money at six business places.

Rogers is said by authorities to have forfeited \$2,000 bond at the latest session of federal court here and was convicted and sentenced to a prison term of three years for passing counterfeit money in Avoca.

### Former Chief of Police Gets Pen Sentence

Opelika, Ala., Nov. 26 (AP)—A sentence of two years in the federal penitentiary at Atlanta was given J. B. Blair, former chief of police of Phenix City, Ala., who with four members of his force and seven other persons were convicted by a jury in United States district court here today on a charge of conspiracy to violate the prohibition law.

Sentence was passed by Judge Charles B. Kennamer who also sentenced the 11 others convicted and 14 persons who entered pleas of guilty. The sentences ranged from fines of \$250 to two years in the federal penitentiary.

Walter E. Sherrer, former mayor of Phenix City and Sheriff J. P. Sanders, Calhoun county, Florida, were acquitted.

Fifty-eight persons originally were indicted on the blanket charge which resulted from widespread federal investigation in the little Alabama town across the state line from Columbus, Ga. Nine were given directed verdicts of acquittal, two cases were nolle prossed and two other granted severances.

#### Captain Bert Hinkler in Speed Flight to Africa

RIO DE JANEIRO, Nov. 26 (AP)—Bert Hinkler, who once held the speed record for a flight from England to Australia, presumably was out over the South Atlantic tonight on his way from Natal to Africa alone.

First word that the flight had started came in an aero postal message from Natal that he had taken off there yesterday for Dakar, Senegal, French West Africa, and had not been heard from since the start.

### Makes Australian Flight

Captain Hinkler made the Australian flight in 15 days three years ago, and the mark stood until Charles Kingsford-Smith covered the distance in 10 days last year.

In October the captain flew from New York to Kingston, Jamaica, in 17 hours, 45 minutes, a record for that distance, and came on down across the Caribbean to Natal.

Should he succeed in reaching Dakar from there he would be the first man to fly across the South Atlantic from west to east. The distance is something more than 1,500 miles. Dakar is at the tip of Cape Verde on the African west coast.

### Iowa State College Plans Series of 50 Debates for Winter

AMES, Nov. 26 (AP)—Of the 50 debates in which the Iowa State college teams will participate this winter, 33 have already been arranged, although the dates are not yet set.

F. L. Whan, debate coach, has announced that a series will be held with Kansas State Agricultural college speakers on the question, federal governmental control of farm prices. Five of the debates will be in Ames and the other five in Manhattan, Kan.

Contests with the University of California will be at Iowa State college. Other clashes are being arranged with teams from the Universities of South Dakota, Nebraska, and Kansas.

### Mining Town Blaze Makes 100 Homeless

HOPEWELL, Pa., Nov. 26 (AP)—Fire early today swept this little mining town, leveling the business district and 21 dwellings and making more than 100 persons homeless.

Town officials estimated the damage at between \$200,000 and \$300,000. A member of the Hopewell fire department was injured slightly.

# Kappa Alpha Psi Edges Out Alpha Phi Alpha 7 to 6 in Lions' Charity Tilt

## Rival Elevens Battle Before 400 Persons

### Wellington Scores for Kappas; Losers in Late Rally

By JOHN LANE

Playing before a crowd of 400 shivering spectators, Kappa Alpha Psi got off to an early start in the Lions club charity football game yesterday at old Iowa field to barely nose out the Alpha Phi Alpha squad, 7 to 6.

In spite of the cold weather and the hard, slippery field, the two rival Negro fraternities played a hard, fast contest, both outfits displaying excellent teamwork.

In the first quarter, the Kappas got an early break when they scored their touchdown and the winning point. The Alphas kicked off, and the Kappas returned the ball to the middle of the field, where they were stopped cold and forced to punt.

Kappas Get Early Break It was on this kick that the Kappas got their lucky break. An Alpha player touched the ball without stopping it, and a small army of Kappa gridders fell on it to recover, 15 yards from the goal line. A series of plunges took it to the 2 yard line, where Wellington crashed over for a touchdown. On the try for the extra point, Bush started to kick, fumbled the ball, then scooped it up and ran around right end to make the score: Kappa Alpha Psi, 7; Alpha Phi Alpha, 0.

From that time until the quarter, the Kappas held a substantial edge over their opponents, and threatened to score on two other occasions. Each time, however, the Alphas stopped them just short of the goal, and Taylor punted out of danger.

Alpha Launch Passing Attack With the ball on their own 23 yard line in the last quarter, the Alphas took to the air for a final attack that swept their rivals off their feet, and threatened to tie the score. Two long passes, Booker to Ware, took the ball to the 15 yard line, where the Kappas held them for downs. The Kappas were, in turn, forced to kick, and another long Alpha pass brought the ball to the 20 yard line. The Alphas then fought their way to the 5 yard line, where Millender pushed over for a touchdown. The pass for the extra point was incomplete, and the game ended with the score: Kappa Alpha Psi, 7; Alpha Phi Alpha, 0.

Columbia Upsets Luther by 7 to 0

DECORAH, Nov. 6 (AP)—Columbia's uncertain football team rose to the peak of its form to score a surprise 7 to 0 victory over Luther in the final Iowa conference game for both schools today.

A last minute passing attack brought the Duhawks victory after a prolonged punting duel.

## Sportively Speaking

By Matt Melchiorre

Chicago's seven point victory over Iowa brought to a close one of the most disastrous grid seasons for the Hawkeyes. Only seven points were scored by the Old Gold against 138 points for the opponents in the season of nine games.

Capt. Oliver Sansen was the most consistent of Iowa's griders this year. Only supposed to be a line smasher good for a few yards, the fullback proved that he could get out into the open for long gains.

No other player has been as consistent as Sansen. On defense he was a veritable tyro. His tackles were outstanding in the shadows of defeat. Had the rest of the squad played up to the standard set by the blond captain, the results might have been different.

The outlook for next season is heartening. The two big tackles, Jerry Foster and Samuelson will be back. This was the weak place at the start of the season, but will be the strongest next fall. The center position will be strong with Marcus Magnusson and Ed Dolly. With the exception of Merten all the ends remain.

The guard posts will be hardest hit as Akin, Tompkins and Hantemann complete their competition this fall. But the frosh guards appear big and husky, and should provide enough competition for the remaining guards. The backfield men appear strong. Captain Sansen is the only regular backfield man leaving.

Iowa City responded to the charity grid game with approximately 400 fans on hand to watch Kappa Alpha Psi beat Alpha Phi Alpha 7 to 6 in a bitterly fought contest yesterday afternoon at Iowa field.

## Pitt Races to 40-0 Triumph Over Huskers

### Nebraskans Fold Up Before Onslaught of Panthers

PITTSBURGH, Nov. 26 (AP)—Thanksgiving day's most important intercollegiate football game was turned into a rout here today when the powerful University of Pittsburgh machine swamped the University of Nebraska, 40 to 0, before 23,000 spectators to enhance its claim to the eastern title.

The Big Six champions folded up like a tent before the Panthers' aerial offensive and line plunging. Only once did the Cornhuskers, who outgained the Pitt eleven, threaten to score and that was in the second period when they advanced the oval 31 yards to Pitt's 5-yard stripe through a series of forward passes.

Husker Line Falls The strong Nebraska line did not click as the pony express Panther backfield went through gaping holes made for them by their own forward wall, impregnable except for one occasion during the contest.

Warren Heller, left halfback, and one of the east's leading scorers, tallied four touchdowns. Michael Sebastian, playing at right half back for Paul Reider, who suffered a broken bone in his left shoulder when tackled hard in the initial period, set the stage for some of Heller's markers with several sensational sprints.

Rhea Slumps Hugh Rhea, Nebraska's all-American tackle, saw little action, being removed in the first period when Heller crashed his left tackle for six points. He returned to the fray later, however, only to be replaced again.

Statistical analysis of the game shows the superiority of the Panthers over the visiting eleven. Pitt garnered 33 first downs compared to the Cornhuskers eight. The Nebraskans got only one first down through the Pitt line, the other seven coming through the air.

Colgate Beats Brown 13-7 PROVIDENCE, R. I., Nov. 26 (AP)—A cold wind sweeping the length of Aldrich field combined with an equally bitter Brown defense to hold a mighty Colgate eleven through two periods today, and then turned traitor with only two minutes of the annual Thanksgiving day classic left to play. The final score was 13 to 7 in Colgate's favor.

## Drake Loses to Marquette in 32-6 Rout

### Johnny Sisk Scores 3 Touchdowns for Hilltoppers

DES MOINES, Nov. 26 (AP)—Marquette's Golden Avalanche got under way in the second half to roll over a futile Drake defense to a 32 to 6 victory today.

Steady marches over the frozen turf in the Drake stadium brought the Hilltoppers three touchdowns in the third period, and they added two more in the final stanza before Coach Frank Murray called a halt and sent in a lineup of reserves.

Johnny Sisk, playing his final contest under the Marquette colors, collaborated with E. Ronzani, Halfman and Elliott in the steady onslaught that pierced the Bulldogs forward wall for repeated gains.

Sisk scored the final three touchdowns for his team and kicked two points after touchdowns. Marquette piled up 21 first downs to 7 for Drake and gained 320 yards from scrimmage as compared to the Bulldogs' 172. The punting of Becker was a big factor in the triumph, the Hilltopper end averaging 40 yards on nine kicks. Lindstrom, Drake booter, had an average of 32 on 15 trials. Marquette attempted 15 passes and completed 5 for 56 yards, while Drake gained 10 yards on one completed toss out of 6 attempts.

## Simpson's Tennis Shoes Aid in 38-0 Victory Over Penn

INDIANOLA, Nov. 26 (AP)—Simpson college won the Iowa conference football championship today, routing an ineffective Penn college eleven, 38 to 0.

It was a personal triumph for Elvin Richards, sensational Methodist fullback, who gained the lead in the Iowa conference scoring championship by virtue of his four touchdowns and two points after touchdowns. He has scored 90 points this season.

The game was played on the frozen gridiron that made footing treacherous for the regulation football shoes worn by the Penn players. The Simpson eleven took the field in basketball shoes and had little trouble keeping their feet.

## QUAD SIDELINES

No complete schedule for the Quad cage league was available yesterday but "Dad" Schroeder promises a report on the period of schedule fixing this afternoon. There should be something on the situation by tomorrow. With a heavy season in view, there has been considerable speculation as to how the large number of teams would be accommodated on the field house courts, as large as they are.

The first competition of Quad teams will take place the night of Dec. 6. It is not known how many of the sections will compete that night. A final list of coaches should be forthcoming tomorrow, also.

## Parsons Falls Before Iowa Wesleyan 28-13

FAIRFIELD, Nov. 26 (AP)—Iowa Wesleyan ran wild in the first period of its Thanksgiving day football game with Parsons to finish the Iowa conference season with a 28 to 13 victory over Parsons today.

Both teams showed a powerful offense, but Parsons was the victim of bad luck in several spots. On one occasion the Wildcats lost the ball on a bad pass from center when only four yards from the goal.

## Utah Clinches Title

SALT LAKE CITY, Nov. 26 (AP)—Utah university's Indian's won on the Wapitath again today, scalped the Farmers from Utah State Agricultural college and returned from the field of battle with their fourth consecutive Rocky Mountain conference football title. The score was 34 to 0.

Colonials in Tie WASHINGTON, Nov. 26 (AP)—A touchdown in the last minute of play gave George Washington a 6-6 tie today in a hard fought game with the husky North Dakota university football team.

Manager "Gabby" Street of the St. Louis Cardinals became a sergeant again—recruiting sergeant—in a membership drive for a veterans' organization.

## Cornell Trips Pennsylvania by 7-0 Score

PHILADELPHIA, Pa., Nov. 26 (AP)—Cornell's youthful backfield power house, Bart Viviano, proved too much for Pennsylvania to handle today for the second straight year. As a result Cornell whipped its ancient rival, 7 to 0, in a closely fought Thanksgiving day battle before a crowd of 70,000 spectators.

Viviano scored the only touchdown on the first period, as the climax of a brilliant 30-yard drive down the field. He then played a spectacular role in the Cornell defense that repulsed all of Pennsylvania's counter charges.

The game was largely devoid of thrills after Cornell swept down the field at the outset to post its decisive margin on the score board. Jack Ferraro, fleet sophomore back, aided Viviano in the touchdown drive launched from Cornell's 20 yard line, tossing a pass to Bayer that was good for a gain of 25 yards and planted the ball on Penn's 18.

"Pepper" Marth, world's series star, back home in Oklahoma City, announced his first move would be to "make things easy for mother."

### Officials Must Explain Deals to Committee

#### Group Wants to Know How Millions Were Spent

WASHINGTON, Nov. 26 (AP)—Two men who directed the expenditure of farm board millions in wheat and cotton purchases will tell the senate agricultural committee tomorrow how it was done.

These officials—George S. Milnor, general manager of the Grain Stabilization corporation, and E. F. Creekmore, general manager of the Cotton Stabilization corporation—had full charge of buying 325,000,000 bushels of wheat and 1,319,000 bales of cotton to maintain sinking prices.

Committee Seeks New Ideas  
The committee—seeking new ideas on aiding the American farmer—wants to know whether the farm board is on the right trail and, if not, what should be done about it.

Already it has heard the board's treasury has been lightened by "paper losses" at current prices of \$177,000,000 and possibly \$25,000,000 more on cotton cooperative loans.

Milnor and Creekmore also will be questioned closely about the operations of the Farmers National Grain corporation and the American Cotton Cooperative association. These central sales agencies for hundreds of local cooperatives have received millions of dollars in loans from the board.

Organizations Serve Notice  
National farm organizations early served notice on the committee of the pressure in congress for the equalization fee and debenture plans, echoed and reechoed in legislative halls since 1929. They ask that the farm board be retained and equipped with these additional weapons to bring the farmer on par with industry.

### Berlovich Will Face Bank Robbery Trial

OTTUMWA, Nov. 26 (AP)—Dewey M. Berlovich, Des Moines, will go on trial here, Dec. 4, on charges of bank robbery in connection with the \$20,000 holdup of the Ottumwa Savings bank Sept. 9, 1930.

### New Officers Take Places at Meeting of DeMolay Order

New officers who officiated for the first time at the business and social meeting of the Order of De Molay were: Master Councilor, Karl Kirk; Senior Councilor, Jaro Soucek; Junior Councilor, Corlyn Weber; Scribe, Roland Griffith; Marshal, Lloyd Erick; Chaplain, Horace Redman.

Senior Deacon, Paul Hughes; Junior Deacon, Howard Davis; Senior Steward, Kelly Judy; Junior Steward, Tom Crumley; Almoner, Robert Reilly; Standard Bearer, Dean Lewis; Orator, Clinton Moyer; Treasurer, Robert Reilly.

The preceptors were Ralph Houser, Lloyd Grout, Dwight Hughes, Horace Redman, Paul Spence, Tom Gegenheimer, Donald Secrest.

Tentative plans were made for a De Molay banquet which will take place Dec. 21.

### Sioux City Reports Season's First Snow

SIoux CITY, Nov. 26 (AP)—The first heavy snow of the season fell here today. From 10:29 a.m. to 7 o'clock this evening a fall of 1.08 inches was reported. Indications were that the snow would continue through the night. The weather bureau predicted snow for Friday and Saturday, also.

Flurries of snow fell throughout the day at Des Moines and a heavier fall started late in the day and was continuing tonight. Many Iowa points reported a "white Thanksgiving day."

### Five Drown After Auto Leaves Trail

TYLER, Texas, Nov. 26 (AP)—Five persons were drowned today in Prairie creek, 10 miles north of Tyler, when the automobile in which they were riding plunged off the highway and overturned, pinning them underneath.

They were identified as Sam Hughes, 33; Mrs. Sam Hughes, 28; Ed Hughes, 20; Claude Hughes, 8; and Robert Hughes, 5; all residents of Wright City, Texas.

### Committee Opposes Postal Rate Increase

WASHINGTON, Nov. 26 (AP)—Proposed increases in first class postal rates are opposed by the postal service committee of the chamber of commerce of the United States as liable to decrease the mail volume and retard business promotion.

In opposing increases on first class matter to two and one-half or three cents, as suggested by Postmaster General Brown, the committee contended the result would be disappointing by going contrary to the principle of reducing postal costs through greater volume.

### Chancellor Spends Birthday Working

BERLIN, Nov. 26 (AP)—Chancellor Heinrich Bruening, 46 years old today, spent what is usually called a typically American birthday—working as usual.

The chancellor's faithfulness to his desk has caused concern among his friends recently, but not even on his birthday could they prevail upon him to forget his burdens of state.

### Doctors Give Oxygen to Keep Actress Alive

NEW YORK, Nov. 26 (AP)—Oxygen was being used steadily to prolong the life of Lya de Putti, Hungarian screen actress, late today.

Her critical condition arose from pneumonia following an operation last Sunday to combat a throat infection.

At 9:30 tonight she had been unconscious for a little more than 24 hours. Physicians said she was breathing "a little easier" however.

### Methodist Bishop Predicts Approach of War for World

DES MOINES, Nov. 26 (AP)—War is in immediate prospect for the world, Bishop Frederick D. Leete, Omaha, Methodist Episcopal bishop for Iowa and Nebraska, said here at the non-denominational Thanksgiving service held at the Shrine temple.

Lasting peace, he said, will be effected only when love is predominant between nations. Big armies and navies, conventions and courts, the bishop declared, can otherwise have only a fleeting effect.

The United States, Bishop Leete said, can be thankful it has a preponderance of honest office holders, including President Hoover, Integrity, he said is of paramount importance now.

Governor Turner introduced Bishop Leete.

**WHY do more and more smokers say:**

*"I've changed to Chesterfield"*

**BECAUSE . . .**

**THEY'RE MILDER.** It's the tobaccos! The mildest that money can buy. Ripened and sweetened in the sunshine . . . cured by the farmer . . . then aged for two years in wooden hogsheads.

**THEY TASTE BETTER.** These tobaccos are put together right. Rich aroma of Turkish and mellow sweetness of Domestic, blended and cross-blended to Chesterfield's own BETTER TASTE.

**THEY'RE PURE.** Everything that goes into Chesterfield is tested by expert chemists. The purest cigarette paper made, tasteless, odorless. Sanitary manufacture. . . no hands touch your Chesterfields. They're as pure as the water you drink!

**THEY SATISFY.** You break open a clean, tight-sealed package. You light up a well-filled cigarette. Yes, sir . . . you're going to like *this* cigarette! And right there is where many a smoker changes to Chesterfield. *They Satisfy!*
