## Golfers Will Have Bridge

### Association to Spend Proceeds for Golf Tournaments

The first social event to be given under the auspices of the Woman Golfers' association of the Iowa City Country club this season will be the benefit bridge party to be held tomorrow at 2:30 p.m. in the main dining room of the Jefferson hotel. Proceeds will take the place of funds lost in recent bank failures, in financing golf tournaments for the coming season.

Plans are being made for approximately 25 tables of bridge. Either auction or contract may be played. Prizes are to be given to the winners at each table. All persons planning to attend, either members or non-members of the country club, are requested to make reservations with any member of the committee in charge, by tonight.

Refreshments will be served during the afternoon. Those on the committee are: Mrs. George R. Kohler, Mrs. Paul M. Moore, Jr., and Mrs. Rudolph A. Kuever. One member of the golfer's association will assist at each table.

## Make This Model at Home

The Daily Iowan's Daily Pattern

Lovely in Blue and White Pattern 2315

### STEP-BY-STEP INSTRUCTION DIAGRAMS GIVEN WITH THIS PATTERN

By ANNE ADAMS

If you are looking for something really lovely... demure, dainty and chic... you'll adore this charming frock in blue and white lawn. We made it of lawn, but it would be equally charming in dimity, voile, georgette or flat crepe. The graceful flare that joins the collar falls over the shoulder and crosses diagonally in most becoming manner. It may also be made like the small sketch, if you wish. The wide belt and pet bow are very new.

Pattern 2315 is obtainable only in sizes 14 to 20 and 32 to 42. Size 16 requires 3 1/2 yards of 36-inch fabric.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. BE SURE TO STATE SIZE WANTED.

SEND FOR THE SPRING FASHION CATALOG. This beautiful, colorful book offers 32 pages of chic, authentic Anne Adams styles for adults and children. The newest fashions for afternoon, evening and sports wear, exquisite lingerie, attractive house dresses and adorable kiddie models are featured—all personally chosen by Anne Adams and all fashionable, practical and easy and inexpensive to make. PRICE OF CATALOG, FIFTEEN CENTS. CATALOG AND PATTERN TOGETHER, TWENTY-FIVE CENTS. Address all mail 246 orders to The Daily Iowan Pattern Department, 243 West 17th Street, New York City.

## Cedar Rapids Man Speaks to Engineers at Weekly Luncheon

"Rate making in connection with public utilities," was the subject of the talk given by John A. Reed of Cedar Rapids at the regular luncheon of the faculty of the college of engineering yesterday noon at Iowa Union.

Mr. Reed, who has been in public utilities work since 1896, has been instrumental in getting legislation and court decisions on various phases of legitimate rates on public utilities.

Mr. Reed's explanation of the present course of the Iowa law is that every city council is a rate-making body rather than the state being the single rate regulating body.

## Tau Beta Pi Plans Initiation

Plans for the initiation of seven new men formed the principal topic of discussion at a meeting of Tau Beta at Iowa Union last night.

Ralph Claassen G. Pomeroy, president of the honorary engineering fraternity, presided at last night's meeting of the group.

## Police Seek Identity of Mystery Woman

CLEVELAND, Ohio, March 30 (AP)—Identity of a middle aged woman who leaped to her death from the eleventh floor of a downtown hotel was a mystery tonight.

The woman registered at the Hamilton hotel as Miss Doris J. Smith, R.F.D., Madison, Wis., but the card with which she destroyed nearly every clew to her identity led police to believe this was a false name. A check by Madison police failed to identify the woman.

## Roosevelt Gains Support of Maine for Demo Convention; Makes Total Delegates 123

WASHINGTON, March 30 (AP)—The far flung campaign organization of Franklin D. Roosevelt gathered in another northeastern state delegation to the Democratic national convention today and increased the New Yorker's delegates to 123. This is nearly one-sixth of the 770 needed to win the presidential nomination at Chicago June 27.

Instruction of the Maine delegation of 12 to vote for Roosevelt came as an agreeable surprise to his friends in the capital. The most they had hoped for was an uncommitted group with Roosevelt leanings.

### Has Won Six States

Roosevelt now has captured the entire delegations from six states, Washington, New Hampshire, Minnesota, Iowa, Maine and Georgia, and 9 of the 10 delegates from North Dakota. Georgia has yet to name its delegation of 20, but they are counted for Roosevelt in view of his primary victory there last week.

President Hoover picked up another delegate today, from the eighth Georgia district, bringing

### Claim Advantage

Roosevelt supporters claimed a minor advantage from the fact that the slate of delegates at large pledged to the New Yorker in Massachusetts won first place on the ballot over those favoring Alfred E. Smith.

### The Smith-Roosevelt Contests in the Bay State and in Pennsylvania, both coming on the same day, April 26, are awaited with keen interest by political observers who are almost a unit in the belief that these will determine with some degree of finality whether Roosevelt wins or loses the nomination.

### New Club for Roosevelt

Another Roosevelt for President club has sprung up in the capital, composed of employes on Capitol Hill. They are chiefly secretaries to senators and representatives and have adopted the slogan, "win with Roosevelt." Frank T. Bell, secretary to Senator Dill of Washington, is president of the club.

## Journalism Students Will Publish Papers at Sigourney, Toledo

Two Iowa community weekly newspapers will serve as laboratories for practical experience for members of the advertising and community weekly classes next week. The papers, the Toledo Chronicle at Toledo, and the Keokuk County News at Sigourney, will be published entirely by students from the two classes in the school of journalism. The work will include the writing of all news and editorials, and the writing and selling of all advertising to appear in the two papers.

Approximately 10 students will be on each staff. They will work during the week of April 7 to April 14. The Toledo paper will be edited by Arthur Hannes, 33 of Council Bluffs, and Stuart Mahuran, G of Clinton, as business manager. Hal Schiltz, 33 of Sigourney, will edit the Keokuk County News, with Don Stedman, 34 of Eagle Grove, serving as business manager.

A judge will be appointed to decide which of the two groups publishes the best paper, and the winning group will be given a dinner by the losers.

## Seeress Promises Troubles Will Fly; Money Goes Instead

OMAHA, March 30 (AP)—William Rabe, 55, Odebolt, Ia., farmer, today lamented the simultaneous departure of "Madame Louise," his \$900, and the silk handkerchief in which the money was tied.

Anxious to learn beforehand the outcome of a court action at Odebolt in which he is involved, Rabe Monday consulted "Madame Louise," a fortune teller. She prevailed on Rabe to bring to her yesterday the \$900 he had on deposit in a bank at home.

She promised that when he returned for his money today, his troubles would all have vanished. Instead, Rabe told police, "Madame Louise" vanished and his troubles had multiplied.

Rabe is plaintiff in two lawsuits over payment of two \$900 notes which are due for trial at Odebolt this week.

## Lions Witness Dial Telephone System in Action Yesterday

A demonstration of the mechanism and action of a dial telephone system of the Northwestern Bell Telephone company was given at the regular weekly dinner of the Lions club yesterday noon at the Jefferson hotel.

Carl S. Cone, manager of the Iowa City exchange, introduced Lloyd Memler, technician, G. D. Fortier, in charge of Iowa City dial installation, and Florence Emmons, telephone operator, who took part in the demonstration.

Mr. Fortier told of the changes made in the Iowa City system to accommodate the dial telephones. Miss Emmons then gave a demonstration of the mechanism on a special board containing dial telephone apparatus, and explained how to operate a dial telephone in order to get the best service.

## Feeling Runs High in Arizona Shooting

KINGMAN, Ariz., March 30 (AP)—Feeling ran high in Kingman today as officials prepared to hold an inquest into the death of Andrew L. Carnley, killed in a raid by federal prohibition enforcement agents in the Bill Williams river country.

Carnley was shot March 23, a bullet entering his back. He died yesterday, accusing prohibition enforcement Agent Louis M. Taylor of having fired the fatal shot after he had obeyed the agent's command to raise his hands.

## Barber's Union Meets

## Clinton Man on Trial

CLINTON (AP)—Karsten Hershire entered a plea of not guilty to a charge of assault to commit murder when arraigned in municipal court. He is alleged to have shot his brother Aaron, 22, and himself during a quarrel. He was unable to furnish bond set at \$10,000.

## Receiver's Petition Hearing Set April 4

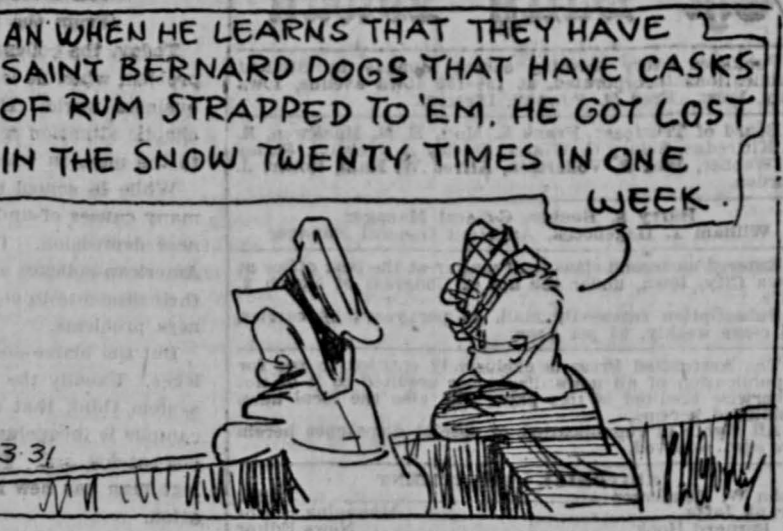

Hearing on the petition for a court order authorizing Henry Negus, receiver of the Mississippi Valley Electric company, to relinquish the franchise held by the Ft. Madison Street Railway company was set for April 4 at 9 a.m. in Johnson county district court.

The petition also asks that the receiver be authorized to allow five Yellow coaches belonging to the Ft. Madison company to be repossessed by the General Motors Truck corporation. It is claimed that income from the operation of the company has not been sufficient to pay special paving assessments levied by the city of Ft. Madison.

## Dial System Demonstrated

Employees of the Jefferson hotel witnessed a demonstration of the dial telephone system of the Northwestern Bell company Wednesday at 2 p.m. Mr. Carl S. Cone, manager of the Iowa City exchange, introduced Lloyd Memler, technician, G. D. Fortier, in charge of Iowa City installation, and Miss Florence Emmons, operator, who took part in the demonstration.

## SKIPPY—A "Rum" Customer

## U.S. Nemesis Overtaking Bomb Fiends

### BOMB MAKING PARAPHERNALIA TAKEN FROM BOERI HOME.

WASHINGTON, D. C. — With the arrest of Colombo Boeri and the discovery of a completely-equipped plant for the making of bombs and other infernal machines, Uncle Sam's secret service is well on the way to earning for itself a reputation, akin to that of Canada's famous "Mounties," of always getting their man.

Boeri, a 47 year old anarchist suspect, long sought for deportation, was trailed to Chicago, where he was masquerading as a small grocer, by government agents investigating the bomb outrage which killed three men, two postal employes and an explosive expert, at Easton, Pa., last December.

The tragedy occurred in Easton post office when five packages addressed to prominent Italians in this country were investigated by the United States post office. Disclosures following the outrage brought to light a nationwide plot to wipe out many notable fascist sympathizers in the United States. Among the intended victims were Count Ugo Berni Canani, Italian vice consul at Detroit, Mich.; Count Caesare Buzzi Grandenigo, consul at Cleveland, Ohio; Emanuele Grazi, consul-general at New York, and Generoso Pope, owner of an Italian newspaper in New York.

The wave of public wrath that swept the country after the disclosures of the plot died down after the unusual furore had run its course, but patiently and silently the agents of Uncle Sam kept doggedly on the scent in a determined effort to hunt down the perpetrators. In the days immediately following the blast at Easton many lives were saved in the vigilance of these agents. But it is only since the arrest of Boeri that the public has awakened to the fact that the secret service is still on the job—and getting results.

The man to whom belongs the credit of trailing Boeri and bringing to light the factory for the manufacture of potential death and destruction is Murray Garson, special assistant secretary of labor. Incidentally, it is interesting to note that the United States sponsors no organization officially known as the secret service. The body of men popularly known as such are investigators of various government departments, such as the treasury.

Garson, who has been tirelessly working on the few slender clues available in the Easton outrage, declares that he has positive evidence linking Boeri with the dastardly affair that took the lives of three innocent men. In the workshop used by Boeri, Garson discovered the complete equipment for bomb-making.

Large quantities of explosives—TNT and nitro-glycerine—were there with the percussion caps to apply the spark for the purpose of wrecking havoc. There was also a quantity of arms and ammunition. Boeri made no attempt to explain his possession of the lethal material and lapsed into sullen silence when pressed by investigators concerning his activities. However, Garson is convinced that the accused man is linked with the wholesale ramifications of the plot to wipe out pro-fascist leaders in the United States.

Should Boeri, now held under \$100,000 bond, be tried and convicted for the fatal bombing in Easton post office, he may be hanged on a scaffold "erected in a public square" in Philadelphia. Federal law provides that a person accused of committing murder on federal property must be tried in the district court where the crime was committed. As the crime was committed in the post office, which is federal property, it comes under this law. Hanging is the penalty for first degree murder, with the United States marshal as executioner.

It is interesting to note that the

### Witnesses Instructed

He said one witness had told him today that after he came to Washington he was "called up on the telephone and told to oppose bitterly every section of the bill."

Glass made a similar charge earlier in the day in the hearings on the measure which is designed to keep federal reserve funds out of stock market speculation with a view to averting a repetition of the 1929 crash.

### Accuses Burke

James Francis Burke, general counsel of the Pittsburgh Clearing house, and attorney for the Republican national committee, was on the stand when Glass said sharply that those who have opposed the measure "were brought here and organized" to protest.

"And I think you were too," he added, remarking that little importance should be attached to "stimulated propaganda."

### Declares Objections Voluntary

Burke replied that the appearance of the bankers before the committee was "voluntary" and that they "have a right to come here."

He opposed the measure as "unwise and unnecessary" and calculated to nullify the benefits of recent federal reconstruction measures by contracting credit.

### Dickinson's Nephew Resigns

## Russian Anti-Soviets Plot Against Stalin. Other Conspiracies

MOSCOW, March 30 (AP)—A Paris dispatch to the Tass (Russian) News agency today quoted the French communist newspaper L'Humanite as saying that Russian "white guards" were plotting against the life of Joseph Stalin and conducting other far-reaching anti-soviet conspiracies outside the Russian border.

A plot in Italy to assassinate Maxim Gorki, noted Russian author, and one in Germany to kill Maxim Litvinoff, soviet foreign commissar, were reported in the dispatch, which Moscow newspapers displayed prominently.

The Sins of Our Fathers

Today, the college student is faced with a grave problem when he leaves school to enter the modern business world.

While in school the college man has listened to many causes of and panaceas for the present business depression.

But the blame does not rest wholly with the colleges. Usually the leaders of our modern business system think that the young man fresh from the campus is incapable of assuming leadership in this dog-eat-dog era.

The time has come for youth to take his stand in this modern scheme of things. He has perhaps drawn a different conclusion after viewing the distorted picture that he has been accused of helping to paint.

A scientist says the earth is 570 billion years old. Wonder if he hasn't got the age of the earth confused with the figures of the war debt?

TODAY'S TOPICS

By FRANK JAFFE

After repeated pleas from Speaker Garner the house quieted down yesterday and got to work balancing the budget in earnest.

In addition to revenue measures yielding 990 millions, a saving of 243 million dollars will be necessary to meet the deficit of one billion, 200 millions for the next fiscal year.

As the votes roll up for Franklin Delano Roosevelt all indications point to a battle between the New York governor and President Hoover in November.

The Iowa result is taken by political observers to be a test of Roosevelt strength in the west with the backers of Governor Murray of Oklahoma, who tried for an untried delegation.

At the present rate, Roosevelt and Hoover both will have amassed sufficient strength by convention time to win nominations on first ballots.

That is because there is hardly an issue over which the Democrats are not divided and there is no recognized leader to direct Democratic activities.

As far as national issues are concerned there is certainly every indication as to what President Hoover thinks or feels about them.

The only other presidential aspirant who spoke out clearly in favor of the sales tax as a means of balancing the budget was Governor Ritchie, while Speaker Garner lost an irretrievable amount of prestige when he weakened in the pinch and allowed the leadership in the measure to escape him.

The soldiers' bonus, proposed by a Democrat, plans to distribute two million dollars among World War veterans. It is expected to pass the house and the senate but meet defeat at the hand of Hoover's veto.

Speaker Garner's belated fight of the last two days to get together some sort of cooperative tax bill, if his success in that line continues, may find himself being acclaimed once again as a leader among Democrats.

After a week of hearings before the senate banking committee during which a number of bankers opposed the measure in whole or part, Senator Glass, (D. Va.), charged that "two men in Washington engineered an attack on his banking revision measure and told those who were to appear before the committee to "bitterly oppose every section of the bill."

It is not hard to believe Senator Glass, in view of much worse conditions that have gone before, but it is difficult to conceive of honorable bankers betraying the confidence of the nation's lawmakers and testifying against their own better judgment.

There will be a meeting of the Zoological seminar Friday, April 1, at 4 p.m. in room 307. Prof. Emil Witschi will speak on "Sex in fish."

There will be a meeting of the Humanist society in Iowa Union, Monday, April 4 at 8 p.m. Prof. John C. McCallister will read a paper entitled: "A twelfth century Aeneid."

Behind the Scenes in Hollywood

By HARRISON CARROLL

HOLLYWOOD, Cal.—Movie moguls have a sharp eye on the recent trend to glorify Mexican art and the simple life as led in the southern republic.

One studio, Metro-Goldwyn-Mayer, already is preparing to give the movement screen expression. Laurence Stallings, it develops, employed his four weeks in Hollywood to write an original story called "Mexico."

The synopsis is completed and is in the hands of Irving Thalberg. As described to me the story deals with a young man of mixed Spanish and English blood, who revolts against the busy metropolitan life of the United States and goes to Mexico to "return to the earth."

The role immediately suggests Ramon Novarro, but this enters the realm of speculation. Stallings, I needn't remind you, co-authored "What Price Glory" and wrote the original one-page synopsis of "The Big Parade." During

his journalistic career he also spent a considerable time in Mexico, so he may be looked to for an authentic story.

His Hollywood stay over, the author now is en route to the country retreat where he carries on his literary labors in the east.

HE CAN TAKE IT Here is one of the few stories told at the expense of Wilson Mizner. Recently, it seems, Wilson was expatriating in his usual devastating manner upon the follies of the world, and particularly of Hollywood.

Howard Dietz happened to be present. After listening for a while, he interrupted. "The trouble with you, Bill," he said, "is that you've let failure go to your head."

Unfortunately, I can't tell you Bill's reply, but I'll wager it was a topper.

HERE'S GOSSIP, LOWDOWN

The Al Johnson opening Sunday night was the first in many weeks to bring fancy prices to the ticket scalpers. Edward Everett Horton in "Springtime for Henry" is the town's other solid hit. Joe E. Brown also is doing well in a revival

of "Square Crooks" for Henry Duffy. Seen around the bright light places, George Raft at the Frolies with Peanuts Byron. Also Sally Hlane with Jerry Miley. Rose Arbucks will do two weeks at Rostok's Bohemian Cafe before he starts that vaudeville tour. While dozens of reporters sought to interview her on her divorce plans, Ann Harding has been working on the Fox lot. Radio arranged for the "Westward Passage" company to shoot some of the scenes of the picture there. Jackie Cooper's mother will be his accompanist on the young star's personal appearance tour. Back in vaudeville, she was well known as Mabel Leonard. Jackie's grandmother also will go on the trip. Plan is for Jackie to sing three songs. He rehearsed them during his Easter week vacation from school. The engagement at the Roxy in New York. Saw B. P. ### Delegates of Fraternity to Gather Here

#### Phi Epsilon Kappa to Elect Officers, Make Rules

Representing 18 states from California to New York, more than 125 delegates from 34 chapters of Phi Epsilon Kappa, professional physical education fraternity, will meet in Iowa City at Old Capitol tomorrow, Saturday, and Sunday in the eleventh grand chapter meeting of the organization since it originated in 1913.

The convention, which is being held in Iowa City for the first time, is held every year for the purpose of electing new grand officers, formulating new rules, and creating a national unity of feeling.

**Members to Talk**  
Interspersed with the regular business meetings of the convention there will be talks by four members of the university faculty. President Walter A. Jessup will greet the group at the first assembly in the Old Capitol tomorrow at 10 a. m. Prof. Edward H. Lauer, director of athletics, will speak to the convention as it gathers for luncheon at noon at the Hotel Jefferson.

Prof. Stephen H. Bush, head of the Romance languages department, will be the speaker at the grand chapter luncheon Saturday, at the Hotel Jefferson.

**Key to Speak**  
The last faculty speaker will be Dean George F. Kay of the college of liberal arts, who will talk to the convention as it convenes for dinner in the river room of Iowa Union at 6:30 p. m.

The finals of the Iowa state interscholastic indoor track and field meet at the field house will hold the attention of the convention as it winds up the Saturday program. Sunday will be devoted to unfinished business and sightseeing.

Presiding over the convention will be Grand President Carl E. Sputh of Indianapolis, Ind. He has officiated in that capacity since grand chapter meetings have been held and has been re-elected nine times.

The local Iota chapter of Phi Epsilon Kappa, which has a membership of about 30, is headed by Forrest Allison, A4 of New Market. Numbered among the faculty members in the fraternity are Professor Lauer, Prof. Charles H. McCloy of the physical education department, Prof. Wald Tuttle of the psychology department, George T. Bresnahan, track coach, and Ernest G. Schroeder of the physical education department.

#### Mapes to Travel in South America for Research Material

Prof. Erwin K. Mapes of the Romance languages department, will leave this morning for a trip to South America.

On his trip Professor Mapes will get material for research work for himself and his graduate students. This research work will consist of photographing material from newspapers and magazines that cannot be secured in this country, and in a few cases rare editions of books.

Professor Mapes will leave New York Saturday and go directly to Buenos Aires. His boat will touch at the following places along the coast: Pernambuco, Bahia, Sao Paulo, Rio de Janeiro, all in Brazil; Montevideo, Uruguay, and Buenos Aires. He plans to spend a month or six weeks in Buenos Aires, at Chile, Santiago, and Valparaiso he will also spend from a month to six weeks.

Professor Mapes will then go north again to Central America and spend the same amount of time in Costa Rica and Nicaragua. He will return home about the middle of September by the way of New Orleans.

#### Engineering Group Hears Address on Concrete Pavement

R. W. Poulter, representative of the National Equipment company, Milwaukee, Wis., talked on "Methods of lifting concrete pavement," at the regular weekly meeting of the student branch of the American Society of Civil Engineers, held yesterday afternoon in the engineering building.

Mr. Poulter discussed early methods of lifting concrete settlements, and showed slides exhibiting equipment used for such purposes at that time. The speaker also showed slides of modern equipment used in concrete lifting such as is employed for use by the state highway department.

After the lecture a round table discussion was held, at which time literature on the lecture topic was circulated among those present.

**Professors to Speak**  
Prof. Alice Brigham and Prof. Frances Zull of the home economics department, will go to Ottumwa to speak in the home economics section of the southeastern division of the Iowa State Teachers' association which is being held today and tomorrow.

### HOME TO HULL HOUSE

Jane Addams, world-famous philanthropist and social worker, being welcomed back after her four months' absence to Hull House, in Chicago, by a group of children at the famous settlement.

#### Iowa High School Debaters Continue Elimination Series

Featured by the elimination of Eagle Grove high school, winner of first honors last year in the Iowa High School Debating league, inter-divisional debates completed last week have narrowed the field in the northwestern and northeastern districts to four high schools.

Ames high school was responsible for the elimination of last year's champions and will meet Elkader debaters for the right to represent the northeastern district in the finals to be held here late this month. The northwestern district will be represented by either Ft. Dodge or East high school of Sioux City. Ft. Dodge was the northwestern representative last year.

Champions in the two southern districts have already been determined. Thomas Jefferson high of Council Bluffs coming from the southeastern district and Newton from the southeastern district. Thomas Jefferson was the runnerup in last year's tournament.

**Jessup Picks Representative**  
Byron H. Shinn, who received his B.E. degree here in 1926, has been chosen by President Walter A. Jessup as representative of the University of Iowa April 2 at the inauguration of Washington and Jefferson college, Washington Pa.

#### New Talent Will Appear in Next Play of University Theater

New talent and those who have not had parts in previous University theater performances this year will make up the cast of "The Poor of New York," to be presented April 12, 13, and 14.

The play is a melodrama of the type popular in this country 50 years ago. As was customary, it was given two titles by its author, Dion Boucicault, "The Poor of New York" or "Poverty is No Crime."

The cast, announced recently by Prof. Vance M. Morton, director, is as follows:  
Capt. Fairweather, Ed Kyvig, A2 of Iowa City; Gideon Bloodgood, Maurice Cliffor, A3 of Cedar Rapids; Badger, James Goodwin, A1 of Des Moines; Mark Livingstone, Richard Anderson, A2 of Des Moines; Paul, George Ball, A1 of Iowa City.

Dan, Howard Conner, A1 of Iowa City; Edwards, John Ogden, A1 of Red Oak; Mrs. Fairweather, Margaret Rule, A3 of Mason City; Mrs. Puffy, Ruth Morgan, A3 of Burlington; Aida, Pauline Roche, A4 of Riceville; Lucy, Ruth Burnsted, A4 of Webster City.

University of Wisconsin experimenters have found that honey, extracted from its comb, should be kept in a temperature of 40 degrees Fahrenheit or lower to maintain its quality.

### New Entries Total 39 for Drama Fete

With the receipt of seven new entries since Sunday, the total enrollment in the Iowa dramatic festival reached 39 yesterday, according to Loren Reid, secretary for the festival. Two of the groups are community players, two are junior colleges, and three are high schools.

Two directors will bring three casts to the festival. Sam Davenport of Sheldon is in charge of the Sheldon community players, who will present "The Wasp"; the Sheldon Junior college group, giving "West Eighty"; and the Sheldon high school players, who will give "When the Whirlwind Blows." Sister Mary Josephine of Cedar Rapids is the second director bringing three casts. The Mercycrest players will present "The Our Father"; "For Distinguished Service" will be the play interpreted by Mt. Mercy Junior college; and Mt. Mercy high school will present "The Kelly Kid."

The entries received since Sunday, and their directors include the Cedar Rapids players and the following: Community players — Davenport, Scott county Farm Bureau dramatic club, "Brothers in Arms," Bernadine Frunling, Junior college—Muscatine Junior college, "The Enemy," Act III, Lucile Kautz, High school—Class A, Ames Senior high school, "Where the Cross is Made," Fernie Gaunt, Class C, Yarmouth high school, "Embers," Mildred F. Chajupa.

### Laws Argue Case of Will

The once case involving a will controversy and designed to present the common and usual problems which occur in such cases will be begun today and continued tomorrow by the practice court of the college of law.

A complete trial will be presented in the case of Florence Y. Ward, plaintiff, against Oscar X. Williams, in an action at law to set aside a will on the grounds of fraud, duress, undue influence, and mental incapacity of the testator.

Attorneys for the plaintiff are: E. Kendall Davis, L3 of Iowa City, and Bliss K. Willoughby, L3 of Grundy Center, and for the defendant, Jonathan P. Dolliver, L3 of Ft. Dodge, and Waldo M. Wissler, L3 of Iowa City.

The will was made giving all the property of the testator to one child with the exception of \$500 given to a daughter who had been in California for many years. The plaintiff claimed that the will constituted substantial exclusion of her interests as an heir and daughter and that the will should be set aside so that she could receive her interest in her father's property in accord with statutory law.

The case differs from the problem study conducted in the last three sessions and again presents the entire trial in an action at law.

### Illinois Clubs Will Make Cast of Bust in Iowa Collection

Honoring Alice Littig Siems, B.A. '19, and the University of Iowa, chairman of the Illinois Federated Art clubs have asked for a plaster cast of the portrait bust of Lorado Taft, sculptor, executed by Mrs. Siems and presented to the university March 12, 1931. The original of the bust, a bronze portrait, is now in Iowa Union.

In a letter to Mrs. Siems, the club chairman explained that they were sponsoring a drive for funds with which to erect Mr. Taft's work, "Fountain of Creation," in Chicago, Ill., and that they desired to present a plaster copy of the Taft portrait to the school winning in the campaign.

Permission to make the copy has been obtained from both Mrs. Siems and the university, and the actual casting will be done in the near future.

Mrs. Siems, who now lives in Chicago, Ill., is the daughter of Mrs. Amy Littig, 328 Brown street, and of the late Dr. Lawrence W. Littig, who was formerly a member of the university faculty.

### Dr. H. W. Rathe to Lead Fifth Clinic of Series Tomorrow

The fifth post graduate medical clinic will be held tomorrow morning at the university hospital. It is one of a series of clinics, given the first Friday of each month, which are under the direction of Dr. H. W. Rathe of the hospital staff.

Demonstrations, ward rounds, and talks designed primarily for the general practitioner, furnish the greater part of the program. Opportunity to see interesting cases in the medical, surgical, and specialty divisions is provided. All phases of modern medicine are considered during the course of the year.

Clinic rounds are from 10 to 12 a. m. and 1 to 3 p. m. The clinics are open to all practicing physicians throughout the state. No entrance fee is charged.

Approximately 430 students took college work by correspondence from the University of North Dakota during 1931.

### Theodore Thoren Presents Talk on Flight of Autogiros

Theodore R. Thoren, instructor in mechanical engineering, was the speaker at the meeting of the student branch of the American Society of Mechanical Engineers yesterday afternoon, in the engineering building. Mr. Thoren spoke on the subject "Flight principles of the autogiro." The lecture was illustrated.

The speaker explained the theoretical aspects of the autogiro in flight, and illustrated his discussion by means of a model of the autogiro rotor.

The autogiro was invented in 1923, and after much experimental work the first commercial machine was delivered to its purchasers just one year ago. Since that time 100 experimental models of the autogiro have been built.

# Cubs Trounce Detroit Tigers 9-5; Hack, Jurges Connect for Circuit Clouts

## Charlie Root Pitches; Fans Eight Tigers

### Three Detroit Hurlers Unable to Master Chicagoans

LOS ANGELES, March 30 (AP)—The Chicago Cubs gave the Detroit Tigers a 9 to 5 lacing today in the Tigers final exhibition game on the west coast.

Each side contributed two home runs, Hack and Jurges connecting for the Cubs and Rogell and Johnson for the Tigers.

Root allowed the Tigers 10 hits but struck out eight men, while three Tiger pitchers were unable to hold the Cubs in check. The Tigers left tonight for Kansas City.

Score: R. H. E.  
Detroit (A) 5 10 0  
Chicago (N) 9 9 1

Batteries—Bridges, Whitehill, Uhle and Susce, Ruel; Root and Hemsley.

## Braves Gain 11-9 Win Over Cardinals

BRADENTON, Fla., March 30 (AP)—The Boston Braves and the St. Louis Cardinals went on hitting spree today and the Braves came out on the long end of an 11 to 9 score in the Cardinals final Florida exhibition.

Score: R. H. E.  
Boston 11 16 1  
St. Louis 9 11 3

Batteries—Cunningham, McAfee, Mangum and Hargrave; Derringer, Stout and Wilson.

## Phillies Take Win as Whitney Returns

ATLANTA, Ga., March 30 (AP)—The Phillies humbled Red Barron's Crackers again today, winning their third straight victory by a 7-5 count.

Captain Whitney returned to third base after an attack of pneumonia poisoning and demonstrated the extent of his recovery by lining out a homer and a single in four trips to the plate. The homer came in the second inning with two on base and was the blow that won the game.

## Timely Hitting of Giants Wins 5 to 4

SAN FRANCISCO, March 30 (AP)—Timely hitting in a first inning flurry and a two run rally in the third gave the New York Giants a 5-4 victory over the San Francisco Missions here today.

Len Koeneke, recruit outfielder, started the scoring festivities when his three bagger sent Critz over the plate in the first frame. All five runs were scored off Herman Piltz.

## Bresnahan to Name Track Team Today

As a result of tryouts yesterday, Coach George T. Bresnahan named a squad of 14 men who will probably make the trip to Minneapolis for the Minnesota relays Saturday. Tryouts today will definitely determine the team.

So far the men who are likely to go are: quartermilers—Lagerquist, Hoskinson, Nugent, and Dean; sprinter—Adams; hurdlers—Capt. Salinger, Handorf, and Thurston; high jump—Story; pole vault—Okerlin; shot put—Moore; medley relay team—three-fourths mile, Trot; mile—Campis; half mile, Skowbo; quarter mile, one of the quarter milers.

Hawkeyes look for wins in the mile relay and the 70 yard high hurdles. Coach Bresnahan thinks that the relay team is capable of 3:18 and considers the possibilities of a new record as good. Under adverse conditions the combination was able to cop second at the conference meet establishing a new university record.

Capt. George Salling since recovering from his pulled tendon ranks as a big favorite to capture the high hurdles crown. He also is given an even chance of setting up a new record. To date he has been undefeated, having won two dual meets, the Big Ten meet, and the state indoor meet.

## Grid Candidates to Begin Practice With Solem Tomorrow

With opening drill scheduled to start tomorrow, aspirants for Ossie Solem's first Iowa football team have been rushing the equipment room at the field house to get their jerseys in preparation for the initial workout.

A large squad, headed by 13 lettermen, is expected to report for work under the new coach. Included in this group will be 30 numeral winners, and a large number of men who were on the squad last year.

Workouts will be held Friday and Saturday and then will be dropped until the following week end. There will be no drills the last two weeks in April, but beginning May 2, daily workouts will be held as long as advisable.

## Sportively Speaking

By Bill Rutledge

The Big Ten football season is going to start in defeat for one of the three new coaches next fall when Iowa and Wisconsin clash at Madison Oct. 8—unless the Hawkeye and Badgers battle to a tie. Now all the universities in the Western conference have a head grid mentor, the three newcomers being Ossie Solem at Iowa, Bernie Bierman at Minnesota, and Dr. C. W. Spears at Wisconsin.

Spears' Gopher elevens of 1928 and 1929 left deep impressions in the minds of Old Gold football followers. It was in '28 that Oran Pape and Irv Nelson collaborated in the last minutes of the game at Iowa field to give the Hawkeyes a 7 to 6 upset victory.

The next season, Spears' last at Minnesota, Billy Glassgow booted a field goal early in the Gopher-Hawkeye encounter and then Pape scored a touchdown to live up to his reputation as a Minnesota nemesis. Iowa won 9 to 7. Spears probably doesn't relish the idea of starting off the season next fall with Iowa.

The Chicago White Sox didn't win their tenth straight game yesterday, but it wasn't their fault, rather the weather man's. Instead of playing baseball, they heard a talk by Manager Lew Fonseca.

If there has been any toughness about the opponents, all minor league clubs, the Sox have been playing, their string of wins may be taken to mean that they will do much better this season. Last year they wound up as claimants of the American league cellar.

Not since the notorious "Black Sox" scandal of 1919 have the Pale Hoos finished in the first division. New players—Hayes at second base, Carey Selph at third, Milton Gaston in the pitcher's box, and Irving Hadley on the mound—may change the fortunes of the Chicago Americans.

The Cubs haven't been winning as consistently as their Chicago baseball brethren, but Manager Rogers Hornsby has been more anxious to experiment with his rookie talent than grab off pre-season victories.

## Tennis Card to Include 9 Dual Affairs

Still another Western conference dual tennis meet has been added to the University of Iowa's schedule, just when Hawkeye officials believed that the Big Ten card was complete for the 1932 season.

Wisconsin, to be met May 9 at Iowa City, is the fifth conference rival of the Iowans. Institutions already booked are Illinois, Chicago, Northwestern, and Minnesota.

Scheduling of Iowa State college for one meet and Coe college for dual affairs also was announced Wednesday by Coach W. T. Swenson. The match with Iowa State, to occur May 7 at Ames, will be the first tennis meeting between the institutions in 15 years.

Here is the schedule to date: April 14—Coe at Iowa City. April 22—Coe at Cedar Rapids. April 28—Illinois at Urbana. April 29—Northwestern at Evanston.

April 30—Chicago at Chicago. May 7—Iowa State at Ames. May 9—Wisconsin at Iowa City. May 18—Minnesota at Iowa City. May 19, 20, 21—Conference championships at Evanston, Ill.

## Faculty-Alumni Net Team Will Combat Varsity in Play-Off

Weather permitting, the varsity tennis squad will meet the faculty-alumni team in a tie play-off Saturday at 3 p.m. Desiring the convenience of the outdoor courts, the competitors have delayed the match until the advent of fair weather.

In the first class three weeks ago, when the two teams vied for first place honors, the match ended in a tie; the varsity made a clean sweep in the doubles, but lost three out of four in the singles. Considering the practice the men have had since the first match, the play-off promises to be even more hotly contested.

## Rain Stops Chi-Sox

SHREVEPORT, La., March 30 (AP)—Rain washed out today's game between the White Sox and Shreveport so Manager Lew Fonseca held skull practice. Pitcher Joe Bartulis and infielder Johnny Ryan were sent to the Buffalo club of the International league on option.

The Five Points, Ala., high school basketball team won four games in three days by one-point margins.

# Doc Spears Accepts Year's Contract to Coach Football at Wisconsin U.

## Badgers Find New Mentor After Search

### Oregon Coach Back in Conference After Two Years

MADISON, Wis., March 30 (AP)—The University of Wisconsin's three-month quest for a head football coach ended today when Dr. Clarence Spears, coach at the University of Oregon, accepted a year's contract.

Spears was obtained after several weeks of negotiations and after he had turned down the last offer at least twice. The board of regents did not disclose the salary consideration, but it was reliably reported to be \$10,000.

The new coach succeeds Glenn Thistlethwaite, who resigned last December. He will arrive here April 13 to start the spring football drills.

### Back in Big Ten

The selection of Spears was the climax of several months of turmoil in the university athletic department. After the 1931 football season ended, alumni renewed their demand for a new coach and as a result both Thistlethwaite and George Little, athletic director, resigned.

Spears returns to the Western conference following an absence of two years. After coaching at West Virginia and Dartmouth, his alma mater, he went to Minnesota where he turned out winning teams from 1925 to 1930. His Gopher teams won 28 games during his stay at Minnesota, numbering Wisconsin among its victims four times.

Spears is the fifth coach at Wisconsin in the last 10 years. J. J. Ryan succeeded J. R. Richards in 1922 and George Little took over the coaching duties in 1925. After two years as coach, Little devoted all his time being athletic director and brought Thistlethwaite from Northwestern. Irwin Uteritz, former Michigan athlete and assistant football coach here for several years, was named to succeed Little as director.

### Good Material

Although the Badgers were in the second division last season, Spears will have a group of veterans with which to work this year. Backfield material is plentiful and Wisconsin fans believe there are enough good linemen at Spears' disposal to enable him to turn out a dangerous eleven next fall.

## Set Dates for Target Firing in Rifle Meet

Targets to be entered in the annual governor's rifle match, open to any member of the R.O.T.C. who has tried out for the R.O.T.C. or varsity rifle squads, or any member of the varsity squad whether or not a member of the R.O.T.C., may be fired any time between April 10 and May 13, according to a bulletin posted by the military department.

Awards, to be presented on Governor's Day, will be a gold medal for first place, a silver medal for second, and a bronze medal for third place.

Medals will also be given to the three highest scorers in the pistol matches, open only to advanced R.O.T.C. coursenmen, and in the rifle marksmanship match open to basic students in the infantry and engineering units.

In the rifle matches two sighting shots and 10 recorded shots will be fired in each of the four positions. The time limit will be 12 minutes for each target and ties will be decided by high score made in the standing position.

## Maureen Orcutt Will Play Mrs. O. S. Hill in Golf Meet Finals

PINEHURST, N. C., March 30 (AP)—Mrs. Opal S. Hill of Kansas City and Maureen Orcutt of Englewood, N. J., favorites to meet in the finals, easily won their second round matches in the women's north and south golf tournaments today.

Miss Orcutt beat Mrs. J. J. Lawlor of New Rochelle, N. Y., six and five, and finished out her round for a 74, three under women's par.

### Another Try for Liska

BLOXI, Miss., March 30 (AP)—Ad Liska, promising underhand hurler who has sought unsuccessfully to make the grade with the Washington Senators, may get a third trial. He is likely to be on the mound for the Chattanooga Lookouts when the Senators play that club at Selma, Ala., Saturday, and if he is effective probably will join the Senators.

High schools in Minnesota are considering enlarging the state finals basketball tournament to a 16-team affair instead of eight.

### Back in Big Ten

Dr. Clarence Spears, head football coach at Oregon, yesterday accepted a one year contract at Wisconsin, ending the Badger institution's three month search for a man to fill the position vacated by the resignation of Glenn Thistlethwaite. The new mentor, who coached at Minnesota from 1925 to 1930, will start spring drills April 13.

## Groepner's in 5-3 Triumph Over Nelson's

### Christianson, Fliehler, Baker Outstanding in Victory

The first decision of the Hawkeyes' intra-squad baseball series was gained when the Groepner nine defeated Nelson's by a 5 to 3 score in a five inning game at Iowa field yesterday.

The victory was the result of some hard and timely hitting on the part of Glen Baker, Ed Christianson, and Ray Fliehler. In the first inning the Groepners jumped into the lead when Baker hit a three base hit past Mike Riegert in left field. A single by Joe Laws drove in the first tally.

Although they were outlit, 12 to 4, the Nelson's nevertheless made the contest a hard fought one. In the third inning they tied the score as the result of hits by Kenny, Schulteheinrich, and Prange.

The Groepner team had the benefit of some excellent pitching as Leo Moynihan allowed only four hits during his stay on the mound. Mark Daniels and George Sampson, who followed him allowed no further hitting.

Coach Otto Vogel tried out the 10 man team suggestion. This is the idea of John Heydler, president of the National league. Lyman Mitchell, sophomore infielder, sat on the bench and hit for the pitchers when it came their turn at bat.

### Bierman Opens Drill

MINNEAPOLIS, March 30 (AP)—Seventy-five candidates for the 1932 University of Minnesota football team answered Coach Bernie Bierman's summons as spring practice opened today. Only five veterans were in the group.

### Stagg Starts Maroons

CHICAGO, March 30 (AP)—Plunging into his work with the same enthusiasm as a confident freshman, Coach Amos Alonzo Stagg today started moulding his forty-first University of Chicago football team.

## Cage Mentors of Nation Meet in Annual Rules Conference; Favor Elimination of Stalling

### Proposed Change Would Permit Referee to Call "Held Ball" When Team Fails to Try; Radical Ideas Crop Out

CHICAGO, March 30 (AP)—Armed with mild to radical rule change proposals, designed to eliminate stalling and speed up the game, scores of the nation's master minds of amateur basketball gathered in Chicago tonight for their annual meeting and rules clinic.

Almost to a man, the coaches, representing universities, colleges, and high schools, were agreed that stalling must be stopped, but many of them were at odds on just what method should be employed to do it.

Probably the most popular anti-stalling proposal would make life just a little more dangerous for the referee by allowing him to call for a "held ball" whenever he decided one team was not trying to score. One proposal would have him call a "held ball" whenever a player held the ball for five seconds in the back court even though he might not be closely guarded; another would jump the time limit from five to 30 seconds.

### 30 Second Limit

Dr. James Naismith, the man credited with originating the hard-court game, was strongly in favor of placing such authority in the hands of the referee with a 30 second limit.

"Any team in possession of the ball, when three or more of the opposing players are attempting to get the ball, that does not make an honest attempt to score should be considered as delaying the game and be penalized accordingly," Dr. Naismith, professor of physical education at the University of Kansas City, said, "give the referee authority to make the teams play."

Dr. Naismith also proposed that when a player makes a field goal from a position beyond the furthest forward player of the opposing team, it should count four instead of the regulation two points. He also would prohibit more than a certain number of players from going into the back court while the ball is in their offensive territory.

### Cancel Free Throws

Coach Walter Meanwell of Wisconsin, had probably the most radical of all suggestions to place before the meeting. He proposed to make all free throws at the end of each half and to use the principle of cancellation. That is, if two teams are awarded the same number of free throws during the half, none would be tried at the end of the half. If team "A" is awarded six free throws and team "B" four, team "A" would get two free throws and team "B" none. Other features of his suggestion would be to award no free throws when a personal foul is committed on a player who does not have the ball, nor to award free throws for personal fouls against a player in his own back court.

The meeting will run Thursday, Friday, and Saturday.

## Crabbe Sets New Record in Marathon

NEW HAVEN, Conn., March 30 (AP)—Clarence (Buster) Crabbe of the Los Angeles Athletic club sped 65 1/2 times across the Yale pool today to set a new American record for the 1,500 meter swim and win the first event of the National A.A.U. swimming championships.

Reaching his goal 15 yards ahead of James Cristy of University of Michigan, who took second place, Crabbe finished in 19 minutes, 45 3/5 seconds. He broke by more than 20 seconds his own American mark of 20:09 1/2 set in Honolulu July 17, 1930.

Cristy's time of 19:34 2/5 also was better than the old record, Malola Kallil of the Los Angeles Athletic club, who won the first heat in 20:17 3/5, was given third place, and Ray Ruddy of the New York Athletic club fourth. Ruddy finished behind Kallil in 20:23 1/5.

Austin Clapp, a teammate of the winner, and James Gilhula, of the Detroit Athletic club did not complete the marathon race.

Crabbe's victory accentuated his position as an outstanding American swimmer in the Olympic meet this summer.

The championships proper will start tomorrow afternoon, with 33 swimmers and divers, including most of the A.A.U. champions, entered.

The 150 yard backstroke, 100 yard free style, 300 yard medley and low board diving are on tomorrow's program. Qualifying heats are scheduled for the afternoon and the finals in the evening.

## Freshmen to Clash in Net Tournament

Fresh netmen will open the tennis season Saturday with a tournament to decide the leading lineup. The first meeting of the squad was held yesterday and was followed by a light drill.

The opening meeting yesterday was not well attended so Coach W. T. Swenson has extended the time limit for signing up for the squad. There will be a meeting in the field house office at four o'clock today for those who did not sign yesterday. If any eligible freshmen desire to come out for tennis and do not attend the meeting, they may enter the frosh tournament no later than Saturday morning. Results of the drawings will be announced after all men have signed up.

The squad will maintain a challenge board in the same manner in which the varsity men are competing, thus every man will have a chance to try for the first place ratings.

Four out of six I.C.A.A.A.A. first place winners last year will compete in track and field against this year at the University of Southern California.

### Made the Grade

The dream of every sand-lot ball-player has become a reality to Jack Salverson (above), 18 year old Long Beach, Cal., boy, for he has succeeded in catching the eye of a big league solon. No less an authority than John Mc Gray, manager of the New York Giants, thinks that Jack has a future and has signed him. The newcomer will be broken in at the Giant farm at Winston-Salem, N. C.

## A's Lose to Reds 10 to 9 in Hitting Bee

### Foxx Smacks Pair of Homers; Reds Hit 'Em Too

ORLANDO, Fla., March 30 (AP)—Despite two home runs by Jimmy Foxx and the fact they held the lead twice, the Philadelphia Athletics lost to the Cincinnati Reds today, 10 to 9.

Foxx slammed out his first circuit drive in the first inning with two on base. His second came in the ninth and gave the A's a two run advantage.

However, Heath, first baseman of the Reds, duplicated the trick in Cincinnati's half of the ninth with two men on and won the game.

Score: R. H. E.  
Philadelphia (A) 9 14 2  
Cincinnati (N) 10 16 1

Batteries—Krause, Bowman and Heying; Rixey, Frey and Eckert, Lombardi.

## Red Sox Slug Out 10 to 0 Victory

SAVANNAH, Ga., March 30 (AP)—The Boston Red Sox's slugging streak continued today and the American leaguers shut out the Newark Bears, 10 to 0.

Even Wilcy Moore was able to hit the international league twirling. He pitched the last four innings and not only got a single but scored a run.

## Browns Bow to Buffalo by 3 to 1

WEST PALM BEACH, Fla., March 30 (AP)—George Weeber, the boy who stole a game from the Browns yesterday, came through with a home run in the ninth inning today to break a 1 to 1 tie and win for the Buffalo Bisons 3 to 1.

Score: R. H. E.  
Buffalo 3 8 0  
St. Louis 1 8 1

Batteries—Wilson and Hargrave; Gray, Coffman and Young.

## Murphy Hurls 3 Hit Ball as Yankees Win

ST. PETERSBURG, Fla., March 30 (AP)—With Johnny Murphy pitching three-hit ball, the New York Yankees defeated the House of David 2 to 0 today. It was the Yankees' final game of the season in Florida and their eleventh victory in 16 starts.

Babe Ruth took a day off to rest his stiff neck.

Score: R. H. E.  
House of David 0 3 1  
New York 2 6 2

Batteries—Swaney and Barrett; Murphy and Jorgens.

Homeless lodgers in Garfield house, an abandoned Chicago school house, have painted a white circle around the seat where King Levin's, heavyweight fighter, sat when he attended school there.

## State Track Meet Entries Mount to 37

### Winner Will Probably Need 44 Points to Cop Crown

If precedent is followed, the team scoring about 44 points will win the championship at the University of Iowa indoor interscholastic track and field meet.

The winners' average for the 10 previous meets is exactly 44.3 points, with the low score of 29 held by Washington of Cedar Rapids and the peak point 59 made by Froebel of Gary, Ind. in 1930.

### 37 Schools Entered

Tabulations yesterday showed that 37 schools had entered 324 athletes in the Saturday affair. Prominent among the recent entries is East high of Des Moines, with a 17-man team and Ft. Dodge with 13.

Davenport, winner of third place in the 1931 meet and Mississippi Valley conference 1932 indoor champion as well as the Iowa outdoor titlist of last spring, will concentrate upon the relays. Since a relay victory scores 10 points, the Davenporters evidently are seeking the shortest route to the most markers.

### Fairfield Remains Out

Neither the 1931 champion, Fairfield, nor the runner-up, North high of Des Moines, has entered, but may file nominations later. Washington of Cedar Rapids is the only school on the current list which has taken championships, the Tigers winning the first five meets from 1922 to 1927.

Other entries Wednesday were Ames, Oelwein, and West Liberty. Twenty-five of the 43 schools which scored last year will return, including 11 of the first 15 place-winners.

## U. Hi Tracksters in Light Workout

Running through light exercise yesterday noon, the University high track and field men opened their last series of workouts before the indoor meet at the field house Saturday.

With 11 men entered, Coach M. F. Carpenter intends to give out just enough work to keep them on edge.

The Blue and White came through their triangular meet with Tipton and West Liberty without any injuries and appear to be in good shape although Ohlmacher is complaining of stomach trouble.

Van Phillips appeared to be just a bit nervous as he went through two laps to build up his stamina. Coach Carpenter feels, however, that the Blue and White sprinter will be all set for his assault on the 440 record. Phillips set a new University high record of 52.7 for the event in the triangular meet last Monday to stamp him as an outstanding favorite for the state title. The big quarter miler will also anchor the mile relay team in its first race of the year.

Coach Carpenter has nominated the following men for the championship meet:

440 yard dash—Phillips, Hager.  
Half mile run—Captain Cannon, Fred Moore.

Mile run—Cannon.  
Pole vault—Dever, McCloy.  
Hurdles—Means, McCloy.

High jump—Ohlmacher, Means.  
Two mile relay—Hugh Moore, Stevens, Adams, Fred Moore.  
Mile relay—Ohlmacher, McCloy, Means, Phillips.

## St. Pat's Gridders Take Opening Drill of Spring Season

Cold weather failed to keep the St. Pat's gridders from the field, and they went through their initial workout of the spring training season yesterday afternoon under the direction of Coach Emmett Wilkinson.

Fundamentals of the game took up the entire session, with all the men working on blocking, while the backs also practiced punting and handling the ball.

Emanuel, Grady, Pinney, Glenn, and Connell, stars from last season were not present, but Verich, Push, J. McNamara, Drew McNamara, Albert McMahon, Al Burger, Byrly Burger, Ray Floerhinger, Dvorsky, Duane, Toomey, and Maher were on hand for the opening drill.

# BEHIND A MASK

**A Serial**  
In Six Chapters from the Story  
"In the Secret Service"

**WHAT HAS HAPPENED**  
Dr. Munsell, a prominent physician, organizes a committee to work with the government agents in cleaning up a dope ring. He offers a \$25,000 reward for the capture of the mysterious Mr. X, leader of the gang. Hart, a government agent, does a term in Sing Sing to get next to Henderson, a member of the gang. As soon as he gets the information he desires, Hart makes a jail break and heads for the Arnold home.

**NOW GO ON WITH THE STORY**  
Outside the Arnold house, Hart fired a bullet, grazing the skin of his arm. It would add credence to his role of escaped convict. After that Gorman kept firing, while the escaped man ran to the house, entered the vines outside and entered by a second story window. He turned to see Julie gazing at him in fear. Outside the storm raged.  
"I beg your pardon," Hart bowed, "I was just a touch of griminess in his voice. If you raise a rumpus, it's all up with me."  
"Then would you be good enough to put down that gun," she said.  
For the first time Hart realized that he held the pistol in his hand. "I beg your pardon," he lowered the weapon and then speedily concealed it in his pocket. As he did, Julie observed the blood on his arm. "Oh—you're hurt." She went over

"If you raise a rumpus, it's all up," said Hart.

to him and assisted the man to a chair. "Take it easy now, we'll get that fixed in a minute."  
Tenderly, the girl dressed the wound, and when it was accomplished she said: "Now you've got to go."  
There was a knock on Julie's door. "You're waiting there," Julie pointed to the bathroom. "Shut the door."  
Hart obeyed and Julie turned to admit Edwards, who stood outside the room.  
"What happened? Who came in?" "Nobody," Julie calmly replied as Edwards stood staring at her.  
"I heard voices." The housekeeper gazed about the room. Her piercing eye detected the traces of mud on the carpet. "Mr. Arnold," she called.  
"What's up?" Arnold's face was chalk-white as he crossed the threshold.  
"There's somebody in this room, who doesn't belong here. He got in through those windows. She knows about it."  
"Is this true, Julie?" Arnold asked, but before she could reply, Hart stepped into the room. "Stay where you are," Arnold commanded. "I'm aiming right at your heart. What are you doing in my house?"  
Hart hesitated for an instant and then replied. "I think it would be a good idea to ask the ladies to leave us for a moment."  
"It might be a better idea to call the police," said Hart, smoothly. "You don't want any cops snooping around here if you can help it, Mr. Arnold."  
"How do you know my name?" "I was told to come here."  
"Who told you?"  
"A man named Henderson. Do you know him?"  
The mention of the name caused a noticeable change in Arnold's manner. "Perhaps we'd better step into my room," he said as he took Hart's arm and led him away.

As soon as Henderson was released from prison, he made his way to the office of Dr. Steiner, a continental type of physician with a full beard and thick eye-glasses. He was not a normal man and he looked weird as he bent over his queer electrical machines in the laboratory which were constantly sparking and casting an eerie glow in the semi-darkened room.  
"Hello, Doc—how's the old throat specialist?"  
"It will be a pleasure, Henderson, to work on your throat some day," Henderson was uneasy. He always was in the presence of the physician. "No thanks, doctor," Steiner looked at him steadily as his electrical equipment continued to flash and snap. "My friend, how did you enjoy your stay in prison?"  
"I'm going to make it my business to find out just why the boss let me do that rap."

### Story of New Steel Head Rivals Romances of Alger

WILLIAM A. IRVIN

**NEW YORK**—The appointment of William A. Irvin to the presidency of the mighty United States Steel corporation marks the climax of another romance of modern business that rivals anything ever written by Horatio Alger.

The appointment, made at an executive luncheon, came as a complete surprise to Wall Street and to the rank and file of the corporation staff in the New York executive offices.

Meanwhile the new king of steel had quietly hied him to his beloved Pittsburgh to celebrate with his family.

### Section Two Volleyballers in 3 Way Tie

The Delta Tau Delta volleyballers almost had the section two trophy of the intramural race pocketed last night, but they faltered before a stubborn Delta Sigma Pi rally in the last game putting them in a three-way tie with Pi Kappa Alpha and the Delta Sigis for first place in the final standings. The score was 15-7, 1-15, and 15-12.

Gamma Alpha received a forfeit from Delta Chi to give it the winning cup in section one with five victories and no defeats. They will play the winner of the section two playoff for the championship. Sigma Nu also won by a forfeit from Theta Tau, and Phi Chi and Phi Epsilon Phi both forfeited.

Bazant was the outstanding player.

At the office of Captain Hawkes, Dr. Munsell and his committee of citizens were in conference. They were somewhat impatient that more had not been accomplished, especially as Burke had the outside world well in hand and Hart was employed as chauffeur to Arnold.

"I'm sorry, gentlemen," said Hawkes. "Burke should have been here half an hour ago."  
"What do you suppose could be delaying him?" Munsell inquired, anxious to obtain further details about the vice ring.  
"I can't imagine. Whatever it is, I'm sure it will be worth your while to wait. He'll have something of great importance to tell us."  
"Well, I hope so," Munsell declared.

"Dr. Munsell, I want you to know that this department appreciates the co-operation of your committee. With your help I'm sure we'll break up this drug ring."  
"That's what we're organized for, Captain," Munsell declared, smiling at the thought that he and his fellow workers would be of service to the community in wiping out a menace.

caliber. Returning from last year's squad are Bob Loufek, Calvin Kay, and Walter Schump, improving at a rapid pace these men are pushing Pete Ottessen and Joe Schlanger, major letter winners last season.  
Up from the freshman squad are Charlie Van Epps, Fred Beck, and Roy Vanderhook. These three men have shown possibilities of becoming regulars their first year in the big show, and the coach is expecting them to push last year's veterans for places on the varsity quartet.  
The conference schedule has been completed, but Coach Kennett is planning to arrange several matches with non-conference foes.

### Stock Market Opens, Closes With Rallies

#### Furnish Extremes to Otherwise Dull Day of Trade

NEW YORK, March 30 (AP)—Stocks rallied at the opening and close of today's dull market. Sandwiched between those extremes was a colorless period when leaders jiggled fractionally. Volume dropped to 1,007,969 shares.

Early covering was prompted in part by the better freight traffic statement which showed gains in movement of miscellaneous items and in loadings of less than full car size. This improvement was quickly dissipated by selling of several utilities and some specialties, notably American Power and Light, Electric Power and Light, Beatrice Creamery and Goodyear Rubber issues. However, pivotal rails and industrials were but slightly disturbed by such developments, for the general market was inclined to put more stress of the course of the revenue bill and on the absence of important liquidation during this price-testing period.

Shorts apparently were playing safe against the new loaning regulation which becomes effective Friday, although it is being said in some quarters that there will be no appreciable shortage of stocks. Also, expectations that demands for steel would increase during the next fortnight when new business from automobile manufacturers is anticipated offset a further slump.

Steel Unaffected  
U. S. Steel common which was unaffected by liquidation of the preferred which lost 2 points to a new low before meeting support, and the junior issue closed a point higher. General Electric, American Can, Woolworth, Gillette, Santa Fe, Procter and Gamble, Loews, Du Pont, Case and Union Pacific did as well. Standard Oil of New Jersey rallied nearly 2, while American Telephone, Norfolk and Western, Allied Chemical and Auburn were up 2 to 2 1/2 net. International Telephone was steady all day after yesterday's flurry.

Westinghouse dipped 1 1/2 when the quarterly dividend was cut to 25 cents from 62 1/2 cents but more than made up its loss. The two Beatrice Creamery equities were down a couple of points. Goodyear common lost 1 3/4 and the preferred 4 7/8.

### Bovine Case Jury Starts Examination of Trial Evidence

ANAMOSA, March 30 (AP)—A jury in Judge H. C. Rinsch court today began its consideration of conspiracy charges against J. W. Lenker and Paul Moore, Cedar county farmers.

The two men went on trial March 14 for alleged conspiracy to obstruct enforcement of the bovine tuberculosis test law. The jury received the case at 11 a.m., after the state had concluded its argument.

C. J. Lynch, representing the state, cited as evidence of organized opposition to the tuberculosis test the trouble which developed at the Lenker farm when it was visited by veterinarians.

He claimed that Moore had made threats against the veterinarians and that Lenker had thanked the crowd at his farm for its action in opposing testers.

### List Prices of New Fords

Eight Cylinder Models  
Range From \$460  
to \$650

DETROIT, March 30—Prices ranging from \$460 for the roadster to \$650 for the convertible sedan were announced tonight by the Ford Motor company for its new V-type eight cylinder cars to be introduced tomorrow.

Prices of the new four-cylinder cars will be \$50 less than those quoted on the corresponding eight cylinder body types, the announcement said. Less Than 1931 Models  
The prices of the new eight cylinder car average about \$10 more in each class than the corresponding type of the 1931 four cylinder cars, making the new fours some \$40 cheaper than the 1931 models.

The prices of the eight, all F.O.B. Detroit, were announced as follows: roadster \$460; deluxe roadster \$500; Phaeton \$495; deluxe phaeton \$545; coupe \$490; deluxe coupe \$575; sport coupe \$535; cabriolet \$610; Victoria \$600; tudor sedan \$500; fordor sedan \$590; deluxe fordor sedan \$645; convertible sedan \$650.

The company said 80,000 men were employed as of today and that approximately half the departments were working at capacity. Seeks Huge Volume  
In announcing the prices, Henry Ford said that "no profit can be expected from them unless we attain a certain volume to keep these prices as low as they are now."

"There are just two permanent satisfactions in business for me—one is designing and making a useful commodity, and the other is the job that is created. It seems to me a waste of time to have to urge people to buy in this country. That is not the manufacturer's business anyway. His business is to make something good at a price so low they cannot help buying."

### Local Motor Firm to Display New V-8 Model Ford Today

Equipped with a V-8 motor which develops 65 horsepower, the new Ford car will be on display this morning at the Burkett-Updegraff Motor company.

The new car, which is made in 14 different models, will sell in the low price range, according to Mr. Updegraff. Some of the mechanical features of the car are rubber mounting for the engine, a downdraft carburetor, small wheels with large tires, and a frame cushioned from the running gear by rubber insulators in the spring shackles and shock absorber links.

The bodies feature new lines with a wide variety of color combinations. They are large and roomy, set on a long low chassis.

New Houdaille double acting hydraulic shock absorbers are a new feature on the car. These are provided with a thermostatic control which compensates for varying temperatures and with an automatic adjustment for sudden road shocks.

### Agent Leaves Trail of Vaccination Scars

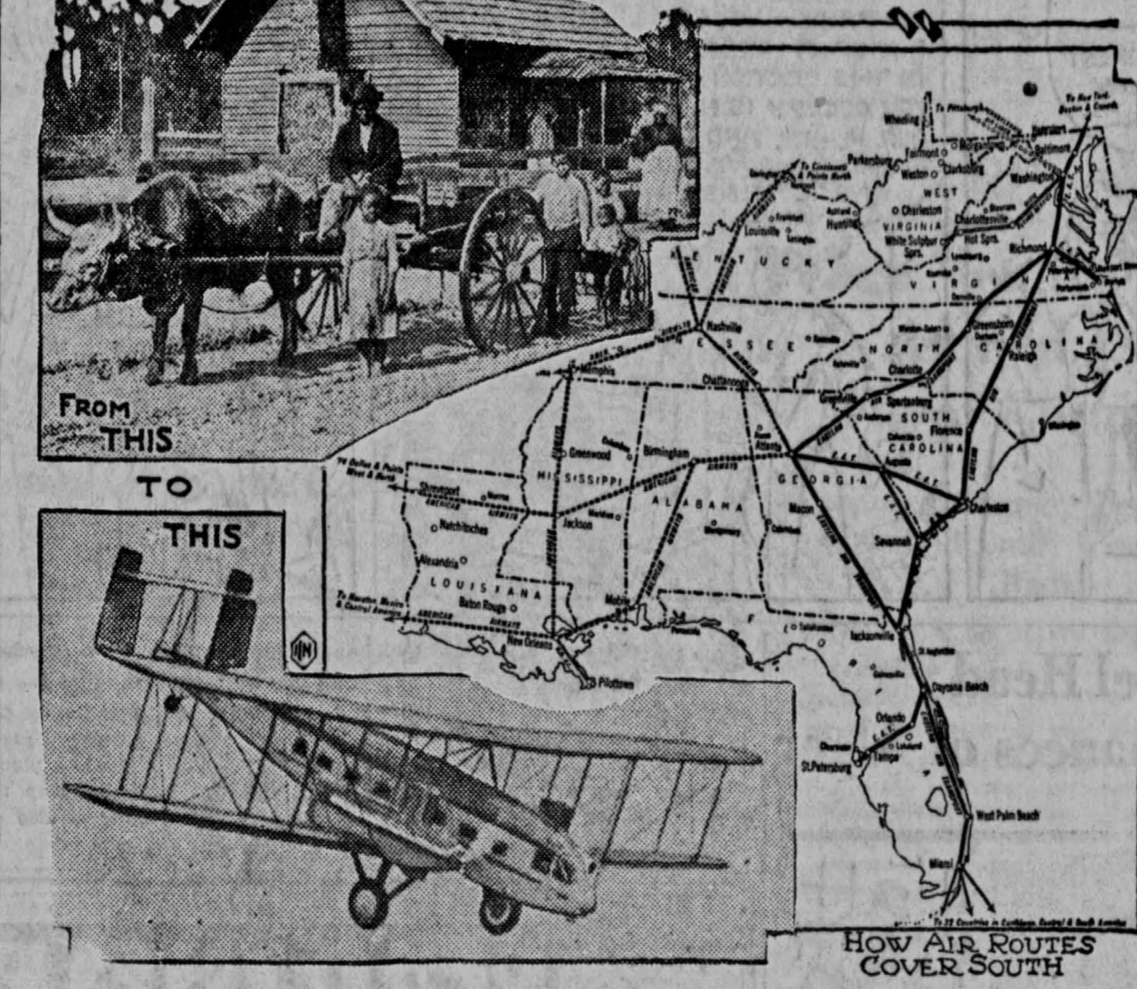

MILWAUKEE, March 30 (AP)—The health department has designated Edwin Thompson of Chicago a "one-man smallpox plague." He made a tour of Milwaukee and left a trail of vaccination scars behind him.

A magazine solicitor, Thompson rang many doorbells and even entered the health department offices. Then he became ill with smallpox and today was taken to the isolation hospital. Health officers are attempting to trace Thompson's routes, an effort in which he is assisting, to warn citizens of possible contagion.

### "Slow" South Keeps Pace in Aviation

WASHINGTON—Not since the Civil War has the South been so aroused! It's all up in the air. And air transport is what turned the trick.

Gone the way of all fallacies, the idea that the country below the Mason and Dixon line is backward. It has been blown sky high. If anybody still thinks the south is languid, the U. S. Department of Commerce report that it's busily concentrating on air transport, the fastest mode of travel, should quickly allay any false impressions.

The old South might have preferred lolling to flying, but the modern generation thinks less about hopping aboard a comfortable cabin plane and winging several hundred miles on a business or pleasure trip than when Grandpappy debated the advisability of driving to the next town only a "hoot and a boiler" away.

Aerial shopping expeditions are arranged by women, their youngsters fly home from school, travel to and from Florida resorts by air liner is becoming more pronounced every year. People are emulating birds in flying South during the fall

and winging north in the spring. With one-fifth of the population of the United States, 12 southern states and the District of Columbia are producing one-fifth of the air transport business of the country. But the air-enthusiast south doesn't stop there. Intent on building its air lines on a sound basis, these same states have laid out and equipped one-fifth of the airports and intermediate fields of the United States. No matter what the supposed greater energetic north or West do in promoting air transport, the South matches every step.

Aerial progress in the South is graphically illustrated by reports of the Aeronautics Bureau of the Department of Commerce and corroborated by Eastern Air Transport which, serving the Southland with travel at two miles a minute, is in the strategic position of witnessing first-hand just how enthusiastically the South has taken flying under its wing. The largest air liners in the U. S., 18-passenger Curtiss Condors, help keep the South aloft.

Atlanta, a leading air terminus of the South, is only five hours and a half by plane from Akron, 654

miles distant; Nashville is brought within two hours of Atlanta, even though it is 210 miles away, while Jacksonville and St. Petersburg are linked by air transport in two hours and 10 minutes, although they're 251 miles apart. One can now breakfast in New York or Chicago and eat his dinner in Atlanta.

Such service as this, rendered day in and day out, is so heavily patronized by descendants of the old Southern "colonels" that if this admirable but out-of-date type of character were to return he wouldn't recognize his own country or people. Department of Commerce records indicate that many communities which now only see transport ships sailing above them are bending every effort to build landing fields to lure the air liners into their port. Such interest in traveling at the fastest rate of speed not only refutes the ancient wheeze about the south being slow, but it clocks the tempo at which the new South is working and playing.

One hundred and seven Southern cities now boast airports with fifty-four other commercial and intermediate landing fields in use.

### Couzens Says Treasury Will Lose on Rails

WASHINGTON, March 30 (AP)—An enormous loss to the treasury or government ownership of railroads was predicted by Senator Couzens today as the eventual result of the reconstruction corporation's policy on loans to the carriers.

Vigorously criticizing the recent \$12,800,000 advance to the Missouri Pacific, approved "with some reluctance" by the interstate commerce commission, Couzens remarked that half the loan was to meet taxes and operating expenses. On the other hand, he said, the intent of congress was that loans to the railroads be for refinancing purposes or for meeting maturities.

He estimated that applications for railroad loans before the reconstruction corporation total \$954,000,000. He said that of this total \$72,000,000 was in behalf of the Van Sweringen lines. "There is also listed among the applicants," he added, "a number of railroads that are already in default to the government for loans made under the transportation act of 1920."

### Receivership Halted by Supreme Court

ST. LOUIS, March 30 (AP)—An order of the state supreme court today halted temporarily receivership proceedings against the Missouri State Life Insurance company, largest company of its kind west of the Mississippi river.

The order was asked by Jerome F. Dugan, St. Louis attorney and small stockholder in the company, shortly after two temporary receivers had been appointed.

Plan Medical Courses  
Twenty-five courses will be presented in the college of medicine during the University of Iowa's summer session. Students may receive instruction in anatomy, bacteriology, physiology, hygiene and preventive medicine, and biochemistry.

### Oklahoma in Lead for Jobs Since Feb. 15

NEW YORK, Mar. 30, (AP)—Oklahoma led 39 states as they ran the total jobs found for unemployed Americans since Feb. 15 to 38,200.

Twelve Oklahoma communities contributed 2,893 of the day's total of 12,464. Minnesota continued to lead the nation in the campaign, directed by the united action of the American Legion, its auxiliary, the American Federation of Labor and Association of National Advertisers. It sent its total to 34,625 jobs found in 70 communities.

The day's report showing in parentheses totals for each state since the campaign started included: Minnesota (34,625) Breckenridge,

### Girl Scouts Select Corporals, Patrol Names at Meeting

Patrol names and corporals of the Girl Scouts' troop 9 were chosen at a meeting in the Presbyterian church, Tuesday, at 4:30 p.m. The leader is Betty White, assisted by Mrs. Paul Risely.

The patrol names and corporals are: Patrol 1, Watika, corporal, Betty Bowen; Patrol 2, name not chosen, corporal, Ruth Casander; Patrol 3, Badger's patrol, corporal, Virginia Tomlinson; Patrol 4, Dawn patrol, corporal, Patty Maruth. The troop name is "Swastika", and the colors, blue and silver.

Troop 1 met Tuesday at 4:30 p.m. at the Episcopal parish house under the supervision of Maxine Schlanbusch. Kathryn Reeds and Evelyn Smith passed the second class signaling tests.

### Crop Failure Rumors Give Aid to Prices

CHICAGO, March 30 (AP)—Assertions that western Kansas and adjoining territory would not produce half as much wheat as last year gave brisk upturn to grain prices today.

It was contended favorable conditions from now on would be needed to result even that well. The region has a 1931 harvest of more than 200,000,000 bushels, but increasing complaints of crop damage focused attention on likelihood of big losses.

Wheat closed stronger, contrasting sharply with earlier setbacks, and at 1-2 to 1 cent above yesterday's finish, with corn 1-1/2 up, oats 1-4 to 3/8 advanced and provisions unchanged to 7 cents down.

Adding to the momentum of the late upward trend of wheat values was expectation that monthly unofficial crop summaries to be issued Friday would prove bullish.

Dispatches told of terrific dust storms, especially in western Kansas and western Nebraska, reducing crop prospects at some places to an extent seldom equaled.

Corn and oats paralleled the action of wheat. Provisions slanted downward with hog values.

Closing indemnities: wheat—May 53 7/8 to 54, 55 1/2 to 7-8; July 56 1/2 to 57, 58-58 1/2; Sept. 58 1/2 to 1-2, 60 1/2 to 1-4. Corn—May 56 1/4, 37 1/4 to 1; July 39 1/2, 40 1/2; Sept. 41 1/4, 42.

### Presbyterians Will Have Dinner, Meeting

The congregational dinner of the Presbyterian church will be held tonight at 6 o'clock. The annual business meeting will also be held at that time.

Following the meeting and dinner, the Rev. W. P. Lemon will give readings from "The Servant in the House" by George Rann Kennedy. Mrs. Wayland Hicks will sing.

### Gangster Put Back on List

CHICAGO, March 30 (AP)—Criminologists erased Leo Mongoven's name from the roster of dead gangsters today and put it back on the list of "public enemies."

Mongoven survived the 1929 Moran massacre. The next year he had a brush with Capone gunmen and was reported to have been "taken for a ride."

Police and the Chicago crime commission, author of the original list of 28 "public enemies" considered Mongoven dead.

Two weeks ago Sergeant Frank Burke died. He was to have been the principal witness for the state in Mongoven's trial on charges of carrying concealed weapons in May, 1930.

Today Mongoven surrendered to face the old charge, confident the case would fall down. He said he had given up the gangs and has lived quietly in nearby Antioch, Ill., since then.

He made bond on an old vagrancy charge and the case was continued to April 22.

### Officials Question Man in Connection With Wife's Death

GRAND ISLAND, Neb., Mar. 30, (AP)—Carl R. Culbertson, 45, was held in jail here tonight for investigation in connection with the slaying of his wife last Sunday, but county authorities said they would not resume questioning him until late tomorrow.

His eleven year old daughter also was detained, but the officers declined to say where she had been taken and when, if any, further questioning of her would occur. The authorities were working on other sources of the case tonight.

Mrs. Culbertson, 43, was killed by a shot from a 12 gauge shotgun.

William Behnke, 23, of Pacific Junction, explained the construction of the Cascade tunnel, and Albert O. Behnke, 24, of Davenport, gave a talk on "Telephone transmission tests and measurements."
