France Gets New President as Premier Tardieu Hands in Resignation of Cabinet

Lebrun Chosen as Chief by Overwhelming Majority

PARIS, May 10 (AP)—France gained a president today and lost a premier.

Albert Francois Lebrun, 60, a mining engineer and the son of a farmer, was elected president of the Republic by an overwhelming majority of the senate and chamber of deputies meeting in joint session at Versailles.

ALBERT FRANCOIS LEBRUN
—From Farm to Palace.

Receives Resignation

On his way back to Paris, Lebrun received the resignation of the ministry, headed by Andre Tardieu. At the request of the president, Tardieu said he would remain in office on the understanding that a new cabinet would be formed by June 4. The new chamber of deputies meets June 1.

As soon as the election ceremony was completed, Premier Tardieu turned over the executive powers to the new head. Then Lebrun hastened to Elysee palace in Paris where he bowed before the bier of Paul Doumer, his assassinated predecessor.

Expresses Condolences

After expressing condolences to Mme. Doumer, the new president went to the tomb of the unknown soldier at the Arc de Triomphe where he placed a wreath. His route was lined with cheering crowds.

There was virtually no opposition in the joint senate and chamber session to the brisk little man whose service as president of the senate had put him in line for the most highly prized gift of the French people. He received 633 out of 767 votes cast.

Iowa Senator Favors Bonus

DES MOINES, May 10 (AP)—Declaring himself in favor of cash payment of the soldiers' bonus, Senator Smith W. Brookhart tonight opened a two day speaking program here in behalf of his renomination in the Republican primaries when he addressed the annual convention of the Iowa department of disabled American veterans.

"No good American can deny the cash payment of the bonus to the soldiers who risked their lives for their country," the senator declared. "I introduced the first bill for the cash payment of the soldiers' bonus, afterward it was modified and passed giving them the right to loans for about one half," he continued.

"I have re-introduced my bill for the cash payment of the remainder of the bonus and the cancellation of these loans. There are nearly 1,000,000 unemployed veterans, and to me, it is an outrage that the government does not pay them the bonus it admits it is owing to them."

Bonus Sponsors Appeal to House Rules Committee

WASHINGTON, May 10 (AP)—Cash bonus sponsors today appealed the adverse decision of the ways and means committee to the powerful house rules committee.

A resolution seeking to give his bill a special legislative status was introduced by Rep. Patman approval of his resolution by the rules committee was the only hope of obtaining a house vote before the political conventions in June.

Representative Bankhead, a member of the rules committee, said he was aware of no precedent for granting a rule on legislation rejected by another committee.

Ames Man Dies of Injuries in Accident

DES MOINES, May 10 (AP)—Injured two weeks ago in an automobile-interurban crash here, Bane J. Davis, 38, Ames cafe owner, died today, bringing to four the number of victims in the accident.

Margaret Nugent, 21, Des Moines, and O. W. Larson, 37, Ames, were killed, and Peryl Ann Le May, 21, Des Moines, died of injuries a week ago.

Fall at Home After Release From Prison

SAYS TIME WILL PROVE
VALUE OF NAVAL OIL
RESERVE PLAN

THREE RIVERS, N. M., May 10 (AP)—Time will vindicate the naval oil reserve plans he made while secretary of the Interior, Albert B. Fall declared at his ranch home here after his release yesterday from the New Mexico state penitentiary.

Propped up in an old-fashioned four-post bed, he received a reporter and made his first public utterance in nearly a year.

Prison Life

He discussed his prison life with a tinge of humor and went over the past in great detail.

"If the Chinese and Japanese situation had continued and we had become involved, we would have found out, damned soon, the value of the Honolulu oil base I championed," Fall said.

"We need something like that war scare to wake us up. We let everybody in ahead of us and then we act. My children and my grandchildren will live to see the day when my judgment will be vindicated."

Ten Months, 19 Days

Referring to his experience in the New Mexico prison, where he served 10 months and 19 days of a year and a day sentence for accepting a bribe from Edward L. Doheny in connection with leases of the naval oil reserve, Fall said:

"I'm weak and thin. I lost 30 pounds while I was up there. They treated me well—as well as a prisoner could be treated. I was not accorded any special privileges."

Funny Things

"There were many funny things about my stay there. I was to be treated like all other federal prisoners. There was only one other federal prisoner—a Navajo serving a sentence for horse stealing."

"I have paid my debt to society and I'm glad to be out; glad to be with my family again. Everything will come out in the washing. Let time wipe out the bitterness and differences."

Compliments Warden

Fall paid a compliment to Warden Swope, whom he referred to as a fine man, and made a sarcastic thrust at the warden's refusal to release him until the supreme court of the District of Columbia had amended his commitment in reference to the fine of \$100,000 imposed upon him in connection with his prison sentence.

Seek to Clear Release

Mrs. Fall, interrupting the interview, revealed she had telephoned her lawyer in Washington Monday in an effort to clear up the question concerning her husband's release.

The family observed a holiday tour while Fall rested before resuming his journey to his home in El Paso.

Wood's Portrait Honored

DES MOINES, May 10 (AP)—Grant Wood's portrait of himself was voted the most popular painting among a group of self-portraits by Iowa artists on exhibit at the city library. Wood is from Cedar Rapids.

Junior C. of C. Elects Davis as President

Adopting Constitution, By-Laws Finishes Organization

The Junior Chamber of Commerce came into active existence last night with the election of officers and the adoption of a constitution and by-laws. Final organization of the Junior Chamber was completed at a 6:30 dinner last night at the Jefferson hotel.

Richard C. Davis was elected president; Russell Beason, secretary and treasurer; J. F. Fairbank, executive vice president; Richard Boyles, vice president in charge of programs for meetings; Dan Dutcher, vice president in charge of meetings, and William C. Hageboeck, recorder.

Board of Directors

D. C. Nolan, Robert Leinbaugh, Graham Dean, Perry C. Oakes, Paul Toomey, and Waldo Geiger were elected to serve as the board of directors of the Junior Chamber.

W. B. Gipple and Harold F. Reedquist were elected to meet with the board of directors of the Senior Chamber of Commerce and to serve on that board.

The term of office in all positions begins at the time of election and ends Jan. 1, 1934, when another election will be held. The Junior Chamber is to work in cooperation with the Senior Chamber in its civic activities. It will meet on the first and third Tuesday of each month.

First Meeting

The first plans to organize a Junior Chamber were made at a meeting on April 22. At that time temporary committees were named to complete plans for the organization. Since then the membership has risen to 75, with applications and inquiries indicating that it will go well over the 100 mark.

Alberta Haynes was the special entertainer at the dinner.

Judge Annuls Dolly Wedding

Bride Says Marriage Only Jest Among Friends

ROCK ISLAND, Ill., May 10 (AP)—Judge Leonard E. Telleen today annulled the marriage of Edward Lee Dolly of Rock Island, University of Iowa football star, and the former Betty Louise Hoffman of Moline.

The bride testified that their wedding was only a jest among friends. The only other witness, Walter L. Criswell of Rock Island, at whose home the marriage took place last March 11, said that the girl star had no intention of marrying when they came to pay a visit.

The party talked of the Criswell's elopement, Criswell testified, and in fun it was suggested that Miss Hoffman and Dolly be married.

The suit was filed by Sinnett and Britton, local representatives of the bride, and was uncontested by Dolly, who was represented by his father, Edward T. Dolly.

Mrs. Dolly was given the right to use her maiden name.

Commencement to Begin With Supper

Two luncheons, a supper, and a breakfast have been scheduled as part of the University of Iowa's seventy-second Commencement program.

The Commencement officially will open June 2 with a supper at which about 1,000 guests probably will be served. Then, June 5, members of the Mortar Board, senior honorary society for women, will entertain alumnae members at a breakfast.

All classes will conduct reunions at a luncheon June 4. As the closing event of Commencement, tribute will be paid June 6 to Prof. Bohumil Shimek for his 50 years of teaching service.

Gun Wounds Fatal to College Student

MT. PLEASANT, May 10 (AP)—Robert Campbell, 18, student at Iowa Wesleyan college here, was fatally wounded today when a gun carried by William Truesdall, 19, his hunting companion, was accidentally discharged.

Budget Battle Roars Again in Congress

Billion Dollar Tax Bill Under Consideration by Senate

WASHINGTON, May 10 (AP)—The battle for higher taxes and more savings to balance the national budget roared again today in both houses of congress.

As the senate prepared to take up the compromise billion dollar tax increase bill later in the week, a special economy committee headed by Chairman Jones of the appropriations group was established to frame a bill to reduce government expenditures by \$20,000,000 or more.

\$24,000,000 Slash

The house, meanwhile, saw a scrap over a \$24,000,000 slash in appropriations for the army. Secretary Hurley and General Douglas MacArthur, chief of staff, protested the cut would impair the national defense, particularly as it would necessitate reducing officer personnel by 2,000.

Rep. Collins of Mississippi, Democratic chairman of the appropriations sub-committee on the war department bill, supported the cut. He contended the army was following obsolete practices.

Glass Huris Charges

Appealing for passage of his bank reform measure in the senate, Senator Carter Glass, Virginia Democrat, charged "some congressmen" had been hired by the "Loop banks of Chicago" to oppose the branch banking, he added, would have prevented numerous bank failures in the Loop district.

Against Bonus Bill

After Acting Chairman Crisp of the house ways and means committee informed the house that his group's action in reporting adversely on the cash bonus bill meant a vote was improbable at this session, Representative Patman, Democrat, Texas, author of the measure, offered a resolution appealing to the rules committee to permit floor consideration of the measure.

Candidate for Senate Talks About Iowa's Economic Situation

MARSHALLTOWN, May 10 (AP)—W. G. Krasch, candidate for the Democratic nomination to the United States senate, addressing a rally at the auditorium today, said there was but one issue in the present campaign, "the rebuilding of Iowa's broken down economic system."

Declaring for an expansion of credit based upon increased currency circulation, he pointed out that the increasing value of money has destroyed property values and normal business expansion resulting in curtailed consumption of farm products and destruction of assets.

He declared for more economy in the national government by eliminating useless bureaus and withdrawing the government from private business, and recommended the immediate reduction of tariffs to reopen international trade.

Military Head Gets Rifle Teams Awards

Five individual medals and a plaque, symbolic of runnerup among middlewestern universities and colleges, given by Publisher William Randolph Hearst, have been received by Lieut. Col. Converse R. Lewis, for award to the University of Iowa rifle team.

This is the second consecutive year that the Iowa team has taken this trophy. Winners of the individual medals were A. W. Eckhardt, C. J. Muscatine; R. C. Ellis, D. S. Sloux City; M. W. Heslett, C. S. Sanborn; G. A. Ammann, A. J. Boonton, N. J., and Vincent Allison, E. J. of Osceola, Mo.

Judge Sentences Man for Robbery, Shooting

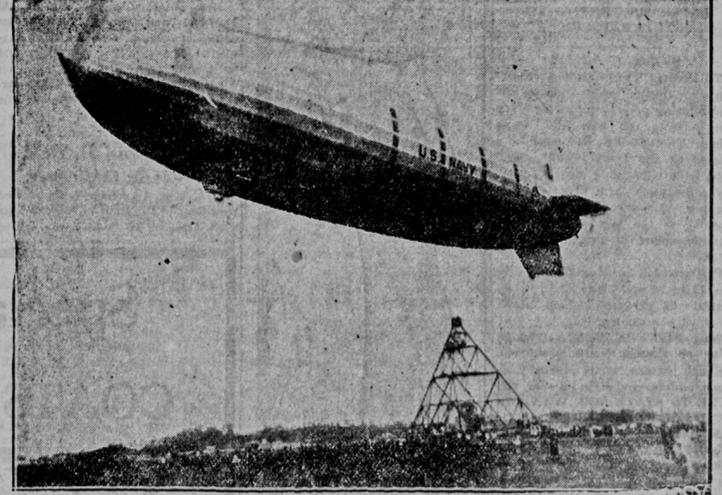

LE MARS, May 10 (AP)—James Kelley today was sentenced by Judge O. F. Thomas to 25 years imprisonment in Fort Madison penitentiary for robbery with aggravation.

He was found guilty of shooting William Lammers, a farmer, recently in what authorities believed was a liquor hijacking attempt.

Held as Robbery Suspect

SIOUX CITY (AP)—Norman Duncan of Chicago was held here for postal authorities on suspicion that he was implicated in postal robberies at Sheridan and Iowa Falls, and Clinton, Mo.

AKRON BRAVES STORMS ON FLIGHT

Nurses Group Head Predicts Successful Campaign for Funds

A successful outcome of the Visiting Nurses association's drive for funds was predicted by Leo Kohl, president of the association, at a business meeting last night in the City hall.

Although reports were coming in every day no exact figure as to the amount of funds collected thus far was obtainable, Mr. Kohl stated. Reports which were to have been received last night failed to arrive, thus making approximate figures impossible to get, he said.

Campaign of Dry Forces Closes Here

Daniel A. Poling Talks to Mass Groups on Final Day

The Allied Campaigners concluded a two day campaign in Iowa City yesterday with addresses by Daniel A. Poling and Oliver W. Stewart at 7:30 p.m. in the Methodist church.

A 12:15 luncheon was also held at the American Legion Community building at which Mr. Poling spoke. Following the luncheon a mass meeting was held in the Methodist church.

Non-Partisan

Mr. Poling, in his speech at the American Legion Community building said, "Our organization is non-partisan in its political character, but the sentiment that has been enrolled and organized will unmistakably have a powerful reaction upon the national political conventions of June."

Ira Landrith, addressing a mass meeting at the Methodist church, said, "Prohibition is the law; it is a good law and it will not be repealed; therefore it should be observed, and it must be enforced."

Explaining the activities of the Allied Campaigners, he said, "We are undertaking to visit every political capital and commercial center in continental America to organize the friends of law and order and to tell the truth from the house-tops to the end that the next referendum, like all the others since 1920, shall elect a dry congress and a president committed to obeying and enforcing the law."

Stresses Prohibition

Mr. Poling, in his evening address at the Methodist church, said, "We recognize the fact that there are honest and patriotic citizens who are opposed to our position. We shall strive to lift our campaign above personalities. We do not believe that prohibition is the only issue or that candidates or parties should be nominated and elected merely because they favor the eighteenth amendment."

Oliver W. Stewart gave an address at the same meeting comparing the political difficulties of today with those of Washington's time.

WEATHER

IOWA: Generally fair Wednesday; Thursday increasing cloudiness; slightly warmer in central and east portions.

Naval Dirigible Akron Ends Flight Over Texas; Storm Causes Delay of 14 Hours

EL PASO, Texas, May 10 (AP)—Driven over southwest Texas by inclement weather of many varieties, the naval dirigible Akron finally completed its hop over the lone star state at 7:25 p.m. (MST). It had been delayed 14 hours.

Starts at Lakehurst

The ship, enroute from Lakehurst, N. J., to California for navy maneuvers, had backed head winds, been driven back by violent electrical disturbances, surrounded by thunderstorms, halted by poor visibility over towering mountain peaks, and finally impeded by a sandstorm near El Paso.

As the air fleet's giant moved west into New Mexico, its path remained hazardous. It flew a zig-zag course through a mountain pass west of El Paso, apparently finding the going difficult against a strong wind.

Makes Progress

Over more than half of the 800 mile air trial across Texas, the craft made good progress. It entered Orange at 12:45 p.m. (CST) yesterday, and was at San Angelo, by 10:30 o'clock last night.

Then the trouble started. The ship had run through thunder showers between San Antonio and San Angelo but it had made good time.

Thunderstorms

The thunderstorms increased in intensity, however, and the commander reversed his course, hovered over San Angelo for a time, giving residents the impression he might be forced to land the ship, then turned southward. Daybreak found it at Langtry far southwest of San Angelo on the Rio Grande.

Everything appeared to be going serenely as the ship headed towards the mountains east of El Paso. The ceiling was low, however, and the dirigible turned back, remaining over Toyah for some time. Finally, late this afternoon, the visibility improved and the craft sailed majestically over the range.

Last Obstacle

Its last Texas obstacle was a west Texas sandstorm within 10 miles of El Paso. The dirigible was forced to retreat until the storm had subsided. The ship thus required 22 hours to travel from San Angelo to El Paso, a distance of only 379 miles.

New Grafting Charge Faces Gaston Means

WASHINGTON, May 10 (AP)—Another wealthy and socially prominent woman was listed tonight as a possible victim—to the extent of \$100,000 or more—of the suave representations of portly Gaston B. Means.

Only a few hours after he had been indicted on charges that he swindled Mrs. Edward B. McLean of Washington out of \$104,000, by promising to return the Lindbergh baby, authorities were investigating allegations that he got that much or more from Mrs. Finley Shepard of New York, the former Helen Gould.

The Lindbergh baby, however, did not figure in the new development. The story, hinted at by District Attorney Leo A. Raver, while arguing over Means' bond in the McLean affair, was that Means was paid by the New York woman after he represented that he could give her information on communist activities which might threaten her daughter or her fortune.

Rover told Justice James M. Proctor while arguing that Means' bond should be fixed at \$100,000 that there was "very serious possibility" that a criminal charge might result from the second investigation. He added it "does not concern the Lindbergh baby" and no more.

Find Pals of Capone Guilty of Conspiracy

CHICAGO, May 10 (AP)—State Senator Dan Serritella and his colleague, Harry Hochstein, the political pals of the Capones, were adjudged guilty today of conspiring to let Chicago merchants cheat their customers of millions by short weighing.

The jury led to Judge James J. Kelly the penalty they must pay for the illicit wealth gathered from storekeepers whose violations they "winked" at.

Junors Lenient

But the jurors picked the most lenient of the four possible verdicts against the former city sealer and his deputy, appointees in the cabinet of former Mayor William Hale Thompson. The misdemeanor count they chose carries a maximum sentence of one year in the house of correction and a fine of \$2,000. It may be as low as a single day in jail and \$1 fine.

"Donations"

The defense had called the Serritella fees "donations" toward Christmas baskets.

Motions for new trial were made, and the defendants remained free under \$2,500 bond. Judge Kelly said he would impose sentence May 20.

No Change Reported in Dalbey's Condition

The condition of Jasper K. Dalbey, 41 of Mt. Ayr, who was struck by an automobile Sunday was reported still unchanged by hospital authorities last night.

Dalbey, a pledge of Sigma Chi fraternity, is in a serious condition in the Mercy hospital with three fractured ribs and severe lacerations of the body.

Owen Young Boosted for White House

New York Group Would Send Walker to U. S. Senate

NEW YORK, May 10 (AP)—Four outstanding New York Democrats were linked together today in political prognostication which came on the heels of Franklin D. Roosevelt's victories in Arizona and Wyoming.

Roosevelt's campaign managers are counting on the votes of at least of New York state's 94 delegates, but the Tammany hall support, under the lineup being suggested in some quarters would be thrown to the following candidates:

For president—Owen D. Young.

For governor—United States Senator Robert Wagner.

For senator—Mayor James J. Walker.

For mayor—Alfred E. Smith.

The name of Owen D. Young, repeatedly mentioned as a "dark horse" if the national convention deadlocks, was brought up again when it was learned he, Smith, and John W. Davis, 1924 standard bearer, will be joint guests of honor at a Democratic dinner May 17.

Ready to Present Young

Although it was stated incorrectly the dinner had been called solely in connection with Democratic victory fund campaign, friends of Young were quoted as saying they are prepared to present Young's name to the convention if Roosevelt fails to get the 770 votes necessary for nomination.

While speculation continued as to whether there might be any pre-convention political significance to the Young-Smith-Davis gathering, Roosevelt's close associates pointed out they had not received invitations.

"No Deals," Say Smith

At Smith's office the suggestion to throw his convention strength to young drew an assertion that Smith is still a candidate for the nomination himself and has planned no "deals."

Young has been mentioned as a possible favorite of Tammany hall, which will decide its stand after its delegation gets to Chicago.

Hoover, Roosevelt Gain in Ohio Vote

(By the Associated Press)

President Hoover and three contenders for the Democratic presidential nomination—Franklin D. Roosevelt, George White, and Speaker Garner—were the gainers in yesterday's presidential primaries in Ohio and West Virginia and state and county conventions in Tennessee, Wyoming and Texas.

Before the votes were counted, Governor White, Ohio's favorite son, was assured of 45 of the state's 52 Democratic delegates to the national convention. His complete slate had opposition from only one delegate candidate favoring Newton D. Baker and six pledged to Peter Witt of Cleveland, but in reality supporters of Alfred E. Smith.

Governor "Alfalfa Bill" Murray of Oklahoma, had no opposition for the Buckeye state's Democratic preference vote, which does not bind the delegates.

In West Virginia, Governor Roosevelt, now leading the Democratic nomination field with 45 pledged and claimed convention votes, was picked by state organization leaders to win most if not all of the state's 16 delegates. Roosevelt and Murray contested for the preference vote which, like in Ohio, does not control the delegation's choice of a presidential nominee.

Fifty-one of Ohio's 55 Republican delegates were pledged to President Hoover and without opposition. The four others were contested by a quartet pledged to former latter, with Mayor Jacob S. Cox, Senator France of Maryland, the ey of Massillon and Olin J. Ross, Columbus attorney, were on the preference ballot.

Reduce School Salaries

DAVENPORT, May 10 (AP)—Salaries of athletic and public speaking coaches in Davenport schools were reduced 10 per cent by the school board which reapportioned the 339 teachers now serving.

Relief Corps Gives Revue of Fashions

Feature Costumes of Colonial Days to Present

A "Fashion Revue," featuring costumes from colonial days to the latest pajama ensembles, was presented before 65 members of the Woman's Relief corps at its annual 25-year members' meeting yesterday afternoon at the American Legion Community building. Each May, women who have been members of the corps for 25 years or more are in charge of the program. This year's entertainment was under the direction of Mrs. Tena Holubar, assisted by 20 senior members.

Starting the fashion parade was Mrs. Louise Slavata, attired in a gown of the late nineteenth century. She sang three numbers, a Czechoslovakian, a German, and an American song. Following, the four oldest members of the corps were introduced. Mrs. Emily Hughes, Mrs. Margaret Davis, Mrs. Maria Fischer, and Mrs. Clara Crain, while a verse of "Auld Lang Syne" was sung by a chorus consisting of Mrs. Anna Parizek, Mrs. Cassie Johnson, and Mrs. Libbie Parizek, who sang during the parade of each model in the revue. Mrs. Feryl Bane played the piano accompaniment.

Encore Given

An encore number was given by Mrs. Slavata, assisted by Mrs. Genevieve Hill attired as a page. Mrs. Crain, Mrs. Clara Slavata, Mrs. Louise Trundy, Mrs. Josie Moore, Mrs. Carrie Chapman, and Mrs. Ida Elliott. The stunt was concluded by the singing of the "Iowa Corn Song," while ears of corn were held aloft by the group.

Mrs. Della Marble entered, attired as the "Belle of the Ball," while the chorus sang "After the Ball is Over." Mrs. Lilla Prince as the "Merry Widow," paraded to the "Merry Widow Waltz." Mrs. Louise Trundy was "Mother," and sang "Where is My Wandering Boy Tonight?" "Flappers" of 1932 were represented by Mrs. Lydia Schillig and Mrs. Hill, who performed their stunt to the music of "Rings on Her Fingers." They were introduced by Mrs. Holubar.

Colonial Maidens

Reverting again to olden days, a group of colonial maidens passed in revue, while "The Old Gray Mare" was sung. They were Mrs. Virginia Lorenz, Mrs. Clara Weber and Mrs. Tena Holubar. Concluding the program, was a parade by all 25-year members, while the chorus sang "I Would to Join this Army."

Specialty piano-accompaniment numbers were played by Mrs. Bane.

Mrs. Louise Slavata was elected chairman of the 25-year members for the coming year at a meeting of the senior group. A general business meeting of the corps was also held. Plans were made to make wreaths for Memorial day on May 26, 27, and 28 at the city hall. All-day sessions will be held on each of the days.

Refreshments were served at the close of the afternoon by the senior members, with Mrs. Holubar in charge.

Rebekahs to Observe "Homecoming Night"

"Homecoming night" will be observed by the Iowa City Rebekah lodge No. 416 by a pot-luck supper at 6 p.m. in the Odd Fellows' hall. There will be a business meeting at 8 p.m. to be followed by a program. The first part of the program will be in honor of the mothers. The second part will be a short play, "Womanless Wedding."

The members of the committee are Mrs. Roy L. Mackey, Mrs. Cora Anthony, and Mrs. Ethel Frenzen.

Luther Brewer, First Iowa Journalism Instructor, Will Present Keys to 3 Seniors

More than 30 years ago, in 1901 to be exact, Luther Albertus Brewer, then publisher of the Cedar Rapids Republican, drove over to Iowa City twice each week in his horse drawn buggy and taught the rudiments of journalism to University of Iowa students. That was the first journalism instruction the university had known.

In 1922, Mr. Brewer sold the Republican and devoted his time and efforts to his publishing concern, the Torch Press, and to his collection of rare and beautiful books. In 1924, he replied favorably to a suggestion from Prof. Fred J. Lazell of the school of journalism, that three keys be awarded by him annually to the senior journalism students showing high scholarship and great promise of success in the newspaper field. Only two exceptions have occurred, in 1928 when four keys were awarded, and last year when only two seniors were recipients.

Present Keys Today

This afternoon at 4:10, Mr. Brewer will present the three keys for 1932, for the first time in person, at the joint Presentation day ceremonies in the newsroom of The Daily Iowan.

Known as one of the best makers of fine books in the United States, Mr. Brewer prints books for the Bibliophile club of New York. He also prints the Classical Journal, of which Prof. Roy C. Flickinger, of the University of Iowa classical languages department is editor.

Brewer's collection of the works of Leigh Hunt, English poet, is, according to Professor Lazell, the largest and most complete in the world. Mr. Brewer is now completing a volume about the poet, and

has written books about poets associated with Hunt.

Lover of Books
Deeply interested in books, Mr. Brewer included appreciation of good books in his early journalism courses in the university.

He is national treasurer of Phi Gamma Delta fraternity. He graduated from Gettysburg college in Pennsylvania.

Last year's recipients of the Brewer keys were Margaret Anderson, now taking graduate work in journalism here, and Donald B. Durian, Iowa City correspondent for the Associated Press.

1930 Winners

Winners in 1930 were: Lola Moeller, now on the staff of the Coccino Sun, Flagstaff, Ariz.; Gordon G. Gauss, now part owner of the Observer Publishing company, Alabama City, Ala.; and Lois Thorburg, now feature editor of the Des Moines Tribune-Capital.

In 1929, those awarded the keys were: Harry Boyd, now editorial writer on the Cedar Rapids Gazette-Republican; James M. Long, on the staff of the Dayton Morning Journal, Dayton, Ohio; and Barbara Miller, now associated with Gallup Surveys.

Awards in 1928

In 1928, they were awarded to: Grace H. Curtis, now freelance writer in San Francisco, Cal.; Esther Fuller (Mrs. Peter Janss), art editor of the Des Moines Tribune-Capital; Virginia Gay (Mrs. Joseph Watson), of Indianapolis; and Theodore F. Koop, now head of the Associated Press bureau at New Haven, Conn.

Journalism students and faculty are invited to attend the presentation this afternoon. Tea will be served following the ceremonies by members of Theta Sigma Phi, professional journalism sorority.

Jessups to Entertain Graduating Students at Reception Tonight

President and Mrs. Walter A. Jessup will entertain all students who will graduate in June, at the traditional "Senior" reception at 8 o'clock this evening at their home, 102 E. Church street.

Candidates for advanced degrees and wives and husbands of married students have been invited, as well as those who are to receive undergraduate degrees.

President and Mrs. Jessup will head the receiving line, with Marcelle Hotz, secretary to President Jessup, presenting the guests to them. Assisting in the receiving line will be deans of the various colleges. Dean Adelaide Burge, Dean Robert Rienow, Blanche Corder, director of the school of nursing and wives of other deans will be hosts and hostesses in the parlors.

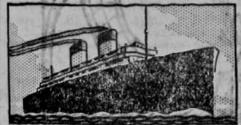

Shimek P.T.A. Will Hold School Meeting

The Shimek Parent-Teacher association will meet tomorrow at 7:30 p.m. at the school house. A musical program has been planned which will include selections on the violin-cello by Rob Norman, "Lullaby," by Brahms, "Melodie in E Minor," by Massenet, and "Cradle Song," by Phelips.

Mrs. Marie Augustine will play a group of piano solos, "May Bells," by C. Bohm, and "Solfegietto," by Bach.

Following the entertainment, a business meeting will be held, at which election and installation of officers for the coming year is to take place. Mrs. Augustine, president of the association, will preside.

NOW EUROPE is 50% nearer!

Fares are sliced right down the middle on these famous twin liners, MINNEAPOLIS and MINNETONKA. Formerly exclusively First Class... now exclusively Tourist, with accommodations unchanged. Just look at these rates!

TOURIST FARES AS LOW AS \$98 Round Trip \$172 (up)

This year a vacation in Europe costs little more than an ordinary one at home! On the MAJESTIC, world's largest ship; OLYMPIC, HOMERIC, LAPLAND and other famous liners, fares have been cut 20% to 50%. And the PENNLAND and WESTERLAND, former cabin liners, now carry Tourist at the highest class.

Karl Boemer Tells of Press in Germany

Talks on Problems of International Papers

"After reading only one newspaper, an individual is capable of forming a picture of the events in your land, while to obtain the material for a similar judgment in Germany, one would need to read at least 20 newspapers," declared Prof. Karl Boemer of the German Institute for the Study of Journalism at a round table on "Actual problems of the international press" yesterday in the senate chamber of Old Capitol.

The reasons for this statement were the concentration of the development of news; the neutrality of the press; the expression of editorial opinion; the skill exercised in the gathering of news and the cultivation of the arts of reporting and interviewing.

Makes Divisions

"Newspapers may be divided into two groups: the 'group' or 'opinion' press, which are those predominantly influenced by currents of thought, and the 'newspaper of the masses' group, which refers to those journals managed almost entirely from the economic principles, with primary emphasis on news reports."

These groups of newspapers were further divided by Professor Boemer into the "party" newspaper, the one with political inclinations, and "interests" newspapers, which obtain their political information in the form of ready-made matrices which are furnished by two politically informed and affiliated groups in the capital city, or else in the form of stereotyped or even pre-printed

sheets, which need only the name and the local news and advertising added.

French Journalism
"Party" and "interest" papers predominate in Germany, the speaker asserted. French journalism is divided into the "opinion" press and the "information" press. The papers are different from the German ones, however, in that the "information" group stresses news above all other parts of the paper. Chains of newspapers under one ownership, and the emphasis on the business end of the press were the outstanding characteristics of the English press, as outlined by Professor Boemer.

Scorers Start Work on Test Results Today

Summaries Will Show Winners of 87 Awards

Tabulators in the University of Iowa college of education today will begin their task of compiling results of the "every-pupil" contest in the state academic meet.

Their summaries will show the winners of 87 school awards and the pupils, numbering more than 1,000, who have qualified for the individual championship competition of June 6 and 7.

145,000 Tested

Prof. Everett F. Lindquist declared that about 145,000 pupils, including those who participated in several of the examinations, were tested Tuesday. The number of individuals was about 50,000, with 322 schools in Iowa and 28 in three adjacent states represented.

A total of 272 schools, he said, competed for the official awards, the others entering on a non-competitive basis to use the test results for their own information.

17 Subjects

Pupils in 17 subjects were tested. The approximate numbers included 14,000 in ninth year English correctness, 13,500 in ninth year algebra; and 12,000 in twelfth year English correctness.

Announcement of the 72 district place-winning schools will be made about May 24, Professor Lindquist declared. The 15 state awards will be made public June 7 at the conclusion of the individual scholarship contest.

Harold Hayden New Head of Library Club; Other Officers Elected

Harold W. Hayden, superintendent of the periodical reading room of the library annex, was elected president of the University Library club at a meeting of the club Monday night.

Class Vote Favors Animated Cartoons

Felix the Cat and other animated cartoons are motion pictures most in demand by children, decided Prof. J. C. Manry's class in character education problems after votes were taken on nine types of movies.

As part of the study on the influence of movies on children the class cast votes as follows: animated cartoons first with 10 votes; classical drama and scenic pictures tied for second with nine votes each. Seven were given for exploration and biographical pictures, while six were cast for musical comedies, drama showing spiritual struggle and historical exploration movies.

War pictures got one vote and the western movies ranked last with no votes.

New Building for Engineers

Plan Construction of \$40,000 Unit on Laboratory

In the absence of objectors yesterday at the public hearing on the proposed addition of a \$40,000 unit to the university hydraulics laboratory, plans for the beginning of actual construction are now under way.

The next move in the erection of the laboratory will be the advertisement for bids on the costs of erecting the structure.

The proposed laboratory will be built with funds raised entirely by the state, including rental paid by the federal government to the university for its use of the laboratory. This rental amounts to 20 per cent of the value of the work done by both the department of agriculture and the war department in the laboratory here.

The value of the work done by the federal departments has increased appreciably within the last few years, and the rental will be further increased with the advent of the new unit, since the scope of work done by the government in hydraulics will be correspondingly widened.

The value of the rental for the last few years has been from \$4,000 to \$5,000, according to Prof. Floyd A. Nagler of the college of engineering, director of the institute of hydraulic research.

Nine Junior Colleges Will Send Students for Forensic Meet

Nine Iowa junior colleges will send representatives to Iowa City this week end for the annual junior college forensic meet which gets under way Thursday night.

Debating, extempore speaking and oratory will occupy the attention of the junior college students during the two-day meet. Winners in each of the three fields have been selected in previous district competitions.

The same system which was employed in the recent high school debating finals will be used during the meet. Each school will debate each other school with the results kept secret until the final banquet Friday night. Winners in the oratorical and extempore contests will also be announced at the dinner to be given at 6 p.m. Friday at Iowa University.

Prof. Stephen H. Bush, head of the Romance languages department, Prof. Grace Cochran and Prof. Helen M. Eddy, both of the department, attended the National Confederation of Modern Language Teachers held at the Drake hotel in Chicago, May 6 and 7.

High School Group to Receive Special Forensic Training

A selected group of 64 high school speakers will receive special training in debate and declamation at the University of Iowa during the first term of summer session.

Chosen from the ranks of outstanding juniors and seniors, the boys and girls will learn more about all phases of speaking technique from June 13 to July 21.

Prof. A. Craig Baird, director of the Iowa High School Debating league and coach of university debate teams, will handle the work with the 32 debaters.

The declaimers will be in charge of Marie A. Park, also a member of the speech department faculty. Neither of the groups ever before have been assembled at the university.

In addition, all-state high school players will receive intensive training in dramatics. Because of the success of the plan during the last two summers, the number of pupils will be increased from 32 to 45. Eugene A. Davis of Cleveland, O., again will direct the group.

Classical Language Head Writes Article on Teaching of Latin

"The work and preparation for Latin teachers in Iowa," is the title of an article written by Prof. Roy C. Flickinger, head of the classical languages department, for the June issue of the "Classical Journal."

The article concerns assembled statistical data about the Latin enrollment in the secondary schools of Iowa for the current year and the one just preceding.

Professor Flickinger brought out the fact that Latin as a major and mathematics as a minor, or mathematics as a major and Latin as a minor was a popular combination and proved profitable in obtaining teaching positions in Illinois. He advised that Latin majors would now do well, so far as their tastes permit, to select their programs of study accordingly.

Professor Flickinger believes that Latin, both practically and theoretically, has more affinities with mathematics than with any other languages except English and that it runs a close second to English.

Students to Present Comedy Over Radio

"Money," a comedy by Lord Lytton, first produced at the Hay Market theater in London in 1840, will be presented tonight by the speech department over WSUI at 8 o'clock.

The lead article in the April issue of "The Bent" of Tau Beta Pi is devoted, in part, to a discussion of the work of Roland Kampmeier, E4 of Cedar Rapids, one of six engineering students in the United States to receive the Tau Beta Pi scholarship for next year.

The scholarship awarded to Kampmeier carries with it a stipend of \$750 and choice of the college or university in which he desires to take graduate work this fall. He has signified his intentions of studying at the college of engineering here.

Mr. Kampmeier is vice president of the senior engineering class alumni editor of "The Iowa Transit," and was chairman of the engineers' open house and exhibit. In scholarship he has maintained an average of 3.78, this mark having brought him to second place in his class of almost 90. He is 21 years old.

Faculty to Hear Talk

"Present day public utility problems" will be the subject of a talk by Guy T. Shoemaker, chemical engineer for the United Light and Power company of Davenport, at a luncheon of the faculty of the college of engineering at Iowa Union this noon.

Coach Vogel Drops Nelson, Fiala, Frigo, Groepper From Baseball Squad

Drager Gets Temporary Suspension

Action Hits Outfield Hardest; Practice for Badgers

Four members of the Hawkeye baseball team were dropped from the squad and another suspended by Coach Otto Vogel yesterday afternoon as the team began drills for the two game series with Wisconsin at Madison Friday and Saturday. No reason was given for the action.

The players dropped from the squad were Capt. Elmo Nelson, regular catcher; Ed Groepper, second string catcher and utility player; Wesley Fiala, first string right fielder; and Leo Frigo, utility outfielder. Frank Drager, varsity shortstop, was temporarily suspended.

Outfield Hard Hit
The outfield was the hardest hit by the action. Mike Riegert, one of the two remaining regular outfielders, will probably be out for the rest of the season with an injured ankle.

Prospective outfield replacements are Ed Christianson, one of the squad's hardest hitters but a weak fielder; Bill Riecke, regular member of the mound staff; Glenn Baker, reserve infielder; and Joe Laws, utility player.

For Groepper it was his second suspension. His first came two seasons ago on the Hawkeye squad's southern spring training trip. For two years Nelson has been the leading slugger of the team.

Javelin Thrower
This move may keep Nelson from winning his eighth major "I." He has earned major awards in football, baseball, and track. With the possible exception of throwing the javelin in the Big Ten outdoor meet and in the National Intercollegiate carnival, Nelson's removal from the squad marks the end of his collegiate athletic career. He stands out as one of the leading javelin throwers in the midwest, having taken second in the national meet last June.

Fiala, senior fielder, holds the distinction of being the fastest man on the squad. He won a major letter last year. An alternate outfielder last season, Frigo has appeared in only two games this spring.

Drager's First Season
This is Drager's first season as a varsity player. The prospect is that Jack Kotlow, reserve shortstop, will replace Drager in the Hawkeye lineup until the latter is reinstated.

The vacancy behind the plate, with the dropping of Nelson and Groepper, is expected to be filled by Christian Schmidt with Lester Gluck as an alternate receiver. Schmidt has performed considerably this spring in center field.

Yesterday's practice session consisted of a pitching workout, infield drill, and experimentation with candidates for outfield berth.

Iowa shares the Big Ten baseball lead with Michigan. The Hawkeyes have won the only conference game they have played this season—defeating Northwestern here, 13 to 10. The second contest with the Wildcats and the scheduled encounter with Michigan last Friday were rained out.

Sportively Speaking

By Bill Rutledge

Those who figured that the Chicago Cubs couldn't make much of a run for the National league pennant failed to calculate on young Lonnie Warneke. At this writing the Bruins are well established at the top by a margin of three full games. Five of their wins this season have come from the arm of this youthful hurler.

After being more or less of a bull pen pitcher for two seasons, Warneke first flashed real major league promise near the close of the 1930 season. Now he has made himself a regular Cub moundsman.

With Burrell Grimes rounding into shape for a regular turn in the box, the Cubs will have little to worry about in the way of pitchers. Grimes hurled his first ball game Sunday against the Robins and won, behind strong support, 12 to 5. Add to this the victories you can depend upon from Pat Malone, Guy Bush, and Charley Root.

Another problem that has vanished, at least temporarily from the Cub roster, is that of hitting. The brilliant young infield centering around Bill Jurgas at shortstop, Billy Herman at second, Woody English at third with the veteran Charley Grimm at first has contributed hits in a decisive quantity. Its fielding leaves little to be desired.

The trading activities of the Chicago White Sox have yet to accomplish their ends. Deals were made on a large scale with an eye towards increased hitting strength. The players the Pale Hose have castoff are clouting the ball harder than the present players. Lefty Grove holds 'em to six harmless hits.

Frosh Track Team Closes Wire Contest

Best Marks Made in 220-Yard Dash, Low Hurdles

The Iowa-Wisconsin freshman telegraphic track meet was completed at Iowa field with the running off of the last seven events. The comparative results of the two yearling teams will be known tomorrow.

The 220 yard distances in the dash and the hurdles furnished the best marks in the meet. With Harry Nehls hanging up a time of 22.5 in the sprint and Sol Mandelblatt, interscholastic 220 yard champion of New York, doing 25.5 in the low hurdles.

Capt. George Saling, running immediately after the freshmen, skinned over the 220 yard low hurdles in 23.4, 4-10 of a second over world record time. This is the first time he has run it this year and he was not pushed, as his closest rival, LaKue Thurston, was a hurdle behind.

The summaries of the Iowa places in the frosh meet follow:
220 yard dash—Won by Nehls; Henry, second; Bury, third. Time—22.5.

220 yard low hurdles—Won by Sol Mandelblatt; L. Corcoran, second; Tabb, third. Time—25.5.

Javelin throw—Won by Beauchamp; J. Miller, second; Kuhn, third. Distance—159 feet, 9 inches.

Two mile—Run for time by Schlarer. Time—10:48.
880 yard run—Won by Schlaser; Fladland, second. Time—2:10.5.

Discus throw—Won by Beauchamp; Whinnery, second; Kuhn, third. Distance—112 feet.
Broad jump—Won by Tabb; Whinnery, second; Beauchamp, third. Distance—20 feet, 3 3/4 inches.

Bucs Let Former Burlington Hurler Go

PITTSBURGH, May 10 (AP)—The Pittsburgh Pirates today announced the release of Lloyd Vernor Kennedy, young pitcher, Kennedy played with the Hazelton club of the New York-Pennsylvania league last season and was purchased from Burlington, Iowa, of the Mississippi Valley league in 1930. He was granted unconditional release.

Kansas Netters Win

LINCOLN, Neb. (AP)—Led by their star netster, Wilbur "Junior" Coen, the Kansas university tennis team defeated the University of Nebraska racket wielders, 6 to 0, here today. Hurd of the Jayhawkers won from Peden of the Huskers in the only three set match.

Cubs Whip Giants, 9-2, Behind Warneke's Pitching; A's Blank Sox, 9-0

Now in Lead by 3 Games; Infield Stars

Eleven Hits, Giants' 3 Errors Account for Victory

CHICAGO, May 10 (AP)—The Cubs increased their margin of leadership in the National league to three full games as Lonnie Warneke limited the New York Giants to five hits to win his fifth straight, 9 to 2.

The victory was Chicago's eleventh in 14 home games and it was the fifteenth time in 23 contests that Chicago's starting pitcher has gone the full route.

Receives Fine Support
Warneke seldom was in trouble and he received some fine support from the young Cub infield. In the fifth inning he walked Ott and Travis Jackson followed with a double for the first Giant run. With two out in the ninth, Terry singled, took second without a play and scored on Ott's two bagger.

Three Giant errors, along with 11 hits, were a big aid in Chicago's scoring. Sam Gibson and Harold Schumacher were the victims of all the scoring and hitting although Hy Bell pitched the last inning.

Rally in Fourth
The deciding rally came in the fourth when Stephenson, Hemsley and Grimm opened with successive singles for one run. Ott made an error and Jurgas hit a long fly that brought in a second tally. Warneke followed with a triple and scored on a squeeze play with Riechbourg after Gibson left the hill. A walk, another error and a single by English completed the rally.

A double by Riechbourg, Herman's single and English's triple brought the last two runs off Schumacher in the sixth.

Benge Muffles Reds as Phillies Cop, 4-0

CINCINNATI, Ohio, May 10 (AP)—Ray Benge muffled the big runs of the Cincinnati Reds today, scoring a 4 to 0 shutout for the Phillies and snapping a growing Cincinnati winning streak at five games.

Of the Red sluggers, only Hafey could get an extra base blow and that a close double. Lombardi, for five days a batting marvel, got only a single.

A two run drive in the third spelled the downfall for the Reds. McCurdy singled and took second as Kolp took a fielders choice, throwing to Morrissey who was not there. Bartell singled, Klein forced him sending in McCurdy and a passed ball on Lombardi brought Mallon home.

Burgoo King Will Compete in Preakness

NEW YORK, May 10 (AP)—Burgoo King, winner of the Kentucky Derby, today took a turn or two around the Belmont Park oval and retired to the honor stall in the E. R. Bradley stable, fit and ready for the \$50,000 Preakness at Pimlico Saturday.

The final word that will send the Kentucky-bred son of Bubbling Over to the post in the rich three year old feature will not be forthcoming until tomorrow. But barring an unforeseen accident, the King will be among the 10 or 12 starters in the one and three-sixteenth mile race, according to Trainer Dick Thompson.

Eugene James, the 19 year old former Louisville newsboy who rates high in the estimation of both Bradley and Thompson, probably will be up on the King in the Preakness.

Among the Stars of the Majors

Riggs Stephenson's consistent hitting for the Chicago Cubs has been one of the factors in keeping the Bruins at the top of the National league standings.

The 1930 batting champion of the National league, Chick Hafey, now with the Reds, has been slow in starting with Cincinnati.

Jimmy Dykes, Philadelphia Athletics third baseman, had a big hand in the defeat of the Chicago White Sox yesterday when he clouted a double and a homer to drive in four of his team's nine runs and score twice himself.

Bill Rogers, formerly of the Red Sox, led the Detroit attack with four hits out of five times at bat and scored four runs.

Greek Track Artists Open 3 Day Meet

The first part of the annual inter-fraternity track meet was held yesterday afternoon with five events being run off. The meet will be continued today and tomorrow.

Greedy, Sigma Alpha Epsilon cleared the bar at five feet, six inches to win first place in the high jump. The only other field event of the day, the shot put, was won by Mollenhoff, Kappa Sigma, who tossed the weight 35 feet, 4 1/2 inches.

The 100 yard dash was won by Thomas, Delta Tau Delta, in 10.8. Krumbholz, varsity basketball forward, came in first for Pi K.A. In the 60 yard high hurdles with a time of 8.5. Meyers, who placed third in the intramural cross country race last fall, paced the field of millers for Delta Upsilon, winning with a time of 5:18.5.

The summaries: 60 yard high hurdles—Won by Krumbholz (Pi Kappa Alpha); Koehn (Phi Kappa Psi) and Drew (Kappa Sigma) tied for second and third. Time—8.5.

100 yard dash—Won by Thomas (Delta Tau Delta); Miller (Sigma Alpha Epsilon) second; Dotson (Delta Tau Delta) third. Time—10.8.

One mile run—Won by Meyers (Delta Upsilon); Agnew (Delta Tau Delta) second; Crowley (Phi Kappa Psi) third. Time—5:18.5.

High Jump—Won by Greedy (Sigma Alpha Epsilon); Koehn (Phi Kappa Psi) second; Meikle (Delta Upsilon) and Krumbholz (Pi Kappa Alpha) tied for third. Height—5 feet, 6 inches.

Shot put—Won by Mollenhoff (Kappa Sigma); Gehrig (Delta Upsilon) second; Tertips (Pi Kappa Alpha) third. Distance—38 feet, 4 1/2 inches.

The inter-fraternity kiltball title probably hangs in the balance today when Phi Beta Delta and Theta Tau, both undefeated, clash. Pitching is the outstanding department for both teams. Kronick, Phi Beta Delta, and Theta Tau's Clearman will be the opposing pitchers and both are plenty good.

William Wesslink, Alpha Phi Omega's singles entry in the tennis tourney, defeated Dick Hanten, Phi Gamma Delta, to move into the third round. Hanten, who played on the winning Phi Delta team last fall, fell before Wesslink, 6-4 and 6-1.

Phi Kappa Sigma's horseshoe team went to the finals in the inter-fraternity tournament yesterday by defeating both Sigma Alpha Epsilon and Phi Delta Theta. Only Phi Kappa Sigma and Sigma Chi now remain undefeated.

The Phi Kap aggregation took two straight games to win from the Phi Deltas. The first one was won by a score of 50 to 24. In the second game the Phi Kappa Sigs came up from behind to win 50 to 46. In

Ramblers in 3-1 Victory Over Mules

Two runs in the eighth inning gave the local St. Mary's prep baseball team a 3 to 1 victory over the Mules, of University high, in a practice game at the city park yesterday.

The score was tied at 1 to 1 at the end of the seventh, the scheduled distance, and an extra session had to be played. Four hits by the Ramblers brought in two more runs, while Ralph Lumsden, St. Mary's pitcher, clinched the victory by retiring the Mule batters in one-two-three order.

Lumsden turned in an excellent performance all through the game, striking out 20 and allowing only three hits. Anceaux, Mule hurler, struck out 12, but marred his performance by allowing 10 hits.

The second affair Davis pitched five straight ringers for the winners. The Phi Delta team was made up of Sellergren and Selmer. Davis and Holmes handled the shoes for the Phi Kappa Sigs.

In their second match the Phi Kappa Sigma team eliminated the S.A.E.'s. They had little trouble in talking two games from the Sig Alpha's. Holmes and Davis pitching for the winners won handsily in the initial game by a score of 50 to 24 and took the second one by a 50 to 33 score. Rush and Wartchow pitched for the losers.

Luther Cindersmen Win
DECORAH (AP)—Scoring 10 firsts and a slam in the shot put, the Luther cindersmen defeated St. Olaf, 83 to 48, today in their first track encounter.

Rotary Club Javelin Throw Carded for Today, Tomorrow

The Rotary Club javelin throw was postponed yesterday because of the conflicting freshman and inter-fraternity meets. It will be held today and tomorrow at Iowa field.

Marks made in the interfraternity and frosh telegraphic affairs will be counted towards the contest.

The throw is sponsored by the Rotary club whose traveling cup is offered every fall and spring to encourage an interest in the sport. A mark of 132 feet by Merle Beauchamp, freshman, won the trophy last year while the best heave stands at 180 feet made by L. D. Welton, former Iowa star.

Wild Brown Hurlers Enable Yanks to Win

NEW YORK, May 10 (AP)—The wildness of two St. Louis pitchers, Irving "Bump" Hadley and Walter Stewart, combined with a few timely hits, a couple of errors and some good mound work by Southbase Vernon Gomez enabled the Yankees to defeat the Browns 10 to 3 today in the delayed series opener.

Between them, Hadley and Stewart gave 11 walks and literally tossed away the game. In the sixth inning after the Browns had gained a 3-3 tie, Hadley walked in a run. In the next frame the two pitchers gave five bases, three of which forced runs across the plate in the Yanks six run rally.

Score by innings: R. H. E.
St. Louis 000 030 000—3 7 2
New York 001 111 000—10 19 2
Batteries—Hadley, Stewart and Ferrell; Gomez and Dickey.

Lefty Grove Back in Old Time Form

Gives Chisox Batters Only Six Hits in Shutout

PHILADELPHIA, May 10 (AP)—With Lefty Grove pitching in old time shutout form, the Athletics won the series opener from the Chicago White Sox today, 9 to 0. Grove allowed but six hits, struck out five men and did not give a walk to win his fourth conquest of the season.

Jones, who pitched the first six innings, was pounded almost at will for 11 hits.

Score by innings: D. H. E.
Chicago 000 000 000—0 6 0
Philadelphia 041 003 011—9 13 1
Batteries—Jones, Gregory and Berry; Grove and Cochrane.

Sorrell Allows Two Hits; Tigers Win, 11-0

BOSTON, May 10 (AP)—Vic Sorrell pitched a two hit game for the Detroit Tigers today while his mates were making 14 hits off three Red Sox hurlers to annex the series opener 11 to 0.

Hal Rhyne, Sox shortstop, spoiled Sorrell's chances of pitching a no hit game by making the only hit off the Tiger hurler. Starting with Bob Welland, the visitors pecked away at the offerings of three pitchers before Johnny Michaels stepped in to stop the onslaught.

Bill Rogell, formerly of the Red Sox, led the Detroit attack with four hits out of five times at bat and scored four runs.

Score by innings: R. H. E.
Detroit 000 102 107—11 14 0
Boston 000 000 000—0 2 1
Batteries—Sorrell and Hayward; Welland, Lisenbee, Kline, Michaels and Tate.

"THE LOVE TRAP"

by ROBERT TERRY SHANNON

SYNOPSIS

Pretty Mary Kennedy breaks her engagement to elderly Buck Landers, wealthy sports promoter, when she falls in love with his young ward, Steve Moore. Landers tries to force Mary to marry him, but she escapes. He hires a kidnapper to kidnap her, but she escapes. He hires a kidnapper to kidnap her, but she escapes.

CHAPTER XXVI

CHARLOTTA GUIDO'S denunciation of Landers seemed to be producing a novel effect upon the man who had been so self-possessed with Mary. His face began to look a little mottled. "I—I," he stammered. For the first time, he showed hesitation and doubt. But his uncertainty passed in a flash and he threw his head back.

"You're just being stubborn and foolish. You're throwing down the only woman who cares a rap about you, and you're making a fool of yourself over one that couldn't ever care about you. It isn't even foolish—it's plain silly!"

Carlotta threw herself down on the sofa, stubbornly persistent. "The trouble with Buck is," she said, "that he's climbed up too high in the world. You got to the top in your own racket, Buck, and you're now—just balancing up on the top. It's a pretty slippery place, too, up there—things that balance pretty generally are shaky. As long as a man is climbing he's pretty sensible. I've been with you through a couple of struggles, while you were getting up there, Buck, and I was pretty good then."

"Can that!" commanded Landers. "I hate to see you ruin yourself on account of a skirt!" Carlotta went on fiercely. "I've seen guys like you take the big fall before. They get up in the cards and then they go to pieces. Rothstein got too smart for safety. And a dozen other big shots—men as big as you and bigger. And then they wonder why somebody gets 'em! Nobody gets 'em—they get themselves. Her breast was rising and falling with her shortness of breath. "I'm telling you, Buck—you better listen to Carlotta, honey. I'm the one that's standing between you and a lot of grief—the only one . . ."

Landers lit a cigar. "And the only reason I let you keep on talking," he said, "is to get it out of your system. That line won't work with me any more. I listened to it for a long time, and I gave you a lot of dough. You ought to have a chunk of it saved up—so you're quits."

"Some day you'll wish to heaven you'd listened to me," Carlotta breathed. Landers shrugged. "I'm sorry you let yourself in to hear all this, Mary," he said, "but it doesn't mean anything, after all. It's been a long time since anybody bluffed me, and Carlotta hasn't got a chance with her line. He looked at his former sweetheart with insolent eyes. "You better forget me, Carlotta. Go make a hit with Moe Levy—he always had an eye for you."

Carlotta sprang to her feet, fumbling with her hand bag. Her eyes were wide. "You can't pass me on to another man, you—"

Landers rushed at her and seized the bag from her hands; he threw it across the room and it struck on a table beside Mary.

"Don't ever try to pull a knife on me again," he cried furiously. "I'll never cash in by that route—so don't waste your time. Now get out of here!"

as well learn, sooner or later, that all this stalling isn't going to do you any good."

"It's not doing you any good, either," Mary told him coldly. Exasperation contorted his face. "All right—have your own way!" he growled. "It's true I cannot force you to marry me. You'd have to do it voluntarily, but at the same time, and never forget it, if anything goes wrong, heaven help your boy friend. That's one thing you can depend on. I'd fix him if it was the last thing I did on earth—if you crossed me."

"Start terror griping her heart, but something stronger forced her to keep her eyes level. She could only help Steve by strength, not by weakness."

"May I go now, please?" she asked quietly. Landers stared at her in silence and then flung open the door. "Nothing has changed and nothing is going to change," he assured her. "I expect my answer tomorrow."

She walked out of the apartment and the door closed behind her. Carlotta Guido was nowhere in sight—most likely she had slunk away from the hotel, beaten in her effort. But somewhere in the city, Mary imagined, the woman was nursing her hurt pride and secretly fanning her own dangerous fires.

Mary rang for the elevator and at that moment discovered she carried a strange hand bag. In a moment it flashed back to her that she had picked up Carlotta's bag instead of her own, from the table where Landers had flung it. But it made no difference—the mistake was trivial. Some weight in the bag made it unusually heavy, and while she waited for the elevator she unfastened the clasp to glance inside. What she saw was a blue-black automatic pistol—small compact, deadly . . .

The handbag, weighted with the automatic, swung heavily in Mary's hand as she came out in the elevator. There were women like that in the world—ones who carried guns and would use them. Mary, dwelling recently in a constant state of nervous strain, accepted the weapon as a natural fact. Kept up with the desperate talk of Landers and Carlotta Guido still ringing in her ears, an automatic seemed a not unnatural part of the picture. She even thought of it as a means of self-protection. If she could only put it into the hands of Steve it might help him escape—but there was no use thinking of that. She didn't even know where Steve was. But just to think of him, gave her a surge of recklessness. By day and by night her pulse had been beating at a new faster rhythm.

One thing was becoming increasingly clear to Mary: Carlotta Guido had been no help to her, nothing more could be hoped for from Landers' former sweetheart. The two women had joined forces and nothing had come from it—nothing, except the dark slimmness of the automatic in Mary's possession. No, she would have to rely entirely upon herself. With a little grim regret she knew that she stood alone, but there was no good getting into a panic over it. No good being afraid any longer. She was swept by a remorseless fatalism that made her almost calm.

Grid Mentor Gives Squad Practice Tilt

Schammel Scores Lone Touchdown in 7-0 Victory

After a brief period of drill on returning punts and falling on the ball yesterday afternoon, the Iowa football squad tangled in four hard periods of football at Iowa field. Coach Ossie Solem selected two teams at random, making no effort to name a first and second eleven. He substituted freely, giving about 35 men a chance to display their wares.

The only touchdown of the game was made by Francis Schammel, yearling fullback, who battered 25 yards through a team run by Bill Ash. Howard Moffitt was quarterback on the winning combination. Schammel smashed center for the point after touchdown to give his team the 7 to 0 win.

Fumbles and missed signals marred the game which did nothing if not show the Hawkeye mentor that his squad wants to play football. Moffitt called signals, carried the ball, and took care of the punting assignment for his team, showing to good advantage. On defense, Wilmon Hass, playing left end for the Ash eleven, turned in a nice defensive game, making a large number of tackles, several of them catching the ball carrier behind the line.

See Taylor, sports editor of the Des Moines Register acted as head linesman for the game, and Bert McGrane, sports writer of the same paper, was referee.

The starting lineup for Ash's team: Swaney and Hass, ends; Samuelson and Luke, tackles; Maas and Dolly, guards; Richardson, center. Ash, quarterback; Eldahl and Masden, halfbacks; Schammel, fullback.

For Moffitt's team: Trickey and Forsythe, ends; DellaVedova and Frazer, tackles; Thornton and Stutsman, guards; Miller, center; Moffitt, quarterback; Parsons and Brice, halfbacks; Tortipes, fullback.

Story of New Ford Coming to Local Firm

"The story of the new Ford" presented with a display of a cutaway V-8 chassis, all talking picture, and a display of parts, will be shown tomorrow, Friday and Saturday in the showroom of the Burkett-Uppergraf Motor company.

Among the parts of interest to be shown are the interior workings of the motor, showing the new oiling system, heavy counter-balanced crank shaft; the V-type 90 degree motor; the silent synchronized gear shift; and frame.

The talking picture will explain the complete story of the new Ford. Test runs and various body types will be shown.

A factory representative will be in Iowa City on the above three days and will explain the various parts and make-up.

Subscriptions to Chest Fund Reach \$4,200

116 Out of 398 Helpers Turn in Collections to Manager

Total subscriptions of approximately \$4,200 in the community chest drive, which has been in progress since April 25, were reported to the welfare bureau yesterday by W. J. Holland, drive manager.

This figure, Mr. Holland explained, represents collections of 116 out of the 398 workers in the drive, and the reports of many of these 116 units are not complete.

The drive will continue, he stated, until full reports are in. Although subscriptions in the business district have been nearly completed, reports from the university and residential sections are incomplete.

Following an appeal yesterday by representatives of the social service league, the welfare board agreed to disburse funds as soon as a treasurer could be selected. A committee consisting of A. B. Sidwell, W. J. Holland, and George F. Ramsey was appointed by Harry Shulman, president, to select a treasurer.

L. A. Andrew Offers Report

Judge Harold D. Evans Approves; Expects 14 Claims

Except for 14 claims, the report of L. A. Andrew, receiver for the Farmers Loan and Trust company, on classification of claims against the bank was approved by District Judge Harold D. Evans yesterday.

14 Exemptions

The 14 exemptions are cases in which the claimants have filed objections to the receiver's classification. In most of these cases, the objectors ask that their claims be given preference in payment.

File Claims

Those who have filed objections to the classification and the amounts of their claims are: Nellie B. and Sylvester Ellis, \$2,050; C. O. Craig, receiver for the First National bank, \$10,001.30; Ella May McDermott, guardian of the property of Douglas S. Lucy C., and Drusilla M. Perkins, \$35,080.18; Triangle club, \$1,256.09.

C. O. Craig, receiver for the First National bank, four claims totaling \$930.64; Walter M. Ball, \$1,170; Frank Belger, \$390; Adelaide Baluff, \$226.67; Ruth L. Anderson, \$50; C. B. Russell, \$390; and I. A. Opstad, \$2,640.22.

Hear Final Report

The supplemental final report of A. J. Mills, administrator of the estate of George H. Spratford, was set for hearing on May 15.

"Jane" Is What They Call Her; And Despite Her 34 Years of Service, She's Still Spick, Span And Spry

By JACK MAHER

"Jane" is what they call her. Thirty-four years old, and still as bright and shiny and spry as the first day she saw Iowa City.

Jane is an automobile, or more properly, a horseless carriage. She is, in fact, the first automobile to see Iowa City.

She was bought in 1898 by Mike Calta, 711 Fairchild street, who resold her because he didn't like her lines.

Her Make a Mystery

No one, not even Mike Calta himself, knows the make of Jane. It is doubtful if she could be said to be of any one make, being rebuilt by the hand of Mike Calta to suit his own ideas.

She resembles a buggy more than she does an automobile. Her four orange painted, rubber-tired wheels are 38 inches high. Her body is bright green, and the only thing to distinguish the low flat box of the "hood" from the compartment at the rear is the rakish set of the "one man top," and the long steering column

with the heavy steering wheel toppling it.

Jane is gasoline powered, with a most modern two-cylindrical air-cooled engine, which is placed forward and one reverse, which is transmitted to the rear wheels by chain drive.

Miles to See Her

When Jane first came to Iowa City, she was the talk of the town. People came from miles around to see her tear down the road at the stupendous speed of 15 miles per hour.

Grandmother Calta still laughs when she remembers how all the country folk, aged grandmothers, and plump farmers' wives, would get down and crawl underneath the thing, just to see what made it run.

The Calta's were offered a good price for Jane, but John, the oldest son, refused to sell, preferring to keep his father's handiwork in the family. Jane has been retired from service for a good many years, and rests in the Calta woodshed, to be brought out only for holidays and parades, as a reminder of the days of bustles and moustache cups.

Aldous Takes Club on Tour of Greenhouse

Entertainment for the Kiwanis club luncheon yesterday noon was provided by James Aldous who took the members on a tour through the Aldous greenhouse. A potted plant was presented by Mr. Aldous to each of those making the trip.

Preceding the tour President A. C. Trowbridge announced that the Midtown Kiwanis club of Chicago would hold open house for those members attending both the Democratic and Republican national conventions.

A special bus chartered by Mr. Aldous took members to the greenhouse. Guests at the luncheon were J. H. Scott and Coach Ossie Solom.

Stock Prices Saunter Up to Higher Level

Final Prices Remain Under Best With Small Gains

NEW YORK, May 10 (AP)—Stocks sauntered quietly higher today, final prices were under the best and represented only a fractional average gain.

Nevertheless the market has held all but about half a point of last Friday's sharp recovery which, to some brokers, signifies a healthier state of mind. Trading was again very dull, volume being 737,750 shares.

Steel Sags, Steadies

U. S. Steel sagged a bit when the drop in unfilled orders proved larger than had been expected, but soon steadied. American Telephone sold a couple of points higher in a large turnover, then halved its rise. General Motors, Consolidated Gas, Dupont, Standard Oil of New Jersey and American Can were active and firm. Coca Cola and Corn products improved more than a point net. Auburn, Peoples Gas and Westinghouse also showed larger than average gains.

Sets New Low

The steel corporations backlog was off 145,847 tons, establishing a new record low since publication of the monthly began early in this century.

Dollars resisted further pressure from foreign currencies, most European rates making small declines although still holding above levels at which additional gold shipments would be profitable.

Two Violent Deaths

GARNER (AP)—Two violent deaths occurred in Hancock county late Monday. The body of Clarence Vern Tanner, 27, Lemme farmer, was found in a three foot tank of water at his farm and George Benzler, 64, of Britt, was fatally injured in a blasting accident. The death of Tanner was being investigated to determine if it was accidental.

the assembly, led by the university band.

Benediction by Prof. J. C. Manry.

In case of unfavorable weather, the platform ceremony will be held in the American Legion Community building instead of at the cemetery. Persons wishing to donate flowers may do so by leaving them at the city hall in the afternoon and evening of May 29.

Infantry, Engineering Units Will Compete for Superior Drilling

Superiority in company drill will go to either the engineering or infantry units Saturday afternoon, when Company B of the engineers meets Company G of the infantry in open competition during the Governor's day ceremonies. Judges will be three regular army officers, not connected with the military faculty here.

Cadet Captain Hubert Mueller, C4 of Calamus, will lead the infantry company, while D. W. Marchant, E4 of Silvis, Ill., will lead the engineers.

Selection of the best companies in the two units was brought about by a process of elimination in which all companies were rated on drill, attendance, number of demerits, and ratings of its officers.

Company G of the infantry has been trained entirely by second year advanced course students during the weekly drill periods, and has outranked all other companies. Company C, which was trained by sophomore students, ranked second. C. A. Jacobs is captain.

5 Injured as Cars Collide East of City

Illinois Machine Hits Cedar Rapids Auto on Highway 6

Five persons were injured, one of them seriously, in a head-on collision yesterday afternoon four miles east of Iowa City on U. S. highway 6. The accident occurred at 1:45 p.m.

In a report made to police, Robert I. Leaper, 3401 First avenue, Cedar Rapids, said that he was driving east, enroute to Davenport, in a Chevrolet coupe when struck by a Ford delivery truck driven by Morris Mitchell, Moline, Ill., coming from the opposite direction.

Women Hurt

Leaper, who escaped with slight bruises and cuts, was accompanied by three women, Lillian Abbott, Iowa Falls, Lena Gervitz, Chicago, Ill., and Lillian Goddard, also of Chicago. The girls were going to visit relatives in Moline and had asked Leaper for a ride as far as Davenport.

When the accident occurred the women were hurled from Leaper's car onto the pavement. Examination at Mercy hospital in which all the injured except Leaper are confined, showed Miss Goddard to have sustained a double fracture of one arm, a broken collarbone, and lacerations of the head and face. The other girls received severe bruises and minor cuts, Mitchell was also bruised.

Turner Urges Lower Taxes

VALLEY JUNCTION, May 10 (AP)—Iowa's tax reduction drive must be continued next year until levies are brought in line with the present economic conditions, Gov. Dan Turner told a joint meeting of farmers and civic clubs here tonight.

He pointed out the steps by which this year's tax levy was reduced 20 per cent as evidence of "what can be done if we set our minds to it," and said that by applying the same methods even greater savings can be realized next year.

"With the aid of legislative action we can have consolidation of departments, reduction in budgets, and the institution of sound business methods in keeping with present day conditions," he said.

"We can reduce both levies and expenses until they are in line with the present incomes of the people, instead of allowing them to remain at the high level of a few years ago."

The governor pointed out, however, that to accomplish this, we must nominate and elect to office men who are sincerely and absolutely pledged to go through with such a program.

"This applies," he said, "to the legislature and to all other offices down the line to the smallest township job."

FARRAGUT (AP)—The Commercial Savings bank was closed by order of its board of directors. The bank, in its June 30, 1931, report, listed deposits of \$98,947.

ed and cut with a possibility of internal injuries.

45 Miles Per Hour

Leaper told police that he was traveling 45 miles an hour and was approaching a freight truck coming from the east when a coupe, driven by B. Glick of Davenport, swung round the truck. It had time to clear and cut back to the right hand side of the road. The truck driven by Mitchell, was following immediately behind the coupe, and was pocketed by the truck and Leaper's approach. Glick stopped his coupe and aided in rushing the injured girls and Mitchell to the hospital here. Both cars in the accident were completely wrecked.

(Contest Closes May 16)

- You may submit as many "Believe It or Not's" as you wish. You do not have to submit any drawings or sketches. Write legibly on one side of the paper. Have your name and address on each sheet of paper if you send in more than one. Each entry must contain the explanation or proof of its truth. The Daily Iowan will not be responsible for the return of entries.
- Ten copies of Ripley's "Believe It or Not" book will be awarded to the 10 best local entries which will be announced at the close of the contest.
- The contestant agrees to accept the judgment of The Daily Iowan in the awarding of the local prizes. Only contributions winning local prizes will be forwarded to Mr. Ripley to compete for the grand prize. The contestant agrees to accept Mr. Ripley's judgment on the grand prize winners as final. Nine grand prize winners will be named in the order of the merit of his or her contribution. The first prize winner will have first choice of the nine grand prizes; the second prize winner will have his choice of the remaining eight prizes, and so on, until the grand prizes are all taken.
- In case of ties the same prizes will be awarded all tying contestants.
- You do not have to buy The Daily Iowan to compete in this contest. Files of The Daily Iowan may be found at the office of The Daily Iowan where the drawings of Mr. Ripley and the instructions of the contest may be consulted. Or, you may get ideas of "Believe It or Not's" by seeing Mr. Ripley's presentation of some of his best examples on the screen at the Englert Theatre every afternoon and night starting Sunday, May 8—for nine days.
- Any person may enter except employees of The Daily Iowan and their families.
