## Iowa Football Practice Gets Under Way Today

### Cash Bonus Comes Up at Legion Meet

### Legislative Committee Urges Immediate Payment

AUDITORIUM, Portland, Ore., Sept. 14 (AP)—Full and immediate cash payment of the soldier bonus was recommended today by the legislative committee of the American Legion but debate and a vote on the subject by the annual convention was delayed until tomorrow. The committee announced it could not make a full report on all resolutions before it until then.

Issues Still Undecided Some of the most controversial issues before the Legionnaires, including a resolution to ensure the national administration for eviction of the bonus army from Washington, remained in the hands of the committee when the convention adjourned for the day.

The legislative committee announced it had voted 21 to 9 in favor of the bonus and the Nebraska delegation, while not intending to bring out a minority report, made it known it would fight adoption of the majority report.

A majority of departments, in state conventions, already have voted in favor of immediate payment.

Resolutions Favor Repeal Resolutions favoring repeal of national dry laws, denouncing adherence of the United States to the world court and opposing cancellation of European war debts were recommended by sub-committees while the convention approved a resolution expressing vigorous opposition to official recognition of Soviet Russia.

The bonus resolution finally agreed upon was a consolidation of 43 separate proposals, 23 of them asking immediate payment, 18 containing qualifying clauses and two opposing immediate payment.

### R.F.C. Farm Aid Program Moves Ahead

BULLETIN WASHINGTON, Sept. 14 (AP)—Charles C. Kuning, Cedar Rapids, Ia., today was named manager of the Omaha, Neb., branch of the eighth district agricultural credit corporation.

WASHINGTON, Sept. 14 (AP)—The reconstruction finance corporation moved forward in its farm aid program today by naming officials of seven regional agricultural credit corporations and state branches.

Officials of the remaining three regional corporations and 10 branches, the corporation said, will be announced as rapidly as possible.

The main offices of the agricultural credit corporations, which are being established in 10 of the 12 federal land bank districts, will be operated by a manager and a board of directors with one exception. The Ft. Worth, Tex., corporation will have both a president and a manager.

The branch offices, which will have the same loaning power as the main offices, will be operated by a manager and a loan committee.

### Bulletin!!!

BULLETIN SACRAMENTO, Cal., Sept. 14 (AP)—Authorities announced tonight that the body of a woman found in a Sacramento river slough near Walnut Grove today had been definitely identified as that of Dorothy Millette, missing "mystery woman" in the life of Paul Bern, film producer who committed suicide in Hollywood.

LOS ANGELES, Sept. 14 (AP)—A will in which Paul Bern, film executive who committed suicide, bequeathed all of his fortune to his bride of two months, Jean Harlow, film star, was produced today by Irene Harrison, for six years his secretary.

### She Was So Little, Alone, Ragged, But She Was Happy!

Sitting in the midst of squalor, all alone, surrounded by pigs and chickens and the odors of a not very well kept farm, a 9 year old girl waited for her grandmother to come home.

Her grandmother was paying a visit to her husband at University hospital, where he is being nursed back to health by the state.

When Mrs. Mabel Evans, probation officer, visited the farm yesterday to see how the family was getting along, she found the little girl sitting there in a dirty, ragged dress, humming happily.

She appeared paradoxically joyful. When her visitor arrived she ran in the house and reappeared holding a small green pocketbook. Proudly opening it, she displayed her fortune, recently given to her by a friend.

One penny and two quarters made the grand total of 51 cents. It was wealth untold.

When Mrs. Evans left she heard a small, shrill voice singing, "Rollin' along, singin' a song, sittin' on top of the world."

### Police Force Drops Bocek

Charles Bocek, who, in his 14 years on the Iowa City police force, has gathered about himself a multitude of legends, who is known in one way or another by every person in town, was fired yesterday for "conduct unbecoming an officer."

His dismissal came as the result of an affidavit filed against him by Mrs. Electa Kennedy. Specific charges of the affidavit were not revealed.

Unless an appeal is filed with the city clerk within the next five days, the dismissal will become effective automatically. The dismissal was made in a written report to Mayor Carroll and was affirmed by the mayor.

Bocek's dismissal came as one result of an investigation recently conducted by G. W. Atkins and J. R. Quinlan, inspectors for the state department of justice.

Bocek, who lives at 1020 E. Ronalds street, is married and has two children.

If an appeal is filed from the action of Police Chief Frank L. Smith and Mayor Carroll, the police and fire commission will have jurisdiction in the case.

Injured in Fall HARLAN, Sept. 14 (AP)—Fracturing a hip when she fell down the basement stairs in her home, Mrs. Carl Vontersch, 78, was in a critical condition.

Dies of Injuries WATERLOO, Sept. 14 (AP)—John Dew, 43, a farmer near Morrison, died from injuries received Saturday when he was gored by a bull.

### Norman Thomas Explains Socialist Party Ambitions

difference between the major parties and receiving this reply from a little girl: "My teacher says Republican is from the Latin and Democrat from the Green."

Thomas made a four-fold reply to the second objection.

"Private business is neither efficient nor honest in this last racketeering stage of capitalism. I have only to cite the record of bank failures, the amazing losses on Wall Street and the episode of South American loans procured by supposedly respectable banks through open bribery.

"No political scandal has profited any single individual as much as the president of the Bethlehem Steel company got in a single year in a secret bonus."

Government Not Always Corrupt "Government, even now under capitalism, is not always corrupt and inefficient. The budgets of the United States, of New York state, and even of New York city are more honest and more revealing than the reports of most corporations to their own stockholders."

As examples of what he called successful public operation he listed the post office department, public school system, fire department, the Panama canal, the highway system, municipal systems in such cities as Cleveland as the Holland vehicular tunnel.

Defines Major Parties "It is only those who vote for what they don't want, and get it, who throw away their votes."

He told of asking an audience the

### Demo Leader Offers Farm Aid Program

### Thousands at Opening Speech in Western Campaign

TOPEKA, Kan., Sept. 14 (AP)—Under a blazing Kansas Sun, Franklin D. Roosevelt today bid for the support of the farm belt with an outline of a program calling for "national planning in agriculture."

He coupled with this several emergency measures and proposed that "the speculative activities of the farm belt shall come to an end."

Six points upon which he said most of the "reasonable leaders" of agriculture had agreed in their efforts to "restore agriculture to economic equality with other industries within the United States" were cheered by a crowd estimated at 10,000.

He said the "claim that the Republican discriminatory tariff methods are a benefit to the farmer is a cynical and pitiless fraud" and that more Republican tariffs might be expected from "the present Republican leadership."

As permanent steps in his program, the New York governor proposed: Reorganization of the agriculture department to supply the administrative machinery needed to build a program of national planning.

Formulation of a definite policy looking to the planned use of land, including mapping and classification of land to determine which is best suited for agricultural production and which for trees.

National leadership in the reduction and more equitable distribution of taxes, including a national movement to reorganize local government to direct the elimination of some of the tax burden from farms.

His emergency proposals called for refinancing farm mortgages "to relieve the burden of excessive interest charges and the grim threat of foreclosure."

"Specially," he said, "I am prepared to insist that federal credit be extended to banks, insurance or loan companies, or other corporations or individuals which hold farm mortgages among their assets—but that these credits must be made on the condition that every reasonable assistance be given to the mortgagors where the loans are sound, with purpose of preventing foreclosure. Lower interest rates and an extension of principal payment will save thousands of farms to their owners."

The second immediate necessity, he said, was to provide a means of bringing about through governmental effort a substantial reduction in the difference between the prices of the things the farmer sells and those he buys.

WASHINGTON, Sept. 14 (AP)—Asserting immediate cash payment of the bonus would be a "fatal threat to the entire program of recovery," President Hoover today issued a formal statement declaring he would oppose any movement to that end with all of the influence at his command.

WASHINGTON, Sept. 14 (AP)—The full text of President Hoover's statement on payment of the soldier's bonus follows:

It is due to the country and to the veterans that there should be no misunderstanding of my position upon payment of the face value of the ad-

justed service certificates prior to maturity, as recommended in the resolution pending before the convention at Portland. I have consistently opposed it. In public interest I must continue to oppose it.

I have the duty not alone to see that justice and a sympathetic attitude is taken by this nation toward the four million veterans and their families, but also to exert myself for justice to the other 21,000,000 families to whom consumption of this proposal at this time would be a calamity. Cash payment of face value of certificates today would require an appropriation from the treasury of about \$2,300,000,000.

No matter how or in what form the payment to the veterans is imposed it will come out of all these families but of more importance it will indefinitely set back any hope of recovery for employment, agriculture or business and will impose infinite distress upon the whole country. We owe justice and generosity to the men who have served under our flag. Our people have tried to discharge that obligation. Regular expenditures on account of the veterans already constitute nearly a billion a year or almost one-fourth of our whole federal budget.

Every right-thinking man has the deepest sympathy for the veteran (Turn to page 2)

WASHINGTON, Sept. 14 (AP)—The full text of President Hoover's statement on payment of the soldier's bonus follows:

It is due to the country and to the veterans that there should be no misunderstanding of my position upon payment of the face value of the ad-

justed service certificates prior to maturity, as recommended in the resolution pending before the convention at Portland. I have consistently opposed it. In public interest I must continue to oppose it.

SOLEM WELCOMES HAWKEYES Eight veterans and six sophomores, some of the best material from which Coach O. Solem will fashion the team for the University of Iowa's forty-fourth football season, begin practice Thursday morning with about 40 other athletes. Between O through eight games. Four home contests, including Oct. 1 and Nov. 19, the Hawkeye squad will campaigning the Homecoming affair with Minnesota Oct. 22, are scheduled.

### Hoover Moves Against Bonus

WASHINGTON, Sept. 14 (AP)—Asserting immediate cash payment of the bonus would be a "fatal threat to the entire program of recovery," President Hoover today issued a formal statement declaring he would oppose any movement to that end with all of the influence at his command.

### New Pastor Here Today

Rev. Llewellyn Owen Arrives for Duty in Iowa City

The Rev. Llewellyn Arnold Owen, new pastor of the First Congregational church, will arrive in Iowa City this morning from Youngstown, Ohio, where he has been pastor of the Plymouth Congregational church.

The Rev. Mr. Owen will take over the position recently made vacant by the resignation of the Rev. Ira J. Houston who left here to take the pastorate of the Congregational church at Webster City.

The new pastor will take charge of the local pulpit Sunday. He will take up his residence in the Congregational parsonage immediately upon his arrival today.

The Rev. Mr. Owen became acquainted with the local congregation in July when he took the pulpit for a day.

He graduated from Tufts college and from the Crane Theological seminary in Massachusetts. His other educational activities include a year and a half of study at Oberlin college in Ohio, a year at Harvard, and a year at Western Reserve university in Cleveland, Ohio.

Besides being holder of degrees in arts, divinity, and master of theology, the Rev. Mr. Owen spent some time in the missionary service in the Canadian northwest. He has held pastorates in Danvers, Mass., Sycamore and Chicago, Ill., and at Youngstown. He is married and has two children.

### Former State Senator Aids Negotiations to Acquire New Farm Land

WINNIPEG, Man., Sept. 14 (AP)—Over long distance telephone from Des Moines, Iowa, former State Senator L. E. Francis today confirmed his association with W. J. Whidden, Winnipeg, in the purchase of 10,000 acres of farmlands in Manitoba for U. S. farmers.

With other parties Whidden is negotiating for 25,000 more acres in Manitoba. More than 200 U. S. farmer families will settle on the total acreage, he said. These farmers are coming to Canada, he said, because of higher prices received for farm products in Canada and the fertility of Manitoba soil.

Mrs. Otto H. Fink Dies Yesterday at Home After Illness

Mrs. Otto H. Fink, 63, 730 Iowa avenue, died at her home at 3 p.m. yesterday after an illness of several weeks. Funeral service has not yet been arranged.

Mrs. Fink was born in Benton county and moved to Iowa City about 25 years ago. She was a member of the Presbyterian church, Iowa City Rebekah lodge, Eastern Star, and the American Legion auxiliary.

Mrs. Fink is survived by two sons, John G. and Guy S., both of Iowa City, and her husband.

### School Board Employs Two

A reduction of 15 per cent in the present insurance premiums paid by the Iowa City school board was authorized at a meeting of the board last night.

At the same time the board deferred an appraisal of the school plant indefinitely until sufficient funds are on hand with which to pay for it.

Mrs. Lloyd F. Swartley, wife of the new high school band director, was hired by the board at one-quarter time for the coming school year. Her salary will be \$380.

Lee Cann, graduate student in the sociology department of the university, was given the position of trustee officer at a salary of \$20 a month. Mr. Cann will also be hired by the county as deputy to Mrs. Mabel Evans, probation officer. He will work entirely with boys.

### County Treasurer Requests Taxpayers to Arrange Payment

A request for taxpayers to come to his office and pay their taxes before they become delinquent was issued by County Treasurer Charles L. Berry yesterday.

The second half tax installment is due before the last of the month. Penalties will be charged on all taxes not paid before Oct. 1.

About \$36,072.38 in taxes were paid during August, Mr. Berry said, which is about equal to payments of other years.

Apportion \$1,000 Reward CLINTON (AP)—The \$1,000 reward by the Clinton County Bankers association for apprehension of four bandits who robbed the Clinton City National bank last March was apportioned among 12 Clinton and two Davenport residents.

Set Thursday for New Rates DES MOINES, Sept. 14 (AP)—Iowa's new uniform state truck rates will become effective Thursday. Iowa is the third state to adopt a uniform state rate, following Colorado and Texas. The Iowa scale is estimated at 25 per cent less than those of the other states.

### 7 Days for the Price of 6

All "For Rent" ads inserted between Sept. 15th and Sept. 26th will be run 7 days for the price of 6 days.

Registration is but one week hence—Hundreds of students are arriving daily. Dial 4191 and list your rooms or apartments where students are sure to look.

### WEATHER

IOWA: Partly cloudy or cloudy, cooler in extreme west and north central portions Thursday; cooler Thursday night and Friday, with generally fair Friday.

### Fortieth Hour Past Without Recent Word

ROME, Sept. 15 (Thursday) (AP)—Apprehension grew at Ciampino airport today as dawn approached without recent word of the transatlantic plane American Nurse, which left New York bound for Rome Tuesday morning. More than 40 hours had elapsed since the start of the flight.

As the forty-first hour passed, it was realized that at the most only an hour or two of gas remained in the craft.

The American Nurse would in any event have touched Europe in hours of darkness. The anxiety was over the possibility the ship had given out of gas in the Mediterranean area.

At 5:30 a.m., the airport lights were extinguished at Ciampino and welcoming authorities went to Litorio air field north of Rome, where most flyers usually land in daylight hours.

The report that the American Nurse had been sighted over Sardinia at 9 p.m. (3 p.m. E.S.T.) was dispelled tonight by information from Carabinieri headquarters on three of the island's provinces which said nothing had been seen or heard of the plane at 1:45 a.m. (7 p.m. E.S.T. last night).

This meant that the last sighting of the plane probably was that of the liner France, which reported she had sighted a plane at 4:50 p.m. Greenwich time (11:50 a.m. E.S.T.) flying eastward 400 miles southwest of Cape Fastnet, Ireland.

This could indicate that the American Nurse had flown 2,800 miles of the 4,200 between New York and Rome in 29 hours and 34 minutes, or a little less than 100 miles an hour.

If she kept her course, she should have struck the French coast in the vicinity of Bordeaux around night-fall.

This would also mean that the plane should not reach Rome in less than 44 hours.

Sioux City Mayor Pleads With Farmers to End Picket Actions

SIoux CITY, Sept. 14 (AP)—Mayor Hayes today appealed to farmers' holiday pickets near here to end their embargo on agricultural products.

"With only one market picketed, the farmers are not accomplishing their aim," he declared. "They are only working a hardship on the laborers of Sioux City and on the farmers who find it necessary to get their livestock and produce to some market immediately."

Mayor Hayes and several other civic leaders yesterday conferred with Gov. Dan Turner, Attorney General John Fletcher, and James E. Riden, chief of the state bureau of criminal investigation, in Des Moines.

Fire Levels Canada Town at Loss Thought to Exceed \$1,000,000

SPRAGGE STATION, Ont., Sept. 14 (AP)—The village of Spragge was destroyed by fire today, and its population of nearly 600 persons made homeless. The flames leveled all buildings.

A heavy estimate placed damage at more than \$1,000,000.

Confusion was increased as a gasoline tank on the main street exploded, demolishing a garage and several adjoining buildings. No one was reported injured.

The fire started from an undetermined cause in the J. J. McFadden lumber yards.

Fear Expressed for Safety of Missing Man

CEDAR RAPIDS, Sept. 14 (AP)—Mrs. Lloyd E. Hoff today expressed fear that her husband, who disappeared Saturday night, might have met with foul play.

She said Hoff, proprietor of a food shop, had received \$375 in cash Friday from the estate of a relative. She said she thought he had the money with him when he disappeared.

Sentenced to Five Years CENTERVILLE (AP)—John Bandy, 30, Negro, was sentenced to five years in the Ft. Madison prison on pleading guilty to a charge of assault with intent to rob.

### For the Youngsters

WHEN THE shadowy hands of the unseen terror appear to clutch the beautiful heroine, and the newest motion picture super-thriller comes to a high peak of excitement... that is the effect of the scene on Johnny, age 10?

Or what is the effect on Janet, Johnny's sister, who is 16 years old, when the hero and the heroine "clinch" in the final shot of a "love" story?

The answers have been gathered, in part, by two men allied with departments of the University of Iowa, and appear in a series of current magazine articles copyrighted by *McCall's* magazine.

The two men, Prof. Christian A. Ruckmick and Wendell S. Dysinger, were delegated to determine the extent of the shock brought about by attendance at motion pictures. The men looked for an abnormally accelerated heartbeat as the sign of undue excitement.

In addition, they tested primarily to determine at what age children reacted to specific scenes.

The method of the latter test uses minute electrical currents, so small that they cannot be felt by the body; the currents vary in accordance with the resistance of the body to their flow, and that resistance varies as does the rise and fall of emotion. A galvanometer, similar to the ordinary battery meter in one's automobile, but much more delicate, measures the current flow.

And the results: a story of a detective, characterized as rather "innocuous," produced the greatest excitement in a group of 9 year old children. A 16 year old group was not moved to nearly the same extent, and a third group, composed of young men and women between 19 and 20, was not moved at all appreciably.

Now, with a different type of picture, a gaudy film, "replete with revelry and the more Babylonian forms of merrymaking," 10 year old Johnny was not moved any more than his mother and father; but his 16 year old sister, Janet, was excited just twice as much.

The tests for acceleration of the heart were not so successful, but a general assumption may be made from them: the heartbeat was stimulated in proportion to the degree of exhilaration or excitement. The weakness of the test lay in the fact that there were available few films causing heavy emotional stress.

Young children attending the movies are receptacles into which emotion is poured. "They are sitting quiet; there is no chance to express the emotions in activity, yet they are constantly being stimulated," says Professor Ruckmick. "Such a situation is bad for health, represents a deplorable mental hygiene situation, and might easily contribute to the habits which are popularly called 'nervousness' in children. Where the boy or girl has a chance to work off emotions in the open, in exercise or play, it is splendid. Such excitement in a darkened theater is by no means splendid."

This study is not of course intended to be an indictment against the motion picture in general. Rather is it an indication that some provision should be made for the youngsters who want to enjoy the pictures, to eliminate any bad effect that they might suffer.

### Relief Methods

THE AMERICAN LEGION, in state assemblies and in general national opinion, seems to be in favor of a cash settlement of the bonus. All interested in the question must agree that the agitation for bonus payment has been and is at present held in the nature of a relief measure, not only having among its desirable points relief to the ex-soldiers, but also a secondary and perhaps more important effect of losing a tremendous amount of purchasing power which would in turn tend to stimulate industry and commerce. That an immediate payment of the cash bonus would have some effect in this direction cannot be denied. This fact unquestionably, it seems, is the point upon which the intelligent bonus seekers have based their case.

It has developed, after considerable wrangling and beating about the bush that there are two major channels through which relief may be applied to the unfortunate economic condition. The first, and that followed by the present administration, is an attempt to place the relief funds with the central disseminating institutions, such as banks, insurance companies, etc., upon which credit is to be built and extended outward to the public. The second method advocates placing the purchasing power directly in the hands of the public without the intermediary of the dispensing institutions.

It is not proposed here to discuss the relative merits of the two methods. However, it does seem that as long as the administration has accepted the first method and is well on the way in carrying out its relief activi-

ties through it, it would hardly be advisable to entangle administration with both methods. If, on the other hand, the second method had been decided upon, the bonus might have been used to advantage, but now that the first one is under way and seems to be showing initial results there seems to be little base for a transfer to the second, through payment of a cash bonus.

### The Farmers Go Back to Farming

The fading of the farmers' holiday movement in the Des Moines region has been rapid. The evidence from other sections suggests that what has happened around Des Moines is going to happen in other troubled areas. The vast majority of farmers are fed up with the doctrine of Milo Reno. This devoted follower of Senator (Mex.) Brookhart seems to be on his way to joining his major prophet in a well deserved retirement.

That is good news. It suggests that the farmers of this generation have the hard common sense about their own business which farmers of previous generations were justly regarded as possessing. It suggests, further, that farmers have come to recognize economic and political quackery when it is offered them as good medicine.

Reno was repudiated because his proposals were foolish. He told the farmers, in effect, that rioting makes prosperity. He asked farmers to accept the notion that keeping their produce off the markets and thereby cutting off their incomes will pay off the mortgage. The farmers of Iowa had the good sense to see that the only way a farmer can hope to succeed is by farming. Agriculture is an exacting business. It requires constant attention to crops and markets, to land and live stock. A farmer who has time in the last week of August to indulge in picketing can't hope to make a living at farming.

The holiday movement draws its inspiration from Al Capone and Sockless Jerry Stimpson, but Reno, who led 14 of his men get shot and thereupon called it a war, was no Capone. He isn't tough. Reno, who runs a couple of insurance companies and is reported to have obtained for them a substantial loan from the Reconstruction Finance corporation, is no Sockless Jerry, no destitute leader of the destitute. Reno and his crew have earned the reputation they have received. The farmers are going back to farming. The racketeers and economic quacks of the corn belt will be the only ones to suffer.

### TODAY'S TOPICS

By FRANK JAFFE

It's all over but the shouting for Almee Semple McPherson, according to another woman preacher and well-wisher. "Sister Almee" has reached the limits of her popularity and is due for a "fade-out."

That may be good news to the preaching sorority in general because one of the greatest competitors is due for elimination, and, in that field, you have to admit, competition is not desirable.

"The trouble with Almee," says the well-wisher, "is she isn't converted. She converts people to herself but not to God. She is highly successful in the use of personal magnetism and mental telepathy, but I, for instance, would not pull off the stuff she does."

All this was revealed at a meeting of the Association of Women Preachers of the United States. Personally, I didn't know there was such an organization but as long as there is, they ought to make Almee a life member or head of the board of directors, or something, instead of censuring the well-known dispenser of the gospel.

There's nothing like self-advertising, which the rest of the women preachers probably have not developed like Almee. Even though it means a few marriages and divorces and spectacular arm waving and voice throwing, to say nothing of getting mixed up in some frauds and at least one deal involving liquor, there still is nothing like it. Of course, everybody can't make a go of it like Almee could. She not only had personality but she knew how to cash in on it.

The report of the auditors of the Insull books failed to implicate upwards of 1,500 persons high in the financial and political life of the midwest but did find a loss of \$226,000,000, an aggregate deficit of \$78,474,403.88. And so, although the shady dealings may be known, the persons who performed them will never be revealed to the public.

It probably is better that way. While it is not the intention to condone such dealings, perpetrations by which the public is fleeced of millions of dollars in reputedly "good" stocks but which are based on air, or less, it would be far better to condemn the laws that make such deals possible than those who take advantage of possibilities.

"Who will pay the teachers?" seems to be another of these questions and problems of municipal administration in Chicago that will continue to be asked for another year. Now that 14,000 public school teachers have returned to their classes with the opening of the school year, hopes of their ever receiving some of their back pay diminishes.

The 14,000 may have shown fine spirit in taking up their work despite the fact that not even the scrip they received in lieu of cash is worth as much as it was originally intended to be worth, but they would have won a goodly battle had they determined to keep Chicago's schools teacherless until they were paid in real money, or at least until some definite arrangements had been completed.

While the people of Chicago can feel certain that their children are not going to be the losers—only the teachers—they will not be so alarmed about the payless condition. But if they were to realize that no education would be dispensed until the teachers were paid, they'd find a way to pay them inside of 48 hours.

### Book Bits

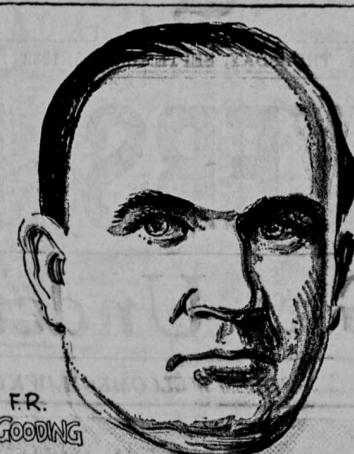

(From Sparks Fly Upward, by Oliver La Farge)

"What are your politics?"  
He had a regular mule-driver's tapa-oyo around his waist. He uncuffed it and held it up. "This end," he said, "is for the mulester's hand, and this," wiggling the lash, "is for the mule's backside. As long as you remember that the end of the mule you hit is the end that does the kicking, you continue to progress. That, mi coronel, is the politics of Alturas, and that is mine."

### BEHIND THE SCENES

IN HOLLYWOOD

By HARRISON CARROLL

STUDIO GOSSIP FILM SCANDAL SCREEN COMMENT

HOLLYWOOD, Cal., Sept. 14—All vaudeville engagements are temporarily off for Estelle Taylor. Sam Rork has asked her to play Clara Bow's mother in "Call Her Savage." And she signed the contract yesterday morning.

To accept the role, she had to postpone the opening of her act in a San Francisco motion picture theater.

Oddy enough, the actress received five film offers on the day she signed at Fox. This, following a considerable period in which the producers seemed to have forgotten her.

Just why, it is hard to figure out. Estelle is one of Hollywood's more colorful figures and she proved in "Clamaron" that she is a first rate performer in the talkies.

The Bow picture, Sam Rork assures me, will get under way today.

### Third Queen Helen

It's a great year for Helens. We saw Helen Madison sweep the swimming laurels at the Olympics; Helen Jacobs do likewise in the national tennis championships and now here is Helen Fulton of Chicago, with the trophy emblematic of the girls' national tennis title, which she won by defeating Bonnie Miller of Los Angeles, in the final of the tourney at Philadelphia.

### "Alien" Senator

State Senator Tom Gibson of Wyoming, who, after serving in the legislature for four years, learned he is not a citizen of the United States and for this reason declined to succeed himself. Senator Gibson was born in Ireland, but left there when he was two. He has voted regularly for 49 years, believing he was a citizen. He recently found out that his father did not take out citizenship papers in time to make his son an American.

### Would Add \$2,250,000,000

This would, I am advised, add about \$2,250,000,000 to the amount which the people of the United States acting through congress, undertook to pay when they gave the certificates. No such sum is available. It cannot be raised by adding to the crushing burden of taxes which drain every family budget in our country to-day and weigh heavily on business struggling in the midst of depression. It cannot be borrowed without impairment of the credit of the national government and thus destroy that confidence upon which our whole system depends. It is unthinkable that the government of the United States should resort to the printing press and the issuance of fiat currency as provided in the bill which passed the house at the last session of congress under the leadership of the Democratic vice presidential candidate. Such an act of moral bankruptcy would depreciate and might ultimately destroy the value of every dollar in the United States. It would cause the collapse of all confidence in our government and would bring widespread ruin to the entire country and to every one of our citizens. Daniel Webster one hundred years ago stated: 'He who tampers with the currency robs labor of its bread. He panders, indeed, to greedy capital, which is keen-sighted, and may shift for itself, but he beggars labor, which is honest, unsuspecting, and too busy with the present to calculate for the future. The prosperity of the working classes lives, moves, and has its being in established credit, and a steady medium of payment.' And the experience of every government in the world since that day has confirmed Webster's statement.

### Warns Against Future

Let us not forget that while we have lost much in this depression, we still have much more to lose. And our whole future may be said to depend upon early recovery.

### Explains Law

I do not believe that the veterans generally really understand the adjusted service certificate law (so-called bonus law) which was proposed by themselves. In its simplest terms that law provides that an annual sum of about \$12,000,000 is to be paid into a fund which, with compound interest, is calculated to amount to a total of \$2,500,000,000, the face value of certificates to be distributed in 1945. Approximately \$1,300,000,000 has been paid into this fund. Under the law of last year authorizing loans up to 50 per cent of the face amount of the certificates, if we take into consideration loans made through the veterans life insurance fund which will have to be repaid, all this accumulated sum and more has already been distributed. If the government distributed to the veterans the \$12,000,000 annually from now on it would represent the government's obligation. If these sums be kept in

### Station WSUI to Broadcast Six Courses

New Broadcasts Feature Largest Schedule in Iowa's History

The greatest number of courses ever broadcast from the University of Iowa classrooms will be put on the air by station WSUI beginning Sept. 26, it was made public yesterday by Bruce E. Mahan, director of the extension division.

Six courses, of which three never before have been broadcast, are included upon the current schedule. They will continue until the end of the first semester late in January.

Schedule New Courses  
For Professors Harold H. McCarty, George G. Andrews, and A. Craig Baird appearances before the microphone in the classroom will be a novelty. The other three men, Professors Philip G. Clapp, Charles C. Wylie, and Sam B. Sloan, have had their courses on the air in previous semesters.

Professor Baird, in his course on argumentation and debate Tuesdays and Thursdays at 9 a.m., will discuss evidence, proof, and persuasive speaking. His classes will participate in debates of public and present day interest.

McCarty, Andrews Lecture  
"Commercial Geography," the course given Mondays and Wednesdays at 11 a.m. by Professor McCarty, will take up industrial and commercial life as it is influenced by geographic conditions, while Professor Andrews, on Mondays, Wednesdays, and Fridays at 9 a.m., will tell of the French revolution.

Other courses are: "English novel," Sloan, Tuesdays and Thursdays at 11 a.m.; "Nineteenth century music," Clapp, Mondays, Wednesdays, and Fridays at 2 p.m.; and "General astronomy," Wylie, Tuesdays and Thursdays at 2 p.m.

### Approve Bond Issue

DAVENPORT, Sept. 12 (AP) — Formal approval of a \$94,000 bond issue to be used for retiring and funding a like amount of indebtedness incurred by expenditures for the poor and soldier's relief fund was voted by the Scott county board of supervisors.

the fund the government adds compound interest on each installment and gives a life insurance right. By paying the adjusted service certificates at their 1945 face value now the government would not only be paying all remaining 13 annual installments in advance but would be paying the compound interest upon them in advance.

Would Add \$2,250,000,000  
This would, I am advised, add about \$2,250,000,000 to the amount which the people of the United States acting through congress, undertook to pay when they gave the certificates. No such sum is available. It cannot be raised by adding to the crushing burden of taxes which drain every family budget in our country to-day and weigh heavily on business struggling in the midst of depression. It cannot be borrowed without impairment of the credit of the national government and thus destroy that confidence upon which our whole system depends. It is unthinkable that the government of the United States should resort to the printing press and the issuance of fiat currency as provided in the bill which passed the house at the last session of congress under the leadership of the Democratic vice presidential candidate. Such an act of moral bankruptcy would depreciate and might ultimately destroy the value of every dollar in the United States. It would cause the collapse of all confidence in our government and would bring widespread ruin to the entire country and to every one of our citizens. Daniel Webster one hundred years ago stated: 'He who tampers with the currency robs labor of its bread. He panders, indeed, to greedy capital, which is keen-sighted, and may shift for itself, but he beggars labor, which is honest, unsuspecting, and too busy with the present to calculate for the future. The prosperity of the working classes lives, moves, and has its being in established credit, and a steady medium of payment.' And the experience of every government in the world since that day has confirmed Webster's statement.

Warns Against Future

# Show, Tea to Open Year for Woman's Club

### Will Meet at Home of Mrs. W. E. Spence Tomorrow

Officially opening the season of the Iowa City Woman's club, a garden show and tea will be given at 3 p.m. tomorrow in the garden surrounding the home of Mrs. W. E. Spence, 521 Park road. The year's program of the club is so arranged that members of one department are hostesses at each monthly meeting. Tomorrow, members of the garden department are to be in charge, with Mrs. William T. Goodwin, 1121 Riverside drive, as leader. An executive board meeting at 2 p.m. will precede the general meeting. During the afternoon, Mrs. F. J. Crumley of Coralville, commercial gardener, will discuss dahlias and gladioli. She will be introduced by Mrs. Goodwin. Mrs. W. A. Gay is chairman of the committees in charge of arranging the flower display and serving tea. Invitations have been issued to members of the Garden club of North Liberty.

### Two Will Direct Ladies' Day

Mrs. J. Ned Smith and Mrs. George Kohler will preside as hostesses at the Ladies' day activities at the Iowa City Country club tomorrow. Golf play is to begin at 9:30 a.m. and a luncheon will be served at noon at the club house.

### Will Hold Card Party Series

The first of a series of card parties is to be given under the auspices of the Women of the Moose at 8 o'clock tonight. Games of bridge and euchre will be played, after which there will be dancing. Mrs. Libbie Parizek and Mrs. Beatrice Strub will preside as hostesses at the event.

### Will Entertain S.U.V. Auxiliary

Auxiliary of the Sons of Union Veterans will be entertained at a Kensington at the home of Mrs. Nora Hinchcliffe, 411 S. Lucas street, this afternoon. Tea will be served during the afternoon. Each member may invite a guest.

An exhibition depicting the history of the origin and development of cotton will be held at Birmingham, Ala., this fall.

### AROUND THE TOWN with DON PRYOR

#### Beauty Mart

After moving across the hall into new quarters, the Campus Beauty Shoppe, 24 1-2 S. Clinton street, re-opens today. The shop has been furnished with new equipment.

#### Answer

J. J. Lehman claims that he agreed to pay Attorney W. F. Murphy only \$50 for his services in trying to restrain the city council from allowing hospitals to build in residential districts. In an answer to a petition filed by Murphy, in which the attorney claims \$200 additional fees, Lehman asks the court to dismiss the case. He is represented by Dutcher, Walker, and Ries.

#### Jar Loose a Jar

The Red Cross is asking that all persons with extra fruit jars call the office in the city hall. The jars will go to needy families of ex-service men who will can fruits and vegetables for winter use.

#### And Another Jar

Not only jars, but fruits and vegetables are being hunted by the social service league. The league will start canning next week. Goods canned will be stored for distribution this winter.

#### Hot Time

Judging by the number of persons paying the poll tax and registering in the office of George Dohrer, city clerk, there will be a record vote cast in the next election.

#### Relentless

Rapidly approaching the 500 mark, the number of enrollments at the office of the American Legion Unemployment Relief association increased to 487 yesterday with five new persons registering. And there is no increase in aid, association officials say.

#### Naughty

Transients giving the names of James Jones and C. J. Fitzpatrick were sentenced to 15 days in jail for intoxication by Justice of the Peace B. F. Carter yesterday. Their sentences were later suspended on condition that they leave town at once.

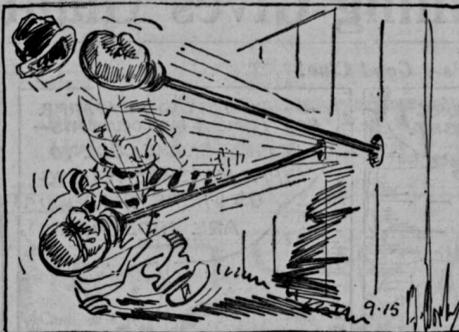

#### Not So Naughty

John Fielding and E. L. Garwood paid \$1 fines for overtime parking when they appeared in police court yesterday.

WHAT ARE YA DOIN' ? BUTCH ASKED ME TO BE ONE OF HIS SPARRIN' PARTNERS

## Current Issue of Palimpsest Features Records Brought to Iowa by Two Famous Horses

How two Iowa horses, Axtell and Allerton, brought world records to their native state and to Charles W. Williams of Independence, their owner, is described by William J. Petersen, research associate of the State Historical society, in the current issue of "The Palimpsest."

To be released tomorrow, this issue of the society's publication consists of four articles, all written by Mr. Petersen, and comments by Prof. John Ely Briggs, editor.

#### Came From New York

Charles Williams, according to the articles, first came to Independence from New York as a small boy who worked on the farm, learned telegraphy, and dabbled in the creamery and butter business. Through the contact, he became interested in trotting horses, and bought two—Lou and Gussie Wilkes.

After being bred in Kentucky, they presented him with the two horses which were later to make Rush Park, Ia., and Mr. Williams known throughout North America. Axtell, the first of these, was the only three-year-old stallion to hold a world championship, and was at one time the stallion champion of the world, as well. When he was finally sold to a syndicate, he brought Williams \$105,000, the highest price ever paid for a trotter up to that time.

#### Improved City

With the money gained from this sale, Williams went in for improvements about Independence and Rush Park, its suburb. After building an electric railway between the city and the park at a cost of \$40,000, he erected an opera house and a hotel, each at a cost of around \$50,000.

On his own property, he constructed the first "kite" racing track in the United States. A mile long, the track was built in the form of a figure "8" with one loop considerably smaller than the other. This track, together with a sim-

### Clues Fail

Col. Raymond Robins, famous dry leader and friend of President Hoover, who has been missing since Sept. 3, and for whom a nation-wide search is being made. Although several persons reported having seen Colonel Robins in Chicago, all clues as to his whereabouts have failed to materialize.

Use of power grading and other machinery has been discontinued where hand labor can be substituted on Ohio's roads.

A new skid-proof bituminous concrete, roughened so that tires may get a grip, is being tried out on Ohio roads.

Isabel Chafer, secretary in the office of the dean of the college of law, returned Tuesday night from a vacation spent at her home in Clinton.

Goldie Sexton, 742 Seventh avenue, has left for Columbia, Mo., where she will attend Stephen's college.

Georgia McCollister, 702 Felkner avenue, left last night for Boston, Mass., where she will enter the library science department at Simmons college. Miss McCollister attended the University of Iowa last year.

Mr. and Mrs. Leroy Mercer, 709 S. Summit street, and Mr. and Mrs. Willis W. Mercer, 733 S. Summit street, leave this morning on a two week trip through the east to New York.

Charles Whitebook, 1603 Musca-

## Bullets Injure 4 Bystanders

### Chicagoans Hurt While Police Battle Hoodlums

CHICAGO, Sept. 14 (AP)—Four bystanders were wounded, two seriously today as hoodlum occupants of an automobile roared through downtown Chicago exchanging pistol fire with pursuing police. The men, suspected robbers, escaped after abandoning their bullet torn automobile.

Loop workers, pouring out of office buildings on their way home, were thrown into confusion and scurried to safety in doorways and buildings as the curtained car, its siren screaming, careened through the streets. A police squad car and police in two taxis speeded in pursuit.

The firing started a short distance from the Federal building in front of a theater. Four bystanders dropped, struck by bullets. The injured were: Edward Silwa, 20, struck in the lower part of the body; William Maggini, 48, hit in the shoulder; Walter Parker, 17, shot in the shoulder, and Chester Long, shot in the back. Long and Silwa were injured seriously.

### Ripley Explanations

#### EXPLANATION OF YES.

A Despot's whim—King Mindon of Burma (1814-1878) is the founder of the city of Mandalay, which he began to build on Feb. 13, 1857. On the morning of that day an old prophecy purporting to come from Gautama Buddha himself was unearthed and brought to the king's attention. It is said that the king's successful reign hinged upon his construction of a 90 foot high watchtower before sunset of the day. The king thereupon ordered immediate compliance with the prophecy. Disobedience was threatened with swift and certain execution. Even before the setting sun glided behind the hills of the site of the new city, the tower stood completed. It stands to this day, guarding the entrance to the old fort, and I drew it on the spot during my sojourn in Mandalay.

Fifty-three teams were in competition for trophies in a Kentucky mine rescue and first aid contest. tobacco in Kentucky this year is estimated at 249,180,000 pounds. Prices paid for Georgia tobacco on opening day of the season this

## Make This Model at Home

### The Iowan's Daily Pattern

### New Beltless Silhouette

### Pattern 2322

#### STEP-BY-STEP INSTRUCTION DIAGRAMS GIVEN WITH THIS PATTERN

By ANNE ADAMS

For the matron who wants the slimmest effect possible, select lines as in the model sketched. They disguise one's figure beautifully and have such chic. This new version of the "beltless silhouette" accents smart scalloped bodice details and new puffed sleeves. Just the thing for satins and crepes.

Pattern 2322 may be obtained only in sizes 36 to 50. Size 38 requires 3 5-8 yards 39 inch fabric and 1-2 yard 36 inch lace. Illustrated step-by-step sewing instructions included with this pattern.

Send fifteen cents (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. Be sure to state size wanted.

The fall and winter edition of the Anne Adams pattern catalog is ready! Charming, flattering models—32 pages of the newest and best house, street and formal frocks—cleverly designed styles for large figures—and beautiful, practical models for juniors and kiddies. Lovely lingerie patterns, and suggestions for gifts that can be easily and inexpensively made, are also included. Send for the new catalog. Price of catalog, fifteen cents. Catalog and pattern together, twenty-five cents. Address all mail orders to The Daily

# Home Run in 10th Inning Gives Giants 4 to 3 Victory Over Cubs

## Hubbell Bests Pat Malone in Mound Battle

### Bruins Hold Lead in League as Bucs Drop Game

NEW YORK, Sept. 14 (AP)—A pair of New York home runs wrecked a 10-inning pitching duel between Carl Hubbell and Pat Malone today and gave the Giants a 4 to 3 victory over the Chicago Cubs.

The defeat did no serious damage to the Cubs' hold on first place as Pittsburgh also was defeated.

Mel Ott gave the Giants an early lead by clouting his thirty-fifth homer of the season in the first inning behind singles by Hughey Critz and Bill Terry. After that, Malone didn't give more than one hit an inning while the Cubs got back a run at a time to tie the score at 3-3.

**Wallops First Ball**  
Then in the tenth Freddy Lindstrom, who had been out of action for three days because of a wrenched ankle, hit Malone's first pitch into the left field stands for a homer that won the game.

Chicago scored with a hit in the first inning when Bill Herman walked, stole second, took third on Hogan's wild throw and tallied on a fly by Cuyler. Successive singles by Stephenson, Demaree and Grimm brought another run in the fourth and Stephenson's single, a force-out and a base-hit by Gabby Hartnett tied the score in the sixth.

**16 for Hubbell**  
The victory was Hubbell's sixteenth of the season. He allowed nine hits while the Giants made 11 off Malone and struck out seven.

Mark Koenig hurt his wrist sliding into second base in the ninth and Bill Jurgens finished at short.  
Score by innings: R. H. E.  
Chicago.....100 101 000 0-3 9 0  
New York.....300 000 000 1-4 11 2  
Batteries: Malone and Hartnett; Hubbell and Hogan, Healey.

## Triple Play Helps Braves Trip Pirates

BOSTON, Sept. 14 (AP)—The Braves executed the first triple play made in Boston in several years today while taking the second straight game of the final series with the Pittsburgh Pirates, 5-2.

The "grand slam" came in the fifth inning. Lloyd Waner opened with a single to center and his brother, Paul, hit safely to right, bringing up Comorsky. He hit a hard smash over second which Bill Urbanski nailed with a running double. Urbanski touched second to double up Lloyd and his throw to first base caught Paul off that bag.

Bobby Brown, the Braves' young right-hander, pitched his fourteenth victory of the season.  
Score by innings: R. H. E.  
Pittsburgh.....001 000 010-2 11 0  
Boston.....003 100 011-5 11 0  
Batteries: French, Smith, Swetonic and Padden; Brown and Spohrer.

## Dodgers Move Ahead With 3 to 1 Victory

BROOKLYN, Sept. 14 (AP)—The Dodgers gained a full game in their stern chase for the top of the National league today by defeating the St. Louis Cardinals, 3 to 1, while both Chicago and Pittsburgh lost.  
Van Mungo pitched steadily in the pinches although he gave 11 hits and the Dodgers fielded brilliantly behind him. St. Louis errors figured in both of Brooklyn's scoring innings. One misplay with singles by Taylor, Stripp and Frederick brought two runs in the first and hits by O'Doul and Cuccinello with Blades' error netted another in the fifth.

Score by innings: R. H. E.  
St. Louis.....000 000 100-1 11 2  
Brooklyn.....200 001 000-3 9 0  
Batteries: Johnson, Stout and Delancy; Mungo and Lopez.

## Five Doubles Net Giants 4 to 1 Win

PHILADELPHIA, Sept. 14 (AP)—Roy Hansen's hurling, coupled with five doubles by his teammates gave the Phillies a 4 to 1 victory over Cincinnati today.

Until the ninth inning, the Reds made only two hits off Hansen. Then they compiled two doubles for their lone tally. The Phillies bunched four hits on Rixey in the eighth inning to put over their last two runs.

Score by innings: R. H. E.  
Cincinnati.....000 000 001-1 4 3  
Philadelphia.....100 010 024-4 11 0  
Batteries: Johnson and Lombardi; Hansen and Todd.

## Girls' Cage Game in Chile

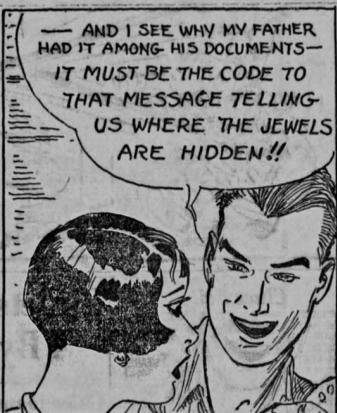

SANTIAGO, Chile (AP)—Girls' basketball has appeared here and great popularity is predicted for the game. Traditional frowning on women's sports in Chile has abated, but sponsors of the latest game have been careful to see that it is kept sufficiently lady-like to prevent any charges that "roughnecks" are made of the players.

# Yankees Begin to Loaf as End of Season Approaches; Trim Chisox, 3-2

## Brown Hurls Win Against Lyons, Faber

### New York Reserves Replace Regulars at Chicago

CHICAGO, Sept. 14 (AP)—Joe McCarthy, who won a National league pennant in Chicago a couple of years ago, brought his new American league champions, the New York Yankees, here today and managed to escape the deluge of congratulations long enough to lead them to a 3 to 2 victory over the White Sox.

With several regulars resting after the long grind that finally clinched the flag for them yesterday, the Yankees wasted a few opportunities, having 11 men left on the sacks. But they played steady ball behind big Walter Brown and were in trouble only in the ninth inning.

Brown, making his second appearance as a starting pitcher, recorded his second victory, outlasting Ted Lyons and Urban Faber. Up to the ninth he gave only six hits but he struck a snag there after two were out and three hits and a hit batsman brought the Sox runs.

Lou Gehrig drove in the winning runs for the Yankees with a double to left after Brown had doubled and Chapman had walked. The first Yankee run came in the sixth on Hoag's Texas league double and Crossetti's single.  
Score by innings: R. H. E.  
New York.....000 001 200-3 9 0  
Chicago.....000 000 002-2 9 2  
Batteries—Brown and Jorgens; Lyons, Faber and Grube.

## Macks Riot Over Browns in Ninth

ST. LOUIS, Sept. 14 (AP)—The Philadelphia Athletics smashed out eight runs, including a homer by Dykes, in the ninth today to break a tie and give the Athletics a 13 to 6 triumph over St. Louis. A home run by Goslin had evened the count in the sixth.

There were two out and the bases were loaded when Dykes hit his circuit clout. Four more runs were added on a double by Freitas, Bishop's single, a triple by Haas, Cochran's double and Simmons' two-bagger.  
Earlier in the game Burns and Cochran knocked home runs.  
Score by innings: R. H. E.  
Philadelphia.....100 040 008-13 19 0  
St. Louis.....100 022 001-6 11 2  
Batteries—Mahafey, Freitas and Cochran; Blacholder, Herbert, Gray and Ferrell.

## Indians Shut Out Boston Club, 9 to 0

CLEVELAND, Sept. 14 (AP)—Led by Burnett, Averill and Cissell, the Indians pounded out a 9 to 0 triumph over Boston today in the first of a three-game series.

The three big guns of the Tribal attack accounted for 10 of Cleveland's 15 hits. Cissell got four hits out of four times at bat; Averill three out of four, and Burnett three out of five, including a home run. Mel Harder, scoring his fifteenth victory of the season, held Boston to seven scattered hits.  
Score by innings: R. H. E.  
Boston.....000 000 000-0 7 0  
Cleveland.....000 210 412-9 15 1  
Batteries—Rhodes, Welch and Connolly; Harder and Mattat.

## Tigers Claw Nats by 9 to 3 Count

DETROIT, Sept. 14 (AP)—Detroit mauled four Washington hurlers and made their hit count today to win the series opener 9 to 3.  
Earl Whitehill allowed the Senators 10 hits, but kept them so well scattered that run-making was infrequent, one of those the Senators did score being wild-pitched in, Brown, who started for Washington, was lifted in the third inning.  
Score by innings: R. H. E.  
Washington.....200 001 000-3 10 2  
Detroit.....403 000 011-9 12 1  
Batteries—Brown, Coffman, Thomas, Weaver and Spencer; Whitehill and Desautels.

## Bradley Tech 11 to Tackle Trio of Big Ten Teams

First Iowa, then Illinois, Western conference teams of a caliber above its own, will be taken on by the Bradley Tech football team, first opponent of Coach Ossie Solen's new Hawkeye eleven.  
The ambitious Bradley machine, led by a great open field runner, Captain McClarence, will open Iowa's schedule in the stadium Oct. 1. Hawkeyes have played the Illinois collegians only once before, taking a 38 to 12 game in 1930.

## Ouimet Leads Day's Play in Golf Tourney

CHICAGO, Sept. 14 (AP)—On the crest of a record-shattering scoring wave, Francis Ouimet, the grand old master of the American links, came through with two sensational victories today in his defense of the United States amateur golf championship in the already-historic battle of Five Farms.

In one of the rarest shot-making moods of any other golfer's career, the bespectacled Bostonian swept one of his foremost rivals, George J. Voigt of New York, out of the tournament in the first round by negotiating the first nine holes in a record-breaking 30, five under par, and going on to win by 6 and 5.

**Wins One Up**  
Back in the afternoon against the youthful Yale star, Sidney W. Noyes, Jr., of New York, Ouimet had so hard a fight on his hands from the outset that he needed a birdie three on the eighteenth and last green to win, 1 up.  
Ouimet's scoring outburst surpassed anything ever witnessed in the history of the 36 year old tournament. His dazzling 30, with five birdies, on the outgoing nine was a stroke better than the previous record of 31 for any nine holes of the tournament, first achieved away back by Jerome D. Travers and equalled in the 1927 finals by Bobby Jones.

**Jones Among Spectators**  
Jones was among the spectators, describing the champion's play as "so unbelievable, I had to see it with my own eyes to believe it was true." Ouimet had six birdies in 13 holes against Voigt, whose par golf looked poor by comparison. Against Noyes, the titleholder had five more birdies in a round that was more erratic, despite his good total of 72 for the 18 holes two over par.  
Ouimet's great performances dominated another hectic day which saw the match play field of 32 reduced to eight quarter-finalists for tomorrow's battles over the 36 hole route. Gus Moreland of Dallas, the western amateur champion, eliminated in the day's biggest upset, and the famous "old guard" strengthens its position against youthful challenges by the survival of Chick Evans and Jesse Guilford, two former titleholders.

**Stuccubs to Blaney**  
Moreland was the victim of William O. (Bill) Blaney of Boston in the longest match, a 22 hole thriller that the New Englander won, 1 up, when his Texas rival three-putted on the last green, missing a mere two-footers as a climax. It was a great triumph for Blaney, who qualified for the first time in the national championship and will celebrate his twenty-seventh birthday tomorrow.

As a result of a grand total of 24 matches over the 18 hole route, the "last eight," in the order in which they will tee off in tomorrow's quarter-final round, follow:  
Chick Evans of Chicago and Jesse P. Guilford of Boston.  
Ross Somerville, Canada, and Bill Blaney of Boston.  
Johnny Fischer of Cincinnati and

## 28 Harriers to Report for Hawk Team

### Six Veterans on Squad; Sophs Bolster Fall Hopes

From the ranks of a 28-man squad, the University of Iowa's 1932 cross country team will be developed, Coach George T. Bresnahan announced yesterday.

Half a dozen of the candidates had experience in intercollegiate meets last fall but only two, Leo Campisi of Rockford, Ill., and Norman Rosenberg of Weehawken, N. J., won varsity awards.

**Sophs Promising**  
Coach Bresnahan, who has tutored three Iowans to Big Ten individual titles, believes that the sophomore material is slightly above average, with Robert McElroy of Muscatine, Verne Schlaser of Keswick, and Richard Bott of Keota among the most promising runners.

These are the prospective candidates: Tom Barnard, Omaha, Neb.; Richard Bott, Keota; Kenneth Braun, Davenport; Leo Campisi, Rockford, Ill.; Frank Clark, Iowa City, Charles Cline, Spirit Lake; Frank Folwell, Davenport; Harold Frederick, Strawberry Point; Robert Henderson, Independence; Walter Hogan, Cedar Rapids; Max Lappin, Boston, Mass.

**Robert McElroy**  
Robert McElroy, Muscatine; Bertarn Metcalf, Davenport; John Mitchell, Charles City; Richard Mitvalsky, Cedar Rapids; Benjamin Needel, Boston, Mass.; Raymond Nelson, Davenport; Detlef Petersen, Miles; Norman Rosenberg, Weehawken, N. J.; Verne Schlaser, Keswick; Hugh Staggs, Iowa City; Edward Taylor, Highmore, S. Dak.; Wendel Taylor, Ireton; Harry Tennant, Iowa City; Charles Van Epps, Iowa City; and Kenneth Voss, Marengo.

Practices will begin Sept. 26 and the Big Ten schedule will open Oct. 15 against Indiana at Bloomington. Minnesota and Grinnell also will be met in dual affairs.

## Mack's Grandson Promising Gridder

ASHEVILLE, N. C. (AP)—Connie Mack's grandson will be a football player this fall.

Bob McCambridge, 17, is a likely candidate for a halfback post on the Asheville high school team, says Coach Price Leeper. McCambridge is a grandson of the veteran leader of the Philadelphia Athletics.

Young Bob is likely to be assigned to a halfback position. He played there on a team at Germantown, Pa., academy. He weighs 140 pounds. Baseball is young McCambridge's favorite sport and some day he hopes to play shortstop for the Athletics.

Bob and Connie, a 12 year old brother, live here with their mother, Mrs. M. V. McCambridge.

## Destroys Auto Trophy

PESCARA, Italy (AP)—The night before the annual automobile race for the Aerbo cup was to be run here someone broke into the Automobile club and smashed the coveted silver trophy to bits.

## Fall Baseball Will Begin for Hawkeye Veterans Sept. 26

Baseball men at the University of Iowa begin the annual process of rushing the season when they report for fall practice Sept. 26 with Lawrence Harrison, assistant coach, in charge.

Otto Vogel, head coach, announces that all veterans and sophomores who are not occupied with other sports are expected to play.

Under the leadership of Marshall Riegert, St. Louis, Mo., four of the seven veteran major "I" men will practice. They include Frank Drager, Monroe Center, Ill., shortstop; Ed Christiansen, Dixon, outfielder; and Herman Schulteheerich, St. Louis, Mo., second baseman.

As one of the assistant varsity football coaches, Otto Vogel, the baseball mentor, will be unable to work with his ball players this fall. So will three of his star veterans, Glen Baker of Davenport, Joe Laws of Colfax, and Christian Schmid, Dysart, all varsity squad.

## Junna Bolla, former Rugby football player, who assisted with coaching at Tuskegee Institute last year, will not return this season.

## Blue Sox Wallop Rock Island, 12-2 in 'Sippi Play-Off

DAVENPORT, Sept. 14 (AP)—Davenport evened the Mississippi Valley league title series tonight, defeating Rock Island in the second game, 12 to 2. Fred Newton held the Rocks to seven scattered hits while the Blue Sox were pounding Mills, Schneider and Valsosna for 14 safe blows.

Home runs by Yeargin and Schinski of the Blues and Geygan of the Rocks featured. Yeargin and Schinski led the Davenport hitting with three safeties each.

## Golfer Breaks 100 After Single Round

RICHMOND, Va. (AP)—You golfers who first break that coveted "100" only after months of trials and tribulations, lend ear to the links exploits of a Richmond banker.

Henry S. Hotchkiss is his name and "99" his authorized score for the second golf game of his life. The card of his debut showed 112, and the scene of both "triumphs" was the difficult Laurel course.

"Would you say the difficulty of golf has been greatly exaggerated?" he was asked.  
"No," was the smiling reply, "because I'd expect to have to eat my words at any time."

Hotchkiss explains he doesn't know enough about the game to say which shots are the hardest. He gets along better with his woods and finds the irons "pretty hard to handle."

## Bears Look Good

ST. LOUIS (AP)—The Bears of Washington university were put through two practice sessions today in preparation for the 1932 football season. Minor injuries to some of the players reduced the squad, but Coach Jimmy Connelman's optimism was undimmed because of what he termed "a good line, from tackle to tackle." Blocking was emphasized today.

## TODAY and FRIDAY ENGLERT

## Soph Grid Talent Leads at Arkansas

FAYETTEVILLE, Ark. (AP)—The University of Arkansas football squad has gone sophomore.

Of the 43 candidates ordered by Coach Fred Thomsen to report for the opening practice, no fewer than 26 are second year men. Nine are letter men and eight are reserves from last season's squad.

Not only do the sophomores have an advantage in numbers, but the ability which they showed on last year's undefeated freshman team, indicates that the veterans, with a few exceptions, may have a hard time holding their jobs.

SPECULATION as to what Iowa will have this year for a football team continues to be the popular pastime, and there will be quantities of fuel heaped upon the fire in the next few days as Coach Ossie Solen gets started in the process of shaping up the Hawkeye eleven. The two sessions a day will have to be crammed full of action, with Coaches Vogel, Williams, and Boelter helping to whip the squad into shape for the Bradley Tech game Oct. 1.

Unless there is a complete reversal of style, Iowa teams under Coach Solen will be entirely different than those of the last eight years. Speed, shifts, passes, and daring have been characteristic of Solen-coached teams at Drake, and no doubt it will be the same sort of football he will attempt to drill into his squad this fall. It will be a real test for the men, for outside of the basic fundamentals of the game, they will have to learn all over again.

Of course, Solen is only human, and it is useless to expect him to pull any rabbits out of the hat in the shape of a powerful, experienced line that will function perfectly in front of a backfield that is made up entirely of all-American material. But the new coach isn't by any means pessimistic. He promises a hard-fighting team, that will battle to the finish with each and every team on the schedule.

The announcement made by Coach Solen, stating that only on Monday and Thursday will the public be admitted inside the gates of the practice field, and that all those watching workouts must stay in the stands will be pretty tough on the Old Gold enthusiasts who have followed the team around the field during practice in the past, but it is the thing to do. We had always marvelled at the way the coaches led the fans onto the field. At many colleges and universities the fans, and even coaches of other sports are not allowed inside the gate.

LET'S give Coach Solen every bit of cooperation we can. If he feels that he can mold his squad into a better team by keeping spectators at practice in the stands, then no one can do less than cheerfully do as he asks. If his request is carefully observed, Mondays and Thursdays will be "open house" at old Iowa field. If they aren't all drills will undoubtedly be held behind locked doors.

The candidates that checked out uniforms yesterday appeared to be itching to get started, and while waiting for the photographers to get pictures, flipped the ball around. There was, of course, no semblance of a workout, but as one of the lads remarked, "We probably won't feel quite so frisky about this time tomorrow night."

EACH practice last spring demonstrated to the squad just what the new mentor expects. Long stiff drills from start to finish were used to get over to the men the fundamentals of the new system. They know that it is the same sort of thing they must do from now on in order to be the kind of an eleven that Solen wants. And they also know that every man on the squad will have the same chance. Past records don't count.

The attitude prevails throughout the camp that what is past is past. Training, knowing the signals, readiness to take orders, willingness to take orders, are all taken for granted. Most of the men appear to be in fine condition. Samuelson's stories of the hardships of swinging a sledge for 14 hours a day on a road gang, were backed up by his appearing to be hard as nails. Look out, fresh!

MORE than 50 candidates will swing into action at 9:30 this morning in the first drill. What the fates have in store for Iowa this fall no one can tell. But everything points to a scrappy team that should start Iowa on the upgrade. Interest in Iowa's team extends throughout the state to the greatest degree in years.  
Good luck, Ossie!

120 Thought Dead in Algerian Train Wreck

ORAN, Algeria, Sept. 14 (AP)—A troop train carrying 500 officers and members of the famous French Foreign Legion plunged into a ravine near Tlemcen today and the Havas news agency said probably 120 legionnaires had been killed and another 150 seriously injured.

Rhine-Westphalians also advanced and Kreuser & Toll 5s allied for a gain of 1 5/8 points.

The United States government section was fractionally firmer.

mountainous district between Zeboun and Turenne, and plunged 250 feet to the bottom of the ravine.

The wreck was believed to have been caused by a mushy road bed which had been affected by heavy rains recently.

Automobile accidents cost 512 lives in Kentucky in 1931, as compared to 477 the year before.

Telephone, Santa Fe, Union Pacific, Du Pont, Allied Chemical, Southern Pacific and American Car reacted from nearly 3 to more than 4 points.

Steel Recovery Slow

Steel output, although larger than a week ago, is nevertheless recovering less rapidly than had been forecast in August.

Some of the leading railroads, including Pennsylvania, New York Central, Frisco and Katy, had smaller freight loadings last week than in the previous period, but the Labor day influence had to be reckoned in with appraising the figures.

Money markets took no notice of the approaching heavy turnover in funds, estimated at about \$2,000,000, in connection with the treasury's mid-September financing.

MURDER of the NIGHT CLUB LADY THE NEW THATCHER COLT DETECTIVE MYSTERY BY ANTHONY ABBOT

"I told her that I had the scorpions in two boxes in my overcoat," Baldwin's letter read.

CHAPTER THIRTY-FIVE I TOLD Lola that I wanted to see her alone. She consented and took me into the boudoir. I told her that I had the scorpions in two boxes in my overcoat, which I had thrown over my arm as I entered her bedroom. She became very eager and entreated me to let her see them. But I hesitated. I explained to her how dangerous they were. I told her that she ought not to take risks—of any kind. Then I looked her squarely in the eyes and told her that murder was a game that was always caught.

Enjoy Cleaning . . . .

## EASE

and efficiency . . . by selecting one of the new . . . Silver Jubilee . . . Hoovers now . . .

Dusting tools included at no increase in payments

Call us TODAY for a home demonstration.

WHETHER housecleaning is hard or easy depends entirely upon the kind of cleaning equipment you have. With a new Hoover you can clean your rugs in much less time. When through, you are sure that every bit of destructive dirt and grit has been removed, too. By means of Positive Agitation the Hoover gently taps the rug on a cushion of air, loosening the deeply embedded grit and thereby greatly lengthening rug life.

Come in and see the new Silver Jubilee models, or call us for a home demonstration. Then you'll appreciate what marvels of cleaning efficiency they really are. The Popular-Priced Hoover is actually the most efficient cleaner ever offered at the price. It is lighter in weight than the former Hoover, lower in price, and available on more convenient terms. Ask about the new Two-Speed Hoover, for rugs of various thicknesses, and the Gold Chevron Hoover for unusually heavy service, too.

Liberal allowance for your old cleaner. Convenient terms . . . New low prices. On three new Silver Jubilee Models . . .

Approved appliances may also be purchased from other reliable dealers in this community.

## Now's the Time TO BRIGHTEN UP THE HOME

Dial 4464

TAKE A LOOK AT YOUR HOUSE FROM ACROSS THE STREET. DOES IT HAVE A NEGLECTED LOOK? AND IF YOUR HOME LOOKS THAT WAY TO YOU—HOW WILL IT LOOK TO STUDENTS WHEN THEY ARE OUT LOOKING FOR ROOMS? A GOOD PAINT JOB NOW, WHILE LABOR AND MATERIALS ARE LOWEST WILL NOT ONLY SAVE YOU A PRETTY PENNY BUT WILL PUT YOUR HOUSE IN CONDITION FOR SEVERAL LONG WINTERS—WHEN IT NEEDS PROTECTION.

WHAT MORE COULD YOU DO TO A ROOM TO TRANSFORM IT INTO A CHEERY PLACE TO LIVE THAN PUT ON BRIGHT NEW WALL PAPER? IT'S A SALESMAN THAT WILL BE RIGHT "JOHNNY-ON-THE-SPOT" IN RENTING YOUR ROOMS. WE'RE SHOWING THE NEW FALL PATTERNS AT AMAZINGLY LOW PRICES. A REPRESENTATIVE WILL ESTIMATE YOUR WORK UPON REQUEST.
