

Baylor Will Give Recital

As an interlude in the regular series of student recitals, the music department will present Murray Baylor, undergraduate assistant in piano, in a recital tomorrow at 8 p.m. in north music hall.

Mr. Baylor was recently appointed to this position because of the increase in enrollment in the department, and is fulfilling a student recital requirement in this performance.

The music department, is as follows:
Pour le piano Debussy
Prelude
Sarabande
Toccata
Klavierstuecke, opus 118 Brahms
1. Intermezzo
2. Intermezzo
3. Ballade
4. Intermezzo
5. Romanze
6. Intermezzo

Variations symphoniques Franck
The program will be broadcast over WSUL, and is open to the public.

Engineers Inspect Laboratories Here

H. B. Beckman of Rolla, Mo., district engineer of the United States

geological survey; F. M. Veatch of St. Louis, Mo., principal assistant of the geological survey, and United States engineers Harry Pockras of Huntington, W. Va.; Harold A. Kemp of St. Paul, Minn.; W. B. Feagin of Alton, Ill., and H. E. Boarth of St. Louis, Mo., are visiting the hydraulics laboratories here. An alumnus of the college of engineering, R. F. Poston of Iowa Falls, who received his degree in 1930, also visited the laboratories yesterday.

Film Will Portray Beethoven at Work On Ninth Symphony

Ludwig van Beethoven will be shown composing his Ninth Sym-

phony in a sound film to appear on a university film program this afternoon at 4:10 in chemistry auditorium.

"Out of the silence," a one reel film, turns back the clock to 1825 and shows the musical genius in his Viennese studio composing at a time when his hearing had become so impaired that he could not distinguish his own musical notes.

Contrasted with this situation is that of a present day school child suffering from impaired hearing, who can be helped, as the film will show, by the new ear aid developments.

Chief Motor Sales Named New Local Pontiac Distributor

The Chief Motor Sales, 120 E. Burlington street, Iowa City's newest automobile agency, has been named Pontiac distributor for Iowa City, it was announced yesterday by Faud R. Carns, local manager.

Mr. Carns comes to Iowa City from Cedar Rapids where he has been in the automobile business for the last 15 years. He will be assisted here by Fred Cavanaugh, who has also been connected with the automobile business for 12 years.

The repair department of the Chief Motor Sales will be in charge of Claude Reed.

The new Pontiac agency has four cars on hand now and eight more

will arrive by railroad the latter part of this week.

Mr. Carns' family will move to Iowa City this spring.

Home Economics Group Hears Talk By Ellen Pennell

Home economics students can prepare to enter any of several diverse fields, Ellen Pennell of the American Home Economics association told members of the Home Economics club yesterday.

Positions open to home economics-trained students include advertising positions with commercial organizations, interior decoration, fashions, laboratory research, editorial work in all phases of home economics,

child care and parent education, and household accounting, which deals with budgeting the income and investing savings safely and profitably.

Miss Pennell stressed the necessity of being able to contact people easily, to judge personalities quickly, and, above all, to present a smart appearance.

Scout Gate Receipts To Go to Milk Fund

Proceeds from a program presented yesterday afternoon at Henry Sabin school by Girl Scout troop 8 will go to the Henry Sabin school milk fund. Mrs. Glen Houston, leader of troop 8, supervised the program.

Three Students Join Group Editing County Register at Elkader

Rodbert C. Boello, J. J. of Rock Island, Ill.; Vivian G. Beneke, J. J. of Pocahontas, and Arle Poldervaart, G. of Cedar Rapids, all members of Prof. Fred J. Lazell's class in community weekly, were taken to Elkader yesterday by Prof. Frank L. Mott, director of the school of journalism.

These students are members of a group from Professor Lazell's class who will edit the March 29 issue of the Clayton County Register of Elkader. George W. Seid, A. J. of Omaha, Neb.; Martha B. McKay, J. J. of Eldon; and Bernard J. Huston, J. J. of Ottumwa, also members of this group, left several days ago.

SEEN FROM

Old Capitol As Actors Arrive

linger, but I have been assured that things will be quiet and peaceful. Burlington junior college boasts a Jack Johnson, and the former editor of the New York Herald has a name counterpart in James Bennett of Tripoli...

Most of the players in drama must be content to act under assumed names when they appear before their public. Not so with Jan, however. Jan will appear in Clinton high school's production of one act of "The Enemy"—and he will act under his own name, according to the program, which lists, "Jan, by Himself." Incidentally, Jan is a dog!

If this corner hadn't made a rule against puns, I might have mentioned two of the women in Roosevelt high school's production of "The Nightingale and the Rose." Nevertheless it is tempting, with the Des Moines group impersonating white roses, red roses, yellow roses—not to mention an oak tree—to suggest that Catherine Bousquet and Betty Cubbage are suggestive of certain well known vegetables...

Field Worker Will Talk at Muscatine

Edith Holmstrom, field worker for the bureau of dental hygiene, has transferred her activities for the rest of this week to Muscatine. While in Muscatine, Miss Holmstrom will speak before school groups, a meeting of Farm Bureau women, and before several Parent-Teacher association groups...

A rat that has learned to do tricks is the proud possession of the psychology department of the University of California. It has been named "Miss Major."

Research Papers By Members Of Faculty Published

Lyle C. Bauguess and Clarence P. Berg of the chemistry department are the co-authors of two papers written on the general subject "Tryptophane metabolism," which appear in the Journal of Biological Chemistry for March...

The papers are based upon research which is still in progress, and present a study of possible intermediates in the metabolism of the amino acid, tryptophane...

A portion of the research done by Mr. Bauguess in working toward his doctorate in biochemistry is covered by the articles...

Dr. Clarence Van Epps, head of the neurology department of University hospital, will present an illustrated talk, the second in a series of post-graduate lectures, at Oskaloosa this evening...

The subject to be discussed by Dr. Van Epps will be "Migraine." Dr. Adolph Sals will also attend this meeting...

Dillingers in Florida? ST. CLOUD, Fla. (AP)—Three men rode up to the Citizens State bank here today in a blue coupe with an Indiana license tag, warned their victims they were members of the Dillinger gang...

ST. CLOUD, Fla. (AP)—Three men rode up to the Citizens State bank here today in a blue coupe with an Indiana license tag, warned their victims they were members of the Dillinger gang, seized about \$10,000 in currency and fled into the swampy fastnesses of central Florida...

America here they are!

CHEVROLET factories are breaking records, trying to give America all the cars it wants. 4000 units a day are rolling off the assembly lines. February output was twice that of January. March output, according to present indications, will be three times that of January. More Chevrolets are now being produced than any other make of automobile in the world. And today, Chevrolet is happy to report that all its dealers will soon be in a position to make immediate deliveries.

When you consider how short a time the new Chevrolet has been in production—when you consider, also, that the 1934 car is not last year's model improved, but a basically new automobile, with sweeping changes in design—this production record becomes somewhat of an accomplishment. But, a still greater accomplishment, in our opinion, is the way that these cars have all been produced!

Despite continued nationwide pressure for more and more volume, every car that has left the factories has been built and tested to meet Chevrolet's highest standards of care, precision and quality. The result: When you place your order for a new Chevrolet, you'll not only get a big, rugged "Knee-Action" car—you're also assured of getting a typical Chevrolet car in economy, dependability and long life.

IOWA CITY, IOWA THURSDAY, MARCH 22, 1934

Ramblers Ready to Go... Seek Added Prestige for St. Mary's Iowa City... Great Accommodations... An Education In Itself.

By Ron Tallman

CHICAGO, March 21—The big show is on. And Iowa City's representatives—St. Mary's Ramblers—are ready to see their first action. They're expecting plenty of action, too, as they square off against the big and veteran team from St. Joe's of Oil City, Pa., but they will concede nothing to their favored opponents.

SEEK ADDED PRESTIGE

The Ramblers have a reason for wanting victory over the easterners. That reason is to advance the prestige of the Iowa City school in the nation's Catholic high school cage ranks.

They have very firm intentions of making a fight of it, and just that they will probably do, at least.

They want to win for Bob Bradley, their captain, who was left home sick with the measles. For a victory on Friday night will fix it so Bob could play after all.

They want to win for Bob Bradley, their captain, who was left home sick with the measles. For a victory on Friday night will fix it so Bob could play after all.

GREAT ACCOMMODATIONS

Loyola university should be complimented for the grand style in which they entertain the visiting teams.

AN EDUCATION

It's a genuine haven for basketball players and coaches, too. Thirty-two teams means 250 players. Then add to that the 32 coaches and practically a like number of athletic directors and trainers besides the team followers and you have a gathering that is really concerned with basketball.

When you get that many kids from as many different sections of the country together some real comparing goes on. It's an education in itself for these boys to meet and get acquainted.

Hawk Track Foes Strong

Iowa might win the triangular indoor track meet Saturday at Madison with Wisconsin and Northwestern.

Northwestern Favored In Triangle Fray at Madison

Iowa might win the triangular indoor track meet Saturday at Madison with Wisconsin and Northwestern.

Farley Fast

Farley of Northwestern ran a close second in a 422.6 mile which should make him favorite over Gordon and Campisi, Iowa, unless Gordon can better his time made last Saturday in the state meet.

Ramblers Open Tournament Play With Oil City

Veteran Pennsylvania Quintet Favored to Stop Marians in 1st Round Clash in Afternoon

Take Light Workout in Chicago as Last Step Before Title Play; Lumsden Moved To Guard for Bradley

CHICAGO, March 21—Their first national tournament victory as their goal, St. Mary's high school cagers from Iowa City tonight completed preparations for their first round game tomorrow afternoon against St. Joseph's of Oil City, Pa., in the eleventh annual national Catholic basketball meet now in progress at Loyola university.

Can Bobby Come Back?

But they have an even bigger reason for wanting a triumph in their second game, whether it is in the championship tournament or in the consolation play.

1st Round Atlanta Play May Yield Answer To Question

AUGUSTA, Ga., March 21 (AP)—The answer to the question that is currently agitating the sports world in general and this old southern countryside in particular—can Bob Jones come back?—will be posted at least partly tomorrow when the great Georgian quits handshaking for some earnest club swinging in the first round of the \$5,000 masters invitation tournament.

"I hope to be able to step four fast rounds," smiled Jones before he teed off with Ross Somerville, the Canadian amateur who was his partner in the Scotch foursomes which provided a preliminary tune-up.

"But I can't even venture a prediction starting tomorrow. It looks like a wide open tournament to me and I hope we will have a good time."

Mine host Jones nevertheless was rated tonight the tournament favorite with young Paul Runyan, the sensational White Plains, N. Y., professional. They will play together tomorrow.

Odds of 10 to 1 were quoted by bookmakers against the prospects of Craig Wood of Deal, N. J., Horton Smith of Chicago and Willie MacFarlane of Tuckahoe, N. Y.

While the professional hopes have been pinned largely on the diminutive Runyan, the old guards "fear" of the Georgian seem founded on more than just the memory of what he generally did to them before he retired from competition in 1930.

Jones not only designed and supervised the construction of the beautiful Augusta national course, over which the tournament will be played, but he holds the practice record of 65, seven under par, and has convinced his friends that he is hitting the ball as well as ever.

The tournament is made to order for Jones with only one round scheduled for each of the next four days to complete the regulation 72 hole test. There have been suggestions that Bob was not walloping.

great competitive runner and, although only a sophomore, should make himself known before he finishes his collegiate career.

Wisconsin also has a relay team that has made good time as Iowa so the event looks like anybody's battle.

The other events look fairly even with Cretzmeier and Moulton in a position to come through in the high hurdles and Schmidt in the pole vault.

Ledman of Wisconsin won the pole vault with a height of 12 feet 4 inches in a dual with Minnesota, this being higher than any Iowan has done in competition this season.

However, anything can happen.

But the Ramblers are not thinking of losing or of consolation games right now. They're planning to battle for a right to continue in the championship play and put St. Mary's and Iowa City on the basketball map of the United States in a great big way.

The Oil City outfit is made up of a group of sizable players, and to cope with the easterners Coach Suplee plans to rely mainly upon a fast breaking offense with numerous.

Iowa's mile relay team looks good for a win if Fleming isn't too tired after running in the 440 and the 880 yard runs. This Fleming is a

Iowa to Send Representatives to N.C.A.A. Title Swim Meet

Bob Larson Will Wrestle In Nat. Meet

Keilhorn Injured; 'Dad' Schroeder to Attend Rules Meeting

Coach Mike Howard, "Dad" Schroeder and Bob Larson, wrestling star of the University of Iowa team, left Iowa City yesterday afternoon for Ann Arbor, Mich., where Larson will compete in the national intercollegiate wrestling championship meet Friday and Saturday.

Previous plans were that Earle Kielhorn, who with Larson, won second place honors at the Big Ten championship meet March 9 and 10, would also make the trip, but a torn ligament, sustained recently will keep him out of the contest.

Chances for Larson to go to the upper ranks in the meet are regarded as fairly favorable. Devine of Indiana, who took first in the national meet last year, is considered one of the leading contenders. He was the only one to win over Larson this year, but only by a 37 second time advantage in an overtime session.

Lillie of Ames, who won first this year in the 135-pound division of the Big Six championship meet, and drew with Larson in the Iowa-Ames match this year, is also rated among the best in his class.

Besides attending the meet, "Dad" Schroeder will also be present at the annual meeting of the national rules committee on wrestling in Ann Arbor.

Metcalf Handed First Dash Defeat

HAMILTON, Ont., March 21 (AP)—Bert Pearson of the Hamilton Olympic club gave Ralph Metcalf, the Marquette university speedster, his first defeat of the indoor track season tonight in the 60 yard dash at the ninety-first Highlanders Athletic association meet.

Pearson was timed in 6.5 seconds with Metcalf second and Ed Hall of Kansas university third.

Hawkeye R.O.T.C. Rifle Team Fires In Big Ten Matches

Seven R.O.T.C. riflemen of the University of Iowa will leave tomorrow for the University of Illinois where they are to compete in the annual Western conference shoulder-to-shoulder matches. The team and individual scores fired in these matches are also counted in the competition for the national intercollegiate rifle championships.

Those making the trip are: Vincent Allison, captain, Carl E. Cone, Don B. Martin, Elroy Maule, Kenneth S. Stemmons, Frank Paik, and Horace E. Redman. Others who will go with the team are: Lieut. Col. Converse R. Lewis, head of the military department; Capt. Earl F. Paynter, director of marksmanship; Warrant Officer James J. Gibney; Sgt. Herbert W. Wendland; Cadet Col. H. Robert Redus, contact officer; Cadet Lieut. Col. John E. Kineman, business manager, and Dr. Claude S. Duggan, president of the Student Rifle club.

Vogel Orders Fielding Drill

Batting Practice, Line Drive Handling Will Be Stressed

Coach Otto Vogel sent the Hawkeye baseball squad through an extensive fielding and hitting drill, yesterday, in which those weaknesses which appeared in the practice games earlier in the week were given special attention.

Today, and again tomorrow, the players will battle amongst themselves in practice games. Veterans from last year's squad will be teamed with the most likely of the new men against the pick of the remainder of the candidates.

Not satisfied with the performance of the outfielders in the practice games that have been held to

Wells Enters Twenty-Five In Title Meet

Bulk of Squad Untried In Competition; 4 Vets Left

The Mississippi Valley conference indoor track meet will be held Saturday, March 24, at 2 o'clock in the field house.

Coach George Wells of City high intends to enter about 25 men in the meet. Nearly all of these men, however, have had little or no varsity experience, there being only four lettermen, Dale Marshall, Paul Mutchler, Jake Snider, and Bill Kitt ridge.

The total number of track aspirants is 49, the largest turnout Coach Wells has ever had since becoming mentor of the City high institution. The majority of these are freshmen and consequently can't be expected to do a great deal, but they should develop into some able performers during the next three years.

The Little Hawks are working out every night in the field house in preparation for Saturday's meet. Tuesday night a workout was held with St. Pat's.

The events for the Mississippi Valley meet are: pole vault; high jump; shot put; broad jump; 60-yard low hurdles; 60-yard high hurdles; 60 yard dash; mile run; one-third mile relay; mile relay; two-mile relay.

Drawings will be made at the quadrangle cafeteria at 10 a.m. Saturday.

Coach Vogel devoted the first part of yesterday's drill to hitting fungoes to the guardians of the outer spaces. The handling of line drives, a feature in which many of the outfielders were found wanting, was especially stressed in this drill.

Consecutive singles by Bush, Billie Herman, Stainback and Klein accounted for the three Cub tallies in the final stanza.

Arky Vaughn hit two homers for the Pirates, both with the bases empty, while Stainback hit for the circuit and garnered two singles to lead the Cubs' assault.

Iowans Compile Good Record In Big Ten Contests

An edge on four rivals and an even break with two others is the result of fall and winter dual competition of University of Iowa teams with eight other Western conference universities.

The Hawkeyes won 15, lost 13, and tied one in football, basketball, track, cross country, swimming, wrestling, and gymnastics, it is shown by a summary as the spring campaign approaches.

This is the standing of the seven Iowa athletic teams from September to April, including only Big Ten dual contests:

Table with 4 columns: W. L. T. and 4 rows of sports results.

Rally by Cubs Fatal to Bucs

3-Run Splurge Breaks Tie in 9th; Vaughn Hits Two

LOS ANGELES, March 21 (AP)—Going into the final inning tied at 5 all, the Chicago Cubs showed across three runs to defeat the Pittsburgh Pirates 8 to 5 today and even their exhibition series at one game each.

Consecutive singles by Bush, Billie Herman, Stainback and Klein accounted for the three Cub tallies in the final stanza.

Arky Vaughn hit two homers for the Pirates, both with the bases empty, while Stainback hit for the circuit and garnered two singles to lead the Cubs' assault.

Plan Taking Six to Eight Men on Trip

Meet Held at Columbus; Ohio, March 30-31; Finances Low

The University of Iowa will be represented at the National Collegiate A.A. championship swimming meet, which is to be held at Columbus, Ohio, March 30 and 31, it was announced yesterday by Coach David A. Armbruster.

The Hawkeye coach will select from six to eight men to make the trip depending upon the amount of money that is available. The men will be picked both on the basis of performances made during the season and on trials that will be run off this week.

Frosh Mermen Meet Cophers

Iowa freshman swimmers will swim against the University of Minnesota frosh tomorrow in the third postal meet of the year. On Saturday afternoon Illinois will furnish the opposition.

Wentworth Lobdel, freshman coach, expects to have the results of the Purdue and Ohio State meets by tomorrow.

Partington Gives Talk
Relates History Of Modern Insurance Business

"Persons are always exposed to risk," Prof. John E. Partington of the college of commerce declared at the Lions' club luncheon in Reich's Pine room yesterday noon.

A great business has been built up on that statement, he said, namely the insurance business. The first insurance, he said, was taken out through individuals and not through companies. It began with the insuring of ships and their cargoes and later developed into the insuring of persons.

Huge Sums

One of the best examples of the enormous business done by insurance companies, he said, is that every business day some of the larger insurance companies have to invest from \$1,000,000 to \$1,500,000. Insurance companies, he said, have struggled through the depression and with practically no outside help and the total securities of insurance companies which were in default in 1932 were seven-tenths of 1 per cent.

Investments of insurance companies, he said, are spread out over a wide field and most of them are as secure as they can possibly be made. Two things which add to the stability of insurance companies are the confidence which the public has in them and the ability of the companies to forecast what their costs are going to be, Professor Partington asserted.

Insurance Investment Good

From 1929 to 1932 insurance companies paid out \$13,000,000 in cash and of this sum \$8,000,000 was paid to living claims on life insurance, he said.

Professor Partington said that he believed the average business man would be better off if he put his surplus funds into insurance companies than if he invested them elsewhere. It is a peculiar thing, he said, that most people believe in the good of insurance, yet will not buy it voluntarily but must be sold.

Honor Pupils At University High Named

University high school students who were in the upper 20 per cent of their classes in grades received during the fourth six weeks' period of the school year were announced yesterday.

In the seventh grade, Betty Crum, John Mattil, Ellinor Goodwin, and Paul Bordwell received high grades.

Students who were in the upper 20 per cent in the eighth grade were, Charles Robbins, Judith Page, Mary Lambert, Jean Livingston, and Eloise Sebek.

In the ninth grade the twelve who received the highest averages for the last six weeks were, Betty Martin, Wallace Adams, Billy Hills, Margery Breese, John Fountain, Dorothy Keyser, Sidney Miller, Bonnie Bates, Robert Cerhan, Lucretia Curry, David Hart, and James Kent.

Tenth grade students who received high grades for the period were, Cathryn McCleery, Shirley Briggs, Ruth House, Ed McCloy, Robert Miller, Ada Schmidt, Marjorie Smith, and Robert Alcock.

In the eleventh grade the eight students in the upper 20 per cent of the class were, Jane Robbins, Bob Jessup, Helen Hargrave, Dorothy Ahern, Ruth Olson, Marjorie Bogs, June Meyers, and Billy Rlenow.

In the twelfth grade those whose grades were in the upper 20 per cent for the last six weeks' period are, Marianne Witschl, Wilfred Tapper, Robert Stevens, Edward Myers, Virginia Packer, Everett Waters, Jack Hinman, Paul White, Helen Bulechek, Bill Horn, and Margaret Myers.

The grades were averaged for the boys and girls of each grade, according to the system of grade points with A being 4 points, B is 3 points, C is 2 points and D is 1 point. The groups were classified according to the points received as follows: eleventh grade girls, 2.47; eighth grade girls, 2.46; twelfth grade girls, 2.35; twelfth grade boys, 2.34; seventh grade girls, 2.28; ninth grade girls, 2.25; tenth grade girls 2.25; tenth grade boys, 2.06; seventh grade boys, 2.05; eleventh grade boys, 2.04; eighth grade boys 2.04; and ninth grade boys, 2.01.

Inn Owner Free On \$1,000 Bond, Another in Jail

Don Alberhasky, proprietor of the Green Gables Inn, and George Alberhasky, proprietor of the Albarido inn, waived to the grand jury on charges of illegal sale of beer at a hearing before Justice of the Peace B. F. Carter yesterday. Don furnished bond of \$1,000, but George was unable to furnish the same amount and was confined to the county jail.

The charges were filed against the men as the result of a raid made last Saturday night on the two inns by county and state officials. A quantity of near beer was seized at the inns which are outside the north city limits where it is unlawful to sell beer.

Plan Funeral Service For Mrs. Sample

Funeral service for Mrs. Ruhama Sample will be held this afternoon at 3:30 at the Hohenschuh mortuary with the Rev. Harry D. Henry officiating. Burial will be in Oakland cemetery. The body will be at the mortuary until the time of the service.

Mrs. Sample, the widow of H. S. Sample, was a pioneer in this section of Iowa having been born in Iowa county near the Johnson county line Aug. 26, 1856. Her parents, Mathias and Sarah Zimmerman came to Iowa from Pennsylvania.

Surviving Mrs. Sample are three sons, Delmer M. and Carroll of Iowa City and Mat W. Sample of Chuquiamathia, Chile, South America; one daughter, Mrs. Alta S. Kettlewell of Pasadena, Cal.; one brother, the Rev. C. R. Zimmerman of Marengo; and two sisters, Mrs. W. F. Friedly of Los Angeles, and Mrs. C. C. Stover of Seattle.

AROUND THE TOWN with DICK FAGAN

German Measles

There are now approximately 30 cases of German measles in Iowa City, Dr. Isom A. Rankin, city physician, said yesterday. There was a total of 93 cases during the last month. The number of cases of chicken pox and mumps is normal, he said.

On The Spot

Attorney Paul Toomey, candidate for the Republican nomination for county attorney, is continually being put on the political spot by the Junior Chamber of Commerce, of which he is a member. At the last meeting a long list of questions and answers (said to have been furnished by a Democrat) was read by one of the Junior Chamber members. Mr. Toomey denies that he had anything to do with it.

Campaigning

Senator Paul Schmidt is campaigning this week in northern Iowa. He is a candidate for the Democratic nomination for state railroad commissioner. Three other men are asking for the nomination. He said last night that if he were nominated he would resign as state senator.

Back Again

Frank Burns, the city's biggest policeman, is back on the job again after being ill for about a week.

Knee-Action Oldest, Newest Features Of Modern Automobile

"Knee-action" front wheels, or the principle which they embody, is one of the paradoxes of motordom—the newest and at the same time one of the oldest of the features of the modern car. This fact is made apparent in an article by A. G. Douglas Cleave, in the Autocar, British motor publication.

Mr. Cleave points out that individually sprung front wheels, in a rudimentary form, made their appearance on the continent away back in 1906. Europe's lack of

Letter to the Editor

Editor, The Daily Iowan:

A morning or so ago you said in your daily column that you knew nothing about art. You were right. And you used up a number of inches of space to prove it.

"Give us faithful representation!" you shouted. "Less emotion and more photography!" Repeat your slogan to yourself and ask yourself what art is. Do you want nature or do you want art?

Would you call a flock of oboe players in the bushes art because they fool you into thinking they are orioles rubbing the sleep out of their eyes?

Or even flute players imitating thrushes.

No, my friend, if one wants nature one can go to nature to get it. Nature is not art. A color photographer can take a faithful picture of a violin coated, as you so stirringly put it, with dust.

But it takes an artist to capture its spirit, its meaning, and its million delicately muted songs. Can you photograph a song? Can you photograph an idea?

Try it. Then honestly admit to yourself what you sarcastically say in your column—that you know nothing about art.

—A Friend of the Brush and Palette

Wesley League To Sponsor Carnival, Baby Show Friday

A penny carnival is being sponsored by the Methodist Wesley league Friday evening in the church parlors. The event will be climaxed with a baby contest, for which a large number of entries have already been made. A study of spiritualistic phenomena will also be made at the carnival.

The church parlors will be filled with booths of various kinds and refreshments will be available. Twenty-five students will be working at the carnival. Everyone is invited to attend.

Prof. O. L. McCaskill, of the University of Illinois college of law, recently advocated the complete abolition of all grading systems.

smooth-surfaced highways, such as were already beginning to crisscross the United States, lent impetus to the development of these aids to easy riding, with the result that numerous adaptations of the idea were worked out. By 1932, some of these, notably the type now featured on Chevrolet, had attained a high degree of effectiveness.

Europe was thus, in a sense, the proving ground for "knee-action." Further development, on the General Motors proving ground, preceded its adoption by Chevrolet. Thus, far from being an innovation, this headline 1934 improvement has probably been the object of more persistent research than any other feature of the new 1934 cars.

Ask Judgment Against Estate

Judgment of \$20,683.41 is asked by the Northwestern Mutual Life Insurance company of Milwaukee, Wis., against Charles and Frank E. Eden, administrators of the estate of William Eden, in a petition filed in district court yesterday.

According to the petition, William Eden borrowed \$22,000 from the insurance company in 1924, and secured the loan with a first mortgage on a \$11 acre farm near Lone Tree.

The plaintiff, represented by Attorneys Deacon, Sargent, and Spangler of Cedar Rapids, asks foreclosure on the property.

Harper to Give Lecture

"Kottabos," a lecture on problems in analytic geometry, will be given by Flody S. Harper, G. of Lincoln, Neb., this afternoon at 4:10, before the Undergraduate Mathematics club in room 301 of the physics building.

County Gives Oil Contract For \$942.90

The Liberty Oil company of Des Moines was awarded an oil contract, amounting to approximately \$942.90, to supply oil to Johnson county for the year 1934, by the board of supervisors yesterday.

The contract calls for six grades of oil at a specified price per gallon: grade 10, 22 cents; grade 20, 23 cents; grade 30, 24 cents; grade 40, 25.5 cents; grade 50, 29.5 cents; and tractor oil, 18 cents.

The oil will be purchased as needed and the contracts calls for no stated amount. Four other bids were received by the board.

Duncan Will Attend Meeting to Discuss Corn-Hog Program

County Agent S. Lysie Duncan will attend a district meeting at Cedar Rapids tomorrow to receive information on farm records to be kept by contract signers in connection with the corn-hog program and on substitute crops.

Record books will be furnished by

COAL ON TRACK

These prices save the labor cost and the loss in broken coal that must be added when coal is unloaded into the yard.

Kentucky Nut\$5.75 Del.
Centerville Iowa\$5.30 Del.
Kentucky Bell\$9.25 Del.
We can also deliver from the yard:

Brazil Screenings at \$5.25 and
Brazil Block at \$7.20

They pick you up every 50 miles

Without vacuum tubes, Long Distance telephony would hardly be possible. But with these little tubes placed in "repeaters" or amplifiers at 50 mile intervals along the line—even a whisper carries from coast to coast!

With many tubes used in tandem, individual performance must be almost perfect—or cumulative distortion would render speech unintelligible. That today's Long Distance connections are so reliable and clear, is a tribute to the skill used in making Western Electric tubes.

Manufacturing nearly all Bell System apparatus, Western Electric contributes much to the quality of telephone service.
