FIVE CENTS IOWA CITY, IOWA, FRIDAY, MAY 18, 1934 NUMBER 298

WHEAT PACT PROSPECT BRIGHTENS

What Would You Do ???

Meier, Aides Report Others' Reaction To Fake Kidnaping

Although a man of education may feel indignant and angry when roused by a report of a kidnaping, he is not likely to "leap into action" on hearing that a mob is gathering for vengeance.

In selected groups, an experiment has shown that two persons in 10 would try to stop mob violence; one in 10 would participate in the mob; three in 10 would go along as spectators; and four in 10 would stay away.

Experiment in Mob Behavior

These are the preliminary results of a faked kidnaping experiment staged in order to study mob behavior by Prof. Norman C. Meier of the psychology department, assisted by M. Mengena, who received his M.A. degree here last summer, and H. J. Stoltz, who is working for an advanced degree at the present time.

Groups of college students were tested in one Iowa town and one Illinois community to show how a peaceful crowd reacts when a local kidnaping story is reported and mob violence is threatened.

Reactions Recorded

Reactions of 250 persons being tested were recorded on scientific forms. These forms were available to the students immediately when the excitement was at its height. On these forms, each student signed the line of action he was about to take.

These were the five alternatives: active participation, minor participation, spectator role, deterring of mob, or decision not to join.

Auxiliary Studies

A larger percentage of persons would participate in mob violence if the suspect's guilt seemed quite certain. In event that the suspect has confessed, one person in three will probably join the mob. In an uncertain situation, however, only one in 22 becomes involved.

These last findings are based on auxiliary studies when the situation is more clearly outlined to the participants. Professor Meier explained yesterday.

Entire Case Faked

An entire kidnaping case was built up for use in this experiment. Even newspaper accounts of the faked crime were "set up" to make the case convincing.

Professor Meier and his associates presented preliminary results of their experiment before an annual convention of the Midwest Psychological Association at Lafayette, Ind., last week.

WEATHER

IOWA: Probably some local showers in north portion Friday or Friday night, and possibly local showers Saturday; somewhat warmer Friday in extreme southwest portion, cooler Saturday in west and north.

Deserted Mine Near Dubuque Believed Dillinger Hideout

Buildings May Hold Secret Of Recent Crimes

Bremer Kidnapers Also Linked by Agents Of Justice Department

DUBUQUE, May 17 (AP)—The dark caverns of a deserted lead mine and two crumbling stone buildings nearby, surmounted by a 30 foot tower from which spies may have kept watch, were believed tonight to hold the secret of two of the middle west's most thrilling mysteries—the escape of John Dillinger and

In Iowa City?

There was speculation in Iowa City yesterday as to whether John Dillinger or his henchmen may have been here recently, with the discovery of an abandoned Indiana car on N. Dubuque street.

The car, a 1932 Ford sedan, has an Indiana license plate, 684071, issued to William J. Connelly, RFD 1, Clear Lake, Ind. Inside was found an empty holster, a bill for utility service issued from Crown Point, Ind., where Dillinger made his sensational jail break.

There were also five shirts laundered by a Chicago firm. The shirts varied in size from 13 1/2 to 16. A large variety of clothes, freshly washed but unironed, was also found in the car.

No information could be obtained on whether or not the car was stolen, or about the identity of William J. Connelly last night. The car, which had a wheel removed when found by police, is being held at the station here.

The kidnaping of Edward G. Bremer, St. Paul, Minn., banker. The Dubuque Telegraph-Herald tonight said that it had been informed by federal agents that they had identified the mine as a hiding place of the Dillinger gang after Dillinger shot his way out of a trap set by federal agents at Little Bohemia resort in northwestern Wisconsin April 2.

The mine and the buildings, a farm house, an old mill and the tower are located three and a half miles east of Cuba City, Wis., which is 22 miles northeast of Dubuque.

The hideout is in a deserted section of hilly country, settled early in Wisconsin's history. The buildings are made of natural stone constructed by early inhabitants and seldom visited now-a-days.

The farm house which the newspaper says has been identified as the building where Edward Bremer was held captive for several days, is the only one of the group occupied. A family has lived there only since February. Federal agents, according to the newspaper, say it tallies exactly with the description given by Bremer of his hiding place.

The mine shaft extends into a barren hillside about 100 yards from the buildings. There, federal agents are reported to have said, Dillinger made his hideaway.

The stone tower, which resembled an ancient Scottish keep, is once believed to have been used in connection with the old mill which it adjoins.

Lack of 'Good Conduct' Certificates Bars Collegians' Entry Into France

MADRID, May 17 (AP)—Because they lacked official French certificates of good conduct, thirteen American college girls—twelve from Smith college and one from Barnard—and several other Americans today were refused permission to enter France. The French consul, in a manner which the girls said "irritated" them, informed the students that if they want visas they must cable at their own expense to French consuls in their home districts for the certificates.

The young women, who have been visiting here and taking a short course at the University of Madrid, appealed to Curtis Jordan, United States consul, who said he would write to Paris for further information.

The Smith college girls are: Dorothy Nepper, Helen Hubert, Betty Stedman, Helen McIndoe, and Janice McKenzie, all of Boston; Betty Potter of Concord, N. H.; Ann Quindy of New York city; Margaret Boomer of Pittsburgh, Catherine Jones of Beverly Hills, Cal.; Helen Lloyd Irving of Baltimore, Esther Sylvia of Gloucester, Mass., and Margaret Dragon of Northampton, Mass.

Laura Smith of Barnard college, New York, also was refused a visa on the same grounds.

The students declared their plans were disrupted by the action, especially since some of them had planned to study at French universities and already had paid their entrance fees. The others who were refused visas are Americans who have been temporarily residents here.

Officers Believe Arrest Is 'Imminent' in Robles Case

Chicago Operative Is Called; Fingerprint Expert on Scene

BULLETIN
TUCSON, Ariz., May 17 (AP)—June Robles viewed six suspects late today, and said she was unable to identify any of them as participants in her kidnaping.

TUCSON, Ariz., May 17 (AP)—Authorities investigating the kidnaping of 6 year old June Robles said today they had "a line" on two suspects, one of which "looked pretty good," and indicated they believed an arrest was imminent.

At about the same time, Capt. D. E. Hamer of the Texas rangers headquarters company, said in Austin he expected an arrest in the case to be made in Texas 12 hours after the arrival there tomorrow night of "an operative" from Chicago. He declined to amplify his statement, made after telephone conversations with Sheriff Bolton of Tucson, and authorities in Chicago.

A fingerprint expert of the department of justice arrived here today and immediately started examination of all articles recovered from the desert pit in which June was chained 19 days before she was rescued Monday. Three communications from the kidnapers, including the one from Chicago that gave directions for finding the girl, also were studied.

The investigators were inclined to believe the Chicago letter had been originally from Tucson to a confederate in Chicago for remailing.

June believes she will recognize at least one of the three men she saw after she was taken to the coffin like hole 9 1/2 miles from Tucson, authorities said. She has viewed one suspect, but said he "looked like the man in the picture show."

June, on the third day since her release, showed steady improvement in her physical condition, but her activities were limited by her father and mother, Mr. and Mrs. Fernando Robles. She still stumbles occasionally when she walks, the result of cramped muscles from her lions, close confinement.

'Baby Cyclone' Named as Play For Graduation

Last Theater Production At University Has 14 in Cast

George M. Cohan's farce, "The Baby Cyclone," will be presented by University theater as the Commencement play in natural science auditorium June 2, it was announced yesterday.

While the majority of the cast will be made up of members of the Iowa City Community Players, it will be supplemented by students in dramatic art and will be under the direction of Elwood Ramey, G of Iowa City, and under the supervision of Prof. Vance M. Morton, associate director of University theater.

The Iowa City Community Players were organized this year. Charles V. Brown, 1915 Muscatine avenue, is chairman of the organization.

The cast for this play, which has been in rehearsal for several weeks, is as follows: Warren Strausbaugh, G of Morgantown, W. Va.; Evans; Donald McIntosh, A3 of Lewiston, Idaho, Cassidy; and John Smith, A4 of Denison, McCracken.

Julia Barber, Crandall; Mrs. Dale Yoder, Jessie Hurley; Dan Dutcher, Meadows; the Rev. Glen Michael, Methodist university pastor, Gene Hurley; and Mrs. Harold H. McCarty, Lydia.

Dr. H. H. Jacobsen, Kellogg; Col. Thomas E. Harwood, Mr. Webster; Mrs. Arthur V. O'Brien, Mrs. Webster; Arthur Boss, Edward; Wilma Darby, maid; and Dr. Paul Moore, Dr. Hearn.

Lee Savage, G of Elgin, Ill., will be stage manager for this production.

Sankey Jury Is Discharged

Unable to Reach Verdict In Boettcher Kidnap Proceedings

PIERRE, S. D., May 17 (AP)—A federal court jury considering charges of conspiracy against Mrs. Fern Sankey and Mrs. Alvina Kohler in the kidnaping of Charles Boettcher II, Denver, reported tonight it was unable to reach a verdict and was discharged by Judge Leo Wyman.

District Attorney Olaf Eldem announced the defendants would be retried at the next term of federal district court in October unless a special term is called.

Mrs. Sankey will be at liberty on \$10,000 bond pending the new trial, while Mrs. Kohler, who was unable to furnish a like bond, will be taken back to Sioux Falls to be held in jail there.

It was learned after the jury was dismissed that the first vote taken showed a 6-6 split. Later the vote was 8 to 4 for acquittal and one ballot showed a 9 to 3 margin for conviction. The last ballot taken before the jury indicated it was hopelessly deadlocked again was 6-6.

The jury deliberated 27 hours 55 minutes, having received the case at 5:55 p.m. Wednesday.

Larynx Lost, Doctor 'Speaks' by Forcing Air Through Gullet

NEW YORK, May 17 (AP)—Stricken dumb by the removal of his larynx, a Brooklyn doctor gave himself a new voice by developing the muscles of his stomach and forcing air through his gullet, it was disclosed today.

The case was demonstrated before the otolaryngological section of the New York Academy of Medicine and was verified by officials of the academy.

In developing the new voice the physician employed no artificial device, but resorted to a method used by ventriloquists.

He was urged to make the experiment after his larynx was lost in a cancer operation several months ago, by Dr. William Wallace Morrison, who has experimented for years in this field.

Anti-Military Students Win By Close Poll

Group Passes Resolution After Hot Contest Between Factions

A resolution denouncing militarism and armed preparedness and expressing determination not to participate in war, except in case of invasion of America, was passed by the Student Senate last night.

The resolution was passed after a hot contest between a solid bloc of military students led by Jack Siddens, A3 of Council Bluffs, and John Hawkinson, A3 of Davenport, and a group of "conscientious objectors." The vote was 43 to 33.

Record Group Present
A record group attended the meeting. A section asking the abolition of the Iowa R.O.T.C. was eliminated by an amendment. The senate, however, went on record as favoring the abolition of the R.O.T.C. at a meeting last week.

The text of the resolution is as follows: "Whereas, the alarming spread of narrow nationalism and militaristic propaganda throughout the world has influenced various groups to voice their pseudo patriotism and short sighted policies aiming at immediate increases in armaments, and

"Whereas, the world situation today threatens the very existence of a modern civilization founded on ethical principles of liberty and justice, and

"Whereas, the United States by a policy of increased armaments is subordinating the interests and welfare of 120,000,000 people to the sinister interest of millionaire munitions manufacturers, and

"Whereas, the situation has become alarming to all lovers of peace, therefore:

"Be it resolved, that we, the members of the Student Senate of the State University of Iowa, hereby place ourselves on record as favoring the following course of action:

Argentina Reasonably Sure To Accept 'Big Four' Pact And Uphold Accord of 1933

Tariff Battle Is Revived By Congressmen

WASHINGTON, May 17 (AP)—Time worn phrases about freeing the channels of international trade and holding a tariff wall high enough to protect American industries were set against each other again today in the senate.

They marked the beginning of a debate that, while admittedly likely to change a few votes, still set up a semblance of the century old dividing line of the parties toward which contenders for congressional seats will point again and again during the coming campaign.

The bill at issue was the administration supported measure to give President Roosevelt authority to change tariffs to conform to trade agreements that may be negotiated with other nations to stimulate foreign trade.

It is one of the five measures beside which the president has written "must be enacted before adjournment." The other four, loans to industries, deposit insurance, continuation, emergency appropriations and communications control, are in varying stages of formulation and enactment.

At least one other measure appears likely to be added to that list. President Roosevelt shortly plans to send to congress a message outlining the silver measure upon which an agreement has been reached and members expect speedy enactment.

Farley to Edit 1934 Journal

Student Positions On Commerce Magazine Staff Filled

A. T. Farley, C3 of Lake City, was selected editor of the Journal of Commerce for 1934-1935 by the executive board yesterday. Marie Castleman, C3 of Hamburg, and Mary Catherine Shaw, C3 of Pocahontas, were named associate editors.

Katherine Becker, C3 of Elkader, and Hugh Calderwood, C3 of Traer, were named associate business managers by the board. The position of business manager will not be filled until fall, the board announced. The new officers will begin their work with the first issue of the new school year.

Dean C. A. Phillips, Prof. S. L. Miller, Don LaGrange, president of Commerce club, and John Kinneman are members of the executive board.

Trucking Tieup at Twin Cities

MINNEAPOLIS (AP)—A complete tieup of all truck transportation in Minneapolis and St. Paul, Minnesota's largest cities, will be in effect tomorrow.

Foris to maintain peace should fail, and the United States should be plunged into war, we pledge ourselves not to bear arms under any circumstances except in the case of actual invasion of America."

Stolen Car Recovered By Police Last Night

A Chevrolet sedan belonging to Carl Williams, RFD 3, was stolen from in front of Iowa City high school at 8 o'clock last night and recovered a few hours later by Iowa City police. It was abandoned on N. Linn street and was apparently taken by joy riders.

Funds Voted by House

WASHINGTON (AP)—Funds to put two new administration favored measures into effect—the Bankhead compulsory cotton control and Jones cattle relief acts—were voted today by the house.

Students Will Get Hawkeyes At Journalism Building Today

The 1935 Hawkeye, yearbook of the University of Iowa published annually by the junior class, will be distributed today. Students may call for their copies at the journalism building beginning at 8 o'clock this morning.

Fred Morain, A3 of Jefferson, is editor of this year's publication, and Roswell Johnson, A3 of Ottumwa, is business manager.

Bound in green leather and characteristically Iowan throughout, the yearbook embodies a historical theme. Art work suggests the history of the university and of the state.

Dedication of the 1935 Hawkeye is to President Walter A. Jessup, whose resignation from his present office to accept the presidency of the Carnegie Foundation for the Advancement of Teaching in New York city becomes effective July 1. Besides the regular space devoted to pictures of this year's juniors,

Frosh Elect Bartley As Group Head

William Bartley, A1 of Letts, has been elected chairman of an executive committee of a newly-formed freshman student council, it was announced yesterday. Other members of the committee are Robert Blakeley, A1 of Onawa, and Richard Smith, A1 of Iowa City.

This committee, which was elected by 35 students who attended the initial meeting in liberal arts auditorium, will direct permanent organization and outline a system of representation.

The council is open to all freshmen. Representatives of sororities, fraternities, organized houses, and private homes are already included in the enrollment. Unaffiliated students may join by notifying any member of the executive council.

Protest Telegraph Code

WASHINGTON (AP)—The American Telephone and Telegraph company and several of its biggest clients joined today in protesting to NRA against any code interference with the concern's telegraph business.

"Sistie" and "Buzzie" at Circus
WASHINGTON (AP)—Little Anna Eleanor and Curtis Roosevelt Dall, "Sistie" and "Buzzie" to most of the world, were host and hostess today in the rose carpeted honor box of the circus.

Silver Bloc Members Foresee New World Monetary Conference

WASHINGTON, May 17 (AP)—Some members of the senate silver bloc said today they believed an international monetary conference might result from the enactment of the silver legislation agreed upon by the administration.

Senator King (D-Utah) said he felt the parley might be held within a year as the result of forces which would be set in motion by passage of the proposed bill to add silver to the metallic currency base.

Cass Gilbert, Father Of Modern Skyscraper, Dies

BROCKENHURST, England, May 17 (AP)—Cass Gilbert, the celebrated American architect, died unexpectedly here today of a heart attack. He was 74 years old.

He died in a hotel room at 9:45 p.m. His wife and daughter were at his bedside.

The architect came here from London a week ago. He and his family were planning to sail for the United States on Saturday, hotel officials said.

First Disclosure Made Of Near Withdrawal By Argentinians

LONDON, May 17 (AP)—Argentina's acceptance of the "big four" wheat agreement, which will save the international accord of 1933 from collapse, was considered reasonably certain tonight.

The agreement will grant Argentina the right to export about 30,000,000 bushels more wheat this year than previously. In return she must undertake to restrict production next year.

With the negotiations brought apparently to a successful conclusion, it was disclosed for the first time that complete withdrawal of Argentina from membership in the wheat advisory commission and all future international conferences had been narrowly averted.

At the outset of the big four negotiations the situation was much more serious than was known even to many of the delegates.

A virtual ultimatum was served by the South American republic demanding that she be relieved not only of her commitments on export quotas but also of all past and future commitments.

She still retains the whiphand but strong indications have been given that she will accept the new agreement.

Deposit Surety May Be Raised

Roosevelt Said to Favor Boosting of Insurance To \$5,000

(Copyright 1934 by The Associated Press)

WASHINGTON, May 17—President Roosevelt was said by house members today to have indicated a willingness to agree on the insurance of bank deposits up to \$5,000 instead of \$2,500 as present law provides.

No Abandonment
That increase, it was reported by members who have conferred with him, would be interpreted as a clear sign that neither the president nor congress intend to abandon federal bank deposit insurance.

A temporary plan guaranteeing deposits up to \$2,500 went into effect last Jan. 1. A permanent plan would go into effect on June 1, 1934, without additional legislation. The permanent plan would insure 100 per cent deposits up to \$10,000, 75 per cent from \$10,000 to \$50,000 and 50 per cent over \$50,000.

Permanency Delayed
Because there has not been time for a satisfactory check of the soundness of banks, or for the necessary reorganization of some, Mr. Roosevelt insists that inauguration of the permanent proposal be postponed until July 1, 1935.

He wants to continue the temporary insurance, but when that was first suggested, friends of deposit insurance immediately dubbed it an effort to destroy the deposit guarantee system.

\$10,000 Thought Too High
Chairman Steagall (D. Ala.) of the house banking committee proposed that from July 1, 1934, to Jan. 1, 1935, the temporary insurance be raised to \$5,000 and that after Jan. 1, 1935, it be increased to \$10,000.

The president was said today to believe that \$10,000 was too high, but that \$5,000 would be acceptable.

Judges to Select Winner From 45 In Vocabulary Test

Results of an annual freshman vocabulary contest in which 45 first year students competed last night will be announced today following a second checking by a committee of five members of the English department staff.

More than 100 words were given in the test. Each contestant had to define the word and use it in a sentence. This subjective system was introduced for the first time this year.

Wilbur L. Schramm, Luella M. Wright, Annette T. Anderson, Seymour M. Pitcher, and Hubert H. Hoelje were members of the committee in charge and will act as judges of the entries. Mr. Schramm was chairman of the committee.

Greek-Letter Groups Plan Last Social Sprees Before Exams

Spring Parties Tonight, Tomorrow Form One "Final Fling"

As the dark shadow of exam week approaches, Greek-letter chapters "snatch" their last opportunity for "one more fling" before a week of study by entertaining at the last of spring parties tonight and tomorrow night. Iowa Union will be festive tonight when the college of medicine gives the Aesculapian Frolic, and Sigma Pi fraternity house will be the scene of activity at that group's spring dance. Festivity will prevail tomorrow night in sorority and fraternity houses where spring russhes will be entertained.

Aesculapian Frolic
Larry Philbrick and his orchestra from Des Moines will play for the Aesculapian Frolic. Chaperons at the party will be: Dr. and Mrs. Clark N. Cooper, Dr. and Mrs. Erwin G. Gross, Dr. and Mrs. William Malamud, and Dr. and Mrs. Frank Mulenlx.

Honorary chaperons and guests will include: Dr. and Mrs. J. T. McClintock, Dr. and Mrs. Ewen MacEwen, Dr. and Mrs. H. A. Matill, Dr. and Mrs. Milford Barnes, Dr. and Mrs. Fred M. Smith, Dr. and Mrs. E. D. Plass, Dr. Harry P. Smith, Dr. and Mrs. Howard L. Eyer, Dr. and Mrs. Oscar Plant, Dr. and Mrs. Nathaniel Alcock, Dr. and Mrs. Philip C. Jeans, Dr. and Mrs. Arthur Steindler, Dr. and Mrs. Cecil S. O'Brien, and Dr. and Mrs. Andrew Woods.

Dr. and Mrs. H. Dabney Kerr, Dr. and Mrs. Dean M. Lierle, Dr. and Mrs. Clarence Van Epps, Dr. and Mrs. James Kessler, and Maj. and Mrs. Elton Tius.

Committee members for the frolic are: Floyd Burgess, M4 of Des Moines; Robert Kauscher, M4 of Fairfield; Robert Ward, M3 of Oelwein; Richard Tysdale, M3 of Story City; and Edward Rohlf, M2 of Waterloo; Lawrence Carigg, M2 of Iowa City; Russell Wolfe, M1 of Marshalltown; and George Schnug, M1 of Dows.

Military Groups Combine
The Triangle club room at Iowa Union will be the scene of a formal dance given by Scabbard and Blade, Pershing Rifles, and Pontoniers tonight. The Iowa Cavaliers will furnish music for dancing. Prominent officers of the reserve corps will be honored guests.

Chaperons at the dance will include: Capt. and Mrs. Earl Paynter, Capt. and Mrs. Roy V. Rickard, Capt. and Mrs. William Murphy, Capt. and Mrs. Frank Schucker, and Capt. Bernard Smith.

Sigma Pi
Fraternity colors, lavender and white in the form of spring flowers will decorate the Sigma Pi chapter house when the fraternity enters

Aiding Son's Cause

Nadine Fillmore, S. U. I. Graduate, Will Wed June 8

Nadine Fillmore of Cedar Rapids, a graduate of the University of Iowa, and Donovan J. Kirby of Estherville, will be married in Cedar Rapids June 8.

Miss Fillmore is a member of Phi Mu sorority. She has been teaching in the public schools in Cedar Rapids for four years. She is associated with the Business and Professional Women's club, the Order of Eastern Star, Phi Mu Alumni club, and the Daughters of the American Revolution. Recently she was a page at the D.A.R. Continental Congress at Washington, D. C.

Mr. Kirby is a graduate of Northwestern university and is associated with his father, J. B. Kirby, as owner and manager of the Home Auto company with headquarters in Estherville, where the couple will make their home.

Announce Marriage Of Former Student
Announcement is made of the marriage of Jane Patricia Gehrig of Des Moines and Milo Reed of Cedar Rapids. The ceremony took place May 6 at 4:30 p. m. in the rectory of St. Augustine's church, the Rev. F. J. O'Connell officiating. Attendees were Mary Scholtz and Baron Kllock of Davenport.

Mr. Reed attended the University of Iowa and is a member of Phi Delta Theta fraternity. Mrs. Reed became a member of Kappa Kappa Gamma sorority at Drake university.

40 Reserve Officers Hear Talk by Mull
Forty reserve officers of the Iowa City Conference school attended a dinner meeting, the last meeting of the organization, in the private dining room at Iowa Union Wednesday night.

The address of the evening was given by Colonel O. W. Mull, commanding officer of the 338th field artillery. He discussed the eastern front during the World war, illustrating his talk with slides.

Pi Beta Phi
Betty Normand of Des Moines was a Wednesday night dinner guest at the Pi Beta Phi sorority. Betty Cooper of Ottumwa and Virginia Kessel of Des Moines will be week end guests at the sorority house.

Theta Phi Alpha
Theresa Trobaugh of Omaha, Neb., will be a week end guest of Mildred Trobaugh, A2 of Avoca. Agnes Hurley, A3 of Mt. Pleasant, will spend the week end in Dubuque where she will attend the Clarke college prom.

Drama Club Ends Year

Department of Local Woman's Club Closes Activities

Concluding this year's series of bi-monthly meetings, the drama department of the Iowa City Woman's club met yesterday afternoon for a social program at Mrs. Charles Strader's home, 231 E. Burlington street.

Three soprano solos were sung by Mrs. Alexander Ellett, accompanied by Mrs. Maud Whedon Smith. Mrs. Ellett's selections were: "Meadow Lark" by Gerrish-Jones, "Welcome Sweet Wing" by Cadman, and Sanderson's "Little Boy Love."

During the last year the drama department met the first and third Thursday of every month to hear play reviews, drama talks, and presentations by the club members of one act plays. Mrs. Thomas Reese, president of the general club and a member of the drama division, wrote a play of early Iowa small community life, entitled "Reciprocity." This play has been performed three times for various organizations in the city.

Three members of the group, Mrs. H. H. McCarty, Mrs. E. T. Hubbard, and Mrs. L. R. Benson, are taking active part in the community play-dramatics.

Next season's program for the drama group will be announced late in the summer when the entire club's yearbook is published.

Pilgrim Chapter Of D.A.R. Will Elect Officers at Meeting
Officers for the next year will be elected at a meeting of Pilgrim chapter of the Daughters of the American Revolution at the home of Elizabeth Irish, 132 N. Dodge street, at 2:30 p. m. tomorrow.

Reports will be made during the afternoon on the continental congress recently held in Washington, D. C.

An important board meeting will be held at 2 p. m. previous to the regular meeting.

Hostesses for the afternoon will be Mrs. G. F. Gardner, Mrs. O. H. Dunlap, and Mrs. Sarah Paine Hoffman.

A.A.U.W. to Meet With Mrs. Woods
The local branch of the American Association of University Women will meet tomorrow for its regular monthly luncheon meeting at the home of Mrs. Andrew H. Woods, 1100 N. Dubuque street.

Election of officers for the coming year and reports of the state convention which took place recently at Sioux City will form the main parts of the evening.

Reservations may be made with either Mrs. Ralph Barnes, dial 2218, or Mrs. A. C. Trowbridge, dial 9403.

Group Plans Apron Tea

Ladies Aid Affair To Feature Columbian Exposition Theme

A Columbian apron tea, sponsored by members of the Ladies Aid society, will be given in the parlors of the First Christian church this afternoon. Decorations of red, white, and blue will be in keeping with the theme of the Columbian exposition. A flag-decorated shield will overhang the tea table which will be placed in the center of the room.

Aprons which have been sent to local women by former church members now living in many states of the union will be the main attraction of the party. They will be displayed in booths which will contain a placard of the respective states from which the aprons come.

A luncheon from 11 to 1 o'clock will precede the apron exhibit. Both the Columbian tea and the luncheon are open to the public.

Mrs. Catherine Hope and Mrs. Lulu Stout will alternate as tea table hostesses. Mrs. Helen Boerner is general chairman in charge of both events.

Local Woman To Leave For Club Meeting
Mrs. William Larrabee, Jr., 20 Evans street, general transportation chairman of the Federation of Women's clubs council meeting, leaves today for Des Moines where she will join 25 other Iowa delegates to the federation's annual council meeting in Hot Springs, Ark. Iowa representatives will leave tomorrow in a special car to attend the convention which will begin Monday and continue through Friday.

Representatives from women's clubs throughout the United States and 38 clubs in foreign countries will attend the council.

Plans for next year's activities of the federation will be formulated at this meeting. New officers will be elected at the triennial meeting next year in Detroit, Mich.

Junior Circle Of King's Daughters Entertains at Party
Betty Boiler, president of the Margaret Bottoms junior circle of King's Daughters, her mother, Mrs. W. F. Boiler, and members of the junior circle honored their mothers and officers of the Electa senior circle at an evening party yesterday at 7:30 p. m. at the Boiler home, 1016 E. College street.

Each member of the junior circle invited as her guests one of her friends and her mother.

During the evening the Rev. Florence Teed spoke to the group and Theatrice Hazard, A2 of Clarksville sang several solos.

Tea was served following the meeting. Forming the centerpiece of the tea table were calendulas and lavender tapers, representing the circle's colors, yellow and lavender.

Members of the junior circle, who assisted Mrs. Boiler and her daughter, were: Mary Lambert, Elizabeth Keyser, Judith Page, Norma Griffith, Jean Livingston, and Jean Slemmons.

Kappa Kappa Gamma
Dorothy Kern, A1 of Ft. Madison; Kathryn Jasman, A1 of Sheldon; Jean Voorhees, A1 of Burlington; and Katherine Freeman, A1 of Moline, Ill., were all Wednesday night guests at the Kappa Kappa Gamma sorority house.

Zeta Tau Alpha
Kathryn Marriott, A2 of Ft. Madison, and Willodine Gingers, A1 of Muscatine, will leave today for Minneapolis, Minn., to attend a province convention of the sorority.

Local Woman To Leave For Club Meeting
Mrs. William Larrabee, Jr., 20 Evans street, general transportation chairman of the Federation of Women's clubs council meeting, leaves today for Des Moines where she will join 25 other Iowa delegates to the federation's annual council meeting in Hot Springs, Ark. Iowa representatives will leave tomorrow in a special car to attend the convention which will begin Monday and continue through Friday.

Representatives from women's clubs throughout the United States and 38 clubs in foreign countries will attend the council.

Plans for next year's activities of the federation will be formulated at this meeting. New officers will be elected at the triennial meeting next year in Detroit, Mich.

Junior Circle Of King's Daughters Entertains at Party
Betty Boiler, president of the Margaret Bottoms junior circle of King's Daughters, her mother, Mrs. W. F. Boiler, and members of the junior circle honored their mothers and officers of the Electa senior circle at an evening party yesterday at 7:30 p. m. at the Boiler home, 1016 E. College street.

Each member of the junior circle invited as her guests one of her friends and her mother.

During the evening the Rev. Florence Teed spoke to the group and Theatrice Hazard, A2 of Clarksville sang several solos.

Tea was served following the meeting. Forming the centerpiece of the tea table were calendulas and lavender tapers, representing the circle's colors, yellow and lavender.

Members of the junior circle, who assisted Mrs. Boiler and her daughter, were: Mary Lambert, Elizabeth Keyser, Judith Page, Norma Griffith, Jean Livingston, and Jean Slemmons.

Kappa Kappa Gamma
Dorothy Kern, A1 of Ft. Madison; Kathryn Jasman, A1 of Sheldon; Jean Voorhees, A1 of Burlington; and Katherine Freeman, A1 of Moline, Ill., were all Wednesday night guests at the Kappa Kappa Gamma sorority house.

Zeta Tau Alpha
Kathryn Marriott, A2 of Ft. Madison, and Willodine Gingers, A1 of Muscatine, will leave today for Minneapolis, Minn., to attend a province convention of the sorority.

Mrs. Herring, Mrs. Gerber Entertain At L.A.W. Luncheon

Mrs. Ruth Herring and Mrs. Albia Gerber were joint hostesses to the L.A.W. bridge club at a 1 p. m. luncheon Wednesday at the home of Mrs. Hering, 430 S. Van Buren street. The centerpiece of the luncheon table was made up of spring flowers.

Election of the following officers was held: Mrs. Fern Hay, president; Mrs. Anabelle Kanak, vice president; and Mrs. Anna Tomlin, secretary. Gifts were presented to the three retiring officers: Mrs. Herring, president; Mrs. Tomlin, vice president; and Mrs. Ethel Abbott, secretary.

Mrs. Tomlin received the high prize in bridge which followed the luncheon. Mrs. Renalda McComas received second prize and Mrs. Gerber consolation.

Engagement Of Eleanor Alford Revealed Here

Announcement has been received of the engagement and approaching marriage of Eleanor Alford, daughter of Dr. and Mrs. E. T. Alford of W. Palm Beach, Fla., to Judge Henry Franklin Lillenthal of W. Palm Beach, Fla.

The date of the wedding has been set for June 27 and will take place at W. Palm Beach.

Miss Alford graduated from Emma Willard school at Troy, N. Y., and attended Vassar college at Poughkeepsie, N. Y., before entering the University of Iowa where she was a student until April. She was affiliated with Delta Gamma sorority and was chosen Iowa Circus queen last spring.

Events in Meeting Of Women Golfers Announced by Club

Events in the third meeting this season of women golfers of the Iowa City Country club on the club links this morning will be: low ball foursomes, a putting contest, and, for beginners, an approach contest.

Luncheon in the club house at 12:15 will follow the tourney. Mrs. George Koser and Mrs. Jules F. Kasper will take charge of today's meeting.

Mrs. William Poole of Detroit, Mich., a former member of the group, will be a guest at the tourney and luncheon today.

Alpha Chi Omega

Martha McKay, J3 of Eldon, will leave today for Columbia, Mo., where she will spend the week end.

WARDS SUMMER VALUES

White and Pastel FROCKS 3.95

Jackets, plain or in gay contrasting colors! Trimly tailored sports frocks! Tennis dresses! Capes! White, pink or maize crepe, for misses. All amazingly low in price!

Clearance of Spring Coats

Heating Plant Cleans Coal By New Method

Chemical Engineers Use Air to Aid Utilization Of Iowa Fuel

A machine which cleans coal by means of air has been installed at the university heating plant as a part of the program for the improvement of the utilization of Iowa coal. This project is directed by the chemical engineering department under Prof. Hubert L. Olin of the college of engineering.

Reduces Ash Content
The machine, which has been lent to the university by the American Coal Cleaning corporation, is expected to reduce the ash content of Iowa coal from 40 to 50 per cent, according to Professor Olin. At the same time, all dust is removed. From 3 to 5 tons may be cleaned per hour.

The machine consists of a hopper which lets the coal down upon a separating table, motivated by an eccentric. Sufficient air pressure is introduced beneath the table so that the coal is lifted and flows off at the sides. Slate, clay and other refuse, which is too heavy to be elevated, follows the riffles to the refuse outlets. The coal dust is caught by a hood and transferred through ducts to a collector.

To Discover Best Plan
This experimental work, according to Professor Olin, has as its end the discovery of the best method for making the consumption of Iowa coal more desirable. It is also intended that the removal of useless material from coal at the mine and a resultant saving in transportation charge will come from this research. A machine which washes coal by means of water has been in experimental operation at the heating plant for two years. However, the use of water is not always practical, Professor Olin pointed out.

Coralville Group Will Have Picnic

An annual school picnic will be given this afternoon by the Coralville Parent-Teacher association. Members of the committee in charge are: Mrs. J. A. Brandstatter, Mrs. Raymond Bowers, Mrs. C. J. Shay, Mrs. R. H. Coppock, and Mrs. F. M. Davis.

Legion Auxiliary To Meet Today

Mrs. Kinney will be hostess this afternoon at 2 p.m. to members of the American Legion auxiliary. Bridge will be played.

Northwestern R.R. Cuts Time

CHICAGO (AP)—The Chicago & Northwestern railway announced tonight the west bound running time of its Corn King limited would be cut one hour and 35 minutes between Chicago and Omaha and one hour and five minutes between Chicago and Sioux City effective May 27.

Will Visit Here

Mrs. G. L. Pray of Lake City will arrive Saturday to visit her daughter, Mrs. Harold Peterson, A4. Mrs. Pray will remain in Iowa City until after graduation.

Women Set New Record In University 220 Yard Relay

Sophomores Take Track Meet, Nearly Beating National Mark

Setting a new University of Iowa record in the 220 yard relay of 23.3 seconds—which is only one-tenth of a second over the time of the United States record for college women, 23.2—the sophomore class won a women's field and track meet yesterday morning with a total of 502.7 points.

The junior class was second with 232.6 points.

42 Women in Meet

Forty-two women took part in the meet, for which a standard point system was used that credits every performance in the final score for each class.

Opal German, A2 of Des Moines; Dorothy Gerber, A2 of Iowa City; Mary Vincent, A2 of Des Moines; and Margaret Curry, A2 of Aurora, Ill., formed the relay team that set the new record.

Mildred Samuelson, A2 of Akron, was first with individual points, Miss Gerber placed second, and Miss Vincent third.

First place in the shot put was won by Miss Samuelson, who made 23 feet, 6 1/2 inches. She also won the discus throw with 87 feet, 10 1/2 inches, and the baseball throw, with a distance of 145 feet, 5 inches.

Running Broad Jump

The running broad jump was won by Miss Gerber, with a jump of 12 feet, 8 inches. She was first in the 65 yard hurdles, making a time of 10 seconds, and in the 50 yard dash she tied with Miss Vincent with a time of 7 1/10 seconds.

Estella Mahoney, A2 of Iowa City, placed first in the running high jump with 4 feet, 4 inches. The running hop, step, and jump was won by Miss Vincent, who made 28 feet, 11 1/2 inches. The 75 yard

Permanent Arrows Re-mark Iowa City One-Way Alleys

One-way alleys in downtown Iowa City are being re-marked with permanent arrows, Police Chief W. H. Bender said yesterday in warning truck drivers and other motorists to observe the traffic regulations.

An effort to stop parking on the left side, using alleys for storage, and blocking alleys will be made by the police who will patrol the alleys. Many of the wooden signs have been torn down, making it necessary to put up permanent markers.

Gardeners To Display Plants

Iowa City Children To Show Flowers At Exhibit

Opportunity for young gardeners of Iowa City to display their flowers is offered by the new junior garden division which will be featured at the thirteenth annual flower show of the Iowa City Woman's club garden department next fall. Gardeners between the ages of 8 and 14 may compete for prizes at the exhibit early in the autumn.

Prizes of garden materials, such as seeds and bulbs, will be awarded to junior gardeners who have raised the best specimens of the following annual plants: zinnia, African marigold, snapdragon, pansy, calceola, cosmos, gladiola, dahlia, aster, and nasturtium. Prizes will also be given for the most beautiful flowers in the unclassified section.

Adult gardeners will also compete for ribbon awards at the flower show. Contrary to the custom of 12 years previous, the garden show will be given in September instead of in June. Unfavorable weather conditions necessitated the postponement of the display which is sponsored annually by the garden division of the Iowa City Woman's club.

Library Displays Document Signed By Lincoln, Chase

Now on display in the general reading room of university libraries is a document signed by Abraham Lincoln at the time he was president, and Salmon P. Chase, secretary of the treasury, appointing Delos Arnold of Marshalltown, assessor of internal revenue for the sixth collection district of Iowa.

This document is a part of the autograph collection owned by university libraries. It was presented to the libraries by Charles Aldrich of Webster City who made a hobby of collecting autographs.

A picture of Mr. Arnold and the letter he wrote to Mr. Aldrich are also on display.

Mrs. Bryan Will Give Garden Tea

A Chinese garden tea will take place in the garden of Mrs. A. W. Bryan, 265 Ellis avenue, tomorrow from 3 to 5 p.m. for members of the Standard Bearers society of the Methodist church. All persons interested may attend. An opportunity will be given for a silver offering.

SCHOOL OF RELIGION GROUP MEETS HERE

Iowans who were present at a meeting of the school of religion here Monday. Left to right, back row: Rabbi Eugene Mannheim of Des Moines; E. P. Adler, publisher of The Davenport Times; Prof. Joseph Bodine, head of the zoology department; Prof. William H. Morgan of the school of religion; the Rev. Glen McMichael, Methodist university pastor; Prof. Fred M. Pownall, director of student publications; the Rev. R. E. McEvoy of the Episcopal church; Rabbi Albert Goldstein of Cedar Rapids; Prof. Herbert Martin, head of the philosophy department; the Rev. R. F. Judson of the Baptist church at Cedar Rapids; and the Rev. J. H. Kronmeyer of the Methodist church at Montezuma.

Second row: the Rev. L. M. Coffman of the First Presbyterian church at Davenport; Rufus H. Fitzgerald, director of the school of fine arts; Prof. Fred Lazell of the school of journalism; Arthur Poe of the Quaker Oats company at Cedar Rapids; Dean Carl E. Seashore of the graduate college; the Rev. M. H. Williams of the Christian church at Oskaloosa; Prof. Roy C. Flickinger, head of the classical languages department; Marvin Dey of Iowa City; Prof. C. A. Hawley of the school of religion; Attorney R. J. Smith of Montezuma; and Prof. George W. Stewart, head of the physics department.

Third row: J. F. Rall, formerly mayor of Cedar Rapids; the Rev. H. D. Henry of the Methodist church; the Rev. Archibald Cardie of the Presbyterian church at Burlington; Prof. C. J. Lapp of the physics department; the Rev. Patrick J. O'Reilly of St. Patrick's parish and chaplain for Catholic university students; the Rev. R. J. Montgomery, religious education director of the Congregational-Christian conference of Iowa, Grinnell; the Rev. J. A. Dillinger of Des Moines, secretary of the Iowa Christian Missionary society; the Rev. Lew C. Harris of the Christian church, Waterloo; the Rev. D. C. Fulton of the United Presbyterian church at Washington, Ill.; the Rev. W. J. Stewart of the United Presbyterian church at Grinnell; and the Rev. W. P. Lemon of the Presbyterian church of Iowa City.

Bottom row: George B. Sherman of trustees of the school of religion; Prof. M. Willard Lampe, director of the school of religion; Dr. O. D. Foster, editor of New Deal, Chicago; the Rev. Caspar C. Garrigues of the Christian church; the Rev. L. A. Owen of the Congregational church; and Prof. Moses Jung of the school of liberal arts, president of the board of trustees of the school of religion.

Zada French Will Talk On Girl Reserve

Zada French, who was a member of the national staff of Y.W.C.A. during the last two years, will lead a conference for senior women on Girl Reserve work tomorrow from 1 to 4 p.m. in the women's lounge of Iowa Union.

Explaining the organization of Girl Reserve clubs and the information and administration of the club

program, Miss French will attempt to teach those who attend how to organize clubs and how to direct their programs. She will also speak on the philosophy of the procedure used by Y.W.C.A. in its work with adolescent girls.

Miss French has at various times been executive of the Girl Reserve department in Y.W.C.A. at Seattle, Wash.; Girl Reserve secretary on the national staff of Y.W.C.A.; and a member of the national staff of Y.W.C.A. in the capacity of adviser to Girl Reserve clubs in towns where there is no Y.W.C.A. organization. At present Miss French is doing graduate work in this university. Those who desire to attend this

conference are asked to register at the religious activities office in Iowa Union.

Under the auspices of the Y.W.C.A., this conference arose from the demand there is in high schools and junior high schools throughout the state and country for teachers who are capable of leading Girl Reserve clubs.

Delta Gamma
Mrs. E. L. Rohlf and Mrs. Ben Butler, both of Waterloo, were luncheon guests at the Delta Gamma sorority house yesterday noon. Ruth Fatherson of St. Paul, Minn., is visiting at the sorority house this week end.

Radio And The Forgotten Child

THE CHILDREN of the "forgotten man" are growing up and are facing a new future. A growing social consciousness and an increasing demand for social legislation point to the fact that the future will see a new leisure, a happier life—the result of a regulated economic existence.

The Iowa Congress of Parents and Teachers, meeting in Des Moines this week, is concerned with the vast problem of educating "the forgotten child" to meet the new deal when it has arrived—to be prepared to use the greater opportunities it will offer to the best possible advantage for society and for the individual.

Books, schools, churches, movies, radio—all have an unmeasured influence upon the mind of a growing child. And of these, the one which is becoming ever more important is the radio.

Hardly a home in America today does not have a radio. Because of the conditions peculiar to radio, this fact should receive special attention. A book can be censored and its sale stopped. A play or a movie can be censored or its audience can be restricted.

For this reason it is important that children be given a chance to hear programs of educational value. Few persons would plead for radio censorship, but thinking persons recognize that some provision should be made to give educational programs a chance to be heard.

Today, educational stations have been assigned undesirable air channels, and their broadcasting time has been greatly limited. With the two major chains controlled by large advertisers, it has become impossible to buy time on the air for an educational program—no matter how much money is offered—at the time of day when most persons listen in.

Radio has become a great educational problem; one which educators must meet in cooperation with the government.

To Encourage Musical Excellence

IOWA CITY will be justly proud of the high school band, which has advanced through the district and state music contests, and has earned the right to compete for national honors.

Now, as never before, it is desirable to encourage study and appreciation of good music. With "popular" music threatening to supplant the classics, and with "canned" music taking the place of living concerts by musicians "in the flesh," one can hardly stress too much the importance to the artistic life of a city of an organization like the Iowa City high school band.

In sending the group of boys and girls to the national contest, Iowa Citizens will, of course, want them to rank high. But winning or losing is not important where artistic endeavor is concerned. The important thing is that the performance of the musicians in that contest will mark another step toward musical excellence.

America's Warning On Wheat

THE WORLD wheat conference in London must reach an agreement boosting the price of wheat, or the United States will embark upon a policy of "dumping" on the world market.

entirely from the price raising measure. The logic behind the warning seems to have been that the prospect of "dumping" by the United States, with the resultant demoralization of prices which must inevitably follow, would alarm the other nations to such a degree that they would force Argentina back into line, and pass the price raising proposal.

Whether the United States is in a position to carry out her threat or whether this country would be willing to chance the retaliation which would surely follow is of little importance just now. It is highly improbable that the threat ever will be carried out.

Secretary Wallace is just "swinging a big stick" to scare the world conference out of its lethargy, and bring Argentina back into the fold. Prospects are bright for a successful scare.

Profiteering And Disarmament

PERHAPS THE most discouraging blow to hopes of world peace is the announcement from Washington several days ago that American munitions makers are aiding Germany in building a strong air force, by their exports of war machinery.

Reports indicate that officials in Washington are thoroughly alarmed at the results of these shipments. French representatives have already protested to Great Britain against the sale of arms to Germany, and it seems likely that a similar protest will be coming to Washington, following this week's revelation.

The strong card of the United States seems to be airplane motors. A report, sent to Washington through secret channels from Berlin, indicates that 112 motors, valued at \$450,000, have been sent to Germany within the first three months of this year, there to be mounted in big bombing planes.

At this rate, Germany could be fully rearmend in the air, and a match for any nation in war, in less than two years. Doing most of the business are the Pratt and Whitney company—avowedly manufacturing for military purposes—and the United Aircraft and Transport company, with several other concerns also financially interested.

Two factors are worthy of notice here. First is the fact that these Americans are not only selling arms to Germany, but the amount of their business makes America the leading contributor to Germany's air armaments.

Secondly is the fact that national officials seem powerless to put a stop to this condition. Unless shipments are made for the express purpose of military use, it is difficult to impose an embargo. These exports, in spite of the fact that Washington has proof of their military use, are shipped as mere engines, unassembled.

Of all the criminals known to man, none could be more despicable than the war profiteer. Plying his trade in legal murder, he grows rich on the spoils of his treason against humanity. Police and courts can bring ordinary criminals to justice, but the war profiteer need answer to no one for his thousands of murders.

A writer in a current magazine says: "If I am killed in the next war, I want my cross to be inscribed with the information that the bullet which killed me cost one-quarter of a cent to manufacture and sold for about three cents. I want the world to know that someone profited by my death."

Until this most vicious form of human greed can be brought under some control, world peace seems improbable.

What Others Think

Wanted: An End to Fiascoes (From The Christian Science Monitor) Spring election in a typical United States municipality saw the political "machine" hunting up the larger families with four and five votes.

Now, as never before, it is desirable to encourage study and appreciation of good music. With "popular" music threatening to supplant the classics, and with "canned" music taking the place of living concerts by musicians "in the flesh," one can hardly stress too much the importance to the artistic life of a city of an organization like the Iowa City high school band.

In protest a unique type of organization rises now and then in the larger cities. The better government movement is designed to cut a road through the swamp of corrupt politics which the independent citizen and the worthy candidate can travel with safety and success. It purposes to fight bad politics with good politics. It aims to enlist the stable elements and place the local government in their control.

Victories testify that such high purposes can win. But the victories are not common enough. The task is an exceedingly difficult one. At times something is missing in a reform organization itself. Experience evidences that these enterprises must have more than merely hopes and ideals. They need to have political sagacity.

It is not enough to see what should be done. There must also be ability for the doing of it. The machine politician is no amateur, as often his adversary is. Through years of coming up from the bottom, the "boss" has acquired a huge knowledge of political expedients, of his city, and of its people. He is a political technician.

Vol. X, No. 198 May 18, 1934

University Calendar

EXAMINATION SCHEDULE Second Semester, 1933-1934 Wednesday, May 23, 8 a.m., to Thursday, May 31, 4 p.m. The regular program of class work will be suspended, and the following semester-examination program substituted for it. Classes will meet for examination in the rooms in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E and F, as shown in the form below; and Speech (2), (3), and (4) as shown at "N.B." below).

Table with columns for dates (MAY 23, 24, 25, 26, 28, 29, 30, 31) and times (8-10 A.M., 10-12 A.M., 2-4 P.M.). It lists examination groups (SPECIAL GROUP A, B, C, D, E, F) and subjects (Physics, Chem, Bot., Math, Sociol., Geol., Pol. Sci., Econ., French, German, Spanish, English, etc.) for each day and time slot.

CONFLICTS: In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) The instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour May 16 or 17, if possible, May 9 or 10.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 11 meets for lectures T T S at 8. The first regular meeting is, consequently, Tuesday at 8,—and the class will meet for examination Thursday, May 24, 2 p.m., according to the tabular form above. Again, physics (126) meets twice each week, T, F, for a three-hour laboratory exercise, 1-4. The period for the examination is, therefore, Tuesday, May 29, 2 p.m.

N.B. All sections of Principles of Speech (2), (3), and (4) will meet on the days and at the periods designated below. Consult the bulletin board in room 13, Hall of Liberal Arts, for room assignments.

- 1. Wednesday, May 23, 8-10: Section F
2. Thursday, May 24, 8-10: Section C; 2-4: Sections A and D
3. Monday, May 28, 2-4: Sections H, I; Speech (2), Speech (4)
4. Tuesday, May 29, 8-10: Section G; 10-12: Section E; 2-4: Section B

"ODD" classes,—namely those whose first or only weekly meetings occur on Wednesdays, Thursdays, Fridays, or Saturdays, or which meet "as arranged," will be assigned for examination, as announced to each such class by the instructor in charge of the class, at one or another of the following periods:

- 1. From 4 to 6 on any day from May 23 to May 31, inclusive.
2. Any one of the examination periods assigned, as indicated above, for the examinations in the SPECIAL GROUPS, A, B, C, D, and F, since for such "odd" classes these five examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure, it is possible to have examinations in more than one class at any of these times,—if no student is a member of more than one of these classes.

Additional Calendar and Bulletin on Page 5

Students Get Teaching Jobs Through Placement Bureau

Announce Names Of Graduates Placed In Schools

A second list of appointments to teaching positions for next year was announced yesterday by the placement bureau. Included on this list are positions for students who will receive degrees June 4, changes of positions for graduates, and initial positions for graduates of other years.

Marian Nislaus, G of Waukon, will have charge of physical education in the intermediate schools of Wichita, Kan. Beulah Sanders, A4 of Creston, will teach English and dramatics in Onawa high school, and Marie McMahon, who was enrolled here last semester, will teach English and music at Marcus.

Paulena Kellogg
Paulena Kellogg, A4 of Marshalltown, will teach English and dramatics in Elwood high school. Robert Picken will teach social science and music in the high school at Mendon, Ill., and Ellen Hamilton, G of Sioux City, will teach in the elementary department at What Cheer.

John Kellough
John Kellough, A4 of Sioux City, will be employed at Thornburg high school. He will teach physics, general science, and mathematics. Hester Wehrle, G of Taintor, will teach English, dramatics, and typing in Graton high school.

Alberta Schwartz
Alberta Schwartz, A4 of Clinton, will return to her home town to teach mathematics in Clinton Lyons junior high school. Carl Midkiff, G of Mt. Vernon, will teach mathematics, physics, and manual training at Allison high school. Lillian Spilde, C4 of Eldora, will be employed in the high school commerce department at Stanton. Leo Grether, A4 of Elgin, will teach music at Orange City.

Alta Reece
Alta Reece, who has done graduate work here, will teach speech, English, and psychology in Clarinda junior college, and Edith Stanley, G of Massena, will teach in Shenandoah high school.

Graduates of this university who will change positions this year include: Norma L. Pepler, who will leave Lowden high school to teach home economics and science in De Witt high school.

Bernice Cooper will direct physical education in Burlington high school. She has been associated with Grinnell college since her graduation from here.

Ed Bailey will leave Wyman high school to teach music and science at Clarence, and J. Rosemond Treasler will leave Ridgeway to teach English and music in Alta Vista high school.

Kathleen Lichty
Kathleen Lichty, who has been at Kinross, will teach home economics in Colesburg high school; Zanet Book will leave Adair to teach commerce in Villisca high school; Carl J. Lundquist, who has been teaching at Royal high school this year, will be principal and coach at Carson; and Dorothy Sherman, who has been employed at Glenwood, will teach English in the junior high school at Fairbault, Minn.

Graduates of other years who will begin teaching this year are: Forest E. Allison, who will direct physical education in Cromwell high school; George H. Eihman, who will teach history in Morning Sun high school; Esther Gregerson, who will teach home economics in Thurman high school; Eudora Roth, who will teach home economics in Delta high school; and Leslie W. O'Brien, who will be commercial teacher in the high school at Belle Fourche, S. D.

John C. Hoglan, who has been principal at Bloomfield has accepted the position of high school principal at Cherokee. Erma B. Fricke, who has been teaching in a rural school near Durant, will teach elementary grades at Wyman next year.

Kalona Students To Visit Campus Today
Eighteen students from Kalona high school will be conducted over a tour of the campus today by Lee Cochran, director of the visual aids department.

Points of interest to be visited are the television station, the WSUI broadcasting station, and electrical engineering laboratories, as well as other spots on the campus. Tours of this kind are being arranged for many groups of high school students.

Keyser Family To Visit New York
C. W. Keyser, 128 Fairchild street, accompanied by his family, left yesterday for New York city where Mr. Keyser will be a guest of the Mutual Life Insurance company of New York at its annual convention at the Waldorf-Astoria hotel.

Following the convention the Keyser family will tour the east, visiting Boston, Washington, and other cities.

Senate Group Talks Patronage
WASHINGTON (AP)—The senate civil service committee will decide tomorrow how much farther it should go into the reports and details of the existence and operation of a highly efficient Republican job handling organization within the administration.

Irwin to Present Film at Seminar

Prof. Orvis C. Irwin of the Iowa Child Welfare Research station will present a film at a weekly zoological seminar in room 307 of the zoological laboratories building this afternoon at 4 o'clock.

The presentation will pertain to the behavior development of infants. This meeting is open to the public.

Iowa Bankers Meet
CRESTON (AP)—Southwestern Iowa bankers from 20 counties comprising the fifth and ninth groups of the Iowa Banking association, will meet here tomorrow. Attendance is expected to be more than 250.

6:00 p.m. Commencement supper, Iowa Union
8:30 p.m. Campus concert, University of Iowa band, Iowa Union campus

General Notices

Law School Scholarships
A number of scholarships are available to juniors and seniors who wish to enter the law college next year. These scholarships carry stipends of \$100 or more, each. Juniors or seniors who are interested should apply at once, in person, either to Prof. Louis Peizer of the history department, room 226, liberal arts building; or to Prof. Kirk H. Porter of the political science department, room 301, liberal arts building.

Candidates for Higher Degrees in History
The written examinations for both majors and minors in history will be held Friday, May 18, in room 208, liberal arts building, 9-12 a.m., 2-5 p.m. All those planning to take the examinations please see me promptly.

W. T. ROOT

Recitals
An honor recital will be presented in north music hall by music department students Friday, May 18, at 8 p.m.

There will be a children's recital Saturday, May 19, at 11 a.m. in north music hall.

June Goethe, pianist, will present a recital in north music hall Sunday, May 20, at 4 p.m.

Florence Vanderwicken, soprano, will appear in a recital in north music hall Sunday, May 20, at 7:30 p.m.

The weekly recital of music department students will be Monday, May 21, at 4 p.m. in north music hall.

MUSIC DEPARTMENT

Graduate Thesis
All graduate students who expect to take advanced degrees at the June Convocation must present two copies of their thesis in final form at the graduate office on or before 5 p.m., Monday, May 21.

DEAN C. E. SEASHORE

Canoeing Pictures
Motion pictures of canoeing, taken at a girls' camp in the Adirondacks, will be shown at chemistry auditorium Friday, May 18, at 3 p.m. All canoeing students and physical education majors are urged to attend. The public is invited.

MARJORIE CAMP

Zoological Seminar
The zoological seminar will meet Friday, May 18, at 4 p.m. in room 307, zoology laboratories. Dr. O. C. Irwin will show motion pictures illustrating the behavior development of infants.

J. H. BODINE

A.A.U.W.
The Iowa City branch of A.A.U.W. will hold its May luncheon meeting at the home of Mrs. Andrew Woods, 1100 N. Dubuque street, Saturday, May 19, at 12:15 p.m. Officers will be elected and convention reports will be given. Make reservations with either Mrs. Ralph Barnes, dial 2218, or Mrs. A. C. Trowbridge, dial 9403, before Friday noon.

COMMITTEE

Swaine Scholarship
A scholarship of \$350 is offered annually by Robert T. Swaine, L.A. 1905, to a graduate of this university who desires to do professional or other graduate work at Harvard university. Applications should be sent to the office of the dean of the graduate college before May 21.

DEAN C. E. SEASHORE

Philosophical Club
The annual concert of the Philosophical club in honor of Dean Carl E. Seashore will be held in women's lounge, Iowa Union, Tuesday, May 22, at 8 p.m. Graduate students of psychology will be hosts. PRESIDENT

Pershing Rifles
The last meeting of Pershing Rifles will be Friday, May 18, at 4:15 p.m. in the armory. All members are urged to attend as the meeting is important.

SEEN
from
Old Capitol
By TOM YOSELOFF

Of all hot meetings which the University of Iowa Student Senate has seen, last night's was the hottest. Here and now, there is a reaction to make.

Ken Herbst, who invariably speaks at these meetings, told the audience of his experiences in Los Angeles. I would suggest also to Mr. Herbst that he brush up a bit on his mathematics. In the heat of the argument, Mr. Herbst said: "If the United States would disarm, it would leave us in the position of a city without police protection. What would happen to this city? The gangsters would rush in; one would take the east half, one would take the north half, one would take the west half, and one would take the south half."

This department submits—there can't be four halves to any city.

The question which the group argued started out to concern war and military preparedness. Before the meeting was over, however, the argument involved most questions of parliamentary procedure, tariff and economic policies of the United States, and whether the Student Senate would shoot at Maurice Barsky, if he should happen to reach for his handkerchief.

Out at Bloomington house, university cooperative dormitory, mother and children are doing well. Let you become alarmed, let me add that it is all a matter of a cat and her kittens. The new arrivals were born Wednesday evening—all four of them. So now the boys will not only have pets, but they will all have a chance to be foster mothers.

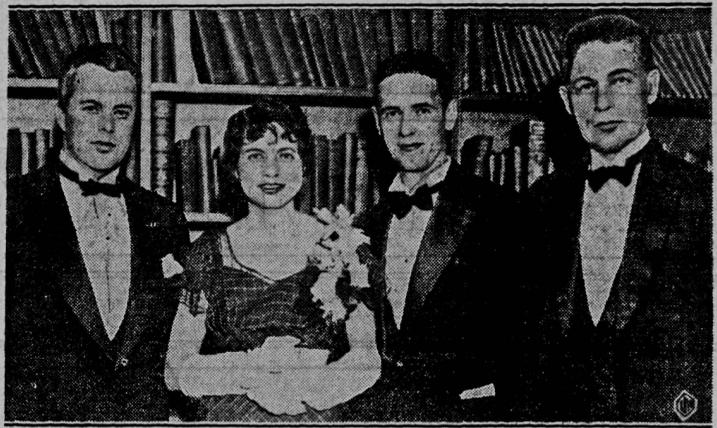

It was "Old home week" on the campus at the west approach to Old Capitol yesterday. Iowa quads brought chairs out and placed them under the trees to keep cool. A few were sitting and gossiping, one or two were daring enough to study, and it is my firm belief that one was knitting on an unidentified garment. At that, it's an idea these days...

Overheard on the campus yesterday:
"I think I'll go to Cedar Rapids tonight to see Sally Rand."
"Why, I thought you went to her Tuesday night."
"I did. Every time she did a step in her dance, a feather fell out of her fan. I am an optimist."

And, speaking of Sally Rand, Margaret Shaw has made the accusation that we are among "Sally Rand's fans." After all, there should be a limit to the puns with which intelligent persons must put up.

That limit must have been reached in a certain class the other day. Two girls, with coiffures of the latest type, including braids arching up over their heads, were sitting side by side. Miss Shaw glanced over at them, and remarked in a voice loud enough to be heard throughout the room, "There are a couple of examples of up-braiding."

"GET-TOGETHER" OF PULITZER PRIZE WINNERS

Four of this year's Pulitzer Prize winners, pictured at the alumni dinner of Columbia University school of journalism. Left to right, Robert Hillier, professor at Radcliff college, \$1,000 for best volume of verse; Caroline Miller, Baxley, Ga., \$1,000 for novel, "Lamb in His Bosom"; Royce Brier, San Francisco Chronicle, \$1,000 for best example of a reporter's work, and Tyler Dennett, Princeton university professor, whose "John Hay" won him \$1,000 prize for the best American biography.

Higbee, Assistants Look Toward Office's Busiest Week of Year

Unquestionably the busiest time of the year for Prof. Frederic G. Higbee, director of the Alumni association, and his staff at the alumni office in Old Capitol, is Commencement week.

Preparations for the festivities and for Alumni day, June 2, have not been confined to the last few weeks. Correspondence with leaders of the 50 organized alumni groups which will hold reunions this year has been going on for many months.

Two Assistants
Professor Higbee's two assistants, both graduates of the university—Harriet Brown of the class of 1922 and Florence McDowell of the class of 1930—admit they look forward to Commencement week with mixed feelings of awe and excitement.

Their work for alumni day includes registering all returning alumni, directing part of the procedure, and distributing badges. Miss Brown has had a part in the annual observance for the last five years, and Miss McDowell will participate in this work for the fourth time.

Both Miss McDowell and Miss Brown profess to be more excited about Commencement now than they were when they were candidates for degrees.

Supervises Activities of Week
Besides directing alumni day, Professor Higbee is director of university convocations and supervises most of the activities of Commencement week.

Miss Brown is also in charge of an alphabetical record which includes the names of all alumni, living or dead. She directs the class reunions. Miss McDowell is in general charge of organization. Blanche Holmes, A2 of Cedar Rapids, works part time.

Besides the special work during Commencement week, other activities of the alumni office staff include keeping the names and addresses of approximately 25,000 graduates, managing the organization work of the Alumni association, and dispensing information and service.

40,000 Pieces of Mail
Between January and June last year, approximately 40,000 pieces of mail were sent to alumni from this office. During the last year the

Dr. Donald Gallie To Address Dentists In Old Capitol Today

Dr. Donald M. Gallie of Chicago will address senior students in the college of dentistry at 10 o'clock this morning in the house chamber of Old Capitol. He will speak on some topic of general interest in the field of dentistry, Dean Alvin W. Bryan of the college of dentistry said.

Junior students and faculty members of the college of dentistry will be invited guests. Practicing dentists in Iowa City will also be guests.

Dr. Gallie has been associated with the University of Illinois college of dentistry for many years in the department of operative dentistry.

Teeters Talks To Tri-County Society

Dean Wilber J. Teeters of the college of pharmacy spoke on poisons last night before a tri-county inter-professional society at Decorah.

The gathering consisted of doctors, nurses, dentists, and pharmacists.

Soviet Denies Manchukuo Charge
MOSCOW (AP)—The Soviet government denied officially today that its border guards fired on a Manchukuo river steamer, killing one sailor and wounding another.

IOWA CITY, IOWA, FRIDAY, MAY 18, 1934

HAWKS MIX WITH IRISH TODAY

Queens Who Lead In "Sport of Kings"

Mrs. Whitney and Grey Knight

Cavalcade

Mrs. James Austin

Mrs. I. D. Sloane

Once monopolized by the lordly male, the "Sport of Kings" is fast becoming, if it already has not become, the "Sport of Queens." For the first time in American turf history the end of the 1934 racing season may find a woman carrying off the honors as owner of the year's greatest money-winning stable. The lady for whom this honor is predicted is Mrs. Isabel Dodge Sloane, owner of Cavalcade, Kentucky Derby winner, for which she paid \$1,200 as a colt and which has earned more than \$51,000 this year. In addition, Mrs. Sloane owns Time Clock, Florida Derby winner; High Quest, winner of Wood Memorial and, more recently, the Preakness at Finkbine, Md. Another turf lady is Mrs. James Austin, owner of Mr. Khayyam and Good Advice, both prominent racers. Most popular of all American sportswomen, however, is Mrs. John Hay ("Jock") Whitney, who won fame not only as the owner of Twenty Grand, but also by her own prowess in the saddle. Mrs. Whitney's jumper, Grey Knight, is as familiar to horse lovers as any racer.

Sig Alphas In Track Lead

Hold 12 Point Margin In Greek Meet; Ends Today

The Sigma Alpha Epsilon tracksters counted a total of 25 yesterday afternoon in the first of a two day track and field meet at Iowa field, and placed themselves 12 points ahead of their closest rivals, Beta Theta Pi.

Walsh of Beta Theta Pi annexed the 13 points that put his team in second position, winning two firsts and a tie for first. Phi Gamma Delta followed with eight points for third place.

The second half of the contest will take place this afternoon when the 110 yard low hurdles, 880 yard run, 220 yard dash, discus throw, running broad jump, and the 440 yard relay will be run off.

Medals will be awarded to the winners Monday afternoon.

HOW THEY STAND

| | |
|---------------------|-------|
| Sigma Alpha Epsilon | 25 |
| Beta Theta Pi | 13 |
| Phi Gamma Delta | 8 |
| Phi Kappa Psi | 6 1-3 |
| Phi Kappa Sigma | 3 1-3 |
| Phi Beta Delta | 3 |
| Sigma Pi | 1 |
| Delta Tau Delta | 0 1-3 |

(Summaries of the entire meet will be published tomorrow morning.)

Blue Swamps Little Hawks

Pile Up Advantage Of 97 to 30 in Second Day of Meet

U. high eidersmen hit their stride yesterday at Iowa field on the last day of the two day dual meet with City High and administered a crushing defeat to the Little Hawks, scoring 73 points to the latter's 9. The addition of Thursday's points brought the final score for the meet to 97 to 30.

The Blue captured grand slams in six events and also gained three firsts in the remaining four events. In four of the events, however, City High had no entries and so lost 28 tallies at the outset. These four were the mile run, 120 yard high hurdles, mile relay, and the half mile relay.

Summaries:

Mile run—Won by Smith, (UH); Ribble, (UH), second; Stevens, (UH), third. Time 5:5.5.

120 yard high hurdles—Won by O. Schneebelen, (UH); Miller and Found-

Mrs. Sloane in Big Lead After Wins This Spring

Hold Earlier Wins Over 2

Coach Kennett to Pick Team From Among Six Men

NEW YORK, (I.L.N.)—It has been taking place for some time, but so gradually that it didn't attract much notice. Now there is little doubt about it; the "Sport of Kings" has become the "Sport of Queens."

Ladies of the Turf

For many years the Vanderbilts, the Whitneys and the Wideners have been represented on the turf by beautiful women. Women who put the seal of good social form upon racing, who owned great horses and stables.

Many of these society sportswomen have been successful in garnering big turf prizes, but never in the history of the sport in America has a woman been seriously in the running as the owner of the season's high-money-winning stable until this year, when Mrs. Isabel Dodge Sloane coasted to the front of the pack and is in a good way to achieving that honor.

Mrs. Sloane, owner of the Brookmeade Stables, wealthy, well placed in society, took the accolade of the American turf, coveted by every owner in the country, when her horse, Cavalcade, romped home a winner in the 1934 Kentucky Derby.

The horse, which Mrs. Sloane bought as a colt for \$1,200, already had won the Chesapeake Stakes and other races. When he crossed the finish line at Churchill Downs, Cavalcade's winnings had soared to more than \$51,000, which, one might say, is paying for himself with a vengeance.

Other Stars

Nor is Cavalcade the only shot in the Brookmeade locker. Mrs. Sloane also owns Time Clock, which started off her winning streak by trotting away with honors in the Florida Derby. She also owns High Quest, winner of the Wood Memorial handicap at Jamaica and the Preakness at Pimlico; Inlander, which won the Arlington classic at Chicago and the Travers Stakes at Saratoga, and a string of other stake and handicap horses which she expects will swell her season's money winning total to make her the first woman to win high-money honors in American turf history.

Another woman who is rapidly increasing her turf stature is Mrs. James Austin, whose non-de-race is Catawba Stables. Although Mrs. Austin is far behind Mrs. Sloane as a money-winner, she is away ahead of many men owners. Among the horses which have won for Mrs. Austin this year are the celebrated Mr. Khayyam and Good Advice. Before the end of the season the sportswoman expects these horses to score again in addition to others of her string for which she predicts a share in the laurels.

"Grand" Sportswoman

More familiar to racing fans, however, than the two foregoing turf ladies is Mrs. John Hays ("Jock") Whitney. As the owner of the great Twenty Grand, Mrs. Whitney won a foremost place in the turf spotlight. But it is not in

Favor Michigan, Indiana At Evanston

Hold Prelims Of Big Ten In Afternoon

7 Champions Return To Defend Track Titles

By WILLIAM WEEKES Associated Press Sports Writer

CHICAGO, May 17—With Michigan and Indiana ranking as favorites, track and field athletes of the Western conference will open their thirty-fourth annual drive on the records of speed and skill in the Big Ten outdoor championship starting tomorrow at Northwestern university. Preliminaries will be held in ten events tomorrow with the finals coming up for decision Saturday.

The Wolverines captured the 1933 outdoor championship with a top heavy advantage over Indiana, and repeated again in the indoor championship this spring, chiefly through the efforts of Willis Ward, versatile Negro athlete. Ward won the 100 yard dash, the high jump and finished second in the 120 yard high hurdles and the broad jump. He threatens to do the same thing Saturday.

Seven Champs Back

Seven champions of last year will defend their titles in the finals. Included among them are three of the greatest athletes in Western conference track history, Charles Hornbostel and Ivan Fuqua of Indiana, distance stars, and Ward. This trio threatens to dominate the meet as it did last year when each scored double victories.

Hornbostel is the favorite to again win the half mile and mile runs with Fuqua figured to capture the 200 yard dash and 440 yard run. Other returning champions are Duane Purvis, Purdue, javelin; Chin Kamm, Illinois, shot put; Irving Seeley, Illinois, pole vaulter, and Wesley Busbee, Indiana, in the discus throw.

To Set Problems

While the track athletes are in action the football coaches will draw up schedules for 1935 and members of the faculty committee will consider proposals to permit a modified training table. The coaches have voted in favor of giving the gridiron warriors one meal a day—dinner. The training table went out of existence years ago in the Big Ten but coaches felt athletes, some of whom worked their way through college, should be assured of at least one warm meal each day.

The question of permitting early football practice to start September 10 instead of September 15 also will be up. Some schools, Purdue in particular, start classes early in the fall. After classes start practice is limited to one session a day, giving some teams an advantage in early preparation.

Whether Big Ten football coaches shall be permitted to write for newspapers and coach teams in post season games also will come up for consideration.

Swaney Signs To Coach Athletes At Wellman High

Harold J. Swaney, winner of the major letter in football and basketball at the University of Iowa, will coach athletic teams at Wellman high school in 1934-35.

After majoring in physical education, Swaney will graduate tomorrow from the university June 4. He played three years at end on the Hawkeye football squad, and was a guard in basketball. Swaney is the second Iowa football and basketball player to be appointed by an Iowa high school as a coach. Howard Moffitt recently was selected by Waukon to coach several sports.

Chicago Net Team Leads

Hawkeyes Score But 2 Points in First Day's Play

CHICAGO, May 17 (AP)—Two victories in the doubles tonight boosted Chicago, one of the favorites, into the lead in the battle for the Western conference team tennis championship on the Maroon courts, Michigan, making a surprising showing in the singles, led until the Maroon pairs of Max Davidson and Trevor Weiss and Ell Patterson and Charles Troler, scored in the opening round of doubles to give the Maroons eight points. Michigan finished the day in second place with 71-2 points.

Two seeded players fell in the singles, with Michigan players being responsible for both upsets. Seymour Siegel eliminated Bill Becker of Illinois, eighth seeded entrant, 6-0, 6-0, in the second round, and Joseph Appelt scored a 4-6, 8-6, 6-4 victory over Ray Black of Wisconsin, who was seeded fourth.

Other Favorites Win

Other favorites slipped through the opening rounds victoriously. Max Davidson of Chicago, won two tests, defeating Frank Nye of Iowa, 6-4, 6-1, and Charles Ertel of Purdue, 6-1, 6-2. Earl Tetting of Northwestern, top seeded in the singles, defeated Walter Harsheimer of Minnesota 7-5, 6-0, but was forced to go three sets to beat Trevor Weiss, Chicago's number two man. Weiss took the first set 2-6, but fell before Tetting's steady game, 6-4, 6-2.

Michigan's singles forces placed three men in the quarterfinal round, Dan Keen advancing along with Siegel and Appelt. The Wolverines suffered a setback in the doubles when Keen and Siegel lost to Minnesota's pair of Scherer and Huber, 6-2, 5-7, 6-0.

Darkness Halts Matches

Two double matches were halted by darkness. Black and Howes of Wisconsin, and Becker and Gest of Illinois, each had a set apiece and two games each on the deciding set, while Appelt and Kahn of Michigan, and Shapiro and Harsheimer of Minnesota were square after two sets.

Following Chicago and Michigan in the team struggle were: Ohio State 41-2, Minnesota and Illinois 4, Purdue 3, Iowa, Wisconsin and Northwestern 2 each. The tournament will close Saturday with semifinals and finals in both divisions.

Hold Earlier Wins Over 2

Coach Kennett to Pick Team From Among Six Men

Coach Charles Kennett's Iowa golfers meet two non-conference opponents, Iowa State and St. Ambrose, this afternoon and tomorrow at Finkbine field. The Cyclones will be today's foes.

Iowa has won from both teams earlier in the season, defeating Iowa State at Ames and St. Ambrose on the Rock Island arsenal course.

Jim Gardner and Leroy Vandervecken will undoubtedly play for Iowa, with other members of the Hawkeye team to be chosen from Ed Shelleby, Charles Van Epps, Herbert Dill, and James Parker, who tied with Leroy Vandervecken for low score last week against Wisconsin.

racing circles alone that this great sportswoman shines. She is among the front rank of America's horsewomen. Her jumper, Grey Knight, is as familiar to horse lovers as her Twenty Grand. The trophies Mrs. Whitney has won in the show ring are virtually numberless.

Phi Epsilon Kappa Duo Races To Interfraternity Canoe Title

Adolf Jacobsmeyer and Anton Zukas are the new 1934 interfraternity canoe champions. These two paddlers, representing Phi Epsilon Kappa, raced to an easy four length victory over Roy Bodine and John Henderson of Delta Sigma Delta in the annual event which was held yesterday afternoon on the Iowa river. Frank Turner and Fred Holsteen of Phi Kappa Psi were third and Fred Moore and Bob Barel, another Delta Sigma Delta team, came in fourth.

Jacobsmeyer and Zukas, in racing from a point midway between the city park bridge and the island to the Iowa Union bridge in 8:09, broke the three year reign of Bodine and Henderson as champions.

Bodine and Henderson opened with a burst of speed that gave them an early lead, but as the canoes passed under the city park bridge Jacobsmeyer and Zukas had pulled away to a lead of about one length and the other canoes were closely bunched together.

From that point on the Phi Epsilon Kappa paddlers steadily increased their lead. As the canoes passed the Phi Delta house Jacobsmeyer and Zukas were well out in front, Bodine and Henderson still held second and Turner and Holsteen were a close third.

At the finish the winners were four lengths ahead of the Delta Sigma canoe and about the same distance separated all the other place winners.

Coach Vogel Plans to Send Mau Against Notre Dame In First of 2 Non-Loop Battles

Gene Ford Scheduled to Appear on Mound in 2nd Game Tomorrow; Baker Back in Lineup For Encounters at South Bend

By BILL WIEGAND (Daily Iowan Sports Writer)

ENROUTE TO SOUTH BEND, Ind., May 17—Iowa's hard hitting Hawkeyes, winners of 13 of their 17 baseball games this season, were ready tonight for their two day invasion of South Bend where they will take on the Notre Dame Irish in non-conference struggles tomorrow and Saturday. The Old Gold party of 16 players and Coach Otto Vogel and Dr. A. S. Fourn was scheduled to arrive in the Indiana city shortly after midnight after the long bus trip from Iowa City.

Pitchers Rested

With all of his regulars in condition and the pitching staff fully rested, Coach Vogel had good prospects for two wins over the unsteady Notre Dame nine, but expected to find the Irish much stronger than they have been previously this season.

If the Hawkeye mentor carries out his original plans, Charley Mau, the sensational sophomore southpaw, will go to the mound in the opener to give the Notre Dame slugs a taste of the portside pitching artistry which so far has won for him every game he has twirled.

Ford Tomorrow

The big left hander has not been in action since he turned back Minnesota May 3, and so is prepared to go the limit this afternoon. Gene Ford will probably get the call in the second game with Harry Be-

Wild Throw by Grace In 10th Inning Gives Dodgers 2-1 Triumph Over Pirates

Mungo Holds Bucs In Subjection to Best Swift in Duel

BROOKLYN, May 17 (AP)—The Dodgers jarred Pittsburgh's Pirates loose from the National League lead today as an error smashed up a 10th inning mound duel between Van Lingle Mungo and Bill Swift and gave Brooklyn a 2 to 1 victory.

SKIPPY—"His Claim to Fame."

they weren't being stopped today. Numerous doubles, singles and triples were produced in the game and Heinie Manush connected for a home run inside the park.

Browns Sock Boston

ST. LOUIS, May 17 (AP)—Helpless before Fritz Ostermuller, a southpaw, for seven innings, the Browns rallied in the eighth to put over four runs, two of them the result of a home run by Manager Rogers Hornsby, and defeated the Boston Red Sox 4 to 3, in the series opener today.

Explanation Of "Strange As It Seems"

Strange as it seems, precious metals and diamonds come from two opposite sources—the earth and sky. The former, of course, furnishes the entire commercial output of these metals and diamonds; but those which come from the sky are of great scientific interest.

established by scientists. Diamonds have also fallen from the sky in meteorites found in Carcote in Chile, and in Arizona. Both stone and iron meteorites have contained graphite carbon in cubic form, which some scientists say is an altered form of diamond.

Johnny Frederick was called to bat for Danny Taylor, who had held down the "cleanup" position without getting a hit, but he merely hit a bouncer back to Swift and forced Sukeforth, running for Mungo, at the plate. With an easy double play in sight, Catcher Earl Grace heaved the ball into right field and Boyce came home with the winning run.

Brooklyn scored its first run in the opening inning on a walk to Boyle, Linus Frey's two bager and Taylor's long liner.

Bridges Gains 1st Win Over Yankees, 5-4

Tigers Overhaul Early Lead; Misplay By Gehrig Costly

DETROIT, May 17 (AP)—Tommy Bridges, Detroit right hander who never before had beaten the Yankees, accomplished that feat today as the Tigers set back New York 5 to 4 in their series opener, but he had to wriggle out of a good many bad holes to do it.

"THE LONE WOLF'S SON" by LOUIS JOSEPH VANCE

SYNOPSIS Aboard the S.S. "Navarre," bound for New York, Michael Lanyard, reformed "Lone Wolf" and underworld celebrity, is reunited with his son whom he thought dead. The boy, "Maurice Parry," has followed in the "Lone Wolf's" footsteps, but Lanyard hopes his son's interest in Fenna Crozier, lovely daughter of the wealthy Mrs. M. Crozier, will prove a good influence. Maurice steals Mrs. Crozier's Habsburg emeralds. Lanyard retrieves them for Fay. Detective Pion warns Lanyard to watch out for the vengeance of "Jack Kniffe" Anderson and "English Archie," two gunmen whom Lanyard exposed for cheating Maurice at cards. Shortly afterwards, the gangsters steal Mrs. Crozier's emeralds and plant them in Lanyard's cabin. Maurice saves his father by substituting imitations and secretly placing the emeralds in the purser's care for Fay. Notwithstanding Lanyard's innocence, Detective Pion is suspicious of him. Later, when one of "Jack Kniffe's" accomplices tries to intimidate Lanyard into stealing the emeralds and splitting fifty-fifty with the gang, Maurice appears on the scene, masked. He knocks the gangster unconscious, planting a string of pearls stolen from the notorious gold-digger, Tess Boyce, in the thug's pocket. Tess, in gratitude to Maurice for catching the thief, gives a dinner in his honor. Lanyard disapproves of the society of Tess Boyce for his son, but Fenna asks him to leave Maurice to her. Discussing the Boyce robbery, Pion informs Lanyard that the prisoner swore Lanyard and Maurice placed the necklace on him. M. Isquith, Tess's companion, suggests a game of contract. They took a table in the smokin'-room and kept the stakes high and the liquor flowing. The Pasha of Phut is a nut about cards; Isquith plays a mean hand and Tess Boyce is no slouch; but the con they let that kid of yours win was something sinful. The session broke up about half an hour ago; Isquith blew off to bed and so did His Royal Nibs—and pretty sure he was, too, being that the Tess took your boy for a walk on deck—said the night was simply too divine for anybody to turn in so early.

Cubs Trample Phillies

PHILADELPHIA, May 17 (AP)—Chuck Klein hit his tenth and eleventh home runs of the season and Gabby Hartnett his seventh to help the Chicago Cubs pound out a 3 to 1 triumph over the Phillies today.

Giants Trim Reds

NEW YORK, May 17 (AP)—The Giants celebrated their safe return from the perils of a western tour which saw them drop from first to fourth place by whipping the Cincinnati Reds 6 to 3 today in the first game of a long home stand. The victory failed to improve their position as the third-place Cardinals also won.

Cards Beat Braves

BOSTON, May 17 (AP)—Manager Frankie Frisch and Virgil Davis pounded out home runs when they were needed today to give the St. Louis Cardinals a 5-3 victory over the Boston Braves in the series opener.

Sox Top A's

CHICAGO, May 17 (AP)—The Chicago White Sox made the home debut of their new manager, Jimmy Dykes, a successful one today as they mixed nine hits, including Zeke Bonura's sixth home run of the season, with eight walks for a 7 to 2 victory over Philadelphia.

HOME RUN STANDINGS

Table listing home run leaders for various teams: Klein, Cubs, 11; Gehrig, Yankees, 8; Ruth, Yankees, 8; Ott, Giants, 7; Harpott, Cubs, 7.

Indians Rout Senators

CLEVELAND, May 17 (AP)—Four runs behind the Washington Senators when they picked up their bats in the third inning today, the Cleveland Indians tied the score, took a one run margin in the fifth and then, for good measure, scored seven runs in the seventh inning to sew up the game.

200 Members of DeMolay Order Convene in Iowa City Today

Nine Chapters Send Delegates For 20th of Southeastern Iowa District Semi-Annual Meetings

Registration at 8 This Morning Opens Day Of Activities

Approximately 200 members of the Order of DeMolay from southeastern Iowa meet in Iowa City today for their twentieth semi-annual convention. Chapters represented include Burlington, Clinton, Davenport, Keokuk, Iowa City, Fairfield, Mt. Pleasant, Muscatine and Washington.

The program will begin with registration at 8 o'clock this morning and will include athletic tourna-

PROCLAMATION

A cordial welcome is extended to the 200 boys who are expected to be in attendance at the convocation of the southeastern district of the order of the DeMolays which will convene in Iowa City May 18.

It is hoped and desired that these young men will enjoy the hospitality of our citizens and that every befitting effort will be extended to make their stay in our midst pleasurable and acceptable.

Harry D. Breene, Mayor.

me's, initiatory degree, a banquet, and addresses, and will end with a dance at the American Legion Community building.

Athletic Awards

Awards will be given to the winners in the tennis, golf and baseball tournaments, which begin at 9 o'clock. At 2:30 this afternoon the DeMolay degree will be given by the Keokuk degree team. The team is as follows: Herman Rosenkrans, master inquisitor; Leslie Tuttle, senior inquisitor; Alvin Haisch, junior inquisitor; Joe Dobson, DeMolay; Harold Schwarz, Guy of Auvergne; Carlyle Shively, Godfrey de Genville; Wilbur Feldman, Hughes de Peralde; Elgin Beard, Jack Barnes and Tom Pearson, guards; and Marshall Lofton and Bill De Yong, scribes.

Complete Program

The complete program for the day is as follows:

8 a.m., registration.

9 a.m., tennis, golf and baseball tournaments.

10 a.m., opening business session.

Formal opening by district officers.

Address of welcome.

Response to address of welcome.

Reading of minutes.

Reports of district officers.

Appointment of committees.

Instruction to committees.

Oratorical contest. The winner will represent the southeastern district at the state contest to be held at Council Bluffs the second week in June.

Noon Luncheon

Noon, "Dads" luncheon at Masonic temple with Dean George F. Kay as speaker.

1:30 p.m., preliminary report of credentials committee.

1:35 p.m., initiatory degree by Davenport team.

2:30 p.m., DeMolay degree by Keokuk team.

3:15 p.m., discussion of degrees.

Initiatory degree—Dan Englund of Muscatine.

DeMolay degree—Dad Block of Davenport.

3:50 p.m., address of P.D.M.C. by Emil Stobbin of Davenport.

3:40 p.m., address of S.M.C. by Sam Cook of Red Oak, state master councilor.

3:50 p.m., address of Dad (Judge Hubert) Uterback of Des Moines, state DeMolay representative.

Business Resumes

4 p.m., resumption of business.

Old business.

Reports of committees.

New business.

Final report of credentials committee.

Election of district advisor.

AROUND THE TOWN with DICK FAGAN

Fixing Up

If anyone is planning on spending part of the summer vacation in the county jail, he will be glad to know that it is being painted in aluminum, making it as cheery and bright as the modern sunporch. It is recognized as one of the cleanest jails in the state.

Council Tonight

The city dads meet again tonight for a session of city business. It is not expected that the old disrupting force, the light issue, will be brought up. However, there have been a number of surprises in the council this year.

Rails

Old street car runs on S. Clinton street from the court house north are being run up by the city street department.

Why?

An interesting sidelight to the municipal light election on April 17, which did not draw the expected vote, is the survey made by a group of political science students of the university. The results of the survey, which was made in the second ward, will be printed in The Daily Iowan tomorrow—really surprising why some persons didn't vote.

Plan Malone Service For This Morning

Funeral service for Margaret Malone, 23, who died Wednesday afternoon at her home, 328 S. Dodge street, will be at 9 o'clock this morning at St. Patrick's church.

Miss Malone was a lifelong resident of Iowa City, and graduated from St. Patrick's high school in 1928. She was employed as record clerk at Children's hospital.

She is survived by her parents, Mr. and Mrs. M. D. Malone, two sisters, Elizabeth and Winifred, and two brothers, John and Joseph, all of Iowa City.

Distinction of awards; address by the Rev. W. P. Lemon and benediction.

9 p.m., dance at American Legion Community building to the music of By Golly and His Iowa Blues.

District officers of the DeMolay are: Woodrow H. Claussen of Davenport, district master councilor; James Schmoeller of Washington, district senior councilor; Donald Haviland of Mt. Pleasant, district junior councilor; Paul Gelbel of Muscatine, district scribe; and Herman Rosenkrans of Keokuk, district treasurer.

Officers of the Iowa City chapter are: Paul Hughes, master councilor; Richard Gibbs, senior councilor; Robert Gibbs, junior councilor; Henry Soucek, scribe; Hugh Kelso, treasurer; Tom Crumley, senior deacon; Jack Willard, junior deacon; Dean Floyd, senior steward; Bernard Davis, junior steward; Alfred Soucek, marshal; Ronald Smith, chaplain; Wayne Koser, standard bearer; Lambert Trowbridge, sentinel; Eralm Loughry, orator; Don Chapman, almoner; Patrick McRoberts, first preceptor; Harold Zeller, second preceptor; Richard Soucek, third preceptor; Maynard Meacham, fourth preceptor; Willard Kittredge, fifth preceptor; Waldo Thomas, sixth preceptor; and Bob Fisher, seventh preceptor.

The advisory council includes C. A. Beckman, W. L. Bywater, W. J. Teeters, W. W. Norris, J. S. McLaughlin, W. E. Spence, W. E. Beck, D. L. Crissinger and W. M. Ball.

DIXIE DUGAN—"Fast Work, Edgie."

SPEDDING AT SIXTY MILES AN HOUR, EDGIE AND WILKINS OVERTAKE THE TRAIN ON WHICH DIXIE IS A PASSENGER.

AS A STOP IS MADE FOR A MOMENT AT SAWGAP JUNCTION, EDGIE LEAVES WILKINS IN THE CAR AND HOPS ABOARD.

I'M IN LUCK! THERE'S DIXIE AND SHE'S ALL RIGGED IN HER SEAT.

BUT BEING A VERY POLITE GIRL, DIXIE DOESN'T TURN TO LOOK AT THE PASSENGER WHO SITS DOWN BESIDE HER.

Elementary School Pupils Plan Recital

The University elementary school will hold a music assembly at 9:30 this morning on the lawn south of the school. In case of rain it will be given in the gymnasium at 10:30. Ruth Andrews, teacher of music in the schools, planned the program and taught all the songs and dances. The program is as follows: Announcer, Marilyn George. Junior primary: songs, "The Robin," "The Dandelion," and "The House Wren"; dances, "Dance of Greeting" and "Swinging in the Swing."

First grade: songs, "Robin Redbreast," "Rosebush Baby," and "Golden Slumbers"; dances, "Children's Polka" and "Ace of Diamonds."

Second grade: songs, "The Swing," "Hi Yi Yi," "The Peace Pipe," dance, "Warriors' March."

Third grade: songs, "Quilting Party," "Wait for the Wagon," "Old Sod Shanty"; dance, "Virginia Reel."

Fourth grade: songs, "Blow the Man Down," "Four Leaf Clover," and "Mighty Lak A Rose"; dance, "Maypole Dance."

Fifth grade: songs, "Sing Away Bird" and "Duna"; dance, "Minuet." Boys' chorus: songs, "Come Here to Robin Hood," "Texas Cowboy's Stamped Song," and "Gondoliera."

Buddy Lambert and Ann Martin are in charge of programs, and Allen Wolfe in charge of the maypole. Dorothy Wallace, Cherie Kadgira, Bobby Nagler, Terry Teeter, George Tomlinson, and Marjorie Sidwell will serve as ushers.

Students Play For Rotarians

Music by a group from Iowa City high school was the feature of the program at the Rotary club luncheon at the Jefferson hotel yesterday noon.

A sextet composed of Tom Ayers, clarinet; Lloyd Pierce, French horn; Tom Nelson, flute; Josephine Sidwell, oboe; Dorothy Soucek, fluted; and Rita Sedlacek, bassoon, played an arrangement of Hayden's trio. Paul Lyness, accompanied at the piano by Roger Bardsley, played a trombone solo.

The players were introduced by Supt. Iver A. Opstad. Lloyd Swartzley, director of instrumental music in the high school, was also introduced.

Dr. Harry Jenkinson announced the plans of the band for raising funds to send the band to the national contest at Des Moines and urged members of the club to support the projects.

Plans for the Rotary club picnic to be held next Thursday afternoon were announced by Dan C. Dutcher, chairman of the committee.

Guests at the luncheon were William Warren, West Liberty; William Morrison, Suffer, N. Y.; Byron Bird, Ft. Dodge; and Lyle Mantor, Kearney, Neb.

Louis Roddewig of Davenport, member of the state board of assessment and review, will speak next Thursday noon on the retail sales tax.

Louisiana Polytechnic institute at Ruston boasts a complete printing plant for the production of its student newspaper and other official publications. It has been making a profit for many years.

Raymond Adrian Wins First Place In Checker Match

Raymond Adrian, 1158 Hotz avenue, won first place in the checker tournament conducted recently at the Iowa City recreational center. Edwin Wise, 825 Page street, took second place.

Because of the interest shown in the tournament another is being started. More than 40 boys and girls have entered.

Members of the airplane club at the center are busy constructing ROG models of planes which will be entered in competitive flights.

A great number of Iowa City children have been enjoying the activities of the recreational center, members of the board said yesterday, when expressing thanks to public spirited Iowa Citizens who provided furniture and equipment for the center. Luella Reckmeyer has charge of the activities.

Judge Sets Date On O'Connor Hearing

Hearing on the motion of Florence O'Connor, who has filed a petition for separate maintenance against Lyle J. O'Connor, was set for 9 a.m., May 23, by District Judge Harold D. Evans. The plaintiff asks temporary alimony, suit money, and attorney's fees. E. P. Korab is her attorney.

St. Patrick's Students Give Piano Recital

Music students of St. Patrick's school gave a piano recital at the school auditorium last night.

Students on the program included Don Jo Gatens, Jack McPartland, Angelina Karas, Thomas McEwen, Paul Gientzer, Flomena Rohner, Jean Donohue, Mary Margaret Hall, Merle Sullivan, Catherine Whiteinan, Robert Hess, Mary Ellen Gatens, Bill McPartland, Shirley Wolfe, Jack Grady, Helen O'Leary, Maxine Gibson, Edward Rohner, Lois Hanrahan, Harold Gatens, Betty Gientzer, Horace Love, Agnes Keating, Frank Rohner, Margaret Leuz, Irene Curtis, Dolores Hess, Mary Catherine Roberts, Margaret Ann Love, Mary Elizabeth McColister, and Mary Wicks.

St. Patrick's orchestra, under the direction of Melvin Deane, played several selections at the recital. Members of the orchestra are: Edward Duane, Agnes Costello, Harold Gatens, Dolores Hess, Edward Rohner, Mary Catherine Roberts, Robert Burns, Horace Love, John Watkins, Robert Farrell, Frank Rohner, Marie Neubauer, Edmund Gatens, John Byers, and Margaret Ann Love.

Mercer, Allen Will Speak To County Group

Former Senator Joe A. Allen of Des Moines and State Representative LeRoy Mercer of Iowa City will speak at the Johnson County Taxpayers association meeting at 2 p.m. tomorrow at the court house.

Mr. Allen will discuss "Some ways that public utility corporations defeat real tax reduction," and Representative Mercer will talk on "Some things I experienced during the special session."

All candidates for nomination at the June primary are invited to the meeting to talk on their platforms. Other subjects to be discussed by committees are "Tax reduction and the June primary," "Deficiency judgments," and "Limiting days spent by boards of supervisors in committee work."

James E. Bowersox, president of the organization, will preside.

Church Asks Judgment Of \$12,427.32 on Note

Judgment of \$12,427.32 is asked by the St. Peter's Roman Catholic church of Cosgrove, a corporation, against J. A. and Calla May Norris in a petition filed in district court yesterday. The amount is claimed to be due on a note secured by a mortgage on Johnson county property. J. M. Otto is attorney for the church.

University Student Loses Ford Car

Fred Flickinger, 19C Quadrangle, reported to police yesterday that his model A Ford roadster had been stolen from the east side of the Quadrangle between 5 and 6 p.m. yesterday. The car is dark blue with a 1933 license, 52-6553.

Few Citizens Pay Old Age Pension Tax

Only 1,182 persons have paid their old age pension tax at the county treasurer's office, officials said yesterday. Approximately 18,000 persons are supposed to pay the tax in this county.

The tax for the remainder of this year is \$1 per person and will be \$2 next year. However, this amount will be counted on the poll tax. The tax is not absolutely compulsory although persons not paying it will not be qualified for the old age pension. The tax can also be assessed to persons paying real estate and personal property taxes. The amount is taken out of the salaries of government employees.

Astor Denies "Pulling Strings"

WASHINGTON (AP)—Vincent Astor, President Roosevelt's yachting companion, today denied, flatly and crisply, to a senate committee that he ever used his friendship with the president to get or try to get anyone a job.

Woof! "Who Says This Isn't A Man's World?" Bark 2,000 Male Dogs

Is the family life of the dog breaking up?

Johnson county officials are worried about the future of the canine birth rate in this county because, according to records of County Auditor Ed Sulek, there are approximately 2,000 male dogs in the county and only 45 females.

Of course this record may not be an accurate picture of the situation, points out Auditor Sulek and officials of the county treasurer's office, since persons have to pay \$1 for a male dog and \$4 for a female—and that is no incentive to register a dog as being of the fairer sex.

The fees go into the domestic animal fund, which is used to pay for damage done by dogs and other pets. At present there is a heated discussion going on at the office about whether the claim of one Iowa City man that a dog waded into his fish pool and gulped down all the goldfish. Whether or not goldfish can be classed as domestic pets, Auditor Sulek stamped and the claim is still pending.

Some 600 persons are on the delinquent list now for failing to pay dog fees.

Haskell Gives Address Prof. G. D. Haskell of the college of commerce spoke last night before the graduating class of the Kinross high school.
