## TROOPS KILL 2 IN TOLEDO STRIKE

### Wings of Blue Eagle Gain New Strength as Court Rules Ford Is Thwarting Recovery Plans

#### Government Does Not Have to Buy Goods From Auto Co.

WASHINGTON, May 24 (AP)—The Blue Eagle emerged with strengthened wings today from a court room clash with an agent of the Ford Motor company.

Justice Daniel W. O'Donoghue of the District of Columbia supreme court held Ford was thwarting the recovery act and that the government did not have to buy his products.

"Seems Unreasonable"  
"It would seem unreasonable that the president should be compelled to contract with any company, no matter how wealthy or powerful, if that company is thwarting the recovery act and defying the government to enforce it," the court declared.

"It is not reasonable that the government should be required to deal with any company blocking this great act of national recovery."

Justice O'Donoghue refused the application of the Northwest Motor company of Chevy Chase, Md., for an injunction to prevent the interior and agriculture departments from rejecting its bids approximately 1,000 Ford trucks and automobiles.

**Ford Co. Refuses to Sign**  
The Ford Motor company has refused to sign the NRA code for the automobile industry.

In deciding the case, the court voided the National Recovery act as an emergency act, granting wide sweeping powers to the executive.

Attorneys for the Ford agent and the government, Justice O'Donoghue ruled, agreed the recovery act itself was constitutional.

He said the order issued by President Roosevelt under the act, requiring bidders for government contracts to certify compliance with NRA agreements, was reasonable and valid.

**Decisions Agree**  
The court agreed with the recent decision of J. R. McCarl, comptroller general, that bidders for government contracts must certify not only that they have complied with NRA agreements but that manufacturers of their products have complied.

In its bids on government truck business the Northwest Motor company certified it was complying with NRA requirements but refused to state positively that the Ford Motor company was complying. McCarl ordered the bids rejected because of this fact.

Justice O'Donoghue drew an analogy between the Ford company and an alien enemy, indicating belief that the government could not be required to purchase goods from an acceptable retailer who had received them from an enemy.

**Says F. R. Usurped Power**  
Counsel for the Ford agency argued President Roosevelt had usurped powers belonging to congress and that the government would save \$20,000 by accepting each bid of the Northwest company.

The agent served notice of appeal from the court's decision.

### Commission Lets Contract for Work in Johnson County

The contract for grading 6,473 miles of road No. 22 from U. S. highway 181 toward Lone Tree, in Johnson and Washington counties, was let yesterday by the state highway commission at Ames to R. J. Ryan, Ottumwa, for \$26,663.79, according to the Associated Press.

A contract for 20 culverts and one bridge on highway 22, between Riverside and Lone Tree, was also let to Waugh and Tackman, Clarksville, for \$22,937.29.

### Marcus Magnusson To Head A.F.I. For Next University Year

Marcus Magnusson, M3 of Clinton, was elected president of A.F.I., senior men's honorary organization, at a special meeting in Iowa Union yesterday.

Other officers elected are: Rowell Johnson, A3 of Ottumwa, vice president; Melvin Dakin, L2 of Garner, secretary-treasurer; and Fred Morain, A3 of Jefferson, steward.

The first regular meeting of the members for 1934-35 will be Saturday noon at the Union.

### Two More Bodies Recovered Where Water Tank Fell

CHICAGO, May 24 (AP)—Firemen searching the ruins of the seven story Oakley building wrecked Tuesday when a huge water tank crashed through the roof, tonight found two more bodies.

One body was identified even before it was extricated from the piles of plaster, wood and metal which imprisoned it, as that of Frank M. Schiele of Park Ridge, an office worker.

The other body was thought to be that of Harry Vail. Firemen said that although no others have been reported missing, they would clear away all the wreckage on the chance that more dead might be found.

Finding of the two bodies tonight raised the known dead to five, three bodies having been recovered Tuesday.

### U. S. Seeking Preliminary Naval Talks

WASHINGTON, May 24 (AP)—The house today unanimously cast aside a senate bill to postpone permanent bank deposit insurance for a year and passed its own measure which bore a rider holding a possible promise of a billion dollars in aid for depositors in closed banks.

Under the lash of its leaders, the house railroaded the bill to passage so that it might go to conference early next week for an adjustment of differences with the measure approved more than two months ago by the senate.

The two main differences are: The senate voted to continue the present deposit insurance plan, guaranteeing 100 per cent deposits up to \$2,500. The house raised the guarantee to \$5,000. Both measures postpone until July 1, 1935, inauguration of the permanent plan guaranteeing 100 per cent deposits to \$10,000, 75 per cent to \$50,000 and 50 per cent over \$50,000.

The senate agreed to let the federal deposit insurance corporation expand its present \$450,000,000 capital three times. The house voted for an expansion of five times, and decreed that half of the total might be used by the deposit insurance corporation to buy or lend on assets in banks which closed between December 31, 1929, and January 1, 1934.

The house bill removed the stipulation in present law that state banks must be members of the federal reserve system by July 1, 1936, to have their deposits insured by the insurance corporation. The senate approved no such provision.

### Faculty Must Aid Tax Fund

University of Iowa faculty members and employees must pay the new state old age pension tax, according to a ruling by the attorney general's office yesterday.

The tax, however, will not be collected by the university, and the university will not be responsible for its collection. Payment by university employees must be made directly to state agencies.

The opinion, made by Lehan T. Ryan, assistant attorney general, was given in answer to a query by William H. Gemmill of Des Moines, secretary of the state board of education. Mr. Gemmill's query was made in order to clarify the university's position.

The tax will be enforceable against all university employees, including students more than 21 years of age, who are engaged in part-time work or on an hourly pay basis.

### Caucuses For Demos Tonight

Delegates to the Democratic county convention will be chosen by Iowa City Democratic caucuses tonight at 7:30.

The caucuses as announced by William R. Hart, Democratic chairman, will be as follows: first ward, court room; second ward, council chamber, city hall; third ward, C.S. P.S. hall; fourth ward, Chamber of Commerce rooms; American Legion Community building; fifth ward, Iowa City Bottling works.

The following number of delegates to the Democratic county convention will be chosen: first ward, 20; second ward, 17; third ward, 18; fourth ward, 25; and fifth ward, 21.

Delegates chosen at the ward meetings will be elected at the June primary.

### Union Labor Groups Will Meet Tonight

All Iowa City union labor groups will meet at 8 o'clock tonight in the Union hall on East College street.

The question of providing the group with a permanent hall, to be used as a meeting place, will be discussed. Officers said that the meeting would be an important one and all members are expected to attend.

### Mills Assails Regimented Government

#### Says "New Deal's" Plan If Not New, Liberal; Decries Failure

NEW YORK, May 24 (AP)—The regimented state was assailed by Ogden L. Mills tonight at a forum of the Economic club at which Bainbridge Colby voiced his opposition to what he called bureaucratic tendencies and institutional reforms of the Roosevelt administration.

"The social and economic planning that has been enacted into law during the last twelve months," Mills declared, "has been presented to the people as novel, progressive and liberal."

"Not Progressive"  
"It is not novel. It is not progressive since it reverts back to the economic despotism of the middle ages. It is not liberal since it means the end of individual liberty. In part or in whole, it has been tried repeatedly throughout the course of history. Everywhere it has failed."

Colby, secretary of state under Woodrow Wilson, said a "vast bureaucracy has been called into being and fastened upon us without our realizing it, much less authorizing it."

"We Are Startled"  
"We are startled," the leading Democrat continued, "to find ourselves subject to bureaucratic rule down to the smallest and most insistent activities that enter into our daily lives."

"It makes a Democrat thoughtful to behold such a transformation of the United States of America."

"Belonging to a party which 'throughout our history,' Colby continued, 'has jealously resisted every undue extension of governmental function at the expense of the individual liberty, I feel entitled to ascertain what has happened to my party that its present leaders should be so intent upon crashing every sentiment and garrotting every principle, regarded heretofore as characterizing the Democratic party.'"

### Dalbey to Edit 1935 Hawkeye

#### Board of Trustees Picks Member of Present Staff

Robert T. Dalbey, A2 of Des Moines, was elected editor of the 1935 Hawkeye by the board of trustees of Student Publications, Inc., yesterday.

Mr. Dalbey is a member of the 1935 Hawkeye staff, and was on the business staff of Frivol, university humor magazine, last year. He was also a member of the freshman Pan-Hellenic council last year.

A representative sophomore this year, Mr. Dalbey was elected to Union Board for next year. He is a member of the Sophomore Cotillion committee and Union Board committee this year. He is a member of Sigma Chi social fraternity.

Thomas H. Miller, A2 of Burlington, was elected business manager of the 1935 Hawkeye at a meeting of the board recently.

### Whitlock, U.S. Diplomat, Dies

CANNES, France, May 24 (AP)—Brand Whitlock, diplomat and author, whose humanitarian principles found a full outlet in Belgium during the World war, died here today after a long illness.

The 65 year old native of Ohio and former mayor of Toledo had been in virtual retirement since 1922 when he left his post as ambassador to Belgium.

He had been in the English-American hospital for about three months, and underwent a second serious operation for a bladder ailment yesterday.

At first he appeared to be rallying from the operation as he had from the first, performed March 5, but his heart gave way under the strain, and the end came at noon.

Mrs. Whitlock had been with her husband throughout his illness and was at his bedside when he died.

### Prof. Nelson to Talk Before County Dentists

Prof. Richard W. Nelson of the college of commerce will speak at a Johnson county dental meeting at 8:15 p.m. Monday in Reich's Pine room, on "Tax revision in Iowa."

Professor Nelson is known as an authority on the subject of taxation which is one of the major issues of all candidates for state offices in Iowa.

Dental board members will be guests at the meeting.

### Plan Separate Funerals For Clyde, Bonnie

#### Inseparable in Crime Careers, But Graves To Be Mile Apart

DALLAS, Tex., May 24 (AP)—Inseparable during a two year crime-infested companionship that ended when they were killed in Louisiana by officers yesterday, Clyde Barrow and Bonnie Parker were brought back to Dallas in separate ambulances today, and their bodies lay in different mortuaries awaiting separate funeral services tomorrow.

Their graves probably will be a mile apart, in different cemeteries. The mothers of the southwest's 28 year old number one public enemy, and his equally quick-shooting 23 year old consort, expressed objections to double funeral service, and to burying them side-by-side.

Months ago, Bonnie wrote a poem on "The Life of Bonnie and Clyde." It ended:

"Some day they will go down together,  
"And they will bury them side by side."  
"To a few it means grief,  
"To the law it's relief,  
"But it is death to Bonnie and Clyde."

**Prediction Fulfilled**  
The prediction has been fulfilled, except for the second line, and that may not be borne out.

"I have said that I will not permit Bonnie and Clyde to be buried side by side," said Mrs. Emma Parker, Bonnie's mother, today. "I feel that is asking too much of me." She added, however, she had not talked with Barrow's mother, and her plans may be changed. Mrs. Henry Barrow previously had said she did not want double funeral services.

### 5 Governors Post Dillinger Reward

SPRINGFIELD, Ill., May 24 (AP)—Governors of five states today officially posted a reward of \$5,000 for the capture of John Dillinger.

A proclamation signed by the governors of Illinois, Indiana, Ohio, Minnesota and Michigan, offered the reward to any one who "delivers said John Dillinger" to any sheriff or sheriff's representative in the five states.

The reward for the capture of the elusive murderer, object of the nation's greatest manhunt, was proposed recently by Governor Henry Horner of Illinois.

Each governor promised to pay \$1,000 for Dillinger's capture in the territory in which the desperado has concentrated his banditry. Signers with Mr. Horner were Governors Paul V. McNutt of Indiana, George White of Ohio, F. B. Olson, Minnesota, and William A. Comstock of Michigan.

### Spanish King, Queen Said To Be Seeking Annulment

church prelates at Vatican City, who pointed out that church law grants annulments only for the gravest moral and spiritual reasons, which were said not to exist in the case of the royal couple.

The churchmen pointed out that King Alfonso was known as "His Most Catholic Majesty" and was a loyal member of the church.

Spanish clerical circles confirmed this reaction, and called attention to the fact that a similar report in 1926 had proved to be unfounded.

Another report regarding the former reigning family published in Madrid today was that the engagement of Alfonso's son, Juan, heir apparent to the non-existent throne, to Princess Maria, youngest daughter of King Victor Emmanuel of Italy, will be announced soon.

This report was said in Paris and Italy to be without foundation.

### Rumor Taken Seriously, Scoffed at, Alternately, in Foreign Lands

By The Associated Press  
Reports that former King Alfonso and Queen Victoria of Spain intend to seek an annulment of their 28 year old marriage were published Thursday in Madrid, taken seriously in Paris, and scoffed at in Vatican City.

The newspaper La Libertad in Madrid published a report from France that the couple would ask the pope for an annulment soon.

Close friends of the former king and queen in Paris said there was some foundation for the report, but that the royal couple had taken no action, because of their ages and because an annulment might have a bad effect upon the hope of restoration of the throne.

"Ridiculous" was the comment of

### Robinson Under Knife Following Flight Of Surgeons to Save Life

LOS ANGELES, May 24 (AP)—Naval medical officers aboard the Destroyer Hale reached Tagus Bay in the Galapagos Islands and began an operation late today on William Albert Robinson, wealthy adventurer, who had been stricken with appendicitis there aboard his world girdling honeymoon craft.

"Destroyer reached Tagus Bay," said a wireless message flashed from the trawler Santa Cruz, which has been standing by the Cambridge, Mass., textile engineer's 32 foot ketch, the Svatt. It was picked up by the Mackay Radio Corp., station here.

"Operation being performed on Robinson."

A further brief message at 9:20 p.m. (PST) said: "Robinson still under ether."

### Pledges Steel To Continuing Of Open Shop

#### Schwab Quits Post As Board Chairman Of Institute

NEW YORK, May 24 (AP)—The nation's steel industry will continue to "maintain the open shop," Eugene G. Grace, president of the Bethlehem Steel corporation, declared tonight at a dinner of the American Iron and Steel institute.

He said he believed he voiced the opinion of everyone present.

**Mutual Interests**  
Employ representation plans, Grace said, are practical because "they embody a mutuality of interests. They do not provide for outsiders or organizations foreign to our industry to dictate to the men and management of the industry as to what constitutes proper relationship between them."

By continuing to maintain the open shop, Grace declared the industry would "insure to employees the recognition and reward for individual effort as against the closed union shop where all men are equal."

**Wins Memorial Medal**  
Grace spoke after being presented the Gary memorial medal for outstanding achievement in the iron and steel industry by Charles M. Schwab, who announced his resignation as chairman of the board of the institute earlier in the day.

Small and large producers and small and large consumers "are for the first time on equal footing," Grace continued.

"Statements to the contrary notwithstanding, competition is as keen and as free to operate as ever. The only change has been that dishonest and unfair practices for the good of all have been eliminated.

**"Proud of Record"**  
"We are proud of our record and the accomplishments to date and are willing to accept full responsibility for them. All we ask for is confidence, patience and indulgence, for there is a great deal to be done."

### 21,222 Corn-Hog Pacts in Iowa

DES MOINES (AP)—Leslie M. Carl, chairman of the state corn-hog board of review, announced today that 84 counties have sent a total of 21,222 early payment contracts to Washington which will start a flow of millions of dollars into Iowa.

### Cool Weather Prevails For Second Day as .14 Inches of Rain Fall

The rain gauge yesterday registered .14 inches of rainfall, giving Iowa City some more much needed relief from the continued drought.

Cooler weather prevailed for a second day, as a breathing spell before the beginning of the hot summer months.

The highest temperature yesterday was 66 degrees, and the lowest was 54; at 7 a.m. the thermometer registered 50 and at 7 p.m. 58, according to Prof. John F. Reilly, official weather observer.

### Jeering Crowd of 6,000 Hurls Bottles, Bricks as 740 Ohio Guardsmen Open Rifle Fire

#### Conditions At Minneapolis Brighten Up

MINNEAPOLIS, May 24 (AP)—Gov. Floyd B. Olson, conferring with members of the regional labor board, late tonight said "things look all right" regarding prospects of a settlement in the truck drivers strike which has caused one death, scores of injuries, and prompted mobilization of the national guard.

**Truce Extended**  
His observation was made two hours after an extension of the truce expiring at 9 p.m. today had been agreed upon by officials pending outcome of separate and joint conferences of both warring factions.

The decision to extend the armistice was made shortly before 9 p.m. after Chief of Police Johannes earlier in the day had decreed there would be no additional time given either side to adjust primary differences over recognition of the union by employers but that trucks would be permitted to move at 9:01 p.m. under police guard.

**Five Hour Conference**  
Gov. Floyd B. Olson, who had been given authority by strike leaders to make "certain concessions" on their behalf, ended a five hour conference with a delegation representing the drivers at the capitol in St. Paul late tonight.

The strikers delegation left immediately for a conference with the regional labor board at a downtown Minneapolis hotel while a few blocks away, at another hotel, the employers were conferring. Plans were for both sides to confer jointly, presumably with the labor board, at 11 p.m. (CST).

**National Guard on Toes**  
Meanwhile, outward serenity prevailed as the show down on the controversy was postponed until 1 a.m. Friday, as a result of the four hour extension. The national guard remained close to firearms in billets, ready to move at the first signs of disorder that might presage a recurrence of bloody rioting such as cost one life and scores of injured Monday and Tuesday this week.

A crowd began gathering at the central market place, scene of vicious rioting this week. Chief Johannes said no effort had been made by employers to move trucks so far and that the outlook for an agreement was "favorable."

### Guardsmen Ordered Out

Continuous warfare did not break out until national guardsmen had been ordered here to bolster local authorities yesterday.

By mid-afternoon 5,000 strike sympathizers were pressing close to the guard lines that were thrown about the plant. The militiamen resorted to tear gas in an attempt to stop the barrage of stones and bottles.

The shurg surged close. Guardsmen fired a volley overhead. Fifty more soldiers came up. Still the crowd came on. The soldiers lowered their rifles and some 30 shots went into the closely packed mass. The crack of rifle fire was followed by screams of the wounded. Two lay dead, another possibly mortally wounded. Five others went to hospitals.

### No Orders to Fire

Col. William L. Marlin, second in command of the guards, said his troops had no orders to fire. "They must have lost control," he said. Maj. J. P. Sherman ordered an immediate investigation.

The afternoon skirmish left the strike zone in an uneasy quiet for perhaps an hour. Soldiers moved their outposts until six blocks were within their lines. Meanwhile, of the 5,000 who had been present during the afternoon battle only 2,000 remained to taunt and jeer and throw an occasional missile.

### Reassemble at Dusk

As dusk came the sympathizers reassembled. The brick and bottle barrage became more menacing. The attack was centered at the Elm and Chamberlain street intersections, a strategic spot for a rush on the Auto-Lite plant.

Suddenly about 8 p.m. a mass of some 6,000 persons pushed close to the guard lines. The soldiers let loose a gas barrage. The crowd fell back, reformed and surged again. The militiamen brought up their guns quickly and fired into the air. The crowd hesitated, then came on.

### Deadly Short Volley

A deadly short volley burst into the rioters. Again the screams of the injured; more bricks; ambulances walling their way slowly to the casualties. Five had dropped, two with bullet wounds, and three with injuries from missiles.

Scores of rioters, bruised and cut in the battles, were seen leaving the scene for treatment, but they did not report to hospitals.

### 11 Known Injured, But Scores of Others Likely Hurt

TOLEDO, Ohio, May 25 (Friday) (AP)—A jeering crowd of 6,000 persons, refusing to be cowed by rifle fire and gas barrages, fought 740 Ohio national guardsmen hour after hour with bottles and bricks at the Electric Auto-Lite plant last night.

**Two Dead, 11 Known Injured**  
At 12 midnight (EST) the casualties were two dead, killed by rifle fire, and eleven known injured and perhaps scores of others hurt but unaccounted for in hospital lists.

As the fighting continued military authorities began to investigate the circumstances of the rifle fire yesterday afternoon. The guardsmen again opened fire during a major skirmish last night. Commanding officers said the afternoon firing had not been ordered. They were silent about last night's outbreak.

**General Strike Likely**  
Although three moves for peace were under way, the threat of a general strike, discussed for two weeks in labor unions, again appeared to be gaining ground. Two hundred seventy-five union electrical workers voted last night to authorize their business agent to call them out on strike at any time he desires.

The guerilla warfare, which slackened early today until no more than 300 of yesterday's crowd of 5,000 were on hand, came as a climax to three days of rioting at the Electric Auto-Lite plant. Some of the company's workers have been on strike for five weeks, demanding a 10 per cent wage increase, recognition of their A. F. of L. union and other concessions. The company has refused to concede the closed shop. Before yesterday 100 persons had been slightly hurt in occasional rioting.

### Weather

IOWA: Generally fair and somewhat warmer Friday; Saturday somewhat unsettled and warmer.

### Sara Mumma Goes to Annapolis To Be 'Color Girl' at Graduation

#### University Junior Will Present Colors Wednesday To Winning Division in Annual Company Competition at Naval Academy

Selected as "color girl" for the June week ceremonies at the United States Naval academy, Sara Mumma, A3 of Iowa City, left last night for Annapolis, Md. She will present the colors Wednesday to the winning division in the annual company competition. She was selected by Midshipman John Murray Wilson of Scottsburg, Ind., commander of the company which won the honor of carrying the colors next year.

Rear Admiral Thomas C. Hart, superintendent of the naval academy, will present the colors to Miss Mumma, who, in turn, will give them to Midshipman Wilson.

**Roosevelt Invited**  
Attending the presentation ceremony next Wednesday will be Claude A. Swanson, secretary of the navy. President Franklin D. Roosevelt has been invited to the review.

Miss Mumma, a member of Kappa Kappa Gamma sorority, is the daughter of Col. and Mrs. Morton C. Mumma, former residents of Iowa City when Colonel Mumma was head of the military department of the University of Iowa from 1919 to 1923.

**Brother Commands Battalion**  
George E. Mumma, her brother, will command the first battalion, of which the first company won the color award which Miss Mumma will present. He will graduate from Annapolis next week.

Another brother, Lieut. Albert G. Mumma, will graduate from the navy post graduate school. Lieut. Morton C. Mumma, Jr., is an instructor at the United States Naval academy.

**Attended Iowa City High**  
Both Miss Mumma and George Mumma attended Iowa City high school.

At the color ceremony, Miss Mumma will wear an ankle-length turquoise blue tucked chiffon dress with brown organdy trim, and brown accessories. She will wear a turquoise blue picture hat.

After the June week festivities Miss Mumma will go, with her parents, to Evanston, Ill., where they will make their home this summer. She will return to Iowa City next fall for her senior year at the university.

### Fascist King of Bulgaria Fighting Ruler

**KING BORIS**  
King Boris, who is believed to have inspired the coup d'etat that placed Bulgaria under a Fascist military dictatorship, is one of the few fighting monarchs left in the world. Since he succeeded his father, King Ferdinand, in 1918, he has been kept busy quelling internal strife. Attempts on his life have been frequent, and, although he has declared he would rather be a working man in America than a king, he steadfastly refused to be driven off the throne. He is a prime favorite with the Bulgarian army and, more important, with Premier Benito Mussolini of Italy. King Boris' marriage to Princess Giovanna of Italy in 1930 is said to have sealed a secret political understanding with Rome. Bulgaria's royal couple have one child, Princess Marie Louise.

**SOFIA, Bulgaria, (I.L.N.)**—King Boris of Bulgaria, who saved his throne by turning Fascist and is believed to be the "brain" behind the coup d'etat that junked constitutional government and placed his country under a military dictatorship, has had a stormy rule since he ascended the throne on Oct. 3, 1918, succeeded his father, King Ferdinand.

Many times he has had to cope with revolutionary outbreaks and on several occasions has been the target of would-be assassins' bullets. To add to his trouble, the last few years saw a tremendous growth of Communism in Bulgaria, and added to that has been the trouble with Macedonian Nationalists.

Macedonia, turbulent territory divided between Bulgaria, Yugoslavia and Greece, wants its independence and King Boris has resolved set his face against all moves for Macedonian autonomy.

Since Boris' took over the reins of government, the Bulgarian constitution has been revised several times. On the last occasion, in 1927, the king assumed supreme executive power. Although the word "dictator" was carefully avoided then, Boris did have as much power as any of the current European "strong men."

The start of the trouble climaxed by the recent coup d'etat dates back to 1931, when Communist members of the Sobranje (National Assembly) were ejected after they had defied King Boris and shouted "Down with Fascist Government."

Since then, the spread of Communism has been rapid. Red activities in towns and villages throughout the entire country have kept the government in a constant state of nervous jitters.

Strikes and sabotage, student riots and minor mutinies in army circles were straws that showed how the political winds were blowing. Keen students of the situation aver that Boris' days as king were numbered if he had not taken the sensational step of placing the country under a military dictatorship, sponsored by Fascism.

**Royal Democrat**  
After reading the foregoing, one might be inclined to think that Boris is determined to hold his throne at all costs. But, strangely enough, the monarch is known to be lukewarm towards the "kinging" business. He has been known to declare on several occasions that he would like to go to America and work like an ordinary man.

Although he is a soldier and a fearless fighter, Boris has found time from military training to learn several trades. At 40, he is an accomplished engineer and automobile mechanic, and knows sufficient about other crafts to win him a job if ever it should become necessary. But Boris must first be convinced that his country no longer wants him at the helm. He refuses to be driven out by anything but the will of the majority of his people.

**II Duce His Friend**  
King Boris gave a notable demonstration of his courage on the occasion a year or so ago, when the automobile in which he was riding was ambushed. Two of the monarch's retinue were killed. The chauffeur of Boris' car was wounded by a bullet, but he remained cool, took the wheel from the wounded driver and raced to safety. Immediately after, he led a search party that rounded up his assailants.

In the present crisis, it is believed Boris may receive the support of Italy, if such support should be needed. Since his marriage to Princess Giovanna of Italy in 1930, the Bulgarian ruler has been acquainted with Premier Benito Mussolini, Italy's "Iron Man." It was said at the time that the marriage sealed a secret political understanding between Bulgaria and Rome.

### 200 Present At Hostess School

#### Miss Cooley Continues Her Demonstrations Today

More than 200 women attended the hostess school yesterday which is being sponsored by the Reliable Electric company and continues today at the American Legion Community building under the direction of Alice Cooley from the Kelvin Kitchens at Detroit, Mich.

Beginning at 2 o'clock this afternoon Miss Cooley will talk on entertaining, the buffet supper, bridge luncheons, table setting and service. She will also make a number of frozen desserts at the meeting.

Yesterday she talked on menu planning, marketing, budgeting, advance preparation of foods, preparation of refrigerator desserts, arrangement and care of cut flowers and the proper linens and glass to be used with china and silver.

A table set with Lady Hamilton Community plate, Spode china, and Rock Sharp crystal, all supplied by Hands Jewelry store, was used as a demonstration. A centerpiece of mixed snapdragons, daisies and stock was supplied by Aldous Florists. A buffet arrangement will be used for demonstration today.

Joe Munkhoff, proprietor of Reliable Electric company, invites every woman in Iowa City to attend the school, for which there is no charge. Miss Cooley, who is in charge, is a graduate of Iowa State college, a graduate of a Chicago dietetics school, and has been associated with Kelvin Kitchens, which is affiliated with Kelvinator corporation.

### Coralville P. T. A. To Have Card Party

The Coralville Parent-Teacher association will entertain at a benefit card party this evening. Funds raised will be given to the treasury of the Coralville Kittens, Coralville's kittenball team.

### Iowa City Rebekah Lodge Initiates 5 At Odd Fellow Hall

Initiation of five candidates and refreshments served by the losing side in a contest for attendance were main features of the meeting of the Iowa City Rebekah, 416, yesterday at the Odd Fellow hall at 8 p.m. A business session preceded the initiation which was conducted by a degree staff. Initiates were Jessie Mae Lewis, Melba Main, Ethel Main, Anna Parizek, and Harold Westcott. Mrs. Margaret Orr, chairman of the losing side in the contest, took charge of refreshments.

**Corn Up 2 Cents**  
CHICAGO (AP)—Corn took leadership of the grain markets today, and rising 2 cents a bushel from early low figures dragged wheat prices out of a hole.

### Stars in Court

Thrust into a real life role, Constance Talmadge, screen star, is pictured in New York federal court as she testified during trial of Joseph Harman, charged with misapplication of funds in defunct bank bearing his name. The star testified she never authorized withdrawal of \$34,312.50 from her account.

# One Eyed Monsters, Man Eating Fish, Plenty of Clowns, Pluto Himself to Be at Band Frolic

## City High's Carnival Tonight Aids Band's Contest Expenses

One-eyed monsters—man eating fish—plenty of clowns—and even Pluto, famed underworld character, will all be present at the first Iowa City High Band Frolic at 6:30 tonight on the grounds of the school.

The object of the affair is to provide enough money to take the school band to the national band contest in Des Moines soon—but the band also plans to give all persons attending the frolic the "best time of their lives."

## City's Own Film Stars

Many features are planned for the affair; among them are Iowa City's own movie stars who will make their debut in the "Iowa City Follies of 1934."

The follies will reveal for the first time "what really goes on in the classroom," activities of students and faculty members, and how the students "get away" with various minor offenses, and the parents will find out what their children do in school.

The movie was produced in its entirety by Dr. Harry Jenkinson. He was recording director, author, producer, and cameraman. The cast was composed of 2,000 persons affiliated with the public schools of Iowa City.

## Side Shows Nearly Ready

Construction work on the numerous side shows and buildings needed for the event was begun yesterday and will be completed today.

Other novelties are planned for the occasion: there will be a mystery house, Pluto will conduct his friends through the realm below, a university athlete will be in charge of acrobatics, and Sergeant W. C. Packer, rifle coach at the high school, will have charge of a shooting gallery.

Salesman Sam and the E. Duzem's store, popular syndicated comic characters, will all be there in person, the bands will entertain the audience with varied selections, and the total will be provided with a fair show.

## Gained \$175 Already

Through food, rummage, and ice-cream sales the band has accumulated about \$175, besides what it already had in the treasury.

Fortune tellers, a gypsy dancing club, and a wandering minstrel will provide diversified entertainment for the crowd as long as the show lasts, and games will be organized for the benefit of the "grown ups" as well as the "kids."

Prof. and Mrs. E. K. Mapes will be in charge of a puppet show which will be put on as a special feature of the series of events.

## Committee

The following persons are in charge of the frolic: Ruth Kenefick, Coach George Wells, Mrs. T. G. Caywood, Mr. and Mrs. E. C. Schrock, Mr. and Mrs. Charles Maruth, Mr. and Mrs. Herman Smith, and Fred A. Jones.

If a sufficient amount of money is raised by the band members they will attend the national contest in Des Moines May 31 and June 1 and 2.

## Royal Neighbors Juveniles To Plan for Convention

Juveniles of the Royal Neighbors lodge will make plans for a district convention, to be held in Iowa City, June 19, at a meeting Friday in the K. of P. hall at 6 p.m. The meeting has been changed from the usual hour of 4 p.m.

## Coralville Heights Club Meets

A meeting of the Coralville Heights club was held yesterday afternoon at the home of Mrs. B. W. Robinson, Coralville. Mrs. Harold Hayden assisted Mrs. Robinson as hostess.

## Longfellow P.T.A. Has Annual Picnic Today

The annual picnic of the Longfellow Parent-Teacher association will be held this afternoon on the lawn at the Longfellow school. A business meeting will be held at 2:30 with installation of officers following.

Mrs. A. C. Ohi is the general chairman.

## Mrs. Unash to Preside at Auxiliary Card Party

Mrs. Laura Unash will be hostess at the American Legion auxiliary's card party at 2 o'clock this afternoon at the American Legion community building.

## Martha Circle Plans Quilt Display, Playlet

Plans for a quilt display and a playlet to be given June 21 were made at a meeting of Martha Circle for the Christian church yesterday. Eleven members were present. Mrs. Charles McLaughlin, 909 Seventh avenue, was hostess for the afternoon.

## PERSONALS

W. A. Castles, M3 of Iowa City, is leaving today for Cleveland, Ohio, to serve a month's obsterical internship at Western Reserve hospital.

Katherine Kurtz of Chicago, a graduate of the class of 1916, left for home yesterday after visiting her mother, Mrs. H. Kurtz of Mediapolis, a patient at Mercy hospital.

Prof. Harry G. Plum of the history department, and Mrs. Plum left yesterday for Valley Ranch, N. M., where they will spend about 10 days.

Dr. and Mrs. Burton M. Gotshall of Waterloo visited with their niece, Eloise Wilde, A2 of Fonda, yesterday.

Mildred Maxwell of Montgomery, Ala., is visiting her brother and sister-in-law, Prof. and Mrs. Baldwin Maxwell, 900 N. Dubuque street.

Mrs. E. G. Kleinsorge of Chicago, Ill., is the guest of her sister, Mrs. John T. McClintock, 404 W. Park road.

## Officials For City Primary Are Selected

Receiving and counting board clerks and judges for the municipal primary election, June 4, were announced yesterday by the county board of supervisors.

The election officials for Johnson county were also appointed, all but four of the 22 county precincts having both counting and receiving boards.

The county boards will begin to take the official tally of votes at 1 p.m. election day but the city boards will begin the tabulation of ballots at 9 a.m.

## First Ward

Receiving board clerks, Mrs. L. G. Lawyer, Mrs. Alice Billick; judges, Sadie Leoney, R. S. Hunter, and Deva McInerney.

Counting board clerks, Winifred Dirksen and Sarah P. Hoffman; judges, W. J. Connell, John Kenney, and Clarence Patterson.

## Did Trapped Raffles Raid Their Jewels?

Although specifically charged with two jewel robberies, Hugo Willgerod, recently trailed to Englewood, N. J., and arrested by New York detectives, is suspected as the master mind in a score of ven thefts from society women and actresses, value of loot from which is said to be nearly \$2,000,000.

NEW YORK (IIN)—Although the modest sleuths of New York police department's jewel squad may dismiss the feat with an "elementary, my dear Watson," and write the whole thing down as all in the day's work, the arrest of Hugo Willgerod, suspected as the master mind in a score of jewel robberies which netted the thieves nearly \$2,000,000, rivals any of the feats of the fictional Philo Vance or the more famous Sherlock Holmes.

The similarity in technique of a series of big jewel robberies stretching back over the last three years caused the investigators to draw the conclusion that one master brain had planned each of the thefts. This controlling brain, the sleuths believe, belongs to Willgerod, whose arrest at Englewood, N. J., marked the end of a trail painstakingly blazed by the manhunters with the aid of only a birth certificate.

When ordered to bring in Willgerod at any cost, all the detectives had to go upon were the facts that the wanted man dressed well, was blond and minus the third finger of his left hand. The men who are well-dressed and blond in these United States are legion, so the missing third finger might be said to be the only real clue with which the sleuths had to start work.

The first step on the trail of Willgerod led the hunters to the cemetery where they learned his father was buried. For days and nights they kept a ceaseless vigil beside the grave, hoping the wanted man might visit it. But he didn't. However, they did learn that Willgerod had a wife and children living in the city. Further investigation revealed that the little family had been deserted four years ago by their quarry. A talkative neighbor then disclosed that Willgerod had gone off with a woman named Jaffe, who had borne him a child.

Then began the arduous job of checking through four years of vital statistics, seeking a birth certificate. They found one. It had been issued to Barbara Jaffe, who lived with her father.

In the guise of welfare agents, detectives visited the old man and, by judicious pumping discovered that he had two daughters, one of whom lived in New York, the other in New Jersey. Then came another patient search through the files of utilities companies in New York and New Jersey, until the sleuths were rewarded by finding a Barbara Jaffe listed in the files of a New Jersey gas company.

This last clue led to the end of the trail. The detectives arrested Willgerod in Englewood at the address listed with the gas company.

Although Willgerod is indicted for

only two jewel robberies, police believe they can link him to a dozen or so others. The two with which he is specifically charged are those in which Gertrude Williams, Follies actress, who died seven weeks ago, was robbed of \$25,000 worth of gems by two men posing as bootleggers, and Mrs. Marjorie Ardell, wife of Franklyn Ardell, musical comedy director, was fleeced of \$90,000 worth of baubles by supposed "florists."

Other robberies which police maintain bear the trademark of Willgerod and his soft-footed gang of experts include the theft of \$150,000 in jewels from Mrs. Stanwood Menken, society leader, in 1931; Mrs. Richard Mestres, society beauty, lost \$50,000 worth of gems the same year, and in 1932 Mrs. Harry Glemby, whose family has a fatal attraction for jewel thieves, was shorn of \$306,000 worth. Another victim is Grace Moore, opera diva, and still another, Mrs. August Belmont, society leader.

The same detectives who nabbed Willgerod, Lieut. Michael McNamara and Sgt. Thomas Fitz-Gerald, were also responsible for the arrest of Harry Sitmore, said to be his partner, in Miami, Fla., in 1932, when \$500,000 worth of stolen loot was recovered among which was part of the jewelry taken from Miss Moore.

## Alice Sherbon Fetes Phys. Ed. Instructors

## Off The Record Unofficial Doings At Washington, D. C., Nation's Capital

The excited policeman certainly "put his foot in it," but he tried to make amends as best he could.

He was doing a militant bit of shoving to keep the lobby of the Commerce building clear enough for the entry of President Roosevelt, who was attending the opening of the subsistence homestead exhibit.

Twice the policeman shoved a man in a brown overcoat. The man teetered under his onslaught, and then wriggled around in the crowd to gasp:

"Pardon me, but I'm the secretary of war and I'd sort of like to—"

For a stumped second the policeman was silent, and then he stammered, "Oh, excuse me. Would you like—ah—maybe—like to meet the president."

The playing cards used in the press-room at the interior department had become disgustingly dog-eared. One day two shiny new packs arrived with the compliments of a well-known railroad.

Whereupon a press-room was

posted the following on the bulletin board, "All Tong Members: henceforth please mention the So-and-So railroad in all your stories. Maybe they'll give us a train."

One of the local CWA artists was commissioned to paint murals in the reptile house at the National Zoo.

He returned to admire his work and discovered an energetic lizard climbing up a tree trunk neatly painted on the side of his cage.

"Come—look!" shouted the artist to Dr. William M. Mann, the zoo director. "How's that for art? Even fools the lizards."

Mann looked a minute and then said laconically, "Well, maybe he was going in that direction anyway."

After the senate adjourns each day there is a scramble of senate pages for the floor around the desk of Senator Hattie Caraway of Arkansas. She listens intently to all speeches, meanwhile drawing queer little pictures. The pages suffering from souvenir fever save them.

The parents of the first assistant postmaster general, W. W. Howes, probably had no idea of the future when they named their infant son "William Washington Howes."

But when Howes grew up and saw his small daughter for the first time he named her "Mary Senate Howes," because at the time he was

in the South Dakota state senate. She is now a popular debutante here who points out that the first patriotic name in the family worked, "because here we are."

"But," she says, "father fooled me. He didn't go to the senate. He went to the post office—and at that I don't think I would have liked 'Mary Post Office Howes'."

The money in the new vault under the treasury is so well guarded that no one man knows the complete combination of the locks. Each man of a certain trusted group knows a part of the combination, and when the vault has to be opened each does his part and then frots off.

If anyone tried to tamper with the vault, hidden microphones would set off signals which would bring the army from Ft. Meyer, the marines from the navy yard barracks, and the district police.

Mrs. Franklin D. Roosevelt dropped in on a women's club fashion show to find to her surprise that she was being used as an object lesson.

The lecturer was telling how the right use of color in dress brought out the best in character.

"Now take Mrs. Roosevelt," said the speaker. "She wears a great deal of blue. She was born under the sign of Libra on the zodiac, and Libra people should wear blue."

## The Demise of A Newspaper

ABOUT ONCE a year some university takes the newspaper route of showing America that its vaunted freedom of thought and its liberal policies have not yet penetrated to the institutions of higher learning.

Two years ago Columbia university officials expelled Reed Harris, editor of the *Columbia Spectator*, because of his charges against the university's athletics and dining service. Without attempting to disprove the *Spectator's* charges, they merely "clamped down." Last year the New York (University) *Daily News* was suspended and finally placed under faculty censorship for similar reasons.

Tuesday the *Minnesota Daily* passed out of the hands of the students and became a university mouthpiece, with the appointment of a committee of censors. The reason was that the paper had become "partisan."

For years the *Minnesota* had been pursuing a consistent campaign against compulsory military training. And now university officials have decided that it is "partisan." And when it seemed convenient to clamp down with censorship, the censors were named.

It is no part of the purpose of this editorial to take sides on the issue of military training. Perhaps the *Minnesota* editors were right in their beliefs; perhaps they were wrong. Perhaps Reed Harris, or the *New York News* was wrong; perhaps they were right. It makes little difference.

The college newspaper is a laboratory experiment in journalistic practice, just as the chemistry or zoology or botany laboratories offer places for experiment, for the development of new ideas. Putting a gag in the mouth of the college newspaper is like restricting the student in natural science to experiment only with those things which are already known, that nothing new may be discovered.

Granted that the student editor must accept responsibilities as must the editor of any newspaper. It is part of his training to recognize the trust that is in his hands, and to be faithful always to his own honest convictions and to the welfare of the community he serves. But if he is to be prohibited by university censorship from giving expression to convictions sincerely arrived at and carefully weighed, then schools of journalism might as well quit teaching the "ethics" of the profession.

When a university cannot trust its students to think for themselves and to give voice to their opinions, then it is no longer a university. It becomes merely a factory, selling ideas to submissive young men and women at a stated amount per idea, regardless of their worth.

When Phil Potter, *Minnesota Daily* editor, wrote at the head of his editorial column, "the editorial policy of *The Minnesota Daily*... represents the opinions... of a committee of censorship," he was serving notice to the world that the broad, liberal policy which the University of Minnesota has pursued in the past is at an end.

## The Students Get A Chance

FOR THE FIRST time, a *Literary Digest* straw poll is being extended to include university students in various parts of the United States. With cooperation of student newspapers, an attempt will be made to gauge student opinion on the liberal policies of the "new deal."

Already three large universities, Yale, Harvard, and Iowa are in the *Digest* poll, through the cooperation of the *Daily News*, the *Crimson*, and the *Iowan*. Iowa students will soon get the chance to express their feelings on the acts of Roosevelt's first year in office.

It is no mere coincidence that students are being asked to cast their vote in this poll. For the first time in many years, university and college students throughout the United States are taking an interest in politics, in the federal administration. In place of the attitude of indifference which has characterized the majority of college students in the past, there is now an attitude of real interest in the work of the national government.

It is not difficult to search out the reasons. In almost every field of study, the "new deal" is being heard. In history classes, in economics classes, in psychology—in fact, throughout the university—the current administration's acts are topics of daily interest.

And, even more important than this, the

federal administration has reached out and touched the lives of hundreds of students. The Public Works of Art projects, the Civil Works, the nationwide preschool plans, the student emergency relief program—all these have meant an opportunity for further education to many students, and have come into the eyes and lives of all the students.

A third reason is in the results of the "new deal." Iowa students, for example, have only to look across the river to see new buildings rising, through the aid of federal funds. Results stated in brick and steel and concrete are easily seen.

So the poll of college students will be no mere gesture. They have followed the new administration more closely than they have followed politics since the World War. And they have definite ideas.

## What Others Think

### Denying a Right Of Free Speech

(From The Kansas City Times)

In view of the serious mine disturbances that have centered about Taylorville, Ill., in recent years, it is understandable that peace officers there should be concerned about public meetings that might be the occasion of stirring trouble. It is not evident, however, that the meeting Norman Thomas, the Socialist leader, was beginning to address at Taylorville was of a nature to create any uneasiness, and dispersion of the crowd by tear gas and the detention of Mr. Thomas were unjustifiable.

The official excuse is that a permit for the meeting had been refused, and that Mr. Thomas merely had been detained in the courthouse at Taylorville "to talk it over." But there is no apparent sound reason why a permit for the meeting should have been denied, in the first place; and the method resorted to in breaking it up is plainly censurable. Whether or not one may agree with his views, Mr. Thomas is given to a restrained and reasoned presentation of his opinions. He should have been allowed a hearing. Attempted denial of such a right of free speech and the right of peaceable assembly is considerably more disturbing than any condition of unrest growing out of mine labor differences.

## GOOD MORNING

In the United States, more than in any other nation, history is marked with the indelible influence of great newspapers. All the broad and sacred principles upon which the American commonwealth of states was built can be traced to newspaper freedom and leadership.

The part these organs have played in history is all the more remarkable when one considers how few really great newspapers there have been. And the wonder grows with the realization that the great newspapers have owed their power and influence to individual men, to their great editors who made them what they were.

The great newspapers can be counted on the fingers of two hands. The old *New York World*, the old *Herald*, the *New York Times*, the old *Tribune* and the old *Post*, the *Kansas City Star*, the *Chicago Tribune* in the days of Joseph Medill, and a few others here and there.

They are a small band. But the influence they wielded in the days of their prime was a courageous influence for good in their own communities and in the nation as a whole.

In each case that phrase, "in the days of their prime," is essential, for it means when their great editors were living. Some few of them are carrying on in the traditions of the great men who made them; some of them, like the *World* and the *Herald*, have wilted away; some of them still are partisan powers; some of them are just newspapers.

The fact that the journalism profession suffers today from a serious dearth of really first rate editors became strikingly apparent with the recent death of Willis J. Abbot, the man who made *The Christian Science Monitor* one of the most influential papers in the world.

Because of the peculiar position of the Monitor in the newspaper field, it is unfair to compare Mr. Abbot with other editors, for they would be bound to suffer. But that he represented all that is finest and most courageous in the newspaper profession is a fact upon which newsmen themselves would be the first to insist.

It is not enough to say that he made the *Christian Science Monitor* a great paper. It would be more accurate to say that the *Christian Science Monitor* followed him to greatness.

During the five years of his editorship, from 1922 to 1927, Mr. Abbot rebuilt the *Monitor* and led it out into the wide world of affairs with which he was so well acquainted. Later, as contributing editor, he did more perhaps than any other man to maintain it on the high plane to which he led the way.

How did he do it? There will be dozens of answers to that question. But probably the answer of the *Monitor* itself is adequate: "The qualities which endeared him were spiritual qualities—affection, vivacity, nobility of purpose, sympathy for the underdog, high-hearted helpfulness."

## Behind The Scenes in HOLLYWOOD

By Harrison Carroll

HOLLYWOOD, Cal.—After drawing up horoscopes, Actor Stuart Holmes goes the Wampus one better and predicts just which ones of the 13 baby stars will win success on the screen.

The former Theda Bara leading man, now a professional astrologist, along with his wife, Blanka Holmes, picks out two of the aspiring young actresses for certain realization of their dreams. Four others, he declares, will have moderate success and the remaining seven probably will become character actresses.

And, to add a touch of spice, Holmes predicts secret love affairs for six of the starlets.

The two lucky ones, if you are to believe the stars, will be Lu Ann Meredith, from Dallas, Tex., and Katharine Williams, from Seattle, Washington.

The four who can look forward to moderate success are Judith Arlen, from Hollywood; Helen Cohan, daughter of Broadway's George M. Cohan; Jean Carmen, from Portland, Oregon; and Lucille Lund from Buckley, Washington. But Lucille's success, says Holmes, will be in the writing instead of the acting field.

Which leaves Jacqueline Wells, Ann Hovey, Hazel Hayes, Dorothy Drake, Gigi Parrish, Jean Gale and Betty Bryson in the consolation spot.

"You skeptics may laugh or snort, but the Holmes predictions created plenty of excitement among the 13 starlets, who are all working in B. P. Schulberg's "Kiss And Makeup."

I promised not to mention his name, but they are telling a swell story on a certain Hollywood dance director—and for once it isn't Leroy Prinz. This chap likes his liquor and recently ran afoul of the radio police who nailed him on suspicion of drunk driving. The coppers rushed to the station with their quarry and demanded a sobriety test. And to the amazement and chagrin of the arresting officers, he walked the straight line perfectly.

Unless they read it here, the cops will never know that this dance director once made his living as a tight-rope walker.

I like Irvin Cobb's explanation of why the south is the only place to get a real mint julep.

"It's the mint," says the humorist. "You can't grow the proper mint for a julep on the grave of a Confederate brigadier."

One of Wallie Beery's fondest dreams is to have little Carl Ann play with him in an early M.G.M. picture. The youngster is only 4, but Wallie is teaching her to read lines and has started her to dancing school. As Wallie will be able to get pretty near anything he wants after "Viva Villa," don't be surprised to see the announcement of Carl's first picture any day now.

EXAMINATION SCHEDULE  
Second Semester, 1933-1934

Wednesday, May 23, 8 a.m., to Thursday, May 31, 4 p.m.  
The regular program of class work will be suspended, and the following semester-examination program substituted for it. Classes will meet for examination in the rooms in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E and F, as shown in the form below; and Speech (2), (2), and (4) as shown at "N.B." below).  
The Program Committee directs the attention of both students, and instructors and professors, to the regulation that there is to be no deviation, in the case of any examination, from this schedule, except as authorized by the Committee on Admission and Classification, on the student's written petition, filed in ample time, supported by the recommendation of the department concerned,—to provide relief from an excessive number of examinations within a single day. Deviation for the purpose of getting through earlier will not be permitted.  
In the case of conflicts within the SPECIAL GROUPS A, B, C, D, E and F) the schedule itself, as presented below, provides a general method of making adjustments.  
All classes whose first weekly meetings have occurred as indicated in the rectangles below meet for examination during the periods noted at the tops of these three columns, and on the days noted in the rectangles directly opposite at the left of the double vertical line.

	8-10 A.M.	10-12 A.M.	2-4 P.M.
WED., MAY 23	MONDAY AT 8 (Except those in Special Groups A, B, C, D, E, and F)	SPECIAL GROUP A Physics (2) Bot. (2) Math. (2) Geol. (2) *except pre-medicals (For rooms see Department Bulletin Boards)	TUESDAY AT 9 (Except those in Special Groups A, B, C, D, E, and F)
THU., MAY 24	MONDAY AT 9 (Except those in Special Groups A, B, C, D, E, and F)	SPECIAL GROUP B All sections of: English (2) (2) (For rooms see Department Bulletin Boards)	TUESDAY AT 8 (Except those in Special Groups A, B, C, D, E, and F)
FRI., MAY 25	MONDAY AT 10 (Except those in Special Groups A, B, C, D, E, and F)	SPECIAL GROUP C All sections of: Pol. Sci. (2) Phil. (2) Chem. (2) (For rooms see Department Bulletin Boards)	TUESDAY AT 11 (Except those in Special Groups A, B, C, D, E, and F)
SAT., MAY 26	MONDAY AT 11 (Except those in Special Groups A, B, C, D, E, and F)	SPECIAL GROUP D All sections of: French (4), (04) French (3), (03) (For rooms see Department Bulletin Boards)	TUESDAY AT 10 (Except those in Special Groups A, B, C, D, E, and F)
SUN., MAY 27	MONDAY AT 1 (Except those in Special Groups A, B, C, D, E, and F)	SPECIAL GROUP E All sections of: Spanish (52), (54) German (2) (For rooms see Department Bulletin Boards)	TUESDAY AT 5 (Except those in Special Groups A, B, C, D, E, and F)
MON., MAY 28	MONDAY AT 2 (Except those in Special Groups A, B, C, D, E, and F)	TUESDAY AT 5 (Except those in Special Groups A, B, C, D, E, and F)	TUESDAY AT 1 (Except those in Special Groups A, B, C, D, E, and F)
TUE., MAY 29	MONDAY AT 3 (Except those in Special Groups A, B, C, D, E, and F)	TUESDAY AT 4 (Except those in Special Groups A, B, C, D, E, and F)	Special Group F All Sections of: Engl. (4), (04) For rooms see Department Bulletin Board

CONFLICTS: In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) The instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour May 16 or 17; if possible, May 9 or 10.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 22 meets for lectures T, Th, F at 8. The first regular meeting is, consequently, Tuesday at 8,—and the class will meet for examination Thursday, May 24, 2 p.m., according to the tabular form above. Again, physics (126) meets twice each week, T, F, for a three-hour laboratory exercise, 1-4. The period for the examination, is, therefore, Tuesday, May 29, 2 p.m.

N.B. All sections of Principles of Speech (2), (2), and (4) will meet on the days and at the periods designated below. Consult the bulletin board in room 13, Hall of Liberal Arts, for room assignments.

1. Wednesday, May 23, 8-10: Section F  
2. Thursday, May 24, 8-10: Section C; 2-4: Sections A and D  
3. Monday, May 28, 2-4: Sections H, I; Speech (2), Speech (4)  
4. Tuesday, May 29, 8-10: Section G; 10-12: Section E; 2-4: Section B

"ODD" classes,—namely those whose first or only weekly meetings occur on Wednesdays, Thursdays, Fridays, or Saturdays, or which meet "as arranged," will be assigned for examination, as announced to each class by the instructor in charge of the class, at one or another of the following periods:

1. From 4 to 6 on any day from May 23 to May 31, inclusive.  
2. Any one of the examination periods assigned, as indicated above, for the examinations in the SPECIAL GROUPS, A, B, C, D, E, and F, since for such "odd" classes these five examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure, it is possible to have examinations in more than one class at any of these times,—if no student is a member of more than one of these classes.

According to one clause in the formal faculty action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at this time."

According to another clause of the same action, which is on record as adopted by the faculty, a student absent from the final examination should be reported "Abs." unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "Fd."—even though the student may have been absent from the final examination. No examination should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card, signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

H. C. DORCAS, Secretary, Program Committee

### Classroom Lectures To Go on Air

#### WSUI Will Broadcast Three Summer Courses

Three courses will be broadcast from University of Iowa classrooms during the first term of the 1934 summer session, it was announced yesterday by Mrs. Pearl Bennett Broxam, program director of station WSUI, university station.

This will follow the regular plan of classroom broadcasts which has been in use at the university for several years. Classes will broadcast daily, except Saturday and Sunday.

The broadcasts will begin June 11, and will continue until July 19. Child Welfare, short story writing, and music will be represented in the air courses.

The courses to be sent over the ether are: Introduction to child development, by six members of the Iowa Child Welfare Research station faculty, daily at 9 a.m.; The short story, by Prof. Frank L. Mott, director of the school of journalism, daily at 11 a.m.; and a study of grammar, by Prof. Philip Greeley Clapp, daily at 2 p.m.

### MANY INJURED IN MINNEAPOLIS RIOT

Striking Minneapolis truck drivers snapped at the height of their battle with police, as sticks, stones and clubs flew. A policeman can be seen lying prone on the street as he was felled during the fighting.

### Alumni Returning to June Ceremonies Will Compete For Traveling Cup, Medals

Besides returning to campus life, renewing friendships with old classmates, and being honored guests, more material inducements are being offered alumni to return to the university to help celebrate its seventy-fourth annual commencement.

Representatives of 50 classes, the numerals of which end in four and nine, will compete for a traveling cup which is awarded each year to the class having the largest percentage of its members back for the reunion.

**Gold Medals**  
Distinctive gold medals bearing the official seal of the University of Iowa will be given graduates who are observing their fiftieth anniversary. This will include members of the class of 1884 from the college of liberal arts and the college of law.

The cup will be presented at an alumni luncheon in Iowa Union June 2, which has been designated Alumni day on this year's schedule of commencement week events.

The law class of 1889, which five years ago received the cup, is striving to claim it a second time. Already 15 of the 21 living members of the class have signified their intention of returning.

**1884 Liberal Arts**  
Another strong contender is the 1884 liberal arts class. Of the 18 living members, at least 12 are expected to be here. The cup was won last year by the medical class of 1893.

Last year's record of registered alumni in attendance at the annual celebration showed an increase of 30 per cent over the preceding year. Prof. Frederic G. Higbee, director of the Alumni association, expects this year's enrollment to equal last year's.

Registration will begin Monday and will continue throughout the week in the alumni office in Old Capitol. During the festivities, the office will be open from 8 a.m. to 9:30 p.m.

### SEEN from Old Capitol

By TOM YCSELOFF

Cut rates: Now that jumping off the Iowa avenue bridge seems to have become a popular sport at the University of Iowa, this story has a peculiar significance. Monday a quadrangle resident performed the stunt after having placed a \$2 bet. Prizes are coming down these days however.

A Mr. Allerton and a Mr. Hefelins were talking things over Wednesday afternoon, and the upshot of the matter was that they placed a bet of \$1.50 on Mr. Allerton's claim that he would jump off the bridge. With the \$1.50 awaiting him, Mr. Allerton climbed up on the concrete rail, took off his shoes and trousers, jumped, swam ashore, and collected. As this department recently said, there's no business which doesn't feel the rages of cut-throat competition these days — even bridge jumping bets.

Rumor has it that the spectators at a meeting of the Iowa City community theater recently had to use their imagination to a large extent. It seems the group produced Eugene O'Neill's one act play, "Ile." Just in case you don't recall, the wife of the captain of the fishing vessel was mad in the play, and at one point plays a hymn upon an organ.

It seems that the play unfolded as per schedule, with one exception. There was no organ. Not being able to obtain an organ, the players improvised. They secured a large box of some kind, painted it black, and drafted it into use as an organ. The mad woman sat at the box, ran her hand along an imaginary keyboard, and hummed the tune. Which probably made it clear to her audience that she was mad!

Along examination row: The story is going the rounds today that a class of some 60 or 70 law freshmen appeared for an examination yesterday, unshaven to a man.

Overheard outside a classroom door: "Now you are sure to sit on my left, so I can see..." Here is a new variation on an old theme: It seems that yesterday a liberal arts student burned the midnight oil in preparation for a test at 8 m. Having studied all night, he fell asleep, and when 3 a.m. came, he was in the arms of Morphus. Early in the afternoon, he walked meekly into the office of his instructor, prepared to beg with tears for mercy. His relief was not unmitigated with chagrin when he learned that he was a day early—the test is this morning!...

Our dreaming imaginative poet, J. B., comes through with some lines on Tapajos:

"Mournful sound the savage drums From the Mountain of the Moon, As 'cross the silent void there comes

The eerie piping of the loon, As waves are tossed by stormy seas Come the vibrant, throbbing blows, Carried by the vagrant breeze From the drums of Tapajos. The chanting voices rise once more Above the noises of the night, To still the lion's coughing rattle, To mock the jungle's vaunted might. The maddening beat of savage drums, Like an endless river's flow, Through the jungle night still comes, From the drums of Tapajos."

IOWA CITY, IOWA FRIDAY, MAY 25, 1934

IOWA NINE AT WISCONSIN TODAY

TRACK SQUAD OF 23 TO MEET GOPHERS

SET FOR MEMORIAL DAY CLASSIC

Out for another try at winning the crown of American automobile racing, A. B. (Deacon) Litz (left) and William (Shorty) Cantlon, both veterans of the speedways, will be among the starters in this year's Memorial day auto classic at the Indianapolis Speedway.

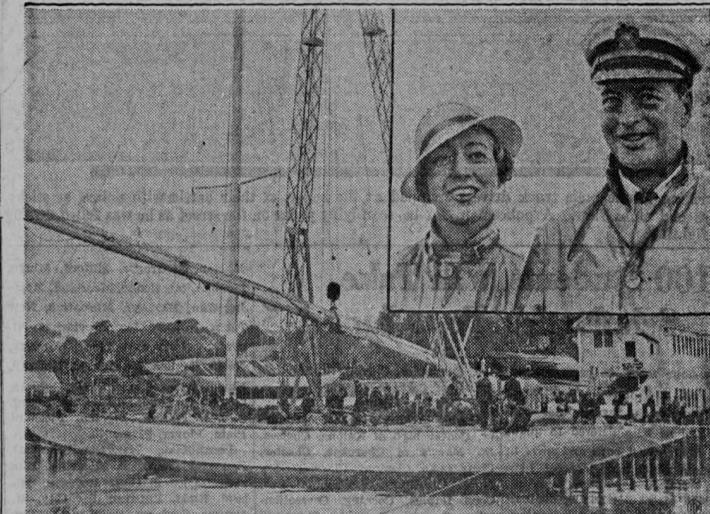

Ford Likely Mound Choice For Old Gold

Hawkeyes Expect Tough Opposition; Play Two Games

Ready to resume the race for Big Ten conference honors the Hawkeye baseball team, numbering 16 players, left for Madison, Wis., the home of the University of Wisconsin, last night, where the Iowans will meet the Badgers in their first conference game in two weeks this afternoon.

Although they have dropped six out of eight games, the Badgers are not viewed by the Hawkeyes as easy pickings. Two of the defeats chalked up against the Wisconsin team have been recorded by the conference leading Illinois nine, while two other losses were by 1 run margins to last year's champions, the Minnesota Gophers.

AMERICA'S CUP DEFENDER GETS HER "BIG STICK"

The great 165-foot duralumin mast of the yacht "Rainbow," U. S. defender of the America's cup, is shown being stepped into place on the trim vessel a few hours after its launching at Bristol, R. I. Inset, Mr. and Mrs. Harold S. Vanderbilt as they supervised the job. Vanderbilt, noted society sportsman, heads the syndicate that built the "Rainbow." The craft was christened by his wife.

Chances For Victory Over Gophers Good

Bresnahan, Squad Leave For Minneapolis This Morning

The last full strength Hawkeye track and field team of this season, 23 strong, leaves this morning for Minneapolis and tomorrow's dual with Minnesota.

Tomorrow's activities will see the Iowans meeting a Western conference foe in a dual meet on foreign soil for the first time in seven seasons. The meet will be run in conjunction with the Minnesota state high school championships.

Coach George T. Bresnahan, by virtue of the 40 point victory indoors over the Gophers, is decidedly optimistic as to Iowa's chances for victory. Iowa won nine of the 12 events indoors.

Younan, Fuller Take Doubles Title at Quad

Tom Younan and Ken Fuller won the final match in the quad tennis doubles competition from Buntrock and H. Wilson, 6-2, 7-5. Younan, winner of the tennis singles tourney in the fall, and Fuller, runner-up in this same meet, made an excellent doubles team, displaying some fine tennis.

Notre Dame Blasts Out 13-5 Triumph Over Purdue Nine

SOUTH BEND, Ind., May 24 (AP)—Notre Dame pounded three Purdue hurlers for 13 hits today to rout the Boilermakers, 13 to 5, for their fourth straight baseball victory in the last two weeks.

Pirates Beat Braves

BOSTON, May 24 (AP)—After 15 year old Harry Lavagetto put the Pittsburgh Pirates in the lead with a seventh inning homer, they fell on "Lefty" Ed Brandt with a vengeance today to defeat the Boston Braves, 7-3, and even the series.

Seven City High Men In Valley Meet

The Mississippi Valley conference outdoor track and field meet will be held at Davenport tomorrow instead of on Memorial day as had previously been scheduled.

Irish Ready For Catholic Track Meet

Expectations are high among the Irish track men to place well up at the first Catholic high school track and field meet held on the Knox college track at Galveston, Ill., tomorrow afternoon.

ABOUT SPORTS

Return of Star End Increases Gopher Strength... Badger Speculation Regarding Tilts With Hawks... Cage Card A Fine One.

By IRVING KAHAN

IT IS GENERALLY conceded that Minnesota will have a pretty fair sort of football team next fall with every regular but Roy Oen, brilliant center, returning for action.

TENNER SHOULD TEAM UP

With Larsen, All-American choice last year, to form one of the finest sets of wingmen in the country. And with Lund, Beise, Alphonse and a host of sturdy linemen available, it looks like the age-old urge on the part of conference rivals to haul down the high-riding Michigan Wolverines may be realized.

DESPITE ITS RECORD

of even splits in conference encounters this season, Iowa's baseball team is held in high regard by at least one team—Wisconsin's Badgers, whom the Hawks encounter today and tomorrow at Madison.

He goes on to declare that the Hawks are formidable both at the plate and defensively, and as a result, the Badgers are set for a hard pair of games there.

YET IN ALMOST

the same breath, Wisconsin scribes hasten to add that on comparative scores against Notre Dame, the homers hold the edge over the Hawkeye nine. Evidently the 17 to 2 trouncing which the Iowans were handed in their second game at South Bend, coupled with the fact that the Badgers themselves held a 6 to 4 decision over the Irish, has reassured them in regard to their chances for victory.

ATHLETIC OFFICIALS

here should be complimented for their action in scheduling so attractive a cage schedule for the coming season. With interest in basketball running as high here as it has in the last two years, every effort should be made to sustain it. And the 1934-1935 card will do it.

EIGHT YEARS AGO TODAY IN SPORTS

From The Daily Iowan Files IOWA CITY, May 25, 1926.—Donald Graham, of Waterloo, an outstanding member of last season's Iowa football eleven, has been awarded the Western conference medal presented each year to one man in each school for excellence in scholarship and athletics.

The athletic department

has named James J. Lutz, of Des Moines, as the winner of the cup presented each year by the athletic council for excellence in scholarship and athletics. Lutz has been a brilliant performer on tennis and swimming teams.

Four tennis men

have been picked by Coach Schroeder to represent Iowa in the Western conference championships on Chicago university courts this week end. Lutz, Swartz, Chaffee, and Phillips are the men who will represent the "Old Gold."

An innovation that promises

to become one of the most attractive features of the Western conference track and field meet is the dinner which is to be held following the athletic carnival. President W. A. Jessup, Major John L. Griffith, athletic commissioner of the Western conference, and A. A. Stagg, famed football mentor of Chicago university, will be speakers.

BOSTON, May 25, 1926.—Winning

both ends of a double header with the Red Sox, 5 to 3 and 5 to 4, the New York Yankees increased their string of consecutive victories to 15 games. Babe Ruth hung up his sixteenth homer of the season in the first game giving him 325 for his 12 year major career.

occupies an unusual position in Oriental life, being much prized as a household pet. The same chirping that rasps the Western mind is considered music by the Chinese.

On the other side of the vase is a scene depicting a country home. The art of painting on the inside of bottles is not rare, but no other known artist has ever succeeded in decorating the inside of so small a bottle with an intricate design in this strange manner.

Long fingernails, which are typically Oriental, are protected at night by curious horn-shaped guards which are worn over the nail and slipped on the finger tip.

**Comfort Plus**  
One of the new stream-lined Interstate buses visited Iowa City yesterday. Sixty of the 40-passenger buses are being secured by the company and will be used on this line, giving new low rates. The seats in the ship of the road are roomy, soft and have reclining backs—which is something new in bus comfort.

**Rex For Constable!**  
Rex II, R.O.T.C. mascot and bad boy of Iowa City dogdom, attempted a filibuster at the first ward Republican caucus last night. His attempt was foiled by an adjournment of the meeting just before Rex made his appearance. Undaunted by the political trickery used against him, Rex took the floor, even lying full length upon it, and leaving only when the last person left and the lights were turned out.

**Wise in the ways of politics,** Rex made a visit to the home of Verne R. Miller, chairman of the caucus, last week. Rex entered the Miller home when Mr. Miller went to the front door to investigate the disturbance which Rex was making. When the door was opened Rex stalked in and made a tour of the house from the kitchen to the upstairs and down again. After 15 minutes of this he left the house and climbed into the back seat of Miller's auto, evidently expecting the courtesy due to members of the state party. Mr. Miller took him down town and left him to his political skulduggery.

## Report Loans Given City's Closed Banks

Loans of \$11,576,600 were made to receivers of closed Iowa banks between Feb. 2, 1932, and May 18, 1934, Jesse H. Jones, chairman of the Reconstruction Finance corporation reported yesterday, according to the Associated Press.  
Iowa City Citizens Savings and Trust company received two loans totaling \$70,000; Iowa City Farmers Loan and Trust company, two loans, \$230,000; Iowa City First National bank, two loans, \$167,000; Iowa City Johnson County Savings bank, two loans, \$388,000; and Iowa City Savings bank, two loans, \$135,000.  
The largest individual loan on the list was \$2,000,000 to the American Savings bank and Trust company of Davenport. The only other loan over the million mark was \$1,260,000 to the Consolidated National bank of Dubuque. The receiver for the Commercial National bank of Waterloo received two loans which totaled \$950,000. Besides the bank loans the corporation loaned \$555,560 to conservators.

## Committee Progresses With Plans For Dedication

More than 650 names were suggested by residents of 25 eastern Iowa cities for the new state park located on Mill creek 13 miles north of here, it was announced by D. W. Crum yesterday. The majority of the letters were from Iowa City and Cedar Rapids.

## 650 Names Entered in Contest For Naming New State Park

The person who suggests the winning name will be presented with a \$50 cash prize at the dedication ceremonies which will be held at the new park Decoration day, May 30.  
As a large crowd is expected to attend the dedication, the committee, headed by Dr. E. J. Anthony, A. A. Welt, and D. W. Crum, plans to have a public address system installed so that every person attending the affair will be within hearing distance of the speakers.  
According to the latest plans of the committee, there will be plenty of entertainment. It is expected that two bands will furnish music for the occasion. One band, under the direction of Clifford Berkeley of North Liberty, has already been secured.  
The principal speaker next Wednesday will be Earl McGuire, editor of "Outdoor Life," and nationally known conservationist. Other persons who will officiate at the ceremonies have not yet been announced.  
As it will take a considerable time for all the letters to be checked, the committee will be unable to announce the name of the winner of the contest until the dedication day.  
They are now being listed by Mr. Crum; he will pass them on to the judging committee as soon as all

Senator E. R. Hicklin of Wapello, candidate for the Republican nomination for congress from this district, who spoke at the Rotary noon luncheon yesterday.

## Senator Sees Problem As Being Far From Settled

The question of taxation is far from settled in Iowa, according to Senator E. R. Hicklin of Wapello, candidate for the Republican nomination for congress from this district, who spoke at the Rotary noon luncheon yesterday.  
"The sales tax was a compromise," said Senator Hicklin, who was on the tax revision committee. "I had some different ideas but, of course, I had to compromise. In my opinion, we are going to have a permanent reform in taxation."  
"The sales tax expires in 1935 and that puts it up to the people and the legislature to work out something to supplant it. Of course, if it is a success it will become part of the law."  
"We cease to look at real estate now for government revenue. We must make the desirable things in the state—its farms and homes—be more desirable and not tax burdens."  
"This last tax revision step had to be taken and I'm glad that we took it, whether it's right or wrong. At least we're trying out something real and from the results of the trial there will be something substantial and definite," he contended.  
"No matter what is tried in the

Fire in the basement of Delta Sigma Delta fraternity house, 112 E. Bloomington street, caused little damage at 5:05 p.m. yesterday, firemen extinguishing the blaze before it got a start.  
The blaze started between the upper and lower doors of the coal chute.

## Ned Sparks Given Divorce

EL PASO, Tex. (AP)—Ned Sparks, motion picture actor, and his wife, Mercedes de Caballero, were granted a mutual consent divorce today in the Juarez, Mexico, civil court.

## Cress Urges Safety Patrol

G. E. Cress of Mason City, Republican candidate for the nomination for lieutenant-governor, made a brief talk advocating a safety patrol for Iowa highways. He said that a bill would be introduced next session and showed a very good chance of going through. He pointed out that more persons die of auto accidents each year than from any other cause. He said that the patrol could be had at no extra cost to the taxpayer, simply by coordinating the law enforcing agencies in the state.  
"He said that Gov. Clyde Herring was the first governor to listen to the pleas of sheriffs of Iowa for the supervision of highways."  
Guests at the luncheon included Jack Clark and D. W. Crum of Iowa City, guest of Carl Cone; Ben White, book of Iowa City, guest of Horace Stuck; Albert J. Hotz, guest of Elzezar Ries; and Rotarians E. R. Stotts and LeRoy C. Perkins of Des Moines, Lyle Mantor of Kearney, Neb., and Byron Bird of Ft. Dodge.
