Officials Criticise Measure To Create Highway Patrol

Conference Delegates Here Conclude Discussions

Criticism of the bill to create an Iowa state highway patrol and a promise of the legislative committee on reduction of governmental expenditures that legislation to provide for a state department of public welfare will be introduced next session marked the final day of a two day political science meeting here yesterday.

Members of the interim legislative committee, meeting here with university professors and public officials in a conference under the auspices of the American Political Science association, promised a definite recommendation for the public welfare reorganization.

Consider Proposal

The department which they plan to set up will be patterned after the Brookings Institution recommendation made last year, it was indicated. It is hoped that economies will be effected and various agencies will be coordinated.

They said in a statement to the press yesterday that a proposal to create a state police force is also being considered and may be recommended at the next legislative session.

Criticism of the proposed bill to set up a state highway patrol came from Donald Stone of the public administration service of Chicago. The bill, he said, is too involved, and would introduce political favoritism and hamper the patrol's usefulness if enacted.

Responsibility Divided

The responsibility under the act would be divided between a patrol commission and the state highway commission. The patrol should be made responsible to one man, he said, who would be responsible to the governor.

Selection of members by certification of sheriffs would introduce "politics," Mr. Stone pointed out. Selection should be left to a central administrative authority, he said, and the plan should be financed from the general fund.

In its place he proposed a state police force, to be set up as a separate executive department. Capt. Don Leonard of the Michigan state police explained the work of the organization in that state.

Wide Variety

Their duties, he pointed out, cover a wide variety of subjects. They are called upon to act as inspectors, highway patrolmen, to aid local police and sheriffs and perform various other police duties. The state police has been of special service to the rural areas, he believes.

Discussion in yesterday's concluding session, attended by about 50 invited officials and university men, concerned the cost of putting the state police force into operation, the use of radio, rural protection, and cooperation between state and local police.

Debaters To Meet N.Y.U.

Will Argue Federal Education Here Tomorrow

Iowa debaters will meet New University's team tomorrow at 8 p.m. in the senate chamber of Old Capitol in the first intercollegiate debate ever to take place during the summer session. The debate will be broadcast.

The question for the debate is, "Resolved: That the federal government should adopt the policy of equalizing educational opportunity throughout the nation by means of alumni grants to the several states for the public elementary and secondary school." Iowa will uphold the negative.

Wallace Ashby of Oelwein and F. L. Whan, G. of Ames, will debate for the university. New York's speakers are Howard Haasman and James Keller.

For the debate, there will be two 10 minute presentation speeches and two five minute rebuttals for each team, followed by an open forum. There will be no judges' decision, but radio listeners will be asked to ballot for the winner. The debate will be open to the public.

Tells Three Stories

STAMFORD, Conn. (AP)—Ten year old John Valmies went for a walk in his sleep and fell three stories from an open window in his bedroom. His only injury was a fractured arm.

Hitler Goes To Retreat; Calls Truce

Police Still Alert; Guard Home Of Von Papen

By LOUIS P. LOCHNER (Copyright, 1934, By The Associated Press)

BERLIN, July 7—Adolf Hitler called for peace and quiet and ordered a political truce today after the most turbulent week of the Nazi regime.

The chancellor set an example of outward calmness for the German people by leaving Berlin and going to his retreat in the Bavarian Alps, at least for the week end and possibly for a longer vacation.

Leaders Rest

Sub leaders, who helped Hitler break up revolt with firing squads a week ago today, also were reported resting.

Vice Chancellor Franz von Papen, whose position has not yet been clarified, was smiling when visited in his home today.

"My plans are not yet complete," said the aristocratic friend of President Paul von Hindenburg. "Everything is still unsettled."

The political truce leaves him vice chancellor, free to come and go as he pleases, although his house still is guarded, presumably to protect him from hot-blooded Nazis.

On Alert

The government still is on the alert, the propaganda ministry indicated, for any sign of renewed efforts of dissatisfied elements to overthrow the Hitler regime.

Activities of secret police will continue through the "truce," which if carried out as planned means that no major change can be made during July.

The cabinet, which rules Germany as a legislative as well as executive body, will have no meetings during the month, it was stated at the Chancellor's office.

G.O.P. Heads Hurl Charges

Fletcher, Vandenberg Fire First Guns Of Campaign

JACKSON, Mich., July 7 (AP)—Sound the drums of the coming election wars, two leaders of the Republican party—Henry P. Fletcher, chairman of the national committee, and Senator Arthur H. Vandenberg, today charged the Democratic administration with taking steps toward "emasculating of the constitution."

Chairman Fletcher and Senator Vandenberg assailed the Democratic administration for the establishment of what they termed a "bureaucracy" and for a fiscal policy which they said was setting up a huge debt that ultimately must be paid "by taxation or repudiation."

"The final alternative, unless we retrench," said Vandenberg, "is the printing press." Whether we like it or not this is one of the realities ahead."

Stratosphere Trial Flight "Pretty Well," Men Report

Preliminary Take-Off Made From Black Hills Pocket

RAPID CITY, S. D., July 7 (AP)—A report everything was "pretty well" and that equipment was operating perfectly came late today from within the air-tight metal sphere, four hours after three men began one of the final tests preparatory to the stratosphere trip scheduled to start in a few days.

Sealed in the ball testing air-manufacturing and other equipment were Maj. William Kepner, pilot; Capt. Albert W. Stevens, scientific observer, and Capt. Orville Anderson, alternate pilot.

"Pretty Hot"

Communicating with the trio by radio, an attaché outside the ball said "Hello, Major Kepner, how do you feel?"

"Pretty well, but it's pretty hot

Baptist Delegates Refuse Action In Any Future Wars

PITTSBURGH, July 7 (AP)—The Baptist Young People's Union today voted to refuse to participate "in any possible war of the future, either as combatants or as active non-combatants."

A resolution adopted at the annual convention of the union further stipulated that it would not support our government in sending an army or navy to another nation.

The delegates, numbering about 2,500, also opposed military training units such as the R.O.T.C. and the C.M.T.C.

Workers Dig Up Skeleton Of Tiny Baby

Acting Coroner Will Examine Body Today

Carl Church, alias George (Slim) King, an itinerant painter, is pictured at Jefferson, Wis., where he pleaded guilty to the murder of Earl Gentry, former bodyguard of D. C. Stephenson, imprisoned Indiana Ku Klux Klan leader, and was sentenced to life imprisonment.

Mrs. Carrie Gill, 58 year old widow, who allegedly planned the murder, pleaded not guilty.

The workmen, whose names could not be learned, tossed the blackened and twisted figure onto a dirt pile, where it was found by Everett Perry, A of Indiana, last night.

The body was brought to The Daily Iowan office, where Police Officer Joe Dolezel examined it. Dr. Paul A. Reed, acting coroner, stated last night that he would further inspect the body at the police station.

Police were unable to say whether or not the city would give the remains a burial in "Potter's field."

Alice Brigham Will Wed H. Rowland Halsey Soon

Approaching Marriage Announced At Supper

Alice Brigham, formerly of the home economics department, and H. Rowland Halsey of New York city will be married tomorrow at 4 p.m. at the home of Mr. Halsey's sister, Prof. Elizabeth Halsey, head of the women's physical education department, and of Prof. Frances Zull, head of the home economics department, 129 Grand avenue court.

A picture of the couple on small white place cards announced the approaching marriage to 30 guests last night at an informal 7 o'clock supper given by members of the home economics staff at the home of Prof. Lula Smith, 619 Temple road.

Bride's Costume

The bride-to-be will be attired in a long sleeve gown of dusty pink satin chiffon trimmed with delphinium blue and ending in a demitain. Accessories will be in harmonizing colors. She will carry an arm bouquet. Her going away costume will be a French blue mossy crepe suit with navy blue accessories.

The ceremony will be performed before a mantel banked with Joanna Hill roses, delphinium, and ferns. Prof. M. Willard Lampe, director of the school of religion, will officiate. The couple will be unattended.

Light refreshments will be served at the home immediately following the ceremony.

Guests

Guests will be Harriet Brigham, sister of the bride-to-be, who arrived yesterday by plane from Oklahoma City, Okla.; Professor Halsey; Professor Zull; Prof. Mata Giddings; Professor Smith; Prof. Edna Hill, and Irene Hosman, all of the home economics faculty; Mrs. Ralph Barnes, formerly of the staff; and Prof. E. T. Peterson of the college of education and Mrs. Peterson. Miss Brigham is a member of Phi Upsilon Omicron, honorary home economics sorority. She received her B.A. and M.A. degrees from Columbia university. She is a member of the American Home Economics association.

Will Go to Buffalo

Mr. Halsey is a personnel consultant in New York city and is a member of Phi Delta Kappa, national educational fraternity. He was awarded his B.A. degree at Chicago university and the degree of doctor of philosophy was conferred upon him by Columbia university. He arrived in Iowa City last night.

The couple will leave at 6 p.m. tomorrow by motor for Buffalo, N.Y., where numerous entertainments have been arranged for them. From there they will go to a cottage at the Lake of Bays, Ontario, Can., to spend the remainder of the summer. They will be at home in New York city after Oct. 1.

Nazi Germany represents completely the reverse of the "liberty, equality, fraternity" idea of the French revolution. But, the present Swastika philosophy of new morals, new religions, and transformed ideas has stirred up the same kind of hornet's nest of resentment outside its borders that the first French republic did with its "Worship of Reason," its "Supreme Being."

U. S. MONEY

Flows Into Pockets Of County Farmers

(Continued from Page 1)

ers have borrowed the money to refinance already existing debts or to start over again with the federal government holding the mortgage on their farms. The commissioners' loans can not be granted while a farmer still has some clear security on his farm, so that he may not mortgage a part of his farm and leave the rest free.

The commissioners' loans can only be used to help pay off a mortgage on the whole farm and they can be granted only for debts incurred before June, 1933. On the other hand the farm loan association may loan persons 50 per cent of the purchase value of a particular farm in case the person is considering the purchase of one.

Appraisal Method

The method of appraisal that has been developed by the government is to ascertain the productive value of the farm based on prices for farm products during the period from 1909 to 1914. In no case can the combined association loan and the commissioner's loan of 75 per cent of the appraised value exceed the present selling value of the farm.

While the majority of real estate experts feel that land values have dropped nearly 50 per cent since the beginning of the depression, federal land experts believe that in most cases farm land values have gained 15 per cent during the last year.

Interest Rates

Farmers borrowing federal money are required to pay four and one-half per cent interest until 1938 when the interest rate will be increased to 5 per cent on loans made through local associations. All commissioners' loans are 5 per cent.

Under a plan worked out by the federal government the borrowers are issued 15 year bonds callable in 10 years, bearing 3 per cent interest. The bonds are selling above par and may be easily converted into cash.

The federal Home Owners Loan corporation loans made for Johnson county through the offices of Attorney Will J. Hayek are for the purpose of giving aid to persons actually in danger of losing their homes. Money can not be borrowed to purchase or build homes.

150 Loans

Loans since last December when the corporation established its office, have been made to more than 150 home owners in sums from \$1,000 to \$5,000. The policy of the federal government in relation to the home owner is somewhat different in that the money is paid to borrowers in either cash or bonds.

If a person desires cash he can mortgage only 40 per cent of the appraised value of his home and is obliged to pay six per cent interest on the loan. If he chooses to take bonds, he can borrow on 80 per cent of the appraised value of the home and pay only five per cent interest. The HOLC bonds are selling above par on the present market.

Three Plans

The present appraisal value of the homes is worked out under three plans. One is the present cost of reproduction minus the natural wear

was scarce. Hitler and Goering, on the other hand, perhaps were afraid of the possible reaction of a hitherto silent German populace, despite the fact that its leaders, bewildered by chaos and anarchy, threw reason to the wind.

Just as the Hitler regime pushed to the top through violence, and then turned on its own revolting supporters to send them relentlessly before the firing squad, Robespierre, the spectacled lawyer from southern France, back in 1789 found his own plans followed out the drastic measures of the committee of public safety in ruling France with an iron hand.

Just as the Hitler regime pushed to the top through violence, and then turned on its own revolting supporters to send them relentlessly before the firing squad, Robespierre, the spectacled lawyer from southern France, back in 1789 found his own plans followed out the drastic measures of the committee of public safety in ruling France with an iron hand.

The shadow of the guillotine loomed strongly in all the great squares of cities through France, and "Monsieur Jacques," as the executioner was popularly called, was being set up to crush all foes of the existing government.

Priests, noblemen, shopkeepers, traitors and school girls stood in the trumbrils that lurched toward the places where the masked Monsieur Jacques waited to prepare them for the ax, amid the roars of the spectators surrounding the guillotine.

"Circus" for People

In the days of the "French Terror," Robespierre and his members of the safety committee thought it expedient to offer their hordes of supporters "circuses" when bread

and tear plus the land value; another method is to work out the value from the average rental of the last three months; or to take the present market price into consideration.

Attorney Hayek has applications on file for more than 150 home loans in various parts of the county.

Corn-Hog

Agricultural Credit corporation of Sioux City which has been making livestock loans since its organization in 1933. It was set up primarily as an emergency agency to aid farmers in times of drought or in periods when the farmer is unable to secure ready cash to feed his livestock.

Loans have made in Johnson county for this purpose during the last year amounting to several hundred dollars. The corporation has no local agents and exact figures were unobtainable. Since the establishment of Production Credit corporations by the federal government in districts, the regional corporation will discontinue loans.

Loans to Feeders

The Production Credit corporation for this district is in Cedar Rapids, where it will make loans up to \$400 to feeders. A first lien on stock to be fed or crops to be raised will be security for these loans.

Interest Rates

The maximum amount that may be borrowed for feed is \$4 a head each month for work stock, \$3 a head for cattle, \$1 for hogs and 75 cents for sheep and goats.

The contract signers are paid cash.

Credit Corporation

Another source of credit to farmers in the county is the Regional

Bank Act, passed in the last session of Congress.

Not Yet Available

So far funds from this source have not been made available to home owners here but under the plan of the Chamber of Commerce to help persons secure loans to repair and remodel their homes in this vicinity it is hoped to expend \$500,000 for this purpose.

According to the act, home owners may borrow up to \$16,000 from local banks and loan associations, and the federal government will guarantee the loans.

This type of federal loan is expected to employ a great majority of the 600 Iowa City men normally employed in the building trades.

Batik Bandits Sentenced To Penitentiary

FAIRFIELD, July 7 (AP)—Robert H. Keener, 21, and Ralph Cave, 31, of Keswick, who robbed the Farmers Savings bank of Packwood Tuesday, were sentenced to 30 years each in Ft. Madison penitentiary today.

Four hundred persons crowded into Jefferson county courthouse to hear defense attorneys argue vigorously in their efforts to save the two young men from life sentences.

Judge E. K. Daugherty of Ottumwa pronounced the sentence, after six witnesses had testified to the character of young Keener.

J. G. Loving, cashier, and B. T. Lutes, bookkeeper of the bank, recommended maximum penalty to the court.

The bank was robbed of \$1,000 shortly before 2 p.m. Tuesday afternoon, Keener and Cave were arrested at Keswick the following day. They admitted the robbery, and pleaded guilty.

Strike Scenes From San Francisco Battle Front

This crimson scene, snapped by the cameraman at the height of the major riot at Steuart and Mission streets in San Francisco on the afternoon of July 5 shows H. Sperry, first fatality, lying in a pool of blood, shot in the back by police fire. With this scene, Gov. Frank F. Merriam, issued a mobilization call for the California national guard in the area. Another victim, felled by clubs, lies by Sperry. All available San Francisco police were called to this conflict, which took place at the entrance to the International Longshoremen's hall at that intersection. Toward evening the rioting moved into lower Market street, interfering with the throngs of 70,000 commuters to East Bay cities. They were warned to move on. Light artillery units, tractor drawn, were preparing to take positions on Rincon Hill. The units are part of the 250th Coast Artillery regiment of the San Francisco national guard.

SEEN.
from
Old Capitol
By TOM YOSELOFF

Yesterday afternoon tables were being moved out of the house chamber of Old Capitol, and the place was being swept and cleaned—the final marks of one of the most constructive and most interesting conference this department has attended at the University of Iowa, the conference of political science faculty men and public officials. It was a serious consideration all the way through (with a few notes of levity which this corner presents).

For example, there was presented a new design for thievery. Don Leonard, young captain of the Michigan state police, was telling of the routing of a gang of chicken thieves. "They stole their chickens when the farmers were listening to Amos and Andy on the radio," he reported. . . . Donald Stone of Chicago was criticizing the section of the proposed state highway patrol bill which provides that only "native born Iowa men" be accepted for the patrol. "Is there something peculiar about being born in Iowa that makes a man born here better fit to do the work than a man born across the border in Illinois who came to Iowa at the age of five weeks?" he asked. . . .

Overheard at the performance of University theater's "The Shoemaker's Holiday" last night:

"Look at the funny stage. It looks like a church, doesn't it?"

"Yah, in the middle ages, y'know, they always gave their plays in a church."

"Oh."

Add statistics I recently discovered and you won't care about at all: Friday night this department was among the audience at a recital in Cornell college chapel. A check up showed that the following University of Iowa departments were there represented—students and faculty members: Romance languages, speech, law, philosophy, psychology, mathematics, journalism. And—I had almost forgotten—music.

That chess game in physics building is still going on.

To whom it may concern: This bit of poetical corruption is directed at those unseen voices of the night which are forever calling on our telephones and pretending to be what they are not. You know the kind—they are generally male and call sorority houses, but they can be and often are female:

Possibly one of the lowest human forms now in existence is that kind which has so little resistance.

Three thousand strikers, massed on the slopes of Rincon Hill, San Francisco, saw the State Belt Line railroad operating under heavy police guard on the waterfront below them and, with a concerted howl, charged down the hill into the ranks of the police. This photo shows what resulted—a dramatic reminiscence of actual warfare. Helmeted policemen, wearing gas masks, are seen running through clouds of their own tear gas, grappling with or chasing pickets into a pocket at the base of Rincon Hill. This charge resulted in a riot involving thousands, in which men were shot and many others wounded with clubs and scores more felled by fumes from gas shells.

San Francisco's prolonged longshoremen's walkout finally drew blood as 5,000 strikers and 1,000 police battled in waterfront streets with bombs, bullets, and clubs that resulted in the killing of two men, and wounding of scores, when strike-breakers attempted to unload freight. Above is shown a truck overturned in the fracas, while police kept strike pickets in order on the sidewalks. Increasing hostilities resulted in an order by acting Gov. Frank F. Merriam of California, calling out 2,000 national guardsmen to protect state-owned property in the strike-torn area.

Nature Enthusiasts Study Many Trees, Birds on Morning Walk

Thirty nature enthusiasts plus one fox terrier lured by the fresh coolness of 5 a.m. followed Prof. Fred J. Lazell yesterday on the fourth bird and tree walk conducted by him in the summer session.

From Old Capitol the usual route was taken west to the river path, hence to the city park, through the park, and back along Temple road to the starting point.

Purple Martins

As though posed for a photograph four young purple martins sat on a twig overhanging the river and were fed by their parents while the group watched. Chipping sparrows, song sparrows, and swallows were seen and heard, and the "Bob White" of the quail cut the morning air. A cardinal, seeming to sense the object of the occasion, displayed himself adroitly.

The wood thrush delighted his audience with song, but disappointed them by remaining hidden from

Merle Ford Gets Position

Appointed to Succeed Alice Brigham On Faculty

Merle Ford, assistant supervisor of home economics education, Baltimore, Md., has been appointed to succeed Alice Brigham, former associate professor of the home economics department, whose resignation was announced yesterday by Prof. Frances Zull, head of the department.

Miss Ford taught at the University of Iowa during the summer session of 1931 and has taught for a number of years in public schools and colleges. She received her M.A. degree from Columbia university, New York city.

She is at present studying at the University of Chicago, and will assume her new duties at the opening of the September term. Her home is in Kirksville, Mo.

Miss Brigham has been a member of the University of Iowa staff for nine years. Her B.A. and M.A. degrees were obtained at Columbia university, New York city. She is secretary of the American Association of University Professors, a member of University club, and served as faculty adviser of the local Home Economics club. She is a former president of Iowa Home Economics association.

Will Admitted To Probate in Court

The will of the Mrs. Sarah J. Conklin was admitted to probate court yesterday by District Judge Harold D. Evans. Her son, John Myers of Iowa City, was appointed executor of the estate. Bond was set at \$1,000.

Three sons, George and John Myers of Iowa City, and Burdette Myers of Des Moines, were named beneficiaries in the will.

**Let's Have
A Big Slam**
**Baseball Loops Might
Sponsor Bridge Circuit.**

CHICAGO, July 7 (AP)—It may not be long before crowds of incurable kibitzers will spend the long winter evenings in grandstands shouting:

"Sock 'im in the eye with that old ace, Babe!"

"Let's have a big slam!"

"Finesse that queen—get that dark one—hold em!"

Farm Teams Too?

Big league baseball is to hear next week a suggestion that when winter comes and the diamonds are snow-bound the league sponsor a troupe of professional bridge players who would ride the same big city circuits as the ball players and whack out rubbers for the entertainment of the bridge bleacherites.

Will Harridge, American league president, said today he would present to the baseball executives Tuesday a scheme proposed by Kenneth E. Lyman, Chicago engineer. Refusing to commit himself yet, Harridge said:

"I want to hear what some of the others think about it first. It might be possible to accomplish something and with the league's experience in public entertainment and organization, the baseball men would be logical sponsors of the plan."

Lyman's idea involved the use of electronically devices to flash simultaneously the bidding and play of the hands to the galleries, where the partisans and umpire-haters could vent their enthusiasm in cheers for Baltimore and jeers for St. Louis, hoots for north and huzzahs for the successful play.

**Lassie Stake
Goes to Motto**

**Victory Makes Horse
High 2 Year Old
Money Winner**

CHICAGO, Ill., July 7 (AP)—A trim looking filly named Motto, owned by Cornelius Vanderbilt Whitney of New York, ran away with a \$29,000 Lassie stake, richest race for fillies in America, this year, at Arlington park today.

Wins Looking Back

Regarded as the best filly in the east, Motto was so much the best of the field of eight that went to the post that Jockey Raymond Workman was just out for a ride coming down the stretch, and kept looking back to see where the others were.

The 2 year old daughter of Sir Gallahad the third, Maxima, racing for the sixth time of her career, won by three lengths, with Toro Nancy, an outsider in the betting second, and Bye Lo third, two lengths far behind. Ickson was fourth.

Leading Money Winner

As a result of her victory, Motto became the leading money winning two year old of the year. She won \$22,510 today, bringing her total to date to \$28,080.00.

She ran the six furlongs, eased up, 1:13 2-5. After the race, going to the post a favorite, Motto paid \$4.80 to win; \$3.48 to place, and \$2.80 to show. The place price on Toro Nancy, owned by Norman W. Church of Los Angeles was \$14.70 to place with \$6.02 to show, while Bye Lo, the entry of Mrs. Roy Carruthers of Chicago, was \$4.10.

**Phillies Take
Doubleheader
From Braves**

PHILADELPHIA, July 7 (AP)—In five solid hours of the wildest kind of baseball, the Phillies downed the Boston Braves in both ends of a double header today, coming from behind each time to win 9 to 8 and 11 to 10.

Continuing the hitting sprees on which both clubs have gone since they started the series which stands now at 3 to 1 for the Phils, the batters of each team pounded any and all pitching without computation.

Altogether, the Braves used nine hurlers and the Phils eight. The Phils connected for 27 hits and the Braves for 25.

Wally Berger hammered out a pair of homers in the nightcap, but even his ninth-inning four-bagger was not sufficient to overcome the Phils' edge. Pinky Whitney was also smashed a circuit clout in the second contest.

FANS, PLAYERS GIRD FOR ALL-STAR GAME

**Huge Throng

Ball Classic**

**Managers Conform To
People's Choice of
Players**

CHICAGO, July 7 (AP)—President Will Harridge of the American league, today named Clarence Owens and George Morrissey as the junior circuit umpires for the all-star major league game at New York July 10.

By EDWARD J. NEIL
(Associated Press Sports Writer)

NEW YORK, July 7—Having had his say in the only ball game of the year where he appears as something more than just another figure in the gate receipts, old Gustave Fan set out today to make the second annual all-star battle of the National and American leagues something for baseball to remember.

The ball players may not like the idea of working an extra day without pay, and the owners may not be over-enthusiastic about risking their delicate athletes in the midst of the pennant races, but the faithful who voted 200,000 strong for the lineup they wanted to see in action in the Polo grounds Tuesday seem bent on filling the place with howling rooters.

Faithful Want Seats

As Bill Terry and Joe Cronin, rival world series pilots last fall, capitalized somewhat to the voice of the people today in announcing the tentative lineups they will manage Tuesday, the faithful passed the \$35,000 mark clamoring for seats in a ballpark that holds sitting room for 53,600 by actual count. There was every indication that by the time Charley Gehringer, of the Tigers, takes his first cut at Carl Hubbell's screw ball, every pew will be filled.

Capacity turnout would bring in close to \$60,000, most of which goes to the ball players' benevolent fund, and would surpass figures for the first all star game won by the American league 4 to 2 in the White Sox park in Chicago last summer. Attendance there was 49,200 and receipts about \$42,000.

The Lineups

Regarded as the best filly in the east, Motto was so much the best of the field of eight that went to the post that Jockey Raymond Workman was just out for a ride coming down the stretch, and kept looking back to see where the others were.

The 2 year old daughter of Sir Gallahad the third, Maxima, racing for the sixth time of her career, won by three lengths, with Toro Nancy, an outsider in the betting second, and Bye Lo third, two lengths far behind. Ickson was fourth.

Leading Money Winner

As a result of her victory, Motto became the leading money winning two year old of the year. She won \$22,510 today, bringing her total to date to \$28,080.00.

She ran the six furlongs, eased up, 1:13 2-5. After the race, going to the post a favorite, Motto paid \$4.80 to win; \$3.48 to place, and \$2.80 to show. The place price on Toro Nancy, owned by Norman W. Church of Los Angeles was \$14.70 to place with \$6.02 to show, while Bye Lo, the entry of Mrs. Roy Carruthers of Chicago, was \$4.10.

**Phillies Take
Doubleheader
From Braves**

PHILADELPHIA, July 7 (AP)—In five solid hours of the wildest kind of baseball, the Phillies downed the Boston Braves in both ends of a double header today, coming from behind each time to win 9 to 8 and 11 to 10.

Continuing the hitting sprees on which both clubs have gone since they started the series which stands now at 3 to 1 for the Phils, the batters of each team pounded any and all pitching without computation.

Altogether, the Braves used nine hurlers and the Phils eight. The Phils connected for 27 hits and the Braves for 25.

Wally Berger hammered out a pair of homers in the nightcap, but even his ninth-inning four-bagger was not sufficient to overcome the Phils' edge. Pinky Whitney was also smashed a circuit clout in the second contest.

CHICAGO, July 7 (AP)—President Will Harridge of the American league, today named Clarence Owens and George Morrissey as the junior circuit umpires for the all-star major league game at New York July 10.

By EDWARD J. NEIL

NEW YORK, July 7—Having had his say in the only ball game of the year where he appears as something more than just another figure in the gate receipts, old Gustave Fan set out today to make the second annual all-star battle of the National and American leagues something for baseball to remember.

In the two diamondball games, Boone Coal company will oppose Swamer's at 7 o'clock and Brady's Grocery and Kelly Bros. will tangle at 8 o'clock. The games will be over before the fireworks display, held over because of rain from the Fourth of July.

"Bitsy" Grant in Easy Win; Budge, Grant Meet in Final

By PAUL MICELSON

(Associated Press Sports Writer)
CHICAGO, July 7—Donald Budge, a flaming red head just out of high school at Oakland, Cal., toppled Frankie Parker of Milwaukee from his national clay tennis throne today after a dramatic five-set duel of stamina and sheer gameness that lasted almost three hours.

The victory, gained by scores of 2-6, 6-3, 6-0, 9-7, was Budge's greatest triumph in tennis but a heart breaker for the plucky champion from Milwaukee, who suffered severe nosebleed and stomach disorders just as he was on the high road to victory and to a final berth tomorrow with Bryan Grant, Atlanta's "mighty atom" of the net world. Grant survived with shots to spare, routing Gene Makio, Los Angeles blonde, in straight sets, all at 3-6.

BIG SIX

(By The Associated Press)

Baseball's Big Six sluggers had a quiet day at bat yesterday and consequently Heinie Manush of the Washington Senators remained in first place and there were no changes in the standing. Manush last some ground, getting only one hit in five times at bat for an average of .402, off three points. Bill Terry of the Giants, however, got two out of four to gain two points, good for a mark of .366.

Bob Sall Wins Feature Event Of Auto Races

Program Postponed From July 4th; One Wreck

ALTAMOUNT, N. Y., July 7 (AP)—Bob Sall, Eastern A.A.A. dirt track auto racing champion, carried off first honors in the feature event of the postponed auto races here today. The races were scheduled for July 4, but put over until today because of the poor condition of the track.

Rain halted the contest after 10 laps. It was scheduled for 40 laps, a distance of 20 miles. Ben Shaw of Westfield, N. J., was second and Malcolm Fox, also of Westfield, was third. Salt led all the way. He drove the Sam McDowell special that was wrecked in qualifying rounds Wednesday.

Al Gordon, Pacific coast racing champion, who was injured Wednesday, took the first five mile race, while Malcolm Fox won the second 10 lap event. The third five mile race was won by Paul Culp of Allentown, Pa. The five mile consolation went to George Winegarter of Brooklyn.

Only one accident marred the day's program. Donald Carr lost control of his racer during the five mile consolation event, and it vaulted over the hub rail and landed in the safety zone. Carr was uninjured but the racer was wrecked.

The 25 year old English internationalist told the Associated Press he was "not interested" in the offer received from Bill O'Brien, American sports promoter, and calling for a guarantee of \$25,000 and a share of the gate receipts.

"This is all very good," Perry said, showing the cabin which proposed a four month tour from January to April, "but what would I do with the other eight months."

"I have a very promising position in a brokerage house and I look forward to playing a lot more amateur tennis."

Demons Split With Raiders

CEDAR RAPIDS, July 7 (AP)—Des Moines and Cedar Rapids split a double-header today, the Demons taking the night tilt 8 to 5 after dropping the afternoon game 7 to 4.

The second place Demons however remained in the race with the league leading St. Joseph club despite the loss. The first half of the split season will end July 10.

The scores: (first game) RHE Des Moines000 400 000—3 2 Cedar Rapids .102 010 03x—7 2

Batteries: Sams and Rebman; Terry, Vauflet and Jackson.

Sioux City Sweeps Series With Saints Outfit by 5-1 Win

SIOUX CITY, July 7 (AP)—Sioux City swept the St. Joseph series here tonight taking the final game 5 to 1. Not an earned run was scored by either team in the contest which was witnessed by a ladies crowd of 4,000 fans.

The Cowboys scored four runs in the fourth after three wild throws to first base, a hit batsman and a double. Their other run came in the seventh after an error and a hit. St. Joseph scored in the seventh on two walks and an error.

Fireworks Display Scheduled For Tomorrow at City Park

No Admission Charge*
For Postponed Spectacle

If it doesn't rain tomorrow night, the Junior Chamber of Commerce will present its postponed Fourth of July fireworks display at the city park at 9:15.

There will be no admission charge and the entire program will be presented as scheduled. In case of rain the display will be given Tuesday night.

Pieces Replaced

Several pieces in the spectacle were ruined by the rain. Fourth of July evening, but have been replaced with another shipment from the Thearle-Duffield company of Chicago. A man from the company has remained in Iowa City to fire the display tomorrow night.

In addition to the fireworks, which are to last about 45 minutes, Committee Chairman Al Gies announced, there will be a double header diamond ball game with the Boone Coal company playing Swander's Dairy at 7 o'clock and Kelly Bros. meeting Brady's grocery at 8 o'clock.

Asked to Walk

According to Chief of Police W. H. Bender, every effort will be made by officers to keep traffic moving rapidly to and from the park tomorrow night. Persons are requested to walk or take a bus to the park, Chief Bender said. He also asked that those who do take cars go early and park in the upper section of the park.

The committee has not estimated profits from the Fourth of July celebration to go to charity.

At 4:30 p.m. tomorrow the Odd Fellows will meet a Solon baseball club on the park diamond.

Judge Grants New Elevator

The receiver of the Johnson County bank building was authorized by District Judge Harold D. Evans yesterday morning to install a new elevator in the building at a cost not to exceed \$8,000.

The order for the installation was made upon the second application of D. W. Bates, receiver. An application last year for a new elevator was rejected in district court. The second application was made after the elevator had been out of order the early part of June.

Judge Evans in granting the order for a new elevator, said that cost of repairing the present one would be \$4,500 and that it would be an economy to install a new one for a few dollars more.

The application, made by the receiver, was the result of complaints from tenants that they would move out if nothing was done to repair the elevator.

June Taxes Total \$56,265.79, County Treasurer Reports

June taxes totaled \$56,265.79, including interest, according to County Treasurer W. E. Smith's monthly report of collections. \$11,770 in old age pension taxes is included in the June collections.

The itemized tax report is: current collections, \$21,574.99; delinquent taxes, \$7,199.73; special assessments, \$2,419.30; and miscellaneous, including old age pension taxes, \$23,630.24.

Total disbursements in June amounted to \$123,232.41, of which \$33,381 was distributed to school districts, \$30,802.96, to the state, and \$13,969.10 to cities and towns.

Late Fireworks

Some belated Fourth of July celebrators were observed shooting fireworks on the hill near Westlawn, the nurses home, Friday evening.

Lost a Foot

The figure of a football player on Bremer's sign on Washington street across from Schaeffer hall has lost his kicking foot, it was noticed yesterday. When observed, the useless foot was dangling in the wind, held only by a piece of sock. Undaunted, the veteran still held his kicking leg high in the air.

A Dust Cloud

Don't be alarmed if you see a miniature dust cloud coming up the street some fine morning, providing you are up early enough. Upon closer examination one will find the city street sweeping machine inside the cloud.

End Celebrations

Three persons hadn't finished celebrating the Fourth of July, and were fined and sentenced by Police Judge H. W. Vestermark in police court yesterday morning.

Mrs. John Barcus received a 30 day sentence for disturbing the peace, sentence suspended upon good behavior. Jack Ziger was sentenced to 10 days in the city jail on a charge of intoxication. Leo Donahue was fined \$15 on the same charge.

Carter Fines Martin Rose

Martin Rose, operator of a concession for the Parkway shows at the city park this week, was fined \$50 and costs yesterday morning when he appeared before Justice of Peace B. F. Carter on a charge of keeping a gambling house.

Rose was ordered by Justice Carter to pay \$72 to the Iowa City man who claimed to have lost that amount to the concession July 3.

The machine, which the complainant stated could be made to stop at any time by pressing a lever, was ordered confiscated by Justice Carter.

The state was represented by County Attorney F. B. Olsen and the defendant by Attorney E. A. Baldwin.

Chopek Awarded Judgment of \$300 By District Judge

John Chopek was awarded a \$300 judgment against Harvey Secor and the Central Surety and Insurance company by District Judge Harold D. Evans yesterday after both parties waived jury trial.

Mr. Chopek had asked damages of \$2,500 against the defendants for the loss of his son, who was fatally injured in an accident while riding in a car driven by Harvey Secor Nov. 11, 1928.

Attorneys Popham and Hayek and Attorney A. O. Leff represented the plaintiff. Harvey Secor was defended by Attorneys A. E. Baldwin and C. C. Putnam.

Lawrence To Give Lecture

Inventor Will Speak On Disintegration Of Elements

"The disintegration of the elements" will be the subject of a lecture by Prof. Ernest O. Lawrence in the chemistry auditorium Tuesday at 8 p.m. Professor Lawrence comes here from Berkley, Cal., where he is a member of the faculty at the University of California.

Professor Lawrence is the inventor of a device for generating electricity which is one of the two most powerful in the United States. He was the first in this country to transmute elements.

In recognition of his work in electronics and transmutation of ele-

ments, he was made a member of the National Academy of Arts and Sciences last spring, and is now one of its youngest members. He is 32 years old.

Professor Lawrence studied at the University of South Dakota, University of Minnesota, and Yale university.

He lectured here in 1930. A year ago he was invited to England to present his work before the Royal society.

Professor Lawrence will give a research lecture Wednesday at 1:30 p.m. in room 21, physics building. The subject of this discourse will be "Neutron rays."

Both lectures are open to the public.

Berg to Give Fifth Lecture On Chemistry

The fifth of a series of lectures in contemporary chemistry will be given by Clarence P. Berg, associate in biochemistry, at chemistry auditorium tomorrow at 7 p.m. The subject will be "Biochemical catalysts" and will be of a non-technical nature.

Mr. Berg will discuss the nature of these catalysts with the study of enzymes which are really biochemical catalysts. He will show the development of the study of biochemical catalysts from the standpoint of the digestive enzymes which are very important in the digestion of foods. Mr. Berg will also trace the historical development of the study

of the digestive system, and its relation to the modern studies in this field.

Mr. Berg received his A.B. degree from Augustana college in 1924 and his M.A. degree from Illinois in 1925. He received his Ph.D. degree in 1929.

The lecture will be open to the public.

For public convenience the Montgomery paint and body shop maintains a continuous day and night wrecker service at its 317 East Bloomington street location. Regardless of what time of day or night you might have motor trouble, or have an accident and need the services of a towing truck, this firm is always ready to serve you.

Sunday, holidays, calls from the country, or from town, the brown and yellow wrecker

service truck is always ready to come out and bring your car to town.

The Montgomery paint and body shop also maintains a large inside car storage area at the same location. The space occupies an area 180x80 feet and affords ample room for scores of cars to drive in and out as many times a day as they wish. This service, too, is available day and night.

The firm particularly specializes in maintaining a good Sunday service for the convenience of its patrons. The next time you are all set for a big Sunday outing and discover a flat tire about the time you are ready to start out, just dial 9941 and their service truck will come out, pick up the tire, repair the puncture, return the tire, and mount it without any great amount of delay to you.

While the firm does not cater particularly to doing mechanical work on cars, yet a mechanic is kept on the job for public convenience.
