

# Iowa City's First Annual Horse Show Will Be Held in Stadium

### August 15 Set as Date; Five, Three Gaited Horses Will Compete in Various Classes; Several Hundred Dollars of Prizes Arranged

Equestrians to the fore! Fancy three-gaited and five-gaited saddlers of all kinds, mounted by both men and women, will be shown in style on the cinder paths at the University of Iowa stadium the evening of Aug. 15, in Iowa City's first society horse show. Even the kiddies may enter their ponies, if the ponies are less than 14 hands high.

According to John Nash, chairman in charge of the horse show which is being given in conjunction with the Johnson county 4-H club congress, Aug. 14 and 15, five and three-gaited horses will appear in the show competing in various classes. Several hundred dollars in premiums have been arranged to insure an entry list of from 25 to 35 horses from Des Moines, Muscatine, Oskaloosa, Ottumwa, Waterloo, Tipton, Davenport, and other cities.

#### Five Classes

Entries will be made in five classes. The first class, prizes to be awarded under the auspices of the Whetstone Drug company, will be a five-gaited combination. Trainers will drive their horses in front of the judges stand, unhitched, saddle, and mount them, and then display the various gaits of the animals. The First Capital National bank will award prizes of \$20, \$15, \$10, and \$5 to the first four winners of the five-gaited open class.

#### Horsewomen

If your mount is of the walk-trot-canter variety, you may try your luck in the three-gaited open class, which will be presented under the auspices of the Iowa State Bank and Trust company.

Event No. 4 will interest the horsewomen. All they need to do is slap a little English saddle on that five-gaited steed, mount, and put him through his tricks—that is, show off his gaits. To the winner of this event the Englert theater will present a cup.

Ponies, under 14 hands high, of all colors and kinds will trot about the track in front of the judges' stand in the fifth event.

#### Climax 4-H Show

The society horse show will climax the 4-H club show which will begin with "Amateur Night," Aug. 14. Entries for this event will include crooners, fussy dancing, singing and tap dancing, contortionist acts, and strut dancing. Livestock will be displayed for premiums on Aug. 15 before the horse show in the evening.

Prof. A. B. Caine of Ames will judge both ponies and horses on general conformation, appearance and action. Professor Caine is a member of the animal husbandry department of Iowa State college.

Assisting Mr. Nash with his plans for the horse show are Emil Meyer and Phillip D. Ketselen.

#### Local Girl Scouts

##### To Start Tuesday

##### On First Gypsy Trip

Leaving Tuesday for the first gypsy trip to be arranged for Iowa City Girl Scouts will be Ruth Friedrichs, Girl Scout director, Cornelia Cameron, leader, and five Girl Scouts, Isabelle Smith, Shirley Briggs, Dorothy Keyser, Dorothy Keppler and Betty Williams.

The group will meet at 6 a. m. Tuesday at the intersection of U. S. highway 1 and Parsons street to set out on a five day caravan journey, traveling on foot and in a hayrack drawn by a team of horses. After progressing 20 miles a day, stopping each night at a different spot where camp will be pitched, the group will return to Iowa City Saturday. The true gypsy fashion the journey will proceed to an unknown destination, with all meals cooperatively cooked outdoors by girls.

Enroute, time will be provided for regular camp craft activities, and the trip will be as well regulated as any outdoor scouting activity.

#### Country Club Ladies

##### Plan August Bridge Luncheon Tuesday

The August bridge luncheon for women members of Iowa City Country club will take place Tuesday at 1 p. m. at the club.

Reservations may be made singly at Yonde's inn, 9303, since the group will not progress by partners at this week's game.

Mrs. Dora Chapman and Mrs. Vern Bales are in charge of the luncheon.

#### Elks Ladies to Have

##### Meeting Tuesday

Regular business meeting of the Elks Ladies will take place Tuesday at 2:30 p. m. in the clubrooms at the Elks' lodge. A social hour, following the meeting, will be in charge of Mrs. Leo Carmody.

### PERSONALS

Dr. and Mrs. Earle Smith and daughter, Isabelle, 613 E. Court street, accompanied by Mrs. Smith's aunt, Olivia Forcum of Whitefish, Mont., who has been visiting at the Smith home, drove to Montezuma yesterday. Miss Forcum remained in Montezuma to visit friends.

The Rev. Richard E. McEvoy, pastor of Trinity Episcopal church, Mrs. McEvoy, and their daughter, Cynthia, will return to Iowa City Thursday from the home of the Rev. Mr. McEvoy's parents in Niles, Ohio.

Margaret Regan, daughter of Mrs. Genevieve Regan, 431 E. Market street, is in University hospital recovering from an appendectomy performed yesterday morning.

Mary Frances Hauser, daughter of Mr. and Mrs. George P. Hauser, 846 Kirkwood avenue, is in Chicago visiting Kathleen Dee, daughter of Mr. and Mrs. John Dee, former residents of Iowa City.

Vardis Fisher, visiting lecturer and novelist, and Mrs. Fisher, left yesterday for his ranch in Ririe, Idaho. Mr. Fisher's brother, V. E. Fisher of the psychology department at New York university, joined him in Iowa City and will accompany him to Idaho. Mr. and Mrs. Fisher have been spending the summer at the home of Mr. and Mrs. Don Lewis, 217 S. Johnson street, where Mr. Fisher has been working on his next novel, "No Villain Need Be," the fourth volume of his tetralogy.

Prof. and Mrs. Lewis Mallory of Laramie, Wyo., left yesterday for Madison, Wis., after visiting at the home of Mr. and Mrs. Don Lewis, 217 S. Johnson street. Professor Mallory is a faculty member at the University of Wyoming.

Mr. and Mrs. W. J. Day of the Phyllis Herrick shop left last night for Chicago, where they will spend the week selecting fall merchandise. They will attend meetings of the Interstate Merchants' council and visit style shows at the Palmer House, Morrison, Sherman and Stevens hotels.

Mr. and Mrs. Willis Mercer and daughter, Ann, 733 S. Summit street, are spending the week end in Lake City visiting Mrs. Mercer's relatives.

Dean and Mrs. Carl E. Seashore and Prof. Joseph H. Bodine will return tomorrow from Lake Okoboji, where they are spending the week end at the Lakeside laboratories.

Sally Shulman of Chicago is spending a week's vacation with her parents, Mr. and Mrs. H. Shulman, 946 Iowa avenue.

#### John Faulkner Weds Elizabeth McClelland

The marriage of Elizabeth McClelland, daughter of Mr. and Mrs. Robert L. McClelland of Western Springs, to John Craig Faulkner of Anita, 1927 graduate of the University of Iowa college of commerce, was learned here yesterday. The wedding was solemnized July 20 at the Congregational church in Western Springs, with the Rev. Vernon Cooke of Chicago officiating.

Iowa Citizens who were guests at the wedding were Mrs. Lillian Denton and her daughter, Beatrice, 19 1/2 E. Washington street.

Attending the couple were Joan Parr of Evanston, Ill., and Gunnar Torstenson of Anita. A reception and wedding supper followed the ceremony. After a trip to Knoxville, Tenn., the couple will be at home in Rock Island Sept. 1.

#### Lodge to Meet At Mrs. Gerber's Home

Members of Women of the Moose will meet Tuesday at 7:45 p. m. for a business meeting at the home of Mrs. Albena Gerber, 431 N. Van Buren street.

### ETTA KETT—

### Hollywood Parade Fashion

By ORRY-KELLY

HOLLYWOOD, Aug. 3 (INS)—Definitely, you'll want a veil. They come in such an entrancing variety of styles this fall . . . you'll find you can suit them to almost any sort of costume . . . to your every mood . . . without too much exaggeration, I'd even go so far as to say that with a veil, you can take on almost any personality you'd like to be . . . so that you're just not going to be "in the swim" at all this fall unless you have one . . . or more . . . veiled chapeaux in your wardrobe.

Let's fix up your street costume first. With a tailored suit, the veil I'd suggest is a wide mesh, dotted at large intervals, and it's worn with a small sailor hat, put on under the band and then drawn tightly down over the face, under the chin, and tied in the back . . . just like the one your mother used to wear in the days before the war.

Suppose you want to be more dressy . . . in a black velvet cocktail ensemble, for instance, or an afternoon frock in gored taffeta. Then you have your choice between a small turban or a picture hat . . . either one can be veiled with equal charm. For Margaret Lindsay I've created a close-fitting skull cap in black stitched crepe, with the stiff veil taking the form of a broad, tilted brim . . . if there was one.

With the larger hat, your veil can be soft and fluffy, perhaps edged with lace. Then you place it well toward the back, with a cascade falling off the brim to your shoulders. Or you crush it around the crown, trying it in a back bow with long ends. You can even arrange it over the whole top, so that a narrow edge hangs over the eyes, while the longer end drapes gently toward the back.

For summer's end, I like especially a hat seen recently on Adrienne Ames. Of white straw with drooping wide brim, it was trimmed with black shadow lace instead of veiling . . . the lace being fitted over the crown, cut off short in front, and then allowed to run free around the sides and back, until it fell in soft pleats some four or five inches over the edge of the brim.

Joan Crawford will wear a tiny black bengaline turban, with a point in front that lies flat on the forehead, and a perky gardenia on top. Over all of this, a dotted veil reaches toward the shoulders, covers the face in front, and drapes toward the back. Still another trick in the veil mode is the Spanish trend . . . which calls for a flat-crowned, stiff-brimmed felt hat with the lacy black veil attached under the brim, not over it . . . so that it falls to the shoulders from one ear, around the back, to the other ear . . . where a rope may be pinned . . . then there's the stiffish horsehair veil, which may be just a couple of inches wide, to shade the eyes, or an evening turban . . . or else it may be draped around the front of a small-brimmed hat and tied in a perky bow in the back.

Finally, here's the stunt I like best of all . . . and you won't be surprised to learn that it comes from the clever Bette Davis. You simply put a crisp circular veil over your hair . . . and pull a visor-type hat down over that! The visor is crownless and lies in the back . . . the veil shows through, and because it's held down so tightly, sticks out pleasingly all around the head.

Yes . . . you can be demure . . . or old-fashioned . . . or dashing . . . or even definitely sirenish, in a veil. But the whole point is . . . you've got to have one!

#### Holcomb to Lead Discussion Group

Richard Holcomb, G. of Boone, will lead a discussion group on the subject "Obligation of the State to the People" at the meeting of the Methodist Wesley League of University of Iowa students at 6:30 this evening in the Methodist student center.

#### Will Entertain Guests At Luncheon Tuesday

Honoring several out of town guests, Mrs. M. E. Barnes will entertain at a luncheon Tuesday afternoon at her home, 211 Myrtle avenue.

### TAX RICH BILL Slated to Get House Action Monday

(Continued from page 1)

bill and however inequitable they may be, the repercussions of businesses of every size, through drawing away capital where capital is most needed, and is causing disruptions upon the death of any of the principal owners, would increase the forces of disorganization.

The president had proposed new taxes to bring a "wider distribution of wealth." In many respects, the bill followed his broad recommendations, but in these instances it differed:

1. He proposed the present flat 13 3/4 per cent tax on corporation income be replaced with a levy graduated, according to the size of the net income, from 10 3/4 to 16 3/4 per cent. The house bill included a graduation of only 1 per cent—from 13 1/4 to 14 1/4 per cent with \$15,000 the dividing line.

2. Mr. Roosevelt had objected to letting corporations deduct from their taxable income gifts to charities. The bill allowed such deductions up to 5 per cent of the income. Some tax experts estimated this would reduce by \$20,000,000, the total revenue raised by the bill.

3. The president had suggested new taxes on dividends paid by one corporation to another. The bill included no such levy.

4. No suggestion as to a tax on excess profits had been advanced by the president. The bill included them.

In reaching the voting stage, the bill sailed through a storm of amendments but only one was adopted. That concerned the deduction of corporation's charitable gifts.

It likewise was assailed by republicans—Representative Fish of New York was one of their spokesmen—as "confiscatory, socialism and demagoguery."

Representative Hoffman (R-Mich) described it in this manner: "You (democrats) wanted to put us in a hole, if you could, by putting us in the position of defending the rich; you wanted to steal the thunder of the southern gentleman in the senate (Senator Long—D-La)."

### ETHIOPIA Accepts League's Plan For Peace

(Continued from page 1)

to Geneva to accept the league's proposals as elaborated by Mr. Eden and Premier Laval."

Earlier, Laval had expressed willingness to sit down at a conference table with Benito Mussolini in an effort to settle their difference.

A foreign office official said the ruler was awaiting advancement of such a proposal by Rome or Geneva, but that thus far no such move had been made. His only stipulation, it was explained, is that the talks be held on neutral territory, possibly in France.

Expressions of good will toward Ethiopia came from a number of quarters as the government considered a decision on the formula adopted at Geneva to settle the dispute.

Owners of a number of newspapers in India sent letters expressing their sympathy and willingness to help this country.

Foreigners in Addis Ababa signed a resolution protesting an alleged Italian "insult" contained in a Paris newspaper. In an interview July 22 the papers quoted Mussolini as calling the Ethiopian government "savage."

The government is considering emergency measures to insure that the railway line from Addis Ababa to Djibouti, French Somaliland, be kept open. It is a vital link with the outside world.

### BILL SCRAPPING May Result to Permit Adjustment

(Continued from page 1)

agree in advance which bills would be permitted to go by the boards until next session. They still felt there was a chance for working out a compromise on the utility measure and possibly ship subsidy.

To White House They also expect these measures to go to the White House before adjournment:

Wealth taxes; social security; AAA amendments; bankings reform; \$300,000,000 second deficiency appropriations; TVA amendments; gold clause suits; rivers and harbors improvements; liquor control and air mail law changes.

With congress now in its eighth month and house passage of the \$270,000,000 tax bill expected Monday, McNary said there would be a "general disposition" not to delay that measure unduly in the senate.

Broaden Tax Base He looked for attempts to broaden the tax base and possibly to tack on the Frazier-Lemke inflationary farm debt refinancing and bonus bills as riders, but democratic chiefs said these moves didn't have a chance. One forecast was that the Frazier-Lemke bill would muster less than 30 votes as an amendment.

Chairman Harrison (D-Miss) of the finance committee hopes to conclude hearings on the tax bill by Wednesday at the latest, with senate consideration beginning the latter part of next week.

Republicans have yet to agree on strategy with respect to the tax measure. One prominent senator said there had been a reaction from the west against republicans, as a party, taking a stand against wealth taxes.

### Bans "Vanity Fair"

Tokyo, (AP)—The Japanese home office yesterday banned the circulation and sale of the August issue of the magazine Vanity Fair, published in America, because of an allegedly disrespectful caricature of Emperor Hirohito. Nationalistic morning papers played up the affair as an international incident.

### Dickinson Sees Invalidated AAA Payments

Must Stop If Courts Invalidate Act When Appeal Cases Tried

WASHINGTON, Aug. 3 (AP)—Senator L. J. Dickinson, Iowa republican, said today if the supreme court invalidates the agricultural adjustment act, the government would be barred immediately from making any further payments on AAA contracts.

Sharply criticizing farm administration expressions of assurance that contracts would be fulfilled regardless of the court's decision on the AAA's constitutionality, Dickinson said farmers have been lured into withdrawing part of their acreage from production with a possibility they may not receive full payment from the government for the reductions.

Deprivation "There is a possibility," he said, "of the sinners of 1935 corn-hog contracts being deprived of \$100,000,000 of corn-hog money even though they have followed out the contract to the letter of the law."

First payments on the 1935 contracts are now being made by the farm administration but second payments, expected to total about \$100,000,000, cannot be paid until after Jan. 1, 1936. Dickinson said a court decision next fall unfavorable to the AAA, would prevent these payments being made. The same situation, he said, would apply to payments due for compliance with any other adjustment program.

Void? "If the supreme court holds the act unconstitutional," he said, "the contracts are void. The payments would have to stop. There would be further authority to disburse any money whether obligated or not."

Dickinson's interpretation of the consequences of a supreme court invalidation of the AAA was in direct conflict with that of farm administration authorities. Chester C. Davis, farm administrator, in announcing the new wheat contracts had said that if the supreme court ruled out the AAA, the government would pay farmers for their "com-

### G.O.P. PLANS Campaign to Oust Demos in 1936

(Continued from page 1)

sult of the 1936 election than I had before the 1932 election. I doubt if even the most sanguine among our assailants think that republican success is possible in 1936."

Knox Predicts G.O.P. In marked contrast, Col. Frank Knox, publisher of The Chicago Daily News, predicted after a conference with Herbert Hoover at Palo Alto that a republican president will take office in 1937 on a program opposed to "planned economy." Knox has been mentioned as a possible republican nominee.

Governor Harry W. Nice of Maryland—who had just returned east from Palo Alto—said a group of national and state republican leaders he took on a Chesapeake bay fishing trip "agreed there is a pronounced and definite trend toward the republican party and that the republican chances are very bright."

Those on the trip included Chairman Fletcher, George H. Moses, former senator from New Hampshire, and Lawrence Richey, Washington representative for Mr. Hoover.

Be Too Bad Senator Hastings of Delaware, "planned" to the date of the decision. Since corn-hog compliance likely would be completed by the time of a final decision, under Davis interpretation second benefit payments could be made, even if the act fell.

### Baby Cries Uncle Attempts To Steal Milk; Gets Fatal Wound

CHICAGO, Aug. 3 (AP)—A baby cried for milk its jobless father could not give it.

Up in the early morning hours today, nursing an aching tooth, Joseph Kirner saw a figure stealing toward his back porch, toward a bottle of milk left by an early deliveryman. Kirner got a pistol, and fired one shot, he explained at an inquest later.

"Just to scare him." The bullet struck Edward Schultz, 17, uncle of the 14-month-old son of Mr. Joseph Wozniak. The wounded boy crawled off, dying a few hours later.

"Our milk deliveries were stopped because we would not pay a \$15 bill," said Mrs. Wozniak at the inquest. "My husband is out of work. He has applied for relief for 10 weeks. My baby cried for two days. Edward's father hasn't a job."

Chris J. McGarigle, deputy coroner, told Kirner he had no right to shoot the Schultz boy. The coroner's jury ordered Kirner held to the grand jury.

Jarrett Appointed OMAHA, Neb., (AP)—The Rev. Patrick J. Mahan, S. J., president of Creighton university, yesterday announced the appointment of William A. Jarrett, formerly of Duquesne university, Pittsburgh, Pa., as dean of the university's college of pharmacy.

chairman of the republican senatorial campaign committee, when asked what he thought of the chances of a G.O.P. victory, replied: "If the chances aren't good, it will be too bad for the country."

"The nominee should be from the middlewest," he added, "A candidate from the east hasn't as good a chance as a middlewesterner."

Speaking of candidates—about which little that is definite can be said this early—Robert H. Lucas of Kentucky, former executive director of republican national headquarters here, sent out letters to 3,000 county chairmen, 450 city leaders and 800 "young republicans" asking their views on various persons mentioned for the presidential nomination.

The replies should be interesting.

..... You Will WANT TO COME AGAIN

Whether it's for a prescription, a fountain drink, face cream, summer candy or a package of cigarettes—you will feel that "they have everything I want." And—that's just why Iowa City likes this store—the complete drug store.

# New Iowa State Highway Patrol Starts Official Duty Today

## Chief Issues Orders, Warning Tickets For 9 Violations Listed

DES MOINES, Ia., Aug. 4 (AP)—John R. Hattery, chief of the Iowa highway patrol, yesterday issued general and special orders to patrolmen who start official duty early this morning. The orders were countersigned by Lew Wallace, superintendent of the state motor vehicle department.

Chief Hattery instructed the patrol to issue summons tickets for nine violations including:

- Speeding and carelessly coming through stop signs; passing on hills and curves where view is obstructed; careless or reckless driving where there is evidence of the use of alcoholic liquor; overloads; violation of registration laws; aggravated reckless or careless driving; truck speeds above 35 miles per hour; bus speeds above 45 miles per hour; and faulty lighting.

**Warning Cards**

Warning cards are to be issued, the chief ordered, when lights are defective although the lighting equipment is "seemingly in good condition." Operators receiving such cards are to be instructed to repair the lights at once and drive carefully until the equipment is put in order.

No patrolman may use a state car for private purposes and no passengers are to be allowed while the officers are on active duty, the chief ordered.

**Prohibitions**

The general orders, governing the personal conduct of the patrolmen, prohibited the officers from engaging in political campaigns or from supporting candidates for office. Other prohibitions:

- Use of liquor or narcotics; smoking while on motorcycle duty or "in direct contact with anyone in your official capacity."
- General instructions for conduct, Chief Hattery told the patrol, included "to remember at all times the motto of this organization: courtesy, service, protection; endurance when the persons addressed does not exhibit courtesy; service to the traveling public when seeking information or in dire trouble; protection to persons using the state highways and to highway investments and property."

**Gentlemanly**

"Conduct yourself in such a gentlemanly manner that you may merit the voluntary commendation of all law abiding citizens and visitors with whom you come in contact, both those with whom you meet in carrying out your duties and those you shall live among as a citizen in order that credit may be reflected on the Iowa highway patrol and on the state of Iowa," he said.

# WSUL PROGRAM

**For Today**

9:15 p.m.—Familiar hymns program, Donald Helm.

**For Tomorrow**

9 a.m.—Within the classroom, Social and Political Novel, Walter Allen.

9:50 a.m.—Program calendar and weather report.

10 a.m.—The book shelf, Josephine Gillette.

10:30 a.m.—Yesterday's musical favorites.

10:45 a.m.—The radio kitchen.

11 a.m.—Within the classroom, public speaking, Prof. H. Clay Harsbarger.

11:30 a.m.—Program highlights and weather report.

12 a.m.—Rhythm rambles.

2:10 p.m.—Within the classroom, public recreation, Prof. Ernest G. Schroeder.

3 p.m.—Illustrated musical chats, Thomas C. Collins.

4 p.m.—Lifetime learning, extension division.

4:15 p.m.—Waltz favorites.

4:30 p.m.—The story of the 168th Infantry, State Historical society.

4:45 p.m.—Organ melodies.

6 p.m.—Dinner hour program.

7 p.m.—Children's hour, the land of the story book.

7:15 p.m.—Dusty Keaton's orchestra.

7:45 p.m.—Iowa birds, Prof. Fred J. Lazell.

8 p.m.—Book review of the week, Robert D. King, "Deep Dark River" by Robert Rylee.

8:15 p.m.—Public health talk, Iowa State Medical society.

8:30 p.m.—Evening musicale, Donald Helm.

8:45 p.m.—Prominent personalities, Vergil Tacy.

9 p.m.—Department of speech program.

# Wheat Closes Low Despite Crop Reports

CHICAGO, Aug. 3 (AP)—Notwithstanding extremely pessimistic crop reports from spring wheat areas both north and south of the Canadian border, wheat prices today closed lower.

An outburst of week end profit-taking sales proved more than sufficient at the last to counterbalance the effect of indications that millions of acres of domestic spring wheat will not be worth expense of threshing. A contributing late bearish influence was the fact that domestic primary receipts of wheat today were the largest yet this season.

Wheat closed nervous, 5.3 to 1 cent under yesterday's finish, September 83 3/4-7.5, corn 1-2-1 1/8 down, September 77 3/4-7.8, oats 1-1 7/8 off, and provisions unchanged to a rise of 15 cents.

# SHE WEARS BEARS

BERLIN (INS)—"Animal brooches" are the latest fad in Berlin. For the last year German girls have worn their initials, fashioned from wood, metal, celluloid or stone, as decorations on their blouses, hats, coats and skirts. Now miniature animals have taken their place. A favorite here is a wooden replica of a bear, the emblem of Berlin. There are also fishes, crabs, lions, dogs and cats.

# General Improvement, Optimism Feature Week's Business

By RADER WINGET (Associated Press Financial Writer)

An almost universally optimistic tone pervaded American business last week with current indications of the upswing anchored on a firm foundation.

Retail trade, in the aggregate, moved swiftly forward. Merchants noted a good response from consumers to special sales of summer supplies, and into the larger wholesale markets came signs of a lively interest in fall lines.

Private reports show the retail volume has reflected back to the wholesalers who in turn have extended their demands for merchandise to the manufacturers of consumers' goods.

**Commerce Report**

The department of commerce in its survey covering 33 cities for the week ended Wednesday declared: "Steadily increased buying also was manifest in building materials, furniture, household equipment and electrical supplies as a corollary of the consistent gains in construction."

Bank clearings for that period were up 5.9 per cent over the same week of 1934, but the previous week gained 24.2 per cent over the like week of last year.

**Production Drops**

Automobile production, due to the slow-down of the Ford plant, dropped slightly to 69,415 units, as estimated by Cram's, compared with an output of 82,894 in the previous week. Ford's curtailment, anticipated for several weeks, accounted for 9,500 units of the 13,479 unit loss.

Such restrictions had no effect on the production of steel since the rate of operations was extended to 44 per cent of capacity from 42 per cent in the previous week.

Electric power production again

set a new high mark for the year for the week ended July 27, but freight carloadings for the same period increased over the previous week to a point slightly less than expected for this time of year.

**Building Increases**

Lumber production continued to climb, a reflection of growing building movements in many parts of the country.

Earnings reports, now being published for the first six months of this year, shows general gains, although higher net profits do not apply to all organizations alike.

Detailed reports on individual federal reserve districts for last week included:

New York: Retail trade in the metropolitan area was brisk, but the New Jersey section was handicapped by a new sales tax. A steady flow of small cotton textile orders was reported, and there was a strong gray goods tone. Introduction of fall lines was featured by the demand for furniture. Buyers in the general market declined.

**Trade Better**

Chicago: Despite hot weather, retail trade in the Chicago district was reported better than a year ago. Industrial activity improved with steel operations leading. Meat packing continued in low volume, but the mail order business showed a contra-seasonal trend. Wholesale groups lagged. There were few advance orders. Inventories were large in anticipation of fall business. Wheat harvests bolstered employment, and rural spending power was higher.

Minneapolis: The department of commerce reported no appreciable change in retail trade volume in the Twin Cities but said country sales were somewhat retarded by the harvest.

# ADMINISTRATION PROGRAM IN CONGRESS

(By The Associated Press)

The present status of major legislation pending in congress is as follows:

In conference, after passage by both senate and house:

- Social security.
- Utilities regulation.
- Banking.
- AAA amendments.
- TVA amendments.
- Rivers and harbors.
- Bus and truck regulation.
- Air mail.
- Second deficiency appropriation.

Passed by house, awaiting senate action:

- Liquor control.
- War profits limitation.
- Ship subsidy.
- Gold suit prohibition.

Passed by senate, awaiting house action:

- Food and drug regulation.

Passed by neither:

- Tax revision.
- Guffey coal.
- Midget money.

# Faked Naturalization Papers Racket Uncovered by Federals

## Wide Scale Craft Yields \$1,000,000 From Immigrants

NEW YORK, Aug. 3—Federal investigators, smashing through the traffic in faked naturalization papers, disclosed details tonight of a nationwide racket that has terrorized immigrants and taken a yearly toll of more than \$1,000,000.

After three months of sleuthing, Special Prosecutor Samuel H. Kaufman declared he and his staff had uncovered a maze of racketeering that extended from Ellis Island into virtually every large city in the country.

**Want Ringleaders**

Sufficient evidence to convict or indict 10 government employes at Ellis Island already has been amassed, he said, and his agents are concentrating now on the "brains" of the outside organization.

"We haven't caught the ringleaders yet but when we do we will have them right," he said. "The nature of these cases, with the documentary evidence involved, makes it almost impossible for them to escape conviction."

Kaufman, appointed special assistant to Attorney General Homer S. Cummings to smash the fraudulent naturalization racket that sprang up when the 1921 quota law went into effect, disclosed that he was hot on the trail of a Brooklyn organization suspected of being the nucleus of the entire set-up.

**Blackmailed**

In addition to paying from \$50 to \$2,500 for faked records, Kaufman disclosed, aliens who enter the country illegally are blackmailed regularly thereafter.

He promised immunity from prosecutions to all aliens who would testify against the extortionists.

"It's the most consummate shake-down racket I have ever seen," he said.

Benjamin Bergman, suspected pay-off man for the Brooklyn organization, agreed last June to come in and tell Kaufman all he knew about the system of forging the names of smuggled aliens or ship's manifests in order to provide them with the certificate of arrival necessary for citizenship papers.

**Took Poison**

The night before he was to keep his appointment he took a lethal dose of poison in a Brooklyn lodging house.

"His death was a great blow to us," Kaufman said. "We had hoped through him to get to the five or six ringleaders. His death slowed us up three months."

Kaufman said the government employes rarely received more than \$50 for falsifying records.

"They were the cat's-paws," he explained.

The penalty drawn last week by one of them, Joseph Lamonte, 42, a former Ellis Island guard, was a four year prison sentence.

**Await Trial**

One other Ellis Island employe has been convicted, two have pleaded guilty, and six are awaiting trial.

Among the latter is Frederick A. Tuttle, 55, of Elizabeth, N. J., who became inspector in charge after years in the service and who now is under indictment on 13 counts ranging from subornation of perjury to conspiracy and forgery of government records.

Indicted with Tuttle were Joseph Singer, Cleveland, Ohio, night club operator and his younger brother, Bela Singer, who allegedly entered the country several years ago on a student's visa.

They are awaiting removal proceedings.

The "Korbowska" house in Warsaw contains a wine cellar which has belonged to the Pakier family since 1910.

# Bond Market Unchanged

NEW YORK, Aug. 3 (AP)—Aggressive demand for bonds of amusement companies and a steady firm tone among lower priced rail issues, were principal features of the corporate bond market today. U. S. governments were lifeless and about unchanged.

The Associated Press average of 20 rail bonds advanced 2 of a point to 82.1, and averages of other groups were mostly unchanged. Transfers aggregated \$3,487,000, par value, compared with \$3,487,000 last Saturday. The turnover in U. S. governments amounted to but \$100,000.

A 2 1/2 point rise in Italian govern-

# Ousted Mayor Cannot Avoid Removal Trial

SIoux CITY, Ia., Aug. 3 (AP)—W. D. Hayes, suspended Sioux City mayor, failed today in his attempt to forestall his removal hearing, scheduled Monday.

District Judge F. H. Rice refused to grant Hayes' request for a hearing on his petition to strike from district court records the Woodbury county "graft" grand jury's recommendation that the mayor be removed from office.

The judge yesterday heard arguments by Hayes' attorneys and County Attorney M. E. Rawlings, who was aided by H. M. Havner and Ole T. Naglestad, special grand jury prosecutors.

Hayes' attorneys argued the grand jury exceeded its statutory authority in recommending the mayor's removal and made statements libelous to Hayes in its recommendation.

Rawlings contended that since the Iowa supreme court already had appointed Judge W. W. Scott, Davenport, to hear the removal case, Judge Rice did not have jurisdiction in the matter.

Judge Rice, in his ruling today, agreed with the county attorney's contention, declaring that any action he might take might have a "tendency to hinder, impede and embarrass the trial court."

A cargo of 500,000 feet of railroad ties for South America recently was shipped from Eureka, Cal.

Wilanow, the palace built by King John Sobieski of Poland, conqueror of the Turks, stands five miles from Warsaw in a French garden.

# Lester Skeels Named Baby Contest Judge

Lester Skeels, Ph.D., research associate in child welfare, has been appointed as one of the 33 examiners to judge the annual statewide baby health contest at the Iowa State fair, according to official appointment received here today from the State Fair board.

The baby health contest at this year's State fair will seek to choose the healthiest baby in Iowa between the ages of 12 and 36 months. Trophies of \$500 in prizes and trophies are to be awarded the winners. Special sections of the contest are provided for rural babies, town babies and city babies. There will also be a special class for twins.

The contest will open at the Iowa State fair, Aug. 23, continuing for eight days with the final championships to be awarded the morning of Aug. 30.

Entries for the contest will close Aug. 7.

Parents may obtain entry blanks by writing the secretary of the Iowa State fair, Des Moines.

# Bureau Plans Liquor Probe

WASHINGTON, Aug. 3 (AP)—Works progress administration officials said today the \$4,446 allotted the internal revenue bureau for a retail liquor survey in Iowa would be devoted entirely to a canvass of retail liquor outlets in Des Moines to determine whether federal taxes are being evaded.

The \$1,036,941 made available to the revenue bureau's alcohol tax unit followed a canvass on a smaller scale in a number of cities. Federal officials said it confirmed suspicions federal liquor taxes were being evaded.

The Iowa survey will be limited to a check of retail liquor outlets in Des Moines. The WPA said in all of these surveys, federal agencies would work in close cooperation with local and state enforcement officers so that if tax evasions were discovered, prosecutions could be conducted locally as well as under federal laws. In Des Moines, however, the check will be upon the state-owned liquor stores, only legal dispenser of hard drinks in Iowa.

The WPA said there would be no inspections in connections with the work, which would be largely a book-keeping task.

# There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types—the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine—an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort.

Many a car selling at a higher price does not give you as much interior room as the Ford V-8. Rear seats are wide and restful . . . three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide.

A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety, beauty and riding comfort.

An Opportunity For Iowa City

WITH THE state conventions scheduled here within the next two weeks, Iowa City has an opportunity to gain a statewide reputation for hospitality.

Last year, the Chamber of Commerce spent some money and a great amount of time with these two groups inducing them to pick Iowa City for their 1935 convention centers.

Iowa City is not merely a town where the state university is located. Rather, it is one of the most progressive and forward looking cities in the state.

In view of the fact that Iowa City is used to large transient population there should be little difficulty in providing accommodations for visiting delegates.

PERHAPS PROSPERITY is coming around the proverbial corner. Iowa banks have made a gain of \$75,000,000 in deposits during the last fiscal year.

Such a war might easily be more costly to us than to Japan, even if we were acclaimed victors. Japan cannot menace our interests in the orient without trading on the toes of European nations.

Looking at the Pacific situation as logically as possible, I would say diplomacy and friendship, more than armed might, are needed.

America has been one of the most warlike nations in the world, but it is time for us to start practicing a few of the speeches we continually make about good will and peace.

According to an Associated Press dispatch from Washington, the days of the totem pole, sacrificial offerings, witch raids, and other fetishes may have gone, but Representative Fred Biermann of Decatur thinks a modern fetish will cost the

American people a billion dollars this year.

"The fetish," he contends, "is preparedness."

Biermann thus branded army and navy appeals for funds in his most recent house comment on mounting costs of national defense agencies.

"The appropriations and allotments already made to our army for the current fiscal year," he said, "amount to \$589,000,000, the largest sum that this country or any other country ever has spent in peace time for an army."

"This congress appropriated for the navy \$459,000,000. The WPA allots to the navy for the fiscal year \$16,000,000. The PWA has allotted \$114,000,000 for the navy.

Congressmen have raised their mileage to 20 cents a mile. They should have it, if only to get them back home sooner.

Taking a tip from that affair in East Africa, we have postponed the war on weeds until the end of the rainy season.

Out into the Pacific ocean steams the Japanese fleet for its naval maneuvers, and nobody in this country is greatly alarmed except William Gardner, ex-president of the American Navy league, who says that "the situation in this country is potentially serious unless we have a fleet powerful enough to command the Pacific."

To "command" probably would mean, in a military sense, to be able to keep peace by scaring other nations, or to whip Japan if necessary.

Even if the United States navy is powerful enough to satisfy these demands, why should such strength be desirable? We have no reason on earth to fear an attack upon our Pacific coast by any nation.

Moreover, it is likely that England, or at least Canada, would join in warding off a Japanese invasion of this continent.

And as for the maintenance of a fleet large enough to conquer Japan, it is not sensible to wonder why this nation should have any reason to start aggressive action?

Such a war might easily be more costly to us than to Japan, even if we were acclaimed victors. Japan cannot menace our interests in the orient without trading on the toes of European nations, so that if she provoked us to war we would undoubtedly be joined by other powers.

Looking at the Pacific situation as logically as possible, I would say diplomacy and friendship, more than armed might, are needed.

America has been one of the most warlike nations in the world, but it is time for us to start practicing a few of the speeches we continually make about good will and peace.

According to an Associated Press dispatch from Washington, the days of the totem pole, sacrificial offerings, witch raids, and other fetishes may have gone, but Representative Fred Biermann of Decatur thinks a modern fetish will cost the

A Washington Bystander

WASHINGTON—An off-hand remark attributed to Senator Huey Long about being undecided as to whether he would "bolt" the next democratic national convention caused great mirth among democratic national committee aides.

There is a lot to that, a lot that Senator Long himself must fully realize. He is no political novice. There have been times, not so very long ago, when the seating of contesting delegations, with doubtful claims to representing the majority voice of the party in their states, has shaped both party and national political destiny.

The republican "steam roller" convention of 1912 is one in point. If Theodore Roosevelt delegations with convincing credentials had not been shown the door in favor of Taft contesting delegations, American history, political and otherwise, unquestionably would have been utterly different through all the years since then.

But for that, too, Carter Glass of Virginia never would have had the chance to start on the unique career that has made a self-educated one-time printer's devil, an editor, publisher and gentleman farmer, the dominating figure in shaping American banking policy for a double decade.

Years later, and with the lessons of another and greater depression to be written into banking law revisions, "Pluck" Glass, as a boyhood intimate still know him—it's the only nickname he ever had—is still the chief figure in the congressional banking show. He performs a miracle of inducing a degree of senate unanimity on the bill seemingly utterly impossible when the long process of banking law rewriting began. He is credited with a clean-cut senate victory over "administration" advocates of greater government control over banking credit mechanisms.

ST. LOUIS (INS)—More than 100,000 letters and postals, sent Col. Charles A. Lindbergh since his ried to fame in 1927, are being classified and labeled by the Missouri Historical society, which is custodian of the Lindbergh trophies at Jefferson Memorial here.

VIENNA (INS)—"I cannot compete with Mickey Mouse, that is the reason why I left the film," said Lillian Gish, resignedly recently in Vienna. "Silent film was an art," she continued with her famous smile, "whereas the talkies are still undeveloped from artistic point of view." She was on her way to the Salzburg drama festivals.

HE ENDED "CUTTING IN" BUDAPEST (INS)—A perfect cure for dance stealing by those who "cut in" has been found by the chief district official of Nagymaros. The official at a recent dance had no opportunity to finish a single dance with his beloved, as one young swain after another "cut in" on him and waltzed away with her. Exasperated, the official pencilled out a decree on a piece of paper that strictly prohibited "cutting in" and then summoned the town crier to proclaim it at once.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the office of the president, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan, or may be placed in the box provided for their deposit in the office of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person.

Wednesday, Aug. 7 4:00 p.m. Public lecture on Coins of the Bible by Prof. Jessie D. Newby, visiting professor in the classical languages department, Schaeffer hall, room 109. 8:00 p.m. Concert by all-state high school band. Main lounge of Iowa Union. 7:00 p.m. All-university play night.

General Notices Graduate Consultation I will be in my office, room 240, medical laboratories, for consultation with graduate students, at 10 o'clock daily, beginning Aug. 1. W. W. TUTTLE

Dates for Final Examinations in English B.A.—Friday, Aug. 16, at 9:30 a.m. and 1:30 p.m. M.A.—Tuesday and Wednesday, Aug. 6 and 7, at 1:30 p.m. Ph.D.—Thursday, Friday and Saturday, Aug. 8, 9 and 10. HENNING LARSEN

To All Students Who Expect to Graduate at the Close of the Second Term of the Summer Session, Aug. 22, 1935 Every student who expects to receive a degree or a certificate at the University Convocation to be held Thursday, Aug. 22, 1935, should make his formal application on a card provided for the purpose at the Registrar's office on or before Saturday, Aug. 10, 1935.

Notice to Candidates for Advanced Degrees As soon as the thesis or dissertation has been checked in the Graduate office, it is the specific duty of the candidate to circulate the copies among the members of the committee. Failure to give any member an adequate opportunity to read the thesis may necessitate postponement of the examination.

Notice to History Students The written examinations for candidates for higher degrees at the August Convocation, with majors or minors in history, will be given Friday, Aug. 9, 9-12 a.m.; 2-5 p.m., at 208 S.H. W. T. ROOT

Only Three Nations Retain "24-Carat" Gold Standard NEW YORK (AP)—Should the economic winds of the present currency crisis in Holland blow the guller off the gold standard tree, France and Switzerland alone would be left on the bough from which other currencies have dropped one by one since 1928.

Gold Reserves Decline Italy's continued deficits and unfavorable trade balances have shown that she couldn't make the deflationary grade. For the first four months of 1935, Italy had to report an unfavorable trade balance of more than \$80,800,000, and a governmental deficit of about \$200,000,000 at the end of the 1934-35 fiscal year.

HE ENDED "CUTTING IN" BUDAPEST (INS)—A perfect cure for dance stealing by those who "cut in" has been found by the chief district official of Nagymaros. The official at a recent dance had no opportunity to finish a single dance with his beloved, as one young swain after another "cut in" on him and waltzed away with her. Exasperated, the official pencilled out a decree on a piece of paper that strictly prohibited "cutting in" and then summoned the town crier to proclaim it at once.

ELK (ANIMAL) SUICIDE DENVER (INS)—Wildlife experts of the Colorado state fish and game commission pronounced the death of a full-grown male elk as suicide. The animal, of a species noted for its sure-footedness, plunged from the top of a 250-foot cliff to certain death, landing on the highway between Hayden and Steamboat Springs, in the northwestern part of the state.

Opening of Lafayette bridge at Georgetown, S. C., marked the completion of the last connection link on U. S. Highway No. 17 from Maine to Florida. NEW MEXICO plans a \$2,200,000 war pn malaria-carrying mosquitoes.

KENNETH JOHNSTON lost a watch near Phillipsburg, Kans., eight years ago. Recently his brother Donald, while playing, found the watch. It still runs.

Real Stern-Wheelers The stern-wheelers in Will Rogers' "Steamboat Round the Bend" are the real McCoy. All of the boats operate on the Sacramento river, out of Stockton, Cal., at the beginning of the race scene. Two of the steamers were tied to the dock because they're so old they leak badly.

A New Yorker

By JAMES B. RESTON NEW YORK—A confirmed feminist, Mary Pickford has started out to prove that she can attain as high a rank in the production of motion pictures as she once did as an actress.

This was a sudden decision, as all her decisions are. She was thinking of coming back to the New York stage, of doing anything to keep her working hard, when the United Artists corporation was reorganized and she decided to go into the production end of the industry. Since then, she has been coming to New York regularly and the arrival of Mary Pickford is still an event even in this town.

She seems somehow to have decided to lose herself in activity. Her interest runs to countless organizations, all of which she works at with indefatigable energy. Now, at 42, she seems a peaceful and fascinating woman. She was at the Waldorf when I saw her this time, working in a huge suite in the towers, a suite flooded with light from several large windows which look away to the south across magnificent buildings. Within an hour there, she received two long distance calls from Hollywood, another from London, and another from Chicago.

In the other room sat 11 or 12 reporters waiting for interviews; press agents interrupted her conversation; the door-bells whirred, the servants bustled around. And all this she took as calmly as if she were alone in her huge Beverly Hills home.

New York clamored to see her in the play "Coquette," which she recently presented on the coast, but she would not bring it back east. She explained that once she had seen Helen Hayes play the same part, and she considered Miss Hayes' performance so triumphant that she (Miss Pickford) would not consider presenting it where Miss Hayes' production had been seen.

She does not say that she will not appear in another picture. But the possibility is remote. She is writing another novel, which will be out in the fall, and looking to her experience as a producer with great anticipation. "Why shouldn't a woman succeed in producing films?" she asks. "My experience is good and my mind is neither male nor female."

The telephone causes the city's famous people more trouble than anything else. People begging or selling or threatening have led most of them to have private phones, the numbers of which are not published. But thumbing through the Manhattan directory, I come across two rather well known names, which are listed as follows: Morgan, J. Pierpont, 231 Madison Avenue, Caledonia 5-0933; and Roosevelt, Franklin D., 49 E. Sixty-Fifth Street, Rhineclander 4-7428.

Screen Life By HUBBARD KEAVY HOLLYWOOD—The strange task of bringing an ocean-covered city back into being for motion picture purposes has been assigned to Anton Grot, who has been working on the problem for months.

The city is that of Port Royal on the island of Jamaica in the West Indies, which on June 7, 1692, was destroyed by earthquake. Two-thirds of the city, including almost all the waterfront and the fortified peninsula which enclosed the harbor, sank beneath the sea. Part of the city still stands today, on the floor of the ocean, attracting the curious tourists through glass-bottomed boats.

The city, which no longer can be found on the average small map, has lived on in song and story. Its "recreation" will be for the purpose of playing the background in the filming of "Captain Blood."

Delving Into History Grot could find no photographs, or show, and few accurate sketches to show Port Royal before an avenging nature destroyed the pirate stronghold. The ruins have been examined by divers, but no chart exists showing the relative position of the buildings before they sank. There are a few contemporary descriptions of Port Royal, and these Grot studied. He also had to delve into the history of the city, studying the architecture of the Spaniards at the time the city was founded, knowing this was undoubtedly the pattern for the early buildings of the settlement. Out of this information, Grot believes he has a fairly accurate picture of Port Royal as it existed 27 years before the earthquake, the time of the story of "Captain Blood."

About 35 buildings will be constructed for the screen reproduction of the lost city. Occupying a near central position will be the church. It sank with the rest of the city, but the tower and belfry are said to have remained upright. The action of the tides, so the story goes, sometimes sets the great bell to ringing, far under water.

Real Stern-Wheelers The stern-wheelers in Will Rogers' "Steamboat Round the Bend" are the real McCoy. All of the boats operate on the Sacramento river, out of Stockton, Cal., at the beginning of the race scene. Two of the steamers were tied to the dock because they're so old they leak badly.

# U.S. Moves To Safeguard Gold, Silver

## Treasury Will Spend \$2,000,000 on Mint, Bullion Depository

WASHINGTON, Aug. 3 (AP)—The treasury will spend nearly \$2,000,000 in the next few months to safeguard its mounting hoard of gold and silver.

Procurement officials said work will start immediately on an imposing new \$1,225,000 mint on a rock plateau in San Francisco. The contract was awarded yesterday by the Clinton Construction company of that city, one of seven bidders.

On Aug. 22, the contract for the nation's first "bullion depository" on the military reservation at Ft. Knox, Ky., will be let. Its estimated cost is \$524,000.

In addition, the second deficiency appropriation bill now in conference in Capitol Hill includes \$150,000 to strengthen other mints and assay offices.

While treasury officials would not disclose just where it has stored its \$3,147,000,000 stock of gold, about \$3,000,000,000 is reported piled up in the Denver mint, and a similar amount in the New York assay office.

Only about \$18,000,000 is in gold coins which soon will be melted into bullion. Other gold is reported in the Philadelphia mint and in various federal reserve bank strong-holds.

The Ft. Knox building will have a granite roof which engineers believed will make it almost bomb-proof. Guards will be on 24-hour duty in four machine-gun "pill-boxes" mounted in the outer walls.

"It would take skilled mechanics

# Wallace Writes Mae

## "Come Up and See Me at the Theater, Mae," Says Hubby

CHICAGO, Aug. 3 (AP)—Frank Wallace, the New York actor who claimed that he was married to Mae West in 1911, tonight sent the screen star what he described as "the first letter I've written May in 20 years."

Here for a stage engagement, Wallace said the letter contained a notice to Miss West that he intended to make public announcement that "you are the woman I married in 1911," and was concluded with the statement that "you can take any action you please."

Mae's attorneys deny Wallace said attorneys for Miss West, who repeatedly denied that she ever was married to the New Yorker, had threatened suit in New York if he was billed on the stage as her husband.

"I'll get an answer," he said, "and it will be clever—she was always a smart girl."

His letter ended: "Come up and see me at the theater, Mae."

Yours as ever,  
Frank Wallace."

# Night Nude Bathing Legal, Must Hold Reins to Drive Hoss

KANSAS CITY, Aug. 3 (AP)—Presumably nude bathing in Kansas City lakes and pools at night is legal but it's against a city ordinance to drive a horse without holding the reins.

This information was unearthed by a heat-stricken enquirer today, citing the ordinances in proof.

The ordinance concerning bathing reads: "No person being naked or insufficiently clothed shall bathe, wash or swim in the Missouri river, or in any other water course, pool or pond within the city limits, between one hour before sunrise and one hour after sunset."

# THIMBLE THEATER STARRING POPEYE

# Jilted Prince Kills Self In Gotham Hotel

## NEW YORK, Aug. 3 (AP)—Prince Abdul Kerim Effendi, 30-year-old descendant of the former ruling family of the Ottoman empire, committed suicide in a Manhattan hotel today after sending a letter to the police commissioner saying that he had failed in his efforts to win an American heiress as his bride.

The letter in Turkish, was not disclosed in full after its translation, but Detective Robert Reman said that it declared the prince had intended to obtain sufficient funds from an American bride to train an army of Chinese mercenaries and restore his family's rule of Turkey.

Sultan's Grandson

Kerim was the grandson of the late Sultan Abdul Hamid Kahn, who ruled the empire from 1876 to 1909. After his death, the monarchy was seized by two brothers who were overthrown in 1923 when the present empire was established.

The body of Kerim, sitting up with legs tucked underneath, was found by hotel employees who went to his room when he failed to answer an early morning call ordered when he registered Friday midnight. He had been shot in the temple and the pistol was nearby. Police listed it a suicide.

# Utilities Lead Stocks to New '35 High Mark

## NEW YORK, Aug. 3 (AP)—Utilities led the list today as the stock market rallied to a new 1935 high in the heaviest trading for a Saturday since May 12 of last year.

Measured by The Associated Press coverage of 60 stocks the market's new top stood at 47.4, an advance of .5 of a point over Friday's close.

Factors in Rise

Analysts said that although the firm tone of trade news afforded a background for the rise, the continued pressure of surplus money in search of profitable work was likewise a factor.

Opinion was split concerning the force in back of the demand for utilities. Some said it was a belated response to the house vote against the holding company "death sentence." Others put the buying down to the further rise in power consumption and to earnings reports showing favorable net returns.

Consolidated Gas led the utilities procession with a rise of 2 points to 31 3/4, a new high for the year. Gains of 1 or more points were registered by American and Foreign Power at 6 1/4, American Power and Light at 7, Columbia Gas and Electric at 9 3/4 and Southern California Edison at 20 1/8. Preferred shares of some of these issues did even better.

# Water Color Paintings Of Iowa City Bridge Displayed at Cornell

## Among the features of the art exhibit at Cornell college, Mt. Vernon, are two water color paintings of Iowa Avenue bridge here. Art works will be displayed in the law building there from 2 to 5:30 this afternoon.

Sketches of the bridge were done by Frances Keeler, Mt. Vernon, and LaVerne Robbins, Lisbon, members of the Cornell summer colony outdoor sketching class under Nama Lathe, Cornell art instructor. The class used both charcoal and water colors, choosing as subject materials scenes in Mt. Vernon, Lisbon, and surrounding farmlands.

Mrs. H. R. Latimer of Mineral Wells, Tex., swallowed a pin 66 years ago. A doctor recently removed it from her right side.

# DIES SOLACING DEAD

BARI, Italy, (INS)—Called to administer last rites to a dying villager nearby, elderly Father Vincenzo Storelli rose at sunrise, travelled several wearying kilometers by donkey-cart to San Ferdinando. Tired and ill, Father Vincenzo arrived just in time to anoint the villager, Giovanni Scannichio, with holy oil. He intoned a benediction and dropped dead, victim of a heart attack a few seconds after Scannichio had passed away.

Accumulating sawdust at the Oklahoma sub-prison at Stringtown was a problem. An old prisoner experimented and now the institution can turn out two tons of sweeping compound a day.

# 2,000 MILES BY CANOE

MOSCOW (INS)—A 2,000-mile journey in canvas canoes has been accomplished by five Soviet Russians. Although hindered at times by storms, snow and dangerous rocks in the water, they made the trip in 40 days. Their route was from Sverdlovsk, in the Ural Mountains, to Moscow.

# Begin Construction Work On New Patton Country Place

Professor Builds French Provincial Manor on Park Road

Construction work on a new country place on Park road for Prof. Odis K. Patton of the college of law and Mrs. Patton will begin soon, according to Henry L. Fisk and his associate, Paul C. Ruth, Iowa City architects who designed the place.

The home, which is to be L-shaped and French provincial in type, is to be situated on a three-acre wooded plot of ground with a view toward the Iowa river.

An entrance court will lead to each side of the house. The central portion, two stories high, will be adjoined by two one-story wings on the east and the south. At the south end of the south wing will be placed the garage, in direct approach to the entrance court.

A circular tower in the southwest corner, a living room, dining room, kitchen, library and adjoining bedroom will comprise the first floor of the central portion of the home. In the south wing will be located a library and a bedroom, connected by a bath.

The terrace outside the living room and the floor of the arcade, which links the cottage and the home, will be in brick. In the entrance court will be found flagstone walks. The windows will have steel sashes, and copper flashings and piping will be used wholly.

Built-in facilities will be found in the kitchen, where a large window overlooks the river. An incinerator opens from the kitchen entry.

A direct system of humidifying and filtering the air will be contained in the indirect forced air system to be used; provision will be made for a future cooling system.

In the plans the dimensions of the home as set out are 107 feet in length from the west side of the cottage to the east end of the living room wing, and 65 feet from the north side of the main portion to the south side of the garage and court.

M. D. McCree of Iowa City is the contractor of this place, which is expected to be completed in December.

# S. U. I. Scientists Claim Key To Detection of Tuberculosis

(By the Associated Press)

University of Iowa scientists believe they have found a key to swift detection of tuberculosis and heart disease among children.

Research workers in the anthropometry laboratories here have established a system for measuring physical condition and efficiency.

By taking simple measurements they believe they have found important clues to heart and lung disorders, in addition to problems of weight.

Prof. C. H. McCloy says the measurement of lung capacity is a reliable index to the condition of the heart and lungs. He has found that if the lung capacity is 10 per cent below normal, it is likely that the person has a heart or lung disorder.

If the lung capacity is 15 per cent or more below normal, the man is virtually certain to have one of these disorders, says Professor McCloy.

By using this measurement alone, the scientist believes that school instructors could single out cases of tuberculosis and heart disease among children who ordinarily would pass as normal.

"If these could be referred to the family physician for early diagnosis," said Professor McCloy, "and treatment, the chances of effecting a cure are good."

The scientists have also conducted extensive studies on body weight and its relation to general health and physical condition. "The man or boy who is under weight," says Professor McCloy, "is far more like-

# Compromise On Utility Bill Seen on Hill

## WASHINGTON, Aug. 3 (AP)—Speculation over a compromise on the deadlocked utility bill rose high today as Chairman Wheeler (D-Mont) of the senate interstate commerce committee, accompanied President Roosevelt on a week end fishing trip.

Wheeler, chief advocate of outright abolition of "unnecessary" holding companies, holds the key to the solution of the deadlock between the house and senate over the "death sentence" clause. He had suggested yesterday the possibility of working out a compromise.

While the president conferred with the Montana senator, the two lobby committees which have been providing much of the fireworks for the hotly disputed controversy were in recess, both probably until next Tuesday.

Wheeler will confer early next week with his senate conferees on the utility bill to determine whether they will yield to the house on the utility bill and exclude Ben Cohen, administration aide, from the sessions. It was generally expected that they would give in, in an effort to save the utility measure.

# Hallmark Murderer Seeks Salvation In Catholic Religion

## PEORIA, Ill., Aug. 3 (AP)—Gerald Thompson, sentenced to the electric chair for the murder of Mildred Hallmark, today turned to his victim's religion for solace after an hour's conversation with the Rev. Father M. P. Sammon.

Thompson summoned the pastor of St. Bernard's church to visit him in his cell, although he formerly was a member of a Protestant church.

When his grandparents were taken to his cell later he could scarcely speak to them because of his emotion.

He physical danger in being over weight unless the person is 40 or more years of age.

"The common belief that it is perfectly normal for a man to get heavier as he grows older is the bunk," says Professor McCloy. "Statistically, it is true that over weight is most common in the older age bracket, but physically it is more dangerous after the age of 40 than before."

The scientists determine what the normal condition should be by various physical measurements correlated by mathematical equations. They regard the old method of determining weight by computing age, height and sex as obsolete.

In weight determination the scientists measure chest, knee, and hips. With these four measurements they determine what a person's normal weight should be, thus taking into account his physical build. Measurements also include the total amount of fat in comparison to muscle on the body.

# Bonds Steady

## Although the majority of the industrial managed moderate advances, a few distinguished themselves. Advances of 1 or more points were scored by American Can at 14 1/2, American Tobacco "B" at 100, Bethlehem Steel at 36 3/8, International Harvester at 52 1/2, U. S. Steel preferred at 99 3/4 and Westinghouse at 64 1/8.

Bonds were steady, marked by rises in a scattering of medium-priced issues and quiet among the low yield obligations.

Foreign exchanges were virtually unchanged with the exception of the guildler which advanced .04 of a cent to 87.92 cents.

Wheat closed about 5-8 to 7-8 cents a bushel lower, while corn gave up about 1/2 to 1-1/8 cents a bushel. Cotton finished 25 cents a bale lower to 15 cents a bale higher.

# STORMY LOVE

A YOUNG NAVY MAN'S ROMANCE BY BELLE BURNS GROMER

## CHAPTER 47

TOWARD late afternoon of the day he and Lia went trout fishing. Val cleaned their catch and placed them on fern beds in their creels. That accomplished, the two trudged back to the cabin for their evening swim. Presently Lia in bathing suit, a red bandana tied about her blue-black hair, came out onto the porch. The phonograph was playing and in a gay mood, she lifted slim arms above her head, and danced on tiptoe and with an exaggerated motion of her slender hips.

"I am Minnie the Mocher," she called to Val just sliding into his suit, "and no beautiful bronzed Adonis can beat me to the center of the lake."

"Oh, he can't, can't he?" he cried. "Well, here he comes to give you a spank for good measure—"

With a gurgle of excited laughter the girl sprang down the steps and darted toward the float to fling herself in a slim curve into the deep waters. Close on her flying heels Val plunged in and started, as pursued as she dived, doubled, and eluded him under water. She was a clever dodger and it was minutes before he finally caught her small squirming body in a firm clasp. Laughing helplessly, panting from their exertions, they clung together, keeping themselves afloat. Her face was close to his, her body pressed so tightly against his side that he could feel the pound of her heart. Her black eyes glistened with little bright sparks of laughter that were still defiant. And then suddenly, impulsively, he leaned to crush his mouth against her red, half-opened lips.

He saw her eyes widen, a strange, exultant light leap in their depths. He released her abruptly and they swung apart. Then, with a second, they set out on their swim, the rhythm of his finely-muscled body adjusted to hers as they cleaved the water in long easy strokes.

Back at the cabin once more, sleek haired and freshly clothed, they went about the task of preparing dinner. They had little to say to each other; but tonight, for the first time in days, Val found himself free of the nagging urge for a drink and a strange excitement mixed with elation coursed through his veins.

While Lia laid the table the phonograph played last year's song hits and he found himself singing with them as he gave an expert hand to frying the brook trout that had been rolled first in flour, then in corn meal; when they were a crisp, golden brown he served them sizzling hot with corn bread, buttered string beans, fruit and black coffee. Food fit for a rajah, an emperor, a conqueror—

With darkness the mountain chick crept down. Stretched on the wide couch before the fire, drowsy from dinner and his day in the sun and wind, Val lounged smoking. Nearby, Lia sat relaxed in an arm chair and as she stared at the burning logs, her slow southern voice touched lightly on various events in her short life. These last few evenings—probably as an outlet after her days of enforced silence—she had spoken of summers at Virginia Beach and stayed in Nassau when many men had pursued and Aunt Julia Lee had permitted acquaintance with none. It seemed strange to think of Lia in these places. Somehow, he had pictured her always in the moldy old house and garden on the Ashley, though now that he thought of it, he recalled that she had once told him that she and her aunt, Julia and Garenne, had sometimes traveled a little.

"On these past evenings, however, he had been too engrossed in his own thoughts to pay much attention to her ramblings. Indeed the only part of her idle recollections that had etched itself sharply in his mind was an incident during her year at school in small southern seaport.

"During the Easter vacation before graduation, one of the students had

# Professor Builds French Provincial Manor on Park Road

Construction work on a new country place on Park road for Prof. Odis K. Patton of the college of law and Mrs. Patton will begin soon, according to Henry L. Fisk and his associate, Paul C. Ruth, Iowa City architects who designed the place.

The home, which is to be L-shaped and French provincial in type, is to be situated on a three-acre wooded plot of ground with a view toward the Iowa river.

An entrance court will lead to each side of the house. The central portion, two stories high, will be adjoined by two one-story wings on the east and the south. At the south end of the south wing will be placed the garage, in direct approach to the entrance court.

A circular tower in the southwest corner, a living room, dining room, kitchen, library and adjoining bedroom will comprise the first floor of the central portion of the home. In the south wing will be located a library and a bedroom, connected by a bath.

The terrace outside the living room and the floor of the arcade, which links the cottage and the home, will be in brick. In the entrance court will be found flagstone walks. The windows will have steel sashes, and copper flashings and piping will be used wholly.

Built-in facilities will be found in the kitchen, where a large window overlooks the river. An incinerator opens from the kitchen entry.

A direct system of humidifying and filtering the air will be contained in the indirect forced air system to be used; provision will be made for a future cooling system.

In the plans the dimensions of the home as set out are 107 feet in length from the west side of the cottage to the east end of the living room wing, and 65 feet from the north side of the main portion to the south side of the garage and court.

M. D. McCree of Iowa City is the contractor of this place, which is expected to be completed in December.

# NONSENSE

# Services Resumed At Mennonite Mission

## Norman Hobbs announced yesterday that regular services will be resumed today at the Mennonite mission.

Since Bishop C. F. Dertine of Kitchener, Ont., is presenting a series of addresses at Wellman, no evening service will be held in order that people may attend the tent meeting there.

# Water Color Paintings Of Iowa City Bridge Displayed at Cornell

## Among the features of the art exhibit at Cornell college, Mt. Vernon, are two water color paintings of Iowa Avenue bridge here. Art works will be displayed in the law building there from 2 to 5:30 this afternoon.

Sketches of the bridge were done by Frances Keeler, Mt. Vernon, and LaVerne Robbins, Lisbon, members of the Cornell summer colony outdoor sketching class under Nama Lathe, Cornell art instructor. The class used both charcoal and water colors, choosing as subject materials scenes in Mt. Vernon, Lisbon, and surrounding farmlands.

Mrs. H. R. Latimer of Mineral Wells, Tex., swallowed a pin 66 years ago. A doctor recently removed it from her right side.

**BITS ABOUT SPORTS**

by Art Snider

IF THE Boston Red Sox should get anywhere in the American league race, and they probably will, a good share of the glory would have to go to "Lefty" Grove. With the season already past the halfway mark, Grove, "the man who came back," yesterday turned in his eleventh victory, an outstanding achievement when one considers that a year ago he was barely able to throw the ball to the plate.

Instead of depending upon a "fire ball," Grove has developed a slower, easy style to carry him along the comeback trail. Yesterday he whiffed eight Philadelphia A's and gave up only seven hits, three hits in the nine innings and four more in the tenth and eleventh frames. Grove hopes to attain 20 victories this year, a deed that would gratify Tom Yawkey, who spent thousands of dollars in buying him from Connie Mack.

**Tid-Bits**  
The "Browns, Boys' Club" has been organized by the St. Louis Browns for boys between the ages of 10 and 16. Membership buttons admit the wearer to all "home" games except those played on Sunday. . . Expert fishermen in all parts of the country mourned recently the death of Joe Schuster in St. Louis. . . Joe supplied them with fly casters, bass and trout lures. . . Former Presidents Hoover and Coolidge used flies made by "Little Joe" and his products were sold in most city sporting goods stores.

Coach Ossie Solem has returned from his summer camp in Minnesota for a short period. . . Hans Lobert, coach of the Phils, is no lobby but he always wears a wrist watch while on the coaching lines. . . Sixty candidates are expected to report in Bloomington for the opening of Indiana's football practice season Sept. 10. . . There will be 18 returning let-terms, most of them back-field men. . . Reed Kelso, captain and center, heads the list. He is an outstanding place-kicker.

Justin (Sam) Barry, former Iowa basketball and baseball coach and now cage mentor at the University of Southern California, is expected to arrive here today for a short visit. . . He will aid at the Indiana coaching school soon and then will return here for a longer visit. . . Marchie Schwartz, director of athletics and head football coach at Creighton, is believed to be the youngest man holding a similar position in any major college or university in the United States. . . The former Notre Dame all-American was 26 years old last March.

Illinois officials have set the price of the Iowa game Oct. 26 at \$2.29. . . It will be the Illini Dad's day. . . The last football game between Illinois and Iowa was at the dedication of the Iowa stadium in 1929 and resulted in a 7 to 7 tie when Bill Glasgow and Doug Mills both scored touchdowns after long runs. . . Coach Bob Zuppke has ordered light-weight jerseys for use of the Illinois football players when they play Southern California at Los Angeles in October.

**HOLE-BY-HOLE DESCRIPTION OF GOLF COURSE**

No. 1—350 yards. Par 4. Blind drive over hill, gully to left will catch wide hook. Green on hill, unguarded.  
No. 2—340 yards. Par 4. Easy get-away. Large green with trap to left and big tree at right-hand corner.  
No. 3—160 yards. Par 3. Mashie pitch over two gullies to well-guarded green. Trees and heavy rough to right of green.  
No. 4—330 yards. Par 4. Out-of-bounds and heavy rough to right. Second shot to unguarded green always blind.  
No. 5—225 yards. Par 4. Easy par. Out-of-bounds to right. Green on hill. Traps behind green.  
No. 6—450 yards. Par 5. A "make or break" hole. Out-of-bounds to right. Long hitter can get home in 2. Second shot blind down steep hill.  
No. 7—165 yards. Par 3. Long iron shot, all carry. Steep bank leading up to green. Green bank in rear with no trap trouble.  
No. 8—530 yards. Par 5. Horse shoe dog-leg to right. Woods and heavy rough will catch sliced drive.  
No. 9—220 yards. Par 3. Full iron shot over double gully. Green guarded on both sides, a tough finishing hole.

**Louis Finishes Training For Levinsky Bout**

CHICAGO, Aug. 3 (AP)—Stollie Joe Louis came to the end of a three week training siege tonight, ready to all appearances, to continue his devastating march through the heavyweight division at the expense of Chicago's King Levinsky next Wednesday night at Comiskey park.  
After watching the Brown Bomber belt five sparring partners around and out, observers figured that Louis amounted to a 3 to 1 favorite to win his twenty-fourth consecutive professional battle. With his spectacular triumph over Primo Carnera only three weeks behind him when he started training, the Detroit Negro had no trouble getting into condition.  
If anything, he reached top form a little ahead of time. He scaled 193 pounds today, three and one-half pounds under the weight he hurled against Carnera. For that reason, his training maneuvers, which were to have continued through Monday, were halted today.  
Regardless of what Louis and Levinsky accomplish, or fail to do, in the ring, the battle, Chicago's most significant heavyweight offering in several years, seems certain of doing all right financially.  
Promoter Joe Foley said the cash advance had reached \$90,000 tonight. With a potential heavyweight champion of the world, Louis, and the Kingfish, who has his following, in action, fight night is expected to find a crowd of 50,000, which would mean a gross gate of around \$200,000, on hand.  
**Denmar Miller Wins Des Moines Golf Title**  
DES MOINES, Aug. 3 (AP)—Denmar Miller, former state amateur champion, today won the Des Moines city golf title by defeating Gilbert Phillips 4 and 3 in their 36-hole final match. It was the third Des Moines Championship for Miller.

**100 Expected To Compete For Crown**

**Qualifying Round Starts Tomorrow At Country Club**

Some 100 Iowa City golfers, representing Fairview, Finkbine, and the Country club courses, will tee off in the 18 hole qualifying round starting tomorrow at the Country club for The Daily Iowan's first annual all-city tournament. Those unable to compete tomorrow will do so either Tuesday or Thursday of this week.  
Following are the rules to be followed as announced by Don Young, golf professional and chairman of the tournament committee:  
Entrant must have card signed by club professional or caddy master before playing. Cards must be attested by another competing player. Qualifying cards will not be accepted under any other conditions. A 50 cent fee will be charged for the qualifying round.  
Low 32 scores will enter the championship flight. In case of ties for the thirty-second place, the tying contestants will play off the tie next Sunday at 2 p.m. All tying players will start at the No. 1 tee and continue playing until the necessary number is eliminated.  
Next 32 low scores following the championship flight will enter the "B" flight. In case of ties for the thirty-fourth place, contestants will play off the tie next Sunday at 2:15 p.m. All tying players must start at the No. 1 tee and continue play until the necessary number is eliminated.  
Nearly 90 have signed for the tourney and with those mailed yesterday yet to be counted in, more than 100 are expected to compete.  
Following are the entries received:  
Flave Hamborg  
Dick Norris  
Guy Ogle

**RECEIVES SLANTS OF GUNIA AND OTTO**

JOE MAHER

**Oilers Face Newton All-Stars In Non-Loop Tilt Here Tonight**

Ebert Returns To First Base; Lefty Gunia to Pitch  
Bolstered by the return of John Ebert, husky first baseman, the Kelly Oilers will be hosts to the Newton All-Stars in a non-league game tonight at 8:30 o'clock.  
The Newton aggregation has won 27 games this year while losing only seven. One of their victories was registered at the expense of Tilden of Ames, a member of the Iowa association.  
With Ebert back at the initial sack, the Oiler lineup will undergo a slight alteration. Ed Sulek will move back to his left field post and Jerry Pooler will move over to short field. The remaining lineup will be the same.  
Manager Ted Watkins said yesterday Joe Gunia would be on the mound for the locals. In his last performance, Gunia stopped Marshalltown, 2 to 1.  
The probable batting orders for tonight's game are as follows:  
**OILERS**  
Pohoski ..... 3b 1b  
Maher ..... c lf  
Nelson ..... 2b cf  
Smith ..... cf rf  
Sulek ..... lf 2b  
Pooler ..... ss 3b  
Ebert ..... 1b ss  
Belger ..... ss rf  
G. Dvorsky ..... lf c  
Gunia ..... p p

**Maroons Will Compete In Wilton Meet**

The Iowa City Maroons will go to Wilton today to play in the Wilton league tournament. In the pairing the Maroons are scheduled to play their first game with the Pomers Coal company of Davenport. Other well known teams that are playing in the tournament are John Deere of Waterloo, Red Jackets of Davenport and the Cedar Rapids Indians.  
Manager Mel Schreiber has announced the probable starting lineup for the locals as follows: L. Lind, ss; Carlton, cf; Christensen, p.  
**A Good Lunch and a Good Drink are ready for you at RACINE'S**

**Big Bill Secl-Jovial and Strong**

**Cedar Rapids Senior to Play 3rd Year at Guard**

(This is the ninth in a series of short articles concerning University of Iowa football players who will help carry Old Gold colors through the 1935 campaign.)  
By ART SNIDER  
Cedar Rapids has sent numerous athletes to the University of Iowa—Don Hines, Craven Shuttleworth, Jerry Kriz, and others—but they think William Secl ranks on par with them all. "The outstanding lineman on the field" was the tribute paid him by coaches and critics in the Northwestern game of 1933—the first of his career. At the right guard post, Secl literally ripped up the Wildcats in a sparkling Big Ten conference debut. It was chiefly through his holes Crayne went spinning for gains of 10 to 30 yards on each attempt. He looked every bit an all-conference guard on that afternoon.  
Too Good-Natured  
But Secl has never reached that summit since. The reason is an unusual one. Bill is too good-natured. Coach Solem is hoping that just after the start of each game this fall someone will come crashing into him and arouse him to an effective use of his prodigious strength. He's been invariably good-natured for the last two years and fans are wishing that this season he develops a bitter hatred for the opposition and remembers a football field is a fighting arena.  
Secl has every qualification to become a great guard. He is heavy, fast and exceedingly strong. His legs are powerful enough to give this human projectile a devastating momentum.  
Last Season  
This season drops the curtain down on the 200-pounder's career and he'll be eager to end it in a proverbial blaze of glory. Upon his performance depends a great deal of Iowa's hopes.

WILLIAM SECL  
IOWA GUARD

**Girls Compete At Coralville**

A girls' softball tournament, starting at 1 o'clock, will be staged at Coralville this afternoon. The games in the first round are Solon vs. Hills; Tiffin vs. Kalona, and Coralville vs. Riverside.  
Ray Billows, "Cinderella Kid" winner of the New York state amateur golf title, like Sam Parks Jr., keeps a notebook with jottings on every hole of a tournament course.

**I.O.O.F. Nine Meets West Liberty Today**

Iowa City Odd Fellows' baseball team will travel to West Liberty this afternoon for an Eastern Iowa Atlas Prager league game. Either "Kootch" Smith or Paul "Boney" Clark will be on the mound for the locals and the rest of the lineup will be the same. The game had been carded for the City park but West Liberty officials asked to have the game transferred because of a special picnic in West Liberty.

**Strafaci Wins Golf Tourney**

**Defeats Joe Coria In Finals of National Public Links Meet**

INDIANAPOLIS, Aug. 3 (AP)—The smallest boy became the biggest man today when 18-year-old Frankie Strafaci, Brooklyn high school boy, stepped up before cheering thousands and was crowned king of the public links golf players of the United States.  
Frankie, the schoolboy king, crowned himself with a putter, dropping in a treacherous downhill putt from six feet on the thirty-seventh hole of one of the most exciting finals in the championship's history to defeat Joe Coria, the "kid" cop from St. Paul, who had his man handcuffed once and then let him escape with the plunder after a great chase.  
Putting cost Coria his second chance in two years for the crown. In the morning, he three-putted away wins on the first two holes, but went to a 2 up lead at the turn with dead pitches. Coming home, the gallant little prep student, who even took off his shoes and stockings and waded up to his knees in a moss covered pond in a futile attempt to save one hole, came back after losing the tenth to square the match on the final green.  
Ray Billows, "Cinderella Kid" winner of the New York state amateur golf title, like Sam Parks Jr., keeps a notebook with jottings on every hole of a tournament course.

Tires may look alike on the outside, but on the inside where blowouts start, they are different. Firestone Tires are made blowout-proof by Gum-Dipping, a patented extra process which soaks every cotton cord and insulates every strand with pure liquid rubber. In fact, every 100 pounds of cotton-cords absorb eight additional pounds of liquid rubber. This special process prevents internal friction and heat, the main cause of blowouts. No other make of tire is Gum-Dipped, yet you pay no more for Firestone blowout-proof protection than you are asked to pay for tires built without this patented safety construction feature.

# Detroit Takes Doubleheader From Cleveland, 6-5, 7-3

## Rowe Receives Credit For Both Victories

### Hurls 1 Frame In 1st Game; Greenberg Hits Two Homers

DETROIT, Aug. 3 (AP)—Lynwood (Schoolboy) Rowe added two games to his winning record today at the expense of the Cleveland Indians. The Tigers took the first after 12 innings, 6 to 5, and the second, 7 to 3.

The Schoolboy entered the first game in the role of a pinch hitter and pitched only one inning before Ray Hayworth crossed the plate with the winning run.

Eldon Auker stayed for nine innings against the Indians in the first, allowing 11 hits. He was relieved by Hogsett in the tenth, and Rowe took over the task in the twelfth. Hudlin and L. Brown pitched the first game for Cleveland, Brown being charged with the loss.

"Hank" Greenberg added two home runs to the record in the first game, blasting off his twenty-ninth of the season in the fourth inning and his thirtieth in the eighth.

## Hits 29th and 30th

Hank Greenberg

## Red Sox Beat Mackmen, 5-4

### Count Twice in 11th; Lefty Grove Wins 13th Game

BOSTON, Aug. 3 (AP)—The Red Sox made a habit of coming from behind today and whipped the Philadelphia Athletics 5 to 4, scoring two runs in the eleventh.

Lefty Grove pitched the whole distance for the Red Sox and registered his thirteenth victory.

He fanned eight and walked three in holding his former team mates to seven hits, four of which were made in the two extra innings.

He fanned eight and walked three in holding his former team mates to seven hits, four of which were made in the two extra innings.

## Cubs Avenge Shut-out By 11 to 3 Score

### CINCINNATI, Aug. 3 (AP)—Stung by yesterday's shut-out, the Chicago Cubs turned the full fury of a clawed attack upon the Cincinnati Reds today, routing four pitchers from the mound with 17 hits and winning 11 to 3.

Two big innings netted nine of the runs, the third and eighth. In the third, Galan, who beat out a bunt to first and advanced to second, romped home on Cavarretta's tenth triple of the season; O'Dea doubled, scoring Cavarretta, while singles by Klein and Hack put O'Dea and Demaree across the plate. Five more runs came in the eighth.

## Giants Turn Back Braves, 3-2

### Parmelee Nips MacFayden In Hurling Duel

#### New York Team Rallies in 7th to Score All Runs

NEW YORK, Aug. 3 (AP)—With Leroy Parmelee shading Danny MacFayden in a pitching duel for his twelfth victory of the year, the New York Giants kept intact their National league lead today when they turned back the Boston Braves for the second straight day. The score was 3 to 2.

For six innings Parmelee and MacFayden pitched on even terms, hurling scoreless ball. In the seventh, however, the Giants broke loose, pounded three hits, drew three walks and, before the last of the nine men to face MacFayden during the inning was retired, had scored all of their runs.

## H. Coggeshall, Smalley Meet In Net Finals

### CEDAR RAPIDS, Aug. 3 (AP)—Harris Coggeshall of Des Moines and Carl Smalley of Austin, Tex., reached the finals of the Middle States tennis tournament here Saturday and will battle for the title Sunday afternoon.

Coggeshall defeated Charles Fleming of Cedar Rapids, 6-0, 6-1, 6-1, while Smalley advanced by downing Ed Davis of Peoria, Ill., 6-2, 3-6, 6-0, 6-2.

Betty Butler of Des Moines won the women's singles championship by turning back Thelma Kenefick of Eagle Grove, defending champion, in the final Saturday afternoon, 7-5, 10-8.

The men's doubles semi-final round was halted by darkness after George Dullmage of San Antonio, Tex., and Smalley had reached the finals by trimming Dick Rugg of Waterloo and Dick Goepel of Davenport, 9-7, 6-0, 6-3. In the other semi-finals match Coggeshall and Ben Beckerman of Des Moines were tied with Davis and Ken Black of Peoria, defending titlists, at two sets each, when darkness fell. The draw will be played off tomorrow morning.

### Ken Cline Meets Van der Zee in Finals

#### SHENANDOAH, Aug. 3 (AP)—Ken Cline of Iowa City, defending champion, advanced to the final round of the southwest Iowa tennis meet at the Southmoreland Country club here Saturday. He will meet Alf University of Iowa teammate, John Van der Zee of Iowa City, Sunday for the title.

Cline turned back John Fletcher of Des Moines, another Iowa university star, in his semi-final match, 6-1, 7-5, 6-1. Van der Zee downed Joe Robinson of Red Oak in straight sets, 6-4, 7-5, 6-3.

## Johnson to Find Out Managerial Future In Conference Today

### CLEVELAND, Aug. 3 (AP)—Walter Johnson, the "Big Train" of the major leagues, will learn tomorrow whether his career as manager of the Cleveland Indians has run its course.

Alva Bradley, president of the baseball club, who returned last night from a lengthy conference with Johnson in Detroit, said today that if the Indians are to have a new skipper, he would not be named until tomorrow night "at the earliest."

### Gomez Ends 4-Game Losing Streak In Ninth Victory

#### WASHINGTON, Aug. 3 (AP)—Pounding four pitchers for 18 hits, including three doubles, a triple and Frank Crosetti's eighth home run of the season, the New York Yankees made it two in a row over the Washington Senators today with a 13 to 2 victory.

The Yanks scored 11 of their runs in clusters, counting four times in each of the first and fifth frames and three in the ninth when Crosetti delivered his homer with two mates on base. Gomez won his ninth game.

### Parker Repeats Meadow Club Court Triumph

#### SOUTHAMPTON, N. Y., Aug. 3 (AP)—Hustling Frankie Parker, who only a few years ago was a ball-boy in Milwaukee and now ranks fourth in the nation, turned in his second repeat triumph of the 1935 eastern tennis circuit today when he won the Meadow club's invitation tournament for the second successive year.

The 19-year-old New Jersey schoolboy scored his "double" at the expense of the veteran J. Gilbert Hall in straight sets, 7-5, 6-4, 6-1. A few weeks ago he successfully defended the Spring Lake invitation trophy.

The youth who turned down an invitation to be a member of the 1935 American Davis cup team had to pull up from behind in both the first and second sets, aided by a disastrous tactical change on Hall's part before he subdued his rival.

6-4, 7-5, 6-1. Van der Zee downed Joe Robinson of Red Oak in straight sets, 6-4, 7-5, 6-3.

## Yanks Take 2nd Straight Win From Washington Nats, 13-2

### Gomez Ends 4-Game Losing Streak In Ninth Victory

#### WASHINGTON, Aug. 3 (AP)—Pounding four pitchers for 18 hits, including three doubles, a triple and Frank Crosetti's eighth home run of the season, the New York Yankees made it two in a row over the Washington Senators today with a 13 to 2 victory.

The Yanks scored 11 of their runs in clusters, counting four times in each of the first and fifth frames and three in the ninth when Crosetti delivered his homer with two mates on base. Gomez won his ninth game.

6-4, 7-5, 6-1. Van der Zee downed Joe Robinson of Red Oak in straight sets, 6-4, 7-5, 6-3.

### Jack Lovelock Beaten Again

#### GLASGOW, Scotland, Aug. 3 (AP)—For the second time in three weeks, Jack Lovelock was beaten at the mile today by the 20-year-old English club runner, Stanley Wooderson.

Matched against Lovelock again in a special invitation one mile handicap, Wooderson defeated the New Zealander by nine-tenths of a second, running the eight furlongs in 4:17.4.

Kress to Meyer. Left on bases—New York 8, Washington 7. Bases on balls—Gomez 2, Hayes 2, Pettit 1, Coppola 1. Strikouts—Gomez 2, Hayes 1. Hits off—Hayes 4 in 1; Linke 6 in 4; Pettit 3 in 2; Coppola 5 in 2. Losing pitcher—Hayes.

## Pitts Assured Of Albany Job For Next Year

### ALBANY, N. Y., Aug. 3 (AP)—Assurances that he need have no unemployment worries for at least another year were received today by Edwin C. (Alabama) Pitts, former Sing Sing athlete, whose recent successful attempt to join the Albany club of the International League was cause celebre of organized baseball.

Pitts received a telegram today from Joe Cambria, owner of the Albany club, saying "not only will you finish the season with Albany but you are to be taken south next spring. I am more than pleased with the progress you are making, and am confident you will hit close to .300 next year."

Pitts' batting average is only .117 and reports had been circulated that he would be transferred to the Harbinger club of the New York-Pennsylvania league.

## Chisox, St. Louis Battle to Tie Score

### CHICAGO, Aug. 3 (AP)—The Chicago White Sox and St. Louis Browns struggled through two hours and 22 minutes of baseball today to no avail, the second game of the series being called at the end of the tenth inning because of rain and darkness with the score tied at fall

Convict Breaks From Illinois State Prison

Authorities Believe Gunman Walked Out As Visitor

JOLIET, Ill., Aug. 3 (AP)—Henry "Midget" Fernekes, 38, diminutive quick-shooting gunman accused of at least five murders and a dozen bank robberies was missing from his cell in the state penitentiary tonight.

Fernekes, serving a 10 year to life sentence for the robbery of the Inland Trust and Savings bank in Chicago was described at the time of his arrest a decade ago as "a gunman who could give Gerald Chapman and Tommy O'Connor lessons in both shooting and robbery."

Freed of Death Verdict At one time sentenced to hang for the slaying of Michael Swintowski, an official of the Inland bank, Fernekes won a new trial from the supreme court, and was later freed of the death verdict and sentenced for robbery.

The gunman, who was given the name "midget" because of his size—he was five feet three inches tall and weighed only 140 pounds—was missed during a daily check of prisoners.

While awaiting trial in Chicago for the slaying of Swintowski, Fernekes attempted to escape from the Cook county jail by blowing out a part of the jail with dynamite.

Arrested in 1924 Police squads arrested him in 1924 as he sat in a Chicago library, reading a book on chemistry—two loaded automatic pistols in his pockets. He admitted that he was attempting to find something that would open safes without an explosion and also an acid bomb to blind his robbery victims.

Three Iowans After Federal River Money

DES MOINES, Ia., Aug. 3 (AP)—Three Iowans will leave Wednesday for Washington, D. C., in an effort to obtain federal approval for the proposed \$12,500,000 project to make the Des Moines river navigable.

They are L. S. Hill, Des Moines postmaster and acting WPA administrator; Alex Fitzgugh, secretary of the Greater Des Moines committee and Horace A. Brown, Ottumwa.

In Washington They also will file in Washington, resolutions approving the project passed by the Iowa state planning board, the state conservation board and other state civic organizations.

The Iowa Farm Bureau federation also has granted approval of the project in view of the equalizing effect navigation of the river will have on competitive freight rates on farm products, Fitzgugh said.

The project probably would provide employment for more than 7,000 men for a two-year period, it was estimated.

Name Foreign News Writers State Enemies

BERLIN, Aug. 3 (AP)—Foreign correspondents were placed in the same category with "state enemies" by Wilhelm Frick, minister of the interior, in a speech at Essen tonight.

The speech was a warning delivered against everyone deemed anti-Nazi. An address along the same lines was delivered by Minister of Justice Hans Frank at Cologne.

Frick ripped into the correspondents, Catholics, Jews, Steel Helms and Freemasons. Sterilization, he said, would be enforced among Catholics while the "Jewish question will slowly be got rid of as the Nazi program foresees. It will be legally eliminated. I want to warn against individual action which only harms us."

Rejecting the Vatican protest against sterilization as being against the laws of God, he asserted any law which created healthy people is "God's law." The law, he declared, is not in violation of the concordat with the Vatican.

The attention of several foreign governments was directed today to the position of their nationals serving as press correspondents in Germany.

Diplomats communicated with their foreign offices after conferring among themselves about correspondents' personal safety and attacks upon them in the Nazi press.

South Boosts Frank Thomas Into Lead For All-Star Coach

CHICAGO, Aug. 3 (AP)—A huge vote from the "solid south" today boosted Frank Thomas of Alabama, back into the lead in the pool to name a head coach for the college all star football team which meets the Chicago Bears at Soldier field Aug. 25.

AROUND the TOWN with Bob Griffith

Competition The spirit of competition, at least in the beer business, is not dead.

Yesterday, in the downtown section, several beer parlors were offering specials in weinies, potato salads, and potato chips in an effort to draw trade. However, we're still waiting for an offering of extra special pretzels.

Drivers After granting more than 30 drivers' licenses during their three and one-half days stay here, Inspectors D. E. Kelly and R. W. Warren of the state automobile department left yesterday noon for Washington, Ia., to conduct similar examinations.

All told, about 10 persons were denied drivers' permits by the inspectors because of failure to meet the oral and visual requirements required by the state for automobile drivers. Persons who were unable to get permits during the examinations of the last few days, will be given an opportunity in the near future when the inspectors return, it was indicated.

A Year Ago Rural carriers will convene here in 1935. . . . New and used car sales show big increase over 1933. . . .

Plays "Hansel and Gretel" and "Breakfast" are the two plays which will be presented children at the Henry Sabin playground tomorrow at 7 p.m. under the direction of Margaret Mulholland, recreational center director.

Supreme Court Criticized For Murder Apathy

YREKA, Cal., Aug. 3 (AP)—The supreme court of the United States was criticized by District Attorney James Davis tonight in a statement concerning the lynching here of Clyde L. Johnson for the alleged slaying of Chief of Police F. R. Daw, of Dunsmuir.

Davis declared "uncontrollable unrest among the citizens," which he said led to the lynching early today, was caused by "apathy of the supreme court of the United States" and other federal courts in another recent police slaying case.

Hanged The district attorney issued his statement only a few hours after the 24-year-old Johnson was dragged bare footed from his cell in the county jail and hanged to a pine tree three miles from this mountain town.

The other case referred to by Davis was that of George Hall, now under sentence of death in Folsom prison for the slaying here two years ago of State Highway Patrolman Steve Kent and Lester Quigley, Yreka garage man.

Forty-Three Teams Compete Monday In State D-Ball Tourney

DES MOINES, Aug. 3 (AP)—Forty-three teams will compete in the third annual State Amateur softball tournament at the Drake stadium starting next Monday, according to the pairings announced today by E. O. (Bill) Williams of Drake, the manager of the meet.

Eighteen teams will compete in class A, 21 in class B and four in the girls' section.

A new state champion will be crowned in class A as the Patty Annes of Boone, the 1934 titleholder, did not enter this year's tournament. The Monroe commercial club, last year's class B champions, will defend its title.

Eight games will be played Monday night, eight Tuesday night, eight Wednesday night, eight Thursday night, five Friday night and the three championship games Saturday night.

McMurphy to Talk On New Zealand At Student Center

"Picturesque New Zealand" is the title of an illustrated lecture to be given at the Baptist student center at 7 o'clock this evening by John W. McMurphy, student in the political science department at the University of Iowa.

The New Zealand government tourist bureau has authorized the slides that will be shown.

Mr. McMurphy is a graduate of the University of Kansas and the University of Toronto, Canada.

Christian Church To Hold No Services

Because of the absence of the pastor, the Rev. Caspar C. Garrigues, the Christian church will hold no regular service this morning. Bible school classes, young people's meeting, and other services will be held as usual.

During the redecoration of the auditorium of the church, further announcement will be made regarding discontinuance of services.

Name Koser Candidate For Heights Mayor

Lee D. Koser will head a citizen's ticket in the election of officials for the newly incorporated town of University Heights next Thursday.

Beside Mr. Koser, a candidate for mayor, Prof. Harry H. Wade and G. B. Pearson will seek the offices of treasurer and assessor respectively.

Nominations for membership on the city council are John A. Nash, Prof. John W. Ashton, Prof. George Haskell, Mrs. Bess Fox, and Eric Wilson.

To date there are no other tickets in the field. The election will be conducted at the Koser residence.

Several weeks ago at a special election, the citizens of that area, bounded on the south by Melrose avenue and on the north by the Rock Island tracks, voted overwhelmingly in favor of incorporation.

The special election was approved recently by District Judge Harold D. Evans.

Receive Word Here of Death Of Daughter

Word was received here yesterday by Mr. and Mrs. Lou Rupenkamp, 120 E. Court street, of the death of their daughter, Laura, of Idaho Falls, Idaho, while vacationing with friends.

Miss Rupenkamp is survived by her parents, two sisters, Sister Mary Blanche and Sister Mary Callista of the Order of Humility, and three brothers, Wilbur of Downey, and Leo and Earl, both of Iowa City.

Funeral arrangements had not been completed last night.

Plan Funeral For J. Edle At Hills Church

Funeral service for John Edle, 61, pioneer resident of Johnson county, who died at his home south of Iowa City early yesterday morning, will be at St. Joseph's church at Hills tomorrow at 9 a.m.

Mr. Edle, who has been ill for nearly two years, is survived by his wife; a daughter, Martha; three sisters, Mrs. Jake Kline of Liberty township, Mrs. Rudolph Krall of Iowa City, and Mrs. George Knebel of Hills; and two brothers, Thomas of Iowa City and Hubert of Delta.

Burial will be in St. Stanislaus cemetery west of Hills.

Bohemian Lore Depicted On Iowa City Stage by Children

Shades of John Huss and John of Prague ambled about the spacious C.S.P.S. hall last night as V. J. Albrecht's young students interpreted in song and dance the Bohemia "that was" when that province of Austria-Hungary was a kingdom of Europe.

This program, which depicted for the large audience the melodies of the language that was spoken about the Elbe and the Moldau in days long gone, culminated a six week summer session conducted by "Jimmie," as Mr. Albrecht is known to his pupils.

Patriotic Note Striking a patriotic note in the opening number, a Slavic composition was rendered with feeling and emotion, as was "America," which was also included in the introductory chorus in which all the summer session group participated.

The spirited theme was repeated in the stage properties, the scenic and lighting effects.

Recitations Other numbers expressing the beauty of the Czech language included recitation . . . . . Larry Novy Zvez . . . . . Mrs. Sharda Recitation . . . . . Vladislav Tancac Tap dance . . . . . Marjorie Novy Divadlo . . . . . Summer session group Maly Hodina . . . . . Larry Novy Basnicky hromagne (play):

Characters Pjsek . . . . . Donald Reha Kociska . . . . . Dorothy Albrecht Konlecek . . . . . Le Roy Vanderburg Slepiska . . . . . Mary Danner Koboutek . . . . . David Danner Kokecks . . . . . William Albrecht Chorus . . . . . Summer session group

A Pastoral Play The concluding act, a pastoral play, introduced the folklore of Bohemia, which is picturesque in color and rich in charm. Suggesting the industries that flourished on the productive plains of old Bohemia, flax spinning, glass blowing, linen manufacturing, and printing were easily recalled by the Bohemian immigrants who packed the house and gallery of the hall.

As the drama unfolded, the simplicity and sincerity of Bohemian purposes, so aptly expressed by the young exponents, was revealed. Terminating upon the solemn yet joyous note of triumph, the patriotic was again predominant, as the youthful actors paused to unite their voices in the strains of "America."

Children enrolled in the summer session included Larry Novy, Donald Reha, Dorothy Albrecht, LeRoy Vanderburg, Mary Danner, Donald Danner, William Albrecht, Alice Kanak, Arthur Kanak, Arline Frygale, Joe Koudelka, Bob Palik, and Mary Novy.

Pretty Chicago Coed Found Working As Coney Island Barker

NEW YORK, Aug. 3 (AP)—Ann B. Sibley, pretty 21-year-old Chicago coed, was found working as a Barker in a Coney Island sideshow today exactly one month after she disappeared from Antioch college, Yellow Springs, Ohio.

"I learned more at Coney Island in one month than I did in a year at college," detectives quoted the girl as saying when she admitted her identity.

Her father, Joseph B. Sibley, is a Chicago attorney. Information given by Evelyn Hausman of Brooklyn, an unsuccessful applicant for the "lecturer" job on the boardwalk "museum," led to finding the missing college girl.

Miss Hausman recognized newspaper photographs of Miss Sibley and informed her brother, Salvatore Vinolo of Brooklyn. Vinolo addressed a letter to a New York newspaper saying he knew the girl's whereabouts, and it was through him detectives located her.

Marengo Man Wills \$500 To Coldren Home

The Mary O. Coldren Home for Aged Women yesterday received a \$500 bequest according to terms of the will of Isaac Scott, 73, bachelor farmer of Marengo, which was admitted to probate in Iowa county district court yesterday.

Beside the Iowa City bequest, Mr. Scott left \$100 to every Sunday school in Iowa county. The Methodist Episcopal church and Wesleyan church at Marengo each received \$1,000. The Presbyterian church there was granted \$500, and the Iowa-Des Moines Methodist conference benefitted to the extent of \$10,000.

Other bequests included \$500 each to the Iowa Methodist hospital in Des Moines, Methodist church at Koszta, Salvation Army and Sunshine Mission, both of Cedar Rapids, Iowa School for the Blind at Vinton; and \$1,500 to the Old Fellows home and orphanage and \$1,000 to Mrs. Margaret Scott, widow of Mr. Scott's brother.

No Alimony, Wife Jailed

Hubby Has Court Punish Mate Who Won't Keep Him

EAST ST. LOUIS, Ill., Aug. 3 (AP)—Milan Tatalovich today caused his divorced wife to be sent to jail because she did not support him.

The former East St. Louis grocer invoked the Illinois pauper-relative law. Three months ago Tatalovich, 66, appeared in county court, pleaded he was unable to find work and asked that his former wife be compelled to support him under the pauper-relative law. The court ruled she should pay \$15 a month after Tatalovich testified property formerly jointly owned by his wife and himself had been conveyed to their children.

Mrs. Tatalovich pleaded she had no funds and was on relief. The court, learning the property was rented, held her in contempt and sentenced her to 30 days in Belleville jail.

Motor Mishaps Take Lives Of Five Iowans

DES MOINES, Ia., Aug. 3 (AP)—Motor mishaps took the lives of five persons in Iowa in the last 24 hours. The dead:

Fred E. Rice, 25, Marshalltown, killed in Des Moines. Omar Moore, 27, Pipestone, Minn., killed near Washburn. Richard Marshall, 19, Omaha, killed near West Side. James Taylor, 35, Homestead, killed near his home. Donald A. Hunt, 45, Woodbine, killed near Batavia.

Rice, an Iowa liquor control commission employe, was fatally injured when he and William Hippee, riding in Hippee's car, collided with an automobile driven by F. J. Benolken. Moore, a truck driver, died of injuries suffered when his truck crashed onto a bridge near Washburn.

Marshall's body was found by other members of a Negro show troupe after he had apparently been hit by an automobile while walking along the highway. Three employes of the stage highway commission were riding in the car which struck Taylor as he was walking to his home last night.

Injuries suffered in a truck-car collision caused Hunt's death at Ottumwa.

Pedometer tests show it required 14.1 miles of walking to visit all of the exhibits at the San Diego exposition.

Moose Pick Iowa City For 1936 Meeting

Leo Kohl Elected To State Board Position At Lodge Convention

The Loyal Order of Moose will hold its annual state convention in Iowa City next year, according to word received from Mason City last night where the lodge is convening.

Local members indicated that the major part of the convention program will be taken care of at the proposed Moose summer home to be built at Lake Macbride state park in the near future.

Leo Kohl, member of the Iowa City lodge, was elected to the state board of trustees at yesterday's session in Mason City. There are six members on the board of the state lodge.

Iowa Citizens attending the convention are Mr. Kohl, Charles Smith, Jake Parker, Laurence Miller, George O'Harra, and Howard Stimmel.

Reginald Denny Files Bankruptcy Petition

LOS ANGELES, Cal., Aug. 3 (AP)—Reginald Leigh Denny, film actor, today filed a voluntary bankruptcy petition with the statement he was unable to "meet current obligations."

He was granted 10 days to file a schedule of debts and assets.

Professor Caywood Gets Appointment

Prof. Thomas G. Caywood of the mechanical engineering department at the University of Iowa has been appointed to serve on the technical advisory board of the Industrial Lubrication Council, Inc., according to word received here yesterday.

Friends Say Lloyd George May Win Out

LONDON, Aug. 3 (AP)—Parliamentary circles friendly to Lloyd George said today they believe he has a chance of grabbing the balance of power at the coming general election.

The veteran Welsh leader has launched a "non-party" movement for a national "new deal" and for a forceful peace policy based on the League of Nations.

These political circles said if the fight between conservatives and other government groups and labor is as close as is expected, Lloyd George may swing into the coveted keystone position.

Some of the signers of the new deal manifesto have dropped out of the movement, however, alleging that Lloyd George is merely using the "non party" scheme to further his own personal campaign.
