QUESTION PARKER'S STAND ON CASE

Egypt Enjoys Prosperity As British Fleet Spends Money

Potential Rioters Are Too Busy Working To Rebel Against Domination of Navy

By EDWARD J. NEIL
(Associated Press Foreign Staff)
ALEXANDRIA, Egypt, (AP)—Comedy and pathos in the shade of the pyramids, that's the story today of Egypt, a nation enjoying prosperity so well that it just can't seem to work up the old enthusiasm for demonstrations of force against the domination of the men who started the piasters flowing again, the soldiers and sailors of Great Britain.

Received Carfare

Deputy Warden Connor While United States deputies armed with machine guns scoured west Tennessee highways for three convicts who escaped from the Tennessee state prison at Nashville, Deputy Warden Ed Connor, above, recounted the tale of his capture and subsequent release — with carfare — by the convicts. Connor was released unharmed two miles from the prison by the escaping convicts who attempted to rob him. Finding he carried no money, one of them gave him a dime, "so you won't have to walk back."

Iowa College Strikers Adopt Set of 7 Rules

Dislike "Puritanism" of Chapel Rules; Want Only Three Services

FAIRFIELD, Ia., Dec. 7 (AP)—Striking Parsons college students rapped "lingering Puritanism" in connection with college chapel services as they adopted unanimously a set of seven grievances at a mass-meeting here tonight.

Student leaders presented the list of grievances to the faculty tonight and an executive meeting to consider the complaints was called for tomorrow.

Refuse to Attend

The students refused to attend the chapel services Friday, demanding three instead of five services a week, and a revision of regulations permitting students more freedom. The strike did not affect class attendance.

Leaders asserted that unless the faculty complies with their request students will continue to ignore chapel services Monday morning.

List Grievances

Some of the grievances:

The quality of chapel services has not been satisfactory to the student body.

Students disapprove the appearance of faculty monitors at services.

Resent Rulings

They resent the "lingering Puritanism" concerning the entrance to chapel services, when students are expected "to assume strict religious decorum" except on Tuesdays when musical programs are given and on Fridays at pep meetings.

"HOME TOWN" ARTIST DESIGNS CAR

A new, luxuriously-appointed trailer which may be the answer to the vacationing motorist's prayer for a method of motor car travel with all the conveniences of home, has been designed and built by Lee Stanley of Cleveland, nationally known comic artist and creator of "The Old Home Town" cartoons which daily delight thousands of readers. Photos show, top, the new Stanley-built trailer; below, the interior of the trailer's handsome combination living-dining "room." The trailer contains a complete kitchen and pantry, shower bath, built-in radio and other remarkable features. It has sleeping quarters for four persons.

State Will Use Liquor Profits In Budget Care

Comptroller Expects To Use \$800,000 For Balancing Accounts

DES MOINES, Dec. 7 (AP)—Comptroller C. B. Murtagh announced today he expects to use \$800,000 of liquor commission profits to carry out Gov. Clyde L. Herring's orders to keep the state budget balanced.

Tapping the profit barrel of state liquor stores will be necessary, Murtagh said, because the last legislature appropriated \$1,500,000 more than the total revenue for general state expenses.

Herring said the budget must be kept in balance but favored the use of liquor store profits "only in a pinch." He stated he hopes other state revenue will increase within the next few months to the point where use of liquor profits will not be necessary.

In addition to the proposed transfer of \$800,000 from liquor profits, the state had a cash balance of \$700,000 on July 1 which will make up the remainder of the deficit, Murtagh said.

The comptroller said he planned to take \$200,000 liquor profits for December and \$100,000 for each of the next six months. In this way, he explained, the state can end the fiscal year next June 30 with a balanced budget.

The governor repeated a previous declaration that "Iowa will not go in the red again," but said he was reluctant to use liquor profits for state expenditures.

Search for President

OMAHA, Neb., (AP)—Police here yesterday revealed a search was being made for Michel Kattelman, 42, president of an Omaha manufacturing company, who has been missing since Wednesday.

Best 4-H Dresser

Clarabeth Zehring, above, 17-year-old Germantown, Ohio, farm girl, is being proclaimed as the best dressed farm girl in America following her selection as such at the style contest conducted by the fourteenth annual style congress of 4-H clubs in Chicago. The prize-winning outfit, which she herself made, is a tan suit dress, costing \$34.12 from hat to shoes.

Said to Have Believed Bruno Innocent As Trial Opened

Gov. Hoffman Denies Activity of Parker To Have Reopened Case, No Arrests

TRENTON, N. J., Dec. 7 (AP)—Ellis H. Parker, the Burlington county detective ace who has taken upon himself the task of proving Bruno Richard Hauptmann's innocence, was sharply challenged today on his claim that Hauptmann's prosecutors know "just where I stand" on the famous case.

Parker made his assertion in confirming Gov. Harold G. Hoffman's statement that the famous detective had conferred with him a number of times on the case. In these conferences, the governor said, Parker voiced his belief Hauptmann was not guilty of the Lindbergh kidnap murder.

Official sources, countered quickly. A high authority disclosed Parker on the eve of the Flemington trial told prosecution and investigating officials he was convinced of the Bronx carpenter's guilt and that he had no evidence in the case.

Meanwhile speculation flared anew on the governor's nocturnal visit to Hauptmann's death house cell, for it was recalled that on Oct. 28, 11 days afterwards, the governor, in a formal statement, outlined the procedure for the condemned man's electrocution, "when and if" it takes place.

This statement directed that only a limited number of witnesses be present and the execution be carried out "with the dignity and the solemnity the occasion warrants."

The day brought other developments:

Governor Hoffman emphasized Parker's activity did not mean he had reopened the case; denied the new investigation had brought arrests; refused to assay the value of the information he has received from the detective; declined to discuss his own opinions in the case, and said his interest was not "a publicity stunt."

No Light

Parker, in the statement issued at Mt. Holly, threw no light on his sole investigation or the results it may have achieved. "The case is on review before the United States supreme court and perhaps will come up before the board of pardons. It would be unethical for me to speak at this time," he said.

Mussolini Lashes Out at "Penal Code" of League of Nations

Il Duce Defies Embargo Acts

Says Italy Will Take What She Wants In Spite of Sanctions

ROME, Dec. 7 (AP)—Premier Mussolini lashed out at the "penal code of the League of Nations" today and warned sanctionists Italy will take what she wants despite an economic siege.

"There is no siege that can make us bow; no coalition, however numerous, that can turn us from our path," he declared in a speech opening parliament.

Il Duce said an oil embargo will "gravely prejudice" attempts for peace.

His determined words brought fervent cheers from more than 350 black uniformed deputies. Galleries were packed with blackshirts, who joined in the applause.

"A full recognition of our rights and the safeguarding of our east African interests" alone can solve the crisis, the dictator said.

Mussolini warned his legions against "premature and excessive optimism," although conceding there had been "a slight improvement" in the last few hours.

He had conferred shortly before going to the chamber with Sir Eric Drummond, the British ambassador, who delivered to Il Duce a fresh appeal from Great Britain for peace.

Mussolini pledged that the Italians would be as strong and as determined on "the three hundred sixty-fifth day of the siege as on the first."

He spoke for 12 minutes, reading from a manuscript. His free right hand moved constantly for emphasis.

Investigators Find Proof of Shooting, Burning of Family

WAKONDA, S.D., Dec. 7 (AP)—Definite proof that the three members of the N.C. Jacobsen family, whose charred bodies were taken from the smoking ruins of their farm home near Thursday morning, had been shot and the house fired later was determined here tonight by investigators.

Probing of the torsos of Jacobsen and his son, Walter, revealed the presence of shotgun pellets, and X-ray pictures revealed shot in bones of the neck and chest.

Merchants Predict Big Holiday Season as Christmas Nears

By RADER WINGET
Associated Press Financial Writer

Holiday shoppers, in a merry buoyantly, harking back to the giddy days of the boom.

In most sections the retail trend was coincident with better industrial operations.

The production of automobiles last week came right back to near the best fall levels after the drop for Thanksgiving week, and the total was the best for this time of year since November of 1929.

Loadings Increase

Freight car loadings during the week ending Nov. 30 increased from the previous week, but the drop was much less than normal for this period of the year, making the aggregate the best since November of 1931.

At the same time, gross revenue of railroads during November was estimated at \$300,000,000, establishing a record for that month likewise going back to November, 1931.

Power production for that same week declined, but the drop was slightly more than expected.

An extremely heavy flow of gold from France to the United States was halted by the development which sent the franc high enough to preclude a profit on gold shipment to New York. Traders who had taken a short position in francs in the foreign exchange market were trapped by the rise.

Red Cross Protest Of Dessye Bombing Sent to League

ADDIS ABABA, Dec. 7 (AP)—Representatives of the international Red Cross dispatched a formal protest to the League of Nations today of the second bombing in as many days of Dessye, war capital of Emperor Haile Selassie.

Italian airplanes made the second attack upon the emperor at 8 a.m. Only 50 bombs were dropped today, in contrast to more than 1,000 yesterday. The first raid, Ethiopian authorities said, resulted in 55 deaths and more than 300 wounded.

Italian Planes Bomb Dessye

Report Haile Selassie Safe Despite Direct Hit on Headquarters

ASMARAE, Eritrea, Dec. 7 (AP)—Eighteen Italian airplanes bombed the Ethiopian city of Dessye and a nearby encampment today, but aviators brought back word they believed Emperor Haile Selassie had escaped unscathed.

The king was reported to have been making his headquarters in the former Italian consulate in Dessye instead of at the encampment at Borumleda, nine miles to the north-east, in which tens of thousands of men were said to be stationed.

The aviators declared they made a direct hit on the consulate. It was understood they were misled somewhat, however, by a large, red tent in which the Emperor usually stays, which was left in the middle of the military camp while he went to the consulate buildings.

Part of Dessye and some of the soldiers' tents were set afire by the bombing, it was stated.

Haile Selassie came to Dessye last week to direct operations on the northern front. Great concentrations of Ethiopian forces were understood to be in and near the town, 175 miles northeast of Addis Ababa.

Green Declines To Head Union Industry Move

WASHINGTON, Dec. 7 (AP)—A request by John L. Lewis that William Green step out of the presidency of the American Federation of Labor to head the industrial union movement, angrily declined, today added to the tumult within the ranks of labor.

The scrappy chief of the United Mine workers told the federation president he had heard Green's private sympathies lay with the cause of those who felt mass production workers should be organized by industry rather than by craft.

Asks Aid of Green

If so, Lewis asked, "why not return to your father's house" and head the committee working for industrial unionism at the same pay the federation president now receives?

To which Green replied: "To respond to the suggestion of President Lewis would mean that I would lend my assistance to development of division within the American Federation of Labor. That I can not do."

Declines Offer

"I am president of the American Federation of Labor, re-elected at the Atlantic City convention in October. I'm not president of any group within the federation, and I'm endeavoring to prevent the setting up of organizations within the federation."

This exchange followed a series of editorials in labor publications on the issue that grew so bitter that Lewis and William Hutcheson, president of the carpenters' union, came to blows.

Japs Demand Navy Increase Immediately

LONDON, Dec. 7 (AP)—Japan announced flatly today she demanded absolute naval parity with the United States and Great Britain. The announcement threw even more gloom about the international conference opening Monday.

It was this Japanese demand which caused the breakup of an unsuccessful preliminary conference early this year between the United States, Japan and Great Britain.

To enforce their position, the Japanese said no other question can be discussed until their demand is met. Their country is now on the short end of a 5-3 ratio with Great Britain and the United States.

The British representatives did not answer the Japanese demands and made no commitments.

The British will confer separately tomorrow with each delegation to lay the groundwork for the talks.

Although a breakup of the parity is freely predicted in some quarters, the complications are so grave they may eventually drive the sea powers together into continued limitation because of fears of the alternative.

Peek Berates Foreign Trade Policy of F. R.

WASHINGTON, Dec. 7 (AP)—Announcing a determined crusade against the new deal's foreign trade program, George N. Peek, today berated the Canadian tariff treaty as a reversal of democratic policy and a probable blow to agriculture.

Flays Policies

Stripped of his several high offices by President Roosevelt's direction and his own resignation, Peek asserted that America's share of world commerce had fallen from 13.8 to 9.5 per cent. He called for abandonment of the administration effort to promote trade by the reciprocal tariff concession method.

In return for reductions in Canadian tariffs, he said, the United States has lowered its own rates, not for Canada alone but for any country having a most-favored-nation treaty which wishes to take advantage of the reduced duties, the whole obscured by "trick classifications" employment of quotas and "escape clauses."

Maintains Position

He told reporters in an interview which supplemented a parting memorandum to the president, that he was "going to stay right here in Washington and fight it out on this line, if it takes all winter."

Peek's idea is that through the operation of the "most favored nation" tariff policy "a general reduction in tariffs is involved in concessions arranged for any one particular nation."

Students Battle Police in Egypt

CAIRO, Egypt, Dec. 7 (AP)—Police and 1,000 students of Cairo university fought a fierce battle with stones, bird shot and clubs today in Egypt's latest outburst of opposition to British dominion.

Three British policemen were injured and 60 students were taken to jail. The fighting flared for half an hour at the Giza bridge.

Dozens were beaten and knocked down. Police fired bird shot into the legs of the demonstrators and fired guns over their heads in the air before gaining control.

The direct cause of the outbreak was a refusal to the students of permission to erect a monument on the campus in honor of classmates killed in a recent anti-British plot. The students had just returned to classes after an enforced holiday.

1936 Election Test of U. S. Wants - Landon

TOPEKA, Kan., Dec. 7 (AP)—Gov. Alf M. Landon declared tonight the 1936 election will determine whether the American people want "to strengthen democratic institutions" or "accept more centralization of power."

The Kansas budget-balancer, mentioned by the republican presidential nomination, told young Kansans republicans and visitors from a dozen states that voters will face a decision "far deeper" than a choice between parties.

Returns to Show

"Returns will show clearly," he said, "whether the American people want to strengthen democratic institutions—whether they are determined to maintain parliamentary government—or if they wish to accept more centralization of power."

That choice "will make the 1936 election one of the most important and historically significant we have ever known," he added.

Endorsement Stopped

Landon's address came after the convention had cheered and adopted resolutions condemning the new deal and praising the Kansas governor. More enthusiastic supporters pressed for a resolution endorsing him for the presidential nomination. The resolutions committee stopped with an endorsement of his administration.

The adopted resolution referred to Governor Landon's "national recognition as an executive."

Prof. M. Youtz Speaks to Club

Stresses Importance Of Allowing Children To Plan Christmas

"Let the children participate in planning for Christmas and keep it from being a commercial thing," said Mrs. May Pardee Youtz, assistant professor of parent education and child welfare, at a meeting of the Child Study club yesterday. Forty women were present for the meeting which was held at Iowa Union.

Mrs. Youtz emphasized three points in her discussion of "The Child's Cooperation in Observing Christmas Festivals."

Holiday preparations unite the family, and teach the participants to think of needs and desires of other people, according to Mrs. Youtz.

Unselfishness may be taught to the children by allowing them to participate in festival plans. The child obtains a feeling of equality with his parents through this cooperation.

The whole family life may be toned up through holiday festivities. Hidden talents may be brought to light by allowing the children to use their original ideas.

"Art Education of Our Children" will be the subject discussed by Edna Patzig, assistant professor of graphic and plastic arts at a meeting of the club Jan. 11.

M. Hora Marries Lois Stuart, S.U.I. Graduate, Thursday

Announcement is made of the marriage of Lois Stuart, daughter of Mr. and Mrs. Charles Stuart of near West Branch, to Milver Hora, son of Mr. and Mrs. Joseph Hora, which took place Thursday noon at the home of the bride's parents.

The Rev. Sylvester E. Ellis of the First Methodist Episcopal church of Iowa City officiated at the ceremony.

Attending the couple were Lillian Draper, a graduate nurse at the University hospital, who was a classmate of Mrs. Hora, and Charles Kadera.

The ceremony was witnessed by 16 guests and the immediate families. Dinner was served after the wedding, and the table was decorated with white and silver bells, and bowls of pink chrysanthemums.

Mrs. Hora is a graduate of the University of Iowa school of nursing. Mr. Hora is a graduate of the West Branch school, and is now a partner in the Burr Oak Lawn dairy.

The couple will be at home on a farm near West Branch, after a short trip to Chicago.

I Give Up

Conducted By **Jack Curwell**

PEOPLE I'd like to meet again: Old Knut, 73, of just outside a small town in South Dakota... He split our ranks as we raided his beer cellar, years ago it seems, after a hot day's work pitching bundles... Crazy nose separating gleaming eyes, the ancient warrior stormed from his back door at the crash of bottles on a stone step... Night shirt flopping, bony knees authoring weird shadows as a clear, cold harvest moon gleamed down, the old fellow bore down on us, belching an outlandish Norwegian curse... Like the brittle leaves we scattered before the charge... We did not like the Arabs, steal away... We ran like hell...

The newly wed—happy, handsome looking young woman in a Minnesota town just above the Iowa border... Filled with romance and adventure, she paused between our moving chairs and tables (just a sales talk) into her new, little cottage by a greenhouse to comment "Her Jim might not like it," and to write a check—her first on Jim—for \$1.98 (we salesman pay the extra pennies as a favor to the customer) and a three year subscription... It was a magnificent June day, my second or third on the road, and she had humorous crinkles around her smiling blue eyes... Occasionally she brushed wisps of corn-gold hair from her pert nose...

"I'm wild and woolly, and the best crap shooter ever out of Ole Miss." His introduction, and from a diminutive, snapping eyed, sartorially elegant southerner... Unusually flexible and large hands for one so small, habited the bones like a mother her gurgling tot; he rolled seven consecutive naturals once, literally howled when we called for a new pair, and whipped across little Joe twice. He wore only plus fours for the game was hard on creases he explained. Yes, he stooped to conquer.

Desert rat... Sunblistered face and scrawny neck hovered over the warped steering wheel of an ancient, topless Ford... Dryly inquired as to why I should be hitchhiking... And in the middle of the desert... Told me he was going east, but turned south right in the hottest part of the day and the desert... Going to Amarilla, I crawled out onto the pavement while he drove away, his grimy features cracked in a sardonic, tobacco-stained smile... "I'll bury your bones next trip back," he chortled... He almost did, it being a full day before I caught a ride... He probably was still laughing as he crossed the line into Mexico.

Clothed in a long dress of darkish-gray material, and not more than five feet tall, the old lady appeared frail and weak; her movements belied the impression. She moved about quickly, as a wren, getting limens for my arm, all the time offering remarks about crops, weather and about me being a very young boy to be so far away from home... As she stooped to adjust the bandage I noticed silver hairs making inroads above her temple; and once, when she glanced up the sunlight, straining hazily through a ruffled white gauze curtain, etched out the myriad of minute wrinkles which stood time's scroll of passing years... Rose tinged dents on the bridge of her nose made evident where spectacles were accustomed to sit. As she gave me an apple, her eyes sparkled...

Straw colored, unruly hair poked frantically into the air above keen gray eyes... I noticed the eyes, as I had heard of gray eyes but had never seen them... Between an enormous, V-bent-to-the-right nose and a mournful lantern jaw spread a generous smile, at times exposing large white teeth... When he walked his peculiar, swaying stride swayed his body like chunky gusts of wind an obsolete sign board... The elongated face, when I first saw him, had a downward droop—he was, like myself, contemplating the other side of the fence as crowds swirled through the turnstiles at Olympic stadium... From Arkansas, and lonely, he was half lost; same here and we talked, then hired a room just off Figueroa and about three blocks from the site of the games... Roommates for 10 days, we sold programs, took in the Olympics, attended the grand Olympic ball, and parted at dawn the following morning, stony broke... He had a yen for "cawn"...

Never, readers, get to thinking in the early hours of the morning, sometimes your thoughts will stray over strange paths. Anyway, it was a change from the usual nightly chore of knocking out names and dirt. As was promised yesterday, X-9 and the rest of the boys failed to turn up with much in the way of scandal. They, too, are on a slight vacation—and absolutely refused to cooperate. But, that was okay because I've had fun writing this, whether or not you have fun reading it. But, wait until Tuesday. Another beauty and some more about campus goings-ons.

Methodist Children Will Present City Of Bethlehem Play

A colorful picture of the city of Bethlehem will be the background for the children's candle and carol service, Sunday afternoon, Dec. 15, at 4 o'clock at the Methodist church. The program will be presented under the direction of the drama department of Iowa City Woman's club. Mrs. E. T. Hubbard is general chairman. Forty children will participate in the dramatic part of the pageant, which will tell the story of the nativity. A large chorus of grade school children will sing Christmas carols. Phyllis Lehmer, assisted by the musical directors of the grade schools, will direct the music. It is the purpose of the drama department to present a vivid picture of the Christmas story through the new project.

Badger Alumni Tender Spears Vote of Faith

CHICAGO, Dec. 7 (AP)—Oil was poured on troubled waters tonight as 350 University of Wisconsin alumni and 15 members of the football team gave a unanimous vote of confidence to Dr. Clarence W. Spears, Badger coach, at the annual football dinner.

Captain-elect John Golemeske, reported to have been involved in the circulation of a petition seeking to oust Spears, was among those who stood when the motion was placed before the session.

Meanwell Absent
Dr. Walter E. Meanwell, athletic director, was not present. Early in the evening it was reported he had returned to Madison on pressing business, but late it was said his wife was ill.

Telegrams from Wisconsin alumni all over the country expressing confidence in the present coaching staff were read. Pat O'Dea, star dropkicker 30 years ago, wrote from the Pacific coast that it was time to have a Big Ten championship at Wisconsin.

Pledge of Loyalty
Myron T. Harshaw, president of Wisconsin Alumni association, expressed a pledge of loyalty to Wisconsin and its coaches, as did George Haight and Walter Heyman, both prominent in athletic and alumni affairs.

Clifford Thompson, Scandanavia, Wisconsin's 8 foot 6 inch second Paul Bunyan, offered himself as an end candidate for next year's team, but even the hot stove coaches were afraid he was a little overweight. Cliff tips the beam at 460 pounds.

Spears Praises Captain
Spears made a brief talk and introduced members of the squad present. "Playing football," said the doctor, "is not a communistic undertaking. Only 11 men can play the game, and it is up to the others to support the team."

When Spears came to Golemeske while introducing the team, he said: "One of the dependable players on the squad, John Golemeske."

Hawklets Face Mt. Pleasant Tomorrow Eve

City High's Red and White cage warriors will make their second appearance in four days tomorrow night at 8 o'clock on the Hawklet gymnasium when they meet Mt. Pleasant in the third game of their season's card.

Already Coach Francis Merten's proteges have tucked two wins under their belt, the second having been chalked up just Friday night. Tomorrow night's game will be the first of two performances for the Little Hawks this week. Friday they encounter McKinley high of Cedar Rapids on the home court.

Merten will probably start his Friday night's opening combination, with the possibility that Jerry Pooler will replace Jens Norzgaard at starting guard. Coach Herb Cornmack's sophomores open the bill at 7 o'clock with the invading sophs.

BIG 10 LIFTS BAN AGAINST PRO TUTORS

10-Year Ruling Discarded By Sport Faculty

Decision Paves Way For Grange, Other Pro Players, to Coach

CHICAGO, Dec. 7 (AP)—Professional football players barred from coaching the sport in the Western conference for more than 10 years, were restored to good standing today by the faculty athletic committee.

The action will permit Red Grange, Illinois' "Galloping Ghost," or any other of the many Big Ten stars who turned to the pro game, to accept coaching positions in the conference. Such men were barred early in the last decade, the rule stating that only those professional players who were out of the commercialized brand of the game before 1923, should be eligible for coaching jobs.

Several coaches now on the job, among them Dr. Clarence W. Spears of Wisconsin, and Burt Ingwersen, former Iowa head coach and now line coach at Northwestern, played professional football, but had severed their connections before the deadline laid down by the rule.

The committee also reaffirmed its rule against players' use of their names or photographs for advertising purposes, and for the third time voted down the "modified" training table proposal made by the football coaches. The latter arrangement would have permitted one meal a day for gridiron men throughout the season. The proposal was rejected on the ground that it would amount to discrimination against other sports.

The rule prohibiting Big Ten schools from scheduling opponents who do not observe the freshman (one year in residence) regulation, waived for several years, was put in force again.

The committee took no action on a proposal for group action on the question of radio broadcasting of football games. Each school will continue to handle the question as it chooses.

Vogel Cards 12 Baseball Games

Twelve conference baseball games for the 1935 season were scheduled by Coach Otto Vogel in Chicago yesterday, according to the Associated Press. Two more games will be scheduled, it was indicated.

The schedule is as follows:
April 17-18—Northwestern at Iowa.
April 24-25—Chicago at Iowa.
May 1-2—To be filled.
May 8-9—Iowa at Minnesota.
May 15-16—Iowa at Wisconsin.
May 22-23—Minnesota at Iowa.
June 5-6—Iowa at Michigan.

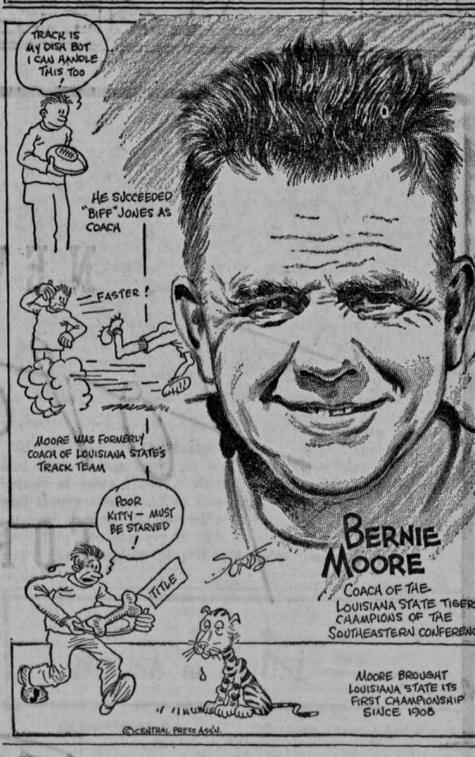

Horned Frogs Defeat Santa Clara, 10 to 6

SAN FRANCISCO, Dec. 7 (AP)—Texas Christian defeated Santa Clara 10 to 6 today in a three-minute game.

Taking a page from the experience of Southern Methodist, which beat University of Southern California at Los Angeles a few weeks ago, the Horned Frogs passed their Santa Clara rivals dizzy. They hawked the ball with an accuracy that brought cheers from 20,000 fans.

Two minutes after the Santa Clara kickoff Texas Christian converted a fumble into a touchdown. Quarterback Sammy Baugh opened the southwest team's bag of tricks by quick-kicking on the first down. Hal Seranin chased the ball as it bounced along. He got his fingers on it, but he let it get away.

FIRST YEAR SUCCESS

Irish Take to Road

Invade Cedar Rapids Tonight

DES MOINES, Dec. 7 (AP)—The Iowa High School Athletic association board of control announced tonight the 1935 state high school basketball tournament will be held at the Drake fieldhouse in Des Moines.

The announced followed a meeting of the board here today. Board members who attended were O. C. Varner, Diagonal; K. C. Vanorden, Mapleton; F. J. Moore, New Hampton; and Ted Sauer, Fairfield. George A. Brown, executive secretary of the association, also attended the meeting.

Notre Dame Whips James Millikin U. In Cage Tilt, 58-30

SOUTH BEND Ind., Dec. 7 (AP)—Led by Johnny Moir, sophomore forward, Notre Dame tonight defeated James Millikin university's cagers 58 to 30 to mark up its fourth straight victory.

Moir scored 21 points during his stay in the game and led an Irish rally that enabled Coach Keogan's boys to overcome Millikin's early lead.

Washington Defeats U.S.C. by 6-2 Win Before 35,000 Fans

LOS ANGELES, Cal., Dec. 7 (AP)—Byron Haines added another weird chapter to the 1935 football season today when he accounted for all the scoring as Washington defeated Southern California 6 to 2 before 35,000.

Playing for the first time since he was selected as an all-coast half-back, Haines started by picking up the opening kickoff on his 1-yard line and carrying it behind his goal line where he was tackled for a safety and two points for U.S.C.

Big 6 Innovates 3rd Restraining Circle

KANSAS CITY, Dec. 7 (AP)—Seeking to promote faster and better basketball, as well as scoring, five of the six Big Six conference basketball coaches meeting here today agreed to an innovation whereby a third 12 foot restraining circle, similar to the free throw circles will be made on the floor, and all jump balls will be taken to the nearest circle.

Hugh V. McDermott, Oklahoma coach, was not present and his reaction to the plan was not known.

Promote Scoring Plays
The other coaches—Dr. F. C. Allen of Kansas, W. Harold Brown of Nebraska, Frank Root of Kansas State, Louis Menze of Iowa State, and George Edwards of Missouri—agreed to use the plan in all conference games. Allen pointed out the three-circle idea would promote the use of scoring plays from three points on the floor, and materially cut down on the number of out-of-bounds plays.

The third restraining circle will be drawn around the two-foot center circle. Players, other than the two involved in the jump, cannot enter either of the three circles until the ball has been tipped. This will give uniform conditions for all jumps.

To Keep Statistics
The addition to the rules is more in the nature of an experiment. Statistics will be kept on scoring and other factors involved, and the findings presented to the next meeting of the National Association of Basketball Coaches and the rules committee.

Adoption of the rule was the major item of business at the coaches' meeting. The faculty representatives approved the spring sport program recommended by the athletic directors at their meeting yesterday, and also turned thumbs down on the proposal to permit junior college graduates to jump into Big Six varsity athletics without the usual year's residence. Dr. H. D. Bergman of Iowa State, secretary of the faculty representatives, explained the proposal, presented by J. F. Wellmeyer, Kansas City, Kan., was given careful consideration but the faculty men deemed it inadvisable to alter the year's residence ruling.

9-Game Grid Card
The faculty members also approved a nine-game 1937 football schedule for conference teams, and a 20-game baseball schedule for next spring.

A. A. Schabinger, director of intercollegiate tournaments to be held to choose representative basketball teams for the Olympic games, explained the project to the faculty members, who approved the participation of Big Six teams.

Schabinger explained the sixth Olympic district, comprising Kansas, Oklahoma, Missouri and Nebraska, would hold a tournament the second or third week in March at a central location. Any school operating under the National Collegiate Athletic association rules is eligible. This bars schools which play freshmen and four-year men.

Inter-District Meets
The winner of each of the 10 district tournaments will compete in inter-district meets, which will cut the field to five teams for the finals, in which two A.A.U. and one Y.M.C.A. team also will compete.

Hawkeyes Ready for Carleton

Panther Game Gets Attention Of Iowa Team

Three New Men to Start Against Dieboldmen Here Tuesday

The impending Carleton contest was temporarily forgotten in the University of Iowa basketball camp yesterday as Coach Rollie Williams pitted his varsity men against a group of freshmen who have been working under Pittsburgh plays during the last week. The Hawkeyes meet the Carls here Tuesday night and the Panthers Saturday.

Williams continued to use the new starting lineup of Capt. John Barko, senior letterman, and Sid Rosenthal, at forwards; Jack Drees, Eau Claire, Wis., sophomore, at center, and Ed Thompson, newcomer from Marshalltown, and Joe Van Yesselky of Muscatine at the guard posts. The erstwhile regulars, Matt Walsh and Ken Suesens, will doubtless see action at center and guard, respectively, against both invaders this week.

The Carls dropped their first game of the season to Northwestern Friday night, 56 to 27, after chalking up two victories the previous week. The team, coached by Marshall Diebold, a former teammate of Williams at Wisconsin, is composed of two seniors, two juniors and a sophomore.

Tomorrow will see the Old Gold five rehearsing plays, both defensive and offensive, to employ against the Northfield, Minn., aggregation.

Gophers Take 35-23 Victory Over Cornell

MINNEAPOLIS, Dec. 7 (AP)—Minnesota's basketball team opened its non-conference season tonight by defeating Cornell college of Mt. Vernon, Ia., 35 to 23, before a crowd of 3,800.

The small but speedy Gophers led their foes from the start, with Charley Wallblom and Jimmy Baker, starting forwards, pacing their mates with 10 points each. Each counted 4 field goals and 2 free throws.

"Practice Makes Perfect"

Painstaking, Day After Day Work Brings National Recognition to the Leonard-Nissen Hand-Balancing Act

By HERMAN SCHMIDT

It was a familiar sight for Cedar Rapids townspeople some eight years ago to see two husky seventh-grade youngsters hurrying to the "Y" each noon and then rushing back half an hour later for their afternoon classes.

There were very few of those persons, however, who realized just what those two boys were accomplishing in that precious half-hour. Perhaps they just took it for granted that the youths were there for a game of ping pong or a swim, as 11-year-old boys are wont to do.

At any rate, there were not many of them who ever dreamed that the pair, George Nissen and Xavier Leonard, was working on a hand-balancing act which years later was to bring them wide recognition.

"Practice Makes Perfect" There is an old, old saying that "practice makes perfect," and those two ambitious youngsters set out to prove that the maxim still holds true.

Day after day the pair practiced difficult stunts, with increasing success as time went on. Their first public appearance came at a Benjamin Franklin junior high gym circus. The performance was received with enthusiasm.

This start served to spur the

Perfect balance, symmetry and grace are the aims of Xavier Leonard and George Nissen in the renowned hand-balancing act. The above picture shows Leonard, the "strong man" holding Nissen who is balancing himself on his hands.

Cruickshank Ties Revolta

Virginia Driver Gains Share of Orlando Golfing Crown

ORLANDO, Fla., Dec. 7 (AP)—Sweeping aside a two-stroke edge Johnny Revolta held over him, Bobby Cruickshank, Richmond, Va., today tied the P. G. A. champion for the Orlando open golf championship with 280 for the 72 holes.

The Virginian was first to finish. He strode the final 18 holes with 33 out and 35 in for a 68, three under par. Because the field of 156 made the course so crowded, he played the last nine holes first and swept to his divided victory while the gallery crowded around the Millwaukee player he tied.

Revolta, now professional at the Miami-Biltmore, was paired with Ky Laffoon, Chicago, entering the final round. He held a stroke edge on his partner and two strokes on Cruickshank. He drew away from Laffoon by sinking a 20 foot putt at the tenth, then put his partner out of the running with par fours on the eleventh and twelfth and a birdie four on the fifteenth hole.

The P. G. A. titleholder blasted his chance to take the tournament when he went one over par, taking five, on the sixteenth, and shot into a trap on the eighteenth, ending with 73, scoring a total of 280.

Grunt, Groan Artists Prime For Tourney

Registration for the all-university wrestling championship tournament will be open tomorrow and continue through Wednesday according to Coach Mike Howard, varsity wrestling mentor. Any undergraduate student interested in participating in the event may contact Coach Howard at his office and receive his entry blank.

Howard stated that the deadline for entries would be Wednesday night as the preliminaries will be held in the fieldhouse next Thursday and Friday at 4:15 p.m. in the varsity wrestling room above the swimming pool. Finals of the event will be run off Dec. 14, starting at 2 o'clock and continuing until all men have had an opportunity to display their talent.

All candidates will weigh-in at the fieldhouse next Thursday, starting in the morning and continuing until 2:30 p.m. A two pound overweight allowance will be made in order to make training easier for those men who are not in the peak of condition. The respective weight classes are: 118, 126, 135, 145, 155, 165, 175 and heavyweight.

Any undergraduate student, with the exception of varsity men with competition finished are eligible to compete in the event. Gold medals will be awarded to the winners in each class with silver medals given for second places in the respective weights.

The rules of the meet will adhere strictly to those of the National Collegiate Athletic association with 10 minute periods being allowed for the regular bouts and three minutes for extra periods.

As an inducement for those entered the winners of the event, if they are not registered as freshmen in the university, will have an opportunity to compete against varsity men of the same weight. If they are victorious in the bout, they will be afforded the opportunity to take the place of the defeated varsity men and represent Iowa on the Hawkeye wrestling team.

Vanderbilt Declines

NASHVILLE, Tenn., Dec. 7 (AP)—The Vanderbilt university committee on athletics decided today not to accept an invitation to play a post-season football game in the Orange Bowl at Miami, Fla.

Harlem Aces Clown Their Way to Victory

Demonstrating before some 300-odd mirthful fans just why they are billed as the colored champions of the world, the Harlem Globe Trotters basketball team turned back a fighting quintet representing Ralphe's Lunch last night, 38 to 24, in City high gymnasium.

The attraction was booked for an 8 o'clock presentation, but due to a highway traffic tie-up the invaders did not put in an appearance until an hour later. Several spectators waited nearly three-quarters of an hour and then called it "quits," but the patient ones that waited were rewarded with a spectacle of some of the finest ball-handling being done by any team in the country. Little Jack Mann, a 6 feet 7 inch giant and captain of the winners, was at once the most impressive player on the floor, even though he displayed the least amount of visible energy.

Among the winners' clowning antics were a greatly cheered run for a touchdown by Patterson, wearing Ozzie Simmons' famous number, 66, an unsuccessful try for a field-goal by Johnson, and several strikeouts by Yancey, playing the role of a baseballer. Near the end of the game, Johnson was ejected on fouls. One by one his mates followed him to the bench, until in the last second of play only Mann was left to defend the Globe Trotters' advantage.

ILLINOIS OPENS CAGE SEASON WITH 35-27 WIN

CHAMPAIGN, Ill., Dec. 7 (AP)—Illinois opened the 1935 basketball season tonight by defeating St. Louis university 35-27, in a ragerly played game before 4,000 fans.

Illinois took the lead at the start and was never headed despite the loss of Bob Riegel and Harry Combes on personal fouls early in the second half. Combes led the Illinois scorers with 10 points while Riegel garnered eight.

Both teams showed a lack of polish in their play as they continually executed bad passes and frequently missed short shots under the basket.

Both teams were weak in converting free throws. Illinois scored three while throwing 13 and St. Louis made good nine in 23 attempts.

Illinois led at the half, 24-13.

Michigan Overwhelms Michigan Normal, 37-17

ANN ARBOR, Mich., Dec. 7 (AP)—The University of Michigan overwhelmed Michigan State Normal college of Ypsilanti tonight, 37 to 17, in the first home game of the basketball season.

Coach Franklin Cappel used substitutes freely, 15 Wolverines getting into the fray. The first team played slightly more than 15 minutes before being replaced.

Soon after the second half opened Fishman, a sophomore sub, passed the wrong way of the court to John Jablonski, a veteran, and Jablonski, in the clear, looped a field goal for the losers.

WINONA SWAMPS WAUKON

WINONA, Minn., (AP)—Winona Teachers college dropped in 37 goals last night, and added 7 extra shots to swamp Waukon, Ia., 64 to 31 to 17.

Torrid Battle Over Olympic Question Continues to Rage

A.A.U. Decides To Announce Decision Today

All Efforts to Reach Compromise Fail; Both See Victory

NEW YORK, Dec. 7 (AP)—The Amateur Athletic union, storm-center of a bitterly-waged, nation-wide controversy over American participation in the 1936 Olympic games at Berlin, postponed until tomorrow its final decision after a five-hour battle on the floor of the forty-seventh annual convention today.

In the full throes of perhaps the hottest fight of its long, embattled history, the A.A.U. adjourned at 7 p.m. after all efforts to reach a compromise on the Olympic issue apparently had failed. Beaten by a narrow margin of votes on the first test of strength, boycott leaders under President Jeremiah T. Mahoney of New York tonight asserted they were gaining fresh support and predicted the A.A.U. would go on record tomorrow flatly in opposition to participating in the Olympics under German Nazi auspices. The convention is due to re-convene at 9 a.m. tomorrow.

Meanwhile, the pro-Olympic forces, led by Avery Brundage of Chicago, president of the American Olympic committee, were equally convinced they held the upper hand on the basis of today's voting and would carry the convention tomorrow by a substantial majority as well as out-maneuver Mahoney from the presidency. Brundage warned the delegates in a speech just before adjournment that the A.A.U. was in danger of wrecking itself if it persisted in seeking to obstruct the Olympic games.

Today's test of rival strength, however, proved something of a boom-crang to the pro-Olympic forces. It was taken on the question of tabling the original boycott motion, put before the convention by Louis di Benedetto of New Orleans. In sweeping terms it condemned alleged racial and religious discrimination in German athletics. It called upon Americans as a whole to boycott the games. It requested the international Olympic committee to remove the games from Germany.

The motion to table this resolution, made by Major Patrick J. Walsh of New York, president of the metropolitan association, and seconded by Roscoe Torrance, representing the Pacific northwest A. A. U., split the convention wide open. The final vote, taking nearly three hours to tabulate and causing a flock of disputes, was five at 6:53-6:59 in favor of tabling the boycott resolution and 55 7-69 against.

Phi Kappa Psi Places 3 Men On Iowan All-Fraternity 11; D. U.'s, Phi Delt's Rate Berths

Cretzmeyer, Sigma Nu	HBHB B Overton, Delta Chi
Detzell, Phi Delta Theta	HBHB B Weiss, Sigma Chi
Wengert, Phi Kappa Psi	FBFB B Chambers, Sigma Alpha Epsilon

Three members of the Phi Kappa Psi touch football team, the fraternity champions, were placed on the first team of The Daily Iowan's all-fraternity selections, and two others were given berths on the second eleven.

Delta Upsilon, runner-up, placed two men on the first team and one on the second, as did Phi Delta Theta.

This year, which is the first year for touch football, brought to light a number of outstanding players, many of whom were grid stars in high school. The abundance of good ends and backfield aces was noticeable.

Latham at End
Ray Latham, Phi Psi, was the outstanding wingman of the season. His great defensive play and ability to snag passes, together with his speed, won him a position on the first eleven.

Five other ends were noticeable by their splendid work during the season. George Cook, Phi Psi, Latham's running mate got the call because of his exceptional ability as a pass receiver. Several times his seemingly impossible catches put his team in scoring territory.

Edgar Rex Outstanding
Beechen, Phi Ep, and Rex, Phi Delt, nosed out Werner, Sig Nu, and Falkenheimer, S.A.E., for second team berths.

Jim Gardner, versatile Phi Delt, who played at both the end and tackle positions, was given a tackle berth, because of the lack of outstanding performers at this position. Meyers, the best man in a good Sigma Nu line, was chosen for the other tackle on the first team.

Terpites, Pi K. A. guard, was a pillar of strength in the Pi K.A. line, and was in great measure, responsible for his team's fine showing. Andrich, Phi Ep, was chosen to fill the other guard position. He was a steady, consistent player throughout the season.

Payne, D.U. center, was awarded the pivot position on the first eleven after a hook-and-tongs fight with Moekridge, Phi Delta snapper-back. Both men were good passers and excelled on the defense.

Flashy Backfield
The first team backfield is composed of a quartet of flashy, versatile performers, every one a triple threat. Hemming, D.U. field general, copped the quarterback post

Cunningham Thinks American Athletes Willing to Compete In 1936 Olympics in Germany

By JOHN MOONEY
"I don't know one athlete in 500 who would refuse to compete in Germany in the Olympic games next summer," replied Glenn Cunningham, world's premier miler, when questioned yesterday about the United States' entrance in the games.

"Before all this kick about discrimination in Germany is started, we should do a little cleaning up at home, because in certain sections of the country all athletes are not allowed to compete. We have plenty of troubles of our own without trying to solve Germany's for her. People shouldn't try to mix politics and athletics. Besides, the Olympic games are run by an Olympic committee which has representatives from all countries and is not controlled by the German government."

Working Out Daily
Cunningham, who is recovering from a sprained ankle, is working out daily in preparation for his first meet of the year which will run during the holidays at New Orleans against such runners as Dawson of Oklahoma, Venke of Pennsylvania, Crowley of Manhattan (N.Y.) college and Mangin of Cornell. No other races have been scheduled as yet but will be taken as his condition permits.

Some of the better milers who are coming up to the top and will be pressing the leaders, according to Cunningham, are Daley of Detroit, Lockner of Emporia (Kan.) Teachers, and the best miler he has seen, Cunningham named Brocksmith of Indiana as the best, and Venke of Pennsylvania as the most consistent runner.

Iowa's Chances Good
When asked about Iowa's chances of placing men on the Olympic team, Cunningham opined, "Mark Panther and Andy Dooley have very good chances to go along, and if Floyd DeHeer gets some form and experience he should have a chance also."

The Flying Kansan, who is America's leading mile candidate for the Olympic team, believes that Lovelock of England, Barcelli of Italy and Zabo of Hungary will give Uncle Sam's boys the most trouble this summer when they meet in the contest of contests in Berlin.

More Competition
"I believe the U.S. will have more competition this year than it had

To Meet Again

Glenn Cunningham, world's premier miler, and Gene Venke, from whom he won the Wanamaker trophy shown in the above picture, will match strides again during the holiday season in New Orleans. Cunningham practices daily in the Iowa fieldhouse.

In the 1932 Olympics where the competition was chiefly among the various American runners," resumed the world's record-holder for the mile run.

As for thrills in races, Cunningham experiences very few because he concentrates on his running and leaves the thrills for the crowds. Although he likes to win, of course, he is not particularly down-hearted in defeat; rather he figures out where he has made a mistake and analyzes means of correction.

Cunningham is taking his graduate work in the university and is helping to instruct the physical education classes.

Signers Now Total Twelve

Hamilton, Bantam Champ, Will Defend Crown; Cain to Enter

By JACK GURWELL
Another champion signed up yesterday—Henry Hamilton, sophomore in the university from Oak Park, Ill. Hamilton last February won the 118 pound division and his experience in the ring, until the prelims, was practically nil.

Included in the mail with this bantam's entry were those of five other aspirants to local Golden Gloves honors, bringing the total to 12 entries within two days of announcement. The half dozen does not include several out-of-town blanks which cannot be checked until tomorrow.

Those who entered yesterday are: Henry E. Hamilton, 118 pound class; A. W. Lafferty, 126 pound class; Charles L. Hutt, 147 pound class; Grant Johnson, 160 pound class; Robert Herman, heavyweight; and John Bell, 175 pound class.

Hamilton's entry, with that of Joe Magrin's, makes two local Golden Gloves fighters with previous experience in the American Legion building ring. Several old favorites, however, have signified their intentions of entering, including Leo Cain, who two years ago won the lightweight crown here and won two fights in Chicago, and Chet Acher, who last year defeated Cain but was himself beaten in the finals.

Golden Gloves Fans
An interesting angle was presented by Coach Bob Rush, who said yesterday the university gymnasium was visited by more than a score of Golden Gloves fans looking over the current crop of fighters in anticipation of the bouts in early February.

Although the actual bouts are well over a month away, plans are rapidly being made to present Iowa City fans with another bang-up boxing show.

Favorable Comment
Favorable comment upon the early announcement of the Golden Gloves has been received by boys who intend to enter, with time in which to train being the general theme.

As soon as officials have been chosen they will be announced, Bob Rush, of course, will referee, but three judges remain. They will probably be local judges, as has been the case in former years.

Passes, Daring Plays, Enable S. M. U. 11 To Win 12 Straight

COLLEGE STATION, Tex., Dec. 7 (AP)—Coach Madison Bell's stampeding Southern Methodist Mustangs will battle Stanford in the Rose Bowl with an untied and unbeaten record.

Playing in rain and on a sloppy field, they completed their great record today by smothering Texas A. and M. 24 to 0, to win their first Southwest conference championship since 1931.

It was the Mustangs' twelfth and final hurdle on a schedule that included some of the nation's outstanding teams. They scored in the first few minutes when elusive Robert Wilson, all-American half-back, raced through a broken field for 60 yards to a touchdown.

The long gallop fired the Methodist crew to a high fighting pitch and not once did A. and M. have a chance for victory.

Coach Claude E. (Tiny) Thornhill of Stanford, who scouted the Mustangs, remarked that they played an impressive game although he realized they never were under pressure.

Coach Bell, once his charges had a substantial advantage, used numerous reserves in order to save his regulars for New Year's day at Pasadena.

It was a typical Southern Methodist game, sprinkled with long touchdown runs, daring forward passes and a field goal by giant Maurice Orr, a tackle.

After Wilson's run he soon headed to Tipton, end, who raced 20 yards for the second touchdown of the first period. Both times, Orr place kicked goal.

Southern Methodist made it 17 to 0 early in the third period when Orr booted a field goal from the 16 yard line after the Mustangs had been held for three downs.

The third touchdown came late in the fourth on a 28 yard pass, and Turner's line plunge from the one yard line. Wentt kicked the goal.

Basketball Players Cover More Than 2 Miles in Fast Tilts

LINCOLN, Neb., Dec. 7 (AP)—A basketball player in 40 minutes of a fast contest travels more than two miles, a survey conducted by Dr. Stephen M. Corey of the University of Nebraska shows.

One player was watched in each of three games, first at guard, then at center, and then at forward, Corey said. At center the player traveled the greatest distance, 2.42 miles. While playing the other positions the distance traveled was not much less.

Corey said observations made at Depauw university showed all players run a greater distance on offense than defense. The observations showed little difference in the activity in the second half, as compared with that of the first half.

Phi Kappa Psi's formidable array of pledge basketball talent swept over a better than average D.U. team in the feature game of the fraternity schedule yesterday afternoon, 24 to 16.

In other games played at the fieldhouse yesterday, the strong Delt team, led by the Carey brothers defeated Theta Xi, 32 to 12, and the Phi Gams downed the Phi Eps in a close game, 16 to 14.

Latin Teachers Still in Doubt; Try Next Year

Prof. Flickinger Says Conference Purpose Remains Unattained

Although the title of a round table conference in the classical division of the language and literature conference yesterday afternoon was "How Can the Burden of Latin Teaching in High School Be Lightened Without the Sacrifice of Essentials?" more than 50 Latin teachers went home still uncertain.

The conference officially closes tonight with the broadcast at 8:35 over WSUI of the \$100 prize winning drama by Allan E. Woodall in the Horace drama contest.

Argue

The discussion of Latin teachers, which started as a quest for lessening the teacher's load, developed into an argument between the "grammar" advocates and a faction firmly believing in the value of comprehensive reading of Latin. At the close of the debate, Prof. Roy C. Flickinger reflected that the purpose of the conference had not been attained and a motion was made to carry on a similar discussion next year, thus making the question serial.

A metalized spray of ivy from Horace's Sabine farm was given to Latin teachers of Iowa for their part in the Horace celebration.

Laing Talks

In the morning session the classical division was addressed by Prof. Gordon J. Laing of the University of Chicago who presented four requisites of a good teacher: "good general knowledge, intensive knowledge in a particular field, familiarity with the latest methods of presentation, and skill in application of these traits; Prof. Charles C. Mierow of Carleton college and Prof. Dorrance S. White of the classical languages department who denied that Mussolini's glorification of war originated with the Romans.

"Too much time and energy of college instruction, especially during the first two years, is being devoted to work that should have been done in high school, Prof. Paul Spencer Wood of Grinnell college said before the English division. He presented four important attainments that colleges should expect in English literature of entering freshmen: "the ability to read rapidly and with understanding, the ability to read literature critically as a basis for the understanding of life and its problems, appreciation of form and style, and a sympathetic understanding of our literary heritage."

Speakers

Speakers at a general morning session were Prof. Ralph E. House of the Romance languages department and Prof. H. F. Simon of Northwestern university. "The Reading Method in German" was given by Prof. Albert W. Aron of the University of Illinois and the "Language and Law" by Professor Simon before modern foreign languages teachers.

This year German was the language stressed at the conference and next year Romance languages will be emphasized.

Frank S. Hite Will Run For State Senator

Frank S. Hite, a resident of Maquoketa for the last 30 years, announced his candidacy for the democratic nomination for state senator from the twenty-fifth district yesterday. This district includes Johnson and Iowa counties.

Not for 20 years has an Iowa county candidate succeeded in gaining the state senatorship. Shattering this tradition will be Mr. Hite's aim in opposing Paul W. Schmidt of Iowa City, incumbent.

Mr. Hite was in the retail business for 22 years and for the last five years has devoted his time to fraternal affairs, having served as grand chancellor of the Knights of Pythias in Iowa in 1930 and 1931.

He was born in Benton county in 1884. Mr. and Mrs. Hite have two children; a son, Garth, who is an Eagle scout, and a daughter, Hollis.

Mr. Hite has taken an active part in democratic politics in Iowa county for the last 25 years and during the last four years has served as secretary of the Iowa democratic central committee.

The Mail Goes Through First Ever Carried From Islands By Plane Lands Here

Air mail which was the first ever carried by air from the Philippine islands, Midway island, Guam and Honolulu arrived in Iowa City yesterday on a United Airline's passenger transport. United Airline's plane connected with the Pan American clipper at San Francisco, Cal., when it completed the first eastbound flight from the far east.

Air mileage from Manila to San Francisco, Cal., is 8,000 miles and from Honolulu to San Francisco, Cal., is 2,400 miles. The clipper left Manila Monday and Honolulu Thursday.

Stowed in the cargo compartment of the big United transport were thousands of specially cachet-stamped letters for philatelists in scores of cities.

Aboard also were news reels, consigned to Chicago and New York, showing the inauguration of President Quezon of the Philippines, and official government mail consigned to Washington.

Local Kiwanis Club Members Attend 1st Divisional Meeting

Three members of the local Kiwanis club attended a meeting of the divisional training school for newly elected officers of the first division, Iowa-Nebraska district, at Oskaloosa yesterday.

The Iowa City Kiwanis attending were Prof. Avery E. Lambert of the college of medicine, lieutenant-governor for division I; Postmaster Charles A. Bowman and W. B. Packman.

The meeting was held in the Y.M.C.A. building and began promptly at 10 a.m.

J. J. McNamara, president-elect of the local club, was unable to attend.

Birthday of Horace Climaxes Work of Prof. Roy Flickinger

By ADELE ANDERSON

Today, the two-thousandth birthday of Horace, culminates the work begun in 1931 by a committee directed by Prof. Roy C. Flickinger, head of the classical languages department, to pay homage to the great Roman poet.

General chairman of the international Horace Bimillennium, Professor Flickinger is also its author. It was following the appearance of an editorial which he wrote in the February, 1931, issue of the Classical Journal on "The King Is Dead, Long Live the King," that numerous organizations throughout the country immediately endorsed the plan for a Horace celebration.

Makes Pilgrimage

Professor Flickinger was one of the Iowa scholars, which included Mrs. Flickinger, Dean Carrie T. Cabbage of Drake university, Alpha K. Braunwarth of Correctionville, and Ethel Seybold, now teaching at Monticello, Ill., who participated in a pilgrimage to the birthplace and Sabine farm of Horace. At least a dozen countries are commemorating his birthday and high schools and colleges throughout the country where Latin and Greek are taught have taken active part in contests on essays, translations and original poems in classical style.

Winners of the translation contests, a feature of the event, were announced last night by Professor Flickinger.

Wins First

An Iowa boy, Philip Renier of Columbia academy, Dubuque, was awarded first place in the national Horace translation contest for high school students and Enola Brandt of Milwaukee State Teachers at Milwaukee, is national victor in the contest for college students.

Renier, 17, will be here this evening to participate on the broadcast over WSUI at 8:30. Miss Brandt, it is expected, may also be present.

Metallized ivy sprays from Hor-

ace's Sabine farm will be presented to the schools of the prize winners. The sprays were sent by Mussolini to Jessie D. Newby of Central State Teachers college, Edmund, Okla., chairman of the Horace translation contests. She has taken Ph.D. degree work at the University of Iowa.

Individual Prizes

Individual prizes for the six students receiving first, second and third places in each of the contests will be books on Horace. Of the six prize winners, five are from the middlewest, despite the fact that numerous translations were submitted from all parts of the country.

Second prize in the high school contest went to Norris Smith, Little Rock, Ark., and third to Marguerite McIntyre, Mechanic Arts high school, St. Paul, Minn.

Wins Second

Margaret Fitzgerald, College of Mt. St. Vincent, New York City, won second place in the college contest, and Chester Neudling, St. Louis university, St. Louis, Mo., third.

A bookmark with a gold encased ivy leaf from Horace's Sabine farm was presented to Professor Flickinger at the classical session of the language and literature conference yesterday morning by the American Classical league, for his work in organizing and promoting the worldwide observance of Horace's birthday.

Given Book

James R. Naiden, G of Marshalltown, winner of the Iowa translation contest, was presented with a book by Grant Showerman, "Horace and His Influence." Prof. Franklin H. Potter, chairman of the Iowa Horace translation committee, made the presentations.

Competition closes today for the University of Cincinnati \$1,000 prize which will be awarded to the person in the United States who contributes the best original ode in Latin, original essay, and translation of one of Horace's odes.

A New Leaf

by Marie Hents

With each new issue of American Prefaces its commendable purpose becomes more evident and the hope that it should not suffer the death of its predecessor, "Midland," becomes stronger.

Critic Walter Allen, in the December issue has painted a most understanding picture of young English "star-bounds" in "New Trends in English Poetry." Against a background of a country ravished by war and depression, these hopefuls in the persons of W. H. Auden, Stephen Spender and Day Lewis emerge with a tremendous sense of social and political responsibility. One of the better critical articles to be included in American Prefaces, Allen's has a degree of broadmindedness and fairness that is unusual in such pedagogic dissertations. He gives us some hope that real poetry may emerge from even decadent Britain with all of its psychological ills. Such articles as Walter Allen's increase our faith in American Prefaces.

Muriel Rukoyser's "The Blood is Justified" is a bit of free verse which could have more rhyme and reason.

"Beat out continuance in the choking veins before emotion betrays us, and we find staring behind our faces, accomplices of death."

We find an expression of this turbulent modern life—almost a betrayal of all the things our ancestors will eventually lead to grand accomplishments and actual justification of our father's ideals.

An honest interpretation of "love's young dream," Robert Whitehand's "American Nocturne" is not quite up to the standard of his play "Derrick's

on the Hill" which appeared in the November issue.

So regional as to almost smell of the pig-sty and the corn stalks are the poetic selections of James Hearst, who presents a vivid picture of farm life in "After Chores," and Herbert Krause who achieves a particularly pungent broken rhythm in "Hillside Burial."

A hang-over from the recent depression, E. Douglas Branch's "Summer Lodge" is a study in the psychology of temporary approximation and resulting delusions of economic adequacy in the minds of our unemployed.

The continuance of "Whither American Literature?—A Symposium" seems to exemplify a great hope in the frankness as well as recognition of an unusual capacity for understanding in modern youth.

Junior Choir Will Present 3 Musical Services Dec. 22

The Iowa City Congregational church junior choir, under the direction of Mrs. Marion Nagler, 6 Melrose court, will participate in three musical services Dec. 22, the Rev. L. A. Owen announced yesterday.

The choir will sing in the Christmas services in the Congregational church in the morning and at 4 o'clock that afternoon will share in the vesper. In the evening, the choir will present a musical service at the Oakdale sanitarium.

The choir is a part of the united choir at the church, is directed by Addison Alspach.

The Congregational church will present two Christmas services Dec. 15 and 22, the Rev. Mr. Owen said.

Pi Beta Phi's Lead in Year Book Contest

Pi Beta Phi ranked first in weekly Hawkeye sales which ended last night, and is also leading in the sales contest up to date, Edward Miller, A3 of Sioux City, business manager, announced last night.

Standings of other teams are: Kappa Alpha Theta, second; Currier hall, third; Gamma Phi Beta, fourth; Alpha Delta Pi, fifth; Kappa Kappa Gamma, sixth; Sigma Delta Tau, seventh.

Delta Delta Delta, eighth; Delta Gamma, ninth; Eastlawn, tenth; Alpha Chi Omega, eleventh; Delta Zeta, twelfth; and Chi Omega, thirteenth.

The weekly prize won by the Pi Beta Phi team, comprised of Eloise Perkins, A4 of Sac City; Emily Corbin, U of West Branch; Jane Niles, A3 of Anamosa; and Katherine Germann, A3 of Decorah, is the choice, by each member, of either of two gold compacts, one shell-shaped, the other triangular, a gold bracelet, or a gold and black cigarette case.

As this is to be the last week of the contest, ratings will be given every day from now until the contest closes at midnight next Saturday. At that time, the announcement of the team winning the New Orleans trip, Dec. 26 to Jan. 2, in addition to a silver loving cup, will be made.

Notes of Protest To Italy

An American hospital has been bombed by Italian planes at Dessye, Ethiopia. Americans, although horrified at the brutal tactics of the Italians, are mainly resentful that the latter should have the temerity to drop explosives upon a building protected by the flag of the United States.

Already the people of this country have forgotten that only a few short weeks ago President Roosevelt issued a warning to keep away from the center of squabbling—figuratively, to walk on the other side of the street—as the United States government would not protect its adventurous citizens.

At the time of this proclamation the people of America applauded with a vehement "aye." No war for the United States just to protect some American corporation employees, said they. Now America is insulted because the stars and stripes has been slapped in the face.

Secretary of State Hull has ordered an investigation, and if Americans were killed in the skirmish, will send a protest to Italy. If Hull sends a protest, he will probably get a return note from Italy regretting the incident but saying, under the conditions, no fault of the Italian bombers.

What does the future hold? We foresee the United States writing protest notes to the Italian government with one hand, and with the other trying to hold back American citizens, saying "Stay home, or you'll get us into trouble."

Notes of protest, after all, are not very effective in maintaining peace. They are often followed with action.

A member of one of the dramatic clubs at Topeka high school was assigned to the task of drawing up a constitution for the club. The member, a pretty girl, wrote in her manuscript, "One-half the membership of the organization shall constitute an aquarium."

What Others Think

In his speech on Wednesday at Detroit, Secretary Ickes neatly disposed of all "opponents of the administration." They have nothing to offer except on the one hand disaster and on the other danger. Having got this dilemma before his audience and before the country, it might have been thought that the secretary would be content to stand and smile pityingly at the republican party taking to the woods. But Mr. Ickes is the fat boy of the administration who always wants to make your flesh creep. Therefore he proceeded to point out the great peril of a triumph of fascism in this country. America must choose, he said—doubtless in a hollow voice registering horror—between our ancient system of democracy and individual liberty, so faithfully supported by the Washington administration, and the sinister plans of the "fascist-minded" republican leaders.

Fascism is a loose term, and Secretary Ickes uses it loosely. In his mouth it is more an epithet than a description. A year or two ago Great Britain was bidden to tremble at the prospect of a fascist government being set up soon by Sir Oswald Mosley, who was first to capture control of the house of commons. But at the election on Nov. 14 not a single candidate for parliament appeared under his banner. What fascism is in Italy we know pretty well. It concentrates all power in the executive; it governs more by decree than by law; it is intolerant of opposition or even of criticism. It flies out on opponents, as Secretary Ickes did at Detroit. But to suppose, or predict, that anything like that system can be set up in the United States is to go against all the known facts. Our institutions may be in danger, but they are not from a man on horseback waving a sword. They may be made to crumble and disintegrate from within, but will not be openly attacked and subjugated from without. Mr. Ickes declares with a rhetoric not too novel that we are at the crossroads. Well, we can see various questionable shapes on either road, but not one of them looks like the terrible fascist of Secretary Ickes.—New York Times.

Cause For Optimism

FACTS INDICATING that nearly 250,000 workers returned to their jobs and that payrolls increased \$8,200,000 in October cited last week by Secretary of Labor Frances Perkins should go to prove that maybe we will find prosperity around the proverbial corner. And so we may add Miss Perkins

to the list of optimistic new dealers for she predicts that the November report will show a million workers have returned to jobs. Reports like these make new dealers appear optimistic in the face of trying times.

Don't bother to pick up paper money. It may be (1) counterfeit; (2) gold notes which you can't keep; or (3) Lindbergh ransom bills which would attract police and G-Men.

Take Them Down

SEVERAL WEEKS ago there appeared in these columns an article discussing the desirability of naming a dependable person to remove posters announcing forthcoming university events. These signs when left posted weeks and months after events occur not only are criteria of inefficiency but also prove very confusing.

Someone is assigned to post these signs and if the sponsors of the events announced are too lackadaisical or indifferent to remove them at the proper time they should be deprived of the privilege of posting them. This practice has been a sore spot on the University of Iowa campus for many years.

Don't deny the ragged stranger the price of a "cuppa coffee." He might be William Randolph Hearst, J. P. Morgan or some other multi-millionaire victim of taxation.

A WPA director claims you don't have to be rich to be a patron of art. Just the same, Dora bets that during prohibition he charged as much as Gus or Tony.

A Bad Break For Children

THE DIONNE quintuplets are constantly being compared and analyzed for their potentialities as future citizens.

Being surrounded with this constant feeling of emulation from the time of their infancy, the sisters are bound to suffer.

They are an outstanding example of a regrettable condition that exists in many families. It is unfair to a child to compare him to his brother or sister. It develops in him either a feeling of superiority or inferiority which will hamper the possibility of bringing out to the best advantage his real talents.

Constructive praise and criticism should be offered every child, not on the basis of comparison, but in a manner that he will realize that some one is really trying to help him.

It's fun to be in the orchestra, think most people. But one of our own college bands, the Varsonianians, have in their repertoire 124 numbers—which means quite some work, we think.

Righteous Great Britain can be expected to halt Japanese aggression in China if Tokyo militarists come much closer to Hong Kong and other British spheres of influence.

A Washington Bystander

WASHINGTON — Unless American naval opinion has undergone quite an improbable change as to the relative value of big battleships, there is one circumstance in connection with the London conference that British and Japanese experts at London cannot well afford to overlook. That is the size, power and speed of the last American battleships designed, the group authorized before this country entered the World war but never even laid down to the naval limitations treaty.

Those ships were to have been something like 10,000 tons heavier than any battleship afloat today, to have carried 18-inch main batteries of a dozen guns each. They were designed for a higher speed than any previous American battleships.

Bigger Warship Trend When the Washington treaty was negotiated, halting their construction in the blueprint stage, the original plans were undergoing frequent revision to embody the naval lessons of the World war. The size of the proposed ships gave naval designers room for evolving protection against both under-sea and air attack not adaptable to lesser vessels. Since then, under the tonnage limitations of the Washington and London treaties, naval engineering has made great strides in weight-saving devices.

The point that the other major naval powers must remember during the London conferences is that American trend toward bigger warships with only the capacity of the locks of the Panama canal to check it, was still at work the last time the naval powers exchanged views. Then it applied to cruisers. If treaty limitations on the size of battleships now are to be scrapped completely, the same old American theory of ships big enough to be self-contained, independent of refueling bases for thousands of miles of cruising, still is likely to apply.

A New Yorker

At Large

By JAMES B. RESTON

NEW YORK—Being the periodic Broadway review: Helen Hayes is rehearsing for "Victoria Regina." . . . The musicals are still topping the "hit" list, which now includes "Jumbo," "Porgy and Bess," "At Home Abroad," "Jubilee" and the dramas, "Dead End" and "The Taming of The Shrew" . . . Also recommended are "Pride and Prejudice" and "Wintergreen" . . . Leslie Howard has broken even Broadway's record for inconsistency. He has been promising "Hamlet" for almost a year now and according to the first announcement we were to get it in October. . . . The early date was due to rumors that John Barrymore was planning to revive the same play and that an English company also was going to present it. But Barrymore is not well now and the English company has not been heard from, so Howard says he will now arrive on March 1, which I don't believe. . . . I pass it along for what it's worth. . . .

The beloved Frank Craven is back in a so-so farce called "For Valor." . . . We have a bad proletarian drama with us, too, the Theater Union's "Mother" . . . Hollywood has heavier investments in our plays this year than ever. M.G.M. has "Jubilee," "Pride and Prejudice" and "The Children's Hour"; Warners has "Boy Meets Girl" and "Three Men on a Horse" and Paramount is financing "There's Wisdom In Women" . . . Eva Le Gallienne is bringing her repertory troupe to Forty-fourth street for a limited stay early in December . . .

"Jumbo" having got away to a good start, Billy Rose estimates that it is now worth \$5,000,000. . . . He will condescend to let the movies have the picture rights for about \$500,000. . . . U. Heights To Start Gas Use

Will Burn Natural Fuel For Initial Time Tomorrow Afternoon

Natural gas will be used for the first time tomorrow by residents of University Heights, it was announced yesterday by Iowa City Light and Power company officials.

Preliminary adjustments to burners will be made earlier in the day. Approximately 60 men are now at work on the conversion project, company officials said, including 45 employed on the pipe lines and 15 on burner adjustments.

Second inspection and cleaning of burners will be made Tuesday, and a final check by mechanics will be made Wednesday.

Junior Hi Glee Clubs to Give Xmas Operetta

The Iowa City junior high school boys and girls glee clubs will present "The Magi's Gift," a Christmas operetta, in the high school auditorium at 8 p.m. Dec. 19, Grace Giddens, music instructor, announced yesterday.

The cast includes 75 boys and girls, but only 16 of them will have speaking parts. For an overture the junior high orchestra, under the direction of Lloyd Swartley, head of the high school music department, will play several Christmas songs.

The operetta will be under the direction of Miss Giddens, but she will have the help of Helen Burns, junior high English instructor, who will coach the dramatic parts. Helen McCleary of the home economics department and Luica Otto, art instructor, will prepare the costumes.

Elizabeth Moorehead, English instructor, and Joan Fulton, seventh grade student, will be the accompanists. Irvin Keeler will be the stage manager.

J. Mahoney Dies In Local Hospital

Joseph Mahoney, 65, of Oxford died at a local hospital early yesterday morning.

Funeral service will be tomorrow at St. Mary's church in Oxford. The McGovern funeral home will be in charge of Iowa City arrangements.

Play Center Supervisor Gives Cast for Marionette Production

The cast for the play, "The Christmas Dinner," which will be presented by members of the recreational center marionette class, was announced last night by Margaret Mulholland, supervisor.

"The Christmas Dinner" written especially for marionette production, will be under the direction of Margaret Grunewald, A3 of Cedar Rapids, and Don Lleroke, A2 of Storm Lake.

List Players

Players are listed as follows: Eleanor Henderson as Bridget; Rodney Crawford, Cook; Maxine Zeman, Bread; Phyllis Moore, Pudding; Mary Ann Duros, Turkey; and Howard Schaapveld, Johnny.

At the close of the ninth week of the recreational center's fall program last night, more than 650 different children had been registered and the total attendance had exceeded 8,700 boys and girls.

The crafts class for boys and girls, directed by Hazel Vincent, A3 of Des Moines, and Mary Vincent, A3 of Des Moines, has had an average attendance of 30.

Ah ----! Solution

Two Hundred Watch 'Seventh Suspect,' Murder Mystery

The mystery of the "Seventh Suspect" was solved Friday night before 200 persons who attended a three act play at University high school. The mystery was written by M. F. Car-

center, head of University high school's English department.

Centered about the poison murder of a college official, the plot included several suspects. Included among the possible victims of circumstance was Mary Carolyn Kuever, feminine lead, who precipitated the action by attempting to give one of her instructors a harmless drug. Some one substituted poison for the drug and the play dealt with solving the crime.

Tom Horn, police captain, gave a creditable performance in solving the crime. In this she was ably assisted by Sidney Miller, who played

the part of a clergyman, and Edward McCloy, police sergeant. The culprit finally turned out to be Shirley Briggs, hard boiled aunt of Miss Kuever's, who wished to dispose of her niece in order to possess the latter's fortune.

The play presented a difficult problem to the young actors and actresses in that it required many to appear aged. Other incidents might have been awkward but the players adapted themselves well, giving creditable performances throughout the entire three acts.

Foerster Will Be Trustee Of Illinois School

Position Conferred By Rockford College On Iowa English Head

Prof. Norman Foerster, director of the school of letters, has been elected a trustee of Rockford college, Rockford, Ill. It was announced yesterday. Rockford was one of the first colleges for women established in the United States, and a large proportion of the students are from Iowa.

Professor Foerster gave the leading address at that college at the inauguration of President G. K. Chalmers a year ago.

He is a member of the Modern Language Association of America and of the Modern Humanities Research association, and is the author of many books dealing with literature, the first being "Outlines and Summaries," in 1915, and his latest work "American Critical Essays," written in 1930.

Professor Foerster received his A.B., A.M. and Litt.D. degrees at Harvard university in 1910, at the University of Wisconsin in 1912 and at the University of the South in 1931, respectively. He has been director of the school of letters here since 1930. Previous to this work, he taught at the University of Wisconsin and the University of North Carolina.

Song Comes Into Its Own

School Organizations Will Enter "Sing," Old Iowa Custom

Genuine University of Iowa spirit will be generated in song when chapter houses and dormitories compete in an all-university "Sing" contest, the preliminaries of which will take place Feb. 10 and 12.

A traditional part of college life on many campuses, the "Sing" will revive an old Iowa custom and inspire college loyalty through mutual interest of all campus organizations in a common project.

Betty Minkel, A4 of Ft. Dodge, chairman of the contest committee, is assisted by representatives of Mortar Board, A.F.I., University Women's association, Y.W.C.A. and Y.M.C.A.

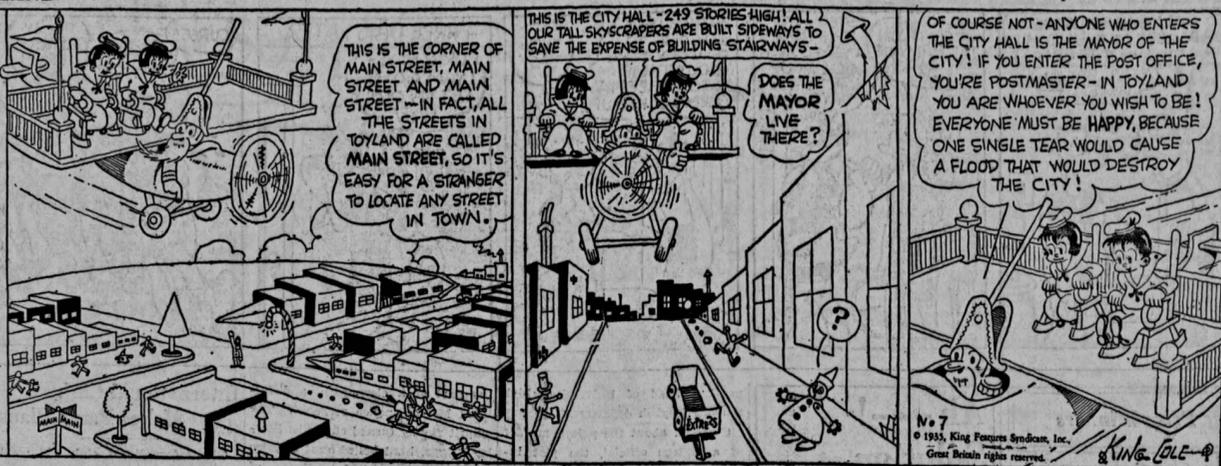

Gladys Strayer, A3 of Cresco, of the U.W.A. will supervise preliminaries for women's organizations, Feb. 10, and Bob Rankin, A3 of Mason City, of the Y.M.C.A. is in charge of men's preliminaries, Feb. 12. Each group will be allowed 10 minutes to sing two songs in addition to "Old Gold" which is required of women's groups and "On Iowa," required of men's organizations.

The four groups winning in the preliminaries will appear in the finals, Feb. 17, which are in charge of Marguerite Cook, A4 of Clarinda, of the Y.W.C.A.

Judging of the contest, which will be done by members of the music department, and the awarding of

21 POUND BADGER, CAPTOR

—Daily Iowan Photo

Albert Holt, Iowa City, and his dog captured the large badger late Thursday evening near Clear Creek while hunting coons. The dog tackled the badger, but after a stiff fight the animal hopped up, and Holt was forced to use a spade to force the badger into the open to shoot it.

Trophies to the winning women's and men's organizations are under the supervision of Ann Louise Crow, A4 of Burlington, representative of Mortar Board which is furnishing the two trophies.

Contest rules, to be sent along with entry blanks to campus groups this week, require that 90 per cent of the organizations participate in the preliminary and final competition. Instrumental accompaniment is optional.

Entry blanks must be returned to the Iowa Union desk by Jan. 14.

The musical instruments used by the Chinese are drums, cymbals, horns, lutes, castanets and flutes. There are three varieties of bells—po-chung te-chung and pien-chung.

Kann Still Receiving Bids for Christmas Jobs at Hospital

Applications for substitute board jobs at University hospital over Christmas vacation are still being received at the university employment bureau in the old dental building.

These jobs offer an opportunity for the student to earn advance board of about five weeks, Lee H. Kann, director of the bureau, explained yesterday. If the student wishes to work nine hours a day, he can earn his current board, and at the end of the holiday period have

Debaters Face Three Teams

Western Conference To Open Thursday Against Minnesota

Opening the Western conference debates for 1935-36, University of Iowa debaters will meet three opposing teams on consecutive evenings this week.

The first debate will be at Minneapolis with Minnesota, on Thursday. Iowa's team will be composed of Walter MacGregor, A3 of Des Moines; Bernard Hyink, G of Glen Dale, Cal.; and Harry Kotlar, E3 of Davenport. They will take the negative side of the Western conference question: Resolved, that the several states should enact legislation providing for a system of complete medical service available to all citizens at public expense.

On Friday evening, Iowa will meet Northwestern at Davenport, where the debate will be conducted under the auspices of the Davenport Chamber of Commerce. Robert King, A3 of Sioux City, and Robert Blakely, A3 of Onawa, will take the negative side.

Iowa will be matched against members of the Wisconsin forensic group here on Saturday. Debaters for Iowa will be Addison Kistie, A2 of Council Bluffs; Edward Freutel, A1 of Los Angeles, Cal.; and Addison Hickman, A2 of Sioux City, who will uphold the affirmative side of the question.

Ordinary board jobs, providing three meals a day in return for three hours work, are also open.

WOMEN'S SPORTS

The W.A.A. handicraft and badminton clubs will start activities Monday. Anyone desiring to join these clubs should sign up at the office.

The basketball club will start next semester. Members for this club will be selected from the best players in the intramural games to start Dec. 13.

Coward Play Described As Fine Comedy

"It wowed 'em in England and the English have to be wowed!"

This description of Noel Coward's "The Young Idea," to be presented next Tuesday, Wednesday, and Thursday by university theater, indicates a hysterical comedy, written with typical oward sophistication.

Two modern young people attempt to reconcile their parents, who have divorced and are no longer interested in each other. Father is about to remarry, and mother, who lives in Italy, would like to. In spite of these disadvantages, the children still try to reunite their parents, and the results are a surprise to all the characters.

The play will be directed by Prof. Vance Morton, associate director of university theater.

Other plays which will be presented in the 1935-36 community series are "Laburnum Grove," by J. B. Priestley; "Valley Forge," by Maxwell Anderson; "The House of Connelly," by Paul Green; and "Noah," adapted from the French of Andre Obey by Arthur Wilmurt.

New Blood

FIRST of the United States Steel "new blood," Benjamin F. Fairless, 45, has been elected to the presidency of the Carnegie-Illinois Steel Corporation. "New blood," but even more significant, Fairless was born the son of an Ohio coal miner, and lived early in the shadows of sooty shafts and human despair.

Instead of going down the shafts with his father, traditional among coal miners sons, Fairless worked his way through Northern Ohio University, and entered the steel business on graduation. Familiar with the problems of workers by heredity, Benjamin F. Fairless' rise belied his name.

A "Jesters" Product

Held as firmly as Mary Pickford in the affections of those who remember the silent movies is Richard Barthelmess, Trinity '17. Like Pickford, Barthelmess was one of the first artists to come directly out of a peculiar art sponsored by former furriers and glove salesmen. Like her he has remained in the imaginations of those who applauded the screen's first crudities and naive, simplicity that often had a power of its own. Manly, but not robust heroism and splendid, sad-faced patience through adversity won Richard Barthelmess his place.

Member of a family in theatrical circles, Barthelmess came to the movies a college man, graduate of the Trinity Jesters, when motion picture performers were a rough, unschooled lot. His first picture was "War Brides." Under the aegis of David Wark Griffith, outmoded now, Barthelmess made long lines stand outside of the theaters to see his Chinaman in Broken Blossoms, with Lillian Gish, and his mountain lad in Tol'ble David. In 1927 his Patent Leather Kid had a pathos no story of a boxer has since had.

When the talkies came, Dick made Weary River in the old technique of manly fortitude—this time with a voice. Partly successful of late as a gangster and aviator and in roles of sociological significance—Indian and Southern cotton field worker—Dick's pathos does not capture as before. Like Pickford, wealthy, he does not need to make many pictures and has leisure to visit the Trinity campus occasionally.

TODAY the Gothic is still the favorite form of architectural decoration, as a glance at Chicago, Harvard, Yale, Princeton, or Duke will show. Columbia's and Rochester's Renaissance is definitely second. Archeological faithfulness to scores of subdivisions of Gothic is possible with the aid of modern photography and art-history.

Pittsburgh's Cathedral of Learning

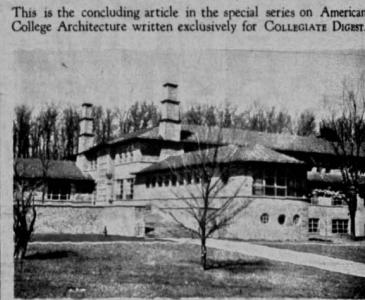

Perhaps due to the arid specialization of their historians, most contemporary architects—and the users of their buildings—have lost all feeling for the propriety and meaning of the Gothic forms in which they are so fluent.

Hence the Cathedral interior for the modern Gothic Yale library, with its High Altar serving as the delivery desk and its Confessionals as telephone booths. Hence also the application of Gothic decorative schemes to schools of commerce, or science, or strangest of all, to skyscrapers. Without the "cathedral" touch, the skyscraper may well answer the demand for professional schools convenient to downtown affairs. Northwestern's McKinlock Campus in Chicago meets such needs. But what a life for students!

The bracing breezes of twentieth-century thought and modern forms have scarcely touched our colleges, and in this the New World has fallen behind the Old. At Butler University Thomas Hibben has built Jordan Memorial Hall in forms remotely related to Romanesque, but with at least an attempt at originality. Hailed as "modern", it is no freer than the free Gothic built in native stone at Sewanee much earlier.

Eliel Saarinen's Cranbrook Academy near Detroit suggests possibilities for the small or medium-sized college when the styles of the past are finally abandoned. Americans may console their national pride by reflecting that although built by an architect educated in Finland, Cranbrook shows unmistakable relation to—perhaps inspiration from—their own modern architect, Frank Lloyd Wright.

The other possibility for future college architecture lies along the lines of the so-called "International Style" represented in New York's New School for Social Research.

Altered Iowa Cage Quintet To Face Carleton in 2nd Game of Season

Three Sophs Will Appear In 1st Lineup

Improved Hawkeye Five Seeks First Triumph; Game Starts 7:35

PROBABLE STARTING LINEUPS

Iowa	Carleton
Rosenthal	Meissner
Barko (c)	Nugent (c)
Drees	Fast
Van Ysseldyk LG LG	Okoren
Thompson	Larson

Improved in every phase of play since the opening game 10 days ago, the University of Iowa basketball team renews its bid for victory No. 1 tonight against the Carleton Carlis of Northfield, Minn. The contest will start at 7:35 in the fieldhouse. Coach Rollie Williams, still experimenting with several combinations in an effort to assemble a high powered quintet for the Pittsburgh game next Saturday, will start three new men and two veterans against the speedy Midwest conference champs.

Drees at Center Jack Drees, slender 6 feet 5 inch center, ousted the veteran Matt Walsh of Council Bluffs from the pivot post during the last week and Joe Van Ysseldyk, also a first year man, has temporarily displaced Ken Sussens of Burlington, who started against James Milkin Nov. 30. These two men will combine with Capt. John Barko, team high scorer, Sid Rosenthal, tricky senior letterman, who will be at forwards, and Ed Thompson of Marshalltown, a guard.

Numerous substitutes will see action as the game progresses for Coach Williams has declared that positions are still wide open. Carleton Speedy Perennial leaders in the Midwest conference, Carleton will again be represented tonight by a skillful team. Coached by Marshall Diebold who won Big Ten and all-Western honors at Wisconsin in 1924, the year Williams took over the freshman mentor post here, the Carls have met and conquered many of the leading teams in the east and middle west.

Only lack of height cuts down the efficiency of the invaders. Excessive speed and deceptiveness offset this deficiency, however. Capt. Robert Nugent, a steady performer, Frank Okoren, flashy guard, and Syd Larson, junior backcourt man, are the top-notch men.

Iowa will again depend on Captain Barko for the major share of the scoring with Rosenthal adding to the total with his customary sensational buckets from unusual positions.

Payment date of \$230,881 is expected before Christmas.

Naval Powers Come to Grips

Japan Demands Parity Of Naval Power During London Meeting

THE NAVAL CONFERENCE IN HIGHLIGHT By the Associated Press AMERICA—Proposed 20 per cent cut below existing treaty tonnage in navies of world's sea powers, or at least continuance of present limits. JAPAN—Flatly turned down 20 per cent cut as mere perpetuation of ratio system which it determined to wipe out; countered with demand for equality. GREAT BRITAIN, FRANCE, ITALY—Gave generally favorable reaction to American proposal, but little hope for its success apparent.

LONDON, Dec. 9.—A quick Japanese "no" stood out in sharp relief tonight against a background of surprisingly favorable naval conference reaction from other quarters to America's proposal that the world's sea powers cut their navies by 20 per cent.

But the favorable response from elsewhere raised little hope for the success of the five power conference, which began its deliberations in the historic Locarno room of the British foreign office this morning—and in a setting dark for disarmament.

The Japanese, through Admiral Osami Nagano, their principal delegate, flatly rejected the American proposal advanced by Norman H. Davis. It turned it down as a mere perpetuation of the existing ratio system.

That system they are determined to destroy, because it limits Japan to three-fifths of the naval power maintained by either the United States or Great Britain. They countered with the parity demand which is the real crux of the conference.

Developments at the end of the first day of speech-making and maneuvering showed the Americans and British on one hand and the Japanese on the other hand adamant in their divergent positions on the 5-5-3 naval ratio.

Davies Reports Rise in Level For Business

Expects Level for 1935 To Top 1934 by Ten Per Cent for Year

"On the basis of 10 months' comparison the business level for 1935 will be about 10 per cent above 1934," reports Prof. George R. Davies of the college of commerce in the November issue of the Business Digest. Professor Davies expressed his belief that this advance was partly caused by the investment of foreign capital in this country consequent upon the threat of extensive conflict. If peaceful relations were re-established abroad it would probably result in the withdrawal of this capital.

Sees Future Gains "Nevertheless," he states, "continued gains in durable goods industries, including machine tools, give promise of further advances in the immediate future."

Growing opposition to governmental restrictions indicates that initiative has been regained by business, according to Professor Davies. "The fear is often expressed that a dangerous inflation may develop within the next two or three years," the report says.

As was the case in earlier depressions, except when there has been a scarcity of gold, the price level continues to rise. In October it had mounted to 84 per cent of the 1929 level. That it will continue to rise until it reaches or even exceeds the pre-depression level seems altogether likely. Gold reserves are at present, however, ample.

In Iowa Professor Davies reports that recent advances have been maintained and some further gains made.

Bank debits have increased about 16 per cent, building contracts are about 46 per cent over a year ago, life insurance sales show an increase of 15 per cent and new automobile sales 30 per cent.

Employment in Iowa increased only fractionally for the month but remained six per cent above a year ago. The textile industry showed the greatest gain for the month with 5.9 per cent.

Sell More Than 170 Tickets for Dinner

More than 170 of the 750 tickets which will be available for the Chamber of Commerce dinner honoring Cleo Yoder have been sold during the first day, it was announced yesterday. The dinner is to be held in honor of the Wellman farm youth whose steer took grand championship honors at the recent International Livestock show.

Farmers will be invited to the victory dinner by Iowa City business men, and a list of prominent speakers is being prepared by the Chamber of Commerce program committee.

Roosevelt Delivers Opening Bid For Farm Support at Meeting

Declares Policies Have Been of Great Aid To Nation's Farmers

CHICAGO, Dec. 9 (AP)—President Roosevelt and the American Farm Bureau federation shook hands today on the new deal's agricultural program. His recital of triumphs, claimed for measures to restore rural purchasing power — frequently interrupted by cheers from the estimated 19,000 persons attracted to the opening session of the federation's seventeenth annual convention — was capped by pledges of support for Roosevelt farm policies from the organization's president, Edward A. O'Neal.

Delivers Opening Bid In International amphitheater at the stockyards, capitol of the cornbelt which has been looked on as one of the chief battlefields of the 1936 campaign, the president delivered what many observers regarded as his opening bid for farm ballots. Then from Chicago, accompanied

by Postmaster General James A. Farley, he proceeded to South Bend, Ind., where he pointed to America's traditional religious liberty as a guide for all nations and was honored with a degree of doctor of laws by Notre Dame university.

Admits "Mistakes" In his Chicago speech, the president admitted "some mistakes" in the general recovery program but declared that economic vitality was returning.

He assailed his critics as "calamity howlers" and characterized speculation as a curse of "American life."

Claims Increase Asserted his agricultural undertakings had wrought an increase of three billion dollars in farm income in the last two and a half years.

Claimed a general increase in trade with Canada springing from the reciprocity treaty would rebound to the benefit of farm producers; And asserted city dwellers had shared in "net benefits" of a reviving agriculture.
