Here's a way to increase classroom interest these hot days—change the classroom site to the great out-of-doors. A shady spot under a tree on the terrace west of Old Capitol was the comfortable sanctum chosen by Prof. Wilbur Schramm of the English department to conduct his freshman honor section yesterday afternoon.

Bulletin

BERLIN, May 14 (AP)—An official German News agency dispatch from Frankfurt on the Main said the zeppelin Hindenburg landed there at 6:10 a.m. (11:10 p.m., May 13, Iowa City time) today, ending its return flight from America.

That would give the Hindenburg an official time of 49 hours, 27 1/2 minutes for the eastward flight across the Atlantic from Lakehurst, N. J., to Frankfurt. The zeppelin took to the air from Lakehurst at 9:27 1/2 p.m. (Iowa City time) Monday.

The former best time for a flight from America to Germany was made by the Graf Zeppelin in August, 1929, in a 54-hour voyage from Lakehurst to Friedrichshafen.

Robinson Gets Life

Pleds Guilty To Kidnaping

Judge Gives Sentence Within 48 Hours After Apprehension

LOUISVILLE, Ky., May 13 (AP)—Thomas H. Robinson Jr., last of the nation's major criminals to be captured, pleaded guilty to the Stoll kidnaping and was sentenced to life imprisonment here tonight.

Robinson slugged Mrs. Alice Speed Stoll, young Louisville society matron, with a lead pipe and snatched her from her home here Oct. 10, 1934.

For more than 19 months he eluded the federal agents while Mahan, Karpis and other major criminals were being netted. Robinson spent most of his time traveling between New York and California and federal agents said he spent freely the \$50,000 paid him for freeing Mrs. Stoll. He had held her a week in an Indianapolis apartment.

Puzzler's League Will Offer 9 New Words To Puzzle Puzzlers

NEW YORK, May 13 (AP)—The education committee of the National Puzzlers' League crashed through today with nine new words it will offer the league's semi-annual convention in Boston Sept. 5.

Enemies of the unabridged dictionaries, with chapters in many cities of the United States, the puzzlers may have a few more odd words to offer by then, and if the league approves, the words will be submitted to various lexicographers.

One they are proudest of is "humidauriculate"—meaning dry behind the ears.

Off for Cleveland yesterday morning started 77 Iowa City high school musicians and more than 30 parents and faculty members.

24 Convicts Make Break From Prison

McAlester, Okla., May 13 (AP)—Striking with sudden savagery, two dozen dangerous convicts broke out of the state penitentiary today, killed a prison foreman they used to shield their flight, kidnaped two guards and wounded another while 10 of their bloody band were being shot down by officers.

Six of the escaping convicts were recaptured unhurt. Shorty Wallace, a passerby, said he saw the convicts shove C. D. Powell, prison brickyard foreman, out of the commandeered automobile as they fled toward town.

One convict escaped in a prison ice truck. Possesmen were uncertain whether the other two fugitives were fleeing with the leaders in the commandeered automobile.

The convicts, armed with knives, seized Powell and Guard Tuck Cope as they lined up for noon roll. Using the officers as shields, the prisoners forced guards at the prison gate and on the walls to surrender their weapons.

Snatching up guns, the leaders of the break opened fire, wounded Guard Bob Gossett four times and fled in his automobile, taking Powell and two other guards, Cope and Victor Conn, with them.

Support Promised

WASHINGTON, (AP)—Promises of at least partial support for the principles of a new federal crop insurance plan came from some republicans as well as democrats yesterday, immediately following introduction of a bill to this end by Senator Pope (D-Idaho).

Lawrence Cassidy Wins First Place In Diction Contest

Lawrence J. Cassidy, 21 of New York, won the annual freshman diction contest last night, scoring 67 out of a possible 70.

Stanley E. Nelson, 21 of Harlan, and Frank L. Bodenheimer each scored 63 and a run off contest will be necessary to determine second and third places.

Fourth and fifth places—the latter to be awarded to the highest scoring student in the low group—have not yet been determined. Cassidy will receive a copy of Webster's New International dictionary, while the other four prizes are copies of Webster's Collegiate dictionary.

Elbert Miller Hangs Himself

Despondency Given As Reason for Suicide; Was in Ill Health

Elbert Miller, 59, stone cutter here, last night committed suicide by hanging himself in the garage of his home at 906 E. Market street.

Mr. Miller, a partner in the Miller Bros. Monument works, had been despondent over financial affairs for some time. He had been in ill health.

At about 9 o'clock last night Mr. Miller told his wife he was going outside. After about 15 minutes his wife became alarmed and went to look for him. She found him in the garage hanging from one of the rafters there.

CLEVELAND! HERE THEY COME!

Off for Cleveland yesterday morning started 77 Iowa City high school musicians and more than 30 parents and faculty members. Parents, brothers and sisters, shown above, see the nationally known and many times national winners off on their trip. Again declared Iowa champions in class A at the music festival here, the group this year is expected to bring back national honors. (Story on page eight.)

Inflationary Act Crushed Beneath 235 To 142 Vote

Ballot Climaxes Battle In House; Sponsors Try to Swing Vote With Amendments

By DOUGLAS B. CORNELL
WASHINGTON, May 13 (AP)—The \$3,000,000,000 Frazier-Lemke farm debt refinancing bill, on which was based the biggest "new money" drive of the session, was crushed today under a landslide vote in the house.

The 235 to 142 record ballot that filled the bill and sent lusty yells ringing through the packed house chamber climaxed one of the most hotly contested battles of the 74th congress, and represented a victory for the house leadership.

Sponsors of the legislation, sent down to defeat after five years of hard work to bring the measure to a vote, tried vainly to swing the tide in its favor by offering amendment after amendment designed to lure more votes. Some were accepted but did not change the final result.

One of these would have permitted loans up to no more than 80 per cent of the fair value of farms, whereas the bill originally had called for 100 per cent. Some backers of the legislation, which would allow the issuance of \$3,000,000,000 of new money, had predicted that this would bring in 40 more votes.

Fresh charges of inflation, "printing press money," and "greenback legislation" were hurled at the measure throughout the day's uproarious session. Supporters of the bill snapped back assertions that it would save the homes of millions of farmers and spoke of "poison" pervading the chamber.

Speaker Byrnes, who rarely becomes directly involved in a controversial floor scrap, left the speaker's rostrum at one point to read a letter from President William Green of the American Federation of Labor, announcing that the organization's executive council had gone on record against the bill "largely because of its inflationary nature."

Highway Safety

THIS MATTER of reducing deaths from automobiles on our highways is one that nearly every service club and fraternal organization talks about but nothing very effective is ever done about it.

The only way we can ever hope to lower accident death rates in Johnson county and eliminate traffic hazards is by the development of a strong educational program.

While not much was accomplished, the first step toward a real highway safety program was made at a meeting of representatives of some 20 service clubs at the American Legion building Tuesday night.

At one time or another the various civic clubs have organized safety programs. While these may have accomplished a little, they usually dropped by the wayside.

Close and intelligent cooperation between the law enforcement agencies and a citizens safety group should do much to prevent traffic violations and educate drivers as to the dangers of careless actions on our highways.

Have Just Begun

FROM THE sunny shores of Italy there will soon be sent 200,000 families in convoy ships, and by order of Premier Mussolini. These families, totalling in all more than 1,000,000 persons, will embark on "the glorious adventure" (Benito's version) of colonizing Ethiopia.

Winchell

Hits the Nail

LIKE THOUSANDS of other Americans we read Walter Winchell's "On Broadway" column religiously. Although Winchell is best known as a "keyholder," he occasionally offers some genuine bit of creative writing.

"Portrait of a Friend: His love for you is Tops when you're at the Bottom... He looks you up when the rest of the world looks down on you... He lets you step on his toes to help you get on your feet... He shows you the meaning of friendship—not the meanness of it... He shoots straight with you—not at you... He knows most of your faults—and cares least..."

"When you're wrong he tells it to you—not to the rest of the world... He doesn't complain when you neglect him—but beeps when you neglect yourself... When you flop—he never splits with you—except what he has... When you achieve success—all he wants of it... He lets you know if it... He lets you worry him more than his enemies do..."

"He is your best press-agent because he doesn't have to be paid to boost you... He works his fingers to the bone to give you a hand... His friendship is the kind you can't lose—even when you deserve to... He stands behind you when you're taking boos..."

Keeping Out of the Red

IT IS INTERESTING to note that of our 48 states there are only four that have succeeded in keeping out of the red. And it is also interesting to note that the much-publicized Kansas is not among those listed.

The four states having no public debts, according to the report of federal officials, are Florida, Ohio, Wisconsin and Nebraska. While Kansas has not kept out of debt, it has managed to balance its budget the last several years.

Florida, as a state, has been a "biker" as far as relief is concerned. Between January, 1933 and the corresponding month in 1935 the national treasury poured over \$40,000,000 into the resort state while Florida retailed with less than \$16,000. Municipalities granted around \$2,000,000, but even so the ratio is much overweighted on one side.

Nebraska, in the same period of time, paid only \$2,748 toward relief, but the municipalities put up a large sum and gave the state a satisfactory record in this respect. (The other two states both met their relief obligations fully.)

Any state that has remained out of debt, especially during the last six and a half years, is deserving a compliment. We might improve the situation in Iowa by observing and studying more closely the machinery of our sister states.

Vandenberg Got Start as Newsboy; Ranks High on GOP Candidate List

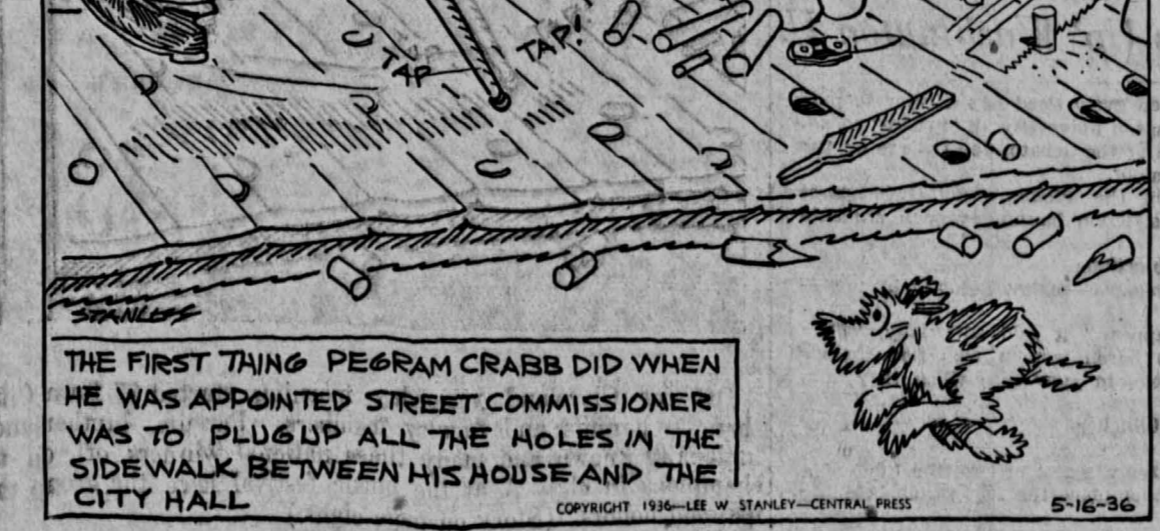

This is the fourth of a series of articles concerning possible republican nominees for the presidency of the United States.

WASHINGTON (AP) — Senator Arthur H. Vandenberg of Michigan felt he to much of what was left of his party when he survived the Roosevelt landslide of 1934 and since has ranked high on the list of potential republican nominees for 1936.

Vandenberg, however, has had little to do personally with having his name placed on this list. He has been consistent in his refusals to discuss the subject. Only a few weeks ago he was quoted as saying that "I am not a candidate for anything on earth."

He has followed a middle course in the senate, winning the reputation of being a moderate liberal—neither radical nor a reactionary conservative. He supported many of the policies of the "new deal" and opposed some.

Letter To The Editor

WHY HAIR STANDS ON END "At last we know why fear makes our hair stand on end. Three doctors, after years of research, have found that the hypothalamus, the size of a bean, located in the center of the brain, is responsible for the bristling of the hair with rage or fear."

"We do not intend to make light of the work of scientists. One who has read of the good done to mankind by these untiring, unselfish men can have nothing but respect for them. But it does seem to us that there are plenty of things yet to be found that really would have some meaning—such as a cure for cancer." Editorial in the Iowa City DAILY IOWAN, May, 1936.

In similar vein facetious writers in Pasteur's day laughed at "the little bug" found by him in the housewife's preserves-jar, Babinaki, a grown man, concerned himself for years over the fact that certain patients moved one big toe up, the other down, when their sales were tickled; and he then discovered that this indicated disease in one small bundle of nerve fibers. Now every physician uses this test in locating corresponding brain or spinal-cord disease.

A New Yorker

NEW YORK—Musicians have a way with them. We have been making notes on the cuff all winter to prove it. There is Toscanini, for example, retiring music director of the New York Philharmonic-Symphony orchestra. What regular at the Carnegie hall concerts will ever forget that unorthodox cross-motion with which the maestro swings the orchestra through most of the exciting passages? Toscanini may have been born a director, but the instrument of his early musical expression was a cello. He never has lost the habit of using the bow.

Republican Candidates Predict Return of G. O. P. to Power

200 Hear 18 Speakers At Courthouse Hit Administration

Branding the new deal as a "spending orgy which will land us in another depression," 18 candidates seeking republican nomination in the June primaries predicted a return of the G. O. P. to power before 200 first district party members at the courthouse last night.

The 18 speakers, allotted eight minutes each, turned loose their fire against both the state and national administrations charging suppression of freedom and the robbery of taxpayers.

"Challenge to Liberty"

George A. Chaney of Des Moines, candidate for the republican nomination as United States senator, and a faculty member of the mathematics department of the University of Iowa from 1910-13, blasted the new deal as a "challenge to the liberty of America."

"The crisis is near," he declared. "Our very system of government is being challenged."

Edwin G. Manning, former mayor of Ottumwa, also a candidate for the U. S. senate, declared, "The republican party is a minority party now it will be overwhelmingly a majority group after the November election."

Smith W. Brookhart of Washington, Ia., a third candidate for the republican nomination to the senate, did not appear at the rally.

Candidates Led by Childs

Candidates for state office were led by L. H. Childs, former mayor of Ft. Madison, one of six candidates for republican nomination as state railroad commissioner.

"You can't buy your way to prosperity," Childs declared. "I don't believe any government should operate on the theory of utter disregard for future generations."

C. A. Benson of Elkader, candidate for republican nomination as secretary of agriculture, urged the republicans to unity in the coming election.

Other candidates for state office were R. M. Uhl of Des Moines, candidate for attorney general; Frank Hansen of Elkader, state auditor; Harry Thompson of Muscatine, who spoke for B. R. Mohrnsen, also of Muscatine, secretary of state; Mrs. Olive S. Johnson of Cedar Rapids, secretary of state; J. H. Calhoun of Keosauqua, a graduate of the university law school, state senator; W. H. Hadler, Muscatine, candidate for state legislature; Herman Lord, former mayor of Muscatine, state legislature; Mrs. Henry Wood of Moulville, secretary of agriculture.

W. C. Edson of Storm Lake, lieutenant governor; Robert McBirnie of Boone, who like Edson, pleaded economy in state administration and claimed "Scotch descent."

Arriving late in the evening, Seth S. Silver of Gantrif, farmer, denounced "Henry Wallace's farm program," but called for a "statement of a definite stand by the republicans."

Herbert J. Ries of Iowa City and F. C. Schatt of Williamsburg, both candidates for the republican nomination to the state senate, demanded curbing of spending in both state and national governments.

George Koser of Iowa City, opposed in the primaries for representative of Johnson county, gave what he called his "first political speech."

D. C. Nolan, state chairman of the Young Republicans organization, presided at the meeting. Attorney Stewart E. Wilson was in charge of the gong which timed each speaker's remarks.

'28 Grad Selected For Air Programs On Chicago Station

In an unusual contest for which all women listeners to the home management course over radio station WGN, Chicago, were eligible, Mrs. Esther Dempster Talbert, '28, has been chosen to substitute for June Baker, who conducts the regular broadcasts.

Mrs. Talbert, a graduate of the Iowa City high school and of the university home economics department, was chosen from more than 200 applicants to be one of three women to write and deliver their own programs regularly.

Her first broadcast was at 2:30 yesterday afternoon. She will present further programs next Monday and again the following Thursday.

MAP SHOWS CITY'S GROWTH TOWARDS SCHOOL SITE

The above map, a reproduction of a new residence chart issued by the city planning commission, shows the eastward trend of Iowa City home-building towards the proposed new high school site. From May, 1925, to July, 1934, the latest figures available, there were 62 per cent more new residences built east of Gilbert street than west. Gilbert is the geographical dividing point of Iowa City. The black line running from top to bottom indicates Gilbert street on the map. A total of 244 new homes were built east of that point during the period named above, while only 150 were built to the west, including University Heights. Each black dot on the map represents a new residence, while the proposed school site is on the right, shaded.

Music—school children of Iowa City. Services to the unknown dead—Women's Relief corps. Music—University band. Rifle salute—Squadron from Troop 1 of 113th Cavalry. Taps—trumpet bugler, James DeLong. Services to the World war dead by the Roy L. Choepel post, No. 17, of the American Legion.

NUMBER TWO

(Continued from page 1)

navics commission has now taken over the job of supporting District Judge Harold D. Evans' ruling in Johnson county district court enjoining aircraft from flying lower than 30 feet over the boundary line.

"There are no hard feelings between myself and the airport here," he said. "Everything was settled on a friendly basis, and I hope all sides will stick to it."

"Reckon I would"

When asked if he would report low-flying planes to the commission, Tucker said, "Reckon I would." He will, however, put the poles back up if the planes fly too low, "and the commission does nothing about it," he asserted.

Citing actual damage done by planes, Tucker declared "Two of my trees were hurt pretty bad in March."

He had planted fast-growing trees on his property, which he plans to divide into small acreages, but because the planes "constantly clipped them off, the tops have not grown 8 feet in five years."

"One tree was 16 feet high in

1933. Now it's only 12 feet high. This proves planes were flying lower than 20 feet high, at least in 1933. The top was cut off three times."

The situation, unsolved here for more than a month and a half, was settled Tuesday by the state aeronautics commission which stepped in after all compromise efforts here had failed to bring down the 24-foot poles.

courtroom were filled as the kidnaper was brought in after a long wait for his parents, Mr. and Mrs. Thomas H. Robinson Sr. of Nashville, to arrive and confer with him and his counsel, E. B. Gabbard and Clem Hurgins. The kidnaper's wife, who started divorce proceedings after she and the elder Robinson were acquitted last November of complicity in the kidnaping, was not present. Nor was the kidnaper's five-year-old son, Jimmy, who has been told his father is dead.

Robinson came in manacled to a federal agent and with his mother clinging to his arm. The mother, who had cried softly after visiting her son before the arraignment, recovered her composure, as did her husband and her sister. A buzz of conversation stopped. A court attaché turned off a large fan.

Judge Hamilton read the first count of the indictment, charging conspiracy to kidnap. Pointing out that the other two defendants had been acquitted, he dismissed that count. Then he read the second count charging that the defendant had abducted Mrs. Stoll and carried her across a state line, and asked: "How do you plead?"

"Guilty, your honor," Robinson replied.

Elect 3 To Moose Board

William J. Hayek, Leo E. Kohl and Anton Meitner were elected to the board of directors of the Iowa City lodge 1096 of the Loyal Order of Moose at a meeting last night of the lodge building association. They will serve for a three-year term.

G-MEN SPAN CONTINENT TO SEIZE PUBLIC ENEMIES

Map of U. S. shows where G-men seized Public Enemies

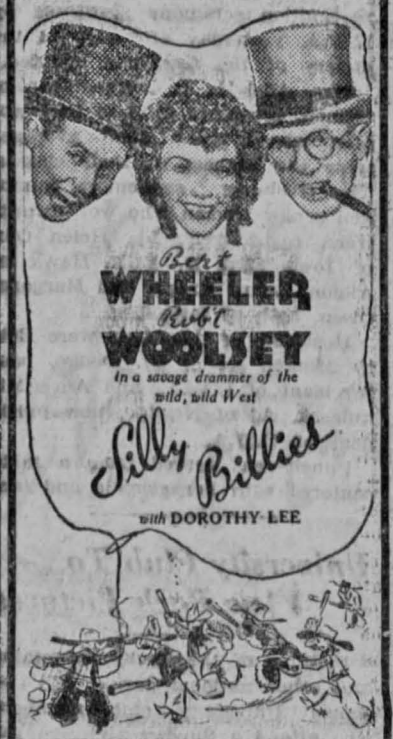

The long, lean arm of the law, through the department of justice and its G-men, has stretched out over the United States, and in 10 days' time, four hunted "Public Enemies No. 1" have been drawn into the net. The latest capture, that of Thomas H. Robinson Jr., lower left, at Glendale, Cal., climaxed their efforts. Robinson was wanted for the abduction of Mrs. Alice Speed Stoll of Louisville, Ky. The others shown above are Alvin Karpis, lower right, nabbed at New Orleans; William Mahan, upper left, arrested at San Francisco, and Harry Campbell, seized at Toledo, Ohio.

Seen From Old Capitol

By JESS GORKIN

College of law faculty members were given a big hand by their students yesterday. The applause was in keeping with a law college tradition which has it that students should give plaudits to their profs at the close of the final class session of the school year.

More Romance
Charles Joiner, A3 of Maquoketa, has hung his D.U. pin on Ferne Frasier, A2 of Lost Nation, Delta Gamma.

Here's an old story with a local touch.

William Johannsen, A2 of Cedar Rapids, was discussing grades with a group of friends the other day. One of the group chafed William, remarking if the latter didn't watch out he might be elected to Phi Beta Kappa.

Turning angrily to his tormentor, William queried, "And what in the devil is that?"

The regional poetry club is once again in action, Homer, the wandering bard, tells us. "We can't think of anything but exams," Homer says, "so we got regional on that subject for a change. Not up to our standard, perhaps, but who can write poetry about a subject like that? These be times that try men's patience."

GRADE-CURVE BLUES
Faces grow long, beards grow longer. The smell of midnite oil gets stronger. Libraries crowded, dates all spurned. No more fun till the grades are earned.

Wine, women and song don't get a break. Because we've got exams to take;

Make Plans For Annual Poppy Day

The enrollment of volunteer workers for the American Legion auxiliary's poppy day program will begin today. Mrs. George Maresh, chairman of the poppy day committee of the Roy L. Chopek post 17 auxiliary unit, announced yesterday. The auxiliary will have a force of workers to cover the entire city and distribute the memorial flowers May 22.

Junior members as well as the adult members of the local Legion auxiliary unit have volunteered to take part in the day's activities. In addition, volunteers from the girls' and young women's organizations of the city will help.

All of the women and girls who distribute poppies for the auxiliary will serve without pay. Mrs. Maresh emphasized. All the money contributed will go into the welfare and rehabilitation funds of the American Legion and the auxiliary. The only ones to receive pay for their work in the auxiliary's poppy program are the disabled veterans who make the poppies.

Willard Hensworth, a former announcer of station WSUI, has gone from station KMOX, St. Louis, to accept a position as announcer at station WLW, Cincinnati.

The hotter spots don't get a play—No more frittering time away.

Professors say we must have funks. This grade-curve stuff is tough on punks. But abstinence makes the heart grow fonder. Down the bypaths of love to wander. Once our exams have taken us Nothing will stop us (but a ten-ton bus).

Tomorrow's column will be given over to an open forum of student comment. Send your letters in now.

To Teach Here

Prof. Lester D. Longman, American-trained art authority who teaches during the regular academic year at McMaster university of Hamilton, Ont., has been appointed to the University of Iowa's summer session art faculty. "It helps me balance my budget"

Keep your social poise in a Palm Beach Tux

You can look as cool as a trained seal on ice, in a Palm Beach Tux, this summer. And, what's more, you'll be that way. One thing about Palm Beach...it ends that mopping and sweltering that go with heavier clothes in summer. Even a dance with a warm number won't run your temperature up unduly. And Goodall tailoring (exclusive in Palm Beach) insures utmost smartness and modernity of lines. A white P. B. Tux with black P. B. trousers makes a super swank combine. Same remarks apply to Palm Beach day wear. Your clothier will show you the new Palm Beach whites, blues, greys, tans, etc. A two-piece suit dents your budget only \$16.75. Smart slacks, \$5. ST. LOUIS, May 13 (AP)—Behind Monte Pearson's six hit pitching the New York Yankees evened the current series with the St. Louis Browns at one all today as they pounded out a 4 to 1 victory.

In hanging up his fourth triumph of the season against one defeat, Pearson also fanned six. He spaced the Browns' hits over as many innings, their only run coming in the seventh on Sam West's single, a pair of walks and Lyn Lary's outfield fly.

BITS ABOUT SPORTS

By HAROLD REED

LAST YEAR, AFTER THE Minnesota game, Coach Ossie Solem was putting his charges through a stiff drill.

"You know," remarked Solem, "if Hill was only faster I would use him regularly." Yesterday the burly football man won the 100 yard dash at the interfraternity track meet in :10.3 — which isn't bad time for a 200 pounder who is supposed to be slow.

The Iowa mentor happened to be on the sidelines at the time. "Who?" he exclaimed, "that must be wrong. Hill can't run a hundred that fast."

"Like thunder he can't," chided a bystander. "He just did!"

Solem now has visions of making another hard-running back of the Dick Crayne type out of Hill and has already signified that the senior griddle would look awfully nice at quarterback on his team next year.

TALK ABOUT "MIGHTY LITTLE men," but if you want to see one perform you should watch little Dave Bolotin throw the shot.

Yesterday he squeezed his way through a ring of 200 pounders at the interfraternity track meet and made them look weak by tossing the sphere out 39 feet, 6 inches.

THURSDAY... The regular semester-examination... The Program... In the case... All classes... MONDAY... CONFLECTIONS... Section I... Section J... "ODD" classes... In connection...

Examination Schedule

Second Semester, 1935-1936
Thursday, May 21, 8 a.m., to Thursday, May 28, 4 p.m.
The regular program of class work will be suspended, and the following semester-examination program substituted for it.

The Program Committee directs the attention of both students, and instructors and professors, to the regulation that there is to be no deviation, in the case of any examination, from this schedule, except as authorized by the Committee on Admission and Classification, on the student's written petition, filed in ample time, supported by the recommendation of the department concerned...

Table with columns for dates (Monday to Thursday) and times (8-10 A.M., 10-12 A.M., 2-4 P.M.) listing examination subjects like Physics, Chemistry, Botany, etc.

CONFLICTS: In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above...

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting.

Table with columns for Section, Date, Time, and Place, listing exam sessions for various subjects.

"ODD" classes, namely those whose first or only weekly meetings occur on Wednesdays, Thursdays, Fridays, or Saturdays, or which meet "as arranged," will be assigned for examination, as announced to each such class by the instructor in charge of the class, at one or another of the following periods:

1. From 4 to 6 on any day from May 21 to May 28, inclusive.
2. Any one of the examination periods assigned, as indicated above, for the examinations in the SPECIAL GROUPS, A, B, C, D, E, F, and G, since for such "odd" classes these seven examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure, it is possible to have examinations in more than one class at any of these times, if no student is a member of more than one of these classes.

According to one clause in the formal faculty action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at this time."

According to another faculty regulation, which is on record as adopted by the faculty, a student absent from the final examination should be reported "Abs.", unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "F", even though the student may have been absent from the final examination. No examination should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report and, signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

Two other feuds have not reached the fighting stage as yet. Dizzy Dean, removed for some time now from Tex Carleton, his old sparring partner, does not seem to have settled all his problems with Virgil Davis, the big Cardinal catcher. Davis is not starting behind the bat when Dizzy pitches. If this feud by any chance happens to fall through, Dizzy has Joe Medwick to fall back on, or falling this, there are 60 or 60 other fellows in the league Jimmy Wilson of the Phils or Al Todd of the Pirates for example, who will gladly accommodate the elder Dean.

THIMBLE THEATER STARRING POPEYE

Hawkeyes Set to Win Season's Last Dual, Against Minnesota

Iowa's track team, always a threat in dual meets, will risk its unmarred record for these events Saturday when it engages Minnesota in the season's last dual which will be held on the Minnesota oval. In an indoor two-way contest against the Gophers here this winter, the Hawks easily buried the Gophers under a barrage of points as they turned in one of their best evenings of the season. Captain Cretzmeier, holder of the university individual scoring record and who is always outstanding in dual competition, will be competing in his last contest of this type. It was in a similar meet last year against the Gophers that "Cretz" set his highest point total in one meet as he racked up 21 counters for the Hawks. The Iowans, with the exception of Mark Panther and Oryl Matteson, will be at full strength. Andy Dooley and Eugene Skinner, who have spent nearly as much time on the sidelines as they have on the cinder

paths this season because of injuries, will be competing and they will be favored to win the sprints and the 440 yard dash.

Lightning sometimes leaves prints on the bodies of persons it strikes. Many cases have been recorded where actual images of trees, ships and other objects appeared to be photographed on the person's body, but scientists declare that the marks left by the passage of a bolt of lightning through a person's body are caused by the resultant burns. It is purely accident that these scars or burns definitely resemble objects.

400 Amateurs To Meet Here

Local Radio Club Will Entertain Visitors Friday, Saturday

More than 400 Iowa amateur radio station operators will meet in the American Legion building tomorrow and Saturday for their annual convention under the auspices of the Iowa City Amateur Radio club and the local chamber of commerce.

The chamber of commerce has sent out 884 announcements to amateur operators throughout the state.

Registration

Following registration tomorrow morning, C. A. Bowman, president of the local chamber of commerce, will give an address of welcome to the convention attendants at 1:15 p.m.

E. F. Brown of the Iowa state police radio system will follow Mr. Bowman as speaker on the program. Carl H. Menzer, director-announcer of station WSUL, will talk on sound recordings in connection with radio broadcasting. Television modulation systems will be explained by J. L. Potter of the college of engineering.

National Heads

National radio authorities will take part in the program on both days of the convention, and Prof. E. E. Kurtz, head of the university electrical engineering department, will give a television demonstration at 3 o'clock Saturday afternoon in the electrical engineering building.

Four to Represent Marquette Council

Four local persons were named yesterday to represent the Marquette council No. 843 at the Knights of Columbus state convention in Clinton May 24, 25 and 26. They include James W. Such folks figure that all motorists will make due allowance for their predicament. Most of them do, of course, but all too often some of them don't—and then there is the very dickens and a lot

Beck Names Bardsley, Fischer As Valedictorian, Salutatorian

Naming Roger Bardsley as valedictorian and Margaret Fischer as salutatorian, Principal W. E. Beck announced the senior class honor roll at the Iowa City high school yesterday. Twelve students were named to the honor roll.

Mr. Bardsley won valedictorian honors by maintaining a 96.902 average in his four years in high school. Miss Fischer ranked as salutatorian with an average of 96.293 for her four years' work. An "E" average is 97.5.

To be named on the honor roll, a student's scholastic average for his four years' class work must be

in the upper 10 per cent of his class.

Besides the two named, students making the honor roll were Patricia Baldwin, Rose Erznoknik, Don Floyd, Jewel Liebe, Floyd Mann, George Maresh, Rollo Norman, Velma Roberts, Kelvin Roose and Josephine Sidwell.

Six of the honor students, Bardsley, Floyd, Mann, Norman, Roberts and Sidwell, are now representing the local school at the national music contest at Cleveland, Ohio. Miss Fischer was a member of the school's girls' glee club that won "excellent" ratings in the state music festival here May 2.

Iowa City High School Band To Play in Cleveland Tonight

(Picture on Page 1)

Iowa City high school's 77-piece concert band will play in the national music contest at Cleveland, Ohio, at 9 o'clock this evening. Tomorrow and Saturday local students will enter in six other competition groups.

Contest rules require that no band shall play more than 30 minutes. The time allotted is divided into two equal periods. The first will be used to play previously rehearsed

pieces and the other for selections unfamiliar to the band.

Each class B band is required to play the overture "Fraternity" by Herbert L. Clarke and the competing organization must select at least one other. Iowa City has selected Symphony No. 5 (Pathétique) by P. Tschalkowsky.

The other 15-minute period will be used to play compositions unfamiliar to the organization.

"It is a comprehensive test of a band's ability," Lloyd W. Swartley, director of instrumental music, said.

To make roadside repairs get off the road if possible.

Adolf Jacobsmeyer To Address Center

Adolf Jacobsmeyer, A4 of St. Louis, All-American swimmer, will speak at the recreational center tomorrow at 8:15 p.m., Viola C. Smith, director of the center, announced last night.

Jacobsmeyer was not given a topic to talk on, Miss Smith said, so he will be free to talk about anything which will interest his audience.

R. Christensen Wins Contest

Roland Christensen, an 11th grade student of the Iowa City high school, last night was named the first prize winner in the essay writing contest sponsored by the Iowa City Life Underwriters on the subject "Why My Dad Owns Insurance." He will receive a \$25 cash award for his essay.

Mary Paul Hummer, a ninth grade pupil at the St. Mary's high school, won a \$15 prize award for winning second place in the contest. Grace Duttlinger, an 11th grade student at St. Mary's, will receive a \$10 cash prize for writing the third best essay.

Two \$5 cash awards were given to Stewart Mueller, freshman at St. Mary's high school, and to Jean Strub, also a freshman at St. Mary's, who won fourth and fifth places respectively.

The contest here was carried on in connection with celebration of National Life Insurance week, being sponsored this week by insurance men all over the United States.

Wally Gaddis Given \$1,300

By Vinton Jury

VINTON, May 14 (AP)—The jury hearing the \$10,000 damage suit of Wally Gaddis of Dunkerton against George Kelso, Vinton truck operator, returned a verdict here this afternoon, awarding Gaddis \$1,300 damages. The veniremen were out five hours.

Testimony had been completed Tuesday afternoon, and Charles E. Hughes of Belle Plaine, counsel for the plaintiff, had made the opening argument to the jury. Hugh Mosman of Vinton and Ben Butler of Waterloo, defense attorneys, had waived argument. Closing argument was made by E. H. McCoy of Waterloo, co-counsel for the plaintiff.

Testimony of plaintiff witnesses that the Kelso truck was parked on highway 30 without lights at the time of the accident on which the suit was based was refuted by defense witnesses. Ted Ferick, driver of the truck, testified that he had parked his truck off the pavement and left the front and rear lights burning. It was also testified that examination showed the car in which Gaddis was riding hit the side of the truck and not the rear.

The wife of William Henry Harrison, ninth president of the United States, never occupied the White House or served as first lady. She was ill at the time of Harrison's inaugural and he died one month later.
